

KENDRICK GAZETTE

VOLUME 62

KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, NOVEMBER 27, 1952

NO. 48

WILDER FARMER HAS OWN IDEAS REGARDING TAXES

Wilder (Special) — When D. A. Van Slyke, Wilder farmer, received recently a \$38.40 check from the federal government for putting phosphate fertilizer on his land, he returned it without regrets.

In doing so he wrote the following letter to the treasurer of the United States and sent copies to all members of the Idaho congressional delegation and the Democratic candidates for nomination as first and second district congressmen:

"Enclosed is a \$38.40 U. S. treasury check payable to me for '1951 ACP program.' I am returning this check because I do not care to accept it.

"I admit forthright that I made application for this payment of my own free will and that I signed a statement declaring compliance with the requirements for earning it. This, also, I did of my own free will but only after one of the county officers of the ACP program came to my farm located 11 miles from the PMA offices bringing the papers for me to sign.

"Since that time I have analyzed the ACP program and have formulated some interesting questions concerning it. It is the answers to these questions rather than the amount of the payment that prompts me to return the check. The action should be the same even if the payment were 10 or 100 times \$38.40.

"First, why did I receive the payment? Ostensibly it is for applying phosphate fertilizer on alfalfa hay land. The fertilizer would have been used without the inducement of subsidy because our State University Extension Service and local fertilizer dealers have demonstrated countless times the value of the practice in our country.

"Second, where did the payment come from? It is a truism that government cannot give anything to its constituents which has not been taken from them. Why should barbers, meat cutters and steel workers be forced to pay me for performing sound farm practices? The situation becomes even more ridiculous if the question is asked concerning practices which are not sound. Barbers, storekeepers and printers would not voluntarily contribute to my charity in such a manner any more than I would voluntarily contribute to theirs.

"Government has seldom demonstrated efficiency in the expenditure of funds. It has been variously shown that in order for the U. S. government to get a dollar subsidy back to its citizens, it must first take \$6.00 from them. If there are five million farms in the United States and only half of them get ACP payments amounting to only half of the sum I am returning and if the government be twice as efficient as \$6 collected for each \$1 returned, this one program filched \$96 million from the taxpayers in 1951, a modest sum compared to \$70 to 80 billion, but this program has existed for 20 years. In this light it can hardly be considered modest.

"The third question which remains unanswered for me is in respect to containment of the program. If I continue to accept these payments, what is to keep the program from developing into a device to keep me whipped into compliance with most any federal farm plan that might be conceived? This actually occurred during the last war. Our organization was particularly careful to keep a file of farm plans in the old AAA office so that we could refer ration officials to it when we applied for rationed farm machinery and supplies. It is not difficult to imagine some conscientious, well meaning planter, though ill advised and lacking a thorough understanding of the free enterprise system, it is not difficult to imagine such a planner under the cloak of national emergency deciding that the best interests of the American people could be realized if production were planned for each farm in the country.

"Federal payments could be substantial enough to represent a major portion of total farm income. I would have to comply with the plan or forfeit the payments. The danger is two-fold. First, I am deprived of liberty with which I am endowed by my Creator; also I am deprived of property, at least I am deprived the use of it, which is the only reason I hold it. Second, community ownership or management of agriculture has been notoriously unable to feed society through all history, both ancient and modern. A full-blown farm plan in America will guarantee hunger in other places than China, Russia and India.

"Mr. Treasurer, I know you are not solely responsible for the ACP program. You merely help administer an act of Congress; hence I am sending copies of this letter to my senators and aspirants to the House of Representatives.

"The American farmer does need aid but he does not need March 15 sugar-coated by \$38.40 treasury checks. He needs real tax relief, not special grants and privileges — the kind of tax relief 140 million other Americans need. To be specific, why take \$6 from us to give us back \$1? This applies not only to ACP but to school lunches, price supports, rural electrification, farm credit, soil conservation, goat milk and dried prunes.

"The American farmer will be able to provide his customers an abundance of food at a price they can afford to pay as long as he is not hampered by restrictions, quotas, supports, subsidies and taxes which sap

Charles Moore Passes Suddenly

The entire community was saddened Saturday morning on hearing of the death of their friend and neighbor, Charley Moore, at Seattle.

Charlie had been in poor health since suffering a stroke in early September. However, he had apparently been improving since being in Seattle.

His sisters, Miss Alta Moore, Mrs. A. A. Krenmlin and Mrs. Nelson Switzer have the deepest sympathy of their many friends and neighbors here.

Gerald Ingle and Mr. and Mrs. K. D. Ingle drove over Sunday to attend the funeral rites, which were held in Seattle, Monday.

Further details are lacking at this time.

INTERESTING NEWS BITS FROM THE SOUTHWICK AREA

Sing-Spiration Scheduled

A Sing-Spiration will be held at the Southwick Community church Friday evening, Nov. 28, at 7:15. Everyone come and sing. Bring your own musical number if possible. See you there — singing.

Entertain Husbands

The Southwick Homemakers Club entertained their husbands at dinner Wednesday evening at the school lunch room. Dinner was served at 6:30 by Edith Wells, hostess, and Ruth Armitage, co-hostess, assisted by six 4-H Club girls, who served coffee and dessert. The girls helping were Sandra Cantrell, Joan Davis, Phyllis Wheeler, Beverly and Verla Miller and Dianne King.

Guests for the evening were Mr. and Mrs. Wallace Geidel, Rev. and Mrs. Wheeler and Mrs. Martha Wilkins, the latter of Kendrick. Dinner was served to forty, including husbands and friends.

After dinner slide pictures were shown by Edith Wells, which were of interest to the Community. Some of these were sent from Korea by Gene Kuykendall, and others hunting and scene pictures taken by Mrs. Wells, also interesting family and friend pictures.

Other News

Hazel Lynne Perks spent Friday evening at the Rona Armitage and Judy Cuddy home.

Alma Betts, Marje Kuykendall and Joyce Marvin attended the Workshop Friday at Lewiston. "Gift Wrapping and Package Decoration" was demonstrated by Mrs. William Kling of Lewiston.

Thursday afternoon Mrs. George Miller, Mrs. Alma Betts, Mrs. Deniz Kuykendall and Mrs. Leland Marvin called at the home of Mrs. Russel Perkins to visit with Mrs. Homer Brutzman, a guest of Mrs. Perkins. Coffee and cake was served during the afternoon.

The last meeting of the Homemakers Club for the current year will be with Mrs. Millie Harris at 7:00 in the evening of Dec. 11. Assisting as hostesses will be Joyce Marvin, Muriel Scott and Virginia Cantrell. This will be the Christmas party and exchange of gifts.

Mr. and Mrs. Howard Southwick were business callers in Lewiston on Friday.

Mr. and Mrs. Russell Perkins accompanied by Mrs. Homer Brutzman went to Lewiston Friday. Mrs. Brutzman returned home after a two-week visit at the Perkins home.

