

# KENDRICK GAZETTE

VOLUME 60

KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, OCTOBER 5, 1951

NO. 40

## GRAIN MARKETS REMAIN WEAK; SUPPLIES PLENTIFUL

Grain markets continued rather weak during the past week, according to reports to the Market News Service of the U. S. Department of Agriculture. Market receipts adequate for trade needs. Wheat prices were somewhat irregular. Good milling wheat was in demand and sold at about the previous week's quotation in most markets. Ordinary grades declined with the futures, influenced by a slow export inquiry, better harvesting weather for late spring wheat and favorable soil and moisture conditions for seeding winter wheat. Oats remained about unchanged, but barley and rye turned weaker at the leading markets.

Market receipts of wheat increased to about 10 3/4 million bushels, reflecting larger arrivals of late spring wheat, movement of which, however, was still smaller than usual because of the shortage of boxcars. Milling demand was fairly active for the better grades, premiums for which advanced enough to offset the decline in futures at the leading markets. Export trade was slow but about 2.7 million bushels were inspected for export during the week, which brought the total since July to slightly over 33 million bushels. At the close of the market No. 1 dark northern spring was quoted at Minneapolis at \$2.19.

Wheat markets in the Pacific Northwest turned slightly weaker during the past week. Trading was rather dull throughout the period, reflecting continued slow export trading and light selective demand. North Pacific coast futures closed 3/8 to 1/2 cent lower compared with last week and \$2.15 1/2 was asked for December. On the Portland Grain Exchange "to arrive market" soft white and white club were bid at \$2.13 and hard red winter at \$2.16. Bid prices showed a decline of 1 cent on soft white, white club and hard red winter.

Wheat receipts at the principal Northwest terminals were well maintained at 1,030 cars during the week. Harvesting of Pacific Northwest wheat is practically completed, but a congested situation still exists at many interior elevators. According to trade reports approximately 7,000,000 bushels of wheat from the 1950 crop is dumped on the ground. Trading in the cash market was of light volume as export business remains slow and flour business very light. The CCC reported no sales of wheat during the week and at the close of the market they offered No. 1 soft white wheat at \$2.19 1/2 per bushel FOB ship. However, offerings of hard red winter wheat were withdrawn. Inspected wheat for export from Pacific Northwest ports totaled 823,717 bushels during the week.

Based on conditions as of September 1, the 1950 wheat crop in the Pacific Northwest was placed at 100,583,000 bushels, by the Crop Reporting Service. This is slightly under the August 1 forecast and compares with the 1949 crop of 91,625,000 bushels and the 10-year average of 90,760,000 bushels.

Demand for oats at Pacific Northwest markets continued quite moderate but light offerings made for steady prices. No. 2 white oats, 38 pound test, were quoted at \$55.00 per ton, delivered coast. Growers were not pressing for sales. Trading in Portland delivery oats was practically at a standstill and there were no available quotations. Receipts of oats at the principal terminals in the Pacific Northwest totaled 118 cars.

At Pacific Northwest markets feed barley prices made further moderate advances and at the close of the market No. 2 western barley, 45-pound test, was quoted at \$51.00 per ton, delivered coast. This represents a gain of only 50c a ton over a week ago. Demand was only moderately active, but offerings at current market values continued very light. The malting barley market continued to display a weak tone as buying interest was still lacking.

## Sales Day October 21

The date for Kendrick's Annual Sales Day has been set this year by the Merchant's Committee for Saturday, October 21 — following a real struggle to find an open date.

First considered was October 7 — but too many farmers and merchants would be away big game hunting.

Next was October 14 — the tentative date originally set — but no football game could be had that day, and it was also the Idaho Homecoming day — so that was out!

Finally, after a conference with Coach Racicot — October 21 was set — with a football game on the local field — plus the regular Sales Day Auction and bargains.

Watch next week's paper for the announcement ad.

## M. Y. F. Meeting Enjoyed

The Community Church M. Y. F. met at the Ross Armitage home Sunday evening, with Dave Clayton as leader. A goodly group was in attendance.

Following an open discussion a course of Bible study was laid out and will be followed in coming meetings.

## Bring In First Game

Elmo Eldridge and Jim Farrington were big game hunting Sunday morning in the Orofino section — and brought back a deer.

This is the first big game to come to town this season so far as we know.

## Honor Wedding Anniversary

Mr. and Mrs. L. A. Wright and Margaret entertained at dinner Sunday in honor of Mr. Wright's parents, Mr. and Mrs. Harry Wright's 55th wedding anniversary.

Those present besides the guests of honor were Mr. and Mrs. Frank Rowe, Mr. and Mrs. Norman LeComu and son John, all of Spokane; Mr. and Mrs. Robert Taylor and children of Lewiston; Mrs. Lettie Israel of Clarkston and Mr. and Mrs. Charles Van Gorden and family of Bovill. Mr. and Mrs. W. C. Raglin of Lewiston Orchards and Mr. and Mrs. Jack Travis visited in the afternoon.

## POLIO FUNDS TO BE SHARED TO AVOID EMERGENCY DRIVE

County chapters of the National Foundation for Infantile Paralysis throughout Idaho are giving their complete support in a move to share uncommitted chapter funds with the National "epidemic aid pool" in an effort to forestall a polio emergency drive this year, according to David F. Weeks, Foundation representative for Idaho.

The "epidemic aid pool" of the National Foundation has been established to render financial assistance to county chapters experiencing polio epidemics, which deplete their treasuries of funds raised during the annual March of Dimes Campaign. Weeks explained. Our move is simply to redistribute excess funds so that financial assistance can continue to be rendered to polio victims, wherever they live, to insure maximum recovery.

Our county chapters in Idaho realize the responsibility of all units of the organization to see that they get record financial assistance to the state.

Twenty of Idaho's forty-four county chapters have depleted their chapter treasuries and have requested over \$130,000 from the "polio epidemic aid pool" so far this year. This represents more financial assistance to Idaho than was rendered for the same period last year during the states' severe polio epidemic. Increased expenditures this year have been brought about by last year's patients still receiving treatment, and the influx of new patients hospitalized this year. The \$130,000 advanced to Idaho chapters brings total funds expended in Idaho for direct financial assistance to patients by the National Foundation, to over \$250,000 for 1950.

At the present time Idaho chapters are expending approximately \$20,000 a month in payment of hospitalization charges at the Elks' Convalescent Home and Idaho acute polio hospitals. It is expected, Weeks pointed out, that this monthly cost will soon rise, due to a steady reporting of cases from all sections of the state and an unusual polio incidence reported in south central Idaho.

These reports on the national polio incidence indicate that 1950 may be the second worst polio year in U. S. history, with approximately ten times as many polio cases reported as would have been considered an epidemic in the years prior to 1948.

It was "bingo" and the end of Indian summer temperatures last Friday night, when the thermometer dropped to a low of 34 degrees — leaving thick white frost visible until about 7:30 the following morning.

Friday night the mercury dipped even lower — hitting 28 degrees for the fall's lowest point — and leaving gardens and flowers a blackened mass.

Saturday night was a bit warmer, a low of 34 degrees again being recorded.

Sunday night, due to partial cloudiness, the temperature was higher, but home fires are standard equipment now, not only in the evenings, but during the day.

## W. S. C. S. Friday

The regular monthly meeting of the Kendrick W. S. C. S. will be held Friday afternoon at 2:15 o'clock in the church basement.

Members of the Leland W. S. C. S. will be guests as part of a "visitation program." Local members and their friends are urged to be present.

Mrs. Bob Magnuson will be in charge of the program.

Hostesses for the afternoon will be Mrs. Ben Cook, Mrs. L. A. Wallace, Mrs. Wm. Johnson and Mrs. Elmo Eldridge.

## Worthy Grand Matron To Visit

Mrs. Helen Leavitt of Moscow, Worthy Grand Matron of the Grand Chapter of Idaho, O. E. S., will make her official visit to Canyon Chapter on Tuesday, October 10.

Members are urged to attend the school of instruction at 2:00 o'clock that afternoon.

A dinner will be served in the banquet room of the Fraternal Temple at 6:30, honoring Mrs. Leavitt, and Chapter will convene at 8:00 o'clock.

All members and sojourning members are invited to attend.

## M. Y. F. Skating Party

Two carloads of M. Y. F. young folks were taken to Lewiston Saturday afternoon to enjoy a roller skating party at the rink there.

Those making the trip were Maxine Shind, Donna Knox, Bob McCall, David Crocker, Nancy Callison, Joyce Armitage, Donna and Ann Kanikbeberg, Kathleen Crawford, Marcela Craig, Lorene Steiger, Jerry Armitage and Roger Jones.

Mrs. Ross Armitage and Mrs. Bob Magnuson took the group down.

## PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

George Smith, Lewiston, was visiting old friends here in town Saturday afternoon and evening.

