#### Writes About Arthritis

Following the appearance in Life Magazine recently of an article regarding treatment for arthritis, Mrs. Axel Swanson, Juliaetta, wrote the Mayo Clinic regarding the possibilities for treatment for her husband, and received the following reply

Dear Mrs. Swanson: Your letter referring to treatment of rheumatoid arthritis with Compound E has been referred to me

"This material is prepared by Merck & Co., Inc. Its preparation is extremely difficult and time consuming, and the raw materials from which it is made are obtainable only in limited quantity. Although every effort is being made to increase production, we are informed by Merck & Co., Inc., that they regret there can be no supplies of Compound E for treatment or for additional rethe earliest, at which time supplies meager supplies which we have received are entirely inadequate for the essential chemical and physiological investigations and pilot studies of its effect in human disease which must be carried out as rapidly as

"I greatly regret, therefore, that no patients are being admitted to the appointed marshal. It should have Mayo Clinic for treatment with been Willard Bowen. Compound E. We are assured that from all indications, increased quantities may not be available for more Shirley Travis. than a year. - E. B. Cole.

#### Boy Scout News

The boys missed the assistance of their Scoutmaster at their last meeting, but they were able to carry on with the Assistant Scoutmaster. He helped get groups organized for practice in Artificial Respiration. Each Scout learned the correct way to apply it, to change with another while keeping the correct stance and count, etc. After this, instruction was ages to the arms, legs and head.

a million licenses.

WHY DO YOU INSIST ON A C.V.A., MR. JULIUS KRUG?

In his testimony before the Senate's Commerce committee, the Seco have as Club guests Dr. W. R. retary of Interior, Julius A. Krug, paints a picture of great urgency to an act pending a bill to create a Columbia Valley Administration (nee authority) and to get some \$200,-000,000 annually to carry forward the scheme. One would judge from Mr Krug's testimony that nothing had been done or was being done to develop the power and water re-sources of the Pacific Northwest and that nothing could be done to pro-tect this great region from itself except by setting up, immediately, the type of government for it which he proposes. One would suppose that the projects of the Army Engineers and the Reclamation Bureau and

other agencies were entirely futile. The self-sacrificing Secretary of the Interior states he would gladly relinquish his control of Bonneville Power Administration and the North-west Division of the Reclamation Bureau and other agencies under the Mr. and Mrs. Charles Noble were callers at the Frank Ballantyne home Sunday evening.

Department of Interior in order to further the cause. Mr. Krug's concern for the backward people of the Pacafic Northwest is really. the pending bill, HR 427. It is the same old authority scheme in a new dress:

It would place the Northwest It pointedly ignores the repeated demands for Voting representation

Lewiston, Idaho, and Mr. and Mrs.

Mr. Sower will be the music west before it is brought to a vote teacher in the Kendrick and Julia- in Congress. The Administration forces seem to be strangely anxious Mrs. Lulu Buchanan has received to avoid holding any such hearings word of the death of Mrs. Frank in the Northwest. They contend that Howell, who passed away June 23.

Mrs. Howell is perhaps better known as Edyth McGlynn, former Juliaetta much rather have the whole busingsident. The improvement of the large state of resident. She is survived by her husband, one son and one daughter at Brantford, Ont., Canada. Mr. and Mrs. Ray Schieber of would like to create the impression Wilbur, Wash., were dinner guests that there is a beautiful uninimity Northwest. This is very far from

being the fact. There is a very sincere division of opinion in the Northwest and this needs to be brought forcibly to the attention of Congress. There are at

1. Those who accept the CVA proposals without any questions; 2. Those who oppose every suggested change; 3. Those, like ourselves, who are

not opposed to public ownership or to an intelligent reorganization of federal activities but insist on voting representation for the people of the region who are directly af-The campaign to force the CVA bills to a vote is purely political.

Secretary Krug has not kept his promisees of two years ago to work with the people of the Northwest to prepare a bill in which the major differences will be reconciled. This is a push by an arrogant bureaucracy to obtain political control over a vast region. - Register Guard, Eugene, Ore.

Our Note: This smaks of "Taxation Without Representation" a little item of interesting history.

About Our Vacation Paper There seems to exist some confusion in the minds of our correspondents and advertisers regarding our "Vacation Paper" -- and here is what we have planned:

Our regular edition will appear next week as usual — printed at the usual time, and carrying (we hope) our usual amount of news and correspondence.

Immediately following the publication of next week's issue, we will print another paper, dated July 21and we hope, at least to a large extent, to have its news columns filled with "Twenty Year Ago" items. We are, therefore, not asking our correspondents to send in any items for the June 21 edition - but would appreciate whatever they may have for our next week's paper (July 14).

During our absence, July 15 to 22. the Gazette office will be open to receive news items, subscriptions, orders for job work, etc., but no printing will be done until July 23.

#### Must Plan For The Future

U. of I., Moscow - "We must plan to provide education that is better than average, and we must plan for the next 50 years or longer when we plan the educational program for our schools," Dean J. F. Weltzin told Idaho school principals and teachers registered for the Uniference last week. More than 170 persons registered for the two-day meeting.

In his Friday morning talk to the group, Dean Weltzin spoke on the problems of making a building survey for Idaho schools. Alton Jones, state superintendent of public instruction, presided over the morning meeting. Those taking part in the discussions were Dr. Zed E. Foy, Boise; Howard Andrews, Kellogg, and Don Merrill, Jefferson county,

#### Wonderful Weather, Enjoyed

This area enjoyed the finist of weather over the long Fourth of July holiday - the temperature on cense sales would bring total sales the 4th, our warmest day, reaching during 1949 to nearly a quarter of 93.

