

KENDRICK GAZETTE

VOLUME 60

KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, MARCH 9, 1950

NO. 10

WHAT HAPPENED HERE TWENTY YEARS AGO

Crecent Clippings — Mr. and Mrs. Charles Greenwood spent Sunday with Mr. and Mrs. Frank Souder. . . Jim Farrington was a Lewiston visitor Saturday. Elmer Hudson accompanied him to Lewiston and while there visited his brother, Alva, who is recovering nicely from his recent illness. Mrs. Chas. Quick returned with her brother Elmer for a visit. Henry Loesser helped John Darby with work last week.

Southwick Weyen and family visited Sunday with Mr. and Mrs. Jack Travis. Tom King, Ray King and Gladys Reese attended the basketball tournament in Lewiston last Saturday. . . Mr. and Mrs. Dave Schoeffler are staying with Mr. and Mrs. Earl Whittinger until arrangements can be made to start house-keeping, as all their household belongings were lost in a fire when their home burned several weeks ago. . . A little son was born to Mr. and Mrs. Ben Cook, March 3. . . Emma Lou Wegner entertained a number of friends at her home Saturday evening with a party. . . Mrs. Wm. Lawrence spent the day Monday at the home of her son Alex. . . Mr. and Mrs. Leroy Southwick and daughters visited Sunday at the home of Mr. and Mrs. Wm. Kauder. Tom Armitage and family have moved to the Mustoe ranch, which he has rented.

American Ridge — Mr. and Mrs. Leonard Wolff were callers Sunday at the Carrol Cox home. . . Ira Havens was a business visitor at Colfax this week. . . Mrs. Geo. Davidson spent the week-end at Troy visiting friends. . . Leland — Mr. and Mrs. Hugh Parks and Mrs. Hund and Francis were Sunday dinner guests of Mr. and Mrs. J. M. Woodward. . . Mr. and Mrs. Enoch Harrison and Virgil Flesham and family were Sunday dinner guests in the Lyle Harrison home. On last Wednesday about 40 friends and neighbors gathered at the Roy Morgan home with well filled baskets, the occasion being a birthday surprise for Mrs. Morgan. After a feast "fit for a king," the afternoon was spent visiting by the ladies while the men pitched horse shoes. A "round robin" letter was sent to Herman Koopp, who is in a hospital at Red Bluff, Calif. . . Mr. and Mrs. Robert Draper and daughters attended the silver wedding anniversary of Mr. and Mrs. Joe Piper of Agatha on Wednesday, Feb. 19.

Cameron — The Mesdames A. H. Blum, Herman Meyer, Carl Wegner, and Carl Koopp spent Tuesday evening at the home of Mrs. Henry Brammer. . . Cavendish — A few of the farmers here have started spring plowing, even though it snows a little now and then — but we know spring is just around the corner. . . Darwin Tarry and James Skinner were Lewiston visitors Saturday. . . The Ray Cuddy family spent Sunday at the McPhee home.

Julietta — A baby boy was born the first of the week to Mr. and Mrs. George Groseclouse. Mrs. Groseclouse will be remembered as Helen Steensma before her marriage. . . Mrs. Claude Clark, Thelma Spray and Ward Alexander are all with the mumps. . . Howard Hutchison and Adolph Giese returned Monday from California, where they spent the winter. They made the trip by car. . . Mr. and Mrs. George Hutchison entertained a number of friends Tuesday evening in honor of Mrs. Hutchison's and Walter Cochran's birthday anniversaries. Pinochle was played at two tables. Those present were Mr. and Mrs. Walter Cochran, Mr. and Mrs. Everett Custer, Mr. and Mrs. Leland Houck, Mr. and Mrs. Huntsberger, and the Mesdames McKinney, Nigh, Millard and Walsh. When the guests departed they left some beautiful gifts for the hostess and honored guest.

Final Rites For Mrs. Brown — Final rites for Mrs. Emulus R. Brown were held at the Kendrick Community church last Thursday afternoon at 2:00 o'clock, with the Rev. Claude G. Crawford of the Full Gospel Church bringing the message, assisted by Dr. J. H. Coulter. . . Two solos were sung by Mrs. Paul G. Crawford, accompanied on the organ by Mrs. H. C. Schupfer. . . Pallbearers were Harry Baker, E. A. Deobald, Eugene Lind, C. E. Harris, R. L. Blewett and L. A. Wallace. Interment was in Normal Hill cemetery, Lewiston, with Short's Funeral Chapel in charge. . . The church was literally banked with lovely floral offerings, and filled almost to capacity, attesting the esteem in which Mrs. Brown was held. . . Those from a distance attending the services were: Sadie Dygert, Frank Dygert and Sharon Dygert of Clarkston; Miss Edith Walston and Virginia Walston, Yakima, Wn.; Mattie Forney, Dayton, Wash.; Mr. and Mrs. Jack Tempero, Palouse, Wash.; Mrs. Etta Young, Pomeroy, Wash.; Mr. and Mrs. Albert Kimble, Pomeroy, Wash.; Fred Brown, Los Angeles, Calif.; Mr. and Mrs. Earl Akins, Lewiston, Idaho; Mr. and Mrs. Fred Jones, Pomeroy, Wash.; Gler Jones, Lewiston, Idaho; Mr. and Mrs. Howard Rulkgaber, Seattle, Wash.; Mr. and Mrs. Thomas Brown of Portland, Oregon, and June Brown of Lewiston, Idaho.

Apartment Exchanges Made — Mr. and Mrs. Phillip Dabrick and baby moved to Julietta last Friday. They have been living in the Williamson apartment in the west part of town. . . Mr. and Mrs. Wayne McGlothen moved in on Saturday. Mrs. McGlothen will be remembered as Ada Hiatt.

Weather Typically March

Weather, this past week, has been typically March. We have had rain, wind, sleet — sunshine, cloudy, chill and warm — in fact, we've had almost everything the weatherman could compound — but of course only in small doses. . . The snow is steadily disappearing, what little remaining in sight being almost pure ice, and dirty enough to make one think we lived in a coal mining section. . . Well, March is almost one-third gone, and around April we can really begin to look for spring.

MISS BETTE OYLEAR BRIDE OF CHARLES E. DEOBALD

Monday afternoon, at two o'clock, at the Lewiston Methodist parsonage, Miss Elizabeth (Bette) Oylear, daughter of Mr. and Mrs. Jesse Oylear, Kendrick, became the bride of Charles E. Deobald, son of Mr. and Mrs. E. A. Deobald, also of Kendrick. . . The Rev. John B. Coan officiated at the single ring ceremony, which was witnessed by only a few of the immediate relatives and close friends. . . Attending the bride was a close friend, Mrs. Eloise Sosh of Lewiston. Jesse Oylear, Jr., brother of the bride, was the best man. . . The bride was charmingly dressed in a three-piece suit of blue and rose, with rose and navy accessories. Her corsage was of pink orchids. . . The maid of honor wore a beige suit with brown accessories, and her corsage was a cluster of Tallismen rosebuds. . . For her daughter's wedding Mrs. Oylear chose a medium blue crepe dress with darker accessories. She wore a corsage of white gardenias. Mrs. Deobald, the groom's mother, wore a light brown suit with brown accessories, and a corsage of yellow carnations. . . A reception, honoring the newlyweds, was held at the Lewis-Clark hotel after the ceremony. . . Immediately following the reception the young couple left for a short honeymoon trip. On their return they will be at home to their friends in Kendrick. . . The bride will continue to operate her beauty shop, and the groom plans to keep working with his father at the Kendrick Garage.

'TAINT' FUNNY, McGEE'

Above is a candid camera shot of Charley Candler crossing the so-called detour between Kendrick and Julietta — taken by our enterprising camera salesman, Tom Keene. . . Now the above "photograph" may be funny, but to those who have to drive over this section of road, it is anything but "funny" — and, in fact, we would go so far as to say that this mile of road is the worst to be found anywhere in the State of Idaho. . . Since this construction job began, and particularly since the frost has left the ground, a number of vehicles have been seriously damaged trying to negotiate this stretch. Included in the damage done were holes torn in oil pans, smashed clutch and flywheel housings, and damaged mufflers and exhaust pipes almost without number — and the road gets "no better fast." . . We understand that the DeAtley Construction Co., of Lewiston, who hold the contract on this mile of work, are applying for an extension of time. It rather seems to us that this contract was called last August — and for only a mile! . . . There is no doubt but what the application for an extension of time (if we are not mis-informed) will be fought to the limit by the school district and the Kendrick Commercial Club. . . Granted that a detour is necessary, one should at least be provided so that vehicles can negotiate it in safety, and without damage! . . . Frankly, we think it's time something was done!

