from Kennewick, Sunday, where she has been visiting in the home of her daughter, Mrs. Paul Arbogast and family.
 Mr. and Mrs. Jess Oylear and family of Moscow, who purchased the Dave Gentry farm last spring, have moved down for the winter.
 Mr. and Mrs. Ben Westendahl and family were dinner guests of Mr. and Mrs. Jess Oylear, Sunday.
 Mrs. A. O. Kanikkeberg took Donna to Moscow Saturday for her music lesson. Her teacher, Mrs. Banks, gave a party for her pupils that afternoon. Jordan Kanikkeberg accompanied them home for the week-end.
 Mr. and Mrs. Oscar Raby and family of Clarkston, accompanied by Mrs. Bina Raby, were Sunday dinner guests of Mr. and Mrs. Paul Lind.
 Mrs. Paul Lind visited in the home of Mr. and Mrs. Leon Lind, Moscow, Monday.

Booster Night Enjoyed
 About sixty attended the Kendrick Grange Booster Night activities, held in the Fraternal Temple Tuesday evening.

The evening began with a floor drill to seat the officers, then the flag was presented. The Master, Mrs. Minnie Cox, extended a welcome to all visitors and young people. Charter members received special recognition.

The secretary, Mrs. Frankie Benscoter, gave a brief outline of the contribution the Grange has made in the past year, including the March Of Dimes dance it sponsored. The figure was shown to be about \$225. She also stated there had been 12 new members join, boosting the roll to 115 at this time.

Music contributed largely to the enjoyment of the evening, with Mrs. Roy Ramey as pianist. The ladies of American Ridge presented a cute skit, representing scarecrows in a corn field, popping up from behind real corn shocks to do their bit while the "moon had an eclipse."

Eight other members took part in a stunt in which they blew up long balloons until they burst, thus revealing further instructions inside — and causing lots of merriment.

Wm. Johnson gave all the "pointers" in a reading about "Square Dancin'."

The officers were then retired in an effective floor drill. Their leaders, Mr. and Mrs. Herman Johnson are to be congratulated on their work.

Mr. and Mrs. Arthur Foster and Marion Rowden furnished the music for dancing, with Mrs. Ed. Kent helping out at the piano. Fred Zimmerman called the sets for the square dancing.

Coffee and doughnuts were served in the banquet room by the "W's". It had been hoped to have a larger attendance, but the pouring rain cut

Farewell Party
 The Girl Scouts were feted at a chili supper last Wednesday evening in the Community Church basement, the occasion complimenting Gail and Sylvia Herr, who moved to Lewiston last week-end.

Following the supper games were played and a gift was presented each girl from the group as a whole. The hostesses were Mrs. Frank Abrams and Mrs. Ross Armitage.

Suffers Fractured Elbow
 Merwin Emmett, son of Mr. and Mrs. Roy Emmett, fractured an elbow at school on Thursday. He was treated by Dr. D. A. Christensen.

INTERESTING HAPPENINGS FROM THE JULIAETTA AREA

Mr. and Mrs. H. J. Nelson and son Richard of Harvard, were Friday night guests at the Harvie Shepherd home.

Mr. and Mrs. Howard Williams and son Bobby were Sunday visitors in the home of Mrs. Lizzie Prater.

Mrs. Rose Gregory was an overnight guest of Mrs. Mary McCall, Saturday night.

Mr. and Mrs. Melbert Taylor and son of Sweetwater were guests in the Chester Westling home, Sunday.

Faye Myers of Lapwal has moved into the Chester Westling home.

Mrs. M. C. Halliday left last week for Walla Walla to visit her sister.

Several members and friends of the Methodist Church met at the church three days last week, and while the men worked on the cement walk they are building on the south side of the church, the ladies prepared a fellowship dinner. Besides accomplishing a good piece of work, those attending reported a very enjoyable time working together.

Visitors at the Chester Westling home Friday were Mrs. Agnes Bolton from Connell; Josie Karbe of Lewiston, and Maxine Sweezau from Richland. The ladies are sisters of Mrs. Westling.

Mr. and Mrs. Bill McPherson of Kootenai were Sunday dinner guests in the W. S. McPherson home.

Mrs. Harvie Shepherd and son Douglas, were week-end visitors in Troy.

Mr. and Mrs. Asa Calvert spent the week-end at their home at Ahsahka.

