

KENDRICK GAZETTE

VOLUME 62

KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, SEPTEMBER 4, 1952

NO. 36

WHAT JULIAETTA FRIENDS ARE DOING THESE DAYS

E. G. Scherer was called to Chehalis, Wash., Saturday, having received word of the death of a brother, Roy Scherer.

Mr. and Mrs. Lloyd Knight spent the Labor Day holidays in the home of Mr. and Mrs. Claude Clark at Metairie Falls.

Mr. and Mrs. Ben Weatherby and son Jimmy spent last week at McCall, Idaho.

Mr. and Mrs. James Freeman and family of Moscow were Monday guests of Mr. and Mrs. Ben Weatherby and family.

Mr. and Mrs. Bruce Sherman and son visited with Mr. and Mrs. E. A. Kirkpatrick at Hayden Lake, Sunday.

Mr. and Mrs. Adolph Denmler and family spent Saturday evening at the home of Mr. and Mrs. James McZay at Lewiston.

Carol and Ernest Fleiger have been doing the chores for Mr. and Mrs. Dave Denmler, while they are on a vacation.

The Juliaetta Lutheran Missionary Ladies will hold their meeting Sept. 10, at 2:00 p. m., at the home of Mrs. George Denmler.

Mr. and Mrs. Adrian Johns and son Donald spent several days of last week in Seattle.

Mr. and Mrs. Adolph Denmler and children picnicked and fished near Harpster, Sunday.

George Denmler of Lewiston was a visitor in the home of Mr. and Mrs. Adolph Denmler, Thursday.

Over-night guests of Mr. and Mrs. Harvie Shepherd, Sunday, were Mr. and Mrs. Geo. Falk and children of Priest River, Idaho.

Douglas Shepherd spent last week with Dee Shepherd, American ridge.

Mr. and Mrs. E. O. McAllister and Mr. and Mrs. Asa Calvert visited with Mr. and Mrs. George Calvert at Lenore, Sunday.

Mr. and Mrs. Fred Chittick and sons of Tacoma, Wash., spent several days of last week in the home of Mr. and Mrs. Frank Wagner. Mr. and Mrs. Jim Chittick of Kooskia were also week-end guests.

Mrs. Winnie Mann and children returned last week from a trip to the coast.

Mrs. Jay Crickler and two daughters of Post Falls, were Wednesday dinner guests in the home of Mr. and Mrs. Eugene Taylor.

Mrs. E. O. McAllister has received word from her son, S/Sgt. Leon Goans that he is in Pusan, Korea. He is in charge of the Air Freight section entering that area.

Mr. and Mrs. L. Iverson and son Ivan of Duluth, Minn.; Mrs. Alma Elliott and son Roger of St. Paul, Minn., and Mr. and Mrs. Henry Ferrite of Deary were Thursday supper guests of Mr. and Mrs. Harvie Shepherd.

Mrs. Rosalie McCloud and Mrs. Jess Mundell were co-hostesses at a shower honoring Mrs. Faye Stephens last Thursday. About 15 were present and the guest of honor received many lovely and useful gifts.

Mr. and Mrs. Walter Hartung and daughters of Johnson, Wash., were Sunday visitors in the home of Mr. and Mrs. Cecil Gruell.

Sunday callers in the home of Mr. and Mrs. Carl Koopp were Mr. and Mrs. Henry Wendt of Southwick; Mr. and Mrs. Henry Brammer, and Mr. and Mrs. Werner Brammer and daughter Rhonda.

Mr. and Mrs. Walter Denmler and family, Mr. and Mrs. Tom Denmler and family, and Miss Helen and Ted Mielke of Cameron, fished last Wednesday near Orofino. Their luck was reported good.

George Denmler killed a rattlesnake near the home of Tom Denmler last Friday. The snake was not a large one, but carried eight rattles at that.

Sunday Mr. and Mrs. Raleigh Albright attended the wedding of Arlene Brackett, at the Lutheran church in Lewiston. Mrs. Albright assisted in cutting and serving the cake.

Mrs. Raleigh Albright was a delegate to the Idaho State Republican Presidential Platform convention in Boise last week. She was also a delegate to the Republican Women's Federated Clubs state convention, also held at Boise.

Jeanette Bailey, who is a student at St. Anthony's School of Nursing at Pendleton, Oregon, spent the Labor Day holidays in the home of her parents, Mr. and Mrs. A. W. Bailey.

Mr. and Mrs. Hap Meyers of Seattle were visiting here in the home of their daughters, Mr. and Mrs. Rex Knight and son Walter and Mr. and Mrs. Ted Peters.

Rev. and Mrs. John Brasch and family of Parkland, Ore., were visitors in this vicinity over the Labor Day holidays. Rev. Brasch will be remembered as serving the Nazarene church here a few years ago.

Mr. and Mrs. Joe Browning and family moved here from Spokane on Saturday. They are living in the home of his mother at the present time.

Mr. and Mrs. Marion Rowden and family moved here from Gold Hill, Sunday. We welcome both new families to Juliaetta.

School begins on September 8th — next week. Being busy with home and school work I will greatly appreciate it if you will jot down your news items and hand or phone them to me. It will only take you a moment and will keep our town in the news. — Jane Racicot.

Mr. and Mrs. Jim Doyle and Mr. and Mrs. Frank Doyle and son Terry of Richland, Wash., and Mr. and Mrs. Vance Carlton of Seattle were visitors in the Wm. Schetzle home over Labor Day.

Commercial Club Meeting

The summer vacation being over, regular monthly meetings of the Kendrick Commercial Club are due to be resumed, the next session being scheduled for Wednesday evening, Sept. 10, with the 8:30 dinner to be served at Burt's Confectionery, and the business session at 7:30 in the Firemen's Hall.

There are a number of important matters to come before the organization, (including Sales Day) and it is hoped that every member will be present, and will bring a friend.

Remember the date, hour and place and be there.

MISS JEAN LOHMAN IS BRIDE OF FRED CLEMENHAGEN

Friday evening, August 29, at 7:30 o'clock Miss Jean Lohman, daughter of Mr. and Mrs. Leo Lohman, Southwick, and Fred Clemenhagen, son of Mrs. Adrienne Clemenhagen, Kendrick, were united in marriage, at Cameron, in the Lutheran parsonage.

In a simple but lovely setting the Rev. Theo Meske officiated, with the impressive double ring ceremony.

The bride wore a white rayon taffeta dress with full flared skirt, which was of street length. Her corsage was of red rose buds.

The groom was attired in the conventional dark business suit.

Mr. and Mrs. Glen Wegner, Cameron, were the young couple's only attendants.

The newlyweds left immediately following the ceremony for Lake Louise, where they enjoyed a short honeymoon. They returned home on Monday evening and will be at home to their friends in Kendrick.

Both young people are well known here, having grown up in this area, their families being pioneer residents. Mr. Clemenhagen is a World War II veteran, and a member of the old "Idaho Division."

The bride is a graduate of the Kendrick High school, and is employed at Burt's Confectionery.

Mr. Clemenhagen is employed in logging operations, and assists his brother, Bob Clemenhagen, in the operation of Bob's garage.

Returns From Summer In East

Miss Susie Candler arrived home Saturday, August 23, after spending six weeks with friends in Illinois, and three weeks with her brother, M/Sgt. Archie Candler and family at MacDill Field, Tampa, Florida. While in Florida she enjoyed several swims in the Gulf of Mexico and had a dip in the Atlantic ocean at Datona Beach, Florida, probably the world's most famous beach, where Sir Malcolm Campbell set several speed records on its hard-packed sands.

Susie left Florida the 14th of August with her brother and family and they arrived in Kendrick August 23, stopping at or passing by many interesting places on the way, such as: The Weekiwahee Springs, Fla., the world's only underwater theater, where beautiful mermaids put on underwater shows daily; the Citrus groves of Florida; the Suwannee river, Florida; the capital building at Tallahassee, Fla.; the Bankhead Tunnel, which goes below Mobile Bay at Mobile, Ala.; the state capital building at Baton Rouge, La., and crossed the Mississippi river at Baton Rouge, La.; the cotton fields, oil and natural gas wells in La., and northeast Texas; the Texas plains and the best highways and roadside parks on the trip; Raton City and Raton Pass, N. M., elevation 7834 feet.

Further north they saw the Royal Gorge in Colorado, and took a ride on the world's steepest railroad there (100 percent grade) and crossed the world's highest bridge, 1053 feet above the water; the Continental Divide at Monarch Pass, Colo., elevation 11,312 feet; saw a geyser shooting water 125 feet into the air in Utah; the Mormon temple and cathedral at Salt Lake City; the Utah state capital building at Salt Lake; the Great Salt Lake; the state capital at Boise; the 1,000 Springs in Idaho; the state park at Payette National Forest, Idaho; the Whitebird grade between Whitebird and Grangeville — and after a 3,300 mile trip the worst roads were in good old Idaho.

