SALES DAY PLANS NOW COMPLETE - BIG DAY SEEN

R. L. Blewett, chairman of the Merchants committee, which has charge of the local Sales Day activities, Saturday, September 27 — says that the program for the day is now complete.

It begins at 10:00 a. m. with a big free public auction sale on the street between the Kendrick Cafe and the Jewelry & Gift Store. Farmers are asked to bring in all items as early as possible to permit their listing with Ed. Long.

At 2:00 o'clock there will be a football game between Asotin and Kendrick on Armitage Field — and it should be a good game, despite the fact that the Tigers are "missing two" of their regular men, due to practice game injuries.

The flower, vegetable and field produce display will be held in the Bowling alley — and with the wonderful fall weather we have been enjoying, some excellent displays are looked for.

Roy Glenn, auctioneer, says he expects an unusually large sale, as no local auctions have been held in this area to date, and many farmers will have surplus items to offer.

It is not known at this time just how many booths there may be — but undoubtedly there will be several.

But regardless of whether or not you have anything to sell — or wish to buy — come on in and spend the day visiting with friends, shopping in the local stores and seeing the football game.

The activities of the day will end with a dance sponsored by the local V. F. W. Post at Fraternal Temple, beginning at 9:00 p. m.

New Store To Open Saturday

Saturday, Sept. 27 — Sales Day — will also see the opening of Kendrick's newest place of business — a Western Auto Supply Store, by Mr. and Mrs. Oscar Medalen, in the Kendrick Creamery building, the new store occupying the room which formerly housed the Travis Furniture & Electric Supply.

Mr. Medalen, Walter Sparber, Ernest Heimgartner, Elton Wilson, and others have been very busy this past week completing the remodeling and painting of the building — installing fixtures, and otherwise preparing it for occupancy.

The room is painted in soft tones of cream, green and brown, with fixtures that harmonize, and as we go to press the stock is being placed.

At the opening Saturday there will be gifts for the women, and ice cream cones for the children (accompanied by parents). The big "Opening Day Sale" ad. for the firm will be found in the center section of this issue.

All wish Mr. and Mrs. Medalen success in their new business venture.

Wonderful Summer Weather

The Potlatch area has certainly been treated to the finest fall, or for that matter, summer weather that anyone could desire.

The days have been bright and sunny, with hardly a cloud in the sky, and with temperatures ranging to 93 degrees — but mostly in the high 80's.

Monday was the last official day of summer — and though such was not the case (the thermometer hit 90 degrees) it would certainly be a very wonderful day on which to end a season.

Farmers have been making the most of the weather to finish bean and grain harvests — and some are even working with clover and grass seed which was late-sown and would have had to be abandoned in regular seasons.

The fields and hills are almost to be described as "tinder dry," and Henry Jones, deputy state fire warden, urges all hunters to use the utmost care when in the field or woods.

Grangers Have Concession

The Kendrick Grange was awarded the lunch concession at the Latah County Fair this year — and those who shouldered the work say they were truly amazed at the quantities of food that were consumed by Fairgoers. In fact, according to all available records, the concession booth did more business this year than ever before. As a sample — 300 pounds of hamburger were sold during the three-day period, and 122 cases of assorted pop.

We have no information on the number of pies, buns, etc., that were consumed — but they must have been enormous.

Mrs. Robert Draper headed the Food committee.

Joins Fraternity

U. of I., Moscow — Parker McCreary, of Kendrick, was one of the record number of 222 men students who pledged to fraternities at the University of Idaho at the close of rush week here. He was pledged to Phi Delta Theta.

Word From Frank Nesbit

Latest word from Frank Nesbit, who went to Spokane about three weeks ago for eye surgery, is to the effect that he is recovering from his operations successfully.

Mr. Nesbit first underwent surgery for eye trouble. Following this he returned to the home of his son James at Moscow to recuperate. But after a short time there major surgery was found necessary and he was returned to a Spokane hospital to undergo this operation.

We understand it was successful and he is now getting along nicely. Just when he will resume his store operation is not known at this time.

MISS PATRICIA BROCKE BRIDE OF LUTHER PARKS

At a beautiful candlelight service Miss Patricia Brocke, daughter of Mr. and Mrs. Walter E. Brocke, Kendrick, became the bride of Luther D. Parks, son of Mr. and Mrs. Homer Parks of Leland, Saturday, September 20th, at 8:00 p. m., in the Emmanuel Lutheran Church at Cameron. Rev. Theo Meske performed the impressive double-ring ceremony before an altar banked with American Beauty roses and white tapers, while huge baskets of gladioli interspersed with candelabra and tall white tapers marked the bridal aisle.

Miss LaVerna Lawrence sang "God Gave Me You" and "I Love Thee," accompanied at the organ by Miss Linda Archibald, who also played the processional, "Lohengren's Bridal Song," and the recessional, "Mendelssohn's Wedding March."

