

KENDRICK GAZETTE

VOLUME 62

KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, JANUARY 24, 1952

NO. 4

IDAHO HAS SUFFERED FIVE POLIO EPIDEMICS SINCE 1947

Boise, Idaho — Idaho's growing polio problem was brought into still sharper focus by a report released this week by the Idaho Department of Vital Statistics which indicates that the Gem state has suffered five consecutive polio epidemics, beginning in 1947.

A total of 1,308 cases of the epidemic disease have been reported in Idaho during the last five years, or one case for every 447 of the state's inhabitants, giving Idaho the highest per capita incidence reported in the entire nation during this period.

Of the total cases reported 706 were male and 598 female, with the sex of three not specified.

Incidence hit hardest in the age groups under nine years, with 317 cases reported in the 0 to 4 group; 364 cases were reported from 5 to 9 years; 215 cases from 10 to 14 years, and 187 cases from 15 to 24 years. Polio also struck heavily in the adult age brackets with 124 cases in the 25 to 34 year age group; 52 cases, 35 to 44 years; 13 cases 45 to 64 years, and three cases were reported above the age of 65. Ages were not indicated for 33 victims stricken during the five-year period.

Although polio is recognized as a crippling disease, the death rate reached 4 percent, with 53 polio deaths reported.

The tremendous case load experienced in the state added to the need for continued medical care for the hundreds of victims stricken in prior years has placed local county chapters and the national March of Dimes organization in their most precarious financial position in history, according to David F. Weeks, Idaho representative for the National Foundation for Infantile Paralysis.

The future of the March of Dimes program, which includes professional education and polio research along with financial assistance to polio victims and their families, hangs in the balance — depending upon maximum support from the public in the March of Dimes campaign now in progress.

Since the inception of the March of Dimes program in Idaho, a total of \$612,516.55 has been raised and retained for polio patient care. The national organization has advanced in excess of \$1,700,000 to local county chapters in the state in an effort to assist them in meeting their costly patient care responsibilities.

Mr. Weeks emphasized that if Idahoans are to meet the challenge imposed by polio, they must of necessity extend their help by contributing a "March of Dollars."

The vital statistics report indicates that the peak incidence has never been reached during the same month in the entire five-year period. Highest monthly incidence occurred in November, 1947; July, 1948; August, 1949; September, 1950; and October, 1951.

Winter, Winter, Everywhere!

It's "winter, winter, everywhere!" in the Potlatch section as well as for the rest of the nation, although we have been fortunate in not having had the extremes of weather that have struck other areas.

Here it has been about the same story for the past ten days, with the daily temperatures climbing to the freezing point or above, in fact, we have had a couple of days (last Sunday being the balmiest) when one could almost imagine that spring was in the air, for water squirted along the gutters on Main street, and the center track in the paving was bare.

However, most of Kendrick's Main street is a sheet of ice, and the inch fall of snow Monday night covered up the bare wheel tracks. The grades out of town are a sheet of ice, and extreme care must be used in negotiating them. On top the ridges the snow depth varies from about 18 inches to 30 inches. Here in the canyon about a foot of dirty, icy white remains.

Sunday, while it was balmy in the canyon, a storm raged on top, particularly on Potlatch ridge, and the state and highway district snow plows were in operation most of the day. Clarence Ferryman said the state plow was forced to make three passes at a drift on the corner at the Southwick school before breaking through.

At no time, however, have the Kendrick schools been forced to close, as have most of those in other towns in this area.

Celebrate Twenty-fifth Anniversary

Twenty-seven members of the Blewett family gathered in the home of Mr. and Mrs. Pierce Blewett near Culesac Saturday evening. The occasion was a party honoring the Silver Wedding anniversaries of Mr. and Mrs. Milford Blewett and Mr. and Mrs. Harry Ruddell.

Those attending from Kendrick were Mr. and Mrs. R. L. Blewett and Mr. and Mrs. Ben P. Cook. Lt. Col. and Mrs. Aaron Blewett of Moscow accompanied them, as they were week-end guests in the R. L. Blewett home.

Friendship Club Meeting

The Evergreen Friendship Club met at the home of Mrs. Elton Wilson on Wednesday of last week. Mrs. Ed. Nelson and Mrs. Wm. Johnson from the Kendrick Canyon Club gave a demonstration on "Yard Planning."

Practice Teaching

U. of I., Moscow. — Herb Millard of Kendrick was one of the 75 University of Idaho students who did practice teaching last semester. He taught at Moscow.

Well Progressing Slowly

Latest report on the new well being drilled for the Village of Kendrick by Jim Burns and company, shows a depth of 170 (Tuesday) and Jim says they are still punching through blue-black basalt. The deeper the bit seems to go, the harder the rock, for the rate has now slowed to 6 inches per hour.

No fissures, seams or cracks have yet been hit, or no difficulty of any kind encountered with the exception of the extreme hardness of the rock.

JOINT DISTRICT P.-T. A. MEET HELD AT JULIAETTA MON.

The Joint District P.-T. A. meeting Monday evening in the Juliaetta school auditorium opened with the group singing of "Onward Christian Soldiers," led by Burke Sower and accompanied by Mrs. Bob Magnuson.

The minutes of the previous meeting were read and approved. The treasurer's report showed \$216.82 on hand.

Mrs. Dennis Racicot read a communication in which a district Parent-Teacher Education Work Shop was announced for January 27, at 1:30 p. m., in the Lewiston Senior high school. An invitation was extended to parents and officers to be present. Mrs. Elmo Eldridge, president, added that anyone wishing to attend who did not have transportation, contact her, and arrangements would be made.

Mrs. Gordon Peters, Membership chairman, then announced that there were 130 members to date, and since this figure fell short 20 from that of last year, invited all who had not signed up, to do so, as her report had to go in soon.

Mrs. Ross Armitage was called on to report on the recent card party. She stated that, in round figures the proceeds of the evening were \$70.00. A jolly time was had, with 17 tables in play, which was considered an excellent turn-out considering the stormy night and town team basketball game. She thanked everyone for their cooperation and help.

Mrs. Jasper Nutting reported on the findings of her committee regarding "Stunt Night." It was the sentiment of the committee that there should be a change from the usual "home town slap-stick comedy," and suggested a family night potluck supper with an evening planned for a variety of games and entertainment. She then called for suggestions from the floor, and there being none, the problem was returned to the "lap of the committee."

The Study Class was announced for Wednesday, Jan. 30, in the Gordon Peters home, with Mr. Nutting as moderator. An invitation was extended to the group to be present.

Under school announcements Mr. Nutting, superintendent, called attention to the Lapwai game, there, Tuesday evening, Mr. Calvert, Juliaetta principal, invited parents to visit school at any time.

The "White Elephant" was then disposed of, with Mrs. Asa Cook receiving the "beast."

The program of the evening began with two songs by the High School Girls' chorus, directed by Burke Sower and accompanied by Joyce Armitage at the piano.

Rev. F. C. Schmidt, guest speaker, was then introduced and spoke to the group on "The Child and His Church." Among his pertinent remarks he placed the responsibility of religious education on the parents, saying at best the church will only have them (the children) for approximately 30 hours a year. That the Christian home is where reverence and Christian attitudes are shaped — but the church and regular participation in its activities and services by the whole family is the channel through which Christian influence is nourished.

He also went on to say that "Any teachers effective influence on students for better citizenship and higher standards of conduct is measured in direct proportion to his or her active participation in the religious work of the community."

"P.-T. A. is an organization that is interested in all the activities of the child, so it follows that it must be a co-operative effort on the part of its members in all those activities." He closed by quoting these words of Gen. Douglas McArthur: "It is my hope that my son, when I am gone, will remember me, not from the battle, but in the home, repeating with him our simple daily prayer, 'Our Father, who art in Heaven...'"

The meeting then adjourned to the Hot Lunch room, where delicious refreshments were served by the Kendrick ladies, hostesses for the evening.

Two March of Dimes Dances

Two March of Dimes dances are scheduled for this area on Saturday, February 9th.

On that evening the Kendrick Grange is sponsoring a dance in the High School gymnasium, with the music to be furnished by the "Skyliners." Dancing will begin at 9:00 o'clock.

That same evening another one is scheduled for the Gold Hill hall, for benefit of that worthy cause.