M/Sgt. Candler and family left on Sept. 2nd for a day's visit in Kellogg before returning to Florida, via Yellowstone National Park. Mrs. P. G. Candler and Susie went with them as far as Kellogg, where they will visit until this coming Saturday.

The Candler report seeing quite a few people camping along the roadsides all the way — which is something they did not see on their last visit four years ago.

Phyllis Groseclose Bride

Phyllis Groseclose, daughter of Mr. and Mrs. George Groseclose, Juliaetta, and Eugene Feucht, son of Leo J. Feucht, Lewiston, were married August 22nd at St. Stanislaus Church, Lewiston. The Rev. Fr. Francis Biales officiated.

The bride wore an aqua suit with white hat and a corsage of yellow carnations.

The bridesmaid, Evelyn Cox, wore a powder blue suit with a blue hat and a corsage of pink carnations. The best man was Dale Miller.

A reception was held at the home of the bridegroom's parents for immediate relatives and close friends.

The bride is a graduate of the Lapwai High school and is employed at the Idaho First National Bank.

The bridegroom is a graduate of the Benson Technical School, Portland. He served two years in the navy, and is employed at Potlatch Forests. — Lewiston Tribune.

PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Herbert Brunstiek, Kingston, Ida., was in town last Saturday visiting with old friends and transacting business. He went on up to Cameron and Leland to spend the Labor Day weekend with relatives and friends.

Mr. and Mrs. Lawrence Wilson of Farmington, Wash., were in town last Saturday visiting with old friends.

Mr. and Mrs. Clarence Hund and children of Seattle, arrived here last Friday for a short visit with friends. They plan to spend a two-week vacation with their parents, Mr. and Mrs. Fred Zimmerman at Juliaetta, with Mr. and Mrs. Elwood Pearson at Lewiston, and with relatives at Leland and Cavendish. Clarence also hopes to get in some good fishing.

Mr. and Mrs. Al Pederson have received word from their son Pfc. Herbert I. Pederson, USMC, that he is now located at Camp Lejeune, N. C. He is with the 2nd Marine Division.

Lt. (USN) and Mrs. John Wallace, who were here last week visiting at the home of his parents, Mr. and Mrs. L. A. Wallace, left Saturday for Whitefish, Mont., to spend some time with her parents before returning to their home at Lincoln, Neb., where he is stationed at the Naval Air base. John says he noticed a vast improvement in the general appearance of Kendrick and its places of business, and that he thoroughly enjoyed their five-day stay here.

Jud Lee left Monday evening for Seattle, where he is now employed. Mrs. Lee accompanied him and will spend a week there before returning to Kendrick.

Howard Wolff, son of Mr. and Mrs. Leonard Wolff, Leland, is expected home this week-end from a two-week trip to Debuque, Iowa. Howard was elected president of the Northwest District Luther League at a recent convention, and as president was sent to Debuque for a week's training at the Lutheran headquarters there. Enroute he visited in Denver at the home of Mr. and Mrs. Walter Hamilton, an uncle and aunt of his mother. He also visited at the Herbert Wolff home in southern Idaho.

Emulus Brown and son Jerry spent the Labor Day week-end on a fishing trip in the North Fork, Kelly Fork and Moose Creek section. They report their luck as "only fair."

Elmo Eldridge and Clarence Perryman spent the Labor Day week-end on a trip into the Lolo Pass section. They report the dust so deep on the mountain roads that the trip wasn't much fun.

Mr. and Mrs. Teddy Deobald and daughters returned to their home at Richland, Wash., Monday, after spending a few days of their vacation here in the homes of their parents, Mr. and Mrs. E. A. Deobald and Mr. and Mrs. E. M. White.

Mr. and Mrs. Thomas Brown and daughter of Spokane spent the week-end here in the home of her parents, Mr. and Mrs. Harry Baker.

Mr. and Mrs. James Candler and son of Wallace visited with relatives here over the week-end. They returned to their home Monday. Susie Candler accompanied them for a few days' visit.

Mr. and Mrs. Jess Oylear of Moscow visited at the Charles Deobald home Sunday.

Mrs. C. S. Westendahl, who had spent the last few weeks in Moscow, returned to her home here, Friday.

M/Sgt. and Mrs. Archie Candler and son of Tampa, Fla., left Tuesday morning for their home, via Yellowstone Park and the Black Hills, after visiting the past week here with relatives. Mrs. Giff Candler accompanied them as far as Kellogg, where she will visit a few days with Mr. and Mrs. Frank Candler and family, and in Wallace with Mr. and Mrs. James Candler and family.

Mr. and Mrs. Ben P. Cook were in Lewiston Sunday evening. They called on Wm. Bartlett, at the St. Joseph's hospital, and found him very weak.

Mr. and Mrs. Duncan M. McGeachy of Detroit, Mich., arrived here Saturday evening to spend a week visiting in the home of their son, Mr. and Mrs. Ervin McGeachy and family. This is the first time they had ever visited the west.

Mr. and Mrs. L. S. Thurber had as their guests over the Labor Day week-end her daughter, Mrs. Ida Cross and her son, Dick, and his wife and baby from California; two other daughters, Miss Seeran Cross and Mrs. Jerry Stephen, all from Spokane. Harold Olderness, an old friend of the family from Portland, joined the group for the week-end. Dick Cross, who is Mrs. Thurber's grandson, was proud to be able to bring his little son Ricky, to see his great-grandmother, Mrs. L. S. Thurber.

Darrell Craig, Clarkston, is at the home of his uncle, Oral Craig, where he will remain and attend school here this year. He is a student in the sixth grade.

Mr. and Mrs. Ralph Reed and son Eddie, Mr. and Mrs. Lloyd Craig and daughters, and Mr. and Mrs. Oral Craig, Ronnie and Darrell fished in the Pierce area over the week-end.

Mr. and Mrs. Wade T. Keene of Lewiston and Mr. and Mrs. George Jones and children of Kennewick, Wn., were Sunday guests in the Tom Keene home.

Mr. and Mrs. Dave Clayton and son drove to Fossil, Oregon, to visit her parents, Mr. and Mrs. Commie Perry and family, over the Labor Day week-end.

At the conclusion of their visit here they plan to go on to California, looking for a location enroute.

Hold Family Reunion

Members of the Candler family gathered in the Kendrick park Sunday for a family reunion and to honor M/Sgt. and Mrs. Archie Candler and son Charles of Tampa, Fla.

Those who pooled their dinners and spent the day visiting and swimming were Mr. and Mrs. Lloyd Candler and son Dale and Mr. and Mrs. Neil Candler and daughters, all of Juliaetta; Mr. and Mrs. Don Candler and family of Bovill; Mr. and Mrs. Wayne Thornton and family of Leland; Mr. and Mrs. Charlie Candler, Mr. and Mrs. Giff Candler and daughter Susie, Mr. and Mrs. Ben Westendahl and family, Mr. and Mrs. Albert Westendahl and family, Mr. and Mrs. Bud Candler and family of Troy, Ore.; M/Sgt. and Mrs. Archie Candler and son; Mr. and Mrs. James Candler and son of Wallace, Idaho, and Sid Waite of Seattle, Wash.

Married At Reno

Elmer Wilson, son of Mr. and Mrs. Stewart Wilson, Southwick, brought his bride here last Thursday for a visit with relatives, and to attend the Lewiston Roundup this week-end.

Their marriage took place in Reno, Nevada, July 5th, when he was united in marriage to Dorothy Cowan of Malvern, Arkansas.

At the conclusion of their visit here they plan to go on to California, looking for a location enroute.

Temporary Bridge Completed

The new temporary bridge across Bear creek, at the east edge of town, was completed last week-end, and opened to traffic. It replaces the fallen Bear creek bridge.

The new structure, entirely of wood, has "planked" wheel tracks, as with such construction is necessarily of the "one way" type. It should be noted by all who travel it that it bears the old familiar "6 Ton Gross" load limit sign, and this sign should be respected, to do otherwise might be dangerous.

SHORT NEWS ITEMS FROM OUR LOCAL SCHOOLHOUSE

All Is In Readiness

Teachers, bus drivers, custodians and hot lunch personnel have all been employed, and buildings and busses are in readiness for the beginning of school next Monday, September 8th. A minimum of summer decorating and repair, with the routine cleaning, floor waxing and varnishing has been completed.

Custodians for the year are the same as last — with Curt G. Arnett serving at Kendrick; Lloyd Eckman at Juliaetta, and Mrs. Elton McCoy at Southwick.

Busses needing summer overhaul and repair have been cared for, and all the busses have been assembled and inspected in a group by a state patrolman. A bus drivers' meeting was held Saturday evening, where drivers received the keys, and all rolling stock will be in operation on Monday.

Bus drivers are the same this year with the exception of three, as follows:

Verlin Benjamin will drive the Southwick-Kendrick bus, formerly driven by George Miller.