The Juliaetta teachers attended a teachers' meeting in Kendrick Tuesday evening.

Three visiting ministers of the Nazarene Church held services at the local Nazarene church Tuesday evening, presenting the interests of Pinelov Park, the Nazarene camp grounds on Deer Lake.

Rev. Mable Vaage from Dixie Wn., called on friends in town Friday.

Sunday callers at the E. O. McAllister home included Mr. and Mrs. Foster McFadden from Cream ridge; Mr. and Mrs. Wilmer Hanks and sons from Southwick, and Mr. and Mrs. Dale Goans and daughters of Albion, Wash.

Mr. and Mrs. Charles Irwin left Saturday for a few days' hunting trip.

Mr. and Mrs. Ralph Magnuson spent the week-end in Spokane.

Mrs. George D. Calvert returned to her home in Umapine, Ore., Tuesday, after spending a few days with her parents, Mr. and Mrs. John Frisbie.

Tourist Travel Heavy This Year
 Tourist travel in Idaho this year assumed history-making proportions in most areas.

Despite a rather unseasonal spring, more people traveled Idaho's highways and byways this summer than ever before, according to an announcement from Boise that showed: (1) Record numbers visited Craters of the Moon National Monument in southern Idaho; (2) Idaho's west entrance to Yellowstone park reached an all-time high in tourist registrations, and (3) Traffic across Idaho's transcontinental highways set new records.

With the tourist rush now slowing down, traffic has begun to decline over most Idaho routes except U. S. No. 10.

Every state in the union, Alaska and Canada were represented in the flow of traffic.

A check on foreign traffic in Idaho at three different locations by the Idaho highway planning survey revealed that 70 percent of the out-of-state cars stopped were on vacation. Interviewers learned tourists were driving an over-all average of 3,500 miles during an average 18-day vacation.

Traffic over Idaho's major routes during the summer reflected healthy increases at every automatic counting station. Heaviest traveled highway was U. S. No. 10 through Coeur d'Alene and the scenic lands of northern Idaho. More than a million cars were recorded on this route.

Model Plane Meet In Moscow
 There will be a Model Airplane meet in Moscow, Sunday, Oct. 9.

All modelers of the Palouse region are invited, and the Hobby & Cycle Shop of Moscow will replace free all broken props of the day — a rather unique offer. There should be lots of planes, flights, and always some wrecks with no one hurt.

Plans call for a miniature Jet plane to be flown. This jet is a speed and noise maker, traveling approximately 125 miles per hour. All model builders are invited to bring their planes and all "just interested" are invited to come and watch the fun. These tiny planes travel on two small wires operated by the pilot's hand in the center of a circle. He can make them go up or down or over in a loop, cut figure eights on their back, or do most anything except a spin — and sometimes they do this without the consent of the pilot.

New Arrival
 Word was received here Tuesday that Mr. and Mrs. Richard Johnson of Lewiston are the parents of a baby daughter, born Tuesday morning at St. Joseph's hospital, weight 8-lbs., 5-oz. Mrs. Johnson will be remembered here as Jean Crocker.

Talk About Spending
 The federal government spent more in the postwar fiscal years 1946 through 1949, than it spent in all years from Washington's time through the fiscal year 1941!

Modernize Heating System This Summer, Experts Say

Summer is the best time to modernize the heating system, says the Plumbing and Heating Industries bureau.

The summer of 1949 is the ideal time for the overhauling of heating plants because all types of heating materials and equipment are now available and labor is in better supply.

Thousands of heating systems, which survived the war years, are now due for either a thorough-going overhauling or replacement of essential items. There is hardly any phase of home modernization which will bring such an immediate return in economy and comfort as the improvement of the heating system.

The significant progress which has been made by the heating industry in recent years is another reason for viewing older systems critically in the light of new developments in boilers, radiators, convectors, oil burners, stokers, and gas conversion burners, all of which are now in plentiful supply.

Also in plentiful supply is the baseboard heating system which is enjoying general popularity as one of the newest and most interesting developments in heating. New controls are available, both the indoor and outdoor type, which provide precise regulation of temperature for the utmost in fuel economy and comfort.

Heart of the heating system is the boiler. The replacement of many old boilers with modern units designed for the particular fuel to be burned is advisable.