Mrs. Hattie Southwick is receiving treatment at a Lewiston Clinic. She has been ill most of the year.

Mr. and Mrs. Dale Bemiss of Moscow, spent Sunday with Mr. Bemiss' sister, Mrs. Russell Perkins.

Mr. and Mrs. Darwin Tarry visited with Mr. Tarry's mother in the Lewiston Orchard, Sunday. During the day they called at the Charles Hill home in Lewiston.

Mrs. Winifred Kluckholm returned to Southwick Sunday with Mr. and Mrs. Darwin Tarry, after spending the week-end in Clarkston.

Helen Cowger substituted cooking at the school lunch room in Margaret Miller's place Friday, as Mrs. Miller was ill.

Mr. and Mrs. Given Mustoe went to Lewiston Monday to spend the day.

Mr. and Mrs. Lloyd V. Randall, Jr., and son Russell spent Sunday evening with Mrs. Randall's parents, Mr. and Mrs. Russell L. Perkins.

Prescription Section Moves

The prescription, drug and surgical supplies department of the Red Cross Pharmacy has been separated from the rest of the drug store, moving to the corner room in the Christensen Building, formerly occupied by the Jewelry & Gift Store.

At this new location prescriptions will be filled, veterinary supplies and medicines, patent medicines, etc., will be sold, while at the former location, which will be known as the Variety & Gift Store, will be handled everything formerly sold (except medicines, plus a greatly expanded line of gifts, jewelry and other items.

Tom Keene, owner, says the move was made necessary due to lack of space for necessary stocks — and should not be construed in any way as "going out of business."

The prescription and medical section will be handled just as formerly by Dave Clayton, with the gift and variety section by Tom Keene.

An ad. explaining more fully will be found on another page.

him of incentive. The farmer is not different from other people throughout the world. He works best when the fruits of his labor accrue to himself and when he suffers the full force of his own mistakes." — Idaho Daily Statesman, Boise. (Associated Taxpayers of Idaho).

A THANKSGIVING PRAYER

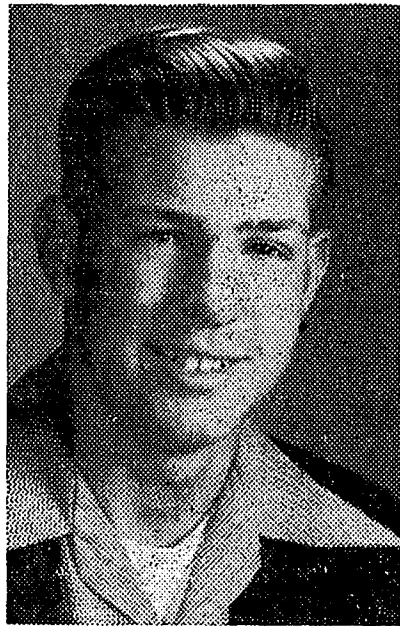

Dear God, we ask Thy blessing
On this Thanksgiving day,
We come to Thee confessing
Things we should throw away.

Give us the moral courage
That pioneered the wild;
Lead us to full demurrage
For promises defiled.

Lift up our faith, though hidden
Our dimming eyes may be;
Point out the highroad golden —
The road that leads to Thee!

—Bert Gamble

DONALD INGLE WINS 4-H TRIP TO CLUB CONGRESS

Don Ingle, son of Mr. and Mrs. Gerald Ingle, Big Bear ridge, has been awarded a trip to the National 4-H Club Congress in Chicago, a state winner for General Achievement. He will leave with other 4-H Club boys and girls from Plummer, Idaho, early Thanksgiving morning, and will return on December 7th.

Don, who is a student in Kendrick High school is 16 years old. He began his 4-H Club work in 1946, taking "Dairying" as his project. The following year he expanded, having "Dairy," "Swine," and "Beef." The next season he again enlarged his interests, carrying "Swine," "Beef," "Weeds," "Electrification" and "Soil Conservation."

In 1950, Don's projects were "Tractor Maintenance," "Electrification," "Weeds" and "Swine." The next season he again enlarged the scope of his work, taking "Tractor Maintenance," "Electrification," "Weeds," "Swine" and "Health."

Not satisfied with this group of projects, the list for 1952 read: "Tractor Maintenance," "Electrification," "Health," "Junior Leadership," "Dairy" and "Swine." — for a total of 29 projects in seven years.

Besides carrying on project work, he was active in general club work, having served as 4-H Club president for three years; secretary, two years, and reporter, one year — all with the local group. In addition, in 1951, he was State Reporter, and in 1952 president of the Latah County 4-H Youth Council. In addition, at Kendrick High school he took part in football, baseball and basketball, winning three letters, also playing in the High school band.

Project livestock income (gross) to Don over the years was \$3,515.34, and his net \$2,214.45 — which has kept him spending money (plus) during this time.

Over the years Don has won enough prize ribbons to cover a bed sheet, and we list a few of the awards: County tractor maintenance winner; county electrification winner; W. W. P. Co. scholarship to 4-H short hauler at U. of I.; two Kiwanis show halters and a Kiwanis key for "Dairy Achievement"; a Kiwanis gift for swine work.

Over the years Don has accompanied the Latah Livestock Judging team to Spokane, and has entered 28 judging contests. He has appeared on several 4-H Club radio programs and spoken before several groups in support of 4-H work.

In all the projects undertaken and completed, his favorites are "Dairy" and "Tractor Maintenance."

On completion of High school Don plans to go on to the U. of I., majoring in Agriculture, and then wants to operate a farm.

Christmas Trees And Scents

The local Boy Scout Troop, No. 149, which is selling Christmas trees as a troop activity, state that orders are coming in very slowly, probably due to the absence of snow, and a lack of the Christmas spirit until that white fleece covers the ground.

They suggest, however, that if you want a tree, order early, so cutting may be properly planned.

Kanyon Klub To Meet

The Kendrick Kanyon Klub will meet at the home of Mrs. Ed. Nelson on Wednesday, December 3.

This is a business session, and all members are urged to be present.

WHAT JULIAETTA FRIENDS ARE DOING THESE DAYS

Ernest Heimgartner of Cameron visited in the home of Mr. and Mrs. H. E. Brammer, Wednesday.

Mr. and Mrs. Rex Peters and children left Tuesday morning for Marionville, Mo.

Charles Cox of Wallowa, Oregon, was a Sunday dinner guest in the home of Mr. and Mrs. Caus Clark.

Mr. and Mrs. Lawrence Slead attended the wedding of his sister, Inez Slead, at Rockford, Wash., Sunday.

Mr. and Mrs. Mike Hedler and Mr. and Mrs. John Peters were Friday evening callers in the Adolph Denner home.

Mrs. Elsie Weber and son Leonard were Sunday visitors in the home of Mr. and Mrs. Adolph Denner.