Entertain At Dinner

Mr. and Mrs. John Johanson and Mrs. Estella Leith entertained with a dinner Sunday in the latter's home for Mr. and Mrs. Roy Ramey, Dr. and Mrs. D. A. Christensen, Mr. and Mrs. Herman Schupfer, A. E. Dickerson Mr. and Mrs. R. L. Blewett, Mr. and Mrs. W. L. McCreary, Mr. and Mrs. E. A. Deobald and N. H. Rhodes, the latter of Lewiston.

SIXTEEN ATTEND COMMERCIAL CLUB MEET WEDNESDAY

Sixteen interested business men and farmers were present for the regular monthly Kendrick Commercial Club meeting Wednesday evening of last week. There were but 14 present for the 6:30 supper served at Burr's Confectionery.

Following the reading and approval of the Minutes of the previous meeting, bills were allowed for the Christmas treats, and a discussion and report of the Club's financial situation was led by A. O. Kanikkeberg, president. After some discussion it was decided to begin the annual financial drive at this time, instead of in June, as is usually the case, and Dee Miller was appointed chairman.

Committee reports were then called for.

Tom Long of the Highway committee reported all area roads open, but that the state and highway district plows had been forced to run almost continuously to accomplish this result, and added that "the end was not yet in sight."

For the Education committee Ben P. Cook stated that busses were running on time, and had experienced little difficulty, despite the storms, thanks to the work of the snow plows. He added that the semester tests were to be given Friday. He also announced the Kendrick-Genesee basketball game for Thursday (last).

For the Publicity Committee W. L. McCreary stated that club activities being at a minimum, no extra publicity was contemplated. He brought up the matter of a speaker for the next meeting, and was asked to contact Orland Mayer of Boise, who will address the Club on Wednesday evening, Feb. 13, on the proposed Hell's Canyon dam and C. V. A.

Tom Keene of the Merchant's committee suggested more summer play equipment for the city park, including a concrete slab and basket, and possibly a back board to permit the youngsters to play "basketball" during the summer months. The slab need be only a small one, and could probably be put in a back corner where grass does not grow well.

The matter was referred to a committee consisting of R. L. Blewett, Ben P. Cook and George F. Brocke, Sr., to be reported on at the next meeting.

Marvin Long, speaking on the matter of Civic Improvements, suggested that the Commercial Club contact the Village Trustees in an effort to get many of the concrete sidewalks in the town repaired and rebuilt. He stated that tree roots, ice and salt had damaged many severely, and that for safety as well as appearance they should be rebuilt. A. O. Kanikkeberg, president, appointed Mr. Long a committee of one to take the matter up with the Trustees, and report back to the club at a later date.

For the Fish and Game Committee Frank Abrams stated that many white tail deer were wintering in the canyon and that groups of three to 10 were a common sight. He added that to date game birds appeared to be doing well, but that if snow and storms continued feeding would be a necessity, especially on the ridges and canyon rims.

Dick Blewett reported that the local Boy Scout group was doing very well, and would attend a Court of Honor at Lewiston on February 11.

Adding to the above report Ben P. Cook said the local boys were making excellent progress in rank and Merit badge work, and that prospects looked good for the troop to have two Eagle Scouts soon.

Dee Miller then brought up the matter of a Youth Center, stating that it was the desire of the local V. F. W. Post to sponsor such an activity. He said that they had been looking about for a suitable building, but none had been located to date. Mr. Miller added that the Kendrick Grange had considered the matter at their last meeting and were endorsing the project, and asked for the endorsement of the Commercial Club.

After considerable round-table discussion of the matter, including financing and supervision, Mr. Kanikkeberg appointed R. L. Blewett, Ben P. Cook, Ed. Nelson and Rev. F. C. Schmidt as a committee to work with Mr. Miller on the matter and bring a report to the next club meeting.

Gerald Ingle, club secretary, then announced that Dr. Eke, a public power advocate, would speak at the local Grange on February 5th. He asked all Grangers to be present.

There being no further business to come before the meeting, it was turned over to Kermit Malcolm of Brower-Wann Funeral Home, Lewiston, who presented a series of very fine travel motion pictures.

Cub Scout Meeting

The Kendrick Cub Scout Pack will meet at 7:00 p. m., Monday, January 28, in the basement of the Community church, with a coasting party to following. All are asked to bring sleds, skis, weiners and marshmallows.

The Cubs are inviting their parents and friends to come out and join them in an evening of fun.

Town Team Wins Another

The Kendrick Town team won a rough and tough game of basketball at Colton Monday evening.

We regret we have no further information.

Sunday School Teachers Meet

The Sunday School teachers of the Community Church will meet Monday evening, Jan. 28, at 7:30 p. m. in the home of Mrs. F. C. Schmidt.

TIGERS ADD THREE MORE SCALPS TO VICTORY LIST

Kendrick 50, Genesee 47

It was basketball at its best last Thursday evening when the Kendrick Tigers met the Genesee Bulldogs in a game on the local floor — a game that was fast and furious from start to finish, and which featured full-floor checking, "fast breaking," and a mighty effort on the part of both squads to control the backboards.

It also was a game that could have become plenty rough had it not been for the excellent refereeing, the two "judges" sending four Genesee men to the showers and two Kendrick men to the final whistle sounded.

During the first half of the game it looked like the victory might go easily to either team, but Kendrick maintained control throughout the final half.

Genesee's Bob Bennett canned 15 out of 19 foul line attempts in a spectacular shooting exhibition. Bennett was high scorer for the contest with 23 points. Stan Smith headed Kendrick scoring with 17 points.

Coach Denis Racicot substituted freely during the contest, changing men and positions to fit the style of play brought out by the invaders. Coach Hammond of Genesee used the Idaho two-platoon system just once during the game, but found that the Tigers kept track of a new man just as well as the old one.

The score by quarters:

Kendrick	10	20	41	50
Genesee	12	20	38	47

Despite icy roads and wintry storms on top the ridges, local fans turned out en masse for this contest, every seat in the gymnasium being taken and standing room running very short. They came expecting to see a real contest and were not disappointed.

Tigers Defeat Grangeville

Friday evening the Kendrick Tigers added their thirteenth scalp to the victory parade when they met the Grangeville Bulldogs on their own floor, and again the Tigers' claws proved too much for their "canine opponents," for despite the long ride, and a hard game the night before, victory was theirs by a score of 51-45. Kendrick held the lead most of the way.

Johnson was high for Grangeville with 19 points and Smith with 14 led the Tiger scoring.

The score by quarters:

Kendrick	15	28	39	51
Grangeville	14	27	34	45

The Grangeville B squad won the preliminary tilt.

Tigers Defeat Reubens

Following up the Grangeville victory with still another night of play, segments of the Kendrick Tigers, with B squad players added to round out the roster, met the Reubens quintet on the Reubens floor, and added the fourteenth victory to the Tiger list, the final tally being 37-32. The score was tied twice during the contest at 30 and again at 31 before the Tigers got back the lead they held most of the contest, and kept it.

James Brackett of Reubens was the top scorer of the evening with 12. Burr Souders led Tiger scoring with 11.

The score by quarters:

Kendrick	13	22	30	37
Reubens	8	10	28	32

In preliminary games the Reubens girls' team won 85 to 28, and Kendrick's grade school quintet triumphed 27-8.

Tigers Drop 15th Game

It was fast basketball, with something of a rough and tumble variety, held in check only by close officiating Tuesday evening when the Kendrick Tigers tangled with the Lapwai Wildcats on the Lapwai floor before a crowd that filled the big Lapwai gym. to capacity, and when the final horn sounded the Lapwai Wildcats won on the long end of the score 51 to 41.

The officials, C. R. Kinzer and Bob Tyson did an excellent job of "whistle tooting," and the crowd observed the rules of good sportsmanship.

The score by quarters:

Kendrick	9	20	34	41
Lapwai	13	23	37	51

Kendrick data: I. Havens, 2; S. Smith, 15; P. McCreary, 8; Clemenhagen, 1; L. Arnett, 5; D. Crocker, 0; C. Christensen, 1; K. Thornton, 0; R. Craig, 9; B. Souders, 0; W. Wolff, 0; H. Wolff, 2; C. Parks, 0.

