

KENDRICK GAZETTE

VOLUME 60

KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, NOVEMBER 9, 1950

NO. 45

MAIL SERVICE LOCALLY FACES REAL CURTAILMENT

Mail service to southeastern Latah county communities is threatened with severe curtailment according to bid terms for a star truck mail route linking Lewiston with Spokane beginning December 1, when two Northern Pacific railroad runs are eliminated.

Terms for the bid call for taking the shortest route between Lewiston and Moscow on the return trip to Spokane in the morning. The shortest route is by way of Uniontown and the Thornecreek cutoff, which would also eliminate morning mail service to Juliaetta, Kendrick and Troy.

Saturday was the deadline for submitting bids to the Spokane office. James F. Robinson, district superintendent of postal transportation service at Spokane is quoted as saying: "If it doesn't work out we'll entertain changes, but how much volume is there in those three little burs?"

If the bid terms are maintained, the morning mail from Lewiston to Juliaetta, Kendrick, Troy and the rural routes served from these three communities would not leave until the departure of the N. P. afternoon train at 3:40.

The Kendrick protest asked that the star truck route provide the same service as the trains which are being withdrawn by the N. P. According to the bid terms the truck would leave Spokane at 10:15 p. m. each day. Southward bound it would go through Rosalia, Oakesdale, Garfield, Palouse, Pullman, Moscow, Troy, Kendrick, Juliaetta and Lewiston.

The return trip, leaving Lewiston at about 3:45 a. m. would be, according to the bid, returning by the shortest route to Moscow, thence to Pullman, Palouse, Garfield, Oakesdale and Rosalia to Spokane, arriving about 7:00 a. m.

Robinson said going through Juliaetta, Kendrick and Troy on the return trip would mean a "three or four" hour delay for the truck. He said it was necessary to get to Spokane by 7:00 a. m. in order to make eastern connections.

"Do you want a 35-foot truck driving up that Kendrick grade in the middle of the night?" Robinson asked. — Daily Idahoan, Moscow.

Our Note: Mr. Robinson is evidently desirous of giving Lewiston and adjacent area faster mail connections to the east, at the expense of service to the Juliaetta, Kendrick, Cameron, Southwick, Farm and Troy communities and their rural route patrons — and we don't quite understand why. We were always of the impression that the object of mail service (and rural routes) was to give the most territory the best possible service — not a few Lewiston area merchants and business men.

As to a "35-foot truck driving up that Kendrick grade in the middle of the night" — why not? It must be equipped with lights or it couldn't leave Spokane at 10:15 p. m. and return up the Lewiston grade at 3:45 a. m. if it can't climb the Brady Gulch grade any time, day or night, it has no business on any highway! If the contract driver is afraid to drive this grade, let them come to Kendrick and pick up a logging truck driver — any of them — they'll drive it!

A Juliaetta star route mail carrier asked the Lewiston Chamber of Commerce yesterday (Monday) to support his bid to extend his service to Lewiston as a replacement for the morning train of the Northern Pacific railway, which will be withdrawn Dec. 1.

Morning mail service out of Lewiston to Juliaetta, Kendrick and Troy and the rural routes they serve was eliminated in the contract terms for a truck route linking Spokane with Lewiston. Bids for this contract are now being reviewed by officials of the postoffice department.

The contract called for returning to Spokane from Lewiston at 3:45 a. m. "by the shortest route" to Moscow. This means the mail truck would go to Moscow via Uniontown and the Thornecreek cutoff. Mail to Juliaetta, Kendrick and Troy, which leaves here at 8:05 a. m. by train, at present, would be held until the N. P. train which departs at 3:20 p. m.

Cecil Gruell, Juliaetta, told the chamber directors in a letter yesterday that he has asked the postal transportation service at Spokane to extend his present star route. He now carries mail from Kendrick to Teakean, via Cameron and Southwick.

J. A. McArthur, chairman of a chamber committee designated to study the mail problem, read the letter to directors at their luncheon at noon yesterday at the Lewis-Clark hotel.

Gruell said his request had been "turned down" by James F. Robinson, Spokane superintendent of the postal mail service.

Robinson met with McArthur's committee here last week. At that time he told committee members it was unlikely that morning service out of Lewiston to the three towns and the rural routes they serve could be retained.

(He said establishment of a "spur" truck route from Lewiston to Troy would have to be initiated in the towns affected by the delay in mail service.)

McArthur said his committee would meet later this week to discuss Gruell's letter in greater detail.

Weather Hampers Road Work

Work on the rebuilding of the Brady Gulch road is making slow progress these days, due to the intermittent rains, which have kept the dirt to be moved in a rather soggy condition.

The road has been closed to traffic most of the time, as the mud is far too deep to be negotiated by a car. Those living on American ridge, or heading for Troy, Moscow and other northern points, travel the old Juliaetta grade, which the Kendrick Highway District crew has in very good shape.

Better believe the sign at the foot of the grade, which says: "Road closed, detour," even though you can see tracks going by it.

INTERESTING HAPPENINGS FROM THE JULIAETTA AREA

Mrs. Susan Groseclose Passes
Juliaetta, Nov. 6 — Mrs. Susan Groseclose, 80, died today at 11:20 a. m. after an illness of three years. Born Feb. 11, 1870, at Burks Garden, Va., she lived there until 1904, when she and her husband, J. J. Groseclose, came to Juliaetta. They lived at their homestead until their death. Mr. and Mrs. Groseclose were married Dec. 15, 1889, at Sedon, Va. He died Aug. 23, 1936.

She was a member of the Lutheran church.

Survivors include three sons, Lesse Groseclose, George Groseclose and Louis Groseclose, all of Juliaetta; a daughter, Mrs. Etta Mae Sullivan of Seattle; a sister, Mrs. Rose Kimberling, Moscow; 15 grandchildren and four great-grandchildren.

Funeral arrangements, in the charge of Brower-Wann Funeral Home of Lewiston, are pending.

Other News
A wedding shower was given in honor of Mrs. Juanita Medonich, Friday afternoon at the home of Mrs. Onal Cope. A goodly number of her friends were present.

Elsie, Donna and Lee Hughes of Deary were supper guests at the home of Lura Nelson, Wednesday.

Tom Taylor, Bruce Sherman and John Walsh returned Saturday from a hunting trip. We did not learn their luck.

The Rev. and Mrs. Earl Gaskill and family attended the bazaar at Cream ridge, Saturday evening.

Laurel Wendt, Kendrick, was a week-end guest of Karen Nelson.

Mr. and Mrs. Lloyd Knight and Mr. and Mrs. Rex Knight spent Sunday in Kamiah, visiting with relatives and friends.

Mr. and Mrs. Alden Hoidal of Troy were callers at the Harvie Shepherd home, Monday.

Mr. and Mrs. Melvin Garner and family of Pierce, Ida., were visiting at the home of Mr. and Mrs. Bill Howell, Saturday.

John Halliday, who has been in Alaska for some time, has moved here with his parents, and is now employed by the R. E. A.

Wade Bowen, Portland, was here visiting over the week-end.

Mr. and Mrs. Asa Calvert drove to Deary on Monday night, where he was the auctioneer at a sale.

There was a very good crowd at the pot-luck supper in the Methodist church basement Monday evening.

Mr. and Mrs. Woodrow Nye and daughters and Buzz Nye were supper guests Thursday evening at the home of Mr. and Mrs. Harvie Shepherd. The dinner honored the wedding anniversaries of both couples.

The Rebekah Lodge served pie and coffee at their hall on election day.

Mrs. Norbert Uhlencoth has returned home from the hospital, where she gave birth to a 7-pound 4-ounce boy. They have named the baby Gerald Dean.

Mr. and Mrs. Howard Wunderlich and family were visitors at the Ed. Groseclose home at Arrow, Sunday.

Mr. and Mrs. Ed. Groseclose attended the funeral services for Press Shoemaker in Lewiston, Saturday.

A wedding shower will be given for Billie Candler Gahart on Friday, Nov. 17, at 2:00 p. m. at the lodge hall. Everyone is invited to attend.

