N. P. RAILWAY WANTS TO REMOVE ONE DAILY TRAIN

C. H. Burgess, assistant general manager, Seattle, Wash., F. G. Scott, western passenger traffic manager of Seattle, and John Y. Blumstrom, general agent, Lewiston, Idaho, were Kendrick visitors last Friday afternoon, talking with business men up and down the street, relative to the removal of one passenger train per day from this branch, i. e. Lewiston to Spokane.

The train they wish to remove is the one leaving Spokane at 9:45 p. m. and due in Kendrick at 1:55 a. m. It, of course, is the same one that arrives in Kendrick from Lewiston at 9:13 a. m. — so actually it is a train per day each way.

The officials state that passenger service on this branch is a losing item, costing the N. P. Railway Co. \$100 per day in excess of revenue. Rough figures given by the trio are: Mail income (each six months) \$16,000.00; express, \$14,000; passenger, about \$20.00 per day for the entire branch — or leaving a net loss of about \$100.00 per day on the two trains.

The trio stated that they expected income to balance expenses by removal of this one train.

Violent objections have been expressed about town, not only as regards the passenger connections lost thereby, but mainly on mail service. It would mean that mail from upriver (Lewiston, Orofino, etc.) would not arrive in Kendrick until 4:13 p. m., and mail from Spokane would not arrive until 12:55 p. m. — thus mail destined for Cameron, Leland, Southwick, Cavendish, etc., would be at least one day late, and in many instances two days — and in the winter, could be three days behind time.

When asked why a "bug" could not be substituted, we understand the officials replied that such equipment was inadequate for the mail and express carried.

We understand that businessmen of Lewiston, Moscow and Pullman, as well as the smaller towns of Juliaetta, Kendrick and Troy are much opposed to this cut — and petitions are being circulated asking for an I. C. C. hearing.

Such a hearing, it is felt, even though permission is given for removal of the train, will bring to a "pin point" the matter of mail service and perhaps some schedule or system satisfactory to both can be worked out.

Canning Committee Meet

Mrs. Elmo Eldridge, chairman for the Joint P.-T. A. Hot Lunch Canning committee, submits the following report:

On Tuesday of last week a meeting was called to lay plans for the coming year. Each community took two articles of produce as their responsibility, as follows — Mrs. Gordon Peters, chairman, Leland, string beans and corn; Mrs. Rollin Armitage, chairman, Southwick, dry onions, jelly and jam; Mrs. Roy Glenn, chairman, Texas ridge and Big Bear ridge, cabbage and apples; Mrs. Cecil Gruell, chairman, Juliaetta, raspberries and string beans; Mrs. Perry Mattoon, chairman, American Ridge, strawberries and raspberries.

Mrs. Elmo Eldridge, chairman for Kendrick, said that since the town ladies do not have surplus produce, they will assist anywhere needed as helpers. She also pointed out that the produce was divided this way so as to make a certain group responsible for seeing that it was taken care of. Anyone having surplus vegetables or fruit is asked to call Mrs. Eldridge, and she will make necessary arrangements.

It was also noted that prunes, tomatoes and beets would not be canned this year, due to the fact a quantity of these three items were left over from last year.

Win Potlatch Derby

The annual "Potlatch Derby," put on by the Kendrick Volunteer Firemen, was won this year by Earl Daniels of Kendrick, with a time guess of 1 hour, 32 minutes, 24.5 seconds. Second place was won by Wade Keene, whose guess was off just one second from that of Mr. Daniels.

The big ball was hung up in one spot for 16.5 minutes, and then, when just ready to pass under the bridge for the final time, was caught by the wind, and carried by up stream, several seconds being consumed this way.

The Kendrick Volunteer Firemen sold more than 200 tickets for this event, and sincerely appreciate the financial support of residents of Troy, Deary, Bovill, Cameron, Southwick, Juliaetta, Lapwai and other surrounding towns, as well as that of the local citizenry.