Mr. and Mrs. A. R. Swenson, Lewiston, were visiting in the home of his son, Mr. and Mrs. Irvin Swenson, Saturday.

Ray Assmann, Portland, who has been visiting in the L. W. Heimgartner home for the past week, and transacting business in Kendrick, left for his home Friday.

Mr. and Mrs. Wade T. Keene moved to their new home in Lewiston last week-end — after a 20-year residence in Kendrick. They are now at home to their friends at 1317 Prospect. It is with real regret that all see the Keenes leave Kendrick, but wish them much happiness in their new home.

Mr. and Mrs. August W. Hartung arrived in Kendrick Saturday afternoon from their home in Richmond, Calif. — their first visit in 17 years — for a visit in the Walter McCall home, and with other relatives here and at Lewiston. Mr. Hartung reported that his father, Carl Hartung, Sr., was unable to accompany them, originally planned, due to having undergone minor surgery. But was feeling fine. The Hartungs have just a week to spend — so made the drive from Richmond to Kendrick in 24 hours! He added that Kendrick showed real improvement in the 17 years since his last visit.

Everett Fraser and son Bob left Wednesday of last week for the Kelley Creek section on a big game hunt.

Mrs. Russell Smith and daughters and Miss Eva Smith, all of Lewiston, were visiting with friends in Kendrick, Sunday, calling briefly at a number of homes.

Mr. and Mrs. E. V. Weeks of Texas arrived last Saturday afternoon on a winter vacation trip — expecting to be away about six months — during which time they will live in their trailer home. They plan on going first to Norfolk, Va., then on south for the winter, returning next spring via California and the coastal highway.

Mr. and Mrs. N. H. Rhodes of Lewiston were Sunday dinner guests in the W. L. McCreary home.

Mr. and Mrs. Gerald Becker and son Kenneth attended the football game at the U. of L. Saturday.

Mr. and Mrs. Loyd Israel of Clarkston are the proud parents of a baby daughter, born to them Saturday, September 30. Mrs. Israel will be remembered as LaDonna Galloway, daughter of Mr. and Mrs. Hiram Galloway. The little Miss has been named Eloise Denise.

Mrs. John Johansen left Tuesday for Portland, where she will spend a couple of weeks in the home of her daughter, Mrs. Lahmen and family.

Edwin Coulter of Coulee Dam was a Friday over-night guest in the W. L. McCreary home.

Ed. Brown left Tuesday morning for a big game hunt in the Black Bear area of the Salmon river.

Mrs. Charles Deobald has received word from her husband, Sgt. Charles Deobald, that he is now stationed at Fort Worden, Wash., with an amphibious tank and tractor company.

Mrs. Harold McGraw and son Michael of Coeur d'Alene were Sunday guests in the home of Mr. and Mrs. Dick Fry.

Mr. and Mrs. Forrest Wetterow left Friday of last week on a big game hunt in the Bungalow territory.

Mrs. D. A. Christensen and Mrs. W. A. Watts spent Tuesday at the Lapwai cannery.

Fred Siffow, Ernest Heimgartner, Herman Siffow and Wilbur Tarbet left Friday on a big game hunt.

Mrs. Fred Siffow accompanied Mr. and Mrs. Emil Siffow to Lewiston Sunday, where they were dinner guests of the Misses Ida Siffow and Elsie and Dorothy Kruger.

Mr. and Mrs. Frank Abrams were Lewiston visitors Sunday evening.

Mrs. Boyd Cook and son David of Lenore; Mrs. Bina Raby and Evelyn Cook of Lewiston, and Bob and Leon Lind of Moscow were Sunday guests in the Paul Lind home.

Mrs. Grace Souders returned last week from Stibnite, Ida., where she had been visiting her son, Frank Souders. Elmer Souders and Mr. and Mrs. Marion Souders visited in her home Sunday, holding a "roofing bee."

Mr. and Mrs. Leonard Fairfield were down Saturday and Sunday from Spokane. They were accompanied by their son-in-law and daughter, Mr. and Mrs. Arthur Needham and family.

Mrs. E. M. White returned from Pasco by plane on Saturday, after a week's visit with her son-in-law and daughter, Mr. and Mrs. Teddy Deobald and daughter at Kenewick.

Miss Ester Johansson of Cody, Wyo., and her mother were here Sunday and Monday visiting with Mr. and Mrs. Howard Hoffman. Miss Johansson and Mrs. Hoffman were school chums.

Bill Johnson, who is employed near Craigmont spent from Thursday until Monday at his home here — snow and wind making it impossible to work on the construction job on which he is employed.

Mr. and Mrs. John Thiesen and sons have moved from Lewiston to the home of Mrs. Thiesen's parents, Mr. and Mrs. L. A. Wallace. Mr. Thiesen is a Marine reserve member and expects to be called for his physical examination Oct. 11.

Neal Craig spent the week-end

## INTERESTING HAPPENINGS FROM THE JULIAETTA AREA

Mr. and Mrs. Wallace Clark and Mr. and Mrs. Clinton Clark and daughter Kathy spent Sunday in Walla Walla at the home of Mr. and Mrs. Estel Richardson.

Word has been received that the Loye Tacker family are residing in Long Beach, Wash., rather than Missouri, as reported in last week's paper.

Mrs. Mary Ellen Wilkenson, granddaughter of Mrs. Vada McAllister, spent the week-end here. She returned to her home in Seattle, Wn., Sunday evening.

Mr. and Mrs. Maurice Knight of Kamiah, spent Saturday at the home of Mr. and Mrs. Lloyd Knight.

Those attending the Lapwai Indian Jamboree and dance were Mr. and Mrs. Chas. Nelson and Mr. and Mrs. Norbert Uhlencoot.

Sunday visitors at the Chas. Schultz home were Mr. and Mrs. Otto Gladden of Moscow. Mrs. Gladden is a sister of Mrs. Schultz.

Mrs. Mary Ottosen left Friday for Nampa, as a delegate to the Rebekah Assembly. While she is there she will visit her sister, Mrs. E. J. Hendricks, and a brother, William Clausen, in Boise.

Mr. and Mrs. Everett Custer of Pullman visited here with Mr. and Mrs. Sam Gruell, Sunday.

Mr. and Mrs. Richard Hobbs spent the week-end in Spokane.

Mr. and Mrs. Harry Sears, Spokane, spent Thursday and Friday at the home of Mr. and Mrs. Oliver Clark.

A birthday party was given Saturday for little Freddy Cope, at his home. The event honored his second birthday anniversary.

A farewell dinner was given for Minor Meyer at the home of Mr. and Mrs. C. O. Meyer, Friday. Those attending were Mr. and Mrs. Teddy Peters and Mr. and Mrs. Rex Knight and son, Miss Gwendolyn Giese also spent the evening there.

The "pot luck" supper in the Methodist Church basement Monday evening was enjoyed by a large crowd.

Ray Howard and Ray Hudson returned Friday afternoon from Flint, Michigan, driving out two new trucks for the Kirkpatrick Lumber Co., here.

Mrs. Bruce Sherman and son Jack were Sunday visitors at the home of Mr. and Mrs. Frank Barton at Moscow.

Wanda Peters, Leland, was an over-night guest of Karen Nelson, Wednesday.

Mrs. Ralph McAllister and daughters of Moscow were Monday night visitors in the E. O. McAllister home.

Mrs. Marvin Sullivan, who has been visiting her mother, Mrs. Susan Groseloc, returned to her home in Seattle, Thursday.

Mr. and Mrs. Teddy Peters took Minor Meyer to Spokane, Saturday. Mr. Meyer left for service with the army, Sunday.

Our Note: Mrs. Rex Knight is our new correspondent in Juliaetta. Any help you can give her in the collection and writing-up of news items (name lists, etc.) will be greatly appreciated by her as well as ourselves.

## Commercial Club Meeting

The regular monthly meeting of the Kendrick Commercial Club will be held next Wednesday evening, October 11, with the 6:30 dinner to be served at White's Confectionery.

Chief item of business will be plans for the Annual Sales Day and a discussion of flood control matters pertaining to Potlatch creek. It is sincerely to be hoped that attendance will be up — as that of the last meeting hit an apparent "all-time low."

Remember the date, place and hour — and be there.

It doesn't make a whit of difference whether or not you are a member — come out.

## SHORT NEWS ITEMS FROM OUR LOCAL SCHOOLHOUSE

### Tigers Lose To Troy Eleven

The Kendrick Tigers played their first home game of the season on the local field Friday afternoon, losing to a stubborn Troy team by a score of 7 to 0. The game was marked by early season raggedness on offense, but the defense of both teams looked particularly good for this early in the season.

Outstanding performances by Kendrick players included the aggressive ball carrying of Charles Christensen; defensive rushing of Orville Halseh and the deadly tackling of Dave Crocker. The entire team showed a marked improvement over their performance against Grangeville at Grangeville the previous week.