To Re-set Rock Crusher — After having been driven from the creek bottom by high water, which did considerable damage to a diesel power plant, the rock crusher for the DeAtley Construction Co., is, we understand, to be re-set on the site of the present stock pile, and four trucks will be used to haul rock to it from the quarry site up the Brady Gulch road. Crusher operations are to be resumed as soon as possible. . . Car Takes Trip On Own — Some time Saturday night the car belonging to Mr. and Mrs. Jacob Brant, and parked just below the traffic light on the schoolhouse hill, slipped its brakes, and cut diagonally across the street, ending up with a badly crumpled left front fender, on the steel guard rail at the entrance to the Estella Leith home. . . The guard rail was bent slightly — the car receiving the brunt of the damage. No one saw the car make its run — but there it was Sunday morning. . . Thirty Idaho farmers were assisted last year by the extension service in making ponds for fish.

KENDRICK TIGERS WIN WAY INTO SEMI-FINALS AT N.I.C.E.

Four Teams Remain Thursday — Four teams remained in contention for the second district class B tournament crown as third-round tussels were completed Wednesday night of last week at N. I. C. E. gymnasium at Lewiston. . . The Orofino Maniacs suffered some weak moments before turning back a scrappy Genesee outfit 45-41 in the final minutes of play. A capacity crowd of 2,500 witnessed the night-cap. Earlier Grangeville wiped out a four-point half-time deficit and sneaked past Cottonwood 40-38 and Kendrick bowled over the Lapwai Wildcats 42-36. Cottonwood and Lapwai were eliminated. . . Kendrick Always Tough — Says the Lewiston Tribune: A checkup on second district B basketball winners over past years shows Kendrick has always been a rough contender. Until Orofino won the title last year (and proved a dark-horse winner in the state tourney in 1949), the Tigers had taken the district meet the previous two years. . . Kamiah won the north central Idaho clash in 1946 and in 1935 Kendrick scored again. Gifford won in 1921, Craigmont in 1943-42, Orofino in 1941 and Grangeville in 1940. . . Kendrick won the state B flag in 1947, and the northern Idaho title in 1945, a year when sports were over-shadowed by World War II and no state playoff was conducted. Kendrick also won the northern title in 1944. . . Wildcats Ousted — Kendrick led all the way in dropping Lapwai out of tournament play by a 42-36 score last Wednesday night. Max Clemenhagen and Ted Fey of the Tigers played with the fire they had demonstrated in previous district and Valley sub-district games at Lewiston. . . Kendrick increased its first quarter lead of 11-8 to 19-12 at the half-time mark and at the end of the third period had an 11-point bulge at 31-20. . . The Wildcats closed that lead to six and seven points at different times in the final frame but never could improve on that position. . . Luther Parks of Kendrick led the scoring with an 18-point attack. Calvin Wilson was high for Lapwai with 13 points. . . Kendrick (42) (36) Lapwai Parks 18 F 5 Taylor Fey 4 F 5 Eljenwood Halseth 5 C 5 Monks Ware 6 G 13 C. Wilson Clemenhagen 7 G 2 Sabotta McCreary 2 F 3 S. Wilson . . . Score by quarters: Kendrick . . . 11 19 31 42 Lapwai . . . 8 12 20 36

Kendrick Defeats Grangeville

Kendrick won its way into the second district class B basketball semi-finals by dropping Grangeville 46-35 last Thursday evening at the N. I. C. E. gym in Lewiston. The Kendrick victory extinguished the Grangeville hopes of remaining in the tournament. . . Early in the third period Grangeville appeared on the verge of a sensational recovery similar to its contest with Cottonwood Wednesday when the Bulldogs came from behind to win. . . Grangeville was behind 33-24 at the half-time. Glenn Hosley of the Bulldogs began second-half scoring with a field goal and he also sank a gift toss awarded after his score. Kendrick was called for stepping in bounds before the ball was put into play but Grangeville made a bad pass from the end court and the Tigers regained possession of the ball. That ended the Bulldog threat, with the score 30-24 in favor of Kendrick. . . Grangeville found it rough going at the basket, many of its shots bouncing on the rim and then away from the backboard. The Bulldogs could also blame poor passing for a portion of the difference between the two teams. . . The Tigers held Grangeville to eight points during the third frame while they were scoring nine. Then in the fourth period Kendrick broke loose for 13 points, which squelched remaining Bulldog hopes. . . Orville Halseth of Kendrick was the big gun at the basket, scoring six field goals and as many free shots for 18 points. Glenn Hosley led Grangeville with 11 counters, leaving the game late in the fourth period on fouls. . . The tussel was spirited and five players were side-lined before the game was over because of personal fouls. Kendrick at one time had four fouls. Luther Parks, Ted Fey and Bob Ware of Kendrick were finally benched for their fifth offense. Art Wright joined Hosley on the bench because of fouls. . . Kendrick (46) FG FT PF TP Parks, F . . . 1 0 5 2 McCreary, F . . . 0 0 1 0 Fey, F . . . 1 3 5 5 Smith, F . . . 2 0 6 6 Halseth, C . . . 6 6 2 18 Ware, G . . . 2 4 5 8 Dammarell, G . . . 1 2 3 4 Clemenhagen, G . . . 1 3 4 3 . . . Kendrick Loses To Genesee

The rangy Bulldogs from Genesee shot themselves into the state class B high school basketball tournament at Lewiston this week by defeating Kendrick 50-33 in the semi-finals of the second district meet last Friday night at N. I. C. E. gym. In Lewiston, Genesee led the entire game, and its height was a telling factor in the outcome. Both teams put on a good show at the basket during the second period, long shots dropping in with the regularity expected of lay-in tries. . . Thus Genesee, which has been once defeated in the tournament, could capture the top spot despite the Orofino Maniacs unblemished record in the district event. . . Kendrick showed the effects of playing five games in as many days. The team tired in the final stages of the game and understandably lacked the backboard play it had previously shown. Genesee, which Orofino narrowly beat back 45-41 on Wednesday, had a day of rest after that encounter. . . Jim Sather and Tom Ochs of Genesee got in some good licks at the backboard and Jim Bennett, Ray Gehrike and Sather poured in the points. Bennett was the leading scorer with 12. Gehrike had 11, Sather 10 and Ochs accounted for 9. . . Ted Fey and Orville Halseth of Kendrick each scored eight points. . . Kendrick got off to a bad start when it was unable to connect during the first period. Genesee dropped 14 points and the Tigers collected but two field goals during the opening frame. . . Genesee increased its advantage two points during the second stanza, which ended with the Bulldogs in the lead 21-16. The same kind of margin prevailed throughout the contest. . . Both sides lost two players via the foul rule. They were Luther Parks and Bob Ware for Kendrick and Gehrike and Jim Springer for Genesee. . . Genesee (50) FG FT PF TP Sather, F . . . 5 0 0 10 Raddau, F . . . 1 0 1 0 Gehrike, F . . . 3 5 11 Nelson, C . . . 0 0 0 0 Ochs, C . . . 3 4 9 Springer, G . . . 2 2 12 Bennett, G . . . 2 2 12 Elkum, G . . . 1 2 3 0 Liberg, G . . . 0 0 0 0 . . . Totals . . . 13 12 20 38

Genesee Defeats Orofino — In Saturday evening play, in the finals, Genesee completely upset the Orofino Maniacs, with a record of 33 straight wins, by defeating them 42-28. . . Orofino, for some reason, seemed unable to get going, and shot after shot by the Maniacs just rimmed the basket, bled and fell outside Genesee. The other hand was "hotter than a firecracker" and it seemed as if every shot taken plunked through the hoop. . . By this win Genesee goes to the state tournament as the No. 1 team from District 2, with play beginning Wednesday night of this week.

Tigers Treated — By way of a bit of relaxation after their grueling series of games, the Tigers, chaperoned by Ben Cook, spent Friday night in Lewiston, and used their contestants tickets to see the Saturday night game before rolling homeward. They also "cashed in" on free milk shake tickets, show tickets, etc. given them by the Lewiston Chamber of Commerce. All-in-all, they reported a good time over the week-end, despite arriving home dog-tired and sleepy-eyed, and we might also mention that Ben Cook stated he "could do with a bit of sleep" as ten healthy lads rather keep a "chaperone" on the jump. . . Tigers Banqueted — Mr. and Mrs. R. L. Blewett and Mrs. and Mrs. Burton Souder were host and hostesses at a steak dinner for the Tigers and the Yell Queens and Coach Armitage at Bur's Confectionery Monday evening, followed by a high school dance at the gym. . . Jewelry Shop Changes Hands — B. F. Nesbit, who has been operating a jewelry store for the past few months, announces a deal has been consummated whereby Mr. and Mrs. Roy Davis of Lapwai have purchased his stock and jewelry repair shop. They plan to take possession Monday of next week. . . The building was not a part of the deal. . . Members of Idaho 4-H clubs preserved 33,000 quarts of food last year.