New Cap Lamp for Miners Assures Dependable Light

Development of a crop lamp for miners which gives 25 per cent more light than ever before available from a cap lamp, has resulted from years of work by scientists of General Electric company, Cleveland; Thomas A. Edison, Inc., West Orange, New Jersey; and the Mine Safety Appliances company, Pittsburgh.

This cap lamp has been tested and approved by the U. S. bureau of mines.

A direct descendant of the original miner's electric safety lamp invented in 1815 by Thomas A. Edison, it uses for the first time in any cap lamp a four-cell battery design without any appreciable change in size compared with the preceding three-cell model. It has 100 times more illuminating intensity than Edison's first model. The additional cell provides greater wattage and assures a maximum amount of dependable light during an entire working shift.

Although the Edison lamp was invented originally to improve safety in mines by eliminating open flames in gaseous atmospheres, many design changes have been made during the past 34 years. Today, the lighting ability of the lamps has been so increased that they are used extensively in metal mines and other non-explosive areas, as well as in gassy coal mines, to provide better illumination.

Weed Control for Potatoes

Cyanamid holds more promise for weed control with potatoes than various forms of 2,4-D, the popular weed-killing chemical. Tests at Pennsylvania's agricultural experiment station the past two years indicate that cyanamid not only gives good weed control but also provides nitrogen to the growing crop later in the season. Prof. J. Stanley Cobb, in charge of the experiments at Penn. State, reports that granular cyanamid was used as a pre-emergence application, placed in a band about a foot wide down the row, at the rate of 400 pounds. This is the equivalent of 1200 pounds if the entire acre was covered, Professor Cobb explained. His tests showed that use of cyanamid boosted the yield of potatoes by 100 bushels per acre as well as controlling grass and broad-leaved weeds.

Finishes Aid Auto Makers

A development of great value to the manufacturers of automobiles has been the perfection of a method by which wood tones and wood designs are pre-printed on a large flat metal sheet before fabrication into instrument boards, moldings, and parts for interior trim. Great simplification, time-savings and avoidance of much handwork are thus achieved. First, the primer and ground coat are applied. Next comes the printing of the graining of wood tone design. Third, the application of the final glaze coat of lacquer.

Invented Self-Starter

Thanks to Charles F. Kettering women are no longer dependent on male muscles to start the car when they wish to go motoring. It was Kettering who invented the self-starter. Before then it frequently happened that milady wrecked her careful grooming and her temper by trying to start the car herself. Kettering was the gallant knight who settled that problem for all women for all time. Today she merely presses her foot against a small pedal or presses a button with her finger.

Magpie Cost Is High

Idaho's magpie control program has cost \$28,646.74 during the past two years, R. E. Hoffman, chief clerk of the fish and game department, reports. The department paid 7c per head for 409,075 adult magpies.

Cougar bounty paid during this period was \$9,250, which accounted for 185 cars at \$50.00 each. T. B. Murray, director, expressed doubts over the success of the magpie bounty campaign. "We are receiving more magpies for bounty each year instead of less. Indications are that magpies are increas-

ing under the bounty system, rather than being controlled or substantially reduced. More than 101,000 heads were bountied during the month of June, 1949."

Magpies and cougar are the only predators bountied by the game department.

Pig Brooders Used To Protect Litter Are Found Valuable At Farrowing Time

"This little pig went to market" . . . is a great first line for a nursery rhyme. But it doesn't go far enough as far as farmers are concerned. They'd rather wait until the pig grows up before sending it to market. And the growing-up process is no snap, especially during the first few weeks when the old sow may crush her precious offspring as they crowd around her in an effort to keep warm.

The problem of getting hogs to

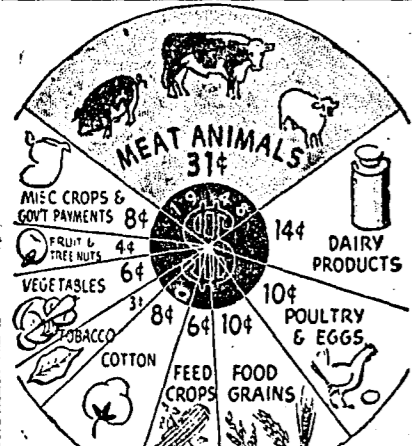

Here is shown a pig brooder in operation. Ofttimes some form of supplementary heat is necessary to prevent a high mortality rate among pigs. Pig brooders such as this have been developed for this purpose.

market starts at farrowing time. In the spring some form of supplementary heat is needed to prevent a high mortality rate. Pig brooders have been developed for this purpose. Their use will save an average of one and a half pigs per litter, according to Purdue university.