C. A. McAllister will drive the Gold Hill-Kendrick bus, replacing Clarence Weaver, who is now employed at the Kendrick Garage.

Jess Mizer will drive the American Ridge-Kendrick bus, replacing Helen Mattoon, who is employed at Lewiston.

Other drivers are: Ben P. Cook, Melvin Brower, Ervin Fry, Henry Davis, Irven McGeachy, Dick Benjamin and Edwin Mielke.

Hot Lunch Program Ready
All Hot Lunch personnel will be the same this year as last — with Mrs. George Miller at Southwick; Mrs. Gladys Carlton at Juliaetta, and Mrs. Ruth White at Kendrick.

Rates for lunches have been increased to 25c for students, and 30c for adults — in an attempt to meet the rising costs of food.

High School Registration

High school registration will take place Thursday and Friday of this week, with the Seniors reporting at 9:00 a. m., Thursday, Sept. 4 (today).

Juniors at 1:00 p. m. Thursday, Sept. 4.

Sophomores Friday at 9:00 a. m. Freshmen, Friday at 1:00 p. m.

Grade and Junior High registration will be accomplished on Monday, Sept. 8.

Parents and guardians of new students, and first grade pupils are welcome to come to school the first day if their children need them. After meeting the teachers and helping to get the children adjusted (briefly) it would be better for the parents to leave the children with the teachers for further briefing and instruction the first day.

First Grade Pupils

First Grade pupils must be six years old or more before October 15, 1952, to be eligible for attendance this year.

After the first two weeks of school parents are urged to visit the rooms from time to time to confer with the teachers and see how the children are progressing.

Patti Murphy Flies To East

Patti Murphy, 17, Nez Perce Indian daughter of Mr. and Mrs. Frank Murphy of Lapwai, left by West Coast Airlines Monday for two months' employment in New York City.

Miss Murphy will arrive at New York Thursday to work as a public relations department employee of Madison Square Garden. She will travel throughout New York state to publicize the Madison Square Garden Rodeo, a three-week show starting September 24. She said television and army hospital appearances have been scheduled along with trips to high schools and colleges.

Miss Murphy is billed as a returning queen of the show, as she represented 11 western states in last year's show. Most of her appearances will be in the dress of the Nez Perce tribe.

She plans to return to her home on Nov. 1, to resume her schooling at Lapwai High school. She is a senior. — Lewiston Tribune.

Wallace Family Reunion

The home of Mr. and Mrs. L. A. Wallace was the scene of a happy family reunion this past week-end, when all their children and grandchildren were present for the first time in 20 years. Those present besides the host and hostess and Randy were: Mrs. Lloyd Hill and sons Gary, Roger and Steven of Terrebonne, Oregon; Mr. and Mrs. Glen Wallace, Dianne and Kathy of Mojave, Calif.; Lt. and Mrs. John Wallace of Lincoln, Neb.; Mr. and Mrs. John Thieson and sons Denny and Nicky of Clarkston.

Their son-in-law, Lloyd Hill, was unable to attend.

Lt. and Mrs. John Wallace left Sunday for a visit with her parents at Whitefish, Mont. The rest of the group left for their respective homes on Tuesday.

Marion Rathbun and family arrived home Sunday from Dillingham, Alaska, where the family had spent the summer fishing.

Married At Reno

Elmer Wilson, son of Mr. and Mrs. Stewart Wilson, Southwick, brought his bride here last Thursday for a visit with relatives, and to attend the Lewiston Roundup this week-end.

Their marriage took place in Reno, Nevada, July 5th, when he was united in marriage to Dorothy Cowan of Malvern, Arkansas.

Temporary Bridge Completed

The new temporary bridge across Bear creek, at the east edge of town, was completed last week-end, and opened to traffic. It replaces the fallen Bear creek bridge.

The new structure, entirely of wood, has "planked" wheel tracks, as with such construction is necessarily of the "one way" type. It should be noted by all who travel it that it bears the old familiar "6 Ton Gross" load limit sign, and this sign should be respected, to do otherwise might be dangerous.

Purchases Dray Line

A deal was consummated last Saturday whereby Arthur Foster, Southwick, became the owner of the Kendrick Dray line, purchasing it from Ward Helton, who has owned and operated the line for the past several years.

Mr. Foster, who is known to everyone here, took charge Monday morning. He plans on moving his family to Kendrick as soon as a suitable place to live can be located.

Ward will be employed by the Abrams Hardware at Kendrick. Everyone will welcome Mr. Foster and family.

INTERESTING NEWS BITS FROM THE SOUTHWICK AREA

(Delayed)

Wednesday of last week the Southwick 4-H Club girls and their leaders went to Lewiston to a Pre-Fair school, at which they received training in styling, demonstration and judging for the coming Fair.

The Rev. and Mrs. Wheeler and daughter and Albert Lawrence were dinner guests at the Henry Davis home Sunday. Rev. Wheeler is the new minister at the Southwick Community church.

Sunday afternoon Mr. and Mrs. Frank Dygert of Clarkston and Mr. and Mrs. Earl Akins were callers at the home of Mr. and Mrs. Henry Davis.

(This Week)

Mrs. L. G. Marvin and Mrs. R. L. Perkins went to Lewiston Wednesday for a visit with friends.

Hazel Lynne Perkins returned home Wednesday from a visit with relatives at Lewiston and Clarkston.

The Southwick 4-H Club, Ruth Armitage, leader, and Eula Davis, assistant, will meet Thursday, Sept. 4 at the George Miller home. Each girl is to give a demonstration before the group.

Miss Annabel Cuddy of Lewiston spent Wednesday night at the C. A. Cuddy home.

Mrs. Mary Nead and daughter of Portland, Oregon, are visiting her parents, Mr. and Mrs. Elmer Pressnell.

The Southwick Homemakers Club met Thursday at the home of Margaret Miller for an all-day session. Twelve members were present and the day was spent in planning and demonstrating the preparation of the Booth at the Fair. The ladies believe they are quite well prepared for their exhibits at the Fair. The next meeting will be at the home of Viola Martin, September 11.

Mr. and Mrs. Ira Scott and son have returned from a visit at Yakima, Wash.

Mary Nead and daughter Luida were callers at the Roy Martin home Wednesday night.

Mrs. William Babb and family are visiting with old friends in this area.

Glen Betts, who has been ill the past several days, is recuperating at his home east of Southwick. Friends wish Mr. Betts a speedy recovery.

Mr. and Mrs. Richard Starling of Great Falls, Mont., are spending several days vacationing at the Russell Perkins home. Mrs. Starling is a sister of Mrs. Perkins.

Miss Barbara Jane Bemiss of Moscow, Idaho, spent the week-end with her aunt, Mrs. Russell Perkins.

Leland Marvin visited at the Andrew Marvin home at Teakean, Sunday.

Dinner guests at the Russell Perkins home Sunday were Mr. and Mrs. Richard Starling, Great Falls, Mont.; Miss Barbara Bemiss, Moscow; Mr. and Mrs. Glenn Carpenter and sons Larry and Donald of Grangeville, Idaho, and Mr. and Mrs. Leland Marvin and daughter Lesley. The dinner celebrated Mr. Marvin's birthday anniversary.

Sunday afternoon Mrs. Glenn Carpenter, Mrs. Richard Starling, Mrs. Russell Perkins, Mrs. Leland Marvin, Barbara Jane Bemiss, Hazel Perkins and Lesley Marvin motored to Moscow. Barbara Jane Bemiss remained at her home there, after spending her vacation at Great Falls, Mont.

Wallace Family Reunion

The home of Mr. and Mrs. L. A. Wallace was the scene of a happy family reunion this past week-end, when all their children and grandchildren were present for the first time in 20 years. Those present besides the host and hostess and Randy were: Mrs. Lloyd Hill and sons Gary, Roger and Steven of Terrebonne, Oregon; Mr. and Mrs. Glen Wallace, Dianne and Kathy of Mojave, Calif.; Lt. and Mrs. John Wallace of Lincoln, Neb.; Mr. and Mrs. John Thieson and sons Denny and Nicky of Clarkston.

Their son-in-law, Lloyd Hill, was unable to attend.

Lt. and Mrs. John Wallace left Sunday for a visit with her parents at Whitefish, Mont. The rest of the group left for their respective homes on Tuesday.

Marion Rathbun and family arrived home Sunday from Dillingham, Alaska, where the family had spent the summer fishing.

Temporary Bridge Completed

The new temporary bridge across Bear creek, at the east edge of town, was completed last week-end, and opened to traffic. It replaces the fallen Bear creek bridge.

The new structure, entirely of wood, has "planked" wheel tracks, as with such construction is necessarily of the "one way" type. It should be noted by all who travel it that it bears the old familiar "6 Ton Gross" load limit sign, and this sign should be respected, to do otherwise might be dangerous.