It was perfect for picnics, fishing, camping and swimming, and almost There are no parking meters on without exception local residents

In addition to the field trips through the two northern districts, Cole said, the commission would conduct a public hearing in Lewiston relative to the upland bird situation. Hunting dates for birds will be determined at the session.

Clare Wellman of Lewiston, commission secretary, is making arrangements for trips through the northcentral district July 6 and 7. The any assistance. All ideas are wel-

If more time is required for completion of routine business, the commission will return to Lewiston on July 11. The two major matters of business are setting upland bird seasons for 1949 and consideration of a long-range policy for development and management of each of the several divisions, including big game, fish, fur, upland birds, migratory waterfowl and law enforcement.

Eighty-one Arrests In May

Conservation officers of the Idaho fish and game department arrested 81 persons for violations of game laws during May, T. B. Murray, department director, reported this

More than half the arrests were for violations of fishing laws, with 43 persons paying fines for unlawful fishing. Failure to make trapper's reports accounted for 23 arrests. Other arrests for improper hunting and purchase of wrong class licenses numbered 15.

Franklin county had 13 arrests during the month, the largest total in the state. Clearwater county had one, Latah and Nez Perce counties

Circus To Visit Kendrick

Replete with all new features and bright new equipment, Stevens Brothers Circus will exhibit in Kendrick on Sunday, July 10th with one performance scheduled at 2:00 p. m.

There will be no night show.

Bringing to this city a circus which offers two hours of jammedpacked clean, wholesome entertainment, Stevens Brothers Circus and Animal Exhibition is sure to please both old and young alike with all the music, glamour, sawdust and spangles needed to enhance and thrill with a star-studded program which includes featured artists from European Circuses, as well as many well-nown American performers.

Among the features will be the aerial ballet, performed high in the big top; the Lanchez Family from Mexico in sensational routines in the air and on the ground; DeKohl Trio, European jugglers; Virginia Lynne, unexcelled in feats of balancing; Riggs Duo, in a smash cmedy bar act; Paul Bejamo, famous clown and his gang of merry-moleon; "College of merry-moleon;" (College) his gang of merry-makers; "Oklahoma Shorty" Shearer with his troop of trick riders and ropers; Bob Grubbs famous liberty horses; Stevens Bros. prancing ponies, riding dogs and monkeys, always a treat for the children — with the largest collection of wild animals ever carried by any motorized circus, and many more features, all combined to make circus day the day of days

Popular prices will prevail for this engagement. All cages of wild animals will be on display at 10:00 a. m. on the circus grounds (Kendrick Ball Diamond) for free inspection of the public, and a special invitation is extended to all children to come

early.

Their press agent was very emphatic with his statement that this is not a carnival — but a circus.

It's Blewett's Grocery-Market for frozen Bird's Eye Foods. 1-adv.

## How 'safety-circle' driving cuts down accidents

"Know your safety-circle!" is an important lesson taught Standard of California drivers...and perhaps it can be helpful to you.

Your safety-circle is the distance you need to meet an emergency situation-a car stopping suddenly ahead, for example. Our drivers get a special test which tells them exactly how fast they react, but in general, it takes the average person a full second to see a hazard, think what to do and act. So, driving on a clear road, at 30 miles an hour, you should stay at least 7 car lengths behind the car ahead; when you drive 45 miles an hour, stay behind 13 car lengths.

More than 5,000 Standard drivers have studied this and many other safety principles in our Driver Training Program, besides passing thorough visual examinations. Last year, they drove 41 million miles with an accident rate 60% lower than the national trucking fleet average.

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

HELLO, THERE FOLKS:

How's Everything?

Now that the 4th of July hoifdays are over, and the headaches have subsided — how about sticking to our Bulgarian Buttermilk for a drink in the future? You'll find it tasty and refreshing, and "there ain't no such animal" as a hangover from it! Take home a quart, half gallon or gallon

Now About Cream:

As the rush of harvest grows, you'll probably give less and less time to the cows and to the care of cream, but folks, that's false economy. Cream is money, and a few minutes spent with old a few minutes spent with old Bossy night and morning, can pay you real dividends. If you are too busy to come to town—send your cream in by a neighbor. Don't wait until you have a lot—for no quantity is too small or none too large.

**About Locker Materials:** 

We are now displaying some of the neatest space-saver locker cartons and bags that anyone ever saw — and they are efficient, being made for locker use. Let us show you how to save time, space and money in the use of your locker.

About Ice Cream: As we get busier with the rush of harvest, a dessert is sometimes a problem for that quick meal. Well, don't let it bother you. Just get a few quarts of Potlatch Chief Ice Cream and put them in your refrigerator — Presto! — the dessert problem is solved.

Patient: "I couldn't sleep last night, the shade was up."
Doctor: "Well, why didn't you pull it down?" Patient: "Couldn't reach across the street."

Some folks have no respect for age — unless it's bottled!

## TAKE \$'s HOME WITH YOU!

It's Easy When You Shop At This New Self-Service Food Market

#### FRESH VEGETABLES -

Select for yourself the vegetables you need from our cool, moist-air self-service vegetable department.

You will find a splendid collection of Fresh and Cured Meats in our display case — ranging from a roast, when you entertain — to all kinds of Cold Meats that just "fill the bill" for that picnic lunch.