Lapwai: E. Madsen, 19; Eggers, 0; Sabbota, 11; Allen, 2; Rickett, 2; Miller, 0; McCormick, 11; C. Madsen, 0; P. Ellenwood, 4; Gibbs, 2.

Kendrick lost three men via the foul route, and Lapwai 4.

Kendrick C. C. Y. Meets

The C. C. Y. met Sunday, Jan. 20, at the church. Geraldine Onstott read the story of the famous old hymn "Holy, Holy, Holy," during the worship period.

In the business session which followed the group decided to show a movie on Latin America, Feb. 3rd, at the church. Mrs. F. C. Schmidt led the discussion which followed, and gave a short talk.

Next Sunday's meeting will be at 7:00 p. m. at the church, with Mrs. Ross Armitage in charge of the recreation.

Neal Walker Initiated

E. W. C. E. Cheney, Wn. — Eastern Washington college's Iota Lambda chapter of Alpha Psi Omega, drama honorary, initiated nine new members during a recent meeting. Included in the group were Neal Walker of Kendrick, Idaho.

Bridal Shower

A shower was given for Shirley Baker Whitman at the home of Geri Onstott, Thursday, January 17. All her classmates and friends attended, and presented her with many lovely gifts.

The hostesses were Virginia Cuddy, Jeanette Bailey, Joanie Lawrence, Delores Bailey and Geri Onstott.

Refreshments were served at the close of the afternoon, the table being centered by a beautiful three-tier cake baked by Mrs. C. A. Cuddy.

DEATH CALLS HENRY EMIL MIELKE, CAMERON PIONEER

Henry Emil Mielke, formerly of Cameron, passed away at San Francisco, Calif., on Sunday, January 13. He was suddenly stricken with a cerebral hemorrhage in the afternoon and died in the evening of the same day. He was buried in Golden Gate National Cemetery on Wednesday, January 16, with Rev. Wm. K. Barrs of the Lutheran church as officiant.

Mr. Mielke was born in New Auburn, Minnesota, on September 16, 1889, a son of Fred and Therese Mielke. The family came to Cameron in 1901, where Henry was graduated from the Cameron grade school in 1904. He was graduated from the Kendrick High school in 1906 and the South Central High school in Spokane in 1908. Following graduation he taught school at Cameron and the Fairview school at Lelana.

He then went east to study law, and obtained an L. L. B. degree from National Law School, Washington, D. C., in 1914. Upon his return to Idaho he took the State Bar examination and was admitted to the practice of law in Idaho, later also being admitted to the Bar in the state of California. He practiced law in Lewiston for a few years.

In 1918 Mr. Mielke entered the Internal Revenue Service of the United States Treasury Department, and in 1919 went to San Francisco where he made his home until his death. At the time of his passing he was a member of the field staff of the California State Board of Equalization, a position he had held since 1935.

In 1922 he married Elizabeth Potter of San Francisco, and of this union a son, Henry Emil, Jr., was born in 1923. During World War II Henry Emil, Jr., was a Lieutenant in the Army Air Corps, and was killed in the service on December 7, 1944.

Mr. Mielke was a man of wide and varied interests and took an active part in many civic matters. For recreation he loved the out-of-doors and found great enjoyment in taking camping and hunting trips with his many friends. During the course of the years he made many trips to Idaho to visit relatives and friends at Cameron, Kendrick and Lewiston.

He was a member of San Francisco Consistory No. 1 of the Scottish Rite, Aahmes Temple, Oakland, and Kendrick Lodge No. 26 of the Masonic Order. He was a World War I veteran, and a member of the West of Twin Peaks Post No. 233 of the American Legion.

He is survived by his wife, Elizabeth; his brothers, Frederick of San Francisco; William of Lewiston; Herbert and Edwin of Cameron, and his sisters, Mrs. Fred Newman and Miss Helen Mielke of Cameron.

Writes From California

Mrs. Josephine Diehl, Hermosa Beach, Calif., who returned to her home there from Kendrick a couple of weeks ago, writes in part: "This really isn't a weather report, but believe me if you think there may be exaggerations about this rain — don't — because it's very true. It has been terrible in Los Angeles, but today we even began getting our feet wet at the beach. Our house is four feet from the ones that are getting water up to the first step.

When I came to work cars were bumper to bumper, going at a snail's pace through the miniature rivers running across the roads.

"May I take this opportunity of once more thanking everyone very sincerely for the kindness, thoughtfulness and expressions of sympathy that were shown toward our beloved 'Pop,' from all the neighbors and friends. — Your truly, Josephine Wilken Diehl and family."

Quite A Distance

The University of Idaho has a compact campus, and ordinarily a fellow can walk to keep a date with a coed, but not Marcello Rossi. He travelled 7,000 miles, and will have to cover the same distance to get back to his home in Rome, Italy.

Last summer Rossi met attractive Helen Daniels, senior in education from Malad, Idaho, while she was on a students' tour in Europe. He is a reservation clerk in the Rome office of Trans-World Airlines, and is used to people taking long jaunts, so decided to take one himself and attend a dance at Miss Daniels' sorority, Alpha Chi Omega.

Most of the trip was made by air. On the way back, Rossi will make various stops for other visits, including one at Malad, where Miss Daniels' parents live. Rossi added that his mother, in Rome, "liked Miss Daniels very much."

Undergoes Surgery

Mr. and Mrs. Jack Travis were in Lewiston Sunday and called on Rol Bryant, who is a patient at the St. Joseph's hospital, following surgery. Mrs. Bryant is staying in Lewiston to be with her husband.

Tip to motorists: Say it with the brakes and save the flowers.

NEWSY ITEMETTES FROM AMERICAN RIDGE AREA

Hi-Hope Club Meeting
The Hi-Hope Club met with Mrs. Harry Benscoter last Thursday afternoon with our new president, Mrs. Harley Eichner, presiding. Mrs. Wayne Davis and Mrs. Lawrence Heimgartner gave out our new Club books — book which we will use for the next five years. A vote of thanks was given them. Mrs. Roy Davis was taken in as a new member of the Club. Mrs. Don Eichner and Mrs. Roy Davis gave a most interesting demonstration and talk on "Principles in Yard Planning." Mrs. Andy Cox and Mrs. George Havens were appointed to attend the next Leadership School in Moscow. Alternates were Mrs. Frankie Benscoter and Mrs. L. Heimgartner.

At the meeting there were fourteen members and two visitors present, the latter two, Mrs. John Wilson and Mrs. Bob Cain, are former Hi-Hope Club members, but now have joined one of the Kendrick clubs.

Mrs. Harry Benscoter served delicious refreshments at the close of the afternoon.

Our next meeting will be with Mrs. Walter Benscoter on February 21. The topic will be announced later.

Other News
Mr. and Mrs. Don Benscoter and daughter Sherry of Craigmont were Thursday evening guests of their parents, Mr. and Mrs. Frankie Benscoter.

Mr. and Mrs. Walter Benscoter and daughters and Mr. and Mrs. Harry Benscoter spent Sunday with relatives in Peck.

Mr. and Mrs. Ed. Kent and Mr. and Mrs. Frankie Benscoter attended a surprise birthday anniversary party honoring Harl Whiting at the Whiting home at Southwick Saturday evening.

Mr. and Mrs. Geo. Havens and family spent Saturday evening with the Walter Benscoter family.

Mr. and Mrs. Wayne Davis and son and Mr. Griffith were Sunday evening guests of Mr. and Mrs. Lawrence Heimgartner.

Mr. and Mrs. Warney May, Sr., of Lewiston, spent Tuesday night with Mr. and Mrs. Warney May, Jr.

Mr. and Mrs. Harry Benscoter were in Peck on Tuesday, and Mrs. Benscoter took her mother, Mrs. Dan Lytle to Spokane to consult a specialist. Harry Benscoter returned home that evening.

Saturday the Kitten Kozy Komer Klub met with their new leader, Mrs. Lawrence Heimgartner. Mr. McPherson of Moscow assisted them in getting started on this year's work. At an election Nita Benscoter was chosen president; Loeta Roberts, secretary-treasurer; Celia Roberts, reporter, and Patty Nelson, vice president. The club has eight members and two "mascot members," the latter two being Judy Benscoter and Joan Heimgartner. Mrs. McPherson and baby were also present.

Mr. and Mrs. Walton Morey and sons were Thursday visitors in the home of Mr. and Mrs. Ed. Kent.

