Rain Interrupts Harvesting

Rain, which fell in intermittent showers Thursday night, Friday and Saturday, quite effectively put a stop to combining operations on late grain in this area — but was not heavy enough to completely stop bean work in some sections.

The intermittent showers were not general, hitting in some spots — missing others.

Henry Jones, district deputy state fire warden, said they were most welcome to fire watchers as well as firemen, but added that the danger was far from over, and care must still be exercised when in the woods.

LAPWAI NIGHT SPOT BURNS — FIRE DEPARTMENT FAILS

Lewiston Tribune (Sat. Sept. 6) — The Stables, two miles east of the city and a part of the Village of Lapwai, burned to the ground early yesterday afternoon without aid from the Lapwai fire department.

The popular night club was reduced to a pile of ashes within half an hour after a fire started in the attic at 12:15 p. m. Saved were the slot machines, the juke boxes and several chairs.

The frame building was a solid mass of flames within minutes after the fire was first noted. Faulty wiring in the attic was blamed for the fire.

There was no attempt to combat the blaze.

Russell Webb, member of the Lapwai Village Board, said last night that the Lapwai volunteer fire wagon, which contains a hose and ladder, was not taken to the scene. The wagon, equipped with a trailer hitch, is pulled by a car or truck.

Webb said that when the Stables was incorporated into Lapwai the stipulation was that the management would provide their own fire protection.

A state fire warden's crew from Kendrick arrived at the scene too late for effective aid.

Present when the flames erupted suddenly in the east end of the attic were Coach Campbell, co-owner with Bill Bowman; Herbert Haun, slot machine mechanic, and Don Franca. "It just exploded into flame," Haun said.

The three men removed what equipment they could before the fire ate down through the attic into the main part of the building.

Bowman said yesterday that he was uncertain on insurance coverage of the loss.

The Stables, with its rustic interior and smooth dance floor had been a well known night spot for area young people since 1938, when it was constructed by Robert Goodell.

Until early this year the establishment catered mostly to young people of college age and sold only beer. Liquor and slot machines were introduced when the establishment was incorporated into Lapwai. Incorporation came after Lewiston residents rejected slot machines in an election last fall.

Henry Jones, district deputy fire warden (Kendrick) was taking a lot of good natured ribbing Saturday about having answered a fire call in the village of Lapwai. Henry said he just didn't stop to think when the call came in, that "The Stables" was a part of Lapwai — but would have answered the call anyhow.

We understand that the purpose of Lapwai's incorporating many such spots in its village limits, including a night spot on the Lewiston Spiral Highway, and up and down the Clearwater river, is to raise money for installation of a village water system — and it would seem to us that having raised some of the money the place to begin would be in their outlying areas — installing a water system and fire plugs at "The Stables," "The Trio Club" (Lewiston Spiral Highway, etc. and then at least answering the calls.

But it may be that maintaining their foot wide piece of highway that sprawls out like the tentacles of an octopus from Lapwai proper to all the night spots "within the Village of Lapwai" proved too costly, and therefore the fire protection had to "go by the board."

We understand that one member of the Lapwai Village Board remarked that "we are too poor to have a conscience," — so the village grows larger and larger in "foot wide but lengthy chunks" that end in night spots.

We presume Lapwai furnishes law protection at all "spots in the Village" so why not fire protection?

The day after McWardlaw's wife presented him with offspring, the proud father was seen buying a baby bottle.

"Hoot, mon, that's scandalous extravagance," said a friend.

"No," sighed McWardlaw, "this time 'tis not — the woman's gone and had triplets!"

E., and has been attending the University of Idaho the last three summers, working toward his Master's degree. He formerly taught at St. Maries, Idaho where he was basketball coach and Science teacher for one year. He also taught History and Science for four years at Genesee.

So far he hasn't made too many plans, other than to start some plant slips for his biology class.

Plans For Fair Exhibits
Fair time, with its exhibits of luscious cakes, breads, cookies, canned fruits and foods will soon be here. Mrs. Gus Birchmier, superintendent of the Home Economics Food department at the Latah County Fair, says plans are being made for adding more display shelves in her department this year.

The increase in the size of the display in 1951, with prospects of being bigger and better in 1952, makes more space necessary.

She mentioned several important requirements that exhibitors in her department should note:

1. For all canned fruits, vegetables, meats, pickles, preserves, jellies and jams, there should be three jars showing three varieties, with all the jars being of uniform shape and size.

2. For rolls there should be three shapes, with two rolls of each shape.

3. For cookies, there should be at least three with three varieties.

Cottage cheese and butter should be in covered containers that can be easily handled.

As Mrs. Birchmier pointed out, the above points concern the more frequently misunderstood regulations. Complete rules for exhibiting foods can be found in the Fair premium list on pages 63 to 65.

P. S. The Fair dates are September 18, 19 and 20.

Eastern Star Friendship Meeting
Over a hundred Eastern Stars attended the Friendship Meeting of Canyon Chapter, O. E. S., held Tuesday evening in the Fraternal Temple.

Among the visiting members were Mrs. Edna Heckathorn, a Past Grand Matron, and Mrs. Virginia Bowly, Associate Grand Matron, both of Moscow.

Large delegations came from Lewiston, Moscow, Orofino, Bovill, Genesee, Clarkston and Asotin.

Miss Helen Mielke, Worthy Matron of Canyon Chapter, welcomed the guests, assisted by Mrs. Mamie Kanikkeberg as Entertainment chairman.

Numbers on the program included an original reading by Mrs. Matilda Clarey, a piano solo by Miss Donna Kanikkeberg, and choral readings by a quartet composed of Mrs. Alice Tarry, Mrs. Jessie Erlewine, Mrs. Edna King and Mrs. Dorothy King.

