PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

HELLO, THERE FOLKS:

About Things In General:

Well, folks, now that the searing hot weather is over, and harvest is beginning to taper off let's take a few minutes to talk about dairy products.

about dairy products. Are you providing plenty of good milk for your family? You know every growing child should have at least a quart a day — and every adult a pint? Are you giving it to your family? We recommend "Potlatch Chief" milk, it's masteurized it's pasteurized.

Cottage Cheese is just the thing for a refreshing, tasty salad. Try it with pineapple rings, lettuce and just a touch of paprika — it's delicious. Of course, you need "Potlatch Chief" brand.

Butter is a table necessity. Try "Potlatch Chief" brand on hot biscuits or parkerhouse rolls. Its golden goodness will tempt you to eat to your heart's content. And of course, it's a picnic "must"

for sandwiches. And try frying or scrambling eggs with it. Man, it sure improves cooking.

And for that cooling, refreshing after-work drink or between-meals snack, try "Potlatch Chief" brand buttermilk. It's delicious

and refreshing. An don't forget "Potlatch Chief" Ice Cream is good all the time — and good for you. Keep freezer at home all the time.

"Oh, look at that funny little bug; what kind is it?" exclaimed the sweet young thing, on whose lap the bug had just landed. "That's a lady bug," replied her

boy friend. , "My, but you have good eye-sight," said the sweet young lady.

Father Bear: "Somebody's been drinking my whiskey." Mother Bear: "Somebody's been drinking my gin." Baby Bear: "Hic!"