Surprise Canasta Party

Mr. and Mrs. Walter Brocke entertained at a surprise Canasta party Tuesday evening, honoring her brother, Frank Abrams, birthday anniversary.

At play Mrs. Chester Vincent and Billy Weyen received high scores; Mrs. Frank Abrams and Tom Keene, lows.

Lovely birthday cake, ice cream and coffee were served at the close of the evening.

Circle Meeting At Church

On Friday afternoon, beginning at 1:00 o'clock, the ladies of the Kendrick W. S. C. S. will meet in the church basement to finish the redecorating job. This meeting will take the place of the regular Circle meeting.

Trees Beginning To Leaf

Maples, cottonwoods, apple, and other early varieties of trees are beginning to show the green of new leaves, and lawns about town are a bright emerald green — but the weather remains a bit chill for all that, the thermometer dropping to a low of 34 degrees Tuesday morning — nipping quite a number of tender flower buds that were beginning to make their appearance.

Here in the canyon many are busy putting in early gardens — but it would seem advisable to wait a bit before putting out those tomatoes.

JOINT DISTRICT P.-T. A. MEETS AT JULIAETTA

The Joint District No. 283 P.-T. A. met at Juliaetta Monday evening with a goodly group present. The meeting opened with the singing of the Star Spangled Banner, led by Mrs. E. M. White, president.

Following the reading and approval of the Minutes of the previous meeting and the treasurer's report, committee reports were called for.

Mrs. Elmo Eldridge stated that the canning committee had met and put away 24 chickens donated to the Hot Lunch program by Mrs. Perry Mattoon, and at the same time plans were outlined for the canning on each ridge and the community for the coming year.

Jasper Nutting gave a report on the status of the Hot Lunch program, and also a comparison of the conditions financially of the previous year and the one just being completed. By canning the sum of \$300 was saved.

Manning Onstott gave a report of the progress of the Cub Scouting program.

Ross Armitage, Cub Master, gave a report also, stating there were 13 Cub Scouts from Kendrick and two from the ridges, their ages running from eight through 10 years. He told of the cost of uniforms, dues, charts, etc. A discussion followed on the advisability of financing, and it was decided that handbooks, charts and manuals for Den Mothers be purchased by the P.-T. A. The Den Mothers are Mrs. Wm. Johnson and Mrs. Kenneth Brocke.

Mrs. Ben Cook gave a report on the progress of the Kindergarten. In the discussion which followed it was decided that the P.-T. A. pay for the milk consumed by the Kindergarten children.

A discussion was opened on the donation to P.-T. A. National headquarters building, and it was voted that the "white elephant" fund for this meeting (April) be given.

The Nominating committee reported officers as follows: Mrs. Gerald Ingle, president; Mrs. Elmo Eldridge, vice president; Mrs. Ellen McAllister, secretary; Mrs. Homer Parks, treasurer. The nominations were accepted unanimously, and the new officers installed by Mrs. A. O. Kanikkeberg. Mrs. Eleanor Hammond was installed pro tem for Mrs. McAllister.

Mrs. Ingle, the new president, then presented Jasper Nutting, Asa Calvert and Ben P. Cook, who attended the I. E. A. meeting in Boise last week.

Mr. Nutting reported information on the workings and plans of the I. E. A. throughout Idaho. Changes brought about by the reorganizations and curriculum of the public schools.

Mr. Cook reported in the meeting of the school administrators, standardizing requirements and bringing together the state officers and local high school administrators. He explained the changes in curriculum beginning next year, a total of 34 credits being required for graduation after this year.

Mr. Calvert attended and reported on the Delegate Assembly, also attending the child welfare conference. He stated that there was no system of regulating children sent to the industrial school by the different counties. He stated the racial and Indian problems were also brought up for discussion.

New school regulations were also set. A child must be six years of age before October 15 for school entry, and must remain in school until 16 years of age.