GRAIN MARKETS WEAKEN DUE TO HARVEST SUCCESS

Grain markets generally weakened during the past week, according to reports to the Market News Service of the U. S. Department of Agriculture. Wheat prices declined 1c to 1½c per bushel at most markets, influenced by prospects of a near record world crop and a less active export demand. Receipts of spring wheat were heavy at Minneapolis and Duluth, causing some congestion at unloading racks. A large portion of the receipts were received for storage.

Influenced by steady demand oats prices held about unchanged at Minneapolis but advanced 2c per bushel at Chicago and Kansas City. Mailing barley prices were unchanged at Minneapolis, while feed barley advanced 3c per bushel at that market and 5 to 10 cents for a new high for the season at Kansas City.

Prospects for the 1952-53 world bread grain crop, excluding the Soviet Union and China, because accurate data are unavailable, point to a somewhat larger output than the 1951-52 harvest and may establish a new record, according to information available to the Office of Foreign Agricultural Relations. Conditions in Europe vary with prospects for a better harvest than in 1951 for western Europe but evidence of damage from drought was reported in the Danube basin countries. Reports from France, Italy and western Germany indicate an increase of about 50 million bushels over the 1951 harvest. In the Soviet Union some damage to the winter grains appears to have taken place. However, a favorable factor was the good harvesting weather in the latter part of July and early August. Reports from Turkey, Iran and Syria show increases which more than offset reductions in India and Pakistan. Continued dependence on imports in India and Pakistan is expected due to the small production. In Turkey, where a record harvest is expected and large stocks remain, substantial supplies are expected to be available for export. A good harvest in northern Africa is expected, indicating an increase of about 15 percent over the 1951 crop. Early season forecasts are favorable from South America. In Argentina, soil moisture is sufficient to assure good growth even if spring rains should be light. Also, an increased acreage (about 25 percent) over the 1951-52 sowing is indicated. Prospects for Australia are less favorable, with the acreage for the country as a whole down about 7 percent. Preliminary estimates indicate a harvest of about 10 million bushels below that of 1951-52.

PERSONAL MENTION

Mrs. D. M. Cox and baby of Richland, Wash., is visiting in the home of Mr. and Mrs. Ray Cuddy at Southwick, and other relatives and friends here this week.

Mrs. James Holt returned Saturday from a visit with relatives and friends at Wenatchee and Richland, Wash.

Mr. and Mrs. Vernon (Pete) Lindquist and Mr. and Mrs. Donald Lindquist and son Neal of Spokane spent Sunday here in the home of Mr. and Mrs. Louis Lindquist.

John Johanson and Dennis Racicot, the latter of Juliaetta, spent Sunday fishing in the North Fork area. They report their luck as "poor," there being many more fishermen than fish!

Mr. and Mrs. Louis Lindquist spent

Saturday evening with Mr. and Mrs. R. E. Scott of Twin Falls at the Moscow Hotel. Mr. Scott is Mrs. Lindquist's brother and is being called back into the Service. They were able to meet at Moscow, as he was enroute to his base in California.

Mr. and Mrs. Walter Ronander of Seattle and Mr. and Mrs. Theodore Lundquist of Moscow were luncheon guests in the home of Mr. and Mrs. John Johanson, Friday.

Mr. and Mrs. Albin Oslund of Clarkston were dinner guests Monday in the home of Mr. and Mrs. John Johanson.

Mr. and Mrs. Walter McCall picnicked at the Lewiston park Sunday, being joined by Mr. and Mrs. Dick McCall and daughter, and Mr. and Mrs. Walter C. McCall and son Pat. This was Walter McCall, Sr.'s first outing since he has been ill.

Mr. and Mrs. Ralph Johnson and son Danny of Ocean Park, Wn., were week-end guests in the home of Mr. and Mrs. Wilbur Colwell.

Allen Medelen and Bob McCall spent the week-end on a fishing trip to Kelly Fork. We understand their luck was not so good.

Mr. and Mrs. John Kite of Council, Idaho, were over-night guests Saturday and Sunday in the home of Mr. and Mrs. Ed. Long.

Mr. and Mrs. Henry Freytag and three children of Clarkia were week-end visitors in the home of Mr. and Mrs. Ward Helton.

Mr. and Mrs. Clyde Daugherty, Jr., and son Timmy of Spokane spent the Labor Day holiday in the home of her parents, Dr. and Mrs. G. W. McKeever.

George and Miss Eva Smith of Lewiston were callers at the C. H. Fry home Monday evening.

Mr. and Mrs. Norman Fry and little son Dale, spent the week-end with his parents, Mr. and Mrs. C. H. Fry.

Mr. and Mrs. Herb Millard of Moscow, and Mrs. C. H. Fry visited with Mr. and Mrs. Dick Fry at the Earl Daniels camp near Dent, Sunday.

Mr. and Mrs. Evert Hough and sons Wayne and David of Aberdeen, Wash., arrived here Aug. 21 to surprise his sister and family, Mr. and Mrs. Elton Wilson. They spent two days here visiting.

Irven Wilson, Lewiston, came up one day last week to assist his brother, Elton Wilson, in the painting job at the Mead Lumber Co., Juliaetta.

Mr. and Mrs. Elton Wilson and daughters spent Monday at the Ernest Freytag ranch.

Mr. and Mrs. Marvin Long spent the Labor Day week-end on a trip to Enterprise and Wallowa Lake, Oregon. They returned via the western route.

Mr. and Mrs. Kermit Waide and sons of Lewiston were Monday callers in the W. A. Watts home.

Mr. and Mrs. Norman Fry and son of Lewiston spent Sunday and Monday here visiting with relatives and friends.

Mrs. C. E. Harris was in Lewiston Thursday to attend the funeral of an aunt, Mrs. Estella Gertje.

Mr. and Mrs. Ed. Gertje and Miss Betty Parks were Lewiston visitors last Thursday, attending the funeral of his sister-in-law, Mrs. Estella Gertje.

Mr. and Mrs. Frankie Bencotter spent Sunday and Sunday night in Peck, visiting in the home of Mr. and Mrs. Jim Kaylor.

Mr. and Mrs. Walter Bigham and daughters returned Tuesday evening from Riggins Hot Springs, where they had spent a week's vacation.

Mr. and Mrs. George Havens and sons Teddy and Rayner were Sunday afternoon guests in the home of Mr. and Mrs. Joe Langdon, Lewiston.

Mr. and Mrs. George F. Brocke, Sr., left early Monday morning for Boise to attend the Democratic State convention. They returned home late Wednesday evening.

Mr. and Mrs. Otto Schoeffler of Kellogg are here this week, on vacation, visiting in the home of her niece, Mr. and Mrs. Geo. Brocke, Jr., and with other relatives at Southwick.

Mr. and Mrs. O. R. Bounds of Ojai, California, arrived here Monday evening to visit until Wednesday in the home of her sister, Mrs. John Darby and family. Mrs. Darby had not seen her sister for 14 years.

Mr. and Mrs. Wayne Thornton and family are moving in the house on the school house hill owned by the W. Babberly family. It is probably better known as the Kenny Brocke home.

Mr. and Mrs. Frank Blewett of Sites were Friday over-night guests in the home of his niece, Mr. and Mrs. Ross Armitage. On Saturday Mrs. Armitage and Mrs. Ben P. Cook took them to Orofino, where they spent the day with Mr. and Mrs. Gilbert Giedl.

Mr. and Mrs. John Warren of Swisshome, Oregon, are here visiting relatives this week. They are spending part of their time with their son-in-law and daughter, Mr. and Mrs. Bruce May on American ridge, and the remainder in the home of her sister, Mrs. Ed. Brown and family. They brought their twin daughters, Tootsie and Susie Warren with them, and the girls will remain with their sister, Mrs. Bruce May, and attend High School here this year.

Mr. and Mrs. Ed. Brown and daughters Mrs. Violet Dowdy and baby and Miss Kathryn, went to the Kelly Fork ranger station on an outing and fishing trip over the Labor Day holiday. They report their luck as "poor."

Mr. and Mrs. Ed. Brown, Mr. and Mrs. John Warren and daughters and Mr. and Mrs. Bruce May were dinner guests Tuesday evening in the home of Mr. and Mrs. Don Jensen at Troy.

Mrs. Emma Cook, Leland, suffered a light paralytic stroke Friday, affecting her left side. She is recuperating at her home, and improving steadily.

Mr. and Mrs. A. O. Kanikkeberg and daughters Donna and Ann returned Wednesday evening of last week from a week's vacation trip to Seattle, where they visited with relatives.

BIG BEAR RIDGE NEWS

Mr. and Mrs. K. D. Ingle and Mrs. Claribel Anderson returned last week from a vacation trip to Yellowstone and Glacier National Parks. Enroute home they visited relatives in Oregon and with Mrs. A. Hanson and son Rufus Hanson and family in southern Idaho. The Tanson family were formerly residents of the ridge, living on the Claude Jones farm. They made the trip in Mr. and Mrs. Ingle's new Oldsmobile car.

