

KENDRICK GAZETTE

VOLUME 60

KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, MARCH 23, 1950

NO. 12

WHAT HAPPENED HERE TWENTY YEARS AGO

Big Bear Ridge — This community will present "An Arizona Cowboy" on Saturday, April 5, at the Community hall. The cast of characters is as follows: Joe Forest, Jack Maynard, Bernard Jones, Bessie Carter, Lloyd Ware, Eula H. Huffman, Georgene Ware, Clarence Morey, Beryl Maynard, Ole Kleih and Liz-zie Jones.

Juliaetta — The Needle Club was entertained on Wednesday by Mrs. Creighton Biddison. Lloyd Glenn arrived Saturday from California to visit relatives. Commodore Perry is back in town after an absence of several weeks.

Southwick — A son was born to Mr. and Mrs. Milton Benjamin on March 17, they are at the C. W. Benjamin home at Palouse. Mr. Benjamin and Mrs. Wm. Winters of Camas, Wn., are here this week visiting her parents. Mr. and Mrs. Roy Southwick and Mrs. Wilmer Hanks have moved from Lenore to the Ben McCoy farm. Miss Enid Blewett came Sunday to visit with her sister, Mrs. Ben Cook and family. Sunday guests at the C. A. Cuddy home were Mr. and Mrs. Roy Southwick, Mr. and Mrs. Wm. Winters and Mr. and Mrs. Howard Southwick. Mrs. Homer Hayward and son Doyle, Mrs. Clara Bateman and daughter Edith, and Roy Douglas were Lewiston visitors Saturday. W. A. Cowger and son Abner drove to Orofino Friday where Mr. Cowger received treatment on a leg. It is improving. George Finke and Russell Betts are fencing the W. A. Conner place. Mrs. Leola McFadden of Clarkston visited several days this week with her sister, Mrs. Joe Tschantz and family.

Leland — Mr. and Mrs. Hugh Parks were visitors at the home of Mrs. Hund, Sunday. Miss Mildred Fleishman spent the week-end with Mrs. Robert Draper. Robert Draper, Archie May and Jesse Thornton, Angus Fry and Oney Walker have been busy the past week putting in Mrs. Minnie Blankenship's crop for her.

Cameron — Vern Spekter, while playing on the school ground in Kendrick last week, fell onto a water faucet and suffered severe lacerations of the face. Frank Wilken and son Milton drove to Orofino last week for a short visit. Mr. and Mrs. August F. Wegner and family returned to their farm last week after having spent the past four months in Lewiston. Pupils receiving the highest honor in school for the past month are: Lawrence Schwarz, Walter Koopp, Cecil Spekter, Robert Wegner, Helen Newman, Rosalie Kruger and Nina Schoeffler.

Kendrick and vicinity was visited by the first wind and dust storm of the season. The wind came from the west and it is presumed the dirt it was carrying came from the Snake or Columbia river sections. Also we have been having a little snow, rain and sunshine — to make it perfect March weather.

A Son Is Born — Mr. and Mrs. E. A. Deobald are entertaining a little son, born to them Saturday morning at St. Joseph's hospital in Lewiston.

Ruptured Appendix — Kenneth Brocke, son of Mrs. Julia Brocke, was taken to the hospital in Lewiston early Tuesday morning suffering with a ruptured appendix.

Entertains Club — Mrs. Silvie Cook entertained the Bridge Club last Wednesday afternoon. Mrs. Frank Rieder was high for the afternoon, while Mrs. A. K. Carlson held low score.

Washout Blocks Tracks

A huge washout, about four miles east of town, which undermined the N. P. tracks to such an extent that there were no trains between 7:00 p. m. Friday and 4:00 p. m. Saturday, still remains the scene of much activity. While temporary repairs, a "hoop-fly" track was made last week, a major repair job is now underway, carloads of huge rocks being dumped to form a footing for the fill required to hold the track, a huge crane and ditches being part of the equipment used. Repairs are still not complete, and trains are crossing this area at a maximum speed of five miles an hour.

Another major railroad improvement operation is also now underway. Two work trains are stationed here, and have started a project of bank widening and ballasting with crushed rock of the right-of-way from Kendrick to Arrow and it is expected that this project will take a major portion of the summer to complete, for many carloads of riprap are also to be placed. The rock crusher for this work is set up on the Bill Carlton place below Juliaetta, and some 40,000 cubic yards of rock will be crushed.

Equipment being used on this work consists of a large crane, a small one, and a ditcher.

It is estimated that, including the repairs made necessary by washouts and slides, the N. P. railway company will spend \$250,000.00 in this area this year.

Dowdy-Riley Nuptials

Miss Doris Dowdy, daughter of Mrs. Chris Weber of Kendrick, and Don Riley, son of Mr. and Mrs. Wm. Riley, also of Kendrick, were united in marriage at Asotin, Wash., on St. Patrick's Day, March 17. After a brief honeymoon trip they returned to Kendrick, where on Sunday evening they were tendered a rousing charivari.

The happy young couple left Monday for Chicago, Ill. where they will reside for the time being, as Mr. Riley will attend an electricians and television school.

Go To State Legislature

Benny Cook, son of Mr. and Mrs. Benny Cook and Joretta Holt, daughter of Mr. and Mrs. Hardy Holt, will leave Thursday for Boise, where they will sit in the Young People's Legislature, Friday and Saturday.

The Idaho Y. M. C. A. sponsors a Young People's Legislature each year. Every school in Idaho is given an opportunity to send delegates, with tryouts for this county in Moscow.

Benny Cook will go as state representative and Joretta Holt as the state senator. All expenses are paid for this group of young people. They go to Boise with a bill, and run it through every step of the legislature, giving them an inside picture of how our state government functions. Benny has also been chosen as toastmaster at the banquet Friday evening, which honors the governor.

WHAT CAMERON FOLKS ARE DOING THESE DAYS

Mrs. Fred Newman, Miss Helen Mielke and Mrs. Ed. Mielke were the hostesses at an all-day Ladies Aid meeting Thursday. The next meeting will be held on Wednesday, March 29. It will be appreciated if members will bring eggs to be given to the Children's Home in Lewiston.

Mr. and Mrs. Marvin Silflow and family and Mrs. Fred Silflow were Lewiston visitors on Tuesday.

Mrs. Wm. Meyer of Iowa is visiting with her nephew, Herman Meyer and family, and other relatives. Mrs. Meyer's husband and son, were former residents of Cameron, moving away in 1910.

Mr. and Mrs. Carl Whittinger spent Sunday with Mr. and Mrs. Chas. Hoffman.

W. C. Mielke of Lewiston visited in the Fred Newman and Ed. Mielke homes, Sunday.

Mrs. Carl Koopp of Kendrick visited with Mr. and Mrs. August Brammer Thursday afternoon.

Mr. and Mrs. Herman Meyer and their house guest, Mrs. Wm. Meyer of Iowa, visited with Mr. and Mrs. Carl L. Wegner in Pullman Sunday afternoon.

