#### Library

The Kendrick High school library has made some marked improvement by supplying a new modernistic counter made of plywood and glasstopped. In addition, it has a new bookcase table, what-not shelf, a modernistic lamp, figurine planters with cactus, and a bulletin board. On this bulletin board are placed the book-jackets of our newest books. One of these latter, just received, is "Red Fox," by William Marshall Rush. This story covers the years 1872 to 1877, with a setting near Lapwai, Lewiston and the adjacent Snake river. It is presented through the eyes of John Child, a young Nez Perce, who, in the story, becomes "Red Fox" and aids Chief Joseph. Clippings of the reviews of the latest books most suitable, and the

highest recommended for High school students are also displayed

on the bulletin board. There are 21 periodicals on our reading table, placed there for the students to read during their leisure time. Some of the newspapers are: The New York Times, Lewiston Morning Tribune, Spokesman Review, Argonot, Daily Idahonian and the Kendrick Gazette.

We have completed cataloging the fiction, biography and history books in our library, and are now working on Literature and Art.