Brooders are easy to build and economical to operate. Generally, they are constructed by boarding off a corner of the farrowing pen to a height of about 16 inches. A roof is placed over this rectangular enclosure and a board nailed across the front opening about 8 inches above the floor. Heat is provided by a 150 to 300-watt lamp, the size depending on weather conditions. A hole is cut in the top, and the lamp placed in a suitable reflector which is bolted securely over the opening. Pig brooders consume an average of 36 kilowatt hours of power per litter.

Meat Income High

Almost one-third of the American farmer's total cash income last year came from the sale of meat animals, according to the chart above prepared by the American Meat Institute from U.S. department of agriculture figures.

The value of meat animals was more than nine and one-half billion dollars. Total cash receipts from all crops, including government payments, approached 31 and one-third billion dollars.

From their cash income, farmers and ranchers paid out large amounts for stock, feed, labor and other operating costs.

Milk By-Products Hold Infant Food Source

An infant food made from edible by-products of milk may soon open a new market for dairymen in tests now going on in Mexico continue to show favorable results. This is the conclusion drawn by Dr. Harold Macy of the University of Minnesota.

Dr. Macy and Irvine McQuarrie, pediatrics head at the university, have visited Mexico where they conferred with leading pediatricians on the tests.

The new baby food will offer opportunities for use in many countries if future experiments prove satisfactory.

Calf Which 'Sits Down' Interests Veterinarians

Cattle don't sit down ordinarily, so it was news when the American Veterinary association expressed professional interest in the strange case of a Hereford calf on a farm in Tennessee. The AMV journal said the Tennessee calf often sits on the ground with her hind legs sprawled forward.

The calf usually lies down again before trying to rise to all four feet, the journal reported.

TAXES

Editors Note: The following letter, addressed to a sheriff who apparently had issued a garnishment, seems to be an appropriate reply.)
Dear Sheriff:

In reply to your demand for a check, I wish to inform you that the present condition of my bank account makes it almost impossible. My lamentable financial status is due to federal laws, state laws, county laws, corporation laws, mother-in-laws, brother-in-laws and out-laws.

Through these laws I am compelled to pay a business tax, school tax, gas tax, income tax, food tax, furniture tax, excise tax and even my brains are taxed. I am required to get a business license, car license, truck license, liquor license and driver's license, not to mention a marriage license and dog license.

I am also required to contribute to every society and organization which the genius of man is capable of bringing to life, to women's relief, the unemployed relief, and the gold-digger's relief, firemen's ball and policemen's balls. Also to every hospital and charitable institution in the city, including the Red Cross, the Black Cross and the Double Cross.

For my own safety I am required to carry life insurance, property insurance, burglary insurance, accident insurance, business insurance, earthquake insurance, tornado insurance, old age insurance, health and accident insurance and fire insurance.

My business is so governed that it is no easy matter for me to find out who owns it. I am inspected, expected, suspected, disrespected, rejected, dejected, examined, re-exam-

ined, summoned, fined, commanded and compelled until I provide an inexhaustible supply of money for every known need, desire or hope of the human race.

Simply because I refuse to donate to something or other, I am boycotted, talked about, lied about, held up, held down and robbed until I am almost ruined.

However, my Uncle Henry died last January and left an estate of \$50,000, and I, being his only heir, have just been advised that after the government and state have taken out the inheritance taxes and his property has been sold so as to get the cash for the government and state, and attorney's fees, I am to receive \$38.82 to which I am adding \$1.49 taken from the baby's piggy bank, thus being able to enclose herewith a post-dated check to cover what you claim I owe you. — The Family Tree.

Close Areas To Fishing

The Idaho fish and game department reminded fishermen that certain waters were closed to fishing, effective September 1. The closures were established by the commission when the seasons and limits were set in January.

Those areas in this section are: Fish lake in Clearwater county; Winchester lake in Lewis county; Soldier Meadow Reservoir in Nez Perce county. All lakes in Boundary, Bonner, Kootenai, Shoshone and Benewah counties will be open to trout fishing until Nov. 30.