Signs Of Spring

Billy and Frances Dammarell brought in a big bowl of buttercups in full bloom last Friday — and said that they had had them for some time. . . Marvin Long planted peas in his hill-side garden plot Tuesday of last week. . . Mrs. Edgar Long reports crocus, primroses and violets blooming in her flower beds. . . Another sure sign of spring is the number of new cars that have made their appearance locally in the past few days — and the variety of colors and body styles reminds one that spring is not the only thing that is colorful. . . And — Mrs. Al Westendahl received 100 baby chicks last week.

OLD TIME SOUTHWICK RESIDENT PASSES AWAY

Mrs. Louise Daggett, 89, a pioneer of Southwick and Lewiston, died at her home at 315 Bridge street in Clarkston, Wednesday morning of last week at 3:40 o'clock. Death was attributed to the infirmities of age. . . Mrs. Daggett was the widow of the late Walter E. Daggett, former Nez Perce county assessor and deputy sheriff. He died in 1917. . . Mrs. Daggett was born at West Bend, Wis., April 1, 1860, and came west with her husband in 1897. They operated a store at Southwick for several years before moving to Lewiston. . . Mrs. Daggett is survived by two daughters, Mrs. Georgiene Lasker and Mrs. Adlene Marlett, Lewiston; one son, Walter Daggett, Portland; two brothers, William Sievers, Milwaukee, and George Sievers, Ogalla, Nev.; a sister, Mrs. Amelia Thode, Portland; and five grandsons, Joe, Paul and Louis Lasker, Clarkston; and Walter H. and John M. Daggett, Portland. . . Funeral services were conducted Friday, March 3 at 2:00 o'clock at the Vassar-Rawls chapel by the Rev. Douglas Vance. Burial was in Normal Hill cemetery, Lewiston.

To Attend Trailblazer Banquet

Twenty-six employes from the Palouse division of the Washington Water Power company will be honor guests at the firm's 12th annual Trailblazer meeting to be held in Spokane, Saturday, March 11. . . The yearly meeting is sponsored by the WWP Co. in recognition of active and retired employees who have completed 20 or more years of service. The group has grown this year to a total membership of 390. The Saturday evening meeting will also commemorate the company's 61st anniversary in the Inland Empire. . . To receive pins indicating more than 20 years of service are V. S. Casebolt, Moscow, and H. C. Schupfer, Kendrick, 25 years, and H. C. Schultz, Pullman, 30 years. . . Ninety-nine men and women from all parts of the company's service area in Washington and Idaho are being similarly honored. J. E. E. Royer, vice president and general manager of the pioneer hydro-electric firm, will present the pins. . . Included in the banquet guests will be J. D. Lewis, Palouse division manager, Pullman.

4-H Club Meeting Held

The Big Bear Ridge Farm Boys' Club, led by Gerald Ingie, met at the Oscar Slind home Tuesday evening of last week with 11 members and seven visitors present. . . All members gave reports on their projects. . . Judging was done for the Hoard's Dairyman Judging contest, and reports will be sent in for grading. . . Roger Jones, Donald Ingie and Paul Kortemeier demonstrated to the first year electricity students the making of wire splices. . . Mr. Ingie reported on the tractor maintenance school he had attended in Boise, and five members will soon begin the lessons in this course. . . Maxine Slind, Dawn Nelson and Marjorie Ingie met with Mrs. Ingie and decided on summer projects in Health, Cooking, Sewing, Room Improvement and Arts and Crafts. . . At the close of the business session games were played and refreshments served.

About Politics

It's again the open season for politicians and political announcements, and every mail brings from one to four of these so-called "news releases." . . We feel that again our business position should be stated: "Strictly Independent In Politics," and any political announcements seen in the columns of the Kendrick Gazette are and will be "Paid Advertising." . . We make our living through the sale of advertising space, it's our stock in trade the same as a yard of goods or a can of pineapple on the shelves of a business house. . . Politicians want this or that job for the money they will receive therefrom (almost without exception) so we see no reason why we should not be paid for our stock in trade. . . Home From Special Session — Mrs. Lora Albright, Nez Perce county representative, visited at Lewiston Sunday enroute to her home near Julietta. She attended a meeting of the Daughters of the American Revolution at Caldwell last week after the special session of the legislature at Boise. Mrs. Sam Skilern and Mrs. Nettie Woods of Lewiston also attended the Caldwell meeting of the D. A. R. . . Gust Lukens III — Gust Lukens is quite ill at his home here, and appreciates very much the friends who have called.

PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Bob Watts, who is working at Farragut, Idaho, was home over the week-end, bringing his friend, Ed. Gill of Rathdrum, with him. . . Mr. and Mrs. Richard Johnson and baby daughter of Lewiston spent the week-end here with her parents, Mr. and Mrs. L. D. Crocker and family. . . Rev. and Mrs. R. F. Griffith and children of Ritzville, Wn., were Monday visitors in the home of his sister and family, Mr. and Mrs. W. L. McCreary. . . Mr. and Mrs. Albert Westendahl and family and Gilbert Candler were Sunday dinner guests in the home of Mr. and Mrs. Ben Westendahl. Gilbert is attending the U. of I. . . Mrs. Hiram Galloway returned Sunday from Pasco, Wn., bringing her little granddaughters, Pamela and Sandra Arbogast home with her, while their mother recuperates from recent major surgery. . . Mrs. Wade Keene left Saturday for LaCrosse, Wn., where she met her husband, who is working there. On Sunday they were joined by Mr. and Mrs. Geo. Jones and daughters of Kennewick, Mrs. Keene returned home with the Jones family for a visit in their home Sunday evening. . . Miss Dorothy Holt, Lewiston, spent the week-end at her home here. . . Mr. and Mrs. B. Hensen and baby daughter of Lewiston visited her grandmother, Mrs. Estella Leith, last Friday. . . Eugene Mattoon of Lewiston was transacting business and visiting old friends in town Saturday. . . Mr. and Mrs. John Samuels of Lewiston were transacting business and visiting friends in Kendrick last Friday. . . Mrs. Werner Brammer is substituting for Mrs. Lewis Lindquist this week at the high school, while Mrs. Lindquist is at the bedside of her husband, who is in the Moscow hospital. . . Mr. and Mrs. Roy Ramey, Jr., and daughters of Rosalia, Wn., came Saturday to visit in the home of his parents. Roy, Jr., returned Sunday evening, while his wife and daughters remained for a longer visit. . . Mr. and Mrs. Walter Koopp were Lewiston visitors Tuesday. . . Mrs. Carl Riggers and baby of Gifford were visiting Mrs. Geo. Brocke, Jr., and Mrs. Allen Medallin in Kendrick last Friday. . . Mr. and Mrs. Jesse Thornton have received word that their son, Opl. Boyd A. Thornton, has been transferred to Camp Carson, Colo. His new address is: Opl. Boyd A. Thornton, 3904 Training Squadron, Camp Carson, Colo. . . Leonard Wolff, who accompanied Gerald Ingie and Burl Trout to Boise two weeks ago to attend a 4-H Club leaders training school, returned by plane to Lewiston last Friday. After the training school ended he visited with his brother, Herbert Wolff and family at Meridian, Idaho, and with Rev. Sherwin Schmidt and family at Nuvssa. On Sunday, the Wolffs and Rev. Schmidt and family were dinner guests of Mr. and Mrs. Bob Smith, former Cameron residents. Leonard reports the crops in this area look better than any he saw while away. . . Mr. and Mrs. George Brocke, Jr., and son Dean left Sunday for Kellogg to visit her aunt, Mrs. Otto Schoeffler. Geo. returned that night, while his wife and son remained to spend the week. . . Mrs. Norris Walker of Clarkston was in town Friday visiting in the H. C. Schupfer home. . . Dr. and Mrs. Harry Emmel of Seattle stopped here Saturday to visit for a short time at the homes of Mr. and Mrs. W. A. Watts and Mr. and Mrs. H. C. Schupfer. Dr. Emmel used to live here some 25 years ago — his father being the Methodist minister. . . Mr. and Mrs. Bob Magnuson and children were Walla Walla, visitors Wednesday of last week. . . Mrs. Paul Lind spent Monday in Moscow at the home of her son, Leon Lind and family, returning Tuesday. . . Maribel Schupfer and Beverly Schupfer, U. of I. students, were home over the week-end. . . Mr. and Mrs. Joe Watts and daughters Janey and Linda of Moscow came down Sunday to visit home folks. They left their daughters with their grandparents, Mr. and Mrs. W. A. Watts, while they went on to Spokane to be gone over Tuesday. . . Mr. and Mrs. Kenneth Brocke and family and Robin Magnuson attended the basketball game in Moscow Friday evening. . . Dr. J. H. Coulter drove to Moscow last Wednesday evening, where he enjoyed dinner with his son David, after which they attended a community concert. . . Mr. and Mrs. Robert Draper of Leland and Mr. and Mrs. Billy Deobald and daughter Barbara Jo were Saturday evening guests in the Oral Craig home. . . Louis Lindquist was taken to the Moscow hospital Sunday, where he is being treated for nephritis. He has been quite ill. . . Mr. and Mrs. Dick McCall of Lewiston came up Saturday and visited in the Walter McCall and Walter Benschoter homes over the week-end. . . Mr. and Mrs. Teddy Deobald of Moscow spent the week-end here with their parents, Mr. and Mrs. E. A. Deobald and Mr. and Mrs. E. M. White and family. . . W. S. C. S. Study Club To Meet — Friday afternoon at 2:00 o'clock the study class of the Kendrick W. S. C. S. will meet at the homes of Eldridge. The ladies of the community are cordially invited to attend.