Both girls are former college room-mates of the bride.

The bride, given in marriage by her father, wore a ballerina gown of white lace and net over satin. The fitted bodice of lace over satin had a sweetheart neckline and was buttoned to the waist in back. The sleeves were long, extending to a point and buttoned at the wrist. The skirt was of double nylon net, fashioned with a deep circular pleatum of white lace which extended in a point to the hem in the back. Her double fingertip veil was of net edged with white lace and fell from a dainty tira of seed pearls. She carried a shower bouquet of stephanotis and Tallisman roses.

The only jewelry the bride wore was a crystal necklace, a gift from the groom. She wore the traditional blue garter, and an old coin in her slipper. Her veil was borrowed from Mrs. Philip J. Drouin of Bremerton, Wash.

The maid of honor, Miss La Verna Lawrence of Deary, wore a ballerina gown of coral satin with a bouffant overskirt of net. Her headdress was made of matching net and stephanotis. Her colonial bouquet was of coral roses and white carnations.

The bridesmaids, Miss Kay Abrams, a cousin of the bride, and Miss Leone Parks, a sister of the groom, wore dresses and headresses identical to that of the maid of honor, but in shades of delphinium blue and Nile green, respectively. They carried colonial bouquets in harmonizing shades of roses and carnations.

The groom was attired in a gray suit with a white boutonniere. He chose for his best man his brother-in-law, Harry Roach. Ushers were Charles Parks, his cousin, and Parker McCready, his schoolmate.

Candlelighters were Denny Abrams, a cousin of the bride, and Lyle Parks, a brother of the groom. The ring bearer was little Richard Abrams, a cousin of the bride, who carried the rings fastened to a rose on a white satin and lace pillow.

Mrs. Walter E. Brocke, mother of the bride, wore a royal blue afternoon dress with pink hat and pink accessories. Her corsage was a gardenia with feathered pink carnations.

Mrs. Homer Parks chose for her son's wedding a green suit and hat with brown accessories. Her corsage was a gardenia with feathered yellow carnations.

A reception was held immediately following the ceremony in the Cameron hall, with 100 friends and relatives present.

The serving table, covered with a beautiful outwork cloth, was centered with a four-tiered wedding cake decorated with baby pink roses. Maiden-hair fern and American Beauty roses were entwined around the base of the cake, which was topped with a miniature bride and groom. Tall tapers in silver candelabra flanked the cake.

After the bride and groom had cut the traditional first piece of cake, Mrs. Frank Abrams, an aunt of the bride, finished cutting and serving. Mrs. George F. Brocke, Sr., and Mrs. Kenneth Brocke, aunts of the bride, poured. Miss Verna Easterbrook, a school chum of the bride, presided at the punchbowl.

Mrs. Harry Roach, a sister of the groom, had charge of the guest book, and Miss Patricia Long, a school chum of the bride, presided at the gift table.

Just before the bride and groom left the reception hall, the bride threw her bouquet, which was caught by the maid of honor, Miss LaVerna Lawrence.

The bride chose for her going-away ensemble a blue suit with pink accessories, and the corsage from her bridal bouquet.

After a short wedding trip to Enterprise and Lake Wallawa, via the Blue Mountains, they will reside at Moscow, where both are enrolled at the U. of I., in the Junior year.

Among the out-of-town guests were Mrs. Millie York, Lewiston; Mrs. Ethel Evans, Walla Walla; Mr. and Mrs. A. C. Glunk, Clarkston; Miss Verna Easterbrook, Richland, Wash.; Mr. and Mrs. Frank Brocke and Mr. and Mrs. Kenneth Brocke, Troy; Mrs. Ernie Schmidt, Mr. and Mrs. Gerald Harris and Mrs. Norman Fry, Lewiston; Don Becker, Genesee; Frank Bowles, Bob Fullmer and Harvey Armentrout of the U. of I.

ATTENTION HUNTERS

Unless rain in a substantial amount falls by October 1st — the fire season will be extended to October 15 — and all woods closed to hunting, according to word received here Wednesday morning by Deputy State Fire Warden Henry Jones, from Boise.

Mr. Jones said it was his understanding that the game season would be extended to make up for the missing days — but this latter was not official.

Mr. Jones added that the woods are tinder dry, and hunters in great numbers roaming the hills would have created a hazard too great to be taken now.

One official, who declined to be quoted did say, however: "I understand that the bridge is on the emergency list, and is due to be built the first thing next spring. I imagine it will be of all-concrete construction."

Our guess is that if and when flood waters begin pouring down Bear creek, there won't be any temporary bridge in a short time — and then, what will the school buses use to get the children to school? It's a big problem and one that needs to be solved in a hurry — with construction.

