

Pinochle Club
The Pinochle Club met last Thursday evening at the home of Mr. and Mrs. Ross Armitage.
High scores for the evening were awarded Mrs. George Brocke and Walter Brocke, while lows were taken by Mrs. E. M. White and Ben Westendahl. The coveted "Galloping

Goose" was taken by Mrs. George Brocke.
Delicious refreshments were served at the close of the evening by the hostess.

Lower And Lower Prices! We Invite YOU

TO MAKE A COMPARISON OF OUR PRICES THROUGHOUT OUR ENTIRE STORE!

If you understand (and perhaps you do) the meaning of "The Fair Trade Laws of Idaho" you know that means a price for a certain item is the lowest price a merchant is allowed by law to charge.

When we check in merchandise, we keep our "Fair Trade" law book in one hand and our pencil in the other — and price that article accordingly — and, by following that procedure we cannot be undersold by anybody — and this we are proud of.

We back this statement up with a guarantee that if you buy anything at our store for more than the Fair Trade Price, we will gladly refund you the difference! In other words: "You cannot buy your drugs any cheaper — anywhere!

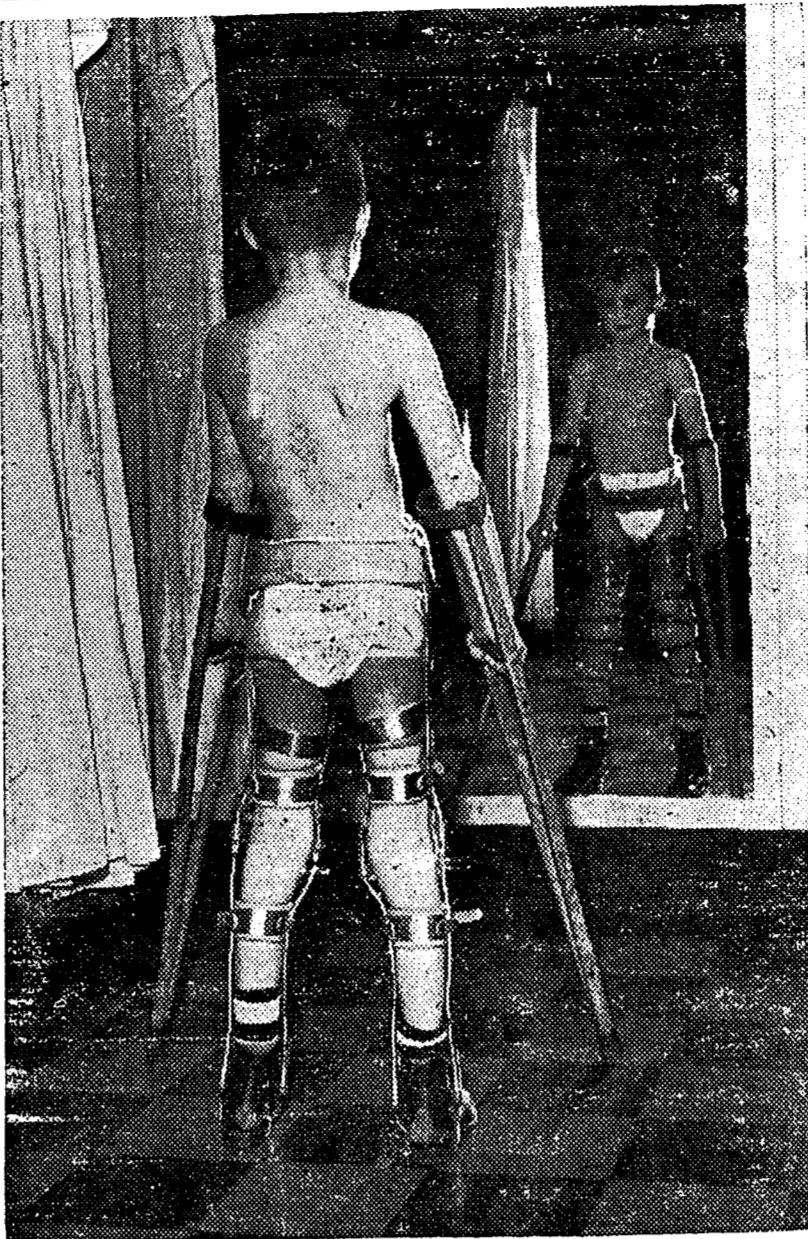

Our Rexall line is also fair traded. We invite anyone to compare our prices in our prescription department with those, anywhere! Bring in your prescriptions to be filled or for a refill. We believe you will save by doing so.

Save miles, gasoline and time — because we can meet competitive prices right here in your home town.

Don't be misled by "specials" on low grade or non-fair-traded items. Compare!