Want Old Fort Hall Preserved
An organized effort to prevent destruction of the ruins of old Fort Hall by the changing Snake river is being urged by Dr. Minnie Howard, retired Pocatello physician. She says the river has washed to within 200 feet of the ruins and the marker, identifying them, with 20 of the narrowing strip disappearing this year.

The "old" Fort Hall site is not the one on the Oregon Short Line railroad where there is a marker on the highway. Old Fort Hall was established by Nathaniel Wyeth, accompanied by a well equipped party of 60 men. The location was selected on June 14, 1834, on the east bank of the Snake river, north of Port Neuf.

The post became famous and performed good service during the years of great overland emigrations. The Oregon Trail was near Fort Hall, and from that point in time radiated roads in every direction, to Missouri, to California, to Utah, to Oregon. Fort Hall was the center and most important point west of the Rockies. It was near the old war ground of the Bannocks, Blackfeet and Crows, and prevented many a massacre. It was several times attacked and nearly burned, but stood until a new fort was built farther north from it.

The old fort was sold to the Hudson Bay Company, and later taken over by the U. S. army. Its ruins, mostly mud and debris today, are seldom visited, but a marker was placed there several years ago.

This preservation effort is also one of the Idaho Daughters of the American Revolution.

Armistice Day, Saturday, Nov. 11

In Honor of the Veterans of World War I — And Others Since — This Day Has Been Declared a Legal Holiday — and Most Kendrick Places of Business Will Be Closed

INFORMATION RECEIVED ON POTLATCH FLOOD CONTROL

During a recent visit in Kendrick by Senator Dworshak, during which he called at the Gazette office, he was asked what had happened to the \$50,000.00 flood control project on the Potlatch river at Kendrick, and the Senator promised to investigate and notify us. So, on Tuesday morning of this week the following letter was received:

Mr. W. L. McCreary, editor Kendrick Gazette Kendrick, Idaho

Dear Mr. McCreary:

In accordance with instructions from Senator Dworshak, I have requested the Civil Works Division of the Army Engineers to give me a report on the status of the project for repairs to flood damage on the Potlatch River in the vicinity of Kendrick.

I was advised that there must be some misunderstanding, as the Army Engineers did not have an allocation for this project, but the estimated cost of the project was given as \$50,000.00.

The Civil Works Division stated that this project was included in the Columbia River report which was submitted to the Congress last spring. This report recommended an allotment of \$50,000.00 for the Potlatch River repairs. The project was included in the category of new projects to be considered when funds are made available. It now has the status of an authorized project and is ready to be included in the Corps of Engineers' budget when funds are requested for new projects. As you undoubtedly know, when Congress considered appropriations for civil works projects this year, no funds were provided for new projects.

I am sending Senator Dworshak a copy of this letter, so that he may be advised concerning the status of the project. If you require any more details, please do not hesitate to let me know. The Army Engineers stated that they would be glad to submit a written report on this matter, if the Senator requires it.

Sincerely yours,
Martha Rubey, Secretary to Senator H. C. Dworshak.

Our Note: We are sure that all residents of this area will be glad to have some definite information relative to this project — and knowing its status (as included) is worth while. We can only hope, now, that it "doesn't get lost in the shuffle."

Family Reunion
A family reunion was held at the home of Mrs. Elsie Weber in Juliaetta, Sunday, the event honoring her son, Leonard Weber, who leaves for service with the Armed Forces Thursday.

Those present were Mr. and Mrs. Herb Weber and family, Mr. and Mrs. Chris Weber and family, Mrs. Lulu Brown and daughter Pearl, Dorothy Warren, Leo Cline, Mr. and Mrs. Cecil Babcock and Virginia Zimmerman, all of Kendrick; Vernon Snyder, Edna Fey Snyder, Bob Weholt, Mr. and Mrs. Roy Weber, Ralph Snyder, Janice Haynes and Mrs. Allen Baker and son, all of Lewiston, and Mrs. Daniel Dillman and children, Mrs. Florence Davies and daughter, Mrs. Purcell, and Mrs. Elsie Weber and son Leonard, all of Juliaetta.

Honors Twins Anniversary
Mrs. Ben Westendahl entertained at a party Saturday honoring the third birthday anniversary of their twin daughters, Janet and Jane.

Fifteen little guests were present for the occasion, which was enlivened by gay paper hats, balloons, and other trimmings. Following games, refreshments of cake, punch and ice cream were served.

Guests were Karen Welterow, Stevie Titus, Vivian Westendahl, Lynn and Billy Freytag of Avery, Idaho, Judy Candler of Kellogg, Idaho; Jimmy, Linda and Janis Storey, Marlyn, Carlyn and Larry Helton, Cheryl Westendahl and the guests of honor — Janet and Jane Westendahl.

Girl Scout News
The Kendrick Girl Scouts held their regular meeting Monday, Nov. 6th.

We will have a birthday party Nov. 15 in the Kendrick Community church. This party is for the girls who have birthday anniversaries in the last nine months of 1950.

Mrs. Gerald Becker led us in two games, "Last Couple Out" and "The Dirty Dish Towel" before the meeting. The girls made yarn doll lapel pins — Frances Dammarell demonstrating.

The following girls having completed requirements, received badges: Donna Kanikkeberg, Child Care and Cooking; Ann Kanikkeberg and Joyce Armitage, Lifesaving; Kay Abrams, Cooking; Nancy Callison, Games, Sewing and Nutrition; Janice Christensen, Conservation.

Maniac Power Overwhelms Tigers
The Kendrick high school Tigers traveled to Orofino last Friday, only to be turned down with a 46-9 decision in their last conference game of the year. The powerful Orofino squad displayed both strong offensive and defensive power. Early in the first period they broke the Tiger line twice — hitting pay-dirt both times. The majority of the Orofino touchdowns were made on downfield passing.

Kendrick scored first when Parker McCreary hit the Orofino line for 13 yards on a triple reverse. Fullback Bert Souders (playing with a broken thumb) plunged over left tackle for the conversion. The Tigers picked up a safety when Quarterback Jim Berry was nabbed in Orofino's own end zone by Tiger Guard Benny Cook.

The Orofino eleven has been undefeated in conference play for three consecutive years — this win giving them the 1950 11-man Championship title.

The Tigers finish their football season this Friday, when they meet the Lewiston "B" squad on Bengal Field — Lewiston.

Assembly Program
Monday afternoon the grade school and high school students enjoyed a program presented by the National School Assemblies, which brought Mr. and Mrs. Lee Quinn, the only known married "steepie jacks" in the world.

They began their program by showing motion pictures of some of the work they have done in their profession. Most of this work was painting high radio towers and cleaning and painting smoke stacks.

Weather Warm And Damp

Local weather has been highly satisfactory to everyone the past week, with the lowest temperature being about 40 degrees.

There have been showers, and a little cool wind with some cloudiness, but on the whole, sunshine and temperatures ranging up to 65 degrees have been in the ascendency.

Farmers have been taking full advantage of this fine weather to finish plowing, seeding, discing, and otherwise finish up fall work.

Some leaves are still hanging on most trees here in the canyon, and shrubs in protected spots still have their greenery.

Tuesday (election day) rain fell steadily from dawn to dark — but voters turned out just the same.

KENDRICK VOTERS FOLLOW TREND; PICK THEIR MAN

Following the national trend Kendrick precinct voters picked individual candidates from both parties rather than following party lines.

In the Republican column Bessie Babcock, for County Auditor, led the entire field with 137. In the Democratic field George F. Brocke, Sr., for State Senator, led with 123. Below we record the voting:

Republican Ticket	Democratic Ticket
United States Senator (6-yr. term) Herman Walker.....106	United States Senator (6-yr. term) D. Worth Clark.....90
United States Senator (4-yr. term) Henry C. Dworshak.....80	United States Senator (4-yr. term) Claude J. Burtenshaw.....103
Representative in Congress (First District) John T. Wood.....91	Representative in Congress (First District) Grace Plost.....101

NEWSY ITEMETTES FROM AMERICAN RIDGE AREA

Club News
The Hi-Hope Club met Tuesday at the home of Mrs. Walter Bencoter, with a fair number present.