Kenneth Denner has been doing chores at the George Giese home, while they are away on a vacation trip.

Sunday guests of Mr. and Mrs. G. F. Denner and family were Mr. and Mrs. O. C. Johnson of Lapwai.

Mr. and Mrs. Tom Denner and sons visited in Spokane over the week-end.

Rilla Davidson of Kendrick was a Monday visitor in the home of Mr. and Mrs. Ira Havens.

Mr. and Mrs. Woodrow Nye and daughter were Lewiston visitors on Saturday.

Mr. and Mrs. Frank V. Barton have moved from their home here to Lewiston. He will drive up once a week to care for his practice at Kendrick.

Mr. and Mrs. Bill Howell were Sunday visitors in Troy.

Sunday dinner guests in the home of Mr. and Mrs. E. O. McAllister were Mrs. Dorothy Ferguson and Mrs. Minnie Finch of Albion, Wash.; Mr. and Mrs. Charles Calvert of Twin Falls, Idaho; Geo. F. Calvert of Lenore, and Mr. and Mrs. Asa Calvert and family.

Mr. and Mrs. E. O. McAllister left Tuesday morning for Seattle to spend Thanksgiving with relatives in that city.

Thursday dinner guests in the home of Mr. and Mrs. E. O. McAllister were Mr. and Mrs. Jim Anders of Lewiston and Mrs. Elsie Sting of Kamiah.

Mrs. Sue Spray returned home Monday after spending three weeks in the home of her daughter at Moses Lake.

Mr. and Mrs. L. C. Groseclose and son Larry were Sunday dinner guests of Mr. and Mrs. Ben Weatherly.

Mr. and Mrs. George Groseclose were Kendrick business visitors last Friday.

S. S. Taber was transacting business and visiting with old friends in Kendrick Wednesday morning.

Mr. and Mrs. Ralph Magnuson and family of Kamiah visited with Mr. and Mrs. Harvie Shepherd Tuesday.

Mr. and Mrs. Paul Hanson and daughters and James Roeborg of Sandpoint were week-end guests in the Fred Wendt home.

Francis Minnette of Lewiston was a guest in the Fred Wendt home, Sunday.

Senior Ball Much Enjoyed

The annual Senior Ball was given at the High school gymnasium last Friday evening, with an excellent attendance. The Seniors chose as their theme "Harvest Moon," and it was carried out very effectively in decorations and lighting.

Bales of hay, topped with pumpkins, gourds, etc., outlined the dance floor, while an old buggy and a sulky, both in excellent states of repair completed the picture about the floor; while overhead soft-colored streamers and golden light effectively complemented the floor decorations. Marjorie Foster and Lorraine Steiger presided at the punch bowl.

Patrons and Patronesses were Mr. and Mrs. George Havens, Mr. and Mrs. Wilbur Colwell, Mr. and Mrs. Albert Bailey and Mr. and Mrs. Cecil Gruell.

It was a lovely dance, and the Seniors are to be highly complimented for their efforts.

Weyens Return Home

Mr. and Mrs. Ted Weyen drove to Seattle Sunday to bring his parents, Mr. and Mrs. Weyen Weyen, home. All returned Monday, and report Weyen as having stood the trip fine. He is now resting and continuing recuperation at their home here.

Weather Chill and Damp

The weather this past week has been, like the rest of the fall, most unusual. There has been a fog lying on top the hills which has frozen to trees, brush, fence, telephone and power lines, giving them a glittering but very chill appearance.

Here in the valley there has been no fog, but a chill dampness has prevailed that seemed to penetrate to the very marrow of one's bones — and caused heating plants to get good work-outs.

Monday morning the low-hanging clouds and a slight breeze brought with them (very distinctly) the odor of the big Lewiston pulp mill — and nose holding was quite popular.

PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Mrs. Jim Eearly of San Antonio, Texas, arrived here Tuesday of last week to attend the funeral of her aunt, Mrs. R. King, of Asotin. She is now visiting with her parents, Mr. and Mrs. Fred Stedman.

Word has been received from Mr. and Mrs. Clarence Johnston, former American ridge residents, that they are now comfortably settled in their new home at 1047 12th Street, in Clarkston.

Mr. and Mrs. Jud Lee and son Ralph, who left here last week for their new home, may be found by the friends on Route 1, near Edmonds, Wash.

Mr. and Mrs. E. M. White have received word from their son Dick, that he is now back at the Clovis, New Mexico, Air Base, after spending some weeks receiving special training at Cheyenne, Wyoming.

Mrs. A. O. Kanikkeberg spent several days last week at the home of her son, Mr. and Mrs. Ozzie Kanikkeberg in Culdesac, helping care for the new baby boy. When she returned home she brought little Kathy, who will remain with them until Thanksgiving Day.

Nye Blewett, Lewiston, was a caller in the R. L. Blewett home Sunday evening. Lt. Col. and Mrs. Aaron Blewett and children of Moscow were also Sunday evening callers.

Chas. Cox, Wallowa, Oregon, accompanied by two friends, Sanford Wood and Gary Skelton, also of Wallowa, spent the week-end here with his mother, Mrs. Leah Cardinal.

Mr. and Mrs. Dick Cuddy returned Sunday from a two-week vacation spent at Hot Springs, Montana, and visiting with friends and relatives.

Mr. and Mrs. Jerry White of Moscow spent the week-end here with his parents, Mr. and Mrs. E. M. White. They also attended the Senior Ball.

Mr. and Mrs. R. L. Blewett and son Billy, accompanied by her mother, Mrs. Wm. Bartlett of Gifford, left Wednesday morning for Klamath Falls, Oregon, to spend the Thanksgiving holiday with Mrs. Blewett's sister and her husband, Mr. and Mrs. Howard Kirchan. Gordon Cook will also accompany them part way, and will spend the holiday visiting with a friend at Galica, Oregon.

Mr. and Mrs. Leonard Wolff have received word from their son, Cpl. Leon Wolff, not to write or send any packages, as he was soon to be on his way home from Germany, where he has been stationed the past many months with the army of occupation. He hoped to be here in time for Christmas.

Benny Cook, Jr., talked to his father, Ben, Sr., Sunday from Fort Lewis, saying he had been assigned to the Signal Corps, and would fly Monday to San Luis Obispo, Calif., for further training.

Mr. and Mrs. Burton Souders returned home Monday evening from a month's vacation trip into the south, a trip which took them into most of the western states, as well as Old Mexico. They report a most delightful time.

Mr. and Mrs. A. G. Peters were Sunday dinner guests of Mr. and Mrs. Lyle Harrison at Lewiston.

David Hudson spent the week-end with his mother, Mrs. Bernadine Hudson, at Orofino.