E. M. White introduced the program on "Safety Patrols" and called on Dick Benjamin to give the working plans of the "Safety Patrol" on buses. Discussion followed on the rules governing the passing of school buses. Mr. Nutting complimented the district drivers on their record and thanked everyone for their cooperation.

Douglas Browne was awarded the "white elephant."

A delicious lunch was served by the ladies of Big Bear ridge at the conclusion of the meeting.

Fire Alarm Sounds

Last Wednesday evening at 6:30 o'clock, the fire alarm sounded, for the first time since the new fire truck was purchased — and in a matter of 2 minutes and 34 seconds the equipment was at the Gifford Candler home, where a small shed at the rear was ablaze.

The booster tank on the truck was sufficient for the job, so the big hose was never called on.

Such time speaks well for the local organization, and it is hoped that this blaze will be all the use to which it may be put.

To Hold Public Sale

Frank Wittman, well known farmer and sawmill operator at Cavendish, has sold his farm, and will hold a public auction to dispose of his farming equipment on Friday, April 21, at 1:00 p. m., at the ranch. His announcement ad. will be found on another page in this paper.

NINETEEN ATTEND REGULAR COMMERCIAL CLUB MEETING

Nineteen interested business men and guests sat down at 6:30 dinner at Burt's Confectionery and then went on to the city hall for the regular monthly meeting of the Kendrick Commercial Club.

Following the reading of the Minutes of the previous meeting and their approval, Dr. D. A. Christensen introduced two new Kendrick business men, Roy E. Davis, new owner of the Jewelry & Gift Store, and John Johanson, accountant for the J. M. Mead Lumber Products Co. at Juliaetta, and also for the Red Cross Pharmacy and Blewett's Grocery Market in Kendrick.

W. A. Watts then introduced his guest for the evening, Paul Patrick of Seattle, an old time resident of this area, who left here in 1919.

Mr. Patrick said he could see many improvements in and about Kendrick, in homes, business institutions and roads.

A communication and map from the U. S. Bureau of Reclamation was read and examined.

Reporting for the Highway committee, C. F. Brocke, stated that local roads were drying up and that considering the bitter winter, were in good condition.

W. A. Watts, reporting for the Fish and Game Committee, stated that many deer had wintered in the canyons adjacent to Kendrick, and all had come through in fine shape.

He brought up the matter of the game preserve, proposed last fall, the boundaries of which are as follows (roughly): Bovard to the Kendrick village limits, to the edge of the American ridge canyon on the west side of Bear creek. After due discussion on motion by Dr. J. H. Coulter, seconded by E. A. Deobald, the Commercial Club endorsed such a preserve, and a letter of approval to be sent to R. G. Cole of the State Fish and Game commission. Carried unanimously.

It was further suggested that the preserve include the ground lying between Sperry and Waucher gulch grades and to the edge of the farm land on the south. No action was taken on this matter, however, as property owners there must be contacted for approval.

Reporting for the Agricultural committee Gerald Ingle stated that farm crops had come through the winter in fine shape, and were making fair progress, although more sunshine would be a big help. He added that the Latah and Nez Perce county agents were highly pleased with the results of the Institute day in Kendrick last month, stating that it was the best crowd they had had at any meeting, and farmers appeared more interested.

Reporting for the Education committee Gerald Ingle stated that this school had recently been visited by the state supervisor, who, after a thorough inspection, suggested that this district begin laying plans for a new high school, in as much as this one did not have sufficient class room area to permit the teaching of all desired subjects, as well as the fact that it was getting old (1912). Mr. Ingle stated that this district (283) could bond for 10 percent of its assessed valuation, or about \$200,000.00, which at present prices would not construct an adequate building, and federal or state aid would probably have to be secured. He added that this was something for the people of the district to begin thinking about.

In answer to some criticism on the matter of millage levies for schools Mr. Ingle read from the official tax records, which showed the following: Moscow district 25 mills Genesee district 24 mills Joint 283 (Kendrick) 24 mills Troy district 24 mills Potlatch district 25 mills

Thus it may be seen that only one district in Latah county is lower than the local one (Joint 283).