Mr. and Mrs. Andy Cox and Andy Sue spent Sunday with their parents, Mr. and Mrs. John Glenn, in Kendrick.

Mr. and Mrs. Lawrence Heimgartner, Ted Fey, Mr. and Mrs. Bud Fey and family, Mr. and Mrs. Roy Fey and family of Big Bear ridge, and Mr. and Mrs. Elwood Roseneau and family, also of Big Bear ridge, helped their parents, Mr. and Mrs. Chas. Fey, Kendrick, celebrate their 41st wedding anniversary, Friday evening, at the Chas. Fey home.

Mr. and Mrs. Andy Cox took their son, Tom, to Moscow on Wednesday, from which point he left for duty with the Armed Forces. Mr. and Mrs. Geo. Havens and son Rayner, Mr. and Mrs. Lawrence Heimgartner and daughters and Ted Fey were also in Moscow that day.

Mrs. Bud Fey and Mrs. Earl Harris stopped on their way home from Moscow Wednesday and called briefly at the Frankie Benscoter home.

Mr. and Mrs. Frankie Benscoter were Friday evening callers in the E. M. White home at Kendrick.

Miss Helen Mattoon, Mr. and Mrs. Geo. Havens and family and Mr. and Mrs. Frankie Benscoter attended the Lapwai-Kendrick basketball game in Lapwai Tuesday evening.

Mrs. Harley Eichner and Mrs. Harry Benscoter attended the Cancer Workers' Training School in Lewiston Friday.

Mr. and Mrs. Werner Brammer and daughter were Sunday guests of Mr. and Mrs. Henry Brammer at Juliaetta. Mr. and Mrs. Aug. Brammer of Cameron were afternoon callers.

Mrs. M. A. Deobald wishes to express her thanks to everyone for the many lovely greeting cards received at Christmas and New Years. She states the snow is too deep and it is too cold for her to venture out.

Snow and more snow seems to be our program for the past couple of days, and it is making travel very difficult, for it coats the old ice on the roads and makes picking out former tracks and extremely icy spots difficult. However, if we don't get a "blow" and drifting, it won't be too bad.

SHORT NEWS ITEMS FROM OUR LOCAL SCHOOLHOUSE

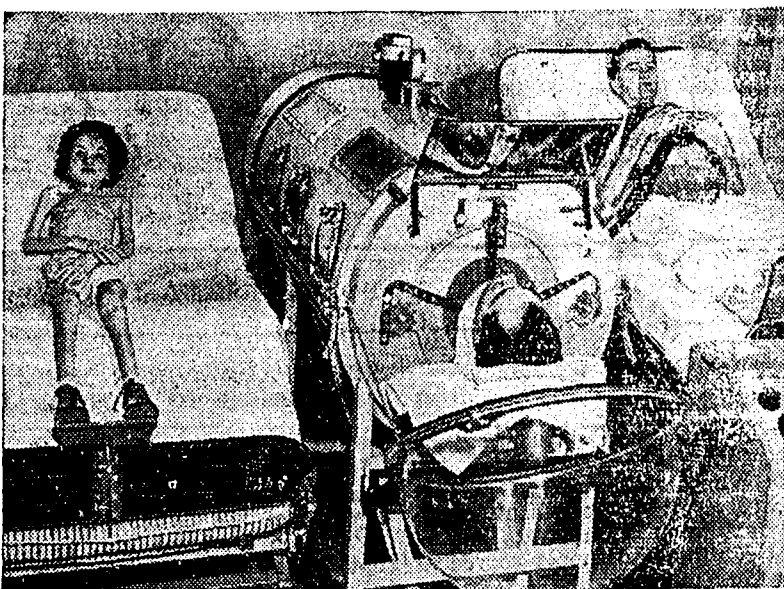

Our Music Program
Our music program at Kendrick has improved greatly the past few years and we are proud of the results that are being attained in that department. Perhaps most of us judge a music program rather harshly at first by counting the number of band members and comparing the color and brilliance of the uniforms with those of neighboring schools. If we have more band members and our uniforms are more brilliant, we have the better band. If not, we are poorer.

In reality the afore mentioned points are merely a beginning in judging the entire program. We are fortunate under our arrangement here at Kendrick to offer music to all the pupils attending the Juliaetta and Kendrick units of our system. We should like to offer the same ad-

vantages to Southwick and Gold Hill, also, but the time and distance make it almost prohibitive to reach those schools. However, each grade in the Juliaetta school has a class in music each day. The emphasis, of course, is placed upon vocal training, and these pupils are developing real appreciation and interest in music. They are learning to sing well in groups and are getting some of the rudiments and fundamentals necessary to real music enjoyment. Those who are musically inclined will get a basic education and can later develop their talents as their voices change and they reach young man and womanhood. Those who are not musical will have the opportunity to discover for themselves their own limitations and learn to appreciate and enjoy good music, from whatever the source.

The vocal music program is continued with the girls' groups through the Junior and Senior High schools,

Three Ways to Breathe

Here are three different breathing mechanisms—all provided with March of Dimes funds—which assist polio patients at the Southwestern Polio Myelitis Respiratory Center in Houston, Texas. Nine-year-old Charlotte Sword (left), of Houston, is on the rocking bed. Dr. Joseph H. Nelson (center), young Berger, Texas, physician, is in the large iron lung equipped with plastic oxygen dome. Steve Spearman, 20, of Hot Springs, Ark., breathes with aid of a chest respirator. This year's March of Dimes is being conducted during all of January.

and although effort has been exerted to try to work in boys' groups, conflicts prevent many boys from enrolling in regular vocal classes.

The instrumental program is started in the fifth and sixth grades and continued throughout high school. The school owns a limited number of instruments which are rented to students. These instruments are assigned to beginning students and if the child is capable and has the desire to continue, he is encouraged to buy his own musical instrument as soon as possible. This is extremely necessary if the child is to advance in music.

During the war the music program at Kendrick had to be curtailed. This meant the discontinuance of band for a few years. This was entirely unavoidable, but to rebuild it has been a trying job. In spite of efforts exerted in an endeavor to improve the high school band, we are still short on members. Efforts to provide every opportunity for students to take band by favorable scheduling have failed to bring the number we desire into the group. However, several of our seniors and other high school students have stayed with the band and through their efforts, and the tireless efforts of the instructor, an improvement may be noted in the quality of the music. One bright spot in the band program is found in the Junior high where nearly half the pupils of those classes are enrolled.

It is our hope that these students may continue their present interest and enthusiasm and with encouragement from home, we believe that in another year or two our band will be as strong as before the war. We are working toward this goal because we believe in music. We believe our program is sound and that much can be done to add something

really worth while to the life of each child who participates.

Seventh Grade News
Students who have perfect attendance for the second nine-week period are: Dolores Gaskill, Darrel Brocke, Marjory Ingle, Gene Perryman, Marian Saboski and Albert Westendahl. Dolores Gaskill wrote a playlette for Idaho History, entitled: "A Salmon Bake for Lewis and Clark." One A-plus grade was received as a final nine-week grade. This was earned by Karen Nelson in Spelling. She has a record of not missing one word in spelling or other class work. Some of our subject work at this time is "How We Use and Control Fire," percentage discount, how a bill becomes a law, to be shown by original cartoons, "Founding America" in reading, and "Western Trails" in history.

PERSONAL MENTION

Ben Cook, Jr., who is attending W. S. C., spent the week-end at his home here.

Mrs. Cecil Babcock returned home Sunday, after spending a week in Moscow receiving medical treatment.

John Deobald and Pat Brocke, who are attending the U. of I., spent the week-end at their respective homes here.

Mr. and Mrs. Jack DeLaney and son of Orofino and Dee Miller were Sunday dinner guests in the home of Mr. and Mrs. Manning Onstott.

Pfc. Ray Thornton arrived home last week-end to spend a 30-day furlough at the home of his parents, Mr. and Mrs. Jesse Thornton. He expects to go overseas shortly after reporting back to his post.

Mrs. Bertha Eichner moved to Spokane a couple of weeks ago, where she will spend the winter.

Mr. and Mrs. Jesse Thornton have received word from their son Boyd, who is stationed at Camp Carson, Colo., that he has been promoted to the rank of Sergeant.