A2/c William Earl Bovencamp, who has been training at the Lackland Air Force base in Texas, is spending a three-week furlough here at the home of his mother, Mrs. Tom Gregory. He will report to Camp Stoneman, Calif., Dec. 8th, for overseas duty. Another son, Melvin Bovencamp, who is with construction work in the Air Force, and now at Fairbanks, is expected home in time for Thanksgiving.

Lt. John Wallace, U. S. N., arrived Monday from Whitefish, Mont. He and his wife left Lincoln, Neb., on Nov. 18, and stopped at Whitfish to visit her parents. She remained, and John came on here to visit his parents. Mr. and Mrs. L. A. Wallace for a few days, before going on to San Diego for a new assignment.

Mr. and Mrs. Ed. Nelson and sons spent Sunday in Lewiston, visiting with relatives and friends.

Rev. and Mrs. F. C. Schmidt entertained at dinner Tuesday evening for Rev. and Mrs. G. Edward Knight of Orofino; Mr. and Mrs. John Johnson and Mr. and Mrs. W. L. McCrea.

Mr. and Mrs. Bob Watts and daughter Patti drove to Coeur d'Alene last week-end to visit her parents, Mr. and Mrs. H. M. Barber.

Mr. and Mrs. H. C. Schupfer attended a W. W. P. Co. meeting in Moscow Monday evening. Their laughter, Beverly, accompanied them and was guest speaker, showing slides and talking on her recent trip to Europe.

Mr. and Mrs. Geo. Brocke, Sr., and son Darrell, accompanied by Mr. and

(Continued on Page 2)

SHORT NEWS ITEMS FROM OUR LOCAL SCHOOLHOUSE

8:30 Juliaetta Arrival Time
We should like to take this opportunity to advise parents of students whose children attend school at Juliaetta, that they are not to arrive at the schoolhouse until 8:30. That will help teachers very much during the early morning period, enabling them to get many tasks accomplished before the arrival of the children. Also, children should arrive more nearly at the same time buses do, which will also be helpful.

Bean Growers Annual Show
The Bean Growers are having their annual show in the school gymnasium on Monday, Dec. 1, at 2:00 o'clock.

In past years when the show was held at the school, grades 7 to 12 were invited to attend, and only those grades 1 to 6, whose parents picked them up at Juliaetta, attended.

This year, in order to avoid confusion at Juliaetta, the Bean Growers have granted permission for all the school children to attend, so buses will leave Juliaetta at 1:45 p. m. and make their scheduled run to Kendrick. All buses will remain at Kendrick until the show is over, and then depart for home immediately. This will mean that some children will be later than usual in arriving home that day.

Pupils in Juliaetta who wish to go home when the buses leave may do so. Parents who have other plans and would care to get their children at 1:45 p. m., may do so. Any pupil who wishes to ride home from Kendrick with his parents after the show is over may do so.

We appreciate this invitation for all children, as it will relieve the Juliaetta school of much disorder and confusion on that day and believe that many parents will also be better pleased.

Seventh Grade News
Students who have perfect attendance for the first nine weeks are: Mary Cook, Eddie Brewer, Gene Foster, Farrel Mizer, Carol Onstott, Douglas Pederson, Randy Wallace, Elmer Weaver, Patsy Cuddy, Paul Dagefoerde, Virgil Gardner, Wayne Harris, Elaine Heffel, Jean Jones, Judy Koepf, Verla Miller, Kay Weyen and Gerald Kuykendall.

Newly enrolled students are Sharon Pierce, Glen Lentis and Paula Hall. Eddie Brewer has left our room and returned to Canada.

Class officers for the second quarter have been elected. They are as follows: Douglas Pederson, president; Gene Foster, vice president; Patsy Cuddy, secretary; Paula Hall, treasurer; Jean Jones and Elmer Weaver, librarians. Appointed committees are: Paul Dagefoerde and Paralee Bigham, program; Mary Cook and Farrel Mizer, athletic.

The seventh grade was the winner in the recent softball game against the eighth grade.

Believes In Television

George F. Brocke, Sr., feels so sure that television, which is coming to the Inland Empire soon, can be received in Kendrick, despite our deep canyon location, that he is now in the process of installing a series of television aerials.

There will be a "master" or final receiver aerial atop the head house at the big G. F. Brocke & Sons warehouse, and surrounding this will be four reflector aerials atop the hill, which will reflect the television waves to the "master" aerial.

Mr. Brocke says that he fully expects television can be received here in a satisfactory manner, and should this experimental set-up prove satisfactory, they will handle a line of television sets at their warehouse.

We hope George is right, for with the baseball, basketball and football fans to be found here "attendance" at the big games will undoubtedly go up — but "attendance to business" during those periods would undoubtedly go down.

Only time will tell!

Dinner Honors Anniversary

Mrs. Oral Craig entertained at dinner Sunday in honor of her husband's birthday anniversary, which was Tuesday.

Guests included Mr. and Mrs. Arnold Wallace and children of Ephrata; Mr. and Mrs. George Baugh and son of Orofino; Mr. and Mrs. Billy Weyen and daughters of Leland; Chas. Craig of Clarkston; Mark and Zeb Robeson of Lewiston; Dean and Elaine Weyen of Cameron; Roy Craig, Ronald and Darrell Craig.

Home From Hospital

Norman Siffow, son of Mr. and Mrs. Walter Siffow, Leland, who suffered a badly broken leg some three weeks ago at football, was brought home from the hospital last Friday, but must remain in the cast and flat on his back for the next six to eight weeks.

Norman wishes to thank all his friends and school mates for their cards, letters, etc., during his time at the hospital, and would appreciate personal visits when they have time.

Car Takes Driverless Jaunt

Monday of this week Tom Long drove the family car from Kendrick to their ranch on Big Bear ridge, parked it, and went about his work. He had, however, left the parked vehicle in overdrive, and after sitting there for about an hour, it took off toward the canyon, crashed through a barbed-wire fence, and was stopped on the canyon rim by a pine tree.

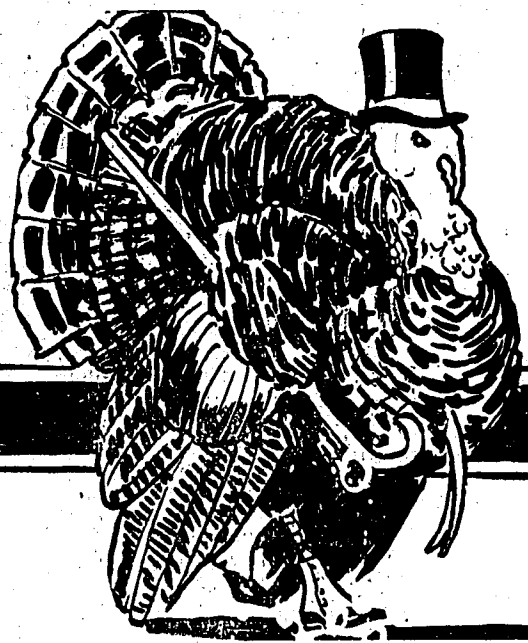

The grill, bumper, etc., suffered damage, but had the tree not stopped it, there is no doubt but what the car would have been a total wreck.