The Tigers next game will be played at Lapwai this Friday, with the Lapwai Wildcats as opponents.

### Work Is Appreciated

The High school students appreciate the work of Hiram Galloway of the Kendrick Highway District, in helping get the field ready for Friday's game. Also the work of Wm. Bambrery, city employee, was appreciated — as was that of all others who have assisted in this tremendous task.

Lunch Room Help Thanked

We wish to extend our thanks to Mrs. Oral Craig and Mrs. Lloyd Craig for taking Mrs. White's place in the lunch room, while she was away.

### Rings Have Arrived

Tuesday afternoon pandemonium reigned in the halls of Kendrick High school. Reason — the long awaited Senior Class rings had arrived.

No School Thursday, Friday

School will be dismissed next Thursday and Friday, Oct. 12 and 13. The faculty members of the district will be in attendance at the annual I. E. A. convention in Lewiston, and the cooks will be attending their annual "workshop" for school lunchroom workers.

The I. E. A. meeting this year will be conducted on a workshop plan and all teachers will contribute to the discussions which will center around "Curriculum Building."

Teachers from Kendrick who have special assignments in connection with the convention are Ben P. Cook, Elsie Deobald, Joyce Brammer, Asa Calvert and Gerald Becker.

### Hold Chicken Dressing Bee

Members of the Joint District P. T. A. held a chicken dressing bee Tuesday, September 27, drawing and dressing 105 chickens purchased from Mrs. Homer Parks at the bargain price of only 50c apiece.

The chickens were cleaned and drawn by Mrs. Ed. Dammarell, Mrs. Ernie Miller, Mrs. L. A. Wallace, Mrs. W. W. Eldridge, Mrs. Roy Glenn, Mrs. Ross Armitage, Mrs. Ed. Mielke, Mrs. George Brooker, Sr., Mrs. Gerald Ingle, Mrs. Bob Magnuson, Mrs. Ernest Roberts, Mrs. Henry Jones, Mrs. Perry Mattoon, Miss Helen Mattoon, Mrs. John Wilson, Mrs. Lloyd Craig, Mrs. Leonard Wolf, Mrs. George Havens, Mrs. V. L. Dunham, Mrs. Homer Parks and Mrs. L. E. Eldridge.

On Wednesday, Sept. 28, the chickens were cut and wrapped for the locker by Mrs. Lloyd Craig, Mrs. Oral Craig, Mrs. Ed. Dammarell, Mrs. W. W. Eldridge, Mrs. D. A. Christensen, Mrs. Kenneth Brooker, Mrs. Ed. Nelson, Mrs. Grant Bate, Mrs. Fred Wendt, Mrs. Herman Schupfer, Mrs. Ben Cook and Mrs. L. E. Eldridge. Mrs. Ralph Reid hauled them to the locker.

### Kendrick Boy Scout News

Henry Jones has been appointed by the local Scout Committee to head the Kendrick Boy Scout Troop. This is a promotion from Assistant Scoutmaster to Scoutmaster, as Scout has been helping Scoutmaster Jud Lee for the last year. In addition to his duties as Assistant Scoutmaster, Mr. Jones has been the camping chairman for the local troop. He is well fitted by disposition and training for this new position.

The committee regrets the resignation of Mr. Lee, as he has done much to get Scouting revived in Kendrick, but he could not be persuaded to carry the work any longer. The Scout Committee and the community as a whole wish Mr. Lee to know his efforts in behalf of the boys has been appreciated.

Howard Hoffman has been appointed Assistant Scoutmaster to aid Mr. Jones. Mr. Hoffman has been serving on the local Scout Committee for a year.

### New Minister Here

Beginning Sunday morning, October 7, at 9:30 a. m., there will be regular morning worship each Sunday at the Community church, with the Rev. Charles Schmidt of Lapwai bringing the message.

Rev. Schmidt, who is serving the Lapwai Mission as minister, has arranged to care for the local church work, and plans to make regular weekly calls to get acquainted with people in this community.

### Called As Witnesses

In the damage suit of Robert Young, Juliaetta, against the Northern Pacific Railroad Co., now going on at Moscow, alleging flood damages as a result of N. P. operations: Herman Schupfer, Leon Branscom, A. O. Kanikbeberg and Mrs. M. C. Halliday were called as witnesses. Lloyd Craig of Leland and Wayne Talbot, Lapwai, were also called.

## NEWSY ITEMETES FROM AMERICAN RIDGE AREA

The Lucky Seven 4-H club will meet Friday evening at seven-thirty at the home of Jim Nelson.

A large crowd attended the Hi-Hope club meeting and demonstration on juice extracting, by Miss Betty Jo Baker at the home of Mrs. Nora Callison last Thursday. Our next meeting will be on October 19, with Mrs. Harry Benschoter.

Folks from many miles around attended the Ernest Roberts sales last Friday.

Miss Peggy Cox of the U. of I., and Leonard Roberts, also from the U. of I., spent the week-end at their respective homes here. On Monday Mrs. Harold Moscow and daughter Celia went to Moscow with Leonard, where Celia competed in the 4-H modeling contest — her clothes winning a Blue ribbon.

Albert Cox of Moscow was a Sunday dinner guest of Mr. and Mrs. Andy Cox and family.

Mr. and Mrs. Archie Morgan of Moscow were week-end guests of Mr. and Mrs. Ed. Kent.

Mrs. Frankie Benschoter and Mrs. Ed. Kent drove to Moscow on Monday, where they witnessed the modeling of clothes by 4-H club girls.

Mrs. Walter Benschoter and daughters spent Sunday afternoon with her father, Ben Callison, in Lewiston.

Mr. and Mrs. Harry Benschoter spent Saturday evening with Mr. and Mrs. Geo. Havens and sons.

Mr. and Mrs. Frankie Benschoter entertained at dinner last Thursday for Walter Bigham, Mr. and Mrs. Walter Benschoter, Harry Benschoter and Grandmother Benschoter. The dinner honored Walter Bigham's birthday anniversary.

Mr. and Mrs. John Glenn of Kendrick were Friday evening callers in the Andy Cox home.

Mr. and Mrs. Bob Benschoter and family of Craigmont spent Sunday with his parents, Mr. and Mrs. Harry Benschoter. On Monday Mrs. Harry Benschoter and Mrs. Bob Benschoter, Roger and Linda, drove to Spokane, where Mrs. Bob Benschoter took their small son, Roger, to a doctor. Bob Benschoter returned to Craigmont on Monday morning.

Kenny and Lee Brocke and Robin Magnuson were guests of Charles and Rayner Havens during the past week.

Mrs. Ray Coon of Melrose spent Monday morning with Mrs. Frankie Benschoter.

Mr. and Mrs. Ray Knutson and daughters of Lewiston spent Sunday afternoon with Mr. and Mrs. Perry Mattoon and family.

Mr. and Mrs. Harley Eichner and son Bud and Mr. and Mrs. Herman Schupfer and daughters Beverly and Marilyn ate dinner at the Moscow hotel Sunday, and spent the evening at the Harley Eichner home, while Bud Eichner and Marilyn Schupfer attended Our Savior's Luther League Hay Ride party.

Mr. and Mrs. Ernest Roberts were Friday evening supper and overnight guests of Mr. and Mrs. Nora Callison.

Mr. and Mrs. Ed. Kent and Wayne Davis were Friday evening guests of Mr. and Mrs. Frankie Benschoter.

Mrs. Wayne Davis and son Bruce drove to Chewelah, Wash., on Thursday to visit relatives. Wayne joined them Saturday, all returning home Monday.

Mr. and Mrs. Perry Mattoon and family were Saturday evening supper guests of Mr. and Mrs. Merrill Mattoon of Lewiston.

Marilyn Schupfer was a Friday over-night guest of Mr. and Mrs. Harley Eichner.

Mr. and Mrs. Ernest Roberts went to Lewiston on Sunday and are visiting at the home of her sister, Mr. and Mrs. Gregory Eaves.

Mr. and Mrs. Andrews and family and Mrs. Andrews sister of Lewiston were Sunday guests of Walter Bigham.

Mr. and Mrs. Wayne Davis and son Bruce were in Moscow on Tuesday.

Mrs. Earl Harris and daughter Shirley of Camp 40 spent Thursday and Friday with her parents, Mr. and Mrs. Perry Mattoon. On Friday evening all went to visit with Mr. and Mrs. C. E. Harris in Kendrick.

Mr. and Mrs. Wayne May, Sr., spent from Friday evening until Tuesday morning with Mr. and Mrs. Wayne May, Jr., then returned to Lewiston.

Mr. and Mrs. Henry Brammer of Juliaetta spent Sunday afternoon with Mr. and Mrs. Carl Koopp in Kendrick.