The barrel that can't be emptied

Many a man can remember reading by kerosene lamp. For however fast time speeds by, it hasn't been very long since lamps played an important part in lighting the homes of the West and Standard was a small company proud of its ability to get from 5 to 10 gallons of its principal product, "coal oil," from a barrel of petroleum.

Count a few of the hundreds of products made from oil today! Almost every item in this picture, for example, comes directly or indirectly from oil: (1) the enamel on stove, refrigerator and cabinets, (2) the dryer in the wall paint, (3) the plastic in the clock cover, curtains, apron, (4) the linoleum, (5) the drainboard covering at the sink, (6) the detergents used in washing — (7) the finish on the car and (8) the synthetic rubber of its tires. Add to these asphalt for paving and roofing, insecticides,

cosmetics, dry cleaning solvents . . . and, of course, steadily improving gasolines and motor oils . . . and you begin to see how important oil has become. More than 1100 products are now being made from petroleum by Standard Oil Company of California, and others are on the way. We have spent \$35,000,000 in research and technical service in the last 5 years alone . . . to make a barrel of oil truly "a barrel that can't be emptied" in terms of the good things it contributes to your daily living.

STANDARD OIL COMPANY OF CALIFORNIA plans ahead to serve you better

LINDEN ITEMS

On Thursday night Pfc. Donald Grim began his return flight from Spokane to his army base in Panama, after having spent his furlough at his home here. His brother, Bob, and an uncle and aunt, Mr. and Mrs. Adrian Grim of Genesee, took David to Spokane to catch his plane. Stewart Wilson underwent surgery last week in the St. Joseph's hospital for a serious eye difficulty. We

have not heard for certain at this time whether the operation has brought Stewart relief, but we truly hope so.

The Friendly Neighbor Club was entertained on Wednesday afternoon by Mrs. Eileen Souder. Mrs. Doris Israel gave an interesting and educational lesson on "Textile Painting" and exhibited designs painted by her mother, Mrs. Grant Clemenhagen of Big Bear ridge. At the close of the meeting delicious refreshments were served by the hostess, assisted by her mother, Mrs. Arlie Allen. Another benefit derived from the meeting was the procuring of the recipe for Mrs. Souder's really super "Prize Cake," which was served to her guests.

On Friday evening, neighbors and friends gathered in the home of Mr. and Mrs. Frank Lyons to help celebrate the birthday anniversaries of Mrs. Lyons and their son, Clem Lyons. The occasion was a surprise to Mrs. Lyons, as she had just returned from several days spent with her sister in Yakima, Wash. Those present were Mr. and Mrs. Cleon McAlister and children, Mr. and Mrs. Geo. Lyons and children, Mrs. Childberg, Sr., Robert Childberg and children, Mrs. Al Pederson, Edward, Marilyn, Douglas and Jerry, Mr. and Mrs. Gil Erlewine, Mrs. Arlie Allen, Raymond Whybark, Mr. and Mrs. Frank Lyons and Clem Lyons.

Expensive Piece Of Meat
 Bursting open the door marked "Private" the butcher confronted the lawyer.

"If a dog steals a piece of meat from my shop, is the owner liable?" he asked the man behind the desk.

"Certainly," replied the lawyer. "Very well, your dog stole a piece of steak worth a half dollar about five minutes ago."

"Indeed," the lawyer returned very smoothly, "Then if you'll give me the other half dollar, that will cover my fee."

Annual Chicken Dinner, Bazaar
 The Leland church will hold their annual chicken dinner and bazaar on Wednesday, Oct. 29. This is a change from the date previously announced. Adv. 39-3

HELLO, THERE, FOLKS —

Price Of Milk To Increase
Much as we regret it, the price of milk will raise 1c per quart, beginning October 1st. This step was made necessary by increased cost of production.

Just before Joe died he made his wife promise she wouldn't marry again.

When Jack heard about this he said: "That was just like Joe, always doing something to help his fellow men!"

Well, next Saturday, September 27 — Sales Day — the new Western Auto Supply store opens in the Creamery building — and as a part of the opening day activities **FREE ICE CREAM CONES** will be given all children accompanied by parents. Of course those cones will be "Potlatch Chief" brand ice cream. But you don't have to envy the kids their cones — step

into the Creamery and get one for yourself. You'll find them delicious as well as nutritious. Then, when you go home, take at least a gallon with you. Keep it on hand, always.

Doctor: "Congratulations, professor. It's a boy!"
Absent-minded professor: "What is?"

Going Hunting? We'll bet you are. So before you go, come in and pick out that locker box. We have one that will meet your needs — and your purse! It will only take a few minutes.

"How do you define 'black as your hat'?" asked the professor.
"Darkness that may be felt," replied the young co-ed.

And don't forget — we want to buy your cream!
