to Seattle Friday to spend Christmas with their son, Sammy, and daughter, Mr. and Mrs. Joe Merz and family. They also visited with Mr. Stedman's parents, Mr. and Mrs. N. H. Stedman, at Aberdeen, Wn. Their

days.
Wm. Elliott of Lewiston was in Kendrick Wednesday on business. He brought word of his brother, Eugene, saying he had been ill with lumbago. The Elliott brothers are old time residents of Big Bear ridge.

Mr. and Mrs. Wade T. Keene, Mr. and Mrs. George Jones and children

of Kennewick; Mr. and Mrs. Estol Crowe of Uniontown, and Mr. and Mrs. Tom Keene and children were dinner guests Tuesday evening in appropriation for funds for the pur-Lewiston, at the home of Mr. and the coming special session of the Mrs. Rance Oglesby.

Dr. and Mrs. D. A. Christensen and family entertained at Christmas

dinner for Mr. and Mrs. Harold Parks and family.

Mr. and Mrs. Ray Hathaway and children of Spokane were Christmas guests in the home of her parents, Mr. and Mrs. Clifford Davidson. Frank Dammarell, student at N.

C. E., Lewiston, is spending the Christmas holidays at his home here. Neal Walker, Lapwai, spent last Friday visiting friends in Kendrick.

Breeders' Short Course

Moscow — The third annual Breeder-Herdsman Short Course will get under way on the University of Idaho campus January 23, according to an announcement made here by C.

W. Hickman, head of the university's department of animal husbandry.

his resignation as a protest over the very unequitable distribution and planting of fish — stating that this district, No. 2, was being ignored in favor of others throughout the state, principally southern Idaho.

The State Fish and Game Commission also apparently ignores the fact that the more ground they buy department of animal husbandry.

who will appear on the 1950 program are Herb Chandler, Baker, Ore., T. are Herb Chandler, Baker, Ore., T.

B. Keith, University of Idaho animal nutritionist; Dr. L. H. Scrivner, town: University of Idaho station veterinarian, Dr. A. P. Schneider, Idaho State veterinarian; Herb Osland, Pullman, Wash.; John Burns, Lewiston, Idaho; John Mathieson, Colburn, Idaho; W. J. Florence, University of Idaho herdsman, and E. F. Rinehart, extension animal husbandman.

STATE FISH AND GAME DE-PARTMENT WANTS MONEY

Members of the Idaho State Fish and Game Commission met in special session in Boise, Dec. 16. Commissioners George Moody, Calder; Paul Thomas, Twin Falls, and R. G. Coue, Boise, chairman, attended the con-

Chairman Cole called the meeting for the purpose of acting upon pro-posed acquisition of certain lands situated in the former Farragut Naval training base in north Idaho, and to consider other matters that might need commission action.

Actions taken by the commission

Authorizing the director to purchase at a price of \$49,985.00, approximately 95.5 acres of land, being a portion of the Farragut Naval Training Center.

Approved the application by the director for 3,816 acres of land together with all roads, the perimeter fence 13 buildings numbouse No.

fence, 13 buildings, pumphouse No. 8 with equipment; and the underground utilities in the married of-ficers quarters area, made to the General Service Administration under the terms of Public Law No. 537, for fish and wildlife conservation purposes at the Farragut Naval Base This acquisition does not involve pay

ment or transfer of funds.

Asked that necessary steps be taken to obtain the withdrawal from and filing of mineral and other claims upon said lands through the U.S. Dept. of the Interior.

Approved the application for an increased allotment of funds for capital outlay in the amount of \$15,000.

ital outlay in the amount of \$15,000 for the first quarter ending December 31, 1949.

Authorized the director to enter into preliminary plans, specifications son, Sammy, accompanied them home and estimates for Federal Aid in Wildlife Restoration Land Acquisition Projects on the Star Lake Management Area in Lincoln county for the purchase of approximately 360 acres, together with all water rights and improvements for the price of \$24,000 and the Boise River Elk and Deer Winter Range in Elmore County for the acquisition of 585 acres of ranch land and 2,326 acres of lease holdings at a total cost of \$20,000.