Mr. and Mrs. Walter Weaver and LeMar Johnson of Lenore, and Mrs. Walk of Lewiston were Sunday dinner guests of Mr. and Mrs. Nora Callison. Evening callers were Mr. and Mrs. Henry Kortemeier of Big Bear ridge.

Mrs. Nora Callison and daughter Nancy spent from Monday evening until Tuesday noon with Ben Callison in Lewiston.

Mr. and Mrs. Laurence Heimgartner and daughters took Ray Assmann to Lewiston on Sunday, where he took the train back to Portland.

Barbara Dunham of Big Bear ridge came up Monday evening from school with Janice Heimgartner to help her celebrate her birthday anniversary. Other guests were her grandparents, Mr. and Mrs. R. C. Heimgartner of Clarkston.

Mr. and Mrs. Grandberg and children of Clarkston were Saturday visitors in the Harold Roberts home.

Mr. and Mrs. Floyd Fleishman and Mrs. Grandberg of Clarkston were visiting at the Harold Roberts home on Tuesday.

Mr. and Mrs. Harold Roberts and son Myron were Lewiston visitors on Wednesday.

**Bold Thief Steals Car**  
Mr. and Mrs. Gordon Swears of Juliaetta had their car stolen "right from under their noses", so to speak, while they were eating dinner at the Para-Dice Club in North Lewiston Saturday evening.

Due to a faulty ignition system they had left the keys sticking in the ignition lock, as it was difficult to replace them once they were removed. They parked their 1948 Dodge sedan right in front of the club, under a blaze of lights, and went in to eat. When they came out in about a half hour — their car was gone.

**THURBER'S**

**PERSONAL MENTION**

here with his parents, Mr. and Mrs. Oral Craig, returning Monday to Grand Coulee, where he is employed. Miss Bonnie Wendt of Lewiston is spending this week with her parents, Mr. and Mrs. Bud Wendt, Kendrick.

Mrs. Hiram Galloway is in Clarkston this week helping with the care of her grandson, while Mrs. Loyd Israel is at the hospital with their new baby daughter.

Tom Thompson and his brother, Horton Thompson, who have been making their home with Tom's daughter, Mrs. Jasper Nutting and family, moved to Athol, Idaho, this week.

Ed. Deobald and Russell Smith left Thursday on a big game hunt in the Taboggan ridge section. They returned Tuesday evening, with an elk each.

Mr. and Mrs. Ward Howell and children left Thursday for their home in Red Bluff, Calif., after a week's visit here with relatives.

Mrs. Carl Riggers and daughter of Gifford spent Sunday here visiting in the home of Mr. and Mrs. Geo. Brocke, Jr.

Mrs. Ed. Ohman left last Thursday for her home in Seattle, following a week's visit here with her mother, Mrs. Liddie Ameling, and other relatives.

Mrs. Geo. Brocke, Jr., and son Dean, and Mrs. Gene Brocke and daughter were Lewiston visitors on Tuesday.

Mrs. W. M. Huff is visiting this week in the home of her daughter, Mrs. E. M. White and family.

**Candidates Visit**

Three Republican candidates for office Nov. 7 visited Kendrick Friday to become acquainted with local voters.

Dr. John T. Wood of Coeur d'Alene, who seeks the congressional seat in this district, has practiced medicine for 40 years, and is well known throughout this section of the state. He also is past grand master of Idaho Masons, and is widely known for his efforts to promote Americanism.

Senator Henry Dworshak has served eight years in the house of representatives and three years in the senate. He has studied the problems of agriculture, forestry and mining, and last summer accompanied members of the state land board and others on the annual inspection trip to the Clearwater country. He has made numerous trips in the U. S. forests and has been active in promoting the building of highways and roads to provide access to mature stands of timber.

State Senator Edson Deal of Nampa has served ten years in the state legislature and is conversant with state governmental business. He is the Republican nominee for lieutenant governor. Mr. Deal's father for many years served as state master of the Idaho Grange.

The three visitors to Latah county inspected the University of Idaho campus Saturday, attended the football game Saturday afternoon, and were present at the official opening of the Student Union building that night.

A. V. Moffatt of Moscow, county Republican chairman, accompanied the three men to Kendrick. Senator Dworshak displayed a keen interest in flood damage about Kendrick, and stated that it was his intention to find out why flood control measures of some type apparently were not on the list.

**Still Hauling Grain**

Every now and then one sees a truck loaded with meat, oats or barley going down Main street on its way to the elevator — but don't think that harvest is still on, for it is not. That grain has been in somebody's grainery, machine shed, or other storage space, and is just now on its way out because the elevator for which it was bound has been able to secure a car to make shipment.

No grain was piled on the ground in this area despite the bumper harvest, but warehouses and elevators are bulging, and can receive only as they are able to get a car or two for terminal shipment.

**License Sales Increase**

Idaho game department license clerk, Ray Whitson, reported an over-all increase in license sales for the period May through September, 1950, compared with the same period in 1949.

Greatest increase was in resident fish licenses, where 1,989 additional were reported. Total gain for the period was 3,844 permits. The resident combination class was down 710 from last year, but still showed 104,023 licenses sold.

The ten-day tourist license gained 556; non-resident season up 704, and resident game increased 1,305.

**Undergoes Appendectomy**

Mrs. Harold Peterson, Big Bear ridge, underwent surgery for acute appendicitis last Friday at the Gritman hospital in Moscow. She is reported as getting along nicely.

**Entertains Ladies Aid**

Mrs. Robert Clemenhagen was the hostess for the Big Bear Ridge Ladies Aid Wednesday afternoon, at her home in Kendrick.

**Lunch Nets Neat Sum**

At the Ernest Roberts sale on American ridge last Friday, ladies of the Kendrick Grange served the lunch, and \$142.00 was cleared for the Grange building fund.

**Members of Vandaleers**

David and Dick Coulter, former Kendrick residents, but now of Glenns Ferry, are members of the Idaho Vandaleers, famed student choral group at the U. of I.

**Sunday School Party**

Rita Cain gave a party for her Sunday School class of the Assembly of God Church Friday evening. Games were played and refreshments served.

Get those Benjamin Moore Paints at the Kirkpatrick Mill in Juliaetta. The cost is low. 1-adv.

**NEWS ITEMS ABOUT LELAND RESIDENTS AND FRIENDS**

**Homemakers Club Oct. 12**

The ladies of the Homemakers Club will meet on Thursday, Oct. 12, at 1:30 o'clock at the home of Mrs. Wilbur Tarbet. Miss Margaret Weber will be present and demonstrate how to properly sew in a zipper and make bound buttonholes. Our exhibits, entered at the Nez Perce county fair, won a blue ribbon.

**Other News**

Leo Peters of Spokane spent the week-end here with his parents, Mr. and Mrs. A. G. Peters.

Mr. and Mrs. Everett Flesaman and Mr. and Mrs. Ed. Flesman, all of Portland, were guests last week of Mr. and Mrs. Gordon Peters.

Leonard and Leon Wolff, Everett and Bob Fraser and Alvin Steigers are on a big game hunting trip in the Kelly Forks area.

Mrs. Oney Walker and son Neal of Lapwai were Saturday over-night guests of Mr. and Mrs. Harry Smith.

Mr. and Mrs. Walter Crawford and family were Sunday dinner guests of Mr. and Mrs. Con Anders at Gifford.

Mrs. Willard Reed and son Timothy of Grangeville, and Clinton Smith of Lewiston spent the week-end with their parents, Mr. and Mrs. Harry Smith.

Mr. and Mrs. Ervin Draper and son Gary were Sunday guests of Mr. and Mrs. Burt Talbot at Anatone. Mrs. Draper and Gary remained there to spend a week visiting.

Shelia Westendahl spent the week-end with Erma Lohman.

Mrs. Gordon Peters and daughters were Saturday dinner guests of Mr. and Mrs. Elmer Peters in Lewiston.

Jesse Heffel, Elaine and Kenneth were Sunday afternoon callers at the home of his mother, Mrs. Dora Heffel.

Mrs. Oney Walker and son Neal were Sunday dinner guests of Mr. and Mrs. Lloyd Craig.

Mr. and Mrs. Robert Draper were Sunday afternoon callers in the home of Mr. and Mrs. Joe Piper at Lenore.

Mrs. Roy Craig and daughter Paige and Mrs. Dora Heffel were Saturday afternoon callers of Mrs. W. H. Weyen.

Mr. and Mrs. Marvin Vincent were Sunday dinner guests of Mrs. C. A. Wood at Clarkston.

Mr. and Mrs. Ed. Flesman and family of Portland were Thursday afternoon callers in the home of Mr. and Mrs. Jesse Thornton.

Mr. and Mrs. Roy Smith of Eau Claire, Wisconsin, cousins of Mrs. Vincent, and Mrs. C. A. Wood of Clarkston were Sunday afternoon callers of Mr. and Mrs. Marvin Vincent.