TO RECEIVE AID

Pictured above is one of the typical youngsters receiving care and attention at the Elks' Crippled Children's hospital at Boise. Through the efforts of the State Elks association and subordinate lodges throughout the state, this lad, along with nearly 300 others from nearly every section of Idaho and neighboring states, is receiving the best possible care and treatment for his crippled condition. In order to provide more funds for the operation of the hospital and the possible inclusion of many more Idaho youngsters who are crippled, the Moscow Elks lodge is sponsoring a benefit football game at Neale stadium on the University of Idaho campus in Moscow Armistice Day, November 11. Entire proceeds of the game between the Moscow and Pullman High schools will go to the hospital. In addition to the football game, several area high school bands will participate in a morning parade, and furnish music during the game at Neale stadium.

INTERESTING HAPPENINGS FROM THE JULIAETTA AREA

Mrs. Avery Miller left Saturday for Newport, Wash., to visit her brother. From there she expects to accompany her brother to Klamath Falls, Ore., to visit a sister.

The Women's Society of Christian Service observed "Week of Prayer" with an all-day service and luncheon at the church, Friday. Mrs. Sam Gruell was in charge.

David Beadles from the University of Idaho spoke at the Methodist church, Sunday.

Guests at the Asa Calvert home last Saturday night and Sunday were Mr. and Mrs. Dean Luce, Jr., from Albion, Wash.

Rev. George D. Calvert and family from Umapine, Ore., were guests in the John Frisbie home Monday.

Mrs. E. O. McAllister accompanied Mrs. Elbert Rawls and Mrs. Jesse Hoffman of Lewiston to Pasco on Monday to attend the district executive meeting of the Woman's Society of Christian Service. In the afternoon they called on Rev. Wischmeier and family in Kennewick.

On the return trip Mrs. McAllister stopped off at Walla Walla and spent the night with her sister, Mrs. P. L. Taylor.

Several families are moving this week. Mr. and Mrs. Prewitt have moved to the Morris place north of town; Mr. and Mrs. E. D. Baker are moving to Palouse; Mr. and Mrs. John Peters will move into the Baker house, and the E. L. Luman family will occupy the former Peters residence.

The week of November 6th to 12th is "Education Week" and all friends and patrons of the school are invited to visit classes that week.

Mr. and Mrs. James Miller and Mrs. Henry Jones and son Bobby of Deary were guests in the Asa Calvert home, Thursday.

Mr. and Mrs. Asa Calvert and

Mr. and Mrs. E. O. McAllister drove to Albion, Wash., Sunday afternoon to attend a Youth Rally.
Rev. Arlie Whybark will speak at the U. B. church this Thursday evening.

KENDRICK SCHOOL NOTES

Eighth Grade News
The arithmetic class has been working on discounts and reviewing various formulas.

The science class has been learning how to predict the weather scientifically. James Finke informed us that cirrus clouds are a sign of rain.

Everyone is looking forward to the coming Halloween party that is to be held in the Kendrick gym. Last Friday the annual school carnival was held and the eighth grade operated a dart throw booth — from which they netted a nice profit.

The campaign won the election for the Eighth grade candidate for carnival queen. With the support of her classmates and friends, Priscilla Benscoter was elected queen of the '49 K. H. S. Carnival.

Carnival Is Success
The annual High School Carnival, which was held last Friday evening, under the direction of Coach Ross Armitage, was a real success. Although the crowd was smaller than usual the gross was \$491.95. Since all the bills are not in at this writing, the net proceeds cannot be determined, but are estimated at around \$250.00.

For the generous support given this event by merchants and all who attended — the students and teachers wish to extend their sincere appreciation.

Tigers Lose To Troy
The Kendrick Tigers played their last football game of the season at Troy last Friday, losing the contest 24-0. The field was muddy and in poor shape for fast ground play or passing.

Burton Souders, Jr., received torn ligaments in one leg when he slipped and fell while being tackled in this game.

Although the Tigers did not fare as well as usual in the number of games won or lost this year, prospects look brighter for the coming year, as many of this season's squad were inexperienced — and we are also looking forward to having a good football field.

Lack of a practice and playing field has handicapped the team greatly this year, but, in spite of adverse circumstances the coach and squad are to be complimented for their untiring efforts and "never say die" spirit. These qualities are the traits of champions, whether they win or lose.

Dad's Day Festivities Planned
U. of I., Moscow — Festivities for the week-end of Nov. 5 have been set aside for fathers of university students, when the traditional annual celebration of Dad's Day will be held, under the chairmanship of Allen Petrie, senior at the U. of I.