E. A. Deobald, reporting for the Civic Improvement committee, stated improvements were under way at the Kendrick Bean Growers building and at the L. S. Thurber store, with more planned about town as the weather permitted.

Adding to the above report Walter Brocke stated that the Village Board was planning a "Clean-up Week" next month, in which every business man and home owner in Kendrick would be asked to participate. It is planned to ask the cleaning of all vacant lots, parkings, etc., as well as streets and alleys.

Frank Abrams reporting for the Fire committee, stated that the local Volunteer Firemen stated that ticket sales for their annual "Potlatch Derby" were going well. Proceeds from this annual event are used for the purchase of new equipment.

On suggestion of Tom Keene of the Entertainment committee it was voted to entertain the K. H. S. basketball team at our next meeting, which will be on May 10.

Tom Keene, asked for a report on "Parade Day" plans stated that he had 50 promised entries. He looked for the school band to furnish music for the event. Tom added that out-of-town, strictly neutral judges had been chosen by him to select the prize winners, there being \$25.00 for the best entry, and \$10.00 for the best animal entry.

Purchases Shepherd Sawmill

A deal was consummated some two weeks ago whereby A. P. Lewis of Spokane purchased the Shepherd sawmill at Kendrick. Remodeling operations began this week.

Mr. Lewis, an old-time sawmill operator in this area, plans to begin sawing as soon as remodeling is complete, and as soon as weather and road conditions permit, he will use two shifts.

PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Mrs. C. H. Fry returned Monday at noon from a three-week vacation spent with her brothers and families, C. L. and Lyman Vaughan, at Milton-Freewater, Oregon, and Walla Walla, Wash. Bee Sends Car Over Bank

Tommy Peters, Juliaetta, narrowly escaped serious injury Monday morning when his car hurtled over the bank and onto the railroad track as he was coming to Kendrick about 10:30 a. m.

Tommy says a bee got into the car and in his efforts to get it out, the vehicle got out of control and rolled over the bank at the high point this side of the Juliaetta bridge.

Tommy was only slightly injured, but the car suffered "multiple bruises" estimated at \$200.00.

MRS. ALMEDA DEANE, 72, PASSES AWAY FRIDAY

Mrs. Almeda E. Deane, 72, who taught in the rural schools of Nez Perce county for 30 years, and then retired in 1945 to reside on her ranch at Agatha, died during her sleep Friday night or early Saturday morning. A neighbor called at the home of Mrs. Deane and found her dead. Death was attributed to a heart attack.

Mrs. Deane was born at Scandia, Kas., July 5, 1878, and came to Idaho in 1901. She taught at Leland, Agatha, the old Peelan school at the ghost town of Fairburn, west Cream ridge, Doumeq Plains and Juliaetta. She also taught brief terms in Nebraska and Oregon. Mrs. Deane in earlier years was a leader in educational affairs of the rural areas. She resided in Lane county, Oregon, from 1904 to 1917 and taught ten years there.

Friday afternoon Mrs. Deane left her home to visit one of her neighbors confined at home by illness and expressed herself as feeling well.

Mrs. Deane was among the first, if not the first teacher of Nez Perce county to enjoy the benefits of the state teachers retirement act which became effective three years ago. She was a member of the Royal Neighbors of America.

Surviving are a son, Lloyd Brown of Lenore, and two daughters, Mrs. George Coffland, Culasac, and Mrs. Ernest Steigars, Juliaetta; 13 grandchildren and four great grandchildren.

Funeral services were conducted at the Vassar-Rawls chapel, Lewiston Tuesday afternoon at 2:30 by the Rev. George F. Calvert of Lenore. Burial was in the Juliaetta cemetery.

Parade Plans Going Forward

Tom Keene, owner of the Red Cross Pharmacy, who began plans for a parade this next Saturday, April 22, in connection with his annual Rexall 1c sale and anniversary sale — admits that the entries for the event have far exceeded his wildest expectations, there now being more than 50 who have signed up — ranging from children with pets, to displays of farm machinery.