Mr. and Mrs. Frank Harbert of Pullman and Mr. and Mrs. Kenneth Wilken were Sunday guests of Mr. and Mrs. Henry Wendt.

Mr. and Mrs. Harold Silflow and daughter Kathy, and Ernest and Ernie Helmgartner were Friday dinner guests of Mr. and Mrs. Herbert Schwarz.

Mr. and Mrs. Fred Newman and son Wally, and Helen and Ted Mielke spent Sunday evening with Mr. and Mrs. Ed. Mielke and family.

Mr. and Mrs. Walter Koopp and family were Sunday afternoon visitors in the home of Mr. and Mrs. Ernest Brammer at Southwick.

Mr. and Mrs. John Blankenship and Mrs. Gus Kruger were visitors in Lewiston Tuesday.

Mr. and Mrs. Glen Wegner and family were dinner guests of Mr. and Mrs. C. H. Fry in Kendrick Sunday. The dinner was given in honor of Mrs. Fry's birthday anniversary.

Mrs. Ida Stoneburner and Miss Emma Hartung were guests of Mrs. Walter Denler the first part of the week, at her home on Fix ridge.

A Little More Road Information

Thursday of last week, while J. H. Cairns of the state highway department was having his car repaired following the crossing of the detour between Kendrick and Juliaetta, he was engaged in conversation by E. A. Deobald and W. L. McCreary, and the following road information gained:

A tentative survey is now underway between the end of the present new construction and Juliaetta, looking toward the rebuilding of this section of road — a job which will probably take about two years to complete.

In the meantime — plans for this summer call for the dust oiling of the new road link (when completed), the re-oiling of Kendrick's Main street, with the possibility that it will go on to the junction east of town; the dust oiling of the new construction as well as that of the old road to Juliaetta; and the seal-coating and chip facing of the highway from Juliaetta to Arrow.

All this sounds mighty good — and meets with the hearty approval of everyone. However, the question uppermost in the minds of everyone these days is: "When will the mile of new road be completed? Why don't they at least fix it so we can get over it without driving through waterholes and scraping the bottom off our cars?"

Well, either one of those could be, and probably is, "The \$64.00 question!"

There is no doubt about the amount of damage done to cars traveling the detour, but just when it will get any better is definitely not known!

Frozen Food Demonstration

The Kendrick Bean Growers are holding a big free frozen food demonstration at their store next Saturday afternoon, March 25, at 2:00 o'clock.

Not only will there be a frozen food demonstration, but included will be a showing of the new IHC line of home freezers, refrigerators, etc., and their proper use.

It's all free and the general public is invited. Their large announcement advertisement will be found on another page in this issue.

New Arrival

A nine-pound son was born Tuesday at the St. Joseph's hospital in Lewiston to Mr. and Mrs. Allen Medalin. Mother and babe are doing nicely.

JOINT DISTRICT P.-T. A. MEETS AT SOUTHWICK

The Joint P.-T. A. of District No. 283 met Monday evening at the Southwick gymnasium with a very good crowd in attendance.

The meeting opened with the group singing of "The Star Spangled Banner," after which three children gave a group dramatization of the poem, "The Last Leaf," by Oliver Wendell Holmes. Those taking part in the latter were Janice Cantril, Patty Finke and Joe Cuddy.

The minutes of the last meeting were read and approved. The Membership committee reported 131 members to date. The treasurer's report showed \$20.44 on hand after the electric heaters for the four schools were paid for.

Communications were read in which it was announced there would be a "Work Shop" for P.-T. A. workers held at the University of Idaho on July 7 and 8. It will be open to all P.-T. A. members, and this group is allowed one paid delegate. After some discussion it was agreed that the new president should be sent as our delegate.

Mrs. E. M. White, president, then appointed the nominating committee as follows: Mrs. O. E. McAllister, Mrs. Arne Cuddy, Mrs. Homer Parks and Mrs. W. L. McCreary.

Announcements were called for and Mrs. Bob Magnuson called attention to the fact the Kindergarten under the direction of Mrs. Ben Cook would be open to four and five-year-olds, and would begin April 3.

"Stunt Night" was announced for Monday, March 27. This is the time of year when the P.-T. A. "moons and pops" let themselves go, to entertain you in the most unique fashion. The ladies, with Mrs. Magnuson as chairman, have a surprise performance "under wraps." Bill White, chairman for the men, assisted by Jasper Nutting and Gerald Ingle, hinted they didn't intend to be outdone by the women — and with an air of mystery urged all to keep this date open and to Texas to miss this "boom and performance." An admission fee will be charged.

Mr. Nutting then talked a few minutes on the success of the hot lunch program throughout the entire district this year, pointing out that a large share of the credit was due to the well-organized canning committees of the P.-T. A., who utilized surplus fruit and vegetables throughout this area to stock the shelves for the school hot lunches. He also asked that the P.-T. A. carry on this fine project.

After some discussion, in which it was agreed to carry on, Mrs. White named as canning committee for the coming year: Leland, Mrs. Gordon Peters; Southwick, Mrs. Rollin Knutlage; Bear ridge and Texas ridge, Mrs. Roy Glenn; American ridge, Mrs. Perry Mattoon; Juliaetta, Mrs. Cecil Gruell; Kendrick, Mrs. Elmo Eldridge.

There followed a discussion as to whether the P.-T. A. wished to sponsor a Cub Scouting program. Mrs. White said she had a list of mothers in line for "Den Mothers." There being no objections, and many in favor, a motion was carried to sponsor the Cub Scouts. A committee was then named to work with the "Den Mothers," Manning Onstott, chm., Bob Magnuson and Elmo Eldridge.

It was agreed by all to take the money from the "White Elephant" award, and send it as our contribution toward the new building to be built in Chicago and will be a memorial to P.-T. A. and will house the National Association. Mr. Southwick was awarded the White Elephant, which was two dozen eggs, and then turned them over to the Hot Lunch department.

Mrs. Frank Abrams was then named by Mrs. White as chairman for the Health roundup of pre-school children this summer.

Jasper Nutting announced a teachers' meeting in Juliaetta for Thursday evening.

The program was then turned over to Mrs. Floyd Millard, program chairman, who in turn called on Ross Armitage, who spoke on "Recreation," telling how they had broadened this program at school, and were including classes in square dancing, canasta, pinocle, golf and badminton, as well as baseball, softball, etc. He pointed out the importance of recreation as it has a direct tie-in with the public in general, and the more games and activities a student learned, the better he could fit into a group and enjoy good, wholesome fun.

Next, Mrs. Millard gave a clever reading entitled, "Little Bo-Peep."

The meeting then adjourned to the hot lunch room, where the Southwick ladies served a delicious lunch of angel food cake and jello — on tables that were lovely with candies and bowls of daffodils and pussy-willows.