Miss Etty Jo Baker assisted with measurements and discussed dress making forms. Another meeting, for the same purpose, will be held at the home of Mrs. Ed. Kent Friday afternoon. All are welcome.

Other News
Mrs. Frankie Bencoter was in Moscow on Friday and Saturday, attending the North Idaho Council of 4-H Clubs.

Mr. and Mrs. Wayne Davis and son spent the week-end in Coifax with Mr. and Mrs. Berne Davis.

Mr. and Mrs. Clyde Nichols of Lewiston were week-end guests of Mr. and Mrs. Ed. Kent. Mr. and Mrs. Frankie Bencoter were also Saturday evening guests.

Andy Cox and son Tom and Mr. and Mrs. Walter Bigham attended the football game in Moscow Saturday afternoon.

Mr. and Mrs. Ernie Brammer, Mr. and Mrs. Werner Brammer and Mr. and Mrs. Geo. Havens and sons were Sunday dinner guests of Mr. and Mrs. Henry Brammer in Juliaetta. The dinner honored Henry Brammer's birthday anniversary, which was on Saturday.

Walter Bencoter took his mother, Mrs. Frank Bencoter, Sr., back to the home of Mr. and Mrs. James Kaylor at Peck, Sunday, after she had spent the past months with her sons and their families on this ridge.

Mr. and Mrs. Geo. Havens and family were Saturday morning callers at the home of Mr. and Mrs. Walter Bigham.

Mr. and Mrs. Bob Nelson and family, Mr. and Mrs. Walter Bencoter and family, Mr. and Mrs. L. Heimgartner and daughters, Mr. and Mrs. Warney May, Jr., Mr. and Mrs. Walter Bigham and daughters and Mr. and Mrs. Geo. Havens and sons attended the auction at the Juliaetta school Friday evening.

Peggy Cox of the U. of I. spent the week-end with her parents, Mr. and Mrs. Andy Cox.

Mr. and Mrs. Delbert Andrews of Eugene, Ore., and Mr. and Mrs. Ernest Andrews of Lewiston were Saturday evening guests of Mr. and Mrs. Walter Bigham, after attending the football game in Moscow. Following supper all went to Lewiston where Mr. and Mrs. Walter Bigham and daughters were over-night and Sunday guests of Mr. and Mrs. Ernest Andrews.

Leonard Roberts of the U. of I. spent the week-end with his parents, Mr. and Mrs. Harold Roberts.

Mr. and Mrs. Lawrence Heimgartner and daughters were Tuesday evening supper guests of Mr. and Mrs. Chas. Fey in Kendrick.

Mrs. Harold Roberts and daughter Lolita were Moscow visitors Saturday.

Mrs. Harry Bencoter drove to Peck on Tuesday to visit her parents, Mr. and Mrs. Dan Lyle, returning home Wednesday.

Mr. and Mrs. Harley Eichner were Sunday dinner guests of Mr. and Mrs. Geo. Kolasa in Lewiston.

Mrs. Walter Bencoter went to Lewiston Sunday evening to meet her son, Jack, who has been in San Francisco. While there he was a guest of Mrs. Charles. Fox (nee Zella Bigham).

Walter Bencoter and son Jack took down a load of cattle to the stock show in Lewiston, Monday, where Jack was one of the exhibitors.

Mr. Harry Bencoter entertained the Senior Class of the Troy High school at dinner in her home Monday. Following dinner the class made elder.

Mr. and Mrs. Perry Matton and family were Saturday evening visitors in the home of Mr. and Mrs. Lawrence Heimgartner. Mr. and Mrs. Norla Callison were Sunday afternoon callers.

Sunday Lawrence Heimgartner, Wayne Heimgartner, Ben Westendahl, Jim Candler and Howard Hoffman were hunting in the Bovill section — but no luck.

Harry Bencoter spent Sunday and Monday in Craigmont with Mr. and Mrs. Bob Bencoter and family.

Mrs. Geo. Havens called at the Frank Abrams home in Kendrick Monday afternoon, visiting Mrs. O. E. Havens.

Mr. and Mrs. Lawrence Heimgartner spent Wednesday with Mr. and Mrs. Elmer Heimgartner on Fix ridge.

Mrs. Walter Bencoter and Mrs. Harry Bencoter were in Moscow on Saturday.

Mr. and Mrs. Warney May, Jr., spent Friday evening, following the auction sale at Juliaetta, with Mr. and Mrs. Geo. Havens.

Mr. and Mrs. Clarence Dougharty, Mr. and Mrs. Warney May, Sr., and Warney May, Jr., attended the funeral services for Pearly Chaney in Moscow Tuesday afternoon. Mrs. Warney May, Jr. accompanied them, but visited at the home of Mrs. Dora Taylor.

Mr. and Mrs. Warney May, Sr., and Mr. and Mrs. Warney May, Jr., were Lewiston visitors Thursday.

Walter May and son Bruce and Art Trenkle of Kendrick left Saturday for the North Fork on a big game hunting trip.

Mrs. Walter May and daughter Dee Dee, who is attending the U. of I., were Friday evening guests of Mrs. Dora Taylor in Moscow.

Watch For Fire
The best way to fight a farm fire is to prevent it. Use extreme caution during cold weather when many heating devices are used around the farm.

(Continued On Page 2)

Through the joint efforts of the Idaho Chapter, National Society for Crippled Children and Adults and the University of Idaho, forty-three Idaho handicapped children have made great progress on the road to a healthier, normal life. Pictured above are two kiddies receiving instruction similar to that offered in its first state-wide program in speech correction ever held in Idaho. Included in the group of children were hard-of-hearing, stutters, cleft-lip and palate, cerebral palsy and continued baby talk cases from 12 different towns in all parts of Idaho.

The clinic was not only a remedial work shop for treatment of various hearing and speech defects but it also provided special instruction to University Summer School students.

The Idaho Chapter, National Society for Crippled Children and Adults plans to send out a mobile speech unit which will follow up the training of these children and others who are similarly handicapped. Present plans also call for another clinic similar to this to be held next year at Moscow.

PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Mr. and Mrs. W. A. Watts drove to Coeur d'Alene Friday morning, where they joined their son and his wife, Mr. and Mrs. Bob Watts, all driving to Pictou, B. C., where they spent the week-end.

Mr. and Mrs. Fred Silflow, accompanied by Mr. and Mrs. Harold Silflow, returned Monday from a week's vacation trip to Camas Hot Springs, Mont.

Mrs. O. E. Havens of Oakville, Wn., arrived here Sunday for a visit in the home of her daughter, Mrs. Frank Abrams and family.

Gilbert Candler left Monday for Cottonwood, where he will be employed in the creamery there for this month only — as he leaves December 1 for duty with the Armed Forces. He resigned his position as manager of the local creamery on Nov. 1.

Mrs. Chas. Deobald returned from Fort Worden, Wash., Thursday, she

having been there for a couple of weeks visiting her husband, Cpl. Chas. A. Deobald. She went to Moscow Saturday evening to spend the week-end with her mother, Mrs. Jesse Oylear and family.

Ben Westendahl, James Candler and Howard Hoffman spent about an hour Monday evening on a big game hunt on Potlatch ridge, Ben bagging a nice buck deer.

Mrs. A. E. Ireland of Wilmington, Calif., arrived in Kendrick Saturday evening to spend several weeks with her son, Rev. J. A. Ireland and family.

Mr. and Mrs. C. G. Arnett visited with relatives in Ritzville, Wn., Sunday. They reported that G. V. DePeel, former Kendrick resident, who suffered a stroke some months ago, and later spent the summer in South Dakota, is again at his home in Ritzville and feeling quite well.

Frank Crocker, Lester Crocker and son David, Don and Dee Miller were elk hunting in the Bovill section last Wednesday. They were successful in bagging three elk.