Pete Young of Lewiston is spending several days this week at the Oral Craig home.

Mr. and Mrs. Oral Craig have received a call from the overseas operator at Guam, making an appointment for Thursday evening at 11:30 o'clock, when their son Neil, will talk with them. Neil has been on Guam the past 15 months.

Mr. and Mrs. Elmo Eldridge and family and Mr. and Mrs. Wm. Johnson and family were Sunday dinner guests of Mr. and Mrs. Grant Bateman on American ridge.

Mr. and Mrs. Joe Watts and daughters Janey and Linda were Sunday dinner guests in the W. A. Watts home. They also visited with her parents, Mr. and Mrs. E. A. Deobald.

Sunday dinner guests of Mr. and Mrs. Don Jensen were Mr. and Mrs. Sam Jensen, Mr. and Mrs. Kenneth Jensen and daughter and Mr. and Mrs. Lewis Tribble and family, all of Moscow.

Mr. and Mrs. Jud Lee and son Ralph were dinner guests Monday in the home of Mr. and Mrs. Ozzie Kanikkeberg at Culesac.

Mrs. C. J. Perry and little daughter left for their home in Pendleton, Oregon, after a couple of weeks spent here in the home of her daughter, Mrs. Dave Clayton and family.

Mr. and Mrs. A. O. Kanikkeberg were visitors in the home of Mr. and Mrs. Ozzie Kanikkeberg at Culesac, Saturday evening.

Mr. and Mrs. Floyd Peterson and three children of Moscow called in the A. O. Kanikkeberg home Friday while here on business. Mrs. Peterson and Mrs. Ozzie Kanikkeberg are sisters.

Mrs. Oscar Slind was called to Spokane suddenly last Friday, due to illness in her sisters family.

Mr. and Mrs. Loyd Israel and children of Ephrata, Wash., visited here from Wednesday until Saturday in the home of her parents, Mr. and Mrs. Hiram Galloway.

FAIRVIEW NEWS ITEMS

Mr. and Mrs. Ed. Hinrichs and son Herman of Big Bear ridge were Sunday dinner guests in the home of Mr. and Mrs. Harold Parks and family.

Mr. and Mrs. Ed. Gertje of Southwick visited in the Harold Parks home Tuesday of this week.

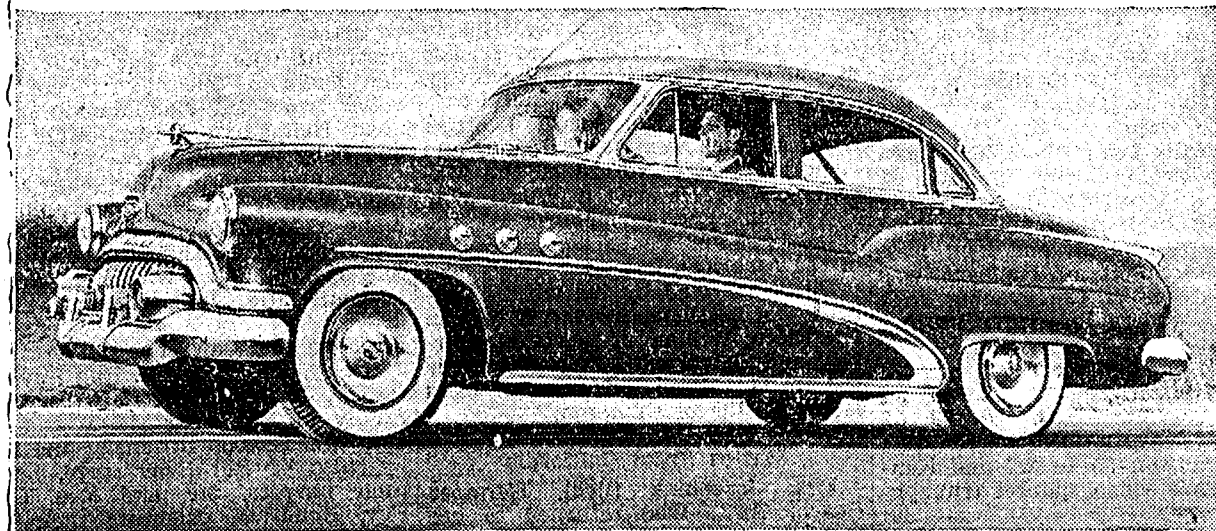

Mrs. Ralph Corkill is ill at her home, suffering from dropsy, but is responding to treatment.

Mr. and Mrs. Wilbur Corkill and family were Sunday dinner guests in the home of Mr. and Mrs. Roy Kuenstler and daughter Candy of Lewiston.

Mr. and Mrs. Pete Stump, Jr., and sons were Sunday dinner guests in the Don Bateman home at Kendrick. Lewiston visitors on Saturday were Mr. and Mrs. Fred Glenn and daughters, Mr. and Mrs. Ercil Woody and Mr. and Mrs. Wilbur Corkill and family.

It's Blewett's, Kendrick, for fresh and cured meats of all kinds. 1-adv

More Power and Economy in 1952 Buick

Buick's popular four-door Riviera sedan in the Super Series, incomparable in the medium-priced field, is presented here in its new 1952 styling. Important new exterior styling changes and exquisite new interior appointments lend a new note of elegance and beauty to the Super. New for 1952 are the sweeppear and rocker panel moldings, rear fender ornaments, and high luster stainless steel wheel covers, offered as an option. A new high rear deck lid raises the silhouette of the rear section and provides seven per cent more room in the luggage compartment. The Riviera sedan is mounted on a 125 1/2 inch wheelbase—four inches longer than other models in the Super Series—which gives additional roominess and comfort. It is powered by the high performance F-263 Fireball engine which develops 128 horsepower with Dynaflo. New and bigger front wheel brakes, for greater safety, are features on all 1952 Buicks.

FLINT, MICH.—Buick today introduced its 1952 line of cars and turned the spotlight on its new Airpower carburetor, described by Buick engineers as the greatest improvement in carburetion in a decade.

The 1952 line, freshly restyled inside and out, includes 16 body styles in four horsepower ratings and four wheelbases. Eight models are offered in the Special Series and four each in the Super and custom-built Roadmaster Series. The new cars will go on display in dealer showrooms Saturday, Jan. 19.

The new four-barrel Airpower carburetor, which is featured on the Roadmaster only, tops the list of engineering improvements for 1952. This carburetor, along with a change in manifolding and an increase in the compression ratio, boosts the horsepower output of the Roadmaster Fireball-eight engine to 170, and improves gas-line mileage and performance throughout the entire speed range. The compression ratio has been increased from 7.2 to 1 to 7.5 to 1.

Power Steering, which takes most of the effort out of driving, is offered as an option on the Roadmaster. New and bigger front wheel brakes are featured on all models.

Improvements in body and engine mountings, and insulation, plus an even more generous use of sound deadener, make all 1952 Buicks quieter, adding to passenger comfort.

"We believe these improvements, coupled with our new styling features, make Buick the outstanding car value for 1952," said Ivan L. Wiles, general manager of Buick and vice president of General Motors.

Style-wise the 1952 Buick is new from every angle. New rear fender ornaments, smartly styled in chrome, and a higher rear deck lid on the Super and Roadmaster Series, raise the silhouette of the rear section. The new trunk lid provides seven per cent more room in the luggage compartment. Rear fender ornaments also are featured on the Special Series.

A restyled bumper-grille combination that retains that low, road-hugging effect characteristic of Buick styling, and handsome new sweeppear moldings, add fresh beauty to the overall appearance of the car. Stainless steel rocker panel moldings previously featured on the Roadmaster only, have been added to all series.

New high luster, stainless steel wheel covers, embossed with the Buick emblem in the center, add a further touch of distinction to the 1952 line.

New and bigger front wheel brakes, designed for greater safety, give more braking capacity at points absorbing the greatest braking load. The width of the front brake linings on the Super and Special Series has been increased one-half an inch, to 2 1/4 inches. On the Roadmaster the width of the lining has been increased to 2 1/2 inches and the thickness has been increased 33 per cent. All brakes have full riveted linings, for longer life.

All cars in the Super and Special Series are powered with the high performance F-263 valve-in-head Fireball-eight engine which develops 128 horsepower with Dynaflo.