Regraveling Kendrick Streets

The Village of Kendrick has been purchasing a considerable quantity of crushed gravel from the DeAtley Construction company from their crusher set-up in the west part of town, and distributing it on the back streets and alleys about town, as well as on the school house hill, where the past two winters had removed almost all the surfacing from the road to the Gust Lucken Ward Helton, C. G. Arnett, Ben Westendahl and Edgar Dammarell homes — and more is to be purchased as it becomes available.

We also understand that gravel will be stock-piled looking toward the re-oiling of the schoolhouse hill, as well as other future use.

There are no parking meters on Kendrick's streets. You are welcome.

PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Mrs. Orville Truot returned last Wednesday from Spokane, where she had been visiting friends for a few days.

Mrs. Frank Abrams went to Spokane Sunday to see her parents, Mr. and Mrs. O. E. Havens, who were in that city on business. Her mother accompanied her home to visit until Friday.

Mr. and Mrs. John Samuels of Lewiston visited at the Louis Porter home on Cedar creek last Friday.

Mrs. Clifford Davidson left for Spokane Monday upon receiving word that her son-in-law, Ray Hathaway, had undergone major surgery that morning.

Word has been received by C. G. Arnett that G. V. DePeel, former Kendrick resident, but now of Ritzville, who suffered a stroke last winter, had improved greatly, and will probably come to Kendrick for a visit as soon as the weather improves.

L. L. and Wayne Yenni, of Teak-ean, were Kendrick business visitors Saturday.

Mrs. Harry Langdon of Lewiston was visiting with friends here in town Friday.

W. L. Candler, Juliaetta, was a Kendrick business visitor Saturday afternoon.

Mr. and Mrs. Marvin Long were Moscow business visitors Monday. Mrs. Long tripped going down steps while there and sprained an ankle severely. She is confined to her bed.

Mr. and Mrs. Warren Downing and son of Genesee were Sunday dinner guests of Mr. and Mrs. Jasper Nutting.

Jasper Nutting attended a school meeting in Moscow, Friday. The following group accompanied him and spent the time visiting Mrs. Ed. Taylor, who is ill in the hospital there: Ed. Taylor, Pearl Scott, Ruth Shove and Mrs. Nutting.

Mrs. Kenneth Brocke was a Lewiston visitor last Thursday.

Gwen Cook returned to Craigmont with friends Friday evening. She visited Mr. and Mrs. Kenneth Brocke and attended a school dance there Saturday night. Louise Tatco, Dale Vallem and Dale Dammarell of Craigmont brought Gwen home Sunday evening.

Mr. and Mrs. Herman Travis and family of Grangeville were Sunday guests in the home of his parents, Mr. and Mrs. J. G. Travis.

Callers at the Ben Cook home on Sunday were Mr. and Mrs. Harold Goff and son Steven, Douglas Brown, Mr. and Mrs. Charles Stegner and family and Mr. and Mrs. Ed. Stenberg, all of Lewiston, and Mr. and Mrs. Herman Travis and daughter Donna, Grangeville.

Mr. and Mrs. Jack Hammond and daughter Mona of Juliaetta were dinner guests of Mr. and Mrs. J. H. Brant.

Evelyn Schupfer, accompanied by Pat Rambo and Maribel Schupfer, spent the week-end here.

David Coulter was home to spend the week-end with his father, Dr. J. H. Coulter. He brought a friend, Miss Donna Melis, with him.

Mrs. Flo Garseth and daughter, Mrs. Rex Jones of Lewiston, spent Sunday with Mr. and Mrs. Gust Lucken.

Those attending the Cancer meeting in Moscow Saturday were: Mrs. Harley Eichner, Mrs. Harry Benscoter, Mrs. John Darby, Mrs. Johanna Nelson and Mrs. Roy Glenn. The annual drive for funds will be held in April.

Rev. Claude G. Crawford returned Friday from Auburn, Wn., where he was called by the death of his mother.

Mrs. Alice Thompson of Garfield, Wn., is visiting in the W. W. Eldridge home, arriving there Monday.

Mr. and Mrs. Lester Wallace were Moscow visitors on Monday.

Mr. and Mrs. Donald Morgan of Lenore were Friday guests at the Oral Craig home.

Mr. and Mrs. H. S. Wright of Lewiston; Robert Taylor and family of Clarkston; Dick Young and Georgia Rowe of Spokane were dinner guests Sunday of Mr. and Mrs. Louis Wright and Margaret.

Mrs. Louis Wright attended the funeral services for Mrs. Albert Mustoe in Lewiston, Wednesday.

R. L. Blewett and George Brocke, Sr. were Kooskia business visitors Tuesday. Dick called on Mr. and Mrs. Harold Thomas while there and Kenneth Brocke, Jr., spent Tuesday night with the Havens boys on American ridge.

Eddie Deobald, and Mr. and Mrs. Billy Deobald and daughter Barbara Jo of Moscow called on Mrs. Mary Deobald, Monday.

Mr. and Mrs. Warney May, Sr. were Troy business visitors Tuesday. On their return they called on Mr. and Mrs. Harry Benscoter and Mr. and Mrs. Frankie Benscoter, in their new home.

Mr. and Mrs. Wm. Brammer and daughter Oraline left Saturday at noon for their home in Carstairs, Canada. Mr. and Mrs. Werner Brammer took them as far as Lewiston, where they took a bus for Spokane. Mr. Brammer had sufficiently recovered from his recent illness to make the trip.

Mrs. Walter Brocke went to Lewiston Wednesday morning to be with her mother, Mrs. Millie York, who underwent surgery for varicose veins.

Mrs. A. O. Kanikkeberg and Mrs. Jud Lee were Lewiston visitors on Saturday.

Jasper Nutting, Arne Cuddy, Harold Parks and A. O. Kanikkeberg were in Moscow Tuesday afternoon, attended a county school board meeting.

Have Fun At Old Time Dance

Kendrick Grangers and the public in general spent a most enjoyable evening at the Fraternal Temple last Saturday, with an old-time dance and basket social.

There was a splendid crowd — all the room could accommodate, and at the close of the evening, after the final basket had been sold, the Grangers were able to add \$115.21 to their building fund.

A colorful array of baskets were offered bidders as the high point of the evening. Some were indeed outstanding, one being a bluebird on a nest, a swan, a dressing table and a miniature house, complete with a picket fence.

Music was furnished by Commy Perry, Marion Rowden, Arthur and Ira Foster, with Fred Zimmerman calling for the square dances and circle two-steps.

INTERESTING NEWS BITS FROM THE SOUTHWICK AREA

So far I have failed to report anything on the "March of Dimes" collections from this community. Mrs. Clay King and Everett Neumann arranged a basketball game between Cavendish and Southwick young people, and then the ladies brought pies, which were auctioned off after the game. The total amount cleared was \$46.73. (Note: Next time I will try to be more prompt on reporting this. Your correspondent).