The last home game of the football season will head the list of entertainment for the dads. "Deflate Oregon State" has been named the slogan for this year's tussel with the OSC Beavers. During half-time of the game, awards will be presented to the living group having the most dads registered; the father coming the greatest distance and the "most welcome mat," according to Boy Finlayson, Soda Springs, chairman of awards.

Open house in all living groups will entertain visitors immediately after the game, and an informal dance that night will be the all-campus function.

Prepare Your Car For Winter
A thorough check of the cooling system prior to adding anti-freeze is a major step in preparing your car for winter driving, according to I. L. Pierce, national service manager for the Ford Motor Co. Thousands of motorists lose their antifreeze every year through boiling away or leakage, simply because

they failed to take their precaution at the start of the season. Not only should the hose lines and connections be thoroughly checked for leaks, but the radiator and the entire cooling system should be flushed to remove any sludge or dirty water, which prevents free circulation. "Starting assurance" for your car despite freezing weather can be

gained if the motorist also observes these few additional precautions:
1. Keep the battery fully charged and charging. A fully charged battery will not freeze in temperatures ordinarily encountered, but a low battery may freeze and burst at temperatures not much below freezing.
2. At the approach of cold weather, the crankcase should be drained and refilled with the correct grade of oil for the coldest weather expected. SAE 10 or 10W in below freezing weather is recommended.
3. Give the engine a tune-up, if needed.
4. If the manufacturer recommends it, change to winter oil in transmission and differential. Careful motorists drive slowly until the engine reaches normal operating temperature — and by keeping the gas tank full all the time condensation of moisture and resultant freezing of the fuel line can be avoided. And be sure your tires and brakes are good.

Replied the bachelor girl when someone asked her why she didn't get married: "I have a dog that growls, a parrot that swears, a fireplace that smokes and a cat that stays out all night. Why should I want a husband?"

Remember — There are no parking meters on Kendrick's streets!
Fresh frozen Bird's Eye fruits, vegetables and juices are available at Blewett's Grocery-Market. 1-adv

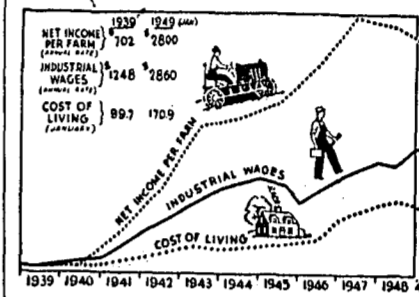

Farm Buying Power Still Shows Gains

Increase Well Above Cost of Living Rate
The current drop in living costs has given the average city wage-earner approximately the same buying power today that he enjoyed in June, 1946, final month of OPA.

Though the farmer's buying power has edged off with the drop in food prices it is bumping against government price supports, and still shows a gain that is well over double the increase in the cost of living, according to a chart study of our ten-year-old war boom, made by the family economics bureau of Northwestern National Life Insurance company.

Ten years ago last winter you could buy a new four-door sedan for \$825, sirloin steak was 39 cents a pound, milk averaged 12½ cents a quart, and you could build a five-room modern house for around \$3,000—but we had 10 million unemployed. Then European rearmament orders sparked our recovery

The above chart plots the course of the 10-year war boom. In January, 1939, America had 10 million unemployed and 44 million at work. Annual net income per farm was \$702. Industrial wages averaged \$24 a week, an annual rate of \$1,248.

from a nine-year-old depression, the study recalls.

After an even 10 years of recovery, boom, inflation, and tapering off, the score stands as follows: Net annual income per farm 300 per cent higher—it was \$702 in 1939, reached \$2,915 in 1948, and had sagged to an annual rate of \$2,800 by January, 1949. Weekly industrial wages up 130 per cent—from \$24 in January of '39 to approximately \$55 in January of '49. Living costs 71 per cent higher than 10 years ago, after nearly a four-point drop in the last few months. Finally, about three million unemployed—a normal "float", as economists call it.

Wage rates show a gain of 26 and a half per cent since June, 1946, while the cost of living index now stands just 28 per cent higher than in that final month of OPA. The actual living cost increase has been somewhat less than 28 per cent, the study says, since the government index naturally makes no allowance for over-ceiling prices which were general in the latter months of OPA; thus the wage-earner's paycheck of today buys him as much or slightly more than his paycheck of June, 1946, the study finds.

Percentage increases in worker paychecks do not reflect sharp additional gains made in so-called "fringe" payments during the past decade, such as more vacations, holidays, sick-leave, pension programs, etc., the study points out.

Poultry House Cleaner

A superior poultry house cleaning method has now been found—cleaning with a high-pressure sprayer. As shown here, the high-pressure spray actually pulverizes the dirt and droppings and blasts them away. Food Machinery and Chemical Corporation developed the sprayer that is doing the cleaning. It is said to do a better and cheaper cleaning job, faster and easier.