Mr. and Mrs. J. G. Travis spent Sunday in Grangeville at the home of their son, Mr. and Mrs. Herman Travis and family.

Mrs. Cecil Babcock spent several days of last week undergoing examinations at the Clinic in Moscow.

Mr. and Mrs. Herbert McDowell and family of Lewiston were week-end visitors in the home of her mother, Mrs. Ida Pemberton, and with his parents, Mr. and Mrs. E. E. McDowell.

Tom Keene was a Moscow business visitor on Monday.

Frank Abrams was a business visitor in Spokane Monday.

Mr. and Mrs. Bud Fey and family were Sunday evening guests of his parents, Mr. and Mrs. Chas. Fey.

Mr. and Mrs. W. F. Behrens of Elk City, Idaho, were Tuesday night guests of Mr. and Mrs. Ed. Gertje at Southwick. The Behrens visited briefly with old friends in Kendrick on their way to the Gertje home.

Mrs. Wilbur Colwell and daughters spent the week-end with Mr. Colwell at Ahsahka.

Mr. and Mrs. Harold Goff of Lewiston brought their son Stevie up Sunday and left him with her parents Mr. and Mrs. Ben P. Cook, while they went on to Spokane.

The following group of young folks attended a Youth Rally at the Methodist church in Lewiston Sunday afternoon and evening: Maxine Slied, Mr. and Mrs. David Clayton, Mrs. Robt. Magnuson, Burton Souders, Donna and Ann Kanikkeberg, Joyce Armitage, Janice Christensen, Geraldine Onstott, Jeanette Bailey and Donna Knox.

Louis Wright and Melvin Sneeve spent three days on a big game hunt in the Bovill country this week — no luck.

Bob Magnuson and son Robin attended the football game in Moscow Saturday.

Richard Blewett, Ben Cook and son Gordon, Rex and Aaron Blewett, the latter of Moscow; Ralph White and Nye Blewett of Lewiston and Milford Blewett of Pineswater joined Pierce Blewett, Culesac, on a big game hunt Sunday, bagging two deer.

Among those attending the "Dad's Day" football game in Moscow Saturday were Mr. and Mrs. Ben Cook, Mr. and Mrs. Jud Lee, Mr. and Mrs. A. O. Kanikkeberg, Mr. and Mrs. David Clayton, Mr. and Mrs. Tom Long and Floyd Millard.

Mr. and Mrs. Paul Lind and sons Eugene and Bob, accompanied by Mr. and Mrs. Eugene Lind and children of Moscow, attended the wedding of Evelyn Cook, daughter of Mr. and Mrs. Boyd Cook, Lenore, and Golan Calvert, son of Rev. and Mrs. George F. Calvert, Lenore, at the Methodist church in Lewiston, Sunday.

Mr. and Mrs. Arthur Henson and baby of Moscow were Sunday dinner guests in the home of grandmother, Mrs. Estela Leith.

MORE ELECTION RETURNS

democratic opponents.

The hard-fought race for county assessor resulted in a 1,200 vote lead in favor of a new-comer to politics, E. Dan Pederson, republican, over Ed. Vennigerholz, democrat, with Pederson polling 3,479 votes to 2,225 for his opponent.

The vote, by office, with 23 out of 24 precincts reported, showed: U. S. Senator (6-yr. term) Welker, 3,461; Clark 2,368.

U. S. Senator (4-yr. term) Dworschak, 3,104; Burtenshaw, 2,665.

Congress: Wood, 2,986; Post, 2,833.

Governor: Jordan, 3,348; Wright, 2,483.

Lieut. Gov.: Deal, 3,088; Hechtner, 2,519.

Secretary of State: Williams, 2,929; Masters, 2,726.

State Auditor: Neilson, 3,243; Bushfield, 2,912.

State Treasurer: Painter, 3,067; Moon, 2,556.

Attorney General: Smylie, 3,089; Langley, 2,459.

State Superintendent: Jones, 2,916; Robinson, 2,770.

Mine Inspector: McDowell, 2,890; Campbell, 2,666.

State Senator: Moore, 3,243; G. F. Brocke, 2,449.

Representatives (two): Hampton, 3,503; Mills, 3,504; Frisbie, 2,159; Stimson, 2,240.

Commissioner (second dist.): Nordby 3,212; Jensen, 2,387.

Commissioner (third dist.): Hoidal, 3,236; Solberg, 2,446.

County Auditor: Babcock, 4,288.

Assessor: Pederson, 3,479; Vennigerholz, 2,225.

Sheriff: Moody, 3,745; Goetz, 2,113.

Treasurer: Theriault, 4,140.

Probate Judge: Peterson, 4,110.

Prosecuting Atty.: O'Donnell, 3,172; Alsager, 2,533.

Coroner: Short, 4,197.

Non-Partisan Judiciary Taylor, 2,975; Thomas, 2,762; Anderson, 2,418; Benson, 1,895.

Constitutional Amendments Indians to vote: For, 4,191; against 1,450.

Permit Revenue bonds: For, 3,610; against, 1,629.

Some State Returns Available

For U. S. Senator (6-yr. term): Herman Welker, republican, 94,060; D. Worth Clark, 60,667.

U. S. Senator (4-yr. term) Henry C. Dworschak, republican, 82,296; Claude J. Burtonshaw, 74,991.

Governor: Len Jordan, republican, 82,268; Calvin E. Wright, 74,899.

Congressman (First, Dist.): Dr. John T. Wood, republican, 34,791; Gracie Post, 34,707.

Kills Rattlesnake Saturday

Bud Genhart and Pearl Hazeltine were hunting in Pine Creek canyon Saturday — and Bud almost stepped on a rattler!

Bud backed off, picked up a rock and killed the reptile, which had two rattles and a button.

This is the latest date which we have ever heard of a rattler being seen or heard in this territory — so hunters beware!

Better Watch Your Step

Just because he took over his wife's job of splitting kindling for a day — Ward Helton is favoring his left arm, due to an injury received when the axe he was using slipped and cut his wrist.

The only reason this could have happened is because Ward was out of practice. Moral: Don't try to do your wife's work — it's dangerous.

Dinner And Bazaar Success

The Kendrick W. S. C. S. annual dinner and bazaar, held last Thursday evening, was well attended and a real success, the sum of \$502.70 being taken in.

Members of the organization extend their thanks to all who helped and gave so generously of their time and money.

Julietta School Notes

A very good crowd was in attendance at the program and auction sale at the Julietta school house last Friday evening — and the school wishes to thank the business houses of Kendrick and Julietta, the many patrons and auctioneer, who so generously donated and supported the sale. The sum of \$175.00 was cleared on the sale and lunch.

Enjoy Hallowe'en Party

Twenty-four young people of the Assembly of God Church met at the home of Pearl Brown Tuesday evening of last week for choir practice, which was followed by a Hallowe'en party.

Games were played and delicious refreshments served.

Marriage License Issued

Frank Helmgartner, Julietta, and Pamela V. Grimm, Lewiston, obtained a marriage license at the county recorder's office on Monday, Nov. 6.

Paul Bunyan Was There Too

All old-timers in Idaho remember the night when Paul Bunyan drank nine kegs of rum in Idaho Falls and started for Seattle with his blue ox, Babe. It was a black, wet night, and Paul, a bit groggy, wandered in a slumber, with his crooked trail behind him filling with water as the rain came down in torrents. The trail he made, as he finally wound up, at Portland, became famous and is now shown in all geographies as the Snake river.

Bird's Eye Fresh Frozen Foods of many varieties are obtainable at Blewett's Grocery-Market in Kendrick — and they're good. 1-adv.

Not COSTLY but NICE !

RATS ARE DANGEROUS AND EXPENSIVE — KILL THEM

When it comes to dipping into the family treasury, that hidden tax on bread is only a starter. There are other rats hidden in the woodpile, and they hit the vaults for around \$22 a year, the interest on which is paid in property damage, communicable disease and lower return for the farmer and city dweller alike.

control specialist with the Idaho department of public health, pointed out dangers from the rat population in Idaho, especially now when the rodents are leaving the fields and moving into towns and buildings to find food and shelter.