4-H Club Girls Learn Sewing

With one eye on spring and the other on their pocketbooks, Idaho 4-H Club girls are off to a good start in the 1950 National 4-H Club Clothing Achievement program. Last year more than 6,500 girls throughout the state took part in this activity.

Interest in the program is always keen because every young lady — whether she is 10 or 20 — likes pretty clothes. Local club leaders and extension agents teach the girls to select attractive patterns, buy good fabrics, and plan a practical wardrobe. Hats, bags and other accessories are designed, too, at a considerable saving.

Evidence that 4-Hers do acquire a working knowledge and skill in dressmaking is the fact that in 1949 more than 2,000,000 garments were made by some 591,000 club members. Another important phase of the clothing program is learning how to remodel out-of-date dresses and coats. Many daughters stretch the family budget by making over apparel for younger brothers and sisters.

In addition to these accomplishments, members have a chance to earn recognition for outstanding achievements in clothing work. There are scholarship awards of \$300 each

to the 12 top-ranking girls in the nation; an all-expense trip to the National 4-H Club Congress in Chicago for state champion, and gold medals for county winners.

The program is conducted under the supervision of the Co-operative Extension Service.

Kendrick Grange Meets

The Kendrick Grange met Tuesday evening with 41 members present. One officer was absent.

It was decided to observe Holy Week, with Grange members attending services in a body, Tuesday evening, April 4, at the Community church at 7:00 o'clock, with the regular business session to follow at 8:00 in the Grange hall.

Plans were also completed for a basket social, which will be held on Saturday evening, March 18. Everyone is asked to attend in overalls and aprons.

A short St. Patrick's Day program followed the business session with a skit and a reading by Irene Millard. Delicious refreshments were served at tables beautifully decorated in honor of St. Patrick's Day and spring.

Get that Bird's Eye fresh frozen fruits, vegetables, juices, fish, etc., from the frozen foods case at Blewett's Grocery-Market in Kendrick.

NEWSY ITEMETTES FROM AMERICAN RIDGE AREA

Mr. and Mrs. Ed Kent left Friday for Boise to visit their sons, Roy Kent and family and George Kent and family.

Mr. and Mrs. Andy Cox and Andy Sue, Mr. and Mrs. Warney May, Sr., and Mr. and Mrs. Warney May, Jr., were Sunday dinner guests of Mr. and Mrs. Roy Glenn and family on Texas ridge. The dinner honored Mrs. Roy Glenn's birthday anniversary.

Mr. and Mrs. Ray Knutson and family of Lewiston were Sunday dinner guests of Mr. and Mrs. Perry Mattoon. Mr. and Mrs. Bud Fey and family stopped on their way home from Spokane, where they had spent the week-end.

Mr. and Mrs. Nora Callison and family and E. P. Roberts were Moscow visitors on Saturday.

Mr. and Mrs. Harley Eichner and Mr. and Mrs. Andy Cox attended the W. S. C. Idaho game last Friday evening.

Nora Callison and daughter Nancy attended a Father-Daughter Girl Scout banquet in Moscow Wednesday night. Others going were Orleta Holt, Frances Dammarell, Unis Westendahl, Wilma Wilson and Beverly Mattoon.

Mrs. Earl Harris and daughter Shirley spent last week with her parents, Mr. and Mrs. Perry Mattoon.

Mr. and Mrs. Geo. Havens had as their guests Sunday Rev. and Mrs. Meske and family of Cameron, and Mr. and Mrs. Homer Parks and family of Leland. In the afternoon Mr. and Mrs. Parks and daughters Linda and Leone, Mrs. Meske and Mrs. Havens attended the showing of pictures on Bolivia and a lecture in the Troy Lutheran church, given by Mr. and Mrs. J. L. Showalter, who are missionaries in that country.

Mr. and Mrs. Harley Eichner were Lewiston visitors on Monday.

Mr. and Mrs. Ralph Arbuckle were Friday evening visitors of Mr. and Mrs. Clarence Dougharty.

Mr. and Mrs. Geo. Davidson and Mr. and Mrs. Fay Kosman and family of Moscow were week-ago-Sunday dinner guests of Mr. and Mrs. Perry Mattoon.

Mr. and Mrs. Clarence Dougharty were Lewiston on Saturday. Mrs. C. W. Jessup of Juliaetta accompanied them down and Miss Ruth Leland of Lewiston returned home with them to spend the week-end with her sister, Mrs. Jessup, at Juliaetta.

Nita Benscoter had as her birthday anniversary guest, Marjorie Ingie and Loetta Roberts, Tuesday evening.

Mr. and Mrs. Dick McCall of Lewiston were visitors at the home of her parents, Mr. and Mrs. Walter Benscoter, on Tuesday. Jack Benscoter accompanied them home.

Wayne Davis was a Tuesday evening supper guest of Mr. and Mrs. Walter Benscoter.

Nora Callison took a group of young folks who played in the band to Lewiston last Wednesday, and also attended the basketball game. Those going with Nora were his daughter Nancy, Janice Christensen, Don Ingle, Roger Jones and Priscilla Benscoter.

Mr. and Mrs. Otto Schunfer of Juliaetta and Mrs. Myrtle Deobald of Clarkston were Sunday afternoon visitors of Mrs. Mary Deobald.

Mr. and Mrs. L. Heimgartner and daughters were Tuesday evening supper guests of Mr. and Mrs. Wayne Heimgartner on Potlatch ridge.

Mr. and Mrs. Wayne Davis and son went to Moscow Tuesday to take their son to the doctor. Mrs. Davis and son remained over night.

Mr. and Mrs. Harold Roberts took their son Leonard to Lewiston last Tuesday, where he left for Cloverland for work. Mrs. Lena Chapman, Mrs. Roberts' mother, returned home with them to spend the week. The Roberts family took her back to Clarkston Saturday.

Mrs. Dora Taylor of Moscow spent Saturday night and until Tuesday at the Walter May home, and Tuesday night and Wednesday with her brother, Warney May, Sr., and family.

Mr. and Mrs. Wayne Davis and son and Mr. and Mrs. L. Heimgartner and daughters drove down Monday to witness the breaking of the big log jam in the Clearwater river.

Mr. and Mrs. August Brammer and son Cecil were callers Sunday afternoon at the Werner Brammer home. They also called on Mr. and Mrs. Henry Brammer in Juliaetta on their way to Lewiston.

Mr. and Mrs. Warney May, Sr., and Mr. and Mrs. Warney May, Jr., were Moscow visitors on Monday.

All the children who have been ill are well and back in school, with

the exception of Patty Nelson and Raymer Havens, who are on the sick list this week.

Bruce May, N. I. C. E. student, spent the week-end with his parents, Mr. and Mrs. Walter May.

Mrs. G. S. Porter Succumbs

Josephine Moser Porter, 54, native of Idaho and one of Lewiston's best known matrons, died at 7:30 Tuesday morning at St. Joseph's hospital where she had been a patient for the past five weeks. Death was due to cancer.

Mrs. Porter was born at Weippe, March 26, 1896, a daughter of Dr. and Mrs. J. T. Moser. Dr. Moser, who now lives with his wife at Lewiston, is a pioneer north central Idaho dentist.

Mrs. Porter moved to Kendrick with her parents when she was a child. After graduation from the Kendrick high school, Mrs. Porter attended Lewiston Normal school at Lewiston.

She married Glenn S. Porter at Kendrick on May 30, 1913.

Mr. and Mrs. Porter lived at Cude-sac and Winchester before moving to Lewiston in 1925. Mr. Porter is employed at the Clearwater mill of Potlatch Forests, Inc.

She is survived by her husband, her parents; two daughters and three sisters.

Funeral services were conducted this morning (Thursday) at St. Stanislaus Catholic church by the Rev. Fr. Henry Blackmore. Burial was in Normal Hill cemetery.

Game Violations Way Down

Fewer hunters, fishermen and trappers were arrested during 1949 than in the previous year for violating game laws, the fish and game department reported this week. A total of 1180 persons ran afoul of game laws and appeared in court to answer charges during 1949; the 1948 total was 1234. Most of the violations occurred during the fishing season. Officers reported a substantial increase in wrong-class license arrests during the past year.

Idaho now has 52 conservation officers, slightly more than one for each of the state's 44 counties.

Ten more conservation officers are scheduled to be added to the enforcement roster in the near future.