Hormones May Limit Frost Damage in Time

American apple growers, usually hard hit financially by late spring frosts will soon be able to avoid that obstacle. A combination of tracers (radioactive atoms) and hormones may make it possible to keep apple buds closed until the cold season has passed—thus saving the industry millions of dollars lost annually through damaged fruit. A spray would be used to cover fruit and prevent freezes.

New Olive Sauce for Beans Suggested by Food Experts

An olive sauce which can be used in place of meat or mushroom sauce has been tested by the University of California food technology division. The sauce is made of sliced pitted olives, chopped green peppers, salt, garlic, onions and tomato sauce, cooked for several minutes.

The olive sauce can be used with canned white beans or red kidney beans. The beans are soaked in water until plump, then drained. Water and the olive sauce are added and heated to boiling.

The college of agriculture also has developed a canned olive sauce for flavoring stews and other meats. Chopped olives, garlic, onion, chopped pimiento and tomato sauce are mixed and heated to boiling. The resulting sauce is satisfactory in flavor and appearance and can be used to flavor a great variety of meat dishes, spaghetti and rice.

Another sauce to flavor spaghetti, rice, stews and beans, can be made from the contents of two tall cans of pitted sliced olives, to which two small cans of hot sauce are added. Mixed in are also six ounces of chopped onions, two ounces of chopped garlic and four ounces of chopped green peppers.

Golden Spike Date Termed Momentous in Rail History

Of the many dates that stand out in railroad history, May 10, 1869, takes a high place for its importance not only to the carriers but to the nation as well.

It was on that day that the far western regions of the country were opened for quicker settlement and development. It was the day that ended the need for stage coach and covered wagon travel between the east and west coasts, as well as the long water voyages around Cape Horn, and to the Isthmus of Panama and through the jungle to the Pacific and then by vessel to California.

And it was also the day which western-minded easterners had envisioned when they could take their entire families, with a lessening of dangers and speedier transport, to the youngest sections of the country.

In a memorable ceremony north of Great Salt Lake in Utah, a golden spike was driven into the last rail linking the Union Pacific and the Central Pacific (now the Southern Pacific) roads, signaling the completion of the first chain of railroads to span the American continent.

Early Use of Mahogany

There exists today, preserved in the cathedral at Ciudad Trujillo, formerly Santo Domingo, a rough-hewn mahogany cross inscribed: "This is the first sign planted in the center of this field to mark the beginning of this magnificent temple in the year 1514." That inscription is the earliest record of the use of mahogany. The cathedral that houses it, completed in 1940, is itself richly embellished with carved mahogany, some of which is considered the finest in the world, and is still in splendid condition after over four centuries in the tropics. First known European use of mahogany was for the chanting desk, choir stalls, shelves and desks in the great library of the Escorial, begun by Philip II of Spain in 1563 and completed in 1584.

Safest Playground Colors

Beauty can take the beast out of potentially dangerous play equipment for children. Safety experts point to a recent study made by a paint manufacturing concern which shows that beautifying playground equipment also can serve to make it safer. Slides should be painted green, which counteracts excessive sunlight. Steps leading to the top of the slide should be yellow to draw the child's attention and make him more careful when climbing up. Youngsters are less likely to be struck by seats or rings of swings if seats and rings are painted yellow, giving greater visibility. Green is best for uprights and overhead bars.

Harvesting the Oyster

Once a year, usually in the early fall, the annual bluepoint oyster harvest begins at the largest oyster gathering and processing plant in the world, at Greenpoint, Long Island. Wooden-hulled boats chug out to the oyster grounds early in the morning. In the pale pre-dawn light they dump their large dredges over the side. Steel teeth munch at the bottom soil, scooping up the oysters, which are pulled into the boat by a winch. Then they return to the bluepoint plant where conveyor belts bring in the oysters to be culled or "shucked."

Still Heroine of Skies

Amelia Earhart and her navigator, Fred Noonan, disappeared July 2, 1937, somewhere near a tiny stretch of sand called Howland islands in mid-Pacific. She was on her second attempt to fly around the world. Miss Earhart, first woman to fly the Atlantic and part of the Pacific, was flying the most dangerous leg of her trip when her fuel evidently gave out during the 2,500 mile jump over the water from Lae, New Guinea, to Howland. She is still heroine of the skies.

DEVELOPMENT OF TRANSPORTATION IN IDAHO

When explorers first came to Idaho they found the Indians using horses to some extent. The Red Men had no regular routes, however, generally following trails made by wild game animals.

The first man-made road was the Oregon Trail, and it was no more than ruts worn through the sagebrush. Streams were forded, or goods were ferried across, for there were no bridges. In 1846, President Polk approved an act providing for a line of military posts along the Oregon Trail, but the soldiers did not find time to construct bridges or keep the trail open. They were stationed merely to protect travelers from Indian attack.