Tom first began the idea as a "net or children's parade," but with requests for other types of entries from those wishing displays, he decided to expand and permit entries of all kinds, and offer two prizes.

On another page will be found his big ad. detailing parade prizes and sale events.

Going back to the parade, all entries are asked to assemble at the Kendrick depot at 1:00 o'clock to begin formation of the parade line. In this work Tom will be assisted by Jack Travis.

At 2:00 o'clock the parade itself will begin, moving down Main street as far as the side street between the E. A. Deobald and Bob Magnuson homes, where they will turn onto the back street at the General Petroleum plant, and wind their way back up town or break up, as they desire.

In years gone by the parade went on to the ball diamond, where they turned about, but with the huge gravel piles on that field, such is impossible.

Tom asks everyone to have an entry in the parade. The organizing of the entries will be no small job, so Tom and Jack will appreciate it if everyone is at the depot as near as possible to 1:00 o'clock.

Grange Meeting

The Kendrick Grange were hosts to the first "Visitation" meetings of Grangers in Latah county on Tuesday evening at the Grange hall, with 101 present.

Moscow Grangers opened the meeting and Troy Grangers had charge of the closing. Kendrick provided the program, which was an old time dance and much enjoyed by all.

Out of town notables present were Pamona Master from Troy, Mr. Whitsal; Mr. and Mrs. Hugh Parks of Lapwai, state officers; Ralph White, Moscow, state deputy, and Mr. and Mrs. Gerald Ingle, officers in the Deary Grange.

All the Kendrick officers were present. The Grange is sponsoring another old time dance Saturday evening, with proceeds going to the Building Fund.

Break Gasoline Pump

Wednesday morning about 1:00 o'clock the gas pump belonging to Bob's Garage, which sits on the curb, had the lock broken from the handle, and an estimated five gallons of gasoline stolen.

The action was noted by Grangers going home, and the car's license number noted. Marshal E. M. White was notified, and gave chase, but some way or another, the car was not found. Lewiston and Moscow police were notified.

Parents Of Son

A son was born to Mr. and Mrs. Neil Candler of Juliaetta at the St. Joseph's hospital, Lewiston, at 8:57 Tuesday evening.

Mother and babe are doing nicely.

CANCER DRIVE NOW GOING FULL TILT IN THIS AREA

Cancer drive workers are now actively canvassing this area for funds, the local drive having been delayed almost two weeks by the illness of four of the workers.

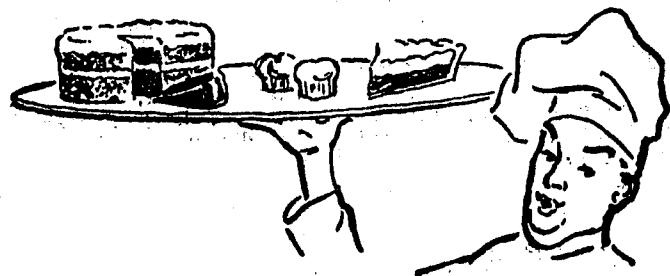

Mrs. Harley Eichner, local chairman, reports finding two instances of children having solicited funds in Kendrick under the guise of the American Cancer Society — and warns that an official worker has proper identifications and issues a receipt for such gifts.

Sixty percent of all the money

raised in Idaho during the current campaign of the Idaho Division of the American Cancer Society remains in the state to further the progress of education and service to victims of the disease, Leo J. Falk of Boise, president of the organization, said this week.

Twenty-five percent of the 1950 goal of \$90,000 would be sent to national headquarters to be allocated to research programs being carried on in 31 of the 48 states, while the remaining 15 percent is utilized in the national education program for cancer control, he said.