Prune Grapes Now

Bigger grapes next fall will be the reward of careful pruning now. Not even a reduction in yield will follow the pruning if the man with the shears does a good job.

"There are some facts and pointers we need to know about pruning our grapes," says Lief Verner, horticulturist at the University of Idaho. "With the kind of grapes we grow in Idaho, it's better to prune for long canes rather than short spurs. Short spurs produce fewer and smaller clusters. What we're after is quality and quantity."

Car Cracks Up

Some time Sunday night a car said to belong to a Mr. Curtis of Avon, left the road on the hill and turned at the foot of the Arthur Johns hill between Juliaetta and Kendrick, and only a telegraph pole prevented it from winding up on the railroad track.

Car and pole were both damaged considerably, but we understand the occupants of the car were unhurt.

Special Church Services

Special church services are being planned for Holy Week (April 2-9) at the Community Church. One organization already has voted to attend in a body for one service (Tuesday, April 4).

Any others who would care to do so are more than welcome.

Parents Of Daughter

Word has been received that Mr. and Mrs. Ted Vaughn, now in Spokane are the proud parents of a baby daughter, born Feb. 24.

Visiting In Kendrick

Carrol and Charlie Calkins arrived Wednesday from Yakima for a visit at the Ben P. Cook and R. L. Blewett homes.

Idaho's pig crop is likely to be about five percent less than last year, according to estimates of the University of Idaho extension service. Farmers have indicated only 27,000 sows will be farrowed.

Get those fresh Fryer Rabbits at Blewett's Grocery-Market in Kendrick. Tender, juicy eating at a low cost.

Building Supplies of all kinds may cost. 1-adv.

1950 Chevrolet Offers Automatic Transmission

As in 1949, Chevrolet's newest line of passenger cars offers two individually designed sedans. This is the Fleet-Line, so described because the curvature of the rear quarters follows body roof lines. Fresh beauty in exterior and interior treatment is visible to the eye with increased power and comfort highspotting chassis improvements. In addition, the company offers an automatic shift in the optional Powerglide transmission.

Distribution Difficulties

During the past three weeks of bitter cold weather we experienced a great deal of difficulty in ink distribution on our newspaper press — and we well realize that those issues were far from being well printed.

In all probability this week's issue will also not be all that it should, for the ink fountain will again have to be adjusted — which is no small job.

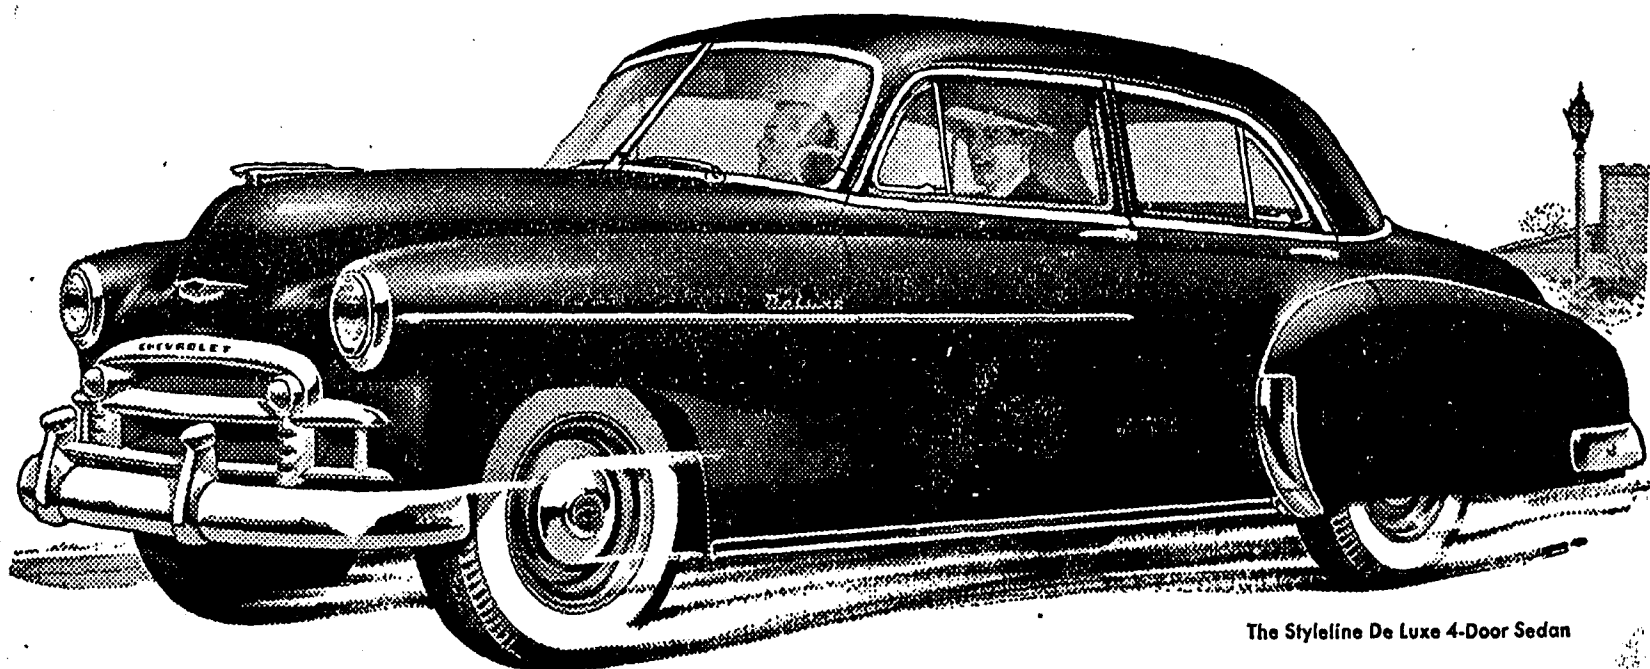

We were able to heat our shop, but the newspaper press, sitting on a solid slab of concrete in the corner of the building, drew cold from the ground around and below it — and we just couldn't get it warm enough to do good work, despite electric reflectors, lamps, etc.

Arrests Were Few

Twenty-five arrests were made by game department officers for violations of the Idaho fish and game laws during January, the fish and game department announced this week. Eight counties were represented in the report.

Highest fine reported was from Shoshone county, where one violator was assessed \$100 for the possession of elk meat during closed season. Bingham county led with nine arrests. Five arrests were reported from Nez Perce county and one from Latah.

Milk Output Seen As Forecastable

'Factor' Method Used In 50-70 Day Tests

Breeders of Ayrshire dairy cattle can now determine the annual milk production of their cows, with a maximum margin of error of only eight-tenths of one per cent, on the basis of fifty to seventy day milking records.

It is expected that dairy farmers will save untold thousands of dollars every year by the scientific selection of bulls at an early date. The breeding value of bulls, whose blood strains affect milk production as well as the butterfat content in milk, can now be determined more quickly than ever before by the application of this accurate advance data.

This revolutionary development in dairy farming was announced by Henry Mosle, chairman of the research committee of the Ayrshire

A famed Ayrshire cow, Iroquois Sally Winters, with owner Robert L. Knight, of Lippitt Farms, R. I., one of the nation's top dairy cattle farms. Knight can now forecast Sally's annual milk yield on analysis of 50-70 day lactation figures by using the Ayrshire "factors" service.

breeders' association. Mosle, owner of Fair Meadows farm, Litchfield, Connecticut, made the announcement after the 1949 annual meeting of the research committee, at the headquarters of the Ayrshire breeders' association in Brandon, Vermont.

The accuracy of the statistical "factors" which forecast the annual milk yield of Ayrshire cows was established after a year's intensive survey by Donald Trombly, head of the division of records of the Ayrshire breeders' association.

Approximately 500 Ayrshire herds in 40 states participated in the survey, in order to insure a genuine cross-section in testing the "factors." Each herd numbered from five to 125 cows. It was established that the 50-70 day "factors" can determine a herd's annual milk yield with 99.25 per cent accuracy.

Mosle stated that in order to give Ayrshire breeders the whole truth, and avoid misrepresentation of any nature, unselected data was used in checking the accuracy of the "factors." In other words, the widespread practice of using select cows and bulls was avoided.

The farmer can now decide whether or not to continue using a bull for breeding purposes eight months earlier than was heretofore possible. Untold thousands of dollars will be saved by this practice. Furthermore, the use of the "factors" will enable the breeders to improve the genetic quality of the bulls in their herds more rapidly than ever before. This early building up of "blood" will result in increased milk production with higher butterfat content.

New Cattle Dock

Shown here is a view of the recently-completed truck unloading dock for cattle at the Chicago stock yards as seen in full operation on opening day. The dock is the largest and most modern in the country. It has a capacity of 14 trucks at a time.