Mr. and Mrs. George Jones and daughters George-Anne and Penny of Kennewick, Wash., spent Monday at the home of his parents, Mr. and Mrs. E. H. Jones.

Mrs. Emma Nelson of Garfield, Wash., recently visited with her brother, James S. Nelson and family.

Miss Bertina Forest attended a Home Demonstration Council meeting in Moscow, Thursday.

Mrs. Edith Fairfield and daughter Miss Erma returned from a visit with her brother, Ervin Bean and family, at Grants Pass, Oregon.

Bob Swanbeck of Clarkston, Wn., spent Wednesday with Mrs. Johanna Nelson, prior to entering medical college at Syracuse, N. Y.

Mr. and Mrs. Andy Tweedy of Texas visited Mr. Tweedy's cousin, Mrs. Oscar Slind and family, last week.

Diane Emmett of Lewiston is spending the week with her father, Roy Emmett and family.

Mrs. Oscar Huffman and Mrs. Henry Galloway entertained their niece and cousin and her husband from Kansas City, Missouri, last week.

Mr. and Mrs. Cecil Chamberlain have purchased the late Wilbur Babcock farm.

Gerald and Harold Halseth spent Sunday with friends in Orofino.

Mr. and Mrs. Claude Jones and son Roger spent last week on a fishing trip.

Rev. A. A. Holbeck of Roy, N. D., a former pastor of the local and Deary Lutheran churches visited with old time friends here last week. He also visited with Mr. and Mrs. A. Kleth in Lewiston and with Ingvald Aas in Clarkston, Wash.

Paul Lionberger will preach at the Lutheran church Sunday evening at 7:30. Mr. Lionberger will soon leave for Minneapolis to resume his final year at the church college.

Charley Moore was hit suddenly with a stroke at his home here Saturday morning. Dr. Christensen rushed him to the Gritman Memorial hospital at Moscow. The last reports are that he is much improved. His sisters, Miss Alta Moore and Mrs. Ollie Kremmlin of Seattle and an aunt, Mrs. Claribel Anderson, are in Moscow to be near him. We wish him a speedy recovery.

Miss Gail Ingle has returned to Seattle, having visited her parents, Mr. and Mrs. Leon Ingle.

Mr. and Mrs. Oscar Slind, Maxine and Leland were Sunday dinner guests in the McCreary home.

Wins Trip To Coeur d'Alene

Leonard Eldridge was a "winner" again. Leonard, our local Spokesman-Review carrier, won a trip to Coeur d'Alene lake for securing new subscriptions to that paper.

Mrs. Elmo Eldridge took Leonard and six other boy carriers from Lewiston and Clarkston to Coeur d'Alene last Thursday morning, where they spent the day boating and enjoying concessions at the resort there.

Improving Home

Floyd Millard and Ben P. Cook have been busy the past few days putting white asbestos shakes on the Millard home in the west part of town.

They completely change the appearance of the house, adding much to its beauty as well as insulation.

Store Is Rearranged

The Dee Miller family spent the week-end re-arranging the Kendrick Table Supply in line with their new self-service and cash store policy.

New push-carts have been purchased for the use of customers, the frozen-foods and meat section rearranged, and a new wrapping and receiving section installed.

Don't fuss and fume over out-of-season items. Visit Blewett's Grocery's Frozen Foods Case. 1-adv

Ethiopia's Imperial Guard Fighting War In Korea

The first Ethiopian combat force to fight outside Africa in 12 centuries is in action in Korea.

Under the green, yellow and red flag of one of the oldest Christian nations on earth, black-skinned riflemen from the elite Swedish-trained bodyguard of Emperor Haile Selassie—King of Kings of Ethiopia, Conquering Lion of the Tribe of Judah, by legend the descendant of Solomon and the Queen of Sheba—are now in the U.N. fighting line.

In battalion strength, Ethiopia's volunteers landed at Pusan only this month. The date, May 6, must have meant much to men charged by their king "to pay a debt of honor for your homeland," the National Geographic Society notes.

It was 15 years and a day after Mussolini's mechanized legions rolled into Addis Ababa to found an abortive African empire, ten years and a day after the capital was retaken by British and Ethiopian liberation forces in 1941.

Not since before the rise of Islam, however, have Ethiopians fought beyond their own continent. Italy's conquest was the only break in the continuity of a sovereign African kingdom more than 2,000 years old.

Once the masters of Yemen (southern Arabia) across the Red Sea, Ethiopia's early Christian kings built a fabulous empire and a rich, Greek-founded culture. Their traders roved all the way to the shores of the Persian Gulf. Their Coptic Church, linked to Orthodox Catholicism through the Patriarch of Alexandria, laid the foundations of a faith which has held Ethiopia together as an independent nation ever since.

Commercially, Kaesong ex-truce talks site in Korea has been important for the weaving of coarse cotton cloth, as well as for the making of crude pottery and earthenware. The city, which is just south of the 38th parallel, about 50 road miles northwest of Seoul, is also in normal times a popular market place for produce of near-by fertile valleys.

One of Kaesong's principal offerings has been the medicinal herb ginseng, prized in the Orient for magical strengthening and curative powers. Carefully cultivated, this crop has had a value estimated at times close to \$1,000,000 a year.

In 1930, Kaesong's population was registered at 49,520, and in 1940, at 72,062. While this represented an increase of about 45 per cent, it is far less than that counted for other Korean cities, such as Seoul, 137 per cent rise, and Chongjin, 450 per cent.

Kaesong is situated about a third of the way along the railroad that runs between Seoul and the North Korean capital of Pyongyang. It is surrounded by granite hills which supplied much of the stone for necessary railway tunnels. Villages dot the neighboring valleys, splashed in season with colorful wild iris.

"Tree Of Water"

The Aztec word "ahuehuete" (pronounced "ah-we-we-te" and meaning "tree of water") is the Mexican name for the cypress species of which El Tule is far-and-away the mightiest individual. Twelve feet above the ground, the Tule cypress bears a wooden plaque, largely overgrown. Spanish words carved on it still are partially decipherable. The board reportedly was placed in the trunk in 1803 by the famous German geographer and traveler, Alexander von Humboldt. An earlier Spanish explorer, Juan Bautista de Anza, suggested that the Tule cypress was not a single tree but a fusion of three separate trunks. Some botanists feel this must be so, since the tree is a freak, with no other competitor in size among survivors of its kind.

Civilian Uses

The farm implement known as the flame cultivator, which traces its development to the Army Chemical Corps' World War II flame thrower, originally was designed to weed cotton but was adapted for other types of row-planted vegetation. Other civilian uses of the flame thrower are clearing weeds from highway shoulders and railway beds as well as destroying alligator grass and water hyacinths which impede river navigation.

Distant Star

No one can say which is the most distant star. With the new 200-inch Hale telescope at Mt. Palomar Observatory in California it is possible to see great clusters of stars, called "galaxies," that are so distant that their light takes about a billion years to reach us, so they are said to be a billion light years away. This distance would be about six sextillion (six followed by 21 zeros) miles. No doubt there are other galaxies at still greater distances, which will become visible when more powerful telescopes are built. Of the brightest (first magnitude) stars, the most distant is Deneb, in Cygnus the swan, about 650 light years away. A faint star just visible to the naked eye on a dark night might be at a distance as great as several thousand light years.

Farm Commodities Pose Big Problem Government Limited In Selling of Stocks

At the moment the government owns approximately \$1,806,365,438 worth of farm commodities, purchased through the years to support farm prices, agricultural department officials report.

Products stored in government bins include 3.5 million bales of cotton, 145 million bushels of wheat, 167 million bushels of corn, 422 million pounds of linseed oil, 294 million pounds of dried milk, 79 million pounds of dried eggs, and quantities of various other items.

What's become of it all? It may be disposed of in various ways, but not dumped upon the

The government today has 167 million bushels of America's finest corn stored under the price support plan. The question is, what to do with it?

open market to compete with commodities now in private ownership. To do so would flood the market and depress the commodities offered far below support prices. The government would then find itself buying the commodities placed upon the market.

These commodities, however, can be sold should the market prices strengthen considerably above support levels.

The government has two methods at present of moving commodities. They are:

(1) Persuading the consumer to increase their purchases through normal purchasing channels, thus reducing the supply and raising the price to where government stocks can be put on the market. Also, reducing supplies to a point where support prices would become unnecessary.

(2) Many of the commodities in government stockpiles are being distributed to school lunchrooms, charitable institutions, Indian affairs, and needy groups.

New Corn Spray

Until recently, the corn earworm has prevented profitable sweet corn growing, especially in the South. Sometimes every ear in a crop is infested. Such corn cannot be sold.

Now the department of agriculture has developed a spray containing DDT, mineral oil, and

The new spray, when applied at the right times, will eliminate earworm and pay in growth of healthy corn on the American farm.

water that may be applied to silks and husks of developing ears. When applied at right times it kills worms before they attack and ruin the corn.