In 1853, Isaac I. Stevens made a railroad survey, but there was no construction started.

The first official highway across Idaho was the Mullan Military Road, built by the federal government at a cost of \$250,000, from Fort Benton, in Montana, to Fort Walla Walla in Washington, a distance of 624 miles. The road was three years in building, and was completed in 1862.

The first passenger and mail service to Boise City came in 1864, by stage coach. The Pioneer Line operated between Umatilla and the Boise Basin. Later Wells-Fargo Express extended its lines into Idaho, reaching most of the mining towns in the southern part of the state.

The first Territorial Legislature decided that control of all highways, then only dirt roads, should be retained by the counties, but it was not until about 1900 that construction of roads was started.

In 1873 Congress granted a charter to John W. Young to build a railroad from Salt Lake City to Montana. This, the Utah and Northern, was the first railroad in Idaho and crossed the state line near Franklin in 1877. In 1881 the Northern Pacific railroad crossed the Panhandle to link the Great Lakes with the Puget Sound country.

In 1882, track of the Oregon Short Line was laid from Granger, Wyoming, and construction crews continued to work westward until they reached Huntington, Oregon, in 1884. On January 1, 1885, the first through passenger train passed from Omaha through Idaho to Portland, Oregon.

Icelandic Wins Scholarship
A 20-year-old student from Reyjavik, Iceland, Tomas Armann Tomasson, has been awarded a \$750 scholarship to the University of Idaho by the Idaho State Federation of Women's club, President J. E. Buchanan announced this week.

The scholarship is one of two provided at the university by the organization for deserving and qualified foreign students to promote better international understanding. The first scholarship was received by Kenneth Fredrick Parkin, former R. A. F. member and resident of North Wales, British Isles.

BIG BEAR RIDGE NEWS

(Delayed)
Mrs. Oscar Slind entertained her aunts, the Madams Florence Tweedy and Ray Dahl, sister Mrs. Rudy Paetal and daughter Marilyn, all of Spokane, at dinner Sunday.
Mr. and Mrs. Floyd McGraw and family of Deary spent Sunday at the A. Kleth home.
Sidney Clemenhagen of Richland, Wash., is spending some time with relatives here.
Mrs. Ed. Galloway entertained the Happy Home club at her home Tuesday afternoon. Mrs. Virginia Woods, Home Demonstration agent, showed various practical ways to sew children's clothing. There was a large attendance and delicious refreshments were served by the hostess.
Mr. and Mrs. Otto Alber of Dinuba, Calif., are visiting at the Galloways, Bower and Chamberlain homes.
Word has reached here of the arrival of a baby boy to Mr. and Mrs. George Baker of Yakima, Wash. Mrs. Baker will be remembered here as Miss Marie Hesby.
Mrs. Johanna Nelson returned last week from a two-week visit in Tacoma, Wash.; Vancouver, Courtenay and Victoria, B. C.
Donald Jones has returned home, having visited his sister, Mrs. Everett Hammond and family at Moses Lake, Wash.
Mrs. D. J. Ingle writes she is now at the home of her son, Dr. Dwight J. Ingle and family, at Kalamazoo, Mich.
Mrs. Claude Jones and Mrs. Lester Nelson attended Teachers' Institute in Lewiston Thursday and Friday.
Mr. and Mrs. Grant Clemenhagen are driving a new Chevrolet car.
Mr. and Mrs. Oscar Reinemer (nee Ollie Morey) of Dishman, Wash.; the Raleigh Hughes family (nee Ida Alber) of St. Maries, Idaho, were here Sunday for the family reunion honoring Mr. and Mrs. Otto Alber of Dinuba, Calif.

New Selling System Aids Hog Producers

Price Agreed Upon Right in The Pen

Under a new system of selling hogs, buyers and salesmen at the markets agree on the price right in the pen before the hogs are weighed. Thus the old weight-schedule is being replaced by a pen-to-pen system of marketing. The buyer is given a chance to recognize quality and pay a premium for good hogs.

The reason advanced for increased interest in marketing is that the weight-schedule system fails to recognize the difference between hogs. It also fails to pay for true quality.

Under the old schedule-selling, salesmen and buyers at a market would agree in the morning how many hogs each buyer would get. A schedule of process was set up according to weight. "Hogs was hogs" and the scales determined the price.

But that system is gradually being abandoned. Under the old method, farmers judged probable market prices by estimating the weight of their hogs. A premium of 50 cents per hundredweight was considered unusual at the market although the real value of hogs of the same weight varies as much as \$5 or \$6 per animal. Such premiums offered poor pay to the expert producer who raises top-quality hogs worth more money.