Dynaflo, which now has the unqualified approval of more than 1,000,000 Buick owners, continues as standard equipment on the Roadmaster and optional on the Super and Special.

Buick Easy-Eye glass, which reduces road glare, is offered as an option on all models.

Numerous changes also have been made in the interior appointments of the 1952 line, featuring many distinctive two-tone combinations in both leather and cloth. Steering wheels in red, green or blue, to match the interior colors, are featured on five models in the Roadmaster and Super Series.

HERE'S YOUR "Q" FOR '52 BUY IT AT HOME... IN KENDRICK!

YES, KENDRICK IS ESSENTIALLY A FARMING COMMUNITY, BUT THAT DOESN'T MEAN THAT IT'S A 'ONE HORSE' TOWN . . .

For you will find its stores and other business institutions as modern and up-to-the-minute as anyone could wish!

But being a farming community has its advantages also — for it enables the local merchants and business men to anticipate the needs of their customers, and to provide goods and services accordingly.

And To You, Mr. Farmer — That "Anticipated Need" can mean a great deal. It can mean the difference of a day's work lost or gained.

But — don't just consider Kendrick as a place to buy everything from a stag or dress shirt to a harrow tooth, seeds, groceries, "goodies" and personal services, but look on it also as your marketing center — where you sell the fruits of your land and toil.

In Kendrick you can find a buyer for everything your farm produces — from a hen's egg to the finest grass and clover seed.

SO HERE'S YOUR "Q" FOR '52 — TRADE AT KENDRICK!

We are prompted to sponsor the above advertisement through our desire to serve the best interests of our community in every way possible.

Here's A Tip On Gasoline Quality

Some gasolines are refined to stress one or two special features . . . at the expense of others. No gasoline gives you all-around performance unless it has 8 important qualities. . . 8 that make Chevron Supreme:

- Area-blending quality
- Mileage quality
- Power quality
- Anti-knock quality
- Vapor-lock prevention
- Starting quality
- Warm-up quality
- Acceleration quality

And because Chevron Supreme does have these 8 essential qualities, it's better balanced and thus more dependable under any conditions, anywhere in the West.

Give us a call today. We'll see that your bulk tanks are filled promptly. Judge for yourself what a difference Chevron Supreme Gasoline makes in your driving.

YOU GET MORE POWER FROM B.F. Goodrich

POWER-CURVE TRACTOR TIRES

Power-Curve cleats dig into any kind of soil and hold firm. That's why these king-size cleats give you maximum traction—not only in forward gear, but in reverse, too. You get added pulling power—even in muddy going—because Power-Curve cleats are curved to stand rigid.

The famous BFG open-center tread flexes as the tire rolls. Dirt drops out, leaving each arrowhead nose clean to bite the soil better. And Power-Curve cleats dig deeper and wear longer because they're higher in the center than those of the other two leading makes. For more power in your tractor work, get the B.F. Goodrich Power-Curve tire!

NYLON SHOCK SHIELD INCREASES TRUCK TIRE LIFE

The exclusive BFG Nylon Shock Shield* gives you greater mileage, increased bruise resistance, less danger of tread separation, more recappable tires. *In tires with 8 or more plies.

Foresee Billion Barrels Jet Fuel from Oil Shale

Jet engine fuel by the billions of barrels can be produced from the Green river oil shale formation in northwestern Colorado, Dr. J. D. Lankford, acting chief, of the United States bureau of mines oil-shale demonstration plant in Rifle, Colo., reports.

Low cost oil shale mining already has been found feasible, Dr. Lankford says, and he predicts that the present trickle of 100 to 300 barrels of gasoline and Diesel fuel from the formation will become a mighty torrent as techniques improve.

"It is estimated that 88 volume per cent of the crude shale oil could be converted into a hydrogenated product containing a premium Diesel oil and a high-quality jet fuel practically free of sulfur, oxygen and nitrogen compounds," Dr. Lankford stated. "If desired, the hydrogenated material could be converted easily to gasoline by standard petroleum refining processes."

"The United States bureau of mines oil-shale demonstration plant at Rifle, Colo., is engaged in an integrated research and experimental program to point the way toward the development of a tremendous natural resource, oil shale, for possible wartime emergency and for the ultimate peacetime production of liquid fuels by private industry.

"Billions of barrels of liquid fuels are potentially available from the oil shale of the Green river formation of northwestern Colorado. Research and development work will be necessary over an extended period of time to bring this great natural resource to the stage where utilization will be possible."

Pocket Radiation Indicator Developed for Average Man

An accurate pocket-size radiation indicator, so simple that the man on the street can learn to read it after a few minutes instruction, has been developed at the atomic energy project on the Los Angeles campus of the University of California.

The device was developed by Dr. George V. Taplin and Clayton Douglas of the U.C.L.A. medical school's atomic energy medical research staff.

It measures radioactivity by a color change of chemical solutions in small vials. The chemicals are inexpensive, and it is estimated that the instrument could be produced on a large scale very cheaply.

The vials fit into a compact case about the size of a pack of paper matches, which could be worn around the neck like G.I. dog tags. They also could be adapted to a pencil-like container for the pocket.

The new radiation indicator was specifically designed to measure large doses of gamma and X-rays immediately after an atomic blast.

It also lends itself to the development of important peacetime applications, says Dr. Taplin. For example, it could be useful in the calibration of such radiation equipment as fluoroscopes and X-ray machines. It might be used to measure radiation from radio iodine absorbed by the thyroid gland in treatment of hyperthyroidism.

Origin of April's Fool

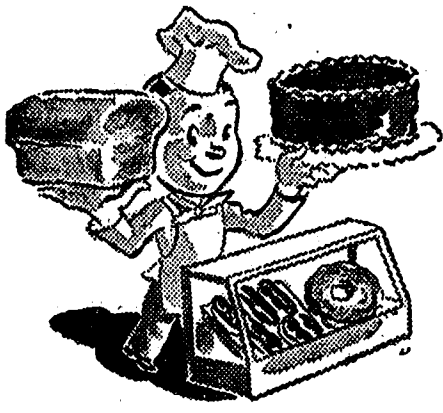

It was the habit of observing July as the beginning of the year that is said to have started the whole idea of All Fools' Day. From its reputed origin in France, it quickly spread to other countries. We have such varied terms as the English "noddies, gawbies and April gobs," the French "April Fish," and the Scottish "April Gowks." While there are other theories about April Fool's day, the calendar story located by research librarians with Childcraft seems that when King Charles XI of France adopted the reform calendar in 1564, many Frenchmen refused to go along with the new January 1 New Year's. When they continued to celebrate on July 1, they were made the butt of countless jokes—receiving mock party invitations, fake gifts, and pretended ceremonious visits of congratulation.

United Nation's Building

Along the banks of East river on the Island of Manhattan between 42nd and 48th streets the Secretariat building of the United Nations is towering to the sky as workmen are rushing it to completion so that it can be occupied before the end of the present year. The structure will be 39 stories high. It is one of four units that will complete the headquarters as a "workshop for world peace." Contracts for the other three units have not yet been let but it is believed they will be completed during 1951.

Suggestion for Farmers

The average farmer spends 50 per cent of his time around the farmstead. This can be materially reduced by piping water to the point of use rather than carrying it. For example, consider what carrying water to a flock of laying hens involves. If the water point is 60 yards from the hen house, as it is on many farms, the farmer will carry approximately 10 tons of water a distance of 25 miles per 100 hens per year in addition to walking another 25 miles to the water point.

JULIAETTA, IDAHO

The trees are raised from seed and grown in the nursery beds from 3 to 4 years. They are about 6 inches high when ready for forest planting and will grow from 1 to 2 feet in height each year in the woods. Trees planted between 1910 and 1920 are now 40 to 50 feet high and about 12 inches in diameter. It is estimated that those trees planted around 1915 will be ready to harvest between 1990 and 2000.

Tree planting in the northern region of the Forest Service, comprising 17 national forests in Montana, northern Idaho and eastern Washington, was started in 1910. Since then there have been 100,000 acres or 80,000,000 trees successfully plant-

ed. Nearly all of these were white pine, ponderosa pine and Douglas fir seedlings raised at the Forest Service Savanac Nursery at Haugan, Montana, from seed collected close to where the trees were to be planted. The rate at which burned over areas can be planted must be geared to annual appropriations by Congress. At the present time approximately 2,000 acres, requiring 1,600,000 trees, are planted annually in the Northern Region. It is estimated there are 500,000 acres of burned-over area in need of planting on the national forests of Region One.