Lou Watson has returned from Woodland, Wn., where he spent the past week visiting with Mr. and Mrs. Jim Cuddy and family.

Mr. and Mrs. Carl Finke and family were Saturday evening visitors in the Lloyd Ware home at Kendrick.

The home of Mr. and Mrs. Harve Triplett was the scene of a birthday dinner in honor of the birthday anniversary of Mr. Triplett. Those present were Mr. and Mrs. Everett Triplett and family, Mrs. Ewert, Miss Anita May and Vern Hooper, Lewiston; Sammy May of Cavendish, and Mr. and Mrs. Clay King and Linda Bitter.

Mr. and Mrs. Virgil Harris and Doug were Sunday visitors in the home of Mr. and Mrs. Earl Harris and family of Pullman, and in the Lawton Manson home at Moscow.

Rev. and Mrs. David Harris and daughters were Lewiston visitors Saturday afternoon.

Mrs. Wilmer Hanks returned to her home Saturday evening, after spending several days visiting in Spokane.

Mrs. Elaine Skinner and daughter of Orofino were recent visitors in the Cora Lettenmaier home.

Russell Rodgers was a caller in the Virgil Harris home Friday evening.

Mr. and Mrs. Wilmer Hanks were Sunday visitors in Lewiston.

Mr. and Mrs. Gordon Hicks of Orofino were Tuesday evening dinner guests of Mr. and Mrs. Wilbur Colwell.

Myrtle H. Hardesty Succumbs

Mrs. Mildred Myrtle Hardesty, 44, wife of C. F. Hardesty, died Sunday morning at 1:00 at the Riverview rest home. She had been in ill health for a year and a patient at the home for five months.

Born Mildred Myrtle Knight, July 31, 1905, at Uniontown, Pa., she came west to Clarkston when she was 15 years old.

She married Cleve F. Hardesty, Jan. 28, 1934, at Clarkston. She was a communicant of Clarkston Tabernacle church.

Besides her husband she is survived by a brother, Clyde Knight, in Pennsylvania.

Funeral services were conducted Tuesday afternoon at 2:00 from Merchants chapel, Clarkston, the Rev. C. K. Barnes officiating. Burial was in Vineland cemetery.

The Hardestys are quite well known here, having been Cedar ridge residents for a number of years, leaving here some three or four years ago for Clarkston.

Grange Meeting

The Grange meeting held Tuesday evening was attended by a comparatively small crowd.

The demonstration on frozen foods presented by Jean Whitaker and two helpers from the U. of I. was most informative and interesting.

Miss Whitaker included in her demonstration the freezing of vegetables and fruits, baked and cooked foods. She brought three cakes which had been frozen three weeks, as evidence, and also served cherry pies which were made with canned and frozen cherries. Several men were blindfolded, served a section of each pie and then asked to tell which was which. Three guessed right — the others said both were delicious!

There will be drill practice next Tuesday evening in the Grange hall for the ladies drill team — 7:30.

Falling Tree Injures

Clarence Wilson received a serious injury Saturday while working in the woods. A tree top broke loose, falling across his legs, crushing them.

At first it was thought the bones were broken, but X rays showed negative. Evidently the two-feet of snow cushioned the blow. He was brought to Kendrick in an ambulance and is still confined to his bed at his home.

Undergo Surgery

Monday morning Gordon and Karen Tremblay, children of Dennis Tremblay of Pierce, underwent tonsillectomies in the office of Dr. D. A. Christensen.

Verlin Benjamin of Southwick underwent an appendectomy Monday at St. Joseph's hospital in Lewiston.

All are recovering satisfactorily.

GRAIN MARKETS WEAKEN WITH DEMAND VERY SLOW

Grain markets turned weaker and wheat prices at the leading markets dropped sharply during the past week, according to reports to the Market News Service of the U. S. Department of Agriculture. Large remaining stocks, disappointing export trade, expiration of the time for placing wheat under loan and proposed legislation for curtailing support programs were weakening influences. Marketings were small and the light offerings tended to offset the weakening influence, except for wheat, which declined 6c to 7c per bushel at the principal markets, except those on the Pacific coast. Rye prices dropped along with those in Canadian markets. Corn, oats, barley were also slightly lower.

Exports of wheat to date have been more than 50,000,000 bushels short of last season. A little over 14,000,000 bushels were inspected for export in January, which brought the total during July through January to 162,800,000 bushels, compared with about 218,000,000 bushels exported as grain during the same months last season. The export subsidy announced for February by the CCC was 52 cents per bushel from the gulf coast to European ports; 50 cents from the east coast and 49 cents from the west coast to all destinations. The department announced the latest quotas assigned to territories of countries participating in the International Wheat Agreement at approximately 13,500,000 bushels at the close of December, of which only about half had been shipped at the week's end.

Cash wheat prices at the principal markets declined along with futures despite a drop of about 4,125,000 bushels in market receipts. Offerings were light but more than adequate for the slow demand from mills, which were the principal buyers. The CCC purchased about 850,000 bushels of wheat at Portland, and announced a new pricing policy calling for the monthly publication of the quantities of various commodities available for sale to domestic buyers together with the prices at which they were available. Currently, 15,000,000 bushels of wheat were announced as available for sale at a domestic price of \$2.47 per bushel for No. 1 dark northern in store at Minneapolis, and \$2.46 per bushel for No. 1 hard winter in store at Kansas City. These prices were more than 30c per bushel above current market values.

Pacific Northwest wheat markets were independently firm during the week, reflecting light offerings, a good demand from elevator operators and CCC purchases of 850,000 bushels. Exporters sold 100,000 bushels of hard red winter to Norway and a like amount of soft white to Israel, late last week. Prices on ordinary types advanced to \$2.21 per bushel, or a gain of about 10c compared with a week ago. Milling demand was quite moderate and values on milling qualities were quoted unchanged to 1/4c down at the close of the week. Current values on ordinary export types were 5/8c over the loan rate, but did not offer much of an inducement to growers to sell rather than place their supplies under the loan.

Receipts of wheat at Columbia river and Puget Sound terminals totaled 63 cars during the week compared with 193 cars a week ago. Most arrivals were reported as applied on earlier sales to the CCC. At the close of the market ordinary soft white or red wheat was being quoted at \$2.21 1/2 per bushel.

January 1, 1950, wheat stocks in all positions in Oregon, Washington and northern Idaho were estimated by the Crop Reporting Service at 69,156,000 bushels, or 14 percent less than were on hand a year ago. Disappearance during the first six months of the 1949-50 season was apparently not far from 59,500,000 bushels. Farm stocks of wheat were 24 percent below average. Stocks in interior mills, elevators and warehouses at 44,728,000 bushels are 13 percent lower than last year, but still 8 percent above average.

Barley prices at Portland closed the week about unchanged from the previous period. There was a somewhat lower demand near the close of the week and earlier advances of 50 cents per ton for feed barley was lost at the close. Offerings from southern Idaho and Montana appeared sufficient for current trade needs at around \$56.00 per ton for No. 2 western barley testing 45 pounds.