Fruit juices, bacon and eggs, toast and coffee for breakfast? Get the "makin's" at Blewett's-Grocery Market, Kendrick. 1-adv.

TO FAMILIES
WE HAVE NEVER SERVED
Those who have never had occasion to engage the services of a funeral director must rely upon what others say, when the inevitable need arises. For almost fifty years Vassar & Rawls have been noted for professional skill, fair dealing, liberal policies.
This reputation is your safe guide in calling a funeral home.

Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

HELLO, THERE FOLKS:

Feed Those Cows:

You know, folks, right now is the time to begin cashing in on your cows. This is the season when pastures are beginning to "green up," when cooler weather makes "old bossy" just a little peppier, and you, with the addition of a bit of hay and grain, can, without a bit of trouble, get a lot of the grocery bills paid by selling your cream to us.

You see, selling the co-operative way not only gives you the full market price, but a dividend besides.

About Our Products:

The name "Potlatch Chief" is your assurance of quality on our dairy products. You see, we mar-

ket under that name, Milk, Buttermilk, Cream, Whipping Cream, Butter, Cottage Cheese and Eggs, not to mention that top-of-all desserts — Ice Cream.

When buying dairy products, look for our brand "Potlatch Chief" and take it home with confidence.

Model: "The artist I pose for does painting, etching and sculpturing."

Friend: "But of course, he does one thing better than anything else?"

Model (dreamily): "I'll say. But he's pretty good at painting, etching and sculpturing."

The ice man smiled as his glance fell upon the sign: "Please drive slowly. The child in the street may be yours."

Bring in that can of cream when you come in for Sales Day, Saturday, October 8. It will pay you!

WHAT CAMERON FOLKS ARE DOING THESE DAYS

August Brammer and Herman Silflow left Monday for Hot Springs, Montana, for a three-week stay.

Mr. and Mrs. Henry Wendt entertained at a dinner Friday evening for the bridal party of their daughter, Marjorie, and Kenneth Wilken.

Glen Wegner, Ted and Billy Weyen left Sunday for a big game hunt in the Selway country.

Fred, Wally and Glen Newman, Loren Pitcher and Maurice Hudson left Monday to hunt big game in the Junction Mountain country.

Mr. and Mrs. Ervin Lohman, Willard Schoeffler, Forrest Wetterow, Leo and Elmer Lohman and Otto Rauschke left for a big game hunt in the Junction Mountain country, Sunday.

Mr. and Mrs. August O. Wegner of Pullman were Saturday evening supper guests of Mr. and Mrs. Otto Silflow, later attending the Wendt-Wilken wedding.

Mrs. Ernestine Riggers of Nez Perce is a guest of Mr. and Mrs. Carl Koepf this week. She arrived Friday to attend the Wendt-Wilken wedding Saturday evening.

Mr. and Mrs. Wm. Watts spent Thursday evening with Mr. and Mrs. Harl Whiting.

Mrs. Ed. Mielke, Miss Helen Mielke and Mrs. Lester Crocker spent Thursday evening with Mrs. Pele Benscoter on American ridge. The time was spent in quilting.

Mrs. Ted Weyen and daughter Elaine and Mrs. Billy Weyen and daughters Kay and Carol were Sunday dinner guests of Mrs. Glen Wegner.

Mr. and Mrs. Carl Finke and family of Southwick were Sunday evening visitors in the home of Mr. and Mrs. Geo. Wilken.

Mr. and Mrs. Forrest Wetterow and daughter Karen were dinner guests of Mr. and Mrs. Ed. Mielke Thursday evening.

Mrs. Wm. Meunz of Bakersfield, Calif., arrived Tuesday to attend the wedding of her nephew, Kenneth Wilken and Marjorie Wendt, and to visit with her sister, Mrs. George Wilken and family, and other relatives and friends.

Mr. and Mrs. Fred Newman and son Wally and Mr. and Mrs. Glen Newman spent Friday evening with Mr. and Mrs. Maurice Hudson at Cavendish.

Mr. and Mrs. Carl Koepf and Mrs. Riggers visited with Mr. and Mrs. Aler Larson on Monday.

Mr. and Mrs. Fred Whiting of Clarkston were Sunday guests of Mr. and Mrs. Harl Whiting.

Mrs. Frank Thornton and daughter Evelyn were Monday visitors in the home of Mrs. Harl Whiting.

