Judge Horrigan indicated, to author-ize three districts on the edge of the system to take over the eastern Washington properties of the Washington Water Power. But neverthe-less, the language used, particularly the phrase "integrated system" seem-

ed to imply such powers. the fact that the PUD manipu-lators denied in 1949 what they af-firmed in 1951 does not appear in

For some mysterious reason, Harold Shefelman, PUD attorney, from Seattle, said he "might be talking for publication" when he was bringing out the facts that the deal was

being cooked up in 1944. R. W. Beck, utilities engineer, with offices in Seattle, Nebraska and Colorado, indicated such was knowledge, and it was confirmed by Joe

Garvey, the auctioneer who heads the Stevens county PUD. One may only conjecture why no other PUD commissioners were introduced. But it just might be that the commissioners themselves re-sented being placed in such unfavorthe nose, like some of the cattle over which the auctioneer chants his singsong "What am I bid?" They may have noticed the frequent note-passing and conferences between the PUD attorneys and the astute lawyer from New York, John B. Dawson, who was there to put the strings for the Wall Street bond houses that hoped to profit through distribution of \$150,000,000 in revenue

### HELLO, THERE, FOLKS -

Now that Memorial Day is at hand, most of you will be having picnics, or entertaining — and when it comes to that there is no finer dessert — for picnic or company — than "Potlatch Chief" brand Ice Cream. Its creamy smoothness and delicious flavor just "hits the spot." So serve it without hesitation to, the most particular. It will please one and

A drunk stepped through an elevator, shaft and plunged 10 stories downward. As the horrified crowd heard the body crash to the elevator cellar, they craned their necks. To their amazement, they saw him pick himself up, brush himself off and heard him mutter: "I should have said "Up!"

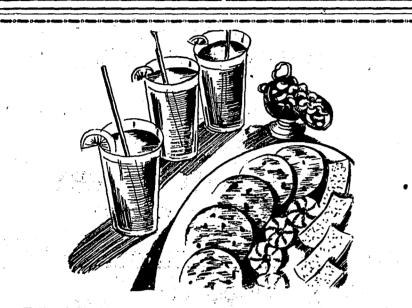

For that picnic lunch there must be sandwiches, and a sandwichto be good, requires butter. So, when making them for that picnic

lunch, be sure you use "Potlatch Chief" Butter. The brand is your assurance of quality, for it is made of pasteurized cream. Just taste its sweet, true butter flavor.

The Sunday School teacher asked all in her class who wanted to go to heaven to hold up their hands. One little three-year-old did not comply. "My mother said we had to go straight home after Sunday School," she explained.

Just because it's warm weather don't think milk is no longer needed in your diet. Such is far from true. Growing children need at least a quart a day — adults a pint. And 'Potlatch Chief" Milk is pasteurized. Your guar-antee of purity and quality. Try it today.

Remember: Always ask for "Potlatch Chief" Dairy Products by name. It is your assurance of quality.