Based on an eight-month survey just completed, rats are found in large areas of the state, with the problem centered in three areas, he stated. In general, rats are found in proportion to human population, he added.

"Everyone knows rats are dirty, but it is not generally known how destructive they are. Because their teeth grow about four inches yearly, the pest has to keep chewing on something to keep them worn down, as well as razor sharp," he said. Rats will cut through wood, soft brick, poor concrete and lead. He added that no aluminum alloy yet found would stop the rodents.

These teeth also make the rat a formidable fighting machine, he said. So formidable in fact, that a rat's chances in a fight with a full-grown cat are 95 out of 100. In other words, it was pointed out, cats wouldn't reduce the rat population 5 percent.

Maddock said it costs \$2.00 a year to feed a rat, who will destroy 10 times what he eats. Multiplied by 500 to 1,000 rats per farm in infested localities, the extent of economic damage is considerable. In addition,

they carry Salmonella organism, a food poisoning; plague, infectious jaundice, and other menaces to public health.

Maddock feels that a rodent control program is a sign of good community housekeeping. He points out that just poisoning isn't enough. Communities have to work together to achieve good environmental sanitation such as eliminating open garbage dumps, providing for adequate garbage storage and collection, and getting rid of trash in which rats live and breed.

"When a community or a farmer does these things . . . they not only get rid of their rats, but they have a cleaner town or home, less flies, less disease, and less economic loss," said Maddock.

Building Supplies of all kinds available at the Kirkpatrick Mill in Juliaetta. 1-adv.

Soap Holes Found Value in Disguise

Produce Magic Mud With Multiple Uses

Ever since Belle Fourche, S. D., was a rip-snorting cattle town at the end of the old Chisholm trail its residents have been damming the "soap holes" that plagued the area.

Fast-riding cowboys often took a nasty tumble in this super-slippery mud and cattle were forever getting bogged down in them.

But now, like a man discovering his hives are really a blessing, Belle Fourche has found its soap holes are one of its biggest assets. Every one of them is filled with a magic mud called bentonite. It's an odorless, tasteless, soapy mud with a thousand uses and scientists are thinking up new ones every day.

Most of us already are using it a half dozen times a day, but almost nobody has heard of it. Men use it in shoe polish and hand cleaners. Women use it in face

Bentonite is the most absorbent material found in nature. When moistened it swells to several times its normal size. This quality makes it useful in waterproofing, housing, foundations, and many other industrial uses.

powder, lotions, beauty cream. Bentonite also is found in many types of paint, plaster and cleaning agents. It's handy for filling holes in giant dams and for casting moulds for molten metal. Forced down thousands of feet into the earth this magic mud lubricates the drills in oil wells and sends the debris up to the drillers.

Its new uses and increasing popularity for its older uses all add up to a boom such as Belle Fourche hasn't seen since the gold rush. In the past 10 years the population has practically doubled and bentonite now pours \$600,000 a year into the town in the form of additional purchasing power.

Fifteen years ago Belle Fourche shipped out three carloads of bentonite. Last year its production was 6,187 carloads and this year they expect carloading to go considerably higher.

Scientists say that bentonite, a strange mixture made up mostly of dust from prehistoric volcanoes, is found almost nowhere in the world except in the Black Hills of Wyoming and South Dakota. It is the most absorbent material nature ever has devised, they say, and a half dozen teaspoonsful will soak up a glass of water.

Bond Price Chart

AMOUNTS OF VARIOUS FARM PRODUCTS REQUIRED TO BUY A \$1000 SERIES E SAVINGS BOND AT COST PRICE OF \$750

PRODUCT	1932	1939	1949
Hogs, 200 lb.	112	60	20
Cattle, 1000 lb.	18	10	4
Milk, cwt.	586	446	173
Eggs, cases	176	144	60
Wheat, bu.	1,964	1,085	386
Corn, bu.	2,374	1,321	670
Cotton, bales	23	16	8
Tobacco, lb.	7,143	4,871	1,531
Potatoes, bu.	1,974	1,076	436
Apples, bu.	1,229	1,172	253

Based On Average Prices Received By Farmers

The above chart shows the almost unbelievable increase in the value of farm crops in the past 17 years, as depicted in a comparison of how much farm produce it takes now to buy a \$1,000 government savings bond with how much it would have required in 1932.

Insect Killers Made By Synthetic Means

New pyrethrum-like chemicals that kill insects have been made synthetically for the first time, in the laboratories of the bureau of entomology and plant quarantine, it has been announced by the U. S. department of agriculture.

The chemical makeup of the synthetic materials is almost identical with that of the insect-killing principle in pyrethrum, according to the chemists.

U.S. Eyes Tasty Truffle, Europe's Ancient Delicacy

"Please pass the truffles" may eventually find a place in American table, talk, if current projects should prove successful in developing low-cost U.S. mass production of this European delicacy.

The undertaking became known with the recent arrival at New York of a shipment of fresh truffles from Italy, a portion of which is to be used in agricultural experiments to determine the feasibility of truffle growing in American soil.

Truffles belong to the simple fungus group of plants. They are related to the mushrooms, and to the less appetizing family members, the molds, the mildews, and rusts, the yeasts and toadstools.

Like potatoes, truffles are tubers. They grow in clusters a few inches or more underground. Unlike potatoes, however, they have no apparent roots or upper parts showing.

Hence gathering truffles is more like mining than farming. Although cracks in the ground sometimes indicate their presence, "deposits" are usually located by trained pigs and dogs, whose sense of smell serves as a kind of Geiger counter.

The truffle odor is a distinctive one. It has been described as "fruity fragrance," when taken in small quantities, and more specifically as something like pimientos soaked in olive oil and sprinkled with garlic. The aromatic flavor long has made it popular in sauces, stuffings, and garnishes. One modern Italian recipe calls for baking potatoes and truffles in alternate layers, with grated cheese.

Caution Urged in the Use Of Urea for Cattle Feeding

Urea is a valuable protein substitute in rations for cattle and sheep, but poisoning may result when large amounts are fed for extended periods.

This is the verdict of Oklahoma livestock health investigators. Steers force-fed very large amounts of urea developed muscular tremors, gasped, frothed at the mouth, and died in less than two hours. The investigators pointed out, however, that there is little likelihood cattle will willingly consume enough of the chemical to suffer fatal illness.

The animals don't object to small servings of this substitute feed—safe amounts, such as are generally recommended—but they may shun feed heavily fortified with the chemical.

Urea acts as a protein-saver in rations by causing bacteria naturally present in the rumen to multiply and build their own protein, which is then digested by the animal. Ammonia is produced in the process of urea breakdown in the rumen.

Small amounts of ammonia are not harmful, but large amounts that accumulate from excessive urea feeding cause chronic or acute poisoning.

Determining Sea Levels

Sea level is not the same all along the coast. The U.S. coast and geodetic survey maintains along both east and west coasts of the country a number of tide-gage stations where the hourly heights of the tide over a period of several years are averaged. Leveling surveys over land between the stations have shown that there are variations in the average level of the ocean at different points of as much as a foot or more. Such deviations are ascribed to differences in prevailing winds, atmospheric pressure, saltiness of the water, oceanic currents and other factors. The "mean sea level," from which altitudes throughout the nation are measured, has been set by geographers after careful consideration of the levels actually observed at various points along both coasts.

Electric Lamp Life

Is the life of an electric lamp increased or decreased if it is turned on and off frequently, e. g., at one-second intervals? This would cause a decrease in the life of the lamp, for two reasons. First, the frequent changes in temperature of the filament would cause alternate expansion and contraction and it would deteriorate mechanically. Also, immediately after it is turned on, the cold filament has a lower electrical resistance than after it is glowing. Thus, in the first instant, the current that flows through it is relatively large, and this causes electrical deterioration of the filament supports and the leads to it.