PERSONAL MENTION

Mrs. C. A. McAlister and family, left Wednesday for Lind, Wash., where they will spend Thanksgiving with Mr. and Mrs. Fred Rennick, Mrs. Brocke's and Mrs. McAlister's parents.

Mr. and Mrs. Frankie Benscoter were Sunday dinner guests in the Wayne Davis home. Frank Hoisington and Jorene Benscoter were evening callers.

Mr. and Mrs. Henry Brammer of Juliaetta and Mr. and Mrs. Werner Brammer and daughter were Sunday dinner guests in the Geo. Havens home.

Mr. and Mrs. Ed. Kent left Sunday morning for Boise to spend Thanksgiving with their sons, George and Roy Kent, and their families.

Mrs. Wayne Davis spent Sunday and Monday in Moscow and Pullman with relatives.

Mr. and Mrs. Arnold Wallace and children of Ephrata, Wash., spent the week-end in the home of her parents, Mr. and Mrs. Oral Craig, and with her sister, Mrs. Billy Weyen and family at Leland.

Mr. and Mrs. Walter McCall were Lewiston visitors Monday.

Allen Medalen has been on the sick list this week, and absent from the creamery a couple of days.

Mrs. Hiram Galloway returned on Sunday from Sandpoint, where she spent the past ten days caring for her sister-in-law, Mrs. Harry Hupp, who suffered a stroke recently. Mrs. Hupp is reported as improving slowly and will soon be up in a wheel chair and ready for physical therapy treatments.

Big Bear Ridge 4-H Club

Election of officers, Achievement Day plans, and a film highlighted the regular November meeting of the Bear Ridge 4-H Club at the Larry Galloway home on Nov. 24.

Leland Slind was elected Club president for 1953; Richard Weber, vice president; Marjorie Ingie, secretary-treasurer; Robert Dunham, demonstration chairman; Donald Ingie, reporter, and representative to the County Youth Council, with Leland Slind selected as alternate. Marjorie Ingie was chosen recreation chairman.

The 1952 Achievement Day Awards program will be held at the Troy High school on December 6, at 7:30 p. m., with clubs from Kendrick, Juliaetta, Deary and Troy areas participating. All members, parents and friends of 4-H'ers are encouraged to come and see this final club event of the year. An interesting program and refreshments are in store. Marjorie Hattan, who has just returned from a summer in Norway as a member of the Foreign Youth Exchange program, will be a special speaker.

Marvin Jagels, county 4-H agent, met with our group and showed an interesting and instructive film on "Sheep Raising."

Plans were made for the winter meetings to include work on "Electricity and Forestry." The December meeting, to be held during the Christmas vacation, will be in charge of Roger Jones, who will give instruction in "Leathercraft."

A social hour and refreshments honoring Larry Galloway's birthday anniversary, closed the evening.

Cubs, Scouts Parents, Meet

Monday evening in the Firemen's hall at Kendrick, 85 Cubs, Scouts, parents and friends had a pot-luck dinner at 6:30.

The Cub Scout Den Mothers, Mrs. Elmo Eldridge and Mrs. Henry Jones were in charge of the program.

The meeting opened with a Pilgrim pageant, and Indian pageant, presented by the Cub Scouts.

Group singing followed, and then came the pot-luck dinner, served cafeteria style.

After the dinner Cub Master Ross Armitage presented Achievement Awards to Barry Garner, Jerry Armitage and David Hudson. "Bob Cat" Pins to new Cubs were presented Bobby Callison, Rodney Nutting, Royce Nutting, Kenny Heffel, Freddie Foster and Rickie Keene.

Cub Scouts graduating to Boy Scouts and receiving "Webelo" badges were Richard Nelson, Denny Abrams and Jerry Armitage.

Ben Cook, Boy Scout Councilman, presented the following awards: Personal Health Merit badges to Darrell Brocke; Animal Industry to Gerald Bateman; Fishing to Ray Onstott; First Class badges to Randy Wallace and Gerald Bateman, and a Tenderfoot Badge to Gordon Garner.

Manning Onstott, Scoutmaster, welcomed the new Scouts to Troop 149.

All in all it was a most pleasant and educational evening.

Has Very Narrow Escape

Mrs. J. C. Mizer returned Friday from Mullan, where she was called when her brother, Ben Hinderman, was injured in the mine there.

The accident occurred when he had descended about two miles into the mine to set off a blast. After lighting the fuse he stepped back, and as he did so, some rocks fell from above, hitting him on the head, and knocking him through the shaft two more levels below.

So great was the impact, he suffered deep head cuts, his left ear was almost severed, and multiple bruises and lacerations on his left side, including a broken leg.

Knowing the blast was to go off momentarily, the crew working with him pulled a rescue with record swiftness, for they brought this injured man up and to safety before the explosion went off.

He is now being cared for in the hospital there, and considered in a serious condition.

Thanksgiving Service

There will be a special Thanksgiving Service Thursday morning in the Kendrick Community church at 9:30 o'clock.

A cordial invitation is extended to all to share in this worship service of Thanksgiving. Surely the turkey will taste better for having considered the true meaning of this great national holiday.

Tired of meat? Get fresh salmon, halibut, oysters, etc., at **Blewett's Cash Grocery, Kendrick.** Shipments arrive every Thursday evening. 1-ad

PROCLAMATION

Recognizing the great toll in suffering and death resulting from tuberculosis and desiring to emphasize the commendable work being done by the Idaho Tuberculosis Society; to call to the attention of all citizens of Idaho the need for unified effort in the eradication of this dread disease,

Now, Therefore, I, Len Jordan, Governor of the State of Idaho, do hereby proclaim the month of December, 1952, as "Christmas Seal Month" — urging all citizens to join in this worthy campaign to the end that funds may be acquired for the continuation of the fight against this insidious enemy of a healthy and a happy people.

In Witness Whereof, I have hereunto set my hand and caused the Great Seal of the State of Idaho to be affixed. Done in the City of Boise this 17th day of November in the year of our Lord, 1952.

— Len Jordan, Governor.

New Weed Real Nuisance

Perennial peppergrass, a serious pest in the farming sections of California and other southwestern states, has gotten a foothold in at least four Idaho counties. This was reported by Dr. W. H. Baker of the botany department of the University of Idaho, following completion of his field work for the summer.

As a university special research project, Dr. Baker spent July and August in the field collecting range plants, weeds and aquatic wildlife food plants. Object of this special research is to compile a complete inventory of the state's plants.

Perennial peppergrass is related to common whitetop — in fact, is sometimes called whitetop — and is already on the noxious weed list in Idaho. Dr. Baker's report indicates peppergrass is growing in four counties, Owyhee, Washington, Oneida and Power.