Another reason for the new system is the fear that if a better job of selling isn't done, hogs may be sold on a dressed-carass basis. This method of marketing, (which is used in Canada) is being explored by many farmers, cooperatives, agricultural experiment stations and studies under the federal research and marketing act. Many public market operators also are worried about the decline in volume of hogs arriving for sale at terminal markets.

CRESCENT CLIPPINGS

Mr. and Mrs. Ben Baker, Robert Kimbley and Frankie Loeser were Lewiston visitors on Wednesday.

Mr. and Mrs. Marion Souders returned Saturday evening from a ten-day vacation trip into Canada.

Mr. and Mrs. Louis Porter and Loyd Farrington were Sunday evening callers in the Arne Kloster home.

Mr. and Mrs. Fred Cornick and Mrs. Walter Herman and son of Genese were Friday visitors in the Chas. Baack home.

Sunday evening Elmer Souders was honored with a gathering of friends to help him celebrate his birthday anniversary — each bringing a covered dish. Guests were Mr. and Mrs. George Souders, Mrs. Grace Souders, Mr. and Mrs. Chas. Greenwood and Mrs. Marion Souders.

Lee Swanson spent the week-end with his grandparents, Mr. and Mrs. Chas. Baack.

Mrs. Rose Farrington returned to her home in Clarkston Wednesday, after spending a few days in the home of her children, Mr. and Mrs. Loyd Farrington and family and Mr. and Mrs. Arne Kloster and family.

Mr. and Mrs. Bill Cuddy and son Tommy were callers in the Loyd Farrington home Sunday.

Mr. and Mrs. Arne Kloster, Karl and Karen spent Sunday afternoon in the Al. Pederson home.

Home Housewarming
A group of self-invited friends called at the new home of Mr. and Mrs. Oscar Slind last Thursday evening, surprising them with well-filled baskets, to hold a house warming.

Following supper the evening was spent playing pinochle. Those present were Mr. and Mrs. H. C. Schupfer, Mrs. R. L. Blewett and son Billy, Mr. and Mrs. W. L. McCreary and Parker, and Mrs. Estella Leitn.

STONY POINT NEWS

Mr. and Mrs. Arwin Needham of Myrtle were Sunday dinner guests at the Marion Stevens home.

Mr. and Mrs. Leslie Helmgartner and family, Mrs. Lena ZumHofe and Mr. and Mrs. Walter ZumHofe and family visited Sunday at the George Dennler home in Lewiston, the occasion being Mr. Dennler's birthday anniversary.

The Friendship Club will meet this Thursday at the home of Mrs. Newt. Heath.

Mr. and Mrs. Cletis Holsington were Sunday evening callers at the Bill Helmgartner home.

Mrs. Lloyd Brown, Carol Brown and Mrs. Bill Cooper and daughter visited Saturday at the Billy Steigers home.

Bob Steigers, Robert Steigers and Mr. and Mrs. Glen Shields are on a hunting trip this week. Alma's sister, Mildred and daughter, are staying with her while her father is away.

Boy Scouts Take Hike

Jud Lee, Scoutmaster, and ten of his troop left town Sunday morning about 8:00, and starting at the foot of the Sperry grade, hiked around the hill to the K. H. S. letter, where they ate their lunch.

They were gone about five hours, and report a most interesting time.

NOTICE

Will the person who took the Kendrick W. S. C. S. dish towels home to launder, please return them to the church — as they will be needed tonight (Thursday).

Card Of Thanks

I wish to thank all my friends for the cheerful cards they sent me while I was in the hospital. — F. E. Antonsen, Grants Pass, Oregon.

FREE OFFER FOR DEAFENED PERSONS

For people who are troubled by hard-of-hearing, this may be the means for starting a new, full life — with all the enjoyment of sermons, music and friendly companionship. It is a fascinating brochure called "So You Can Hear Again" and is now available without charge. Deafened persons acclaim it as a practical guide with advice and encouragement of great value. If you would like a free copy, send your name and address on a penny postcard and ask for "So You Can Hear Again." Write Ray Farnell & Associates, Dept. 18, 335 W. Sprague, Spokane, Wash. Also show this important news to a friend who may be hard-of-hearing. — Adv. 44-9

Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

HELLO, THERE FOLKS:

Well, well, here we are again, with the "same old line of chatter." But then, what else is there to talk about except our desire to buy your cream and eggs — and to tell you about the quality of our products?

To be frank, practically nothing. For we must have that cream in order to manufacture "Potlatch Chief" brand products — of which we are justly proud. For that name on milk, cream, butter, ice cream, cottage cheese, buttermilk and whipping cream is your assurance of quality — and safety too. For "Potlatch Chief" milk, etc., is pasteurized for your protection. We do not sell raw milk.