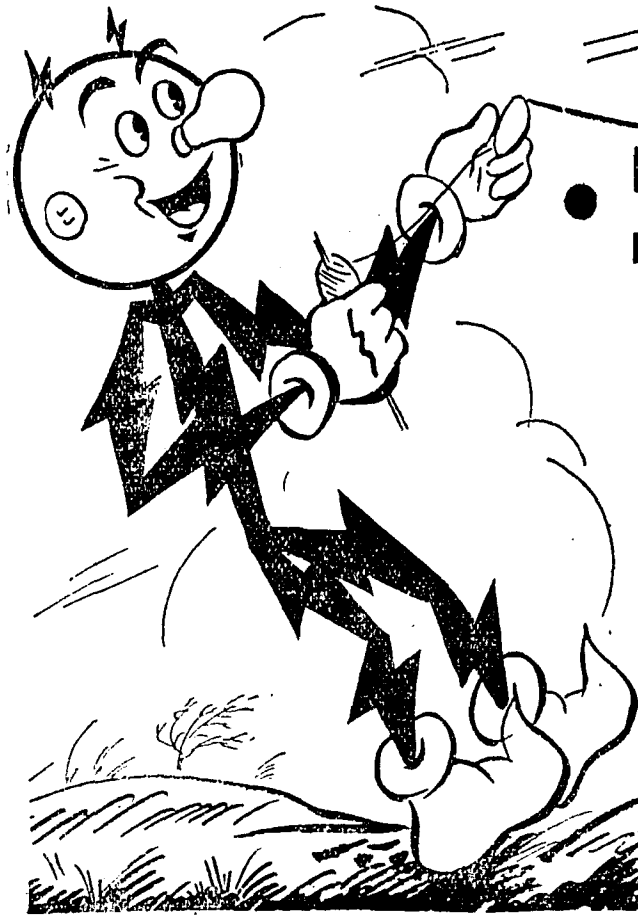

Irrigation Given as Way To Prevent Frost Damages

Irrigation is being cited as a practical and economical method of preventing frost damage to crops in addition to serving as a protection against dry weather.

Strawberry growers in Michigan report that nearly 100 per cent success against frost was realized on that crop when the crops were kept covered by sprinkler irrigation systems which were used last spring in the first test of the procedure.

THE WASHINGTON WATER POWER CO.

Geological Survey Party Finds Traces of Early Man

Along the swift courses of the Kukpowruk and Kokolik rivers on the northern slope of Alaska, 192 sites that gave evidence of the former presence of aboriginal men—some of whom perhaps were among the earliest humans in the new world—were located last summer by Ralph S. Solecki of the Smithsonian institution's bureau of American ethnology.

The archaeologist accompanied a geological survey party of six who were engaged in mapping the region. The sites covered a range from ancient stone-chipping stations—essentially spearhead factories—to villages. The artifacts ranged from the fairly modern to mysterious stone nodules quite similar to some of considerable antiquity which have been found in the Gobi desert.

It had been hoped to find more Folsom points. These curiously flaked spearheads which have been found associated with remains of long extinct animals, constitute the earliest traces of man found on this continent and date back at least 10,000 years. The discovery of one such point two years ago in the general region covered this summer led to the assignment of the archaeologist on the expedition.

It is quite likely that this was the major road which man followed after crossing into North America from Asia in the Bering strait area. While no more Folsom points were discovered, other artifacts indicate ancient and long-continued migrations along the foothills of Alaska's Arctic mountains from which approximately 10 milleniums ago an ice-free corridor is believed to have stretched south into the middle of the continent.

The expedition was in the field more than three months. The party descended both rivers in collapsible boats.

World Calendar Proposed To Perfect Time Reckoning

The world calendar is a new calendar which has been proposed in order to eliminate many of the defects of our present system of reckoning dates. Each year would be similar, with twelve months the same as those we now use, explain scientists of the General Electric research laboratory. The first months of each quarter (January, April, July and October) would begin on Sunday and have 31 days, while other months would have 30 days. Each quarter would thus have 13 weeks or 91 days and would end on Saturday.

Since four such quarters total only 364 days, it is necessary every year to have an extra day, called "Worldsday" and not belonging to any week, which comes between Sat., Dec. 30 and Sun., Jan. 1. Every fourth or leap year would have another such extra day following June 30.

A bill now before congress calls for the adoption of this reform by making Dec. 31, 1950, the first "Worldsday," so that the next day would be Sun., Jan. 1, 1951, by the world calendar.

Powdery Mildew-control

A chemical, 10 times as effective as lime sulphur in the control of powdery mildew, has been tested on the Berkeley campus of the University of California. Its scientific name is dinitro capryl phenyl crotonate, and is contained in arathane, a product still in the experimental stage. Dr. C. E. Yarwood, plant pathologist in the college of agriculture, reports that he tested the chemical on powdery mildew of bean and apple. He used five hundredths of 1 per cent of the stock solution in his field trials, and found it the first material more practical in mildew control than the most effective sulphurs. No injury to humans could be detected. Neither is the chemical harmful to plants at the dosages tested.

Retinning Copper Kettle

Can an old copper kettle be retinned, in the manner of the old-time pan peddlers who used to go around the country doing this? The peddler, who generally had years of experience, often applied the tin coating by dipping the pan into a bath of molten tin. He could do this because of the large number of pots and pans to be coated, but it would hardly be practical to do it for a single pan, as it might be necessary to purchase something like 10,000 times the amount of tin actually needed. Modern stainless steel and aluminum cooking utensils are so low in cost and satisfactory in performance that tinned copper is no longer used to any extent for such products.

Reducing Egg Waste

It is important not to waste egg yolks or whites left over from baking. Food scientists of the U. S. department of agriculture suggest these ways to keep and use left-over eggs: To store, cover unbroken yolks with water. Put whites or broken yolks in a tightly covered jar or dish and refrigerate promptly. Do not keep them too long. To use, add either an extra white or extra yellow yolk to scrambled eggs, custard, cheese sauce, cooked salad dressing, the egg-and-milk mixture for French toast or for cooking croquettes, sliced tomatoes, egg plant, or breaded chops before frying.

Pig Brooders Used To Protect Litter

Are Found Valuable At Farrowing Time

"This little pig went to market" is a great first line for a nursery rhyme. But it doesn't go far enough as far as farmers are concerned. They'd rather wait until the pig grows up before sending it to market. And the growing-up process is no snap, especially during the first few weeks when the old sow may crush her precious off-spring as they crowd around her in an effort to keep warm.

The problem of getting hogs to

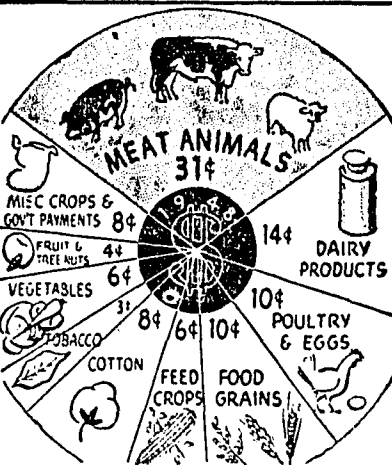

Here is shown a pig brooder in operation. Ofttimes some form of supplementary heat is necessary to prevent a high mortality rate among pigs. Pig brooders such as this have been developed for this purpose.

market starts at farrowing time. In the spring some form of supplementary heat is needed to prevent a high mortality rate. Pig brooders have been developed for this purpose. Their use will save an average of one and a half pigs per litter, according to Purdue university.

Brooders are easy to build and economical to operate. Generally, they are constructed by boarding off a corner of the farrowing pen to a height of about 16 inches. A roof is placed over this rectangular enclosure and a board nailed across the front opening about 8 inches above the floor. Heat is provided by a 150 to 300-watt lamp, the size depending on weather conditions. A hole is cut in the top, and the lamp placed in a suitable reflector which is bolted securely over the opening. Pig brooders consume an average of 36 kilowatt hours of power per litter.

Meat Income High

Almost one-third of the American farmer's total cash income last year came from the sale of meat animals, according to the chart above prepared by the American Meat Institute from U.S. department of agriculture figures.

The value of meat animals was more than nine and one-half billion dollars. Total cash receipts from all crops, including government payments, approached 31 and one-third billion dollars.

From their cash income, farmers and ranchers paid out large amounts for stock, feed, labor and other operating costs.

Milk By-Products Hold Infant Food Source

An infant food made from edible by-products of milk may soon open a new market for dairymen in tests now going on in Mexico continue to show favorable results. This is the conclusion drawn by Dr. Harold Macy of the University of Minnesota.

Dr. Macy and Irvine McQuarrie, pediatrics head at the university, have visited Mexico where they conferred with leading pediatricians on the tests.

The new baby food will offer opportunities for use in many countries if future experiments prove satisfactory.

Calf Which 'Sits Down' Interests Veterinarians

Cattle don't sit down ordinarily, so it was news when the American Veterinary association expressed professional interest in the strange case of a Hereford calf on a farm in Tennessee. The AMV journal said the Tennessee calf often sits on the ground with her hind legs sprawled forward.