Trading in oats at Portland continued rather quiet most of the period, reflecting a slow demand and plentiful supplies. No. 2 white oats testing 38 pounds from eastern Washington or Montana were quoted 50c lower at \$56.50 per ton. Receipts of oats at Portland totaled 20 cars while Puget Sound terminals had 6.

Finds Advertising Effective

Tom Keene, proprietor of the Red Cross Pharmacy, says that if he ever had any doubts about the efficiency of newspaper advertising, they were dispelled last Saturday.

In his advertising of "Elmer," who appeared at the store that day, no other medium or announcement than the column in the Gazette was used, and the store was crowded a half hour ahead of the two scheduled appearances of "Elmer."

Visiting Mrs. Brandt

Mrs. Lola Sutherland of Moscow is spending a few days with Mrs. Anita Brandt at her home in Juliaetta.

Good Crowd At Institute

The Farmers Institute meeting held at Kendrick last Wednesday, under the joint sponsorship of the county agent of Latah and Nez Perce counties, and the Kendrick Commercial Club, was very well attended, and of real interest to all.

The women's division meetings on home decorating and landscaping ended at noon, but the men's ran until about 3:30 p. m.

The Kendrick Commercial Club was the host at a big free bean feed at noon, about 289 partaking of the lunch, the menu of which consisted of sandwiches, chili, a maple bar, coffee and ice cream — the latter a free will offering of the Kendrick Co-operative Creamery. The ice cream was in individually wrapped sections, to facilitate serving.

The maple bars (and of course the beans) were also produced locally.

All-in-all, it was a day well worth anyone's time.

Weather Just Like March

There is really nothing to report about Kendrick weather at the present time — but if the calendar were thrown away, all would know it was March — for we have had rain, sleet, wind and sunshine, with attendant ups and downs of the thermometer.

However, last Friday it began to look-as though we might have something else to report, for the pouring 24-hour rain of Thursday night and Friday, brought the Potlatch river roaring upward, high enough so that some crept through the railroad embankment in the east part of town, only to run out through the drainage ditch between the J. G. Travis and A. O. Kanikkeberg homes. The river was rolling rocks, and carrying considerable driftwood Friday evening, but by Saturday morning, with the stopping of the rain, it fell rapidly, although still running a good volume.

Girl Scout News

The Kendrick Girl Scouts have started working toward their Second Class badges. Our troop also had a Girl Scout Troop birthday party, refreshments being served. The cake for this event was made by Mrs. John Wilson. Hostesses were Janice Christensen and Oretta Holt. Our troop has also completed arrangements to go to the Potlatch mill in Lewiston, the trip being made on March 17 — and the girls found it most interesting and enjoyable.

Following the banquet at Moscow, we decided to get straightened out on our "Hobo Day." Our troop will begin again, March 18 — every other Saturday. "Be looking for us." — Frances Dammarell, reporter.

A-H Club Meets

The Big Bear Ridge Farm Boys Club, led by Gerald Ingie, met at the Claude Jones home on March 14, with nine members and six visitors present.

All members gave reports on their projects. Those taking first year electricity brought their wire splices for display, and those on the second year course were taught how to solder the splices after making them. The girls discussed their projects. In sewing, sewing boxes and equipment were discussed. The making of milk drinks also was talked over.

After the meeting Bill Mason showed pictures on "Idaho Forests." At the close of the meeting refreshments were served.

Vandaleers To Begin Tour

U. of I. Moscow — Concerts for 13 schools and colleges and one civic organization are scheduled for the University of Idaho Vandaleers, noted choral group conducted by Glen R. Lockerby, when they tour southern Idaho next month.

On their return they will give a concert at Orofino high school on April 26, and the home concert at the university, April 27.

Three Kendrick young people, Robert Lind, Gabriella Deobald and David Coulter are members of this group.

Cancer Drive Begins April 1

Thousands of volunteer workers in every county and community in the state will participate in the annual fund raising campaign of the Idaho Division of the American Cancer Society, which begins April 1, Leo J. Falk of Boise, president and campaign chairman of the organization, said this week.

Last year the cancer society raised \$80,870 which has been used during the past year in waging the intensive fight against the disease and alerting people to the fact that cancer, if recognized in its early stages, can be cured, he said. This year we need \$90,000 to meet the demands made upon the society in all phases of its programs.

Contributions of our residents to the cancer society helps in furthering and expanding existing programs of education, service cancer patients, and continuation of the scientific research projects being carried out on a national basis.

"Much has been accomplished in Idaho during the past five years, yet much remains to be done," Falk said. "I hope that residents of our state will actively participate in this campaign to the fullest extent of their generosity and take advantage of the April fund raising drive to learn the true facts about cancer."

Swine Producers To Meet

All swine producers of northern Idaho are invited to attend a meeting in Moscow, Thursday, March 30. Charles Tipler, president of the North Idaho Purebred Swine Breeders' association, states that the program will be of interest to both commercial and purebred hog producers. It will include plans for more effective control of swine brucellosis and erysipelas; a report from representatives of the Idaho Swine Producers' association, and plans for future north Idaho purebred swine sales.

This meeting will be held at the Latah County Grain Growers' building on West Sixth street in Moscow. It will start at 10:30 a. m. and will be completed early in the afternoon. Further information regarding this meeting can be obtained from the Latah County Agent's office, Moscow.

Move Into New Home

Mr. and Mrs. Frankie Benschoter are moving into their new home this week. They purchased the American Ridge schoolhouse and remodeled it into an attractive and modern home.

Work was begun last fall, and with the help of friends and neighbors, the dream house is now ready for occupancy.

To Organize Club

Miss Marion Hepworth, state home demonstration agent, will meet with the ladies of the American ridge community at the home of Mrs. Geo. Havens on Thursday, March 30, for the purpose of organizing a club on that ridge.

The meeting will start at 2:00 p. m. and an invitation is extended to all ladies who are interested, to come.

Surprised On Anniversary

C. H. Goan was very pleasantly surprised on his 80th birthday anniversary, Feb. 11, when Mr. and Mrs. Al. Miller arranged a birthday party, with a cake and all the trimmings, and invited in a number of mutual friends — all calling and surprising Mr. and Mrs. Goan that evening.

A most enjoyable time was spent.

Among The Sick

Mrs. George Havens has been quite ill with step, throat, George and some of the boys have also been ill with the flu, but all are improved.

Mr. and Mrs. Henry Brammer, Ernest and Werner Brammer have been entertaining rather severe cases of the flu.