Mr. and Mrs. Carl Koepf and Mrs. Ernestine Riggers visited with Mr. and Mrs. Denzil Kuykendall at Southwick, Tuesday.

Mr. and Mrs. Loren Taylor and family of Lewiston were Sunday evening visitors in the home of Mr. and Mrs. Harl Whiting.

Mrs. Herbert Schwarz entertained at a party for her daughter Jo Ann's first birthday anniversary Tuesday afternoon. Guests were Mrs. John Schwarz, Miss Emma Hartung, Mrs. Ida Stoneburner, Mrs. Harold Silflow and daughter Kathy and Mrs. Walter Denmler.

GOLDEN RULE

Mr. and Mrs. Don Christensen are the proud parents of a son, Steven Andrew, born at St. Joseph's hospital at Lewiston, Wednesday morning, Sept. 28. They are now at the Glen Betts home, arriving Sunday evening.

Don Christensen and daughter Doris Ann, Phyllis Babb, Camille Buller, Mr. and Mrs. Frank LeBaron Mr. and Mrs. H. M. Anderson, Mrs. Freda Muenz and Mrs. George Wilken and daughter Margaret called and visited Mrs. Glen Betts on Thursday to help her celebrate her birthday anniversary.

Mr. and Mrs. H. M. Anderson (nee Camille Cox) of Emmett, Ida., were overnight guests in the Glen Betts home Thursday night, leaving for Spokane on Friday.

P. J. Smith was a North Fork visitor Friday and a Lewiston visitor Saturday, as were Mr. and Mrs. Oscar Lawrence and Caroline.

Mr. and Mrs. Carl Finke, George Finke, Jr., Mr. and Mrs. Glen Betts and Eugene and Doris Ann Christensen attended the beautiful candlelight wedding of their nephew, Kenneth Wilken and Miss Marjorie Wendt, at Cameron Saturday evening, remaining for the reception.

Mrs. Freda Muenz of Bakersfield, Calif., is visiting friends and relatives here. She is an aunt of Kenneth Wilken, and came to attend the wedding as well as visit friends.

Mr. and Mrs. Chester Martin of Montana, spent part of the past week at the Roy Martin home. Roy Martin returned home with them, Sunday.

Mrs. Nick Deamo of Lapwai is visiting her daughter, Mrs. Oscar Lawrence, this week.

STONY POINT NEWS

Henry Steigers and his son-in-law, James Anderson of Tacoma, stopped at the Ernest Steigers home Monday night, and visited with Mr. and Mrs. Wm. Steigers on Tuesday morning. They were on their way to Anatone, where they will repair the roof of a garage owned by Mr. Steigers.

David Steigers was a Sunday dinner guest of the Gibbs family. His friend, Leverne Gibbs, came home with him to spend the night. Both boys are members of the Ag. III class at Lapwai High school. Other members include Robert Steigers and Bobby Heimgartner.

Mr. and Mrs. Al Swan and family visited Sunday at the Dave Daniels home. They have a new baby daughter. Mrs. Swan will be remembered here as Marie Daniels.

At least two parties of hunters (totaling 14 men) left for the mountains Sunday morning.

Marilyn ZumHoffe, Crystal and Virgil Stevens and Glenda and Linda Stevens attended a birthday party Sunday afternoon honoring Janice Heimgartner.

Mr. and Mrs. Clyde Gillespie and daughter Carolyn of Lenore visited Mrs. Glen Stevens and daughters Friday afternoon.

The first meeting this fall of the Friendship Club will be held at the home of Mrs. Don Johnston, Thursday.

Mr. and Mrs. Marion Stevens and Mrs. Alvin Steigers visited the Al Heimgartner family, Sunday.

Robert and Alma Steigers and Violet Shields were Sunday evening guests of Mrs. Ernest Steigers.

Plan Real Entertainment

Moscow — "Entertainment between the halves of the Washington State-Idaho homecoming football game Oct. 15 will definitely be the most colorful in the history of the University of Idaho," Morgan Tovey, Malad, student homecoming chairman says.

Reason: The Idaho students will perform card tricks using six colors. Previously, no more than two have been used.

Also included in the between-halves activities will be the crowning of the Homecoming Queen by Gov. C. A. Robins. The marching bands of both the University of Idaho and Washington State college will perform.