Watermelon and other refreshments were enjoyed in the flower-decked banquet room at the close of the evening.

Mr. and Mrs. Willard Schoeffler, Southwick, are the parents of a daughter, born to them September 8, at the St. Joseph's hospital, Lewiston.

Mothers and babies in both instances are doing nicely.

News Is Very Scarce
This week seems to be another one of these in which there is nothing to report — nothing having happened. Everyone has been busy getting the children ready for school — in trying to finish harvesting operations, canning, etc., so have gone nowhere or done nothing of a newsy nature. Many, of course, attended the Lewiston Roundup, but to try to name them, and not leave out many names, would be an impossibility.

POLIO IN IDAHO REACHES EPIDEMIC PROPORTIONS

Boise, Idaho — As this year's unabated rise in polio incidence pushed the state in the epidemic status, Dr. Quentin Mack, vice chairman of Idaho's Polio Planning committee urged parents to remain calm and follow common sense precautions which include avoiding new groups, avoiding chilling and over fatigue, plus following the "golden rule" of cleanliness.

Meanwhile, David F. Weeks, Idaho representative for the National Foundation for Infantile Paralysis, urged parents to get in touch with their local county "March of Dimes" chapter as soon as a case of polio has been diagnosed in the family by a physician.

Every local chapter stands ready to provide financial assistance for patient care where needed, and he emphasized that "no polio patient need go without adequate care for lack of funds."

"Half the funds contributed during the annual March of Dimes remains with the local chapter specifically for assistance to patients," Mr. Weeks said. "In emergencies, these funds are also used to supplement national funds providing for patient care in other localities. The other 50 percent of March of Dimes net receipts is sent to national headquarters for research, professional education and emergency aid to those chapters whose own funds have been exhausted by patient care requirements."

Mr. Weeks also disclosed that March of Dimes Funds are being expended at an unprecedented rate in Idaho and across the country in meeting the impact of a national epidemic which threatens to exceed that of 1949. To date the state's county chapters of the National Foundation for Infantile Paralysis have received over \$25,000 in epidemic aid after depleting their own treasuries in meeting the obligations imposed by patient care. This need for epidemic aid is expected to multiply rapidly as more and more Idaho patients are hospitalized.

During the first six months of the year the Idaho Department of Vital Statistics reported only 22 cases, with 34 being reported in July and 89 in August. The September rate continues its upward climb to date, the report indicated.

4-Hers Keep Busy These Days
The Big Bear Ridge 4-H Club members have spent a busy summer working on their projects and preparing them for exhibit at the Latah County Fair at Moscow, September 18, 19 and 20.

Roger Jones demonstrated "Glass Etching." Each member cut his initials on a glass to learn the method used.

The Home Economics girls attended a "Judging Day" at the Kendrick Fraternal Temple on Aug. 20. Mrs. Helen Hunter, Home Demonstration agent, instructed the girls in judging and gave helpful pointers for completing their projects for exhibit. All local 4-H Clubs attended. Marjorie Ingle demonstrated "Preparing a Vegetable Salad Plate" and Barbara Dunham showed "How to Sew On a Button."

August 28 the girls met with Marjorie Ingle, where they worked on their sewing and health projects. Refreshments were prepared and served by the girls.

Party plans were the main topic at the September 4 meeting at the Community Hall. All Latah County 4-H Clubs were invited to a harvest party on September 6. Final committees were named, and the hall decorated for the event.

Illustrated talks were given by Roger Jones on "A Fuel Gauge" and "Fuel Storage." By Don Ingle on "Winterizing Tractors for Storage." Project requirements were reviewed and records checked.

September 5th the Forestry members mounted and shellacked their specimens for exhibits.

On Saturday night, September 6, some 56 4-Hers, parents and leaders gathered at the Community hall for the County 4-H Harvest party. Square dancing was the attraction of the evening. They were assisted by Mr. and Mrs. Archie Garner and Mr. and Mrs. Wm. Johnson of Kendrick, who called for the dances.

All in all, the evening was one of fun for everyone.

Actually, it's a cinch! With the manually operated sharpener at right, simply turn the crank away from you, and move the knife back and forth in the groove between the stones. In the electric sharpener at left, just draw the blade lightly toward you, first on one side, then the other.

Potlatch Chief Sez

Published by the Kendrick Creamery

HELLO, THERE, FOLKS —

Well, the air begins to feel more and more like fall — in fact, there's a downright "bite" in the early morning. All of this adds up to the fact that harvest, with its attendant income, is all but over — and winter on the way.

For a winter income let us suggest taking good care of "Old Bossy" and selling the cream to us. You just can't afford to "turn up your nose" at this source of income. And we return a steam-sterilized, ready-to-use can. Just try us.

At a village store in the Blue Ridge country the old proprietor was trying to sell a wastebasket to a hillbilly. Sales resistance was in the set of the bearded man's chin. "How come I need a basket? It'll need emptying every month or so."

"Not this one," said the proprietor. "Ain't got no bottom to it."

Just move it a jot."

For breakfast tell the "missus" you want a steamig hot stack of flapjacks — and when you get them, put chunks of "Potlatch Chief" brand butter on 'em. That, combined with maple syrup, makes a breakfast dish fit for a king!

Manicurist (to playboy in barber chair): "I don't think I ought to go out with you, I'm married." Playboy: "Ask your husband, I'm sure he won't mind." Manicurist: "You ask him — he's shaving you!"

As sunshine leaves, keep your vitality up with milk — "Potlatch Chief" Milk — it's pure. It's pasteurized for your protection. Homogenized if you wish.

Remember: Locomotives don't whistle at railway crossings to keep up their courage.