To Hold Band Clinic

U. of I. Moscow — A band clinic, co-sponsored by the University of Idaho and district I and II of the Idaho Music Educators' association, will be held at the university on Dec. 13. Hall Macklin, head of the university music department, announced today.

A featured portion of the one-day program will be a band reading session with the University of Idaho concert band, augmented by selected players from north Idaho high school bands. Individual problems, woodwind tone production problems and a panel discussion of the general field of instrumental music in public schools.

The clinic will begin at 9:00 a. m. and continue through 4:30 p. m. All persons interested in bands and band music are invited to attend, according to Macklin.

News Very, Very Scarce

This is another of those weeks when it seems as if nothing worth reporting in the columns of the paper has happened — although there may be some which we have missed.

At any rate, with Tuesday Armistice Day, local stores were closed, business at a standstill, and no one at home when calls for news were put through.

We hope to do better next week — and in the weeks to come.

Many Hunting — Little Game

Many red-coated and red-hatted groups of hunters may be seen on or about Kendrick's streets every day — but the game seems to be very noticeable by its absence. A few deer have been killed, the latest of which we have learned being bagged by Clarence Perryman, Tom Keene and Don Millard — but it's been a long time since anyone reported the arrival of an elk in Kendrick.

Work Progressing On Office

Work is progressing on the new offices for Dr. D. A. Christensen in the building he recently purchased from B. F. Nasbit. Exact date of completion and occupancy is not yet known, but every effort is being made to speed completion of the remodeling work.

A Little Road Information

In response to an inquiry regarding the proposed new bridge and approach across Bear creek, Jack Travis received a letter from the State Highway department last week, advising him that his home would have to be moved, regardless of the route taken. The letter, however, gave no hint as to when any such work would begin.

Logging Operations Still On

Logging operations in this area are still going on, although on a somewhat more limited scale, since the closing down for winter of the Lewis Sawmill.

It is said that roads are very firm and the trucks hauling are making steady time.

Lewis Sawmill Closes

The Lewis Sawmill at Kendrick closed down for the season last Thursday evening.

A few are still employed in handling lumber for shipment and preparing the yard for winter. However, this activity will end very shortly.

Installing Furnace

Workmen have been busy the past couple of weeks installing a new oil burning furnace in the Kendrick Community Church. The furnace is of the very latest forced hot air type.

Charge of Downtown Sales

U. of I. Moscow — Gordon Cook of Kendrick, is in charge of downtown sales for the "Blue Key," campus directory of the University of Idaho, which went on sale this week.

Rebuilding Phone Line

The farmers on American ridge are working together these days on a new telephone line from Kendrick. They are resetting poles, and stringing new wire where it is found necessary.

Shop at **Blewett's Grocery Market, Kendrick**, for all kinds of fresh, and fresh-frozen fruits and vegetables, fish and fowl. Serve yourself and save. 1-ad

Most Life Policy Benefits Go to Widows, Children

Reflecting the basic use of life insurance in family financial planning, wives, children and other relatives appear to be the directly named beneficiaries in more than 30 percent of all life policy death claims, the Institute of Life Insurance says. This is indicated by an institute analysis of one month's claims in the United States.

Applied to the year's probable total of death claims, the one month's distribution would indicate that this year, wives, children and relatives will be beneficiaries of some 1,200,000 life insurance policies, with total benefits about \$1,400,000,000. Wives and children alone would account for \$1,225,000,000. In addition, they will receive a considerable share of the 7 percent of claims and 14 percent of benefit payments which go to estates and other beneficiaries, excepting husbands.

Husbands were shown to be beneficiaries in 11 percent of the policies, although they received only 4 percent of aggregate benefits, reflecting the smaller average size of policies owned by women.

The month's claim analysis also revealed that, while the majority of death claims were paid on policies which had been in force a number of years, there was a large number in the early life of policies, even in the first year. Although great care is taken in selecting applicants, with those to whom policies are issued being in apparent relatively good health, nearly 5 percent of policies becoming death claims were found to be less than a year old. This would indicate that this year there will be some 70,000 death claims within a year of issuance of policies, with nearly \$100,000,000 involved.

Nearly one-sixth of all claims were shown to be under policies less than five years old. Almost 40 percent of the claims and just over 40 percent of the amount of benefits paid were under policies in force 20 years or more.

Preventive Measures Urged As Safeguard Against Stroke

The best way to avoid a stroke, third among leading causes of death in this country, is to recognize its possibility and make physical readjustments that may help to stave it off.

In the absence of serious systemic diseases such as diabetes and syphilis, there is not much chance of the average person having a stroke before 45 years of age, according to Dr. William Bolton, associate editor of the magazine. Today's Health. But, virtually every one past middle age is a possible candidate. The following precautions were recommended.

1. Obtain prompt, active treatment of systemic diseases.
2. Do not become or remain overweight.
3. Watch blood pressure that tends to become high.
4. Obtain regular physical check-ups.

"Strokes vary from widespread, devastating ones that bludgeon their victims into oblivion to tiny ones producing such vague, indefinite signs that they often escape immediate detection," he said. "The basic cause in both extremes is identical: escape of blood into the brain tissue. The amount of bleeding and its location near to or far from vital centers or important nerve pathways are the chief factors that determine severity in strokes.

"Not all strokes are the result of direct escape of fluid from blood vessels into brain tissue. Some physicians lean strongly to the belief that temporary spasm in a blood vessel may be a common cause.

"Another fairly common event is formation of a clot within one or more of the tiny arteries in the brain.

"There is increased possibility of stroke in certain diseases."

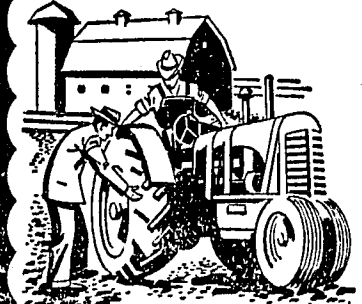

Tough Case

Recognizing the fact that portable movie projectors are often carried into all sorts of climates and that they must withstand the hard knocks incident to travel, the manufacturer of one such machine has devised a special carrying case that is able to "take it." Built of birch and basswood, high frequency radio waves are used to set the adhesive that binds the panels so they can never pull apart. The case is then dipped in a synthetic resin sealer that checks decay and minimizes moisture absorption. It is then primed, sanded, and painted with a spatter finish. Allowed to cure for three weeks, the finish is hard and durable. Even after years of intensive service, it does not become brittle or chip away from the wood.

Pre-War Army

Six months before World War II began, the Army contained 29 infantry and cavalry divisions at nearly full strength, totaling more than 450,000 officers and men, plus an armored force of four divisions with a total strength of 40,000 troops. The Army history, "Washington Command Post: The Operations Division," credits mobilization of the National Guard and induction under the Selective Service Act for this rapid expansion of strength.