Commenting on the history of the Idaho Cancer Society, Falk said that

SHORT NEWS ITEMS FROM OUR LOCAL SCHOOLHOUSE

Eighth Grade News

Dear Friends — Our column is slightly short of news this week, so please pardon us — we've been just too busy to make any.

In English we are studying principal and subordinate clauses and their uses in the sentence.

We are beginning work on Chapter VII in Arithmetic.

We have chosen teams for softball, and the losers get additional problems in their arithmetic assignment.

The Science class has been studying the organs of the body and how they work.

Nancy Callison was absent last week and we are very glad to see her back in school this week.

High School News

On Thursday, April 27, the N. I. C. E. Dramatics club will present "The Importance of Being Earnest," a three-act comedy directed by Miss Carolyn Silverthorne. The play will be presented in the gym.

The annual Junior-Senior Banquet was held last Friday evening, 63 being served. It is reported by quite a few that they had a good time.

Since the banquet is over the Juniors are working hard getting ready for the Junior Prom, scheduled for this coming Friday evening, April 21, at 9:00 o'clock. The general public is invited.

Next week we hope to have more news for this column.

Mr. and Mrs. Everett Farrington and daughter Kathy, Mr. and Mrs. Ted Peters, Mr. and Mrs. Onal Cope and Freddy went to Mission Creek Sunday on a picnic expedition.

Dixie Browning and Marge Lackey were Monday visitors in Lewiston.

Mrs. Anita Brandt spent the Easter week at the Eben Adams home in Moscow. On Saturday Mr. and Mrs. Eben Adams came down to spend the week-end with Mrs. Brandt, the occasion being their wedding anniversary.

Mrs. Lulu Buchanan, who has been quite ill for some time, is greatly improved. She had as her guests over the week-end her sister-in-law, Mrs. Perc Dolan and husband, and a niece, Mrs. Garner and husband, all of Seattle.

Funeral Services Held

Funeral services were held Sunday afternoon at Weston, Oregon, for Mrs. Emma Moore, a former Texas ridge resident, who passed away at the home of her daughter in Weston. She was 89 years of age.

Mrs. Moore was a grandmother of Cecil Babcock. Mr. and Mrs. Babcock visited with her two weeks ago.

Emotion? — You Bet!

The former chorus girl obviously knew nothing about acting, and the Hollywood director was frantic. Finally he roared: "Can't you show me any emotion?"

"Well, I don't see how," she pouted, "when all you've been photographing is my face!" — Reader's Digest.

Chicken House Needs Cleaning

About the time spring cleaning time hits the average Idaho home it's time for a change in the chicken house. Young chicks should be moved from the brooder to clean range when they are about eight weeks old, providing the weather is right, the Latah county agricultural agent, Elbert McProud, reminded poultry raisers this week.