King of Crustaceans

The succulent shrimp wears a popularity crown. He is king of the crustaceans that adorn dinner menus. By weight, the shrimp catch in American waters far exceeds that of any other shell-fish variety. The postwar shrimp average—180 million pounds a year—is more than one-third of the shellfish total. Crabs, in second place, run two-thirds of the shrimp poundage. Oysters weigh less than half. Clams, lobsters, and scallops are lightweight, comparatively.

Wool Outlook Bright, Bureau Head Reports

Material Remains Quality Fabric for Human Needs

For the sheep ranchers and the farmers who maintain small flocks, W. F. Fitzgerald, president of the Wool bureau, had a good word when he predicted markets for wool are bound to increase.

Speaking before the National Association of Wool Manufacturers at their annual meeting in New York, he said:

"Barring a national catastrophe, markets for wool, and indeed for all textiles of established service values, is bound to increase. The reasons are fundamental and are to be found in even a casual study of our increasing population, our expanding birth rate, the total

Newly-scoured virgin wool is turned to hasten drying. There will be a greater demand for this fiber, spokesmen for the wool producing industry predict.

number of people employed and the constantly increasing standards of living of large segments of our population."

Fitzgerald went on to point out that an acceptable substitute for wool has not been developed. Wool is still the quality fiber which is best suited for a wide variety of human needs and we are convinced the public shares that opinion, he added.

The Wool bureau is a service organization established by wool-growers of Australia, New Zealand, South Africa and America.

Needs of Corn

Corn needs plenty to eat and drink to produce high protein yields.

You can get extra pounds of protein and more bushels per acre, too, with a well-rounded bill of fare based on good soil management. University of Illinois research men proved that in tests on a number of experiment fields.

H. J. Snider of the agronomy staff reports that good soil management increased the corn's protein content by nearly a pound per bushel. Corn grown on well treated land averaged 5.6 pounds of protein per bushel, or about 10 per cent of the total weight. Corn on untreated soil averaged only 4.8 pounds of protein per bushel, or about 8.5 per cent.

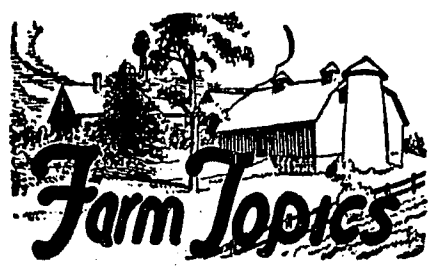

The well managed land had the benefit of liming and rotation built around well-fed deep-rooted legumes. The organic matter added by the legumes built good soil structure and tilth, improved the drainage and increased the soil's water holding capacity. That made it easier for corn roots to get at plant nutrients, oxygen and moisture.

The fertilizer treatment included phosphate and potash where needed. In soils requiring more nitrogen than the legume crops provided, nitrogen fertilizer helped increase the corn's protein content. Snider says good soil management not only improved the corn's feeding value, but improves yield.

12 1/2 Million Fewer Mules And Horses in 30 Years

Today there are 7 1/2 million head of horses and mules on farms in the United States, a decrease of 12 1/2 million in the last 30 years.

Experts estimate that it took about 24 million acres of crop land to feed these 12 1/2 million animals. That amount of land, released to yield food, would provide for 11 million people. The horse population of the United States is expected to drop further.

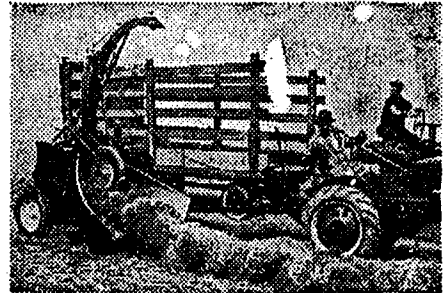

Nation Will Produce More 'Green Pastures'

Grass, Farm Mechanization More Vital in Later Years

Prospects are evident that America's farmlands will grow greener in the second half of the 20th century.

Outstanding in farming's past 50 years and bound to play vital parts in the years to come are the new importance of grass and the mechanization of the farm.

According to experts on the subject, grass is soon to rank as a prime contributor to the health and wealth of the United States. Farmers who will turn to the use of grass as a real crop in itself, will find

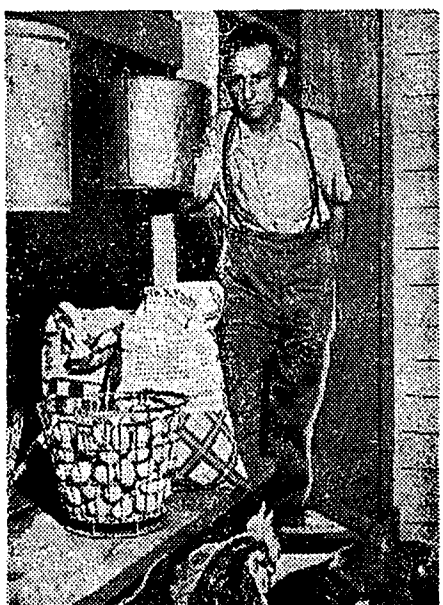

Scenes like this will be more common throughout rural America as farmers turn to grass as a real crop. Here a field forage harvester, one of the newer developments in mechanized farming, chops and blows grass into a truck keeping pace with the tractor.

that it prevents erosion, builds up the soil, improves the land for crops that are to follow and provides greater profit through more economical feed.

Because they can now grow more grass with less work, farmers are planting more and more acres in green pastures. They are using more grass as rotation and cover crops and tests have proved to them that grass in rotation with corn and cotton vastly increases yields.

The making of hay and grass silage is the basis of grassland farming. This is a true product of the 20th century. Experiments started about 25 years ago are just now getting widespread acceptance as farmers find that grass silage is second only to grazing in a good livestock program.

Handy Device

August Bruynell, proprietor of the Forest Hill poultry farm, North Weare, N. H., has a handy device to carry feed and eggs when he works in his big laying house which houses 1,925 New Hampshire bred hens.

Cultivator Needed In Control of Weeds

Chemical sprays are not yet ready to replace the cultivator in controlling weeds, according to Dr. J. C. Willard, agronomist in the college of agriculture at Ohio University.

"No chemicals so far available for use in crops will kill all weeds," Dr. Willard said. "If we use chemicals without cultivation to remove the weeds left after spraying, it will be only a short time before we have fields which are as weedy as before, but the weeds will be different and of kinds harder to kill."

Introduction of new chemicals every year makes spraying more of a specialist's job, he pointed out, cautioning farmers to beware of the fly-by-night operator.

Sleeping Sickness Menace To Livestock Is Recounted

Each summer and fall livestock owners are warned of the toll which may be taken of animals by sleeping sickness. Losses from this disease showed a startling increase in 1947 and 1948, and figures for the past year are expected to show but little decline when finally compiled.

The virus of the disease may have "wintered over" with more virulence and in more places.

IT'S HERE

A brand new Diesel and Gasoline Motor Oil combining General Petroleum's New RN 126 Series Heavy Duty Lubricating Oil.

What General Petroleum's RN 126 Lubricating Oil can do for you:

1. It has been proven that RN 126 lubricating oil will reduce liner wear as much as 90%.
2. It will keep the pistons free of deposits and maintain the pistons and valves in a free working condition.
3. It will prevent harmful deposits from forming in the engine, which might result in plugged oil lines.
4. It will protect the bearings, gears and other wearing surfaces.

RN Oil Can Do This Because:

1. RN 126 contains a large amount of a very powerful detergent additive. This additive has the unique property of counteracting the acidic compounds formed in combustion.
2. RN 126 is made from high-grade, solvent refined lubricating stock which will not leave hard carbon deposits under the most severe temperature conditions.
3. RN 126 is fortified with a powerful anti-foam agent, thus insuring positive oil-pump operation and full flow of oil to bearings.
4. RN 126 is further fortified with a special additive which prevents the corrosion of hard-alloy bearings.

You may expect the following benefits when using General Petroleum RN 126 Lubricating Oil:

1. Lower maintenance costs.
2. Longer periods between engine overhauls.
3. Higher average engine power output and efficiency.
4. Simplified oil stock problem: (You don't have to have two different kinds of oil for your Diesel and Gas motors) since this lubricant is also recommended for use in gasoline powered equipment.