To Rebuild Two Ships
The heavy cruisers USS Canberra

and the USS Boston, have been towed to the east coast to undergo conversion prior to recommissioning and placing in active service.

Each cruiser was towed by a third ocean-going navy tug, with a third tug standing by. Each ship had an officer-in-charge and approximately 44 men aboard.

The USS Boston is the sixth U. S. naval vessel to bear the name. From commissioning date in June, 1943, until the end of her wartime cruises, she steamed a total of 196,206 miles, taking part in many engagements and campaigns in the South Pacific.

The USS Canberra is the only American heavy cruiser named after a foreign capital. It was launched at

the Quincy, Mass., shipyard of the Bethlehem Steel co., on April 19, 1943. Almost a year to the day later she was hit by a torpedo and put out of commission. On October 15, 1945, she again put out to sea to join the fleet.

Receiving Cinders And Salt

The school house hill received a coating of cinders and rock salt at the hands of Wm. Bamberry, village custodian, Wednesday morning, and for the first time in many days residents can ascend and descend in safety.

REFORESTATION PROGRAM AIDED BY REFRIGERATION

Missoula, Mont. Each year millions of young trees are planted on the publicly owned national forests of the United States to provide for a future lumber supply, and for the conservation of soil and water. Possibly many of these small trees have been planted in your locality and are well on their way to maturity.

The majority of these trees are planted in the spring of the year starting around March 15 and ending by June 1. Fall planting is not as successful because during severe winters the frost will sometimes heave the trees out of the ground and they die when the roots are exposed.

Adverse weather conditions often prohibit lifting trees from the nursery beds at the proper time for planting certain areas. However, methods have been worked out to store trees for long periods under refrigeration. They can be lifted from the nursery beds during good weather in late September or early October and placed in a cold storage room until needed months later. Coniferous seedlings have been successfully stored under refrigeration for as long as 18 months. The normal storage period is 4 to 6 months.

In the refrigeration room the trees are often placed in bin-type racks or on open shelves. They can also be arranged in circular or oblong piles on the floor or on tables so the tops are on the outside of the pile and the roots to the center. The opening in the center of the pile is filled with damp moss or other like packing material to keep the roots constantly moist. The trees may also be prepared in bales or crates ready for shipping, then held in refrigeration until needed on the planting site. The temperature must be held constant from 32 to 36 degrees above zero. Good circulation is necessary to avoid handling.

STONY POINT NEWS

Mrs. Robert Willoughby Passes
Tues., Jan. 15 — News of the death of Mrs. Robert Willoughby, 59, a former Lewiston area resident, was received yesterday by relatives. She died Sunday at her home in Santa Rosa, Calif.
She was a sister of Mrs. Mary Musgrave of Lewiston and of Russell Wallace of Anatone.
Mrs. Willoughby, daughter of the late Mr. and Mrs. Isaac H. Wallace, was born Feb. 17, 1893, at Dale, Ind. She came west with her parents when she was 12. Thereafter she lived at Lewiston until five years ago when she and her husband moved to California.
Besides the brother and sister named above, survivors include her husband and another sister, Mrs. Bertha Beasley of Tinglee, Idaho.
Mrs. Willoughby was well known in this community, having lived for years on the Cherry Lane ranch.
Funeral services, which were conducted Saturday at 2:00 p. m. at the Vassar-Rawls Chapel in Lewiston, were well attended by her friends in this community. Rev. Douglas Vance officiated.
Mr. and Mrs. Charles Kerby, who now live on the Cherry Lane ranch, invited Mr. Willoughby and other friends of his to their home Sunday afternoon, where old memories were revived.
Wm. Steigers Passes Away
Wm. Steigers, 82, passed away early Wednesday morning of this week, a victim of cancer. Other particulars are not available at this time.
Other News
Mr. and Mrs. Adolph Dennler and family and Mr. and Mrs. Walter Zum Hofe and family were Sunday dinner guests of Mr. and Mrs. Leslie Heimgartner and family.
Mr. and Mrs. Edgar Heath and family of Clarkston and Miss Inez Heath, a student at the U. of I., were Sunday guests of the New Heath family. Edgar Heath was the guest of honor, the occasion being his birthday anniversary.
Mr. and Mrs. Eldon Heimgartner visited in the Sam Gruell home at Juliaetta Sunday.
Jim and Don Hoisington are staying with the Loren Hoisington family and attending school, road conditions to their home being uncertain.

GOLDEN RULE

Jan. 22 — At a meeting of the Southwick Homemakers Club, held at the home of Hulda Harris Thursday an election of officers was held, with the following installed: Marie Kuykendall, president; Edna King, vice president; Ruth Armitage, treasurer (re-elected); Alma Betts, secretary. A motion was made and carried to pay birthday dues at the first of the year, with a membership fee of \$1.00. All wishing to be members make it known by our next meeting, to be at the home of Mrs. Ruth Armitage on Thursday, January 24. It will be an all-day meeting with our new Home Demonstration Agent, Mrs. Helen Bowling, planning to be present. Visitors are welcome at all meetings.
Plans are under way to raise funds for the Polio Drive. Please have your gift ready and watch for further details.
Mr. and Mrs. Oscar Lawrence were Orofino visitors Tuesday, and Lewiston visitors Wednesday.
Mrs. D. V. Kuykendall and Mrs. Glen Betts visited the "upper" room at school Thursday and enjoyed lunch with the children — before attending Club at the Harris home.
Mr. and Mrs. Archie Betts and Gloria of Lewiston visited at the Glen Betts home Thursday.
Mr. and Mrs. Ralph Stage and Frankie spent Wednesday and Thursday with his sister, Mrs. Bud Adamson and family. His mother, Mrs. Daisy Stage and two granddaughters came home with them for a couple of days' visit.
Mr. and Mrs. Roy Martin went to Spokane Sunday, called by the sudden death of their nephew, Martin Williams.
Mr. and Mrs. Russell Perkins and Mr. and Mrs. D. V. Kuykendall were among those who attended the March of Dimes program at Teakean Friday evening.
Mr. and Mrs. Ishmael Martin, Mary Jane Martin, Bill Elben, Mrs. Bruce Tarbert and children and Mr. and Mrs. Chester Martin and son of Lewiston, and Pfc. Stanley Martin of Spokane were among the Saturday and Sunday visitors at the Martin home.
Mr. and Mrs. Don Christensen and children of Camp Y, near Dent, spent Saturday night and Sunday at the Glen Betts home.
Mrs. Glen Betts and son Eugene called at the Frank LeBaron home at Cavendish Sunday afternoon.
George Green and children of Orofino visited with George Finke, Sunday.

NOTICE OF TIME AND PLACE OF HEARING ON PETITION FOR ADMISSION OF WILL TO PROBATE.

In The Probate Court of Latah County, State Of Idaho

In The Matter Of The Estate Of Frank A. Wilken, Deceased

NOTICE IS HEREBY GIVEN that there has been filed in the above entitled Court an instrument which is alleged to be the Last Will and Testament of Frank A. Wilken, deceased, and that Roy Glenn has petitioned the above entitled Court for an order admitting said instrument to probate as the Last Will and Testament of the said decedent and further praying that letters testamentary be issued to Roy Glenn, who is named in said Will as executor and that the Court has fixed Friday, the 1st day of February, 1952, at 10 o'clock A. M. or said day, in the Courtroom of the above entitled Court in the Court House at Moscow, Latah County, State of Idaho, as the time and place for the hearing to be had upon said petition, and at which time and place any person interested in said estate may appear and show cause why said instrument should not be admitted to probate as the Last Will and Testament of the said decedent, or why letters testamentary should not be issued to the said Roy Glenn, as prayed for in said petition.

WITNESS MY HAND and the seal of said Court on this 14th day of January, 1952.