Oleo Versus Butter
The matter of protecting the dairy industry from the competition of oleomargarine with butter in Idaho has been largely left to state as a result of the passage of H. R. 2023 by the United States congress, according to Senator Henry C. Dworshak. The bill is in the hands of the president awaiting his signature and the law, if signed, will become effective next July 1.
The legislation as passed by congress, will remove the 64-year-old federal tax on oleo and will require more clearly identified packaging for the purpose of consumer protection. The bill requires that eating houses serving oleo make that fact clearly known to the customers.
Dworshak also pointed out that "low income families and many middle income families should benefit by the ten-cent reduction in oleo costs. Those groups buy oleo, anyway," he said, "and the state of Idaho which has a 10-cent tax on

colored oleo and a 5-cent tax on uncolored oleo may further tax or regulate oleo sales as it may see fit."
He further stated that Idaho law now prohibits the sale of colored oleo. Consequently the new legislation has no effect in Idaho except that of repealing the federal tax, and leaves to the states the matter of further regulating the sale within its borders.
Section 5 of the law states as follows: "Nothing in this act shall be construed as authorizing the possession, sale or serving of colored oleomargarine or colored margarine in any state or territory in contravention of the laws of such state or territory."
Building supplies of all kinds are available at the Kirkpatrick Lumber Co., Juliaetta. Whether building a house or a chicken house, see them. 1-adv.

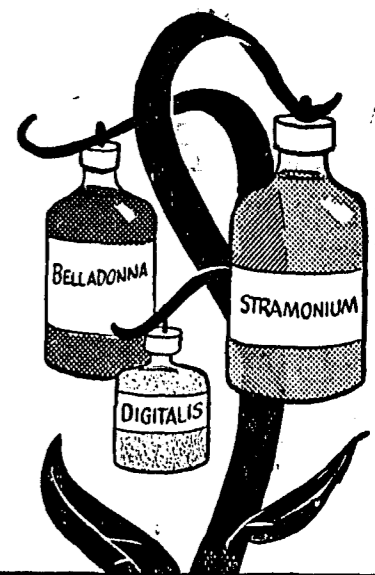

Arkansas Farmers May Grow Drugs

New Plants to Produce Narcotics, Digitalis

A drug-farming program which may free the United States from reliance on foreign sources for many vital medicinal compounds has been launched in Arkansas by a transplanted Rumanian chemist, reports the magazine "Industrial and Engineering Chemistry."

Dr. O. K. Cosla, a biochemist who instituted the first successful cultivation of drug-bearing plants in Rumania, is in charge of the Arkansas program at the College of the Ozarks, Clarksville, where a 20-acre tract has been set aside for his experiments.

Dr. Cosla, who has an M. D. degree as well as a Ph. D. in biochemistry, used to export to the United States part of its drug sup-

ply, and during World War II he furnished southeastern Europe with medicinal materials.

If Dr. Cosla's plans mature, Arkansas farmers will soon begin supplying the nation with such drugs as belladonna, a narcotic; stramonium, a drug processed from dried Jimson weed which gives relief to asthma sufferers, and ergot, used to control blood hemorrhages and as an anesthetic. Foxglove, the dotted white and purple tubular flower whose leaves bear the powerful heart stimulant digitalis, will also soon be blooming in Dr. Cosla's medical garden.

Some of the drug-bearing plants which Dr. Cosla is planning to cultivate already grow wild in the Arkansas backwoods. To determine the best conditions for growing each plant as a domestic crop, the Rumanian chemist will test them in hydroponic installations, in which their roots will be immersed in a watery solution containing mineral nutrients, instead of in soil.

The active drugs will be extracted from the plants in a four-room laboratory which Dr. Cosla brought with him to this country to aid his research in biochemistry and experimental pharmacology.

Dr. Cosla believes, according to "Industrial and Engineering Chemistry," that the South can eventually become one of the nation's principal drug farming and manufacturing centers, thus diverting to the area millions of dollars now spent annually on imports.

Handy Cart

Elgar Schroeder, Morrisonville, Wisconsin, believes a handy farm gadget can have an attractive appearance while saving work for its owner. His pull-push cart carries a good-size load the tools, supplies or produce easily. The cart was made from a child's discarded coaster wagon, using the box and wheels. The original wagon axle was kept, the cart was built of 3/4 inch pipe. Time required to build the cart was two and one-half hours at a cost of \$1 for materials. Arc welding played an important part in the cart's construction.

Corn in Silage Form Answer to Extra Crop

Corn in the form of silage is the solution for the extra crop—and a trench silo is the cheapest and easiest way to provide for making and storing of silage.

The trench silo is especially recommended for those who need to provide storage space hurriedly. However, areas having extremely high water tables or soil that is sandy or loose are not suitable, according to a dairy specialist.

Accidental Death Toll Exceeds Hiroshima Bomb

Four hundred thousand Americans have been killed by accidents in the United States since the atomic age burst on the world at Hiroshima four years ago—four times as many deaths as the atom bombs caused.

The two bombs dropped on Hiroshima and Nagasaki, which brought World War II to an end in one final convulsion of agony, killed about 110,000 Japanese.

That comparison was made by Ned H. Dearborn, president of the National Safety Council.

The 400,000 Americans have been killed, Dearborn said, "not by the products of genius, but by the old stupidities. Accidents—the banal, needless, profitless, pre-war type of accidents—have killed almost four times as many people in post-war America as the atom bomb killed in Japan."

Dearborn said the accidental death toll in other countries of the world cannot be estimated, but if the world rate is anywhere near the American, about six million human beings have been killed in the four years of the atomic area.

"I am not trying to gloss over the menacing possibilities of atomic warfare," he said. "The efforts being expended to secure the world against a holocaust deserve the best of our understanding and support. But the other disaster—the disaster of accidents—is not a possibility; it is a grim and bloody fact. The millions who have died in the world, the 400,000 who have died in the United States, are no less dead because they died singly or in small groups, scattered in both space and time."

Working Parts of Plumbing Must Render Long Service

Faucets, valves, drains, and traps are the "working parts" of plumbing fixtures and it is important that they be of good quality.

All brass plumbing fittings are in plentiful supply and thus the prospective builder or modernizer is free to select equipment that will give many years of trouble-free service.

While not as glamorous as the plumbing fixtures, traps are essential for the satisfactory and sanitary operation of plumbing fixtures.

It is the function of the trap under the lavatory, bathtub, sink, or other plumbing fixture to provide a water seal to prevent the entry of sewer gas into the home.

It is because of this important function that the trap must be made of non-corrosive material. Despite wartime developments in metallurgy, manufacturers have found no material that is superior to chromium plated brass for all uses where an attractive exterior and a corrosion-resistant material is required.

Water closets or toilets have a brass elbow between the tank and bowl. When this turns green, it is a sign of corrosion. The prudent owner will have the elbow replaced at the first sign of corrosion in order to prevent the possibility of a leak in the future, possibly at some inconvenient or particularly dangerous time, as for instance, when members of the family are away.