R. A. Blanchard, bureau entomologist, developed the method. He tested it in the field during three growing seasons in Texas, Mississippi, Missouri, and Illinois. Earworms were controlled in every instance, he reports.

January Exports Pass \$224 Million Mark

January agricultural exports totaled \$224,300,000, the agricultural department reports. Cotton topped the total with \$83,500,000.

Wheat and wheat flour were second to cotton, valued at \$47,300,000, while corn was in third place with \$14,700,000. Agricultural imports during the month were valued at \$290,700,000, or approximately 66 million more than exports.

IDAHO FISH AND GAME DEPARTMENT TO BE STUDIED

The Idaho Fish and Game Commission members have requested a study of Idaho fish and game laws, department organization and program, R. G. Cole of Boise announced this week.

The Wildlife Management Institute, with headquarters in Washington, D. C., has been asked to conduct the study, Cole said, and prepare recommendations on the three phases of fish and game department operations.

In a prepared statement Cole outlined the plan.

"At the July meeting, the members of the fish and game commission considered the recommendation of the Idaho Wildlife Federation to employ a qualified wildlife expert to conduct a study of the Idaho Fish and Game Department."

"The Commission considered the matter of sufficient importance to justify further deliberation after the July meeting, and have at this time concluded that such a study is desirable and necessary," he said.

Cole explained: "The Wildlife Management Institute is a non-profit, private organization having one objective: to contribute to the nation's welfare by promoting better use of

natural resources. It has conducted similar studies of fish and game departments in 43 states. The Institute's reports are factual, unbiased and include recommendations for improvement of department laws, organization and programs."

"It is not," Cole continued, "The intent of this study to enter into the qualifications or efficiency of personnel, but to visualize probable future as well as present needs and to make recommendations to meet those needs."

"The Institute pays the salary of the official representative making the study, and the only expense to the Idaho Fish and Game Commission is for actual travel and subsistence during the time the study is in progress. It is the plan of the commission to publish the report and recommendations so that it will be available to legislators, other agencies, and the citizens of the state."

"The study will be started immediately," Cole continued, "by a field representative of the Institute, who will initiate the survey — C. R. Guthermuth."

Our Note: Frankly, we think a survey, revamping or remodeling of our fish and game department is long past due!

Big Game Maps Are Out

Approximately 90,000 big game hunting maps for the 1952 season were mailed last week to license vendors throughout the state, state fish and game department officials report.

The maps contain the 1952 hunting seasons and regulations as approved by the fish and game commission on all big game animals in the state, as well as big game special hunt regulations and instructions, covering

deer, elk, rock mountain big horn sheep, mountain goat, moose and antelope.

Pictured on the maps are the areas designated for general deer and elk hunting and their respective open dates; those areas where special hunts will be held, and the areas closed to hunting throughout the entire season.

Good Pasture Program Means More Profits

Over-Grazing Can Kill Out Pasture Growth

Now is the time to plan a "complete pasture program" that will give your dairy cattle an abundance of high quality, low cost feed at all times next year, says the Middle West Soil Improvement Committee. The Farmer who has an all-season supply of succulent forage, grass silage or hay is the farmer who will have bigger milk checks, lower feed costs and more overall profits, the committee points out.

Earl Jones, Ohio State University extension agronomist, says that a well-rounded pasture plan should include: (1) Seeding well adapted leg-

ume-grass mixtures; (2) The use of lime and commercial fertilizer; (3) Good grazing management.

Jones recommends alfalfa, ladino clover and grass for summer grazing. Where alfalfa does not thrive, ladino clover and grass will do a good job. Timothy, broom grass or orchard grass may also be used.

He cautions farmers to avoid killing out pasture growth by over-grazing and to provide palatable and nutritious pasture by avoiding under grazing. Jones suggests dividing pasture areas into lots. Cattle are allowed to graze down growth in one lot and then are moved to another.

Along with good legume-grass mixtures and managed grazing, Jones emphasizes the benefits from adding lime and fertilizers carrying nitrogen, phosphate and potash.

Poultry Industry Expects To Boost Production

One of the nation's newest agricultural industries is expected to boost the value of poultry products beyond the four billion dollar mark this year.

This new industry—known as the broiler industry—is expected to account for almost half the chicken meat consumed in 1951, compared to an almost negligible amount 15 years ago. Poultry breeders have succeeded in developing chickens that eat less and still grow from two to three weeks faster to reach marketable size.

H. H. Alp, Director of Commodity Departments for the American Farm Bureau Federation, recently credited the success of the new industry to the nationwide Chicken-of-Tomorrow program sponsored since 1945 by A & P Food Stores.

Only a few years ago, according to U.S. Department of Agriculture reports, most of the chicken meat consumed in this country came from so-called "backyard flocks." Records of specialized broiler production in 1934 show that these chickens accounted for only 3 per cent of total consumption of 18.3 pounds of chicken per capita. In 1951 broilers are expected to account for 51 per cent of a per capita consumption of 29.7 pounds.

Hayloft Door

If you have a trap door in your barn loft, here is an idea that could possibly save you a dangerous fall. Fit it with guardrails as shown above. The rails, which are hinged to the barn wall, swing outward and are hooked to the trap door when it is in the upright position. When the door is closed the rails are folded flush against the wall.

Frozen Foods Show Huge Gain During Past Year

A record percentage of farm produce is moving to consumers in frozen form. Figures compiled by A & P Food Stores, operator of 4,500 markets in 37 states with six million customers daily, show an overall increase in frozen food sales of 38.9 per cent. Leading this list of foods are citrus juice concentrates, orange and grapefruit juice, a blend of the two, and lemon mix. Peas, and strawberries also increased.

Report Thorough Cooking Of Pork Cuts Down Disease

Thorough cooking of fresh pork can help to reduce materially the incidence of trichinosis, an infection from diseased pork, it was shown in a report made public by Dr. Rodney R. Beard of San Francisco.

Dr. Beard credited that as one of the factors in an apparent two-thirds reduction in the incidence of trichinosis in San Francisco since 1936.

Trichinosis is caused by Trichinella spiralis worms which sometimes are found in pork. The worms lay eggs in the human intestinal tract. The embryos work their way into muscles, especially the diaphragm, where they develop. Diarrhea, nausea, colic and fever are the usual early symptoms of the disease, followed later by stiffness, pain, swelling of the muscles, fever, sweating and insomnia. The seriousness of the infection depends upon the degree to which the pork has been infected. Severe infections may cause death.

Dr. Beard cited a 1936 study in San Francisco of a random sampling of 200 human diaphragms taken at autopsy. Trichinosis worms were found in 24 per cent of the organs. A more recent study of 161 diaphragms, also a random sampling, showed only 8 per cent were infected—a decrease of two thirds.

He first pointed out that federal, state and local regulations now assure adequate processing of pork products intended to be eaten without cooking. In San Francisco, for example, stringently enforced rules by the local Department of Public Health provide for adequate salting and drying of Italian style salami, an uncooked product, or possible prior killing of trichinae by freezing.

Another factor he mentioned was the reduction in the proportion of pork from garbage-fed hogs. Wartime scarcity of labor, difficulties of transportation and other factors.

Statisticians Report Life Safest Ages Nine and Ten

Life in the United States is safest at ages nine and ten, according to Insurance Company statisticians, and less safe during the first year than at any age to and including 65.

This is based upon an analysis by the statisticians of mortality data for the general population in 1949, as reported by the National Office of Vital Statistics.

An all-time high of 67.6 years in expectation of life at birth registered during the year represents a gain of fully 4 years since 1940, the statisticians note, and a gain of 18 1/2 years since the start of the century.

Our greatest gains in life expectation, it is pointed out, have been at the early ages. At birth the gain in life expectation for males during the decade has been more than three years, whereas at age 40 the increase was less than a year.

"This reflects the strides made in the control of the infections of early life," the statisticians explain, "in contrast to the limited progress which has been made in the control of the chronic diseases of middle and later life. Then, too, with an unchanged life span limit of about 100 years, the closer that limit is reached the smaller is the margin left for gain."

The extent to which women live longer than men is greater than ever before. According to mortality conditions prevailing in 1949, women outlive men by an average of 5.6 years, as compared with 4.5 years at the beginning of the decade.

Even if there should be no further improvement in mortality, most people now living in the United States can expect to live beyond the biblical three score and ten years, according to the statisticians.

Finding Fingerprints

Criminal investigators use various methods to make fingerprints visible, depending on the surface where the fingerprint is located, its age, and other factors. When one touches a surface with the fingers, the ridges on the finger tips usually leave an invisible pattern of perspiration. If the print is on light-colored paper, and not more than a few days old, finely powdered lampblack or graphite dusted over it will usually make it visible. On a dark surface a white powder would be required. For older prints, there are various methods using chemicals which react with the minute amount of salts, such as potassium and sodium chloride, left after the perspiration has dried. In one such method, the paper bearing latent prints is dipped in a weak solution of silver nitrate, which converts the chlorides into silver chloride.