Mr. and Mrs. Oral Craig were Saturday dinner guests of Mr. and Mrs. Jesse Thornton.

**SOUTHWICK NEWS**

Mr. and Mrs. Don Cantril and daughter left Friday for Los Angeles, Calif., called to that city by the serious illness of Mrs. Cantril's grandmother, Mrs. Helen Hughes.

Mr. and Mrs. Henry Shoemaker and daughter of Lewiston Orchards were Saturday night guests of Mr. and Mrs. Commy Perry.

Mr. and Mrs. Clay King accompanied Mr. and Mrs. Pete Brown of Lewiston to Coos Bay, Oregon, and Seattle for a two-week vacation. They will visit relatives and friends while away.

Mr. and Mrs. Henry Davis and son spent Sunday in Spokane visiting his father, Ben Davis, who has been gravely ill.

Tom and Arlie Armitage spent Sunday with Mr. and Mrs. Jay Armitage at Weippe.

Elton McCoy and Commy Perry, who are employed at Pendleton, Ore., spent the week-end at their homes here.

Mr. and Mrs. L. J. Southwick and Mrs. Millie Harris were Sunday guests of Mr. and Mrs. Lee Davis in Lewiston Orchards.

Mrs. Ruth Armitage and her 4-H girls were in Moscow Monday for the Regional 4-H meeting. Patsy Cuddy won a first place in the Style Review, and Patty Finke won a second in a demonstration of packing a suitcase.

**STONY POINT NEWS**

Von Hugh, infant son of Mr. and Mrs. Walter ZumHofe, came home Tuesday, after having spent a week at St. Joseph's hospital in Lewiston. He is feeling much better.

Most of the men in this community have gone elk hunting.

Mrs. Hugh Parks, Mrs. Walter Zum Hofe, Mrs. Marion Stevens, Miss Inez Heath and Mrs. Glen Stevens were among those who attended the beautiful wedding Saturday evening of Miss Dorothy Kerby, daughter of Mr. and Mrs. Charles Kerby, to Meredith Glenn. The ceremony was at the Federated church in Lewiston, with Rev. Vance officiating.

Cars driven by Glen Stevens and Mr. Phillips of Weippe collided last Tuesday on a blind turn on the Hubbard Gulch road. Minor damage was sustained by both cars, but no one was injured. This makes the second accident in three weeks on that particular curve, a similar accident having involved cars driven by Loren Holsington and Mart Klopfer.

Mr. and Mrs. Clifford Powell and daughter Carol were Sunday dinner guests of Mrs. Glen Stevens and daughters.

**Safety Posters Are Up**

Safety posters reminding hunters throughout the state that firearms can be hazardous are being distributed by game department field personnel.

The department said that 2,400 posters, cartoon type, depicting the things not to do with firearms, will be placed in sporting goods stores, service stations, license vendors and in the forests of the state. The posters are part of a program to reduce hunting and firearms accidents.

**Assisting At Blood Bank**

Miss Stella Weaver, a graduate of the St. Joseph's School of Nursing, has been employed as assistant at the Lewiston blood bank.

Miss Weaver's home is at Southwick. She is a graduate of the Kendrick High school.

### Select Boulder, Colorado, For High Altitude Study

Physics and astrophysics — natural sciences that have captured public imagination since the atomic-power revelations—are taking to the hills these days. The selected site for the proposed new radio-propagation laboratory of the U.S. bureau of standards is in lofty Colorado, the state with the country's highest average elevation of 6,800 feet.

Boulder, Colorado, where the laboratory is to be built is 5,350 feet up, notes the National Geographic society. This resort and college town, home of the University of Colorado, is cradled in the high Rockies, about 25 air miles northwest of Denver.

Such mountain heights offer special advantages to scientists studying the mysterious actions of cosmic rays and the manifestations of the sun as it affects radio communications.

The greater the altitude, it has been found, the stronger are the cosmic rays—those invisible, highly penetrating particles that are constantly bombarding the earth. Hence, a few years ago, a permanent cosmic ray station was set up by cooperating universities on the summit of Colorado's 14,260-foot Mount Evans. It is 36 miles from Boulder.

At Climax, Colorado, 85 miles southwest of Boulder, is the Harvard-Colorado university coronagraph. This apparatus is a specially designed telescope which produces artificial eclipse conditions by blacking out direct sunlight, and thus permits scientific observations and photographs of the sun's surrounding gaseous glow.

### Acid Soil Fixes Phosphate And Makes Soil Fertile

What makes acid soils infertile? To find an answer to this question, John M. Heslep investigated two types of acid soils in northern California and reported his findings in his dissertation.

Heslep found that one of the main reasons for infertility is the tremendous power of acid soil to fix phosphate. So tightly is phosphate held by the soil that it would require a forbidding amount of fertilizer to satisfy the phosphate needs of the soil and make the element available to plants.

Using Romain lettuce as test plants, the investigations disproved two theories of what causes infertility in acid soils; manganese toxicity while present in acid soils is not responsible for the slow plant growth, and neither is lack of calcium. Calcium applications in the form of lime do neutralize the acid in soil and produce good growth, but infertility apparently is caused by soil acidity rather than by lack of calcium.

Heslep's work was the first study of infertility in acid soils in California. It was limited to two types of soil, and it remains to be seen whether his findings also apply to the several hundred other kinds of acid soils in the state.

### Threat to Cattle

Owners should be particularly watchful at this time of the year for signs of prussic acid poisoning in cattle, the American Veterinary Medical association advises. Wiling, drought, or frost causes the formation, in certain kinds of plants, of large amounts of prussic acid—which contains deadly cyanide—and cattle that feed on these plants become sick and usually die if not treated immediately. Sudan grass, chokecherry, wild cherry, flax cane, velvet grass, arrow grass, and Johnson grass are specifically mentioned by the AVMA as common sources of cattle poisoning. Owners are advised to suspect prussic acid poisoning when animals having access to such plants froth at the mouth, breathe hard, and stagger. Affected animals should be placed under the care of a veterinarian without delay, the association says.

### Why Rubber Bounces

What makes a rubber ball bounce? This is due to its elasticity, which is the ability of rubber to restore itself to shape after it has been deformed. Where the ball touches the ground, the rubber is pushed toward the center. Then the elastic forces push it back, raising it off the ground again. Some energy is lost, by frictional heating inside the rubber. So even in a vacuum, with no air resistance, the ball could not bounce as high as the point from which it was dropped. Materials like ordinary putty are inelastic. They will not bounce because when they are deformed they tend to stay that way.

### Utility Farm Dog

The question of which one of the hundred breeds of dogs in this country makes the best general utility farm dog has often been asked. The most suitable type of dog for use on a diversified farm would belong to the large, long haired breeds such as the Collie, Shepherd, German shepherd, and Air-dale. These breeds are suitable for watchdog duties and, when trained, can be used for driving cattle, sheep, and horses. They have natural hunting instinct and rid the farm of many harmful varmints.

### Good Care Can Give Farm Tires More Wear Eight Ways Farmers Can Use to Keep Down Cost

Tire service experts say there are eight things the average farmer can do to get the best possible return on his \$200 or more investment in the tires on his vehicles. And coming just at the start of the planting season they serve as timely suggestions.

According to the B. F. Goodrich farm service department, farmers observing these tips will not only protect their tires and make them last longer, but will obtain maximum efficiency from their equipment:

1. Check air pressure twice a month, taking reading first thing in the morning when tires are cool. Never release air from tires

Regular examination of farm tires and prompt repairs to cuts, bruises or other damage may prevent most costly repairs. Gaywood Wagner, Freehold, N. J., is shown inspecting a sidewall cut in one of the multi-ring front tires on his tractor.

after running tractor for long periods in hot sun. This will result in under-inflation and possible tire damage when casing cools off.

2. Do not permit grease or oil to remain on tires. This shortens the life of rubber. Wash off chemicals which accumulate after spraying with tractor.

3. When using liquid weight in rear tractor tires, do not fill tire more than three-quarters full of liquid. Maintain correct air pressure, because a slight leak under this condition will cause a much greater decrease in pressure than if the tire were 100 per cent air-filled.

4. When tractor is not in use for long periods, jack it up and cover it. Inflate tires to recommended pressure before putting tractor back in service.

5. Always use valve caps to keep out dirt and moisture and to prevent possible trouble from leaky valves.

6. Examine tires regularly for signs of damage and remove stones and other foreign objects from treads. Have cuts, bruises or other tire damage repaired as soon as they are discovered.

7. Choose correct size when purchasing tires, keeping in mind the load they must carry and the particular job for which the tractor is used.

8. Drive carefully at all times—especially on the highway—to obtain longer life from tires and to extend your own.

### Power Saw

A new lightweight portable power saw, weighing only 25 pounds complete with blade and chain, recently has been placed on the market. The unit is designed for cutting cordwood, and clearing, felling, and bucking timber, making posts, and tree surgery.