4-F's Regain Health

Nearly all of a group of 303 men reclassified in 1A in 1943 after originally having been rejected for military service because of heart and blood vessel defects were in good health in 1947, a study made by special cardiovascular boards in five major cities shows. The study was made under contract to the army research and development board, office of the surgeon general. Reports of the re-examination of men disqualified by local boards and induction stations because of a diagnosis of cardiovascular defects were made public in 1943. The re-examination was made by special medical advisory boards, consisting of cardiovascular experts in Boston, Chicago, New York, Philadelphia, and San Francisco, in cooperation with the state and city directors of Selective Service.

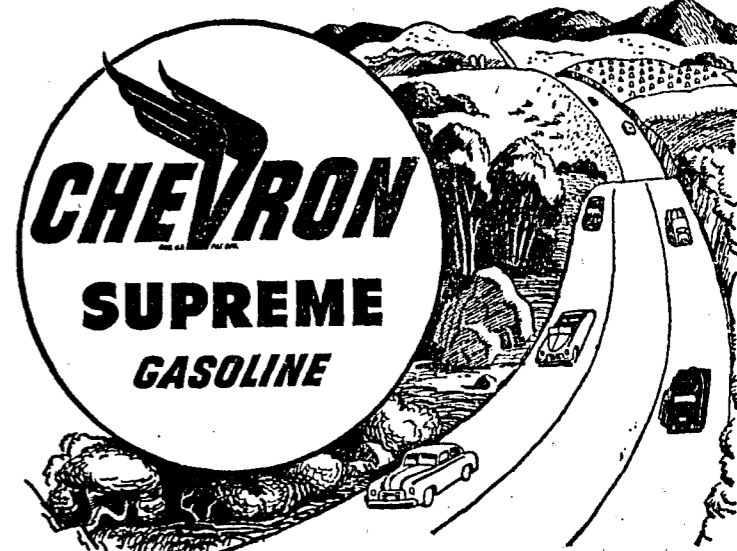

Baltic States Today

The Baltic states are predominantly agricultural and their pre-war economy was based on privately owned smallholdings and farms ranging from about 12 to 120 acres. Contrary to Soviet promises made on the eve of the second occupation the policy of collectivization, which appears to the independent and progressive Baltic farmer only as a revival of feudal bondage in a new form, is now enforced with ruthless determination. A year ago there were in Estonia no more than four collective farms; in the spring of 1948 their number had risen to 59, at the time of harvesting there were 185, and in October last 224.

Fathered Jury System

William the Conqueror fathered the present-day jury system by summoning "twelve lawful men" from each district of England to act as fact finders in determining taxes that each landowner should pay. Two centuries later, says the National Geographic society, trial by jury was adopted when the sworn 12 became, not the witnesses to fact, but the judges of evidence.

Farm Show Schedules New Machinery, Ideas Modern Devices Slated To Indicate Progress

New devices and machinery which are attracting the interest of farmers generally will be on view at the national farm show at Chicago starting November 26. The show will be held in the Chicago coliseum.

Prominent among new scientific farming aids to be shown will be the radically-different tractor-move irrigation systems. Consisting of long lines of pipe which can be hooked onto a tractor and moved to any section of a field, these systems

are said to be able to triple acreage yield. Water, nitrogen, fertilizer, DDT or 2,4-D can be put down through the sprinklers.

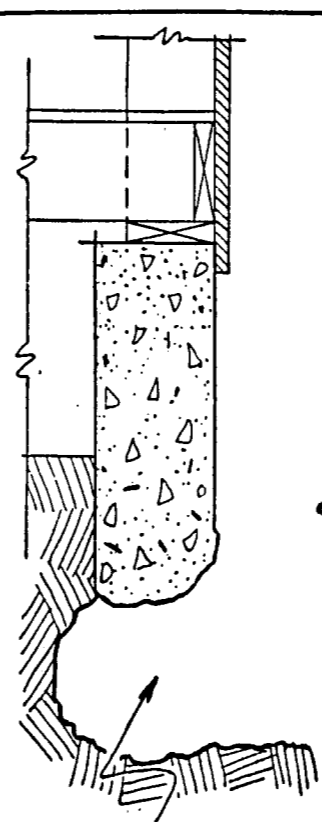

Vacuum unloaders, rotary hoes, heated tractor seats and grain testers are included among the hundreds of items for the modern farm and farm home which will be displayed, and visitors will see a wider range of implements and equipment than has ever before been assembled under one roof.

Modern farm machinery, such as this "damper-downer" in use in a North Carolina tobacco field, will feature exhibits at the National Farm Show to be held in Chicago.

The special events are likewise shaping up into a program of unusual interest. The second annual invitational interstate 4-H poultry judging contest on November 29 will draw entries from at least 20 states, according to H. G. Ware, director of judging.

Watch Footings

FOUNDATION UNDERMINED. NO FOOTING.

Farmers should always be on the alert to the danger of runoff water washing away footings under foundations, particularly on outbuildings where such caution, normally, might not be exercised. When runoff water washes away footings under foundations, the building settles.

Reduced Grain Growing Brings Seed Hold Need

Prospects of reduced grain-growing, including corn and wheat in 1950 and following years should cause farmers to consider saving more grass and clover seed, says a statement from the college of agriculture, University of Kentucky. The seed, it was pointed out, will be needed for the sod crops that are to take the place of grain.

The bureau of plant industry at Washington says that grain reduction will mean at least 25 per cent more grass and hay.

Barren Land Reclaimable With Fertilizer, Know-how

Under proper management, worn-out land can be converted into grass legume pasture capable of carrying one cow and a calf to each one and one-half to two acres. Three acres of good permanent and supplementary pasture will carry a cow and calf through the year.

Principal requirements are fertilizer, willingness to grow something beside the immediate money crops and a knowledge of livestock.

TO FAMILIES WE HAVE NEVER SERVED

Those who have never had occasion to engage the services of a funeral director must rely upon what others say, when the inevitable need arises. For almost fifty years Vassar & Rawls have been noted for professional skill, fair dealing, liberal policies.

This reputation is your safe guide in calling a funeral home.

Mr. and Mrs. Fred Cole of Orofino were Sunday dinner guests of Mr. and Mrs. Ben Hoffman.

Mr. and Mrs. Homer Jones and daughter Marilyn of Bates, Oregon, and Mr. and Mrs. Robert Draper were Sunday callers in the home of Mr. and Mrs. Ervin Draper.

Mr. and Mrs. Lloyd Craig and daughters were week-end guests of Mr. and Mrs. Chas. Craig in Lewiston.

Mr. and Mrs. Raymond Hudson and son David were Sunday afternoon callers of Mr. and Mrs. Elmer Peters.

Mr. and Mrs. Earl Whiting were Sunday dinner guests in the home of Mr. and Mrs. Chas. Hoffman.

Mr. and Mrs. Allen Medall were Sunday guests of her parents, Mr. and Mrs. Jesse Thornton. Mr. and Mrs. Roy Craig and daughter Paige were afternoon callers.