The commission authorized the director to request an increase in the appropriation for funds for the pur-Idaho Legislature to be held in February, 1950 Purpose of the request is to replace funds previously appropriated for the capital outlay from the Fish and Game Fund, and that would be expended upon purchase of these lands.

Our Note: Apparently unworthy of note to the commissioners was the resignation of Claire Wellman of Lewiston, repesentative of this district, from the State Fish and Game Commission. Mr. Wellman tendered his resignation as a protest over the

department of animal husbandry. (and they own plenty right now)
The Short Course will last through the less there remains to bear the January 25.

Hickman said the program will include discussions of feeding, breeding, management, and selling of registered beef cattle. There will be laboratory work in judging and fitting and showing of sale cattle.

Prominent Northwest livestock men with still appear on the 1950 program.

The less there remains to bear the tax burden — for that which they control is also tax free! We also fail to see how their ownership of range and farm land, buildings and equipment thereon, would further one iota our game program. But then, perhaps southern Idaho will benefit!

Mr. and Mrs. Loren Ratliff and Bobby of Seattle; Mrs. Williams and Brownie of Lewiston, and Mr. and Mrs. Billy Steigers and Charlotte were Christmas guests of the Er-

New Cars Coming A new series of Chevrolet passenger cars, reportedly one of the most important ever developed by the company, will be unveiled on Satur-

day, Jan. 7. W. E. Fish, general sales manager, made the announcement on Dec. 27, as some 7,000 Chevrolet dealers across the nation began the preparations for elaborate showroom presentations.

The public has come to expect something unique in automotive progress. This year will be no exception. Models are being introduced that have been the subject of re search and test throughout the post war period. The cars are said to carry a development that will have a revolutionary influence on automobiles of the future.

Fresh frozen Bird's Eye fruits, vegetables and juices are available at Blewett's Grocery-Market. 1-adv

Easily Built Trough Will Aid Sheepmen Designed to Cut Labor, Lumber, Space and Feed

An easily built grain or hay trough has proved to be a problem for many sheep growers, but this trough designed by H. M. Briggs, department of animal husbandry,

This trough will save lumber, space and feed for the sheep

Oklahoma agricultural experiment station, will provide the answer to that problem in many cases.

The trough shown in these drawings is intended for mature sheep and will save labor, lumber, space and feed.

As the drawings show, the trough can be built easily by any farm handy-man, if the plan is followed strictly. It should be noted that the trough has its own floor.

If yearling rams are to be fed, the material should be slightly heavier than is shown in the plan.

The center of the pen, according to Briggs, is the most desirable location for this trough. Or several can be placed in a lot or pen. If the trough is placed on a dirt floor or lot, dig a shallow hole under each leg so the trough cannot be pushed about. In a bedded pen, the legs will anchor in the bedding. The trough can be cleaned easily by tipping it up.

Wings for 'Wingless'

Wings for a wingless chicken are provided here by airline stewardess Marilyn Crawford. She is shown holding her very own "wings" to one of Peter Bauman's famed "wingless" chickens, which Bauman is holding in the photo. Four of the chickens were shipped by air to Olean, N. Y., for breeding.

Caution Urged In Use Of Chemicals, Sprays

Dust sprays, gasses and other insecticides will do much to promote the healthy growth of fruits and vegetables is the gist of instruction being passed out now by county agents over the nation.

However, these can often have just the opposite effect on people. Even though the container may not bear the skull and crossbones label, caution is necessary since many substances are harmful in some ways to man, despite the fact that they may not be definitely poison-

The whole story of safety in use of insecticides, it was pointed out, is simply precaution.

Technique Is Outlined For Reclaiming Leather

One way to bring mildewed leather back into service in short order, say home management specialists, is to wipe it with a cloth wrung out in diluted alcohol.

Use one cup of Cenatured alcotesian water, 20 acres plow land, hol to one cup of water. Then, if 50 acres pasture with never fail necessary, wash with thick suds of springs — \$6,500. E. O. McAllister, mild, neutral soap, or saddle soap; Juliaetta, owner. 35-tf wipe with a damp cloth, and dry