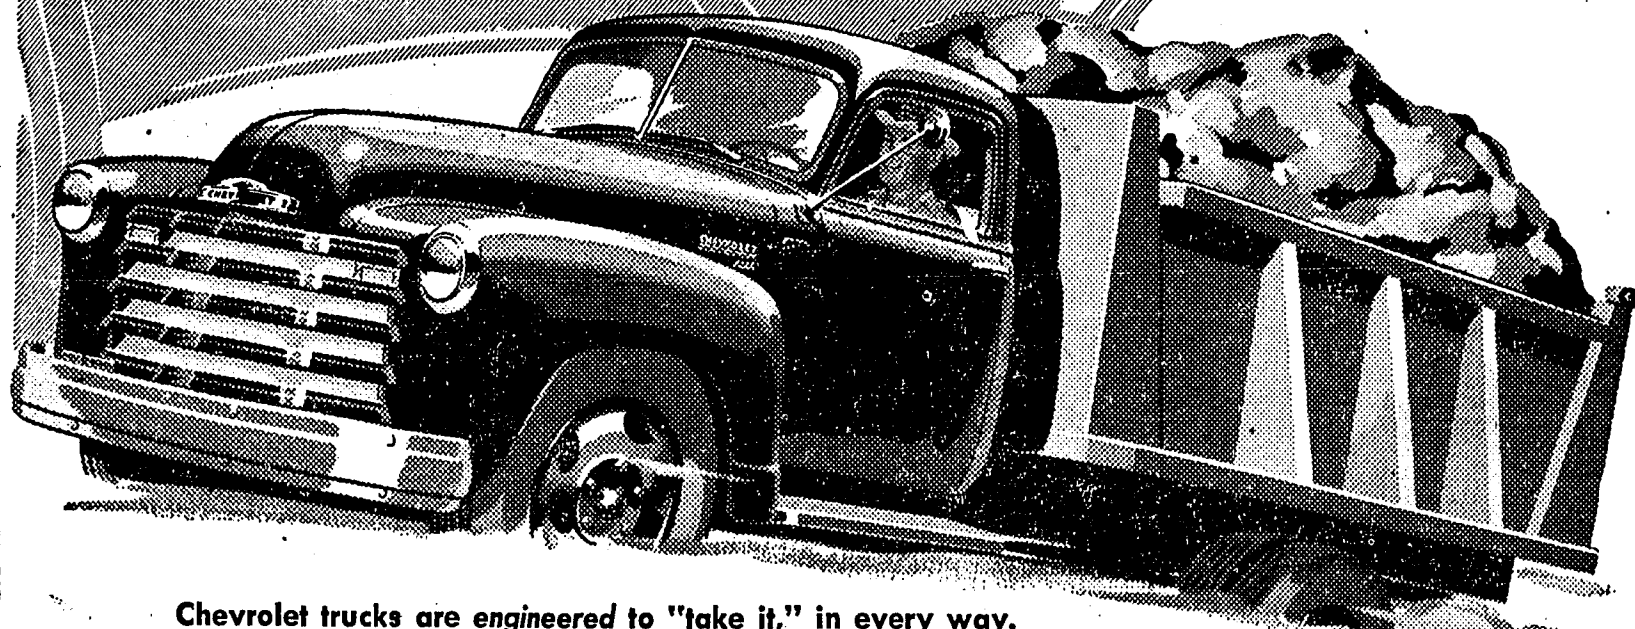

So — If you want to increase the length of time between major overhauls, reduce cylinder-liner and piston ring wear, improve engine cleanliness, minimize piston ring and valve sticking, maintain peak power and efficiency for longer periods, change to new RN 126 Lubricating Oil Now!

CHEVROLET TRUCKS

with Chevrolet's Hypoid Rear Axle

Chevrolet trucks are engineered to "take it," in every way. Chevrolet's heavy-duty hypoid rear axles offer maximum strength . . . with single-unit housings formed into tubular steel beams, and splined axle-to-hub connections that deliver power more evenly. Gears last longer, too . . . pinion gear is ball-bearing supported at each end, with adjustable thrust pad to prevent distortion on extra heavy pulls. Add these advantages to powerful Valve-in-Head engines, Synchro-Mesh transmissions, and channel-type frames. Then you'll know why Chevrolet is the most popular truck in America. Come see these great Chevrolet trucks today!

STONY POINT NEWS

Mrs. Marion Stevens, Mrs. Ernest Steigers and Mrs. Glen Stevens were among guests attending a bridal shower for Nell Maguire, which was held at the Civic Club in Lewiston, Sunday, Oct. 29th.

The Friendship Club met with Mrs. Mary Steigers Thursday. Dish towels were embroidered for the hostess. Bridal showers planned for the recent brides, Mrs. Robert Steigers and Mrs. Alma Hammond were not held because the honored guests were unable to attend. Shower gifts were delivered that evening. The next meeting will be at the home of Mrs. Lloyd Brown, November 16th.

The magic show at Lapwai was well attended by the community, Thursday evening.

Mrs. Lawrence Heimgartner and daughters were Saturday morning visitors of Mrs. Glen Stevens and family.

Saturday afternoon Mrs. Marion Stevens and children, Mrs. Elsie Michel and Mrs. Glen Stevens and daughters visited in the Leonard Fairfield home at Kendrick. Mr. and Mrs. Arthur Needham and family of Spokane; Mr. and Mrs. Hubert Needham of Seattle, and Yvonne Ward and Mrs. Ward of Lapwai were other visitors in the Fairfield home.

Mr. and Mrs. Glen Stevens and family attended the wedding Sunday of Miss Evelyn Cook of Lewiston to Golan Calvert of Boise. The ceremony was held in the Lewiston Methodist church with the Rev. Geo. F. Calvert, father of the groom, officiating.

LINDEN ITEMS

Mrs. Pearl Alexander, Dick Parsley and Dan Carstello were supper guests in the Arley Allen home on Wednesday.

Mr. and Mrs. Leslie Ball and children of Orofino were dinner guests in the Arthur Foster home Sunday. Afternoon visitors were Mrs. Edgar Bohn, Mr. and Mrs. George Burns, Mrs. Lewis Porter, Mrs. Marion Souders and Mrs. Arley Allen.

Mrs. Edgar Bohn, Mr. and Mrs. Geo. Burns and Mrs. Lewis Porter were supper guests at the Arley Allen home Sunday evening.

Mr. and Mrs. Al Pederson, Edward, Herbert and Marilyn, and K. E. Pederson, the latter of St. Paul, Minn., were dinner guests of the Lester Weaver family, Sunday.

Mrs. Arley Allen was a caller at Al Pederson home Monday morning.

Rev. and Mrs. Norbo and family of Caldwell were dinner guests of Mr. and Mrs. C. A. McAlister, Sunday.

Remember the W. M. A. supper and sale at Gold Hill Saturday evening.

Mr. and Mrs. Arthur Foster spent Wednesday with Mr. and Mrs. Marion Souders.

Blood Drive Is Held

University of Idaho students held this week what they hope will become a national movement — an all-campus drive to obtain blood for the armed forces. The executive board of the Associated Students designated November 7 and 8 as "Blood Donor Days."

Pine hall, the Memorial gymnasium and the Student Union were the blood donating centers for the two days, and all students, faculty members and townspeople were urged to contribute a pint of blood.

Idea for the drive originated with Duane Lloyd, a forestry student from Pocatello, and he was named chairman of the committee in charge of arrangements, assisted by Gerald McKee of King Hill and Allen Derr of Clark Fork.

Prepare Woodwork For Repaint Jobs

Proper Preliminaries Make Task Easier

Woodwork in farm homes can be repainted more effectively if proper steps are taken to prepare the surface beforehand.

This conclusion was announced after a study of the subject by the Eagle-Picher company of Cincinnati. Their survey, according to reports, showed that preparing the surface beforehand will always be valuable, whether the work is to be done by a professional, or by the farmer himself.