Mr. and Mrs. Marvin Vincent were Sunday dinner guests of Mr. and Mrs. Wm. Rogers at Moscow. Little Ricky Rogers returned with them to spend some time with his grandparents.

Mr. and Mrs. Bill Potter and daughters moved back to their farm home here on Sunday, after spending the winter in Lewiston. Pamela Potter is again enrolled in school here.

BIG BEAR RIDGE NEWS

Mr. and Mrs. Henry Galloway are the proud parents of a daughter, Janice Kaye, born at the Gritman Memorial hospital March 10th.

Mrs. Mabel Seeler of Orofino is visiting her parents, Mr. and Mrs. A. Kleth.

Arnold Halseh and Joe Forest are visiting with relatives of Arnold at Dutton, Montana.

Mr. and Mrs. B. Elde of Brookings, S. D. have returned to their home, having visited Mr. Elde's aunt, Mrs. A. Kleth.

Mrs. Henry Galloway and infant daughter, Janice Kaye, returned home Thursday.

Mrs. Lou Myers is spending several days in Lewiston.

Stanford Leland of Spokane recently visited his sister, Mrs. Oscar Sind and family.

Dewey Galloway returned home Friday from an extended visit with his sister, Mrs. George Larson at Georgetown, Calif., and with his cousin, Mrs. Otto Alber at Dinuba, Calif., and with other relatives in California.

This ridge was well represented at the Farmers Institute day program in Kendrick Wednesday of last week.

Mrs. Henry Kortemeler entertained the Happy Home club at her home Tuesday afternoon.

GOLDEN RULE

Percy Ware, who has been visiting his sister, Mrs. Carl Finke and family, left the first of the week for Bovill, to see about employment.

Mr. and Mrs. Laurence Cox, who spent the winter in California, visited at the Glen Betts home several days the past week.

George Finke, Jr., returned home Thursday from his winter vacation tour, which covered quite a number of states. He visited in Louisiana, Michigan and Minnesota.

The D. V. Kuykendall family were among the Kendrick visitors Wednesday.

Mr. and Mrs. Carl Finke visited at the D. V. Kuykendall home Friday afternoon.

Roy Martin returned home the first of the week, after spending the past several days in Lewiston. Chester Martin brought him home.

Mr. and Mrs. Chas. Adamson and Kay Jones visited Friday evening with her father, Fred Stage, her brother, Ralph Stage and family, and her mother, Daisy Stage. On Saturday they took their daughter, Altha Gall, to Spokane to enter the Chronicle Baby Contest. On Sunday they called at the Glen Betts and Joe Owens homes before returning to their home near Koonika.

Jeff Thompson called on friends in the neighborhood over the week-end.

Mr. and Mrs. Abner Cowger and family and George Finke, Jr., visited at the Glen Betts home Sunday.

Mr. and Mrs. Pat Holliday and son of Lewiston spent the week-end with her parents, Mr. and Mrs. D. V. Kuykendall and family.

Mr. and Mrs. Everett Neumann and son of Lewiston and Percy Ware were Sunday visitors at the Carl Finke home.

Jack Kuykendall of Kendrick spent Sunday evening at the home of his brother, D. V. Kuykendall and family.

Roy Southwick called at the Carl Finke home Monday.

Several from our neighborhood attended the P. T. A. meeting held at Southwick Monday evening.

Church Improvements Made

Renovating and repairing of the Community Church basement have been underway this week. Walter Sperber, assisted by Paul Lind, Noria Callison, Andy Cox and Dr. Coulter have been patching and pointing the basement walls in preparation for a calomine job. The kitchen also underwent remodeling at the hands of Ben P. Cook and W. L. McCreary.

Women of the W. S. C. S. were out in full force cleaning, scrubbing and serving lunch to the men workers. On Wednesday the women began the job of painting and kalsomining.

Home Undergoing Remodeling

The Ervin Swenson home in the east part of town has been undergoing quite extensive remodeling at the hands of Wayne Kuykendall the past three weeks.

New windows have been installed, an entry porch added, and the entire house covered with gray shakes. It presents a greatly improved appearance, as well as adding to its comfort.

Red Cross Drive Completed

Mrs. H. C. Schupfer, local Red Cross drive chairman, announces that Kendrick has gone over the top again. \$303.75 was received, against a quota of \$225.00. This is most gratifying.

For those who did not contribute, and who would still like to do so, Mrs. Schupfer says she will still take the donation.

Beverly Schupfer Honored

U. of I. Moscow — Nineteen University of Idaho students have been elected to Phi Beta Kappa, national scholastic fraternity, it was announced by Dr. Frederick C. Church, secretary of the university chapter.

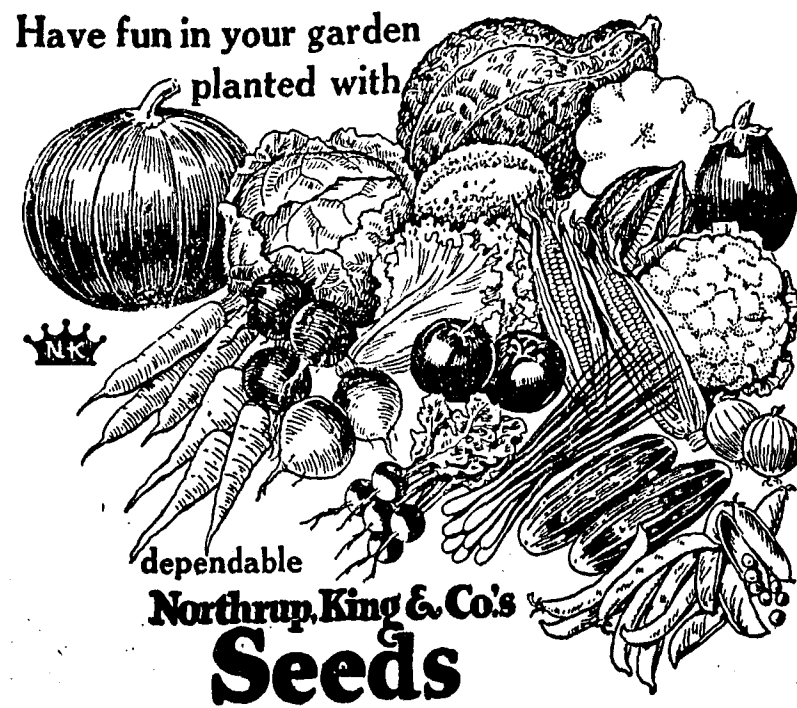

Among the group was Beverly Schupfer, daughter of Mr. and Mrs. H. C. Schupfer, Kendrick, who is a junior.

Who Has The "Green Thumb"

H. F. Thompson, who has been spending the winter at the home of his daughter, Mr. and Mrs. Jasper Nutting and family, is anxious to know whose peas come up first — his or Marvin Long's, as he was not a day behind Marvin in getting them into the ground.