Aid for Key Losers

Motor-car-key forgetters or losers will be interested to know that Edward J. Tobin of Norfolk has come to the rescue with his invention of a combination lock to take the place of keys for automobiles. With this dial on your instrument panel, you can forget your key, but not your combination. It works like the combination on a safe. National Patent Council suggests that the combination numbers be kept with year driver's license. Tobin's patent is good for 17 years, and by that time he hopes combination locks will be clicking in autos throughout a good part of the motor world.

Small Town Utility Serves Farm Folks

Gas Made Available To Farms for First Time

The farm folks within 20 miles of Antigo, Wis., have gone in for gas in a big way. This new interest of farm folks in heating and cooking with gas started over a year ago with the reorganization of Antigo's City Gas company.

The Antigo utility which manufactured gas from oil, coke and steam converted its plant to "propane-air" gas and offered service

Mrs. Dale Madison, a rural homemaker, has converted her kitchen to gas, and reports it gives her more freedom from kitchen duties.

to farm homes and rural firms within a radius of 20 miles.

The new rural customers have their own "backyard utility" in the form of storage tanks for large users and "bottled" installations for homes with smaller consumption.

Because they are a part of the Antigo utility system, country customers receive monthly fuel bill just like the town. Fuel consumption is recorded on a meter attached to their cylinders or tanks. Bad weather can't interrupt service, since a sufficient supply is stored on the premises in advance of use. Empty cylinders are periodically replaced by company service men.

Since the reorganization, rates have been reduced for town and farm users three times.

Contour Farming Cuts Soil Losses in Half

Iowa agronomists report that contour farming cuts soil losses in half, boosts corn yields as much as 7.4 bushels per acre and ups soybean production by 2.7 bushels.

Other advantages from contour farming include lower fuel and operating costs for tractors and other machinery and an increase in the length of corn rows.

The need for more contour cultivation will increase with the steadily expanding acreage of row crops to meet the nation's food needs.

While contouring is a vital step in keeping soil at home, other soil building measures are needed to keep farm land at high yielding levels. Every crop burns up organic matter and uses up plant nutrients. The organic matter can be replenished by growing well-fertilized deep-rooted legumes regularly in the rotation and by returning manure and crop residues to the soil.

Safety Plug

A new safety plug has been developed that should be of interest to most farmers. It has a tiny replaceable fuse. Electrical cords are connected to the plug exactly as they are connected to the wall socket itself. The fuse blows out should a short circuit develop in any connected cord. This prevents current from reaching the danger point, instantly cutting off the source of fire.

Nebraska Farmers Paid High Cost for Corn Crop

Nebraska farmers paid with two lives, 194 fingers, 18 hands, 10 arms, one leg, four toes and two feet in gathering approximately 225 million bushels of corn. That is last year's accident record. Failure to stop the cornpicker before trying to remove the stoppage of the machine accounted for almost every accident. Farmers should discuss safety problems with their harvest crews.

Most Life Policy Benefits Go to Widows, Children

Reflecting the basic use of life insurance in family financial planning, wives, children and other relatives appear to be the directly named beneficiaries in more than 80 percent of all life policy death claims, the Institute of Life Insurance says. This is indicated by an Institute analysis of one month's claims in the United States.

Applied to the year's probable total of death claims, the one month's distribution would indicate that this year, wives, children and relatives will be beneficiaries of some 1,200,000 life insurance policies, with total benefits about \$1,400,000,000. Wives and children alone would account for \$1,225,000,000. In addition, they will receive a considerable share of the 7 percent of claims and 14 percent of benefit payments which go to estates and other beneficiaries, excepting husbands.

Husbands were shown to be beneficiaries in 11 percent of the policies, although they received only 4 percent of aggregate benefits, reflecting the smaller average size of policies owned by women.

The month's claim analysis also revealed that, while the majority of death claims were paid on policies which had been in force a number of years, there was a large number in the early life of policies, even in the first year. Although great care is taken in selecting applicants, with those to whom policies are issued being in apparent relatively good health, nearly 5 percent of policies becoming death claims were found to be less than a year old. This would indicate that this year there will be some 70,000 death claims within a year of issuance of policies, with nearly \$100,000,000 involved.

Nearly one-sixth of all claims were shown to be under policies less than five years old. Almost 40 percent of the claims and just over 40 percent of the amount of benefits paid were under policies in force 20 years or more.

Preventive Measures Urged As Safeguard Against Stroke

The best way to avoid a stroke, third among leading causes of death in this country, is to recognize its possibility and make physical readjustments that may help to stave it off.

In the absence of serious systemic diseases such as diabetes and syphilis, there is not much chance of the average person having a stroke before 45 years of age, according to Dr. William Bolton, associate editor of the magazine, Today's Health. But, virtually everyone past middle age is a possible candidate. The following precautions were recommended.

1. Obtain prompt, active treatment of systemic diseases.
2. Do not become or remain overweight.
3. Watch blood pressure that tends to become high.
4. Obtain regular physical check-ups.

"Strokes vary from widespread, devastating ones that bludgeon their victims into oblivion to tiny ones producing such vague, indefinite signs that they often escape immediate detection," he said. "The basic cause in both extremes is identical: escape of blood into the brain tissue. The amount of bleeding and its location near to or far from vital centers or important nerve pathways are the chief factors that determine severity in strokes.

"Not all strokes are the result of direct escape of fluid from blood vessels into brain tissue. Some physicians lean strongly to the belief that temporary spasm in a blood vessel may be a common cause.

"Another fairly common event is formation of a clot within one or more of the tiny arteries in the brain.

"There is increased possibility of stroke in certain diseases."

Tough Case

Recognizing the fact that portable movie projectors are often carried into all sorts of climates and that they must withstand the hard knocks incident to travel, the manufacturer of one such machine has devised a special carrying case that is able to "take it." Built of birch and basswood, high frequency radio waves are used to set the adhesive that binds the panels so they can never pull apart. The case is then dipped in a synthetic resin sealer that checks decay and minimizes moisture absorption. It is then primed, sanded, and painted with a spatter finish. Allowed to cure for three weeks, the finish is hard and durable. Even after years of intensive service, it does not become brittle or chip away from the wood.

Pre-War Army

Six months before World War II began, the Army contained 29 infantry and cavalry divisions at nearly full strength, totaling more than 450,000 officers and men, plus an armored force of four divisions with a total strength of 40,000 troops. The Army history, "Washington Command Post: The Operations Division," credits mobilization of the National Guard and induction under the Selective Service Act for this rapid expansion of strength.

Elected to School Board
Wilbur Tarbet was chosen by the Leland-Cameron section of Joint District No. 283 at the election Tuesday, to replace Harold Parks, whose term of office had expired.
Forty-two votes were cast, Wilbur receiving 41 of them.

NOTICE OF SALE

Pursuant to resolution duly adopted by the Chairman and Board of Trustees of the Village of Juliaetta, NOTICE IS HEREBY GIVEN that the Village of Juliaetta, Idaho, will sell to the highest bidder for cash on the 25th day of September, 1952, at the hour of 10:00 A. M. at City Hall, Juliaetta, in the Village of Juliaetta, the following described real property, situate in the Village of Juliaetta, Latah County, Idaho, for not less than the sum of \$25,000, being the appraised value thereof, to-wit:

Beginning at the Northeast corner of Section 9, Township 37 North, Range 3 West E. M.; thence West along the North line of Section 9 a distance of 301 feet more or less to an iron pin located on the West right of way line of the Northern Pacific Railroad which is the true point of beginning; thence continuing on this course for a distance of 156.2 feet to a point on the east right of way line of the State Highway; thence Southwesterly along this right of way line a distance of 216.2 feet to a concrete right of way marker and curve point; thence along a 995.0 foot radius curve to the right a distance of 198.8 feet to a point which is the intersection of the East right of way line of State Highway and the West right of way line of the Northern Pacific Railroad; thence Northeasterly along the Northern Pacific Railroad right of way a distance of 104.4 feet to a curve point of 3869.83 foot radius curve to the right; thence along the above mentioned curve of right of way a distance of 310 feet plus or minus to an iron pin which is the point of beginning. All the above described property is contained in the Northeast Quarter of Section 9, and is approximately 0.63 acres.
The Board of Trustees reserves the right to reject any and all bids.
DATED this 21st day of Aug., 1952.
C. E. IRWIN,
Village Clerk.

First pub. Aug. 28, 1952.
Last pub. Sept. 18, 1952.

LINDEN ITEMS

(Delayed)
Mr. and Mrs. Marion Souders and daughter returned last week from a vacation trip which took them through parts of Oregon and on to the coast.

On Sunday Mr. and Mrs. Marion Rowden and children moved to Juliaetta, where they will make their home for the school year.

Marjorie Foster was a Sunday dinner guest in the Louis Alexander home.