The calf usually lies down again before trying to rise to all four feet, the journal reported.

RED CROSS RECREATION PROGRAM HELPS HOSPITALIZED SERVICEMEN

Providing recreation and entertainment for hospitalized and convalescent servicemen is an important Red Cross job at military hospitals. These Red Cross hospital recreation workers take a group of patients for a tour of Mammoth Cave, Ky., during an outing sponsored by a community service organization.

Any woman will tell you she'd rather nurse five sick children than one sick man. Doctors and nurses are inclined to agree with her. A man resents being helpless and is often beset by fears for himself and his family. The sick soldier is little different from the civilian, except that treating the sick serviceman presents additional problems.

Unlike the patient in the civilian hospital, who undergoes his convalescence at home, the soldier remains in the hospital until he is completely fit for duty. After the acute phase of the serviceman's illness is past, he is sent to a "reconditioning ward," where he remains until he is able to take up his regular military job. Sometimes he remains there for weeks. And usually he is far from home.

For recreation and simple, pleasurable activities to fill those long hours of convalescence, military physicians in post hospitals look to the American Red Cross and its corps of specially

trained recreation workers. Recreational programs are adapted to the needs of both the man confined to his ward and the convalescent. They range from teaching a bedridden man to play solitaire to dances and bingo games for the man on the road to recovery.

There are motion pictures for both ward patients and the convalescent, and for the ambulatory patients there are tickets and transportation to nearby ball parks and theaters.

There are also the special services provided by volunteer workers. Gray Ladies run errands and write letters, Motor Service provides transportation. Volunteer Services, working with other community agencies, help bring into the hospitals boys and girls of the same age group as the hospitalized serviceman.

Red Cross provides the "home touch" which, added to medical and nursing care, helps restore the sick man to good health.

The Corporation Dollar
When an industrial concern sells a dollar's worth of its product, what happens to the money? Do the owners happily pocket most of it? The report of a good-sized coal company for the year which ended last April 30 (before 3-day work week, shows how most of it is spent. Out of each dollar it received in sales, this company paid out 51.21 cents for labor. The next biggest cost was payments made for purchases and services, which totaled 32.01 cents. Welfare and pension funds, which are solely for the benefit of labor, cost 4.91 cents, while the government took 4.21 cents in taxes. It was necessary to retain 2.63 cents for use in carrying on the business, and interest on long-term indebtedness amounted to .78 cents. Finally, out of each dollar it was paid for its product, the stockholders received in dividends 2.02 cents — a trifle more than one-fiftieth. To sum up, the workers for this company received about 25 times as much as did the owners, and the government got more than twice as much as the owners. The money paid in dividends was one of the smallest items in the concern's financial operations. As a general rule, workers receive a great deal larger part of the industry's total earnings than do the owners — and government commonly gets as much or more than the owners. In these days' you'd search a long time to find a corporation in which the stockholder receives the lion's share.

GOLDEN RULE

Mr. and Mrs. Walter Evenden and daughter spent Sunday afternoon and evening at the D. V. Kuykendall home.

We understand the following are among those entertaining chicken pox in our neighborhood: Caroline Lawrence, David Cowger, Jerry Kuykendall and Mary Ann Pavel.

Roy Martin went to Lewiston on Monday to spend the week with his family there.

Mr. and Mrs. John Westgate and Nila Skaggs of Clarkston, and Mr. and Mrs. Don Christensen and family of Camp Y spent Sunday at the Glen Betts home.

Albert Lawrence was absent from school a couple of days the last of the week with a sore throat.

Percy Ware is visiting his sister, Mrs. Carl Finke and family.

Mrs. Carl Finke spent Monday afternoon with Mrs. D. V. Kuykendall, while Carl and Denzil made a trip to Orofino. On their return the Finke family and Percy Ware were supper guests at the Kuykendall home and spent the evening.

JULIAETTA NEWS

Billie Gebhart is recovering from a severe attack of "strep" throat.

Mr. and Mrs. Onal Cope and son Freddy returned Monday from Crane, Missouri, after spending the winter there.

Mrs. Neil Candler, Ione Ambrose and Dale Candler were Lewiston visitors on Monday.

Ray Taylor and nephew arrived here from Blackfoot, Idaho, last week, to spend some time visiting relatives.

Phil Southwick of Southwick and a friend were visiting in Juliaetta Friday afternoon.

Dale Candler returned home Friday from Oakland, Calif.

Dick Burns, Earl Wicks and family, Louise Peters and Addie Luman entertained in the Lura Nelson home Sunday evening for a number of friends.

Quite a crowd attended the weekly Saturday night dance. Attendance was down somewhat, however, due to road conditions.

Mrs. Mary McCall is now in Walla Walla, visiting in the home of her brother and wife, Mr. and Mrs. Harry Hechtner.

CARD OF THANKS

Words cannot express our appreciation to those who so kindly assisted us and expressed their sympathy by kind words and beautiful floral offerings during the illness and death of our beloved wife and mother. — Emulus R. Brown and Family.

Spray Peach Trees Now

U. of I. — Orchardists and home growers will do well to spray their peach or apricot trees now, before the buds start to swell and blossoms begin appearing, says J. M. Raeder, plant pathologist at the University of Idaho.

"Once the blossoms come out it's too late for spraying," Raeder explains. "The plant parts will already have become infected and the spray will have no effect. We can control two common fungus diseases, coryneum blight on peaches and apricots and peach leaf curl on peaches, by using dormant sprays."

Both the blight and the curl reduce the quality of the fruit. Coryneum blight produces cankers on the tree limbs, and brown spots appear on the leaves and fruit. Eventually, the leaves become "shot-holed."

The pathologist describes peach leaf curl as a real tree killer, unless owners take the proper steps to control it. It produces a heavy, thick, leathery leaf, and causes the leaves to wrinkle with some reddish discoloration. The affected leaves fall prematurely. The damage leaves the trees wide open for winter kill, and the tree eventually dies.

Raeder suggests using lime sulfur at dormant strength as a prevention for both diseases. Bordeaux mixture is an old standard control for peach leaf curl.

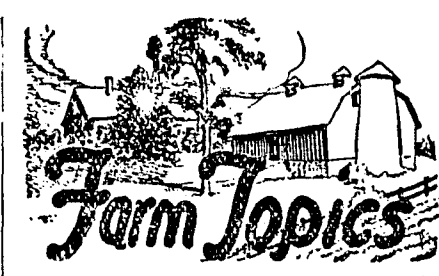

Ellen W. Seven Passes Away

Juliaetta, March 7. — Ellen Wah-wonot Seven, 83, venerable member of the Nez Perce Indian tribe, died at 10:45 this morning at her home near Juliaetta. Death was due to the infirmities of old age. Mrs. Seven had been in poor health for the past eight years.

She was born in 1867 in the state of Washington and had lived in this area almost all her life.

Mrs. Seven is survived by a daughter, Mrs. Mollie Harrison, Juliaetta; a brother, Johnny Woods, Lapwai; two nieces, Mrs. Beatrice Wheeler, Lenore, and Mrs. Martha Corbett, Kooskia, and five grandchildren.

Services will be conducted at 2:00 this afternoon (Thursday) at the Spalding Presbyterian church by the Rev. Daniel Scott. Burial will be at Jones cemetery. Brower-Wann funeral home is in charge.

Keep DDT Away From Dairy Cows

Experts Cite Danger Of Milk Contamination

The U. S. department of agriculture's entomologists have issued a warning that DDT should not be used for insect control on dairy cows.

Even small amounts of DDT in food such as milk—a universal diet for infants and small children—might prove harmful in time, according to toxicologists of the food and drug administration who have studied the subject for several

It may be a temptation to use DDT in order to keep your dairy herd looking as sleek and contented as these animals, but authorities warn against it.

They say presence of the chemical in milk would be contrary to the food, drug and cosmetic act.

The entomologists now recommend methoxychlor, another effective insecticide, be substituted for DDT to control insect pests on dairy cows.

Federal entomologists make no change in their recommendations for the use of DDT in controlling insect pests on other livestock, including beef cattle.

The department's entomologists, chemists and veterinarians, cooperating in the investigation of the toxicology of DDT and other insecticides, say the application of DDT directly to milk cows for controlling insects results in the presence of small quantities of the insecticide in the milk. They say also that DDT in small quantities can be detected sometimes in milk following ordinary use of the insecticide for fly control in dairy barns.

The bureau of entomology and plant quarantine has repeatedly cautioned that forage treated with DDT and other chlorinated hydrocarbon insecticides should not be fed to dairy animals or to livestock being finished for slaughter. A number of new insecticides are under investigation by federal entomologists for controlling insects on cows and in dairy establishments.

Leaves Tell Story

The leaves on corn plants tell whether the crop is well fed or starved. That can make a lot of difference at the harvest. For only well fed corn can produce high yields, well filled kernels and good quality ears.