Don't feel that just because winter is here you no longer want ice cream. What finer, easier to serve and better dessert can you think of than ice cream? And it really adds "zip" to a piece of apple pie to put a big scoop of

"Potlatch Chief" Ice Cream on top. Try it. . . .

Special: Fresh "Potlatch Chief" brand Buttermilk, gallon 35c (bring your own container).

Saturday Night Closing: During the winter months this creamery will close at 8:00 p. m. on Saturday.

Trying to rest after an exceedingly hard day at the office, poor father was being be-deviled by a stream of unanswerable questions from little Willie.

"What do you do down at the office?" the youngster asked. "Nothing," shouted the father. "After a thoughtful pause, little Willie inquired, 'Pop, how do you know when you're through?'"

First Kangaroo: "Annabelle, where's the baby?"

Second Kangaroo: "My goodness, I've had my pocket picked."

And Of Course We Feature "Birds Eye" Brand

You'll find everything from fresh frozen chicken, through fruit juices, green peas, corn, salads, etc.

As the cold winter months close in, don't do without fresh foods — for "Birds Eye" Brand can be depended on to give you the best in quality and flavor — at reasonable prices.

FRESH VEGETABLES:

Yes, indeed, we handle fresh vegetables, too — all that the seasonal market affords.

WE GIVE S & H GREEN STAMPS With all Cash Sales, or all accounts Paid on Regular 30-Day Basis. Ask about this fine plan.

WHAT CAMERON FOLKS ARE DOING THESE DAYS

Rev. and Mrs. Meske and family spent Saturday and Sunday in Riverview, Davenport and Spokane, Wash. Mrs. Dilling, Rev. Meske's mother, from Spokane, came home with the Meskes for a visit.

Mrs. Otto Silflow returned home Tuesday from Lewiston, where she had been a medical patient at the St. Joseph's hospital.

Mr. and Mrs. Wilbert Brunstiek were dinner guests of Mr. and Mrs. Earl Whiting Tuesday evening.

August Brammer and Herman Silflow returned Wednesday from a three-week stay at Hot Springs, Montana.

Mrs. Ida Stoneburner spent the weekend with Mr. and Mrs. G. F. Cridlebaugh in the Lewiston Orchards.

Mr. and Mrs. August Brammer visited with Mr. and Mrs. Wilbert Brunstiek Thursday afternoon.

Mrs. L. S. LaHatt of Pomeroy arrived Thursday to visit with her daughter, Mrs. Ed. Mielke and family, and attend the Eastern Star meeting in Kendrick, Friday.

Dorothy Kruger, N. I. C. E. student from Lewiston, spent the weekend at her home here.

Harold Brammer, U. of I. student, spent Saturday and Sunday with his parents, Mr. and Mrs. Aug. Brammer.

Helen and Ted Mielke, Mr. and Mrs. Harry Newman and daughter Linda and Mrs. Fred Newman left for San Francisco, Monday, to visit with relatives for a few weeks.

Mr. and Mrs. Marain Silflow and son, Mr. and Mrs. Harold Silflow and daughter, Mr. and Mrs. Emil Silflow and sons, and Mr. and Mrs. John Blankenship and children were Sunday visitors in the home of Mr. and Mrs. Harry Wegner at Pullman.

Mrs. Ervin Lohman and son Ronnie, Mrs. Carl Lohman and Mrs. Fred Newman were Lewiston visitors Thursday afternoon.

Mr. and Mrs. August Brammer were Thursday evening visitors in the home of Mr. and Mrs. Henry Brammer in Kendrick.

Mr. and Mrs. Ted Weyen, Mr. and Mrs. Glen Wegner, Mr. and Mrs. Ernest Brammer, Mr. and Mrs. Willard Schoeffler, Ervin Lohman and Ed. Mielke were among those hunting big game in the Marble Creek country the past week.

Cecil Brammer, Roy Silflow, James Whiting and Fred, Harry and Wally Newman returned Friday from a successful big game hunt at Marble Creek.

Mr. and Mrs. Gus Kruger and daughter Dorothy were Moscow visitors on Saturday.

LINDEN ITEMS

Mrs. Arley Allen spent the weekend in the home of her son, Melvin Garner and family in Lewiston Orchards.

Mr. and Mrs. Marion Souders and his mother, Mrs. Grace Souders, returned Friday from a ten-day vacation trip to Canada.

Mr. and Mrs. Chas. Greenwood and Burton Souders of Kendrick, and Mr. and Mrs. Marion Souders helped Elmer Souders celebrate his birthday anniversary Sunday evening.

Mr. and Mrs. Arne Kloster, Karl and Karen were visitors at the Al. Pederson home Sunday.

Elmer Weaver spent Sunday with Douglas and Jerome Pederson.