L. G. PETERSON
Probate Judge and Ex-Officio Clerk, Latah County, Idaho.

CAVENDISH NEWETTES

Jan. 21 — Mr. and Mrs. Jess Daniels had as guests Sunday Mr. and Mrs. Fred Daniels and son of Absakha and Fred Daniels of Orofino.
Mr. and Mrs. Ocie Vannoy were Lewiston callers Monday.
The Polio Benefit held at the Teakean Grange hall Friday evening was very well attended. Contributions were about \$90.00.
Mrs. Dorothy King and Gladys Blackburn have been on the sick list this past week. Gladys Blackburn spent the past week-end at the Paul Lind home in Kendrick.
James Reece has gone to work again for Lewis Porter, of Orofino.
Mr. and Mrs. Aaron Wells of Southwick were callers at the George Wells home Sunday.
Allie Vannoy and Fred Cole were Lewiston business visitors on Monday.
The Cavendish Ladies Club met last with Mrs. Jess Daniels. The day was spent cutting out quilt blocks. The Club will meet this Thursday at the church for an all-day meeting. Each one is asked to bring a pot-luck dish. The men will meet to do some remodeling in the church kitchen.

The Public Speaks On Socialism

In the last ten years, sentiment in this country against socialization of industry has increased. That is the conclusion reached in a recent Gallup poll of public opinion.

Those queried by the poll were asked if they favored government ownership of a number of specific basic industries. Similar polls were conducted in 1936 and 1945. The answers on the subject of the electric power industry are of particular interest — inasmuch as this industry has borne the main brunt of socialistic attack.

In 1936 the Gallup poll found that 40 percent of the people desired the socialization of the electric companies, 52 percent opposed it and 8 percent were undecided. In 1945, 29 percent were in favor; 50 percent op-

posed and 21 percent undecided. Today, 28 percent are for it, 64 percent are against and 8 percent haven't made up their minds.

And still Mr. Truman, plus many others, keeps pushing for this and that government monopoly. It might be well to heed the Gallup poll on this matter, as radio programs heed the "Hooper Rating."

Smoother Ride, Vivid Colors Feature Four-Door

Chevrolet records indicate the four-door Styleline De Luxe sedan was the most popular body model in the country in 1951. Above, it is shown in its 1952 smoother, more striking in appearance and improved in performance over earlier models. Headlining some notable contributions to motoring pleasure are smoother riding qualities and responsive performance under all sorts of weather conditions.

Potlatch Chief Sez

Published by the Kendrick Creamery

HELLO, THERE, FOLKS —

Did you ever stop to figure out just how much your cows could bring you in the course of a year — or for that matter, just over the winter months when all other income has ceased?

If you haven't, then do so now. We'll wager you'll be surprised how it adds up. In many cases it is sufficient to pay the grocery bill. And of course, when you sell to us there is no waiting for the check to come by mail, or the can to come back. We return a steam-sterilized, ready-to-use can. If you are not now selling to us, bring in your next can. You'll like our service.

Mother: "John, do you know where naughty boys go when they smoke?"

John: "No, mother, but I should think the ice house might be a safe place."

In your winter diet be sure you include lots of pure, fresh milk. At least a quart a day for children and a pint for adults. And of course you are assured purity and quality when you use "Potlatch Chief." It's pasteurized for your protection. Keep several bottles in the refrigerator all the time.

Mother: "Junior, run outside and play. I can't stand this noise any longer."

Junior: "I will not. I don't want to go outdoors."

Mother: "Well, then, stay in. I insist on obedience at least."

Melting butter on hot cakes or hot biscuits? Looks good, tastes good these cold winter mornings. And when that butter is "Potlatch Chief" you know it's tops in quality and purity. It's made from pasteurized cream. One trial will convince you it's the brand for you.

WHAT CAMERON FOLKS ARE DOING THESE DAYS

A pot-luck dinner was served at the Ladies Aid hall Sunday evening to a large crowd, followed by the showing of local moving pictures and colored slides. The proceeds of the evening, \$67.83, was sent to the March of Dimes Fund.

Mr. and Mrs. Herman Meyer and son Teddy, Teddy Meske and Mrs. Ernest Schmidt, the latter of Lewiston, left Monday morning on a trip to Oregon, California, Texas and Mexico.

Mrs. Aug. F. Wegner was released from the hospital at Lewiston Friday, and is convalescing at the home of her son and daughter-in-law, Mr. and Mrs. Glen Wegner.

Mr. and Mrs. Marvin Silflow and Mr. and Mrs. Herman Meyer were guests of Mr. and Mrs. Sam Widmer in Kellogg Thursday and Friday. They attended the wedding of Gertrude Widmer and Paul Kenyon on Thursday.

Roy Silflow, Mr. and Mrs. Walter Koepf and Mr. and Mrs. James Whitinger attended the Idaho-O. S. C. basketball game at Moscow Friday evening.

Mr. and Mrs. Otto Silflow were Lewiston business visitors Tuesday. Mrs. Herman Meyer, Mrs. Homer Parks and Mrs. Henry Brammer were hostesses at an all-day meeting of the Ladies Aid at the hall, Wednesday.

Mr. and Mrs. Carl Koepf of Juliaetta spent Tuesday and Wednesday with Mr. and Mrs. Walter Koepf. Mr. and Mrs. Henry Wendt were Tuesday evening dinner guests in the home of Mr. and Mrs. Koepf.

Mr. and Mrs. Harry Newman and daughter Lynda, Roy Silflow and

Wally Newman were Tuesday evening visitors in the home of Mr. and Mrs. James Whitinger.

Mr. and Mrs. Glen Wegner and family spent Wednesday evening with Mr. and Mrs. Ed. Mielke.

Mr. and Mrs. Harl Whitinger visited with Mr. and Mrs. Ray Whitinger and sons at Lewiston Orchards, Sunday.

Mr. and Mrs. Leo Lohman were Lewiston visitors Friday.

Mr. and Mrs. Gus Kruger were Friday night guests of Mr. and Mrs. August O. Wegner in Pullman, and Saturday and Sunday guests of their son-in-law and daughter, Mr. and Mrs. Kenneth Sinclair, at Moses Lake, Wash.

Mr. and Mrs. Kenneth Wilken and Mr. and Mrs. Ernest Brammer were Sunday dinner guests of Mr. and Mrs. Walter Koepf.

Mr. and Mrs. Dan Sullivan and family of Lenore; August F. Wegner and sons Wayne and Vern spent Sunday with Mr. and Mrs. Glen Wegner and Mrs. Aug. F. Wegner.

Mrs. Harl Whitinger honored her husband on his birthday anniversary with a pinocchio party Saturday evening. Guests were Mr. and Mrs. Weyne Weyen, Mr. and Mrs. Marvin Vincent, Mr. and Mrs. Robert Draper, Mr. and Mrs. Frankie Bencotter, Mr. and Mrs. Given Mustoe, Mr. and Mrs. Ed. Kent and Mr. and Mrs. James Whitinger. High prizes were won by Mrs. Weyne Weyen and Given Mustoe, and lows by Mrs. Vincent and James Whitinger. Mrs. Whitinger served delicious refreshments at the close of the evening.

Mr. and Mrs. Ervin Draper and family were Friday evening guests of Mr. and Mrs. Ted Weyen.

LELAND NEWS

W. S. C. S. Meeting
The ladies of the Leland W. S. C. S. will meet on Thursday with Mrs. Lloyd Craig, for an all-day quilting bee and pot-luck dinner.

Birthday Dinner January 27
Following church services on Sunday, January 27, there will be a pot luck dinner honoring all who have birthday anniversaries in December and January. Everyone is cordially invited.

Homemakers Club Feb. 13
The ladies of the Homemakers Club will meet with Mrs. Walter Silflow on Wednesday, Feb. 13, at 1:00 o'clock. Mrs. Bowling, home demonstration agent, will have for her topic: "Diets for Persons Past 30."

Service Men Home
Pfc. Ray Thornton arrived home Friday of last week from Camp Cooke, Calif., to spend a 30-day furlough with his parents, Mr. and Mrs. Jesse Thornton, and other relatives and friends. Ray expects to be sent overseas shortly after he reports back for duty.

S/c Clinton Smith arrived Sunday to spend a leave with his parents, Mr. and Mrs. Harry Smith, and other relatives. Clinton is a member of the crew of the U. S. S. Whetstone. It is his first trip home for many months, he having been in Korean waters.

Other News
Mr. and Mrs. Robert Draper were Saturday evening guests of Mr. and Mrs. Harl Whitinger at Southwick. The occasion was to help Mr. Whitinger celebrate his birthday anniversary.