FREE! ON-THE-FARM Tire Inspection

We will save you money!

Worn or damaged tires cut down your efficiency—cost you time and money when they fail suddenly. We'll be glad to come out to your farm—without charge or obligation—to inspect your tractor, implement, wagon, car and truck tires.

Here's what we'll do:

1. Check your tires and recommend proper air pressures
2. Select tires which can be recapped
3. Point out tires which should be repaired or replaced
4. Recommend proper liquid weighting for tractor tires
5. Make recommendations for a changeover from steel wheels to rubber tires for wagons and implements (Often this can be done with used tires).

CALL US TODAY!

Wipes a wet road so dry you can light a match on it!

B.F. Goodrich LIFE-SAVER Tubeless Tire

- Seals punctures
- Protects against blow-outs
- DEFIES SKIDS, TOO

This tire protects against all three tire hazards—punctures, blowouts and skids! As low as \$4 down puts a set on your car now!

Costs less than regular tire with safety tube. Convenient terms.

The Day of Plenty --- Thanksgiving

The earth has given up her bounty . . . harvests have been gathered in . . . Now is the custom of Thanks-Giving to be observed throughout America. A custom uniquely our own.

In spite of troubled and uncertain times we have . . . each of us in our own hearts—many, many reasons to give thanks.

Let's make this Thanksgiving a truly hallowed holiday.

Give thanks for past joys and blessings. Give thanks we live in America. Reflect and thank God you are an American!

We are prompted to sponsor the above advertisement through our desire to serve the best interests of our community in every way possible.

U. of I. Enrollment Up
 U. of I., Moscow — The University of Idaho will serve more than 5,000 students during the current academic year, D. D. DuSault, registrar, said this week.
 Regular enrollment at the university now stands at 2,857, an increase of one percent over last spring. In addition, more than 2,000 students will be served through extension and correspondence courses.

rollment at Idaho this year is again about 18 percent. For many years the university has drawn students from 40 to 44 states, with the missing states generally being in the deep south or New England, but this year, for the first time in history, all 48 states are represented. Various territories and foreign countries are also represented.

Plan Your Windbreak Now

Latah county farmers are wise to be planning their windbreak plantings now, according to E. L. Williams, county farm forester. Orders are now being taken at the School of Forestry Tree Nursery at the University of Idaho, and can be accepted up until March 1st.

The trees sold to the farmers from the university are to be planted for windbreaks, erosion control, Christmas trees, game food and cover, or production of forest products. They are not to be resold with roots attached. The cost varies from 1½¢ per seedling to 3¢ per seedling, according to the number ordered. These seedlings are small, but have been treated to develop strong root systems.

Farmers who have planted trees in past years might like to check to see if they need more seedlings to replace lost trees or to make alterations in their original plantings.

Anyone planning to make an order may contact the county agent's office for the free order blanks. Those wishing assistance in planning their plantings are advised to contact Mr. Williams, the farm forester, through the county agent's office.

The trees ordered are handled on a first-come, first-served basis, so it is wise to get in orders early. Every year there are farmers disappointed because they must accept substitutes or wait until the following year because of delayed orders, and prompt requests are urged.

Supplies of blue spruce, Norway spruce and juniper are usually exhausted first.

Stationed At Camp Roberts

Camp Roberts, Calif. (Official) — Ted G. Fey of Kendrick, Idaho, has been assigned to Camp Roberts, Calif. to begin his military training.

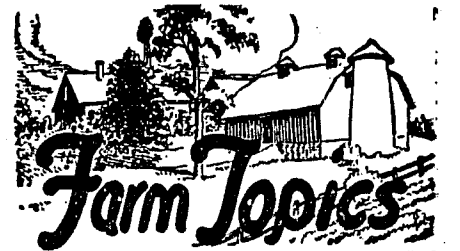

Pvt. Fey, whose parents, Mr. and Mrs. Chas. Fey reside at Kendrick, Idaho, has been assigned to Co. D, 95th Heavy Tank Bn., 7th Armored Division, at Camp Roberts.

The huge military installation, one of the largest replacement training centers during World War II, is now the home of the "Lucky Seventh Armored Division" and is located on U. S. highway 101 about halfway between the cities of San Francisco and Los Angeles.

Officers Chosen

Moscow — At the business session of the fall meeting of the North Idaho Chamber of Commerce, held in Moscow, Nov. 7 and 8, the following were elected to serve as officers for that group for the year 1953:

C. J. Hopkins, Lewiston, president; vice presidents by counties: Beneah, George Redford, St. Maries; Bonner, Bob Gill, Priest River; Boundary, W. J. Nixon, Bonners Ferry; Clearwater, R. H. Oud, Orofino; Idaho, Lloyd Myers, Grangeville; Kootenai, Joe R. Acuff, Coeur d'Alene; Latah, Victor S. Casebolt, Moscow; Lemhi, Charles Herndon, Salmon; Lewis, W. J. Costly, Craigmont; Nez Perce, Earl Bullock, Lewiston; Shoshone, Ira A. Robson, Kellogg.

Synthetic Sow's Milk Is Used Successfully

3,000 Piglets Raised On Experiment Formula

The development of a synthetic sow's milk, made possible by the wonder drug terramycin was announced recently by Herbert G. Luther, research scientist associated with the Pfizer & Co., laboratories of Brooklyn, N.Y.

The formula, called Terralac, was tried on 500 piglets at the company's laboratories. In addition, 3,000 piglets have been raised successfully

Piglets on test in the laboratory of Chas. Pfizer & Co. For this photograph the front of each of the top two cages has been removed. Bottom shows normal setup.

without sows on several large pig farms which cooperated in the testing of Terralac.

Luther contends the formula may revolutionize the swine-raising industry. In the first place, his experiment reduced infant pig mortality to an astonishing 5 per cent, as contrasted with the national average of 21 to 33 per cent. It also largely solves the problem of the runt, long a bane to hog-raisers, by making growth-stimulating terramycin and milk equally available to all pigs in the litter.

Luther emphasized that good pig farm management is essential for the successful use of Terralac. Constant temperature must be maintained, either via the use of heat lamps or by blowing warm air. And it must be prepared properly and fed at regular intervals.

Average U.S. Farm Bigger As Number Falls

The Bureau of the Census reports a decided trend toward fewer but bigger and better equipped farms between 1940 and 1950.

The number decreased by 713,000 in the decade, the bureau reports, but the average size unit grew from 174 acres in 1940 to 210.5 acres in 1950. There were 5,384,000 farms in 1950, against 6,097,000 in 1940.

The sharpest decrease came in the five years between 1945 and 1950, when the number of farms dropped by 475,000.

Other statistics in the report included: About 870,000 fewer persons were working on U.S. farms in 1950 than in 1940.