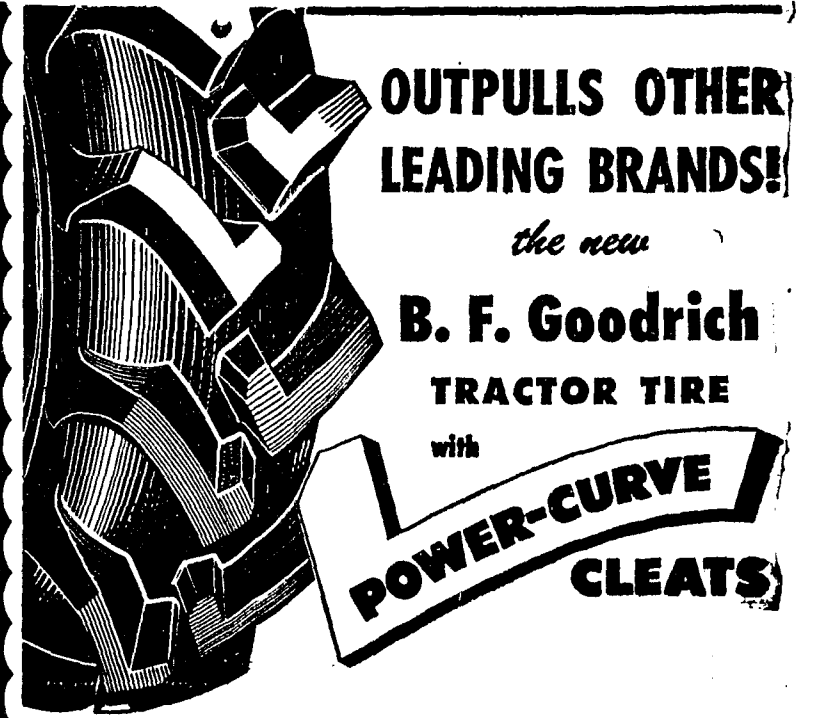

If weather is backward, as it has been this year in many parts of the state, the agent said it would be sensible to leave the birds inside until they can be pretty sure of sunshine.

Range shelters, he emphasized, need not be elaborate or expensive. Two open shelters, 10x12 feet, will give space for 500 pullets. That's an economical number of chickens. A farmer should figure on 400 to 500 if he expects to make anything on the deal. Almost as much time is required to care for 50 or 100 hens as 500, the agent pointed out. A dozen or so will provide eggs for the home table and an occasional chicken dinner, but it takes a substantial flock to make a business.

Roosting space of at least six inches for each bird should be provided, the agricultural agent pointed out. For the first few nights some patient handling may be required training the youngsters how to roost. It quickly comes naturally, but it's a habit that has to be learned.

Feed and water must be on hand at all times. It's best to keep them in the shade or close to the shelter so birds can eat and drink all they like with the least effort. Shelters should be moved occasionally to provide succulent green feed such as alfalfa or ladino clover. These moves are thrifty as well as healthful. Pullets getting lots of green feed eat less mash and grain.

To Ban Electric Heating
The Snohomish County Public Utility District announced last week that it will bar use of electricity for new space-heating installations. The State Public Service Commission recently ordered private power companies to follow this policy. While publicly owned utilities are not controlled by the state commission, the Snohomish P. U. D. directors said they would accept the curtailment as part of the regional conservation program. — Seattle Times.

Direct Taxes Down Little
Statistics just released by the Associated taxpayers of Idaho through their Tax Bulletin indicate that Idaho taxpayers, as a whole, paid a little less in direct taxes in 1949, but they had a harder time doing it. Because of a reduction in federal income taxes plus additional personal exemptions allowed last year, and a small general decline in business activity, reflected in smaller federal excise collections, the national government's take in the Gem state was down a little over five percent.

An increase in state and local taxes, however, cut the net reduction to slightly more than one-half of 1 percent. Max Yost, executive manager of the association, reports, "In view of the situation where anticipated federal revenue is not being realized, it would seem only sound business to reduce anticipated expenditures, but the federal government is doing just the opposite," Yost declared. He emphasized that the national budget already contemplates expenditures of over \$4,000,000,000 above current anticipated income, and pointed out that while the federal "tax take" in Idaho declined last year, federal contributions and matching funds coming into the state increased some 20 percent. "We will either have to pay the

bill or pay the consequences if such deficit spending continues," he added. The Bulletin also showed that while state property taxes were down on a state average, about one-third of 1 percent, they had actually risen in 21 counties. County and local property taxes had risen appreciably in 1949 over 1948, the report went on, making a net increase for local, county and state tax charges of almost 10 percent last year over the year before. "However, in spite of these increases here at home, Idaho is in many instances better off tax-wise than most other states. Savings have been made in various government functions and agencies had acted as a brake on the general upward trend and emphasized the need for continuing vigilance on behalf of governmental efficiencies and economies so that the trend toward increased levies here in Idaho can be slowed still further — stopped and then reversed."