Mr. and Mrs. Marion Souders made a trip to Waiwai on Sunday to get canning peaches.

Bob Grim arrived home this week after his release from the St. Joseph's hospital, where he has been receiving treatment for the past week for an eye injury, received while at work in the woods.

Mr. and Mrs. Earl Langdon from Los Angeles, Calif., were Saturday over-night and Sunday dinner guests of Mr. and Mrs. Arlie Allen. They visited Sunday morning in the Arthur Foster home and in the afternoon called at the Frank Lyons home.

Dorothy, Gene, Janice and Freddy Foster enjoyed Sunday dinner with their grandparents, Mr. and Mrs. Arlie Allen.

Mr. and Mrs. James Holt and children were Sunday dinner guests of Mr. and Mrs. Ray Cuddy.

Mrs. Ray Birge and children from Kennewick, Wash., and Mrs. Veda Butler from Lewiston were Sunday and over-night guests of Mr. and Mrs. Gil Erlewine.

Frost visited the Gold Hill gardens on various farms last Thursday night.

The Friendly Neighbor Club will meet on the afternoon of the 17th at the home of Mrs. Marion Souders.

Marlin Israel of Clarkston spent last week in the home of his brother, Mr. and Mrs. Clement Israel and family.

Mr. and Mrs. Clement Israel made a trip to Ephrata on Tuesday.

GOLDEN RULE

Sept. 2 — Mrs. Lyle Bashaw and daughters of Grangemont and Mr. and Mrs. Chester Martin of Lewiston spent Wednesday at the Roy Martin home. Their son Gary returned home with them after spending some time with his grandparents.

Mrs. Russell Perkins and Mrs. Leland Marvin and daughter were Lewiston and Clarkston visitors Wednesday.

Baxter Miller from "Finke's Camp" spent the week-end with Eugene Betts. Other visitors at the Betts home Sunday were Mr. and Mrs. H. M. Pond and children, Mr. and Mrs. Carl Finke, Butch and Sherry, Mr. and Mrs. Don Christensen and children and Mr. and Mrs. Ben Reinhardt.

Mr. and Mrs. Pat Holiday and son of Lewiston Orchards spent Sunday with her parents, Mr. and Mrs. D. V. Kuykendall and family.

Mr. and Mrs. Ishmael Martin were Sunday callers at the Roy Martin home. Mr. and Mrs. Bill Elben of Lewiston were Monday guests.

Mr. and Mrs. Oscar Lawrence and Caroline went to Lewiston Sunday and brought their daughter Joane home, to prepare for school. She has been employed at the Summerville Rest Home through the summer.

Mr. and Mrs. Ben Reinhardt are preparing to move to Priest River, this week.

W. W. Kuykendall and sons Herman and Jerry were Lewiston visitors Saturday. On Tuesday she accompanied Mr. and Mrs. Glen Betts to Lewiston, where Mr. Betts consulted his doctor.

Dates For Bazaars Set

The Leland W. S. C. S. has announced the date for their annual chicken dinner and bazaar for Wednesday, October 9th.

The W. S. C. S. of the Kendrick Community church have set their dinner and bazaar for Thursday evening, November 6th.

V. F. W. Auxiliary To Meet

The local V. F. W. and Women's Auxiliary will meet on Thursday, September 11, at 8:00 p. m., in the Fraternal Temple.

All members are urged to be present.

New Marshal

At the Village Council meeting Tuesday of this week, Ward Helton tendered his resignation as village marshal, and Arthur Foster was appointed in his place.

Farm Scrap Harvest Reported a Success
Farmers Can Sell All Scrap Iron and Steel

The national farm scrap harvest conducted between October 15 and November 15 has been termed a success by the steel industry, producing millions of tons of scrap iron and steel badly needed for making new steel.

Although the drive is over, farmers should continue to collect the scrapped machinery about their farms and sell it to dealers. It is a good way to keep the farm pre-

is cleaned up and, although scrap does not sell for big prices, the financial return does mean something.

The steel industry continues to need the broken tractor parts, rusted and worn out implements, plow points, outdated horse drawn equipment, old cultivators, broken shovels and similar equipment that can be found on almost every American farm. There are about 25 tons of iron and steel on the average farm.

Farm scrap can be a major source of the 36,000,000 tons of scrap that are needed by the steel mills this year. It takes that much scrap to produce 110,000,000 tons of steel that mills in our country have as their goal for 1951.

Cheaper Way to Fatten Beef Cattle Outlined

G. A. Branaman, Michigan State College animal husbandry authority, reports that full feeding grain is the quickest way to get a steer to market, but it isn't necessarily the cheapest or the most profitable.

Plain cattle, for instance should be fed longer and more cheaply than well-bred steers of good type. "Corn silage full-fed along with protein supplement may replace all the grain for plain steers when fed a longer time," he comments. "Yearling steers usually are fed from 4 to 7 months, depending on their grade and quality, and the amount of grain fed. Calves require a longer time to fatten and 2-year-olds a shorter time.

Wintering calves on roughage, then pasturing for part or all of the summer without grain results in cheap gains. Under present cattle and feed prices it is possible to pasture cattle for two summers, feeding roughage in winter. These animals may be grain fed for a short time or sold as grass-fat cattle.

Loading Platform

The above sketch of a loading platform is one any farmer handy with tools can build. The main idea is to build it on skids so it can be moved about the farm as desired. The railing can be made detachable to make it easier for loading farm machinery. The uprights would require 4x4 lumber and the platform 2" planks.

Shearing Lamb Faces Will Increase Gains

Shearing the faces of heavily-wooled feeder lambs will increase gains, according to Graydon Blank, extension animal husbandry specialist at Michigan State College. "Blank explained that lambs can see better without a heavy crop of wool around their eyes. After shearing they'll find the feed trough more quickly, will eat better and will gain much more rapidly, specialists report.

Socialized Medicine

The following editorial appeared in a California paper, and presents a problem that we must face.

"President Truman is out of the hospital, well over the virus infection that fevered him for several days. He is feeling fit and fine. We're glad of it. We've never nursed any personal grudge against this controversial little man, though we've thought many of his policies stank beyond all hope of chlorophyll.

"While enduring his mild illness, the President was housed in the presidential suite of the Army's Walter Reed hospital.

"This suite used to be just plain Ward 8. But it was remodeled in 1947 to encompass a dining room, living room, bedroom, sun parlor and bath. The total cost of renovation was \$148,000, and this is the first time the President has used it, though old Mohammed Mossadegh, recently junked and now restored Premier of Iran, was enounced in it briefly on his trip here last year.

"Maybe we shouldn't make so much of it, but it seems to us that here, in one tiny illustration, is the epitome of the Fair Deal's imperial ex-

travagance. "To create a regal hospital suite which the President has used only once in his administration, the Fair Deal spent the total income taxes of 296 above-average Americans (figuring the individual tax at \$500 each)!

"Harry has really achieved socialized medicine." — The Family Tree.

The Job Could Be Important

You can relax for a moment in your efforts to decide between Taft and Eisenhower; or to guess between Truman, KeFauver, etc. as the Democratic standard bearer, and consider whether you would prefer Senator Margaret Chase Smith of Maine, or Sarah T. Hughes, a county judge in Texas, as vice president.

The Business and Professional Women's Clubs of New York State, Inc., have opened a campaign to place a female "Veep" on each ticket and are backing the ladies named above. We do not know their respective politics, since if the Lady Veep is to follow in the Barkley tradition and go around kissing the voters of the opposite sex, it will probably not matter too much whether she is a Democrat or a Republican.

Potlatch Chief Sez

Published by the Kendrick Creamery

HELLO, THERE, FOLKS —
Well, now that the Labor Day week-end, with its awful loss of human life has passed, and the political speeches of that day are history, let's consider your farm and the Creamery.
You are overlooking a fine source of year-around farm income if you're not taking good care of those cows — and selling your cream to us. There's no waiting when we buy — and we return a steam-sterilized, ready-to-use can. So give "Old Bossy" a forkful of hay, a bit of grain, plenty of fresh water and salt and sell to us. You'll be pleasantly surprised at the income she will produce.

the excited father.
Cooler mornings bring thoughts of a piping hot stack of hotcakes — dripping with butter and covered over-all with syrup. They'll be the tops in taste if that butter is pure, sweet "Potlatch Chief" brand. Look for the Indian head the next time you buy butter.

Mechanic: "My advice is to keep that car of your moving."
Tight Owner: "Why?"
Mechanic (disgustedly): "Well, if you ever stop, the cops will think it's an accident!"

School begins next week. The children will be inside more. See to it that they have lots of pure, pasteurized "Potlatch Chief" brand milk to drink. Homogenized or regular. Every child should have at least a quart a day.

A proud parent called the newspaper to report the birth of twins. The girl at the desk didn't quite get the message and said: "Will you repeat that, please?"
"Not if I can help it," replied

Sell us your cream!