### Secretary Brannan Pays Tribute to Homemakers

Secretary of Agriculture Charles F. Brannan paid tribute to three million homemakers in home demonstration work in special messages during the annual Home Demonstration week.

He said: "Better informed, more prosperous, healthier and happier rural people are most important assets to our democracy. As you look around your homes you must be conscious of your efforts."

### Watch Children's Health

Boise, Special — With the start of school a recommendation to all parents to "take stock of their children's health" was made by L. J. Petersen, administrative director, Idaho State Health department.

"Regardless of a child's present state of health, he should have a medical check-up, the periodic one which has come at regular times since he was born." The close associations that come with school attendance result in increased hazards of communicable infections, particularly those of a respiratory nature, Petersen said.

Because of this, the child should be immunized against diphtheria, tetanus, whooping cough and smallpox. The family doctor of local health unit may also recommend shots for typhoid and other diseases for further health protection. If he has had immunizations during the

first year of life, he should have "booster" doses at this time.

Records of the state department show that whooping cough is nearly 12 times as prevalent this year as last, 603 cases having been reported through August compared with 141 for all of 1949. This record is poor in view of the fact that over 80 percent of these cases could be prevented by a program of immunization.

Preventative measures against all these diseases are recommended early in infancy with attention being paid to the later "booster shots." A plan of periodic check-ups and insistence on an adequate program of immunizations and vaccinations by the family physician and local health unit as part of good health practices will make certain that unnecessary illness will not befall the community, Petersen concluded.

**Foresee Billion Barrels  
Jet Fuel from Oil Shale**

Jet engine fuel by the billions of barrels can be produced from the Green river oil shale formation in northwestern Colorado, Dr. J. D. Lankford, acting chief, of the United States bureau of mines oil-shale demonstration plant in Rifle, Colo., reports.

Low cost oil shale mining already has been found feasible, Dr. Lankford says, and he predicts that the present trickle of 100 to 300 barrels of gasoline and Diesel fuel from the formation will become a mighty torrent as techniques improve.

"It is estimated that 88 volume per cent of the crude shale oil could be converted into a hydrogenated product containing a premium Diesel oil and a high-quality jet fuel practically free of sulfur, oxygen and nitrogen compounds," Dr. Lankford stated. "If desired, the hydrogenated material could be converted easily to gasoline by standard petroleum refining processes."

"The United States bureau of mines oil-shale demonstration plant at Rifle, Colo., is engaged in an integrated research and experimental program to point the way toward the development of a tremendous natural resource, oil shale, for possible wartime emergency and for the ultimate peacetime production of liquid fuels by private industry."

"Billions of barrels of liquid fuels are potentially available from the oil shale of the Green river formation of northwestern Colorado. Research and development work will be necessary over an extended period of time to bring this great natural resource to the stage where utilization will be possible."

**Pocket Radiation Indicator  
Developed for Average Man**

An accurate pocket-size radiation indicator, so simple that the man on the street can learn to read it after a few minutes instruction, has been developed at the atomic energy project on the Los Angeles campus of the University of California.

The device was developed by Dr. George V. Taplin and Clayton Douglas of the U.C.L.A. medical school's atomic energy medical research staff.

It measures radioactivity by a color change of chemical solutions in small vials. The chemicals are inexpensive, and it is estimated that the instrument could be produced on a large scale very cheaply.

The vials fit into a compact case about the size of a pack of paper matches, which could be worn around the neck like G.I. dog tags. They also could be adapted to a pencil-like container for the pocket.

The new radiation indicator was specifically designed to measure large doses of gamma and X-rays immediately after an atomic blast.

It also lends itself to the development of important peacetime applications, says Dr. Taplin. For example, it could be useful in the calibration of such radiation equipment as fluoroscopes and X-ray machines. It might be used to measure radiation from radio iodine absorbed by the thyroid gland in treatment of hyperthyroidism.

**Origin of April's Fool**

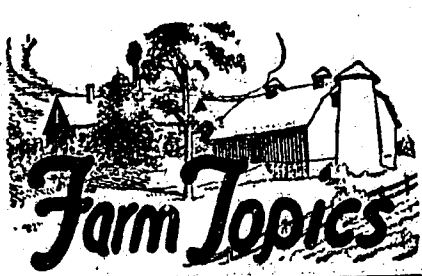

It was the habit of observing July as the beginning of the year that is said to have started the whole idea of All Fools' Day. From its reputed origin in France, it quickly spread to other countries. We have such varied terms as the English "noddies, gawbies and April gobs," the French "April Fish," and the Scottish "April Gowks." While there are other theories about April Fool's day, the calendar story located by research librarians with Childcraft seems that when King Charles XI of France adopted the reform calendar in 1564, many Frenchmen refused to go along with the new January 1 New Year's. When they continued to celebrate on July 1, they were made the butt of countless jokes—receiving mock party invitations, fake gifts, and pretended ceremonious visits of congratulation.

**United Nation's Building**

Along the banks of East river on the Island of Manhattan between 42nd and 48th streets the Secretariat building of the United Nations is towering to the sky as workmen are rushing it to completion so that it can be occupied before the end of the present year. The structure will be 39 stories high. It is one of four units that will complete the headquarters as a "workshop for world peace." Contracts for the other three units have not yet been let but it is believed they will be completed during 1951.

**Suggestion for Farmers**

The average farmer spends 50 per cent of his time around the farmstead. This can be materially reduced by piping water to the point of use rather than carrying it. For example, consider what carrying water to a flock of laying hens involves. If the water point is 60 yards from the hen house, as it is on many farms, the farmer will carry approximately 10 tons of water a distance of 25 miles per 100 hens per year in addition to walking another 25 miles to the water point.

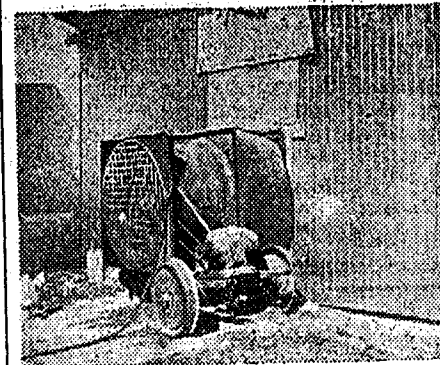

**Farmer Finds Blower  
Effective Hay Dryer  
Mounted on Cart, It's  
Easy to Move About**

Wet springs and early frosts aren't the headaches they once were to a growing number of farmers. For they have discovered that immature grain can be cured just as effectively in storage buildings as in the field.

The average farmer will find that mechanized drying of hay and grain is not as expensive as it would appear. Hay & grain saved will soon pay for equipment.

Equipment for mechanical drying of grain is simple, and present farm structures can be converted easily, quickly and inexpensively to handle this newest of farm production chores. Farmers, who have hay curing equipment, will find that the same fan and motor

Mounted on wheels, this motor and blower takes the headaches out of curing immature grain for farmers. Here the equipment is shown being used for hay drying.

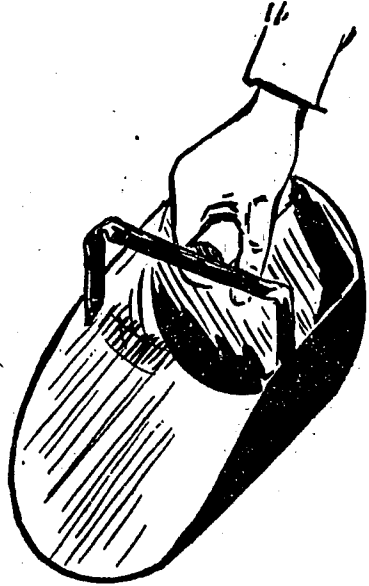

can be used for both drying grain and finishing forage crops.

The accompanying illustration shows what can be done in the way of inter-changing hay curing and grain drying equipment. When the hay curing season is over, this farmer mounts his fan and motor on a cart and hauls them to a crib where they are put to use blowing moisture out of his immature corn. An outlet, into which he plugs his five-horsepower motor, is located in an adjacent building.

When double cribs are used, as in the case shown, the air blast enters through one end of the driveway. The opposite end is sealed up, and heavy paper placed on walls of the crib from the peak of the roof to the top of the corn layer. Openings around the fan and in the floor also are closed. In single cribs, wooden ducts or "A" frames are laid down the center of the floor and the air blown directly into them.

Drying is successful without supplementary heat when the temperature is 60 or above and the relative humidity 65 per cent or below. If heat is used, buildings should be insulated and properly ventilated. Warm air is blown into storage sheds by motor driven fans. Thermostats and other controls automatically keep the temperature and the flow of air at efficient drying levels.