If the woodwork has been painted before and the paint is in good condition, it should be washed down

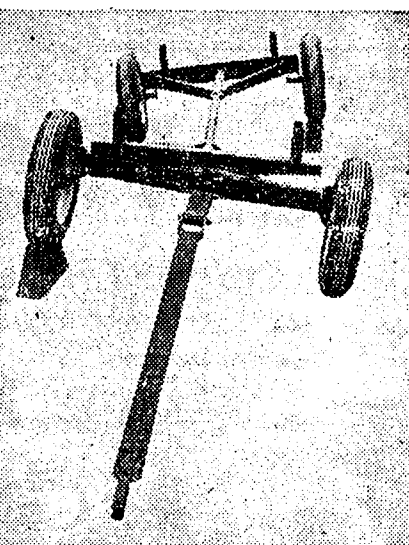

In removing this paint brush from a can of paint, it is always best to scrape off any excess fluid to prevent dripping or streaking.

with a few drops of benzine on a dry cloth. This is done to remove any grease. Care should be taken, however, as benzine is inflammable.

Should the present paint on the woodwork be in poor condition, then it should be removed entirely, or at least in the bad spots, with a paint remover. This applies especially to areas with blisters, roughness, streaks or looseness. Any paint left on should be cleaned with benzine.

New Farm Wagon

Like modern cars which "float" over the highways, this new, all-steel farm wagon has just been offered the American farmer to help smooth out rough fields and roads. Front and rear axle tilt independently (as shown) to give maximum flexibility and stability, even under capacity loads of 8,000 pounds. Auto-type wheels and steering mechanism are used.

Spring Calving Permits Cheaper Winter Feeding

Spring calving permits use of cheaper lower-grade feed during winter. A cow that calves in the spring will get along nicely on a plain kind of ration. But the cow that calves in the fall must be fed a milk-producing ration during the winter to keep the calf growing rapidly. Such a ration is more expensive.

In a climate where the cow herd must be on a dry feed for five months, a total of about 1,300 to 1,500 pounds of digestible feed is needed in winter.

A 1,100-pound pregnant beef cow can be carried through the winter quite cheaply when fed 1,100 pounds of clover hay, 1,500 pounds of corn stover and 500 pounds of oats straw.

Handling Tips Offered In Hatching Egg Work

Tips on handling hatching eggs have gone out to farmers from several extension service sources. In the main, farmers are urged to pack such eggs in cases with the small end down, and, if these eggs are marketed twice a week, it will not be necessary to turn them.

If hatching eggs are to be stopped for a short time, the advice continues, keep the room temperature between 45 and 60 degrees.

STILL GOING STRONG:

Yes, Folks — Don't think for a minute that because this institution is up for sale, that we are still not in the ring to buy your cream and eggs — or that we have stepped out of the manufacturing business — because we haven't! You'll find our Potlatch Chief Brand Butter is still the tops in quality — sweet and pure — because it's made from pasteurized cream. Potlatch Chief Brand Milk is still a top quality pasteurized item — pure, clean and safe for you and your children. And for your health's sake you should enjoy it at every meal.

And Remember:

We pay cash for your cream. No waiting. Get your check right now!

And Don't Forget Those Empty Milk Bottles!!!

WHAT CAMERON FOLKS ARE DOING THESE DAYS

The Cameron Ladies Aid will hold their chicken dinner and bazaar at the hall Thursday evening, Nov. 9. Serving will start at 5:30.

The film, "The Sickle or the Cross" will be shown at the Cameron hall on Tuesday, Nov. 14, at 7:30 p. m. This picture shows how Communists really work. A cartoon will also be shown. There is no admission charge, but a free will offering will be taken to pay for the rental of the film. Everyone is invited to attend.

Mrs. Glen Wegner and Mrs. Ed. Mielke spent Thursday with Mrs. Fred Newman.

Mr. and Mrs. Kenneth Wilken, Mr. and Mrs. Henry Wendt and Mrs. Walter Koepf and children were Friday evening visitors in the home of Mr. and Mrs. Herbert Schwarz.

Mr. and Mrs. Carl Koepf were Sunday dinner guests of Mr. and Mrs. Henry Wendt.

Mrs. Wm. Rogers of Moscow was a guest of Mr. and Mrs. Aug. F. Wegner from Saturday until Monday.

Mrs. Ted Weyen and children spent Thursday evening with Mrs. Glen Wegner.

Helen, Ted and Jack Mielke visited with Mr. and Mrs. Herbert Schwarz Sunday evening.

Elsie and Dorothy Kruger of Lewiston spent the week-end with their parents, Mr. and Mrs. Gus Kruger.

Ida Sillow of Lewiston was a guest in the home of Mr. and Mrs. Marvin Sillow over the week-end.

Mr. and Mrs. August F. Wegner and sons Vern and Wayne, Mr. and Mrs. Geo. Wilken, Mrs. Glen Weg-

ner and children and Mrs. Wm. Rogers were Sunday dinner guests of Mr. and Mrs. Dan Sullivan of Lenore. The dinner honored Aug. F. Wegner's birthday anniversary.

Sharon Lohman and Patricia Mielke visited with Mrs. Fred Newman Halloween evening.

Rev. and Mrs. Meske and daughter Mary are visiting relatives in Ritzville, Wash., this week. Teddy and Duane Meske are staying in the Glen Wegner home while their parents are away.

Mrs. Ted Weyen and children spent Sunday with Mr. and Mrs. Ervin Draper.

Mr. and Mrs. Marvin Sillow and family and Mr. and Mrs. John Blankenship and family were dinner guests of Mr. and Mrs. Henry Wendt on Monday evening.

Mr. and Mrs. Emil Sillow were Sunday dinner guests of Mr. and Mrs. Marvin Sillow.

Mrs. Willard Schoeffler and daughter Fonda spent the week-end with relatives in Clarkston.

Mr. and Mrs. Marvin Sillow and family visited in the home of Mr. and Mrs. Homer Parks, Sunday evening.

Mr. and Mrs. Roy Ramey were Sunday evening visitors in the home of Mr. and Mrs. Walter Koepf.

The Ladies Aid held their November meeting last Wednesday. Mrs. Ed. Mielke, Mrs. Albert Glenn and Mrs. Glen Wegner served a delicious lunch following the business meeting.

Mr. and Mrs. Walter Dennler and family, Mr. and Mrs. Herbert Schwarz and daughter Joan, Mrs. Stoneburner and Miss Hartung were Sunday dinner guests of Mr. and Mrs. John Schwarz.

Miss Emma Hartung and Mrs. Ida Stoneburner called on Mrs. Walter Koepf and Helen Mielke Monday afternoon.

G. F. Criddlebaugh and daughter Janette brought Mrs. Stoneburner home Saturday. Mrs. Stoneburner having been a guest in the Criddlebaugh home the past week.

Kendrick Grange Elects

The Kendrick Grange met Tuesday evening for their regular semi-monthly business session. Election of officers was held, with the following being chosen:

Master, Marvin Vincent; Overseer, Arthur Foster; Lecturer, Inez Armistage; Steward, Andrew Cox; Assistant Steward, Herman Johnson; Chaplain, Jessie Bateman; Treasurer, Weyne Weyen; Secretary, Jo Benson; Gate Keeper, Fred Glenn; Ceres, Emma Kent; Panola, Floy Cuddy; Flora, Belle Davis; Lady Assistant Steward, Ilene Johnson; Home Economics Chairman, Opal Draper; Executive Committee, Minnie Cox. Ross Armistage was also initiated as a new member.

The evening closed with lunch being served in the banquet room.

Members are reminded that tonight (Thursday) is visitation night for the Kendrick Grange at Moscow, where they will put on the opening ceremonies. All members are urged to attend — and all are requested to bring sandwiches.

Parents Of Twins

Twin sons were born to Mr. and Mrs. Gordon Choate, Southwick, at 1:50 and 2:10 a. m., Monday, Nov. 6, at St. Joseph's hospital, Lewiston.