Growers should take a little time to examine those corn leaves in the field. Healthy, well fed corn is a deep, dark green. Any other color spells trouble. It means that the corn plant is starving for one or more of the three plant nutrients—nitrogen, phosphate or potash.

Figure 1 in the illustration shows a typical case of nitrogen hunger. The signs show first at the tip then spread to the midrib of the lower leaves. The middle of the leaf turns yellow and dies.

Figure 2 illustrates potash starvation. It shows on the tips and edges of the leaves. These turn yellow and later look scorched. Corn hungry for potash has weak roots and stalks. It lodges easily. Potash starvation signs can appear at any stage of the corn's growth.

Barn Hay Driers Attract Attention of Many Farmers

Barn hay driers have been attracting a lot of attention recently and many farmers are reported thinking of installing equipment in order to assure themselves of higher-quality hay.

Usually any information desired on techniques or equipment for this work can be obtained from the local county farm agent, or from extension service specialists at the various state universities.

WHAT CAMERON FOLKS ARE DOING THESE DAYS

The birthday anniversary of Mrs. Wilbert Bruniek was observed with a dinner in the home of Mr. and Mrs. Wilbert Bruniek, Monday. Guests were Mrs. A. H. Blum and Mrs. Clay Abright of Lewiston and Mr. and Mrs. Albert Glenn.

Mr. and Mrs. Glen Wegner, Mr. and Mrs. Ed. Mielke, Mr. and Mrs. Aug. F. Wegner, Mr. and Mrs. Ted Weyen, Fred and Wally Newman, Ted Mielke, Cecil Brammer, Roy Sillow, James Whiting and Mr. and Mrs. Herman Meyer were among those attending the District basket-ball tournament at Lewiston last week.

Mrs. George Wilken and Mrs. Walter Koepf were the hostesses at Wednesday's Ladies Aid meeting.

Mr. and Mrs. Curtiss Hull of Cashmere, Wash., were mid-week guests of Mrs. Hull's sister, Mrs. Aug. F. Wegner and family.

Mr. and Mrs. Wm. Brammer and daughter Oraline are guests of Mr. and Mrs. Henry Wendt this week.

Mrs. Fred Newman visited with Mrs. Geo. Wilken Monday evening.

Mr. and Mrs. Herbert Schwarz, Mrs. John Schwarz, Mrs. Ida Stoneburner and Ernest Schwarz were Spokane visitors Monday and Tuesday.

Mr. and Mrs. George Wilken and daughter Marlene were Sunday dinner guests of Mr. and Mrs. Reinhard Wilken. Mr. and Mrs. John Blankenship and family were afternoon visitors.

Mr. and Mrs. Fred Newman and Mr. and Mrs. Henry Newman and daughter Linda spent Sunday with Mr. and Mrs. Glen Newman near Lenore.

Mr. and Mrs. Marvin Sillow and family were dinner guests of Mr. and Mrs. Herman Meyer Saturday evening. The dinner honored Mr. Meyer's birthday anniversary.

Mr. and Mrs. Albert Glenn were Wednesday visitors in the home of Mr. and Mrs. Roy Glenn on Texas ridge. The occasion was Sally Glenn's birthday anniversary.

Mr. and Mrs. Herman Meyer and family spent Sunday with Mr. and Mrs. Marvin Sillow.

Mr. and Mrs. Aug. F. Wegner and Mr. and Mrs. Curtiss Hull visited with Mr. and Mrs. Dan Sullivan at Lenore, Thursday.

Mr. and Mrs. Roy Ramey, Jr., and daughters of Rosalia; Mr. and Mrs. Ernest Brammer and Mr. and Mrs. Roy Ramey, Sr. spent Saturday with Mr. and Mrs. Walter Koepf.

Mr. and Mrs. Emil Sillow and sons, Mr. and Mrs. Harold Sillow and daughter and Ernest and Ernie Helmgartner were Sunday evening visitors in the home of Mr. and Mrs. Marvin Sillow.

Mr. and Mrs. Aug. F. Wegner and Mr. and Mrs. Glen Wegner and family were Sunday visitors in the home of Dr. A. Wegner and sons in Pullman. Other visitors were Mrs. Wm. Rogers of Moscow; Albert Wegner of Wenatchee, Wash., and Mr. and Mrs. C. L. Wegner of Pullman. The dinner honored Dr. Wegner's birthday anniversary.

Mr. and Mrs. Albert Glenn and son Eldon were Sunday dinner guests of Mr. and Mrs. Roy Glenn on Texas ridge.

SOUTHWICK NEWS

Mrs. Given Mustoe returned home Saturday, after spending the past week with her sister, Mrs. Otto Schoeffler, at Kellogg. Mrs. Schoef-

ler has been quite ill for some time. Russell Rodgers was a dinner guest of Mr. and Mrs. Charlie Harris and family, Sunday.

Sunday dinner guests of Mr. and Mrs. Arnie Cuddy were Mr. and Mrs. David Cuddy, Rolland and Anabelle Cuddy of Lewiston; Mr. and Mrs. L. J. Southwick and Mrs. Millie Harris.

Mr. and Mrs. Lou Watson were Saturday evening visitors in the Virgil Harris home.

Mrs. Essel Stalmaker of Southwick and Mrs. Emma Tarry of Cavendish returned to their homes here Saturday, after spending the winter in Seattle.

Mrs. Millie Harris returned home Friday from Lewiston, where she was called by the illness and death of Mrs. Louise Daggett.

Mr. and Mrs. Andy Jones and family of Clarkston were Sunday visitors in the Milton Benjamin home.

Frank and Don Cantril and Mrs. Wilbur Colwell were recent overnight visitors in Pomeroy at the home of their grandmother, Mrs. Lydia Holt. B. O. Colwell returned home with them after spending the winter in Pomeroy.

Jack Mustoe, N. I. C. E. student, spent the week-end here with his parents, Mr. and Mrs. Givie Mustoe. Mr. and Mrs. Irvin Fry and son Eldon have gone to Oregon to spend a couple of months. Ervin will be employed there, and they will also visit with relatives.

Mr. and Mrs. Grover Danforth called on Mr. and Mrs. Ervin Fry Thursday evening. Burt McGovern, Southwick, was transacting business in Kendrick on Friday.

LELAND NEWS ITEMS

A group of ladies met with Mrs. Harry Smith on Friday and assisted with quilting for the annual W. S. C. S. sale. A pot-luck dinner was served.

Mr. and Mrs. Vern Flesham of Portland arrived here Friday and are guests of Mr. and Mrs. Herman Johnson. They are also visiting other relatives.

The Study Club will meet with Mrs. Ben Hoffman on Wednesday, March 15, at 7:30 o'clock. The lesson will be "Women of Scripture," led by Mrs. Ercil Woody.

Mrs. Bessie Kimes and family and Waldo Smith and son Russell, all of Pomeroy; Mr. and Mrs. Lawrence Eichman, Mrs. Willard Reed and son Timothy and Clinton Smith, all of Lewiston, were Sunday dinner guests of Mr. and Mrs. Harry Smith.

Mr. and Mrs. Billy Deobald and daughter Barbara Jo of Moscow, Mrs. Dora Haffel and Mr. and Mrs. Roy Craig and daughter Paige were Sunday dinner guests of Mr. and Mrs. Billy Weyen.

Mr. and Mrs. Marvin Vincent were Sunday guests of Mr. and Mrs. Wm. Rogers in Moscow.

Mr. and Mrs. Earl Whiting and Mr. and Mrs. Robert Draper were Sunday dinner guests of Mr. and Mrs. W. H. Weyen.

Mr. and Mrs. Howard Hoffman and daughter were week-end guests of Mr. and Mrs. Ben Hoffman.

Mr. and Mrs. Ervin Draper and son Gary and Erma Lohman attended a family reunion and dinner in Clarkston Sunday at the home of Mr. and Mrs. Herman Lohman, Sr. The occasion celebrated both Mr. and Mrs. Lohman's birthday anniversaries. Miss Betty Lohman of Lewiston returned with them to spend a week here visiting.

ARROW HAPPENINGS

(Delayed)

A shower was held at the Arrow school house on Feb. 21, honoring Mr. and Mrs. Don Kidwell of Clarkston. Mrs. Kidwell was formerly Virgie Groseclose. Quite a number were present and the couple received many nice gifts.

Allan Schofield of South Dakota is visiting at the Woodruff and Wing homes.

Dolores and Cheryl Parker of Pendleton are visiting at the Harry Smith home.

The Ed. Groseclose family visited relatives in Juliaetta, Sunday.

Louise Smith is employed at the Western Store and Lois Smith has been promoted to office work at the Montgomery-Ward store. Both are at Lewiston.

Mrs. Ed. Groseclose visited in Ahsanka on Monday.

Don Groseclose spent the week-end with John Groseclose.

Ferry Smith has purchased a new Buick.

Nick Deamo has returned to work on the section crew after a three-month absence due to illness.