**Don't Strain**

Here's a right smart idea for a feed and grain scoop that eliminates the wrist strain of scoops with the usual projecting handles. For a large scoop, one that can be used in sacking grain, 20-gauge galvanized material is about right. The scrap iron brace to which the front end of the handle is bolted helps hold light metal in shape.

**Year's Fruit Prospects  
Hit by Widespread Damage**

Explosive April caused considerable damage to budding fruit and a great drop in the year's prospects is indicated.

South Carolina, Virginia and Georgia suffered damaged peaches. Washington, Idaho and Oregon show a 100 percent bud loss and many trees killed. Damage in southern Illinois ranged from 50 to 100 per cent, according to some reports by farm bureaus.

**Substitutes for Steaks  
May Require Strong Stomach**

Annoyed by the price of steak? Then why bother with it—there are a lot of substitutes.

Of course, the substitutes, such as grasshoppers, lizards, and sheep's eyes, do require a practiced palate and a tolerant stomach; but to some of our Europeans and Asiatic gourmets they are better than filet mignon.

Grasshoppers and other members of the locust family have been a delicacy for centuries. Shakespeare uses the eloquent expression, "luscious as locusts," and the book of St. Matthew cites locusts and wild honey as the fare of John the Baptist.

The Chinese relish their locusts whole and candied, while in the Arabian desert the insects are dried, ground, and mixed into a tasty flour for bread.

By the way of variety, the Australian bushman adds rat cutlets to his meal of locust hors d'oeuvres; and the African pygmy goes him one better by supplementing his grasshopper, or locust, dinner with a choice assortment of beetles, caterpillars, field mice, and monkeys. Grasshoppers are an important staple in the diet of the Negrito, the Filipino pygmy, who also enjoys an occasional lizard or snake.

Our pallid, mild-flavored butter would seem a poor product in parts of Afghanistan, where bread is buttered with a slab or two of pungent sheep-tail fat.

But it is the Persian and the Eskimo who probably have made the most exotic contribution to the dinner table. Both like their caviar in the form of eyes instead of egg-fish eyes for the Persian, sheep's eyes for the Eskimo.

Well, it's an idea. How badly do you want to balance the budget?

**Sea Spiders of Antarctic  
Spend Lives in Cold Seas**

Sea-spiders swarm in Antarctic waters.

The cold seas which lash the southern continent seem to be the natural habitat of these strange little creatures, ancient and remote relatives of crabs, lobsters, spiders, and scorpions.

A representative collection of these tiny-bodied, long-legged water animals was made by the 1947-1948 navy Antarctic expedition and turned over to the U. S. national museum for study.

The little creatures of the cold seas have somewhat the general appearance and habits of spiders, and it is generally agreed by zoologists that the two forms come from a common ancestor. Most of them spend their lives crawling over seaweed and lower marine animals, from which they suck the juices.

One hitherto undescribed form, listed as a new species, was found by Joel W. Hedgpeth, who made a taxonomic study of the collection. The collections were made from Marguerite Bay, site of one of Admiral Byrd's base camps on the western coast of the Palmer Peninsula, and from the offshore waters of Peter island. Mr. Hedgpeth also included in his study small previous collections from South Georgia and the Falkland islands.

**Retired Street Cars**

Forty-two 10-year-old streetcars retired a year ago in New York's Bronx are now among the finest in Vienna. The war took heavy toll of the Austrian city's 3,600 trolleys, then already past their prime. Another 25 comparatively new Bronx cars were shipped last March to Bombay. Throughout Europe and Asia in general, cars are overaged and overworked. Most South American city streetcars are U.S.-built. Lima, Peru, and Sao Paulo, Brazil, have bought 10 New York city veterans since World War II. In Sao Paulo, the red-painted, closed cars are called "shrimps." They carry peak loads four times a day because Paulinos like to dash home for lunch.

**How to Lose Weight**

You can lose weight and at the same time enjoy appetizing meals. If you want to lose weight, nutritionists recommend, a sane, well-balanced diet that includes all the foods necessary for good health. This is described as a sensible diet liberally sprinkled with patience and will power. It's the sum total of everything you eat that counts. Don't blame the potatoes, bread or dessert. You gain weight when you eat more food calories than your body needs and uses. Eat plenty of vegetables, but go easy on butter, rich sauces and salad dressing. Skim-milk will supply calcium as well as whole milk, and fruits should be eaten with little or no sugar.

**Home Storage Problem**

Homemakers dream about storage space—and more space, in new homes and old. But there are ways to make those dreams come true. Plan what you need in storage space in your home, considering the needs of every member of the family. Have a specific plan in black and white before the carpenter or builder arrives to start work. It's even better if you have worked out a plan, laid it aside for awhile and then reworked it. If you have done this you will be more satisfied with closets and cupboards after they are constructed.

**A Bit Of Idaho History**

The first sheriff of Boise county, a man by the name of Pinkham, was marked for death by a bandit named Ferd Patterson. Pinkham was sheriff by appointment and served only until an election was held. Nevertheless he was marked for death because he had been a fearless sheriff during the short time he was in office.

Ferd Patterson came to Idaho from Portland where he had gained notoriety by killing the captain of a steamship. Later Patterson scalped his erstwhile mistress, escaped without punishment, and struck out for the gold fields. He never gave the ex-sheriff a chance, but killed him at the edge of a swimming pool at the hot springs a mile below Idaho City, firing two bullets even though the first one had been enough.

It was then that the Idaho City Vigilance Committee was formed. A few reliable men made arrangements for the organization meeting, which was held in a fire-proof cellar. About 20 men were present, and the Rev. Kingsley, a Methodist minister, presided.

Those present never forgot the minister's opening address. The aver-

**NOTICE TO CREDITORS**

In The Probate Court of Latah County, State of Idaho  
In The Matter of the Estate of Lewis Ozman, Deceased

NOTICE IS HEREBY GIVEN by the undersigned administrator of the estate of Lewis Ozman, deceased, to the creditors of, and all persons having claims against said deceased, to exhibit them with the necessary vouchers within four (4) months after the 21st day of September, 1950, the first publication of this notice to said administrator, at the office of Robert W. Peterson, in the Medical Arts and Professional Building, Moscow, Idaho, being the place for the transaction of business of said estate in Latah County, Idaho. Dated at Moscow, Idaho, this 18th day of September, 1950.

W. C. BOWEN, Administrator.  
First pub. Sept. 21, 1950.

**NOTICE TO CREDITORS**

Estate of Christina Bigham, Deceased  
Notice is hereby given by the undersigned, administrator of the estate of Christina Bigham, deceased, to the creditors of and all persons having claims against the said deceased, to exhibit them with the necessary vouchers within four months after September 28, 1950, the first publication of this notice, to the said administrator at the office of Estes & Felton in Moscow, Idaho, the same being the place for the transaction of the business of said estate, in Latah County, State of Idaho.

WALTER BIGHAM, Administrator.  
Dated at Moscow, Idaho, September 26, 1950.  
First pub. Sept. 28, 1950.  
Last pub. Oct. 26, 1950.  
Estes & Felton, Moscow, Attys.

age minister was generally considered out of place in mining camps, but the Rev. Kingsley took a bold stand in favor of suppressing the lawless class and his listeners were greatly impressed. They pointed out to him, however, that there might be danger and bloodshed before the lawless element was wiped out of the Boise Basin.

The minister's reply was an Idaho Territory classic: "Gentlemen, I can fight or I can pray, as occasion re-

quires."

**Take Care Of Livestock**  
Heating cable wrapped around pipes will keep livestock water running in extremely cold weather. Freezing on pipes cause hardship to livestock as well as trouble for the farmer. Plenty of water pays dividends in milk or meat production.

It's Blewett's Grocery-Market for frozen Bird's Eye Foods! 1-adv.

**GOLDEN RULE**

Oct. 3, 1950 — Miss Anna Kazda, who is employed in Yakima, and Miss Evelyn Kazda, who is employed at Winona, spent the past week with their mother, Mrs. Oscar Lawrence and family. Mr. and Mrs. Lawrence took them back to their work Saturday. On their way home they stopped at Lapwai, attended the big "Jamboree" and enjoyed barbecued buffalo.

Mr. and Mrs. Glen Betts and Eugene were callers in Kendrick and Orofino, Saturday morning.

Lewis Kazda visited his mother, Mrs. Oscar Lawrence and family, Saturday night and Sunday. He has to report for army duty on Friday, October 6.

Carl Finke and son Jimmy were on a big game hunt over the weekend.

Mr. and Mrs. Ishmael Martin, Mary Jane Martin and Mr. and Mrs. Chester Martin and son of Lewiston were among the week-end visitors at the Roy Martin home. Little Gary is staying with his grandparents again this week.

Mr. and Mrs. Oscar Lawrence called at the John Pavel home Sunday morning.

Mrs. Frank LeBaron called on Mrs. Glen Betts Friday afternoon.

The Don Christensen family spent Saturday night and Sunday at the Glen Betts home. George Finke, Jr., and John Ziemann were Sunday visitors.