Pearl Alexander and Mr. and Mrs. Jake Riebold were in Lewiston on business, Monday.

Mr. and Mrs. Frank Lyons motor-

ed to Spokane Saturday to visit their son, Dan and family, returning Sunday. Edward Pederson accompanied them as far as Colfax, where he visited his sister, Inez Pederson.

Mrs. Chas. Keeler visited with Mrs. Pederson Saturday afternoon. Rev. Norbo was a dinner guest at the McAlister home, Sunday.

Mr. and Mrs. Herbert LaHatt and Russell Smith of Spokane were weekend guests in the Chas. Keeler home. Mr. and Mrs. Harley Perryman visited with Grandma Dumbauld at Juliaetta Sunday afternoon.

Mr. and Mrs. Otto Alber of Duruba, Calif., spent Friday at the Harley Perryman home and Saturday in the Dan Kechter home.

Mr. and Mrs. Robert Brewer spent Sunday night at the Gil Erlwine home. They brought Mrs. Erlwine's mother, who will convalesce at the Erlwine home, following a major operation.

Dr. McQueen and the public health nurse were at Gold Hill Monday, checking and vaccinating the school children.

Mrs. Ted Weaver's sister, Janice, is visiting in the Weaver home.

Gold Hill School News

Our school "project store" closed Friday with the Sixth grade girls in charge. A profit of \$28.43 was reported with five jars of fruit, a box of potatoes, three scatter pins and three plaques yet to be sold.

We wish to thank the parents and patrons who cooperated with us in carrying out our project. Without their generous contributions of "goods" to sell, and their purchases, we would not have benefited as we have from the venture. It was fun, and we have learned a great deal about handling money and goods. As previously announced, proceeds will be used for community treats at Christmas time.

The Sixth grade class has been doing dictionary work in English, covering words collected during the past eight weeks.

The fourth grade took its Health examination on Friday, covering the entire text, and will begin Geography on Monday. Douglas Pederson made 100 percent in the test of 21 questions.

The First grade is beginning its "Blue Book" today (Monday). The following report was chosen as the best among those developed in Sixth grade English from a prepared outline:

"The Giraffe", by Dorothy Foster, Grade Six —

"There aren't any giraffes in this country except in zoos. Their home is in the eastern part of Africa. The giraffe grows to be three times the height of a full grown man with a head and body like a horse, neck and shoulders like a camel, ears like a cow, a tail like a lion, legs like an antelope's or deer's. The color and markings of a leopard, and the beautiful eyes that are very large in comparison with the size of its head. It can push its eyes outward to a slight extent and is able to see behind itself to some degree without turning its head. The giraffe eats leaves and twigs from the tops of trees, but when it wants to eat grass from the ground it has to spread its front legs apart so its head can reach the ground. The giraffe walks very slowly, but when it is frightened it runs with a strange rocking sort of gait that is faster than a horse can follow. People who have seen the giraffe think that its front legs are longer than its hind legs but they aren't — all four legs are the same length. The word 'giraffe' means 'The Lovely One.' The giraffe's meat is good to eat and its hide is valuable for making many kinds of leather goods. Unlike any of the animals which it resembles, it is without a voice. It can't even make the slightest sound under any circumstance. The giraffe is not harmful."

Grangers Have Fun

Members of the Kendrick Grange and their families enjoyed a Halloween party Tuesday evening, following a 6:30 pot-luck supper. Pinochle was played during the remainder of the evening. There were 42 present.

Girl Scout Display

The local Girl Scouts have made an attractive display in N. B. Long's store window commemorating Girl Scout Week, which began Oct. 31.

The girls have taken the days of the week, symbolizing each as a Service Day and thereby have shown service in the things they do.

Get those fresh frozen fruits at Blewett's Grocery-Market. 1-adv

WHY SPEND \$1,000?

To carpet your house with new foam rubber floor cushions.

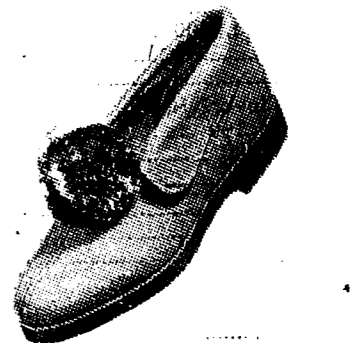

When \$10.00

BUYS THE SAME COMFORT

IN "Foamtreads"

REG. U. S. PAT. OFF.

\$10 buys Foamtread slippers for the average-size family; gives exactly the same "walking-on-air" luxury as expensive foam rubber carpet cushions. Foamtreads are the only slippers with foam rubber soles. They're trim and smart, light, sturdy, heavenly comfortable. Styles for all the family, all year 'round. Here are two of the most popular.