To Provide Speech Guidance
Theo H. Wegener, Boise, president of the Idaho Chapter, National Society for Crippled Children and Adults, announced in Boise that a portion of the funds received from this spring's Easter Seal Sale will be used to provide a speech specialist for the Child Guidance Clinic at the University of Idaho during the summer session of 1950.
"This clinic," Mr. Wegener said, "is designed to aid handicapped children who are experiencing difficulty in speech, reading and emotional problems. Forty of the sixty children who will attend the clinic will be selected by the Idaho Chapter. They will be brought from all parts of Idaho for diagnosis and treatment. Each child will be tested for hearing difficulties and will be housed on the campus in a co-operative agreement between the University of Idaho and the Idaho Chapter.
"This new project is still another step in the Chapter's efforts, thanks to the generosity of the people of Idaho, to help the more than 3,400 physically handicapped children in this state to take their normal place in society.
Among other projects the society hopes to expand as the result of the sale, is the teaching program for hospitalized and homebound youngsters; its special clinics, as well as continuing to provide treatment, hospitalization and other assistance to the physically handicapped.
Mr. Wegener emphasized the fact that all applications from parents wishing to have their children attend the University clinic should be directed to the Idaho Chapter, National Society for Crippled Children and Adults, Inc., 410 Sun Building, Boise, Idaho.
"We of the Society are grateful for the generosity of Idahoans during this year's Easter Seal Sale," Wegener continued. He said that although the sale officially ended on Easter Sunday, contributions may still be made toward furthering this necessary work.

Hurry To Certify Seed
Deadline for making application for certification of alfalfa, clover and grass seed is May 1, Elbert McProud, Latah county agricultural agent reminded growers this week. Application papers are available at the agent's office.
The county agent said he had received word from T. C. Blackburn, manager of the Idaho Crop Improvement association, Boise, that an increase in alfalfa and red clover certification is expected this year. Production jumped in 1949 and there are indications that the trend will continue because of steady demand and because farmers are seeking substitutes for crops that are in over-production.
Only those fields on which application is made by May 1 can be accepted this year for examination leading to certification, Blackburn said. He advised the county agent that the deadline for grains is June 1 and that the deadline for potatoes and beans is July 1.

Potlatch Chief Sez

PUBLISHED BY THE KENDRICK CO-OPERATIVE CREAMERY

Parade Day, Saturday!

HELLO THERE, FOLKS:

When you come into town Saturday to see the parade, organized by our local drug store on the occasion of their business anniversary, don't forget to bring that can of cream in with you — and when you go home that night, don't forget to take home at least a quart of that delicious "Potlatch Chief" ice cream — it'll be just the thing for dessert Sunday.

But then, why wait till you go home? Try a cone or two while watching the parade.

Congratulations Tommy Keene

Indeed It's Confidential

An executive dictated some difficult letters to a new stenographer. When the girl brought back the copies for his signature, the official read a garbled version of his carefully thought-out remarks. Returning the mangled letters to the stenographer, he barked: "Don't you read these letters before putting them on my desk?" "Oh, no," replied the young typist. "I thought they were confidential." — Reader's Digest.

NEWS ITEMS ABOUT LELAND RESIDENTS AND FRIENDS

Rev. Beall To Preach April 23
The Rev. Joseph H. Beall, our District Superintendent, will preach in the Leland church on Sunday, April 23, at 1 o'clock. A family covered dish dinner will follow the morning worship. The afternoon will be spent at Quarterly Conference. Everyone is welcome and urged to spend the day.

L. S. L. A. To Meet April 26
Attention Mothers! On Wednesday, April 26, at 1:00 o'clock will be our last hot lunch meeting for this term. It is important that every mother attend to help decide — whether we keep the hot lunch program for another year. Also the election of officers was postponed last meeting. Canning committees will be appointed and refreshments served.

Double Feature

On Friday, April 28, the American Cancer Society will show a film in the church basement to begin at 10:00 a. m. Following the film there will be a pot-luck dinner. After this Miss Gale Weber, home demonstration agent, will display her paintings and give a textile painting demonstration. This is sponsored by the Homemakers Club and they wish to invite anyone who is interested.