Mr. and Mrs. Wm. Koepf went to Kendrick Thursday — and called at the D. V. Kuykendall and Glen Betts homes.

**Electric 'Cowboy' Will Aid Ranchers**  
Economic Way to Keep Stock on Home Pastures

Come spring, an electric "cowboy" will ride the range to help farmers and ranchers keep their stock in the pasture and out of planted fields.

This cowboy is the old stand-by 6-volt Winchester "Hot Spark" battery that years ago gave a balky model T a frosty-morning pickup. Cowboy Hot Spark is more useful than ever on the farm now because he's the waterproof dry cell buckaroo that makes the "touch-me-not" electric fence a safe and economical way to keep the stock where it belongs.

Electric fencing with the use of dry cell batteries is one of the farmers' most inexpensive means to keep his stock where he wants it,

**ELECTRIC FENCE HEIGHTS IN INCHES**

HORSES	30-40
COWS	30-36
12-18 CALVES	
10-18 SHEEP GOATS	
6-16 PIGS	

Clearly illustrated are the correct heights for electric fence. In states where barbed wire is legal, it is usually preferred.

according to W. S. Allen, general manager of the electrical division of Olin Industries, Inc., who is a farmer to boot.

Little or no knowledge of electricity is required as reliable fence controllers approved by underwriters, which keep the current going to the electric fence intermittently many times a minute, come with simple instructions easy to follow.

Electric fence wire can be moved from one location to another, but it is best to make permanent installations. Metal or wood fence posts are suitable. Posts to fence horses should be from 40 to 50 feet apart. Twenty-five to 40 feet apart is satisfactory for smaller animals.

In states where barbed wire is legal, it is usually preferred. Like any other electric fence wire, it should be fastened to the posts by insulators and should not come into direct contact with posts, weeds or the ground. Inexpensive solid type, but never split type, glass or porcelain insulators should be used rather than old rubber or necks of bottles. Substitutes are a poor economy as they don't work well or last long.

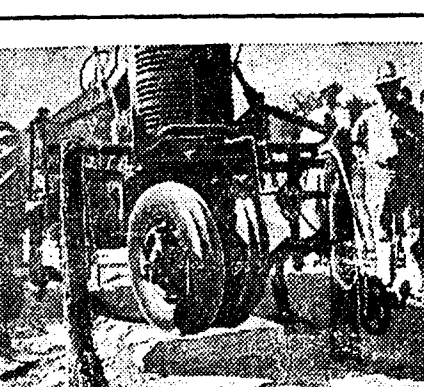

Where gates are required, attach the wire to a spring to maintain tension and continue the wire through the center of a wood or rubber handle to a hook to fasten to a continuation of the wire on the other side of the gate.

How high the wire should be strung from the ground depends upon the size of the animals to be fenced. Generally, you measure the distance to the ground from about the middle of the animals' head when grazing. Following are fence heights for various animals:

- 6 to 16 inches ... pigs
- 12 to 18 inches ... calves
- 10 to 18 inches ... sheep, goats
- 30 to 36 inches ... cows
- 30 to 40 inches ... horses

With your fence built, just attach Cowboy Hot Spark and a grounded fence controller and you're in business to charge a fence that can be twelve to fifteen miles long. And "Hot Spark" will last five or six months before you need to replace your dry cell cowboy.

**Simplifies Work**

Homemade equipment simplifies removing attachments from tractor—two upright posts with clutch-like levers at their tops hold up attachments after they have been unbolted from a tractor. One man can do the job without lifting.

**Screwworm Flies Start Most Widespread Year**

The U. S. department of agriculture reports screwworm flies apparently are starting their most destructive and widespread year, especially in southern states.

Stockmen are urged to take immediate steps to protect themselves from livestock losses. The bureau especially recommends inspection of animals at least twice a week.

### WHAT CAMERON FOLKS ARE DOING THESE DAYS

Mr. and Mrs. Gus Blum and daughters of Fullman were Sunday guests of Mr. and Mrs. Albert Glenn. Rosemary, elder daughter of Mr. and Mrs. Blum, is now a student nurse at a Spokane hospital.

Mr. and Mrs. August Hartung of Richmond, California, and Mr. and Mrs. Walker McCall of Kendrick called in the home of Mr. and Mrs. Fred Newman, Sunday.

Mr. and Mrs. John Blankenship and family spent Saturday and Sunday with Mr. and Mrs. Boyd Blankenship in Moscow.

Mrs. Ida Stoneburner and Miss Emma Hartung visited with Mrs. Herbert Schwarz, Thursday.

Mr. and Mrs. James Whiting returned home Sunday from their honeymoon trip to the coast.

Mr. and Mrs. Glen Wegner, Mr. and Mrs. Ed. Mielke and Mr. and Mrs. Roy Emmett fished and hunted in the Selway country over the weekend.

Mr. and Mrs. Ted Weyen and family spent Sunday afternoon with Mr. and Mrs. Billy Weyen.

Mr. and Mrs. Herbert Schwarz and daughter JoAnn visited with Helen and Ted Mielke Friday evening.

Mrs. John Schwarz, Miss Emma Hartung, Mrs. Herbert Schwarz and Mrs. Ida Stoneburner visited with Mrs. Ernestine Riggers at Nez Perce, Sunday.

Mrs. Otto Silflow visited with Mrs. A. H. Blum Saturday afternoon.

Mrs. Dilling of Spokane is a guest of her son, Rev. Theo Meske and family.

Mr. and Mrs. Harl Whiting entertained at dinner Monday evening for Mr. and Mrs. James Whiting, Mr. and Mrs. Otto Silflow, Rev. and Mrs. Theo Meske and family, Mrs. Dilling, and Mr. and Mrs. Ray Whiting and sons, the latter of Lewiston.

DeAnn and Patricia Mielke spent Saturday and Sunday with their aunt, Mrs. Fred Newman.

Mr. and Mrs. Harl Whiting were Sunday visitors in the home of Mr. and Mrs. Ray Whiting in the Lewiston Orchards.

### LINDEN ITEMS

Mrs. McAlister of Kennewick, Wn., is visiting in the home of her son, Mr. and Mrs. C. A. McAlister and family.

Rev. and Mrs. Norbo and family of Culldesac were dinner guests in the Lester Weaver home, Sunday.

Mr. and Mrs. Geo. Lyons and son spent the week-end in Spokane, Wn., visiting in the home of his brother, Dan Lyons and family.

Mrs. Bob Chilberg and children called briefly at the Al Pederson home Monday afternoon.

Mrs. F. C. Lyons was a caller in the Al Pederson home Tuesday morning.

Mrs. Marion Rowden, Mrs. Art Foster, Mrs. Bill Zimmerman and Mrs. Al Pederson helped dress chickens for the school Hot Lunch Tuesday afternoon.

Mr. and Mrs. Arthur Osmonson and children of Spokane and Miss Inez Pederson of Colfax were dinner guests at the Al Pederson home Sunday. The C. A. McAlister family called in the afternoon.

Mrs. Dick Grim was honored at a pink and blue shower last Thursday at the Wm. Cuddy home, with a large group in attendance. She received many lovely and useful gifts and a delicious lunch was served by the hostesses, Mrs. Wm. Cuddy and Mrs. Clement Israel, Jr.

Mr. and Mrs. Stewart Wilson and Billy left on a hunting trip, Saturday. Arthur Foster left on a hunting trip with Henry Jones, Sunday. On Monday, Frank Lyons and Herbert Pederson left on a big game hunt. Hope they all have good luck and get their game.

Gold Hill School News  
Mrs. Donna Crosley, North Idaho Unit Health Nurse, visited our school Friday. She was accompanied by a visiting nurse from Lewis county.

The First grade is reading their first Pre-Primer.

At a meeting of the School Club the following officers were elected: Bernal Zimmerman, president; Gary McAlister, vice president; Gene Foster, secretary-treasurer; Janice Foster and Douglas Pederson, reporters; Elmer Weaver, playground marshal.

We have decided to continue with Mrs. Erlwine's Store Project of last year. The store to be open on Thursdays after the last recess (2:15 to 3:15) beginning Thursday, Oct. 12. The proceeds to be used for buying Christmas treats.

Mr. Lindquist installed our new stove, Monday.

The children of the fourth and fifth grades were given their Achievement tests Monday, and the First grade the Metropolitan Readiness tests, Tuesday.

Car And Truck Collision

Last Saturday about noon a car owned and driven by Maribel Schupfer, and carrying as passengers Beverly Schupfer and Edwin Coulter and a truck owned and driven by Dan Sullivan of Cream ridge collided on the curve on American ridge near the Virgil Hulbert ranch.

No one was injured, but both car and truck were forced to undergo minor repairs before they could be driven away.

Damage to the car was quite extensive, that to the truck light.