Less than one-third as many horses and mules were on farms in 1950 as in 1920.

In 1950 there were 59,764,000 cattle and calves more than 3 months old on farms as compared to 60,674,736 in April, 1940.

The number of chickens on farms was 2,500,000, or 0.7 per cent more than in 1940.

Plenty of Pull

One of the newest aids to farmers is the power curve tire developed by B. F. Goodrich engineers to provide maximum traction and prevent bogging down of heavy tractors and combines in the sticky mud or sandy soil of rice fields. The tire is reported to be the first suitable for use in all types of soil used for growing rice.

Veterinary Group Sets Up New Defense Committees

A nation-wide network of defense emergency committees has been set up by the veterinary medical profession to help safeguard this country's livestock health and food production in case of war, the AVMA reports. The committees will assist on defense measures in case of biological warfare, atomic warfare, atomic blasts, or other wartime emergencies concerned with the nation's animal population.

Cabinet Gorge Power NOW SERVES YOU!

Great New W.W.P. Hydroelectric Project Completed in Record Time — Provides More Low-Cost Power for Inland Empire

The first of four gigantic generators at Cabinet Gorge is now pouring 50,000 more "Reddy" kilowatts of low-cost electricity into the Northwest Power Pool—an urgently needed addition to this area's power for defense industries, homes, and farms.

Three more of the huge generators will soon be installed, turning out a steady stream of 50,000-plus kilowatts each. This will mean a total of 200,000 or more kilowatts from Cabinet Gorge, Idaho's largest hydroelectric development.

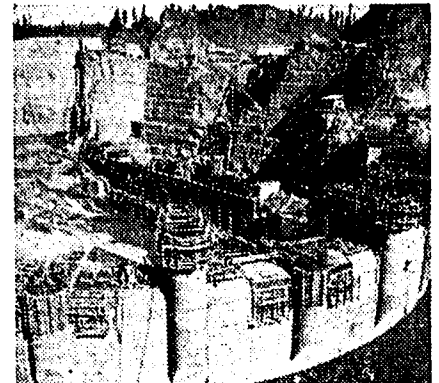

Construction Completed in Record Breaking Time

Washington Water Power Company engineers were "all set to go" when the Federal Power Commission issued the permit to build in January, 1951. Work was started instantly, and has continued night and day. Completion of the huge dam and generating plant "on schedule," in the heart of the Northern, Idaho wilderness, breaks all records for such construction.

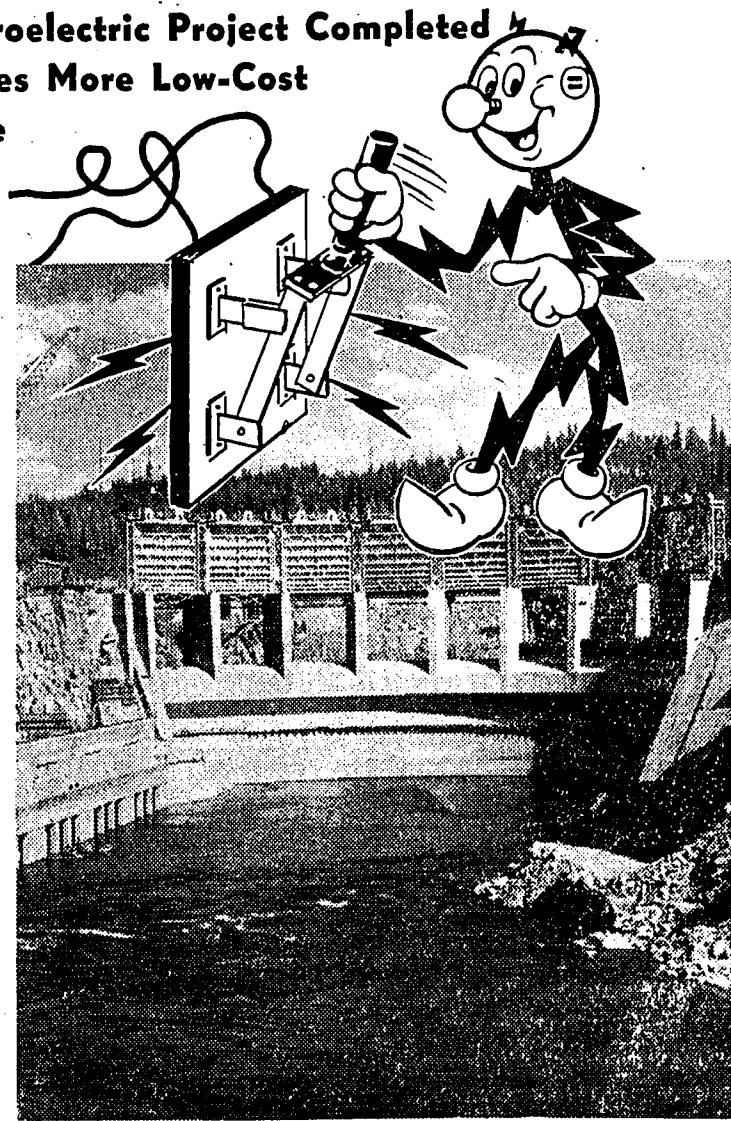

Tremendous Difficulties Fail to Halt Work

Damming of the wild, swift-flowing Clark Fork River at Cabinet Gorge presented great engineering problems. The river is 95 feet deep, and flows through a "Z" shaped canyon with solid rock walls 350 feet high. It was necessary to drill two huge diversion tunnels, 29 feet in diameter, through 1,000 feet of solid rock. Shelves had to be cut out of the cliff sides, to provide working space for men and machines doing the tunneling.

Through the past long and terrible winter, with its deep snows and sub-zero temperatures, work was carried forward. Roads were kept open in spite of blizzards, and on ice-glazed cliffs men and machines worked ceaselessly.

Building the great powerhouse, on a shelf blasted from the solid rock walls of the cliff, was a tough construction job. In it, four giant generators will turn the wild waters of the Clark Fork into 200,000 "Reddy" kilowatts of low-cost power to serve the Inland Empire.

Private Enterprise Proves It "Gets Things Done"!

For a long period, during and following the war, private enterprise electric systems were prevented from building large dams and generating plants. Construction of the great Cabinet Gorge Hydroelectric Project in record breaking time, by the Washington Water Power Company, now proves the willingness and ability of American private enterprise to meet public needs rapidly and at low cost. The \$46,000,000 invested by the Company at Cabinet Gorge was much less than the estimated cost of such a project by government agencies—and not a cent of taxpayers' money was used.

Means Much to You and the Inland Empire

Completion of Cabinet Gorge in time to help meet the threatened power shortage is especially fortunate. The big new W.W.P. plant will generate a tremendous amount of electricity urgently needed—and practically double the low-cost "Reddy" kilowatts available for future Inland Empire defense production and better electrical living in your city or farm home.

Through one of the Northwest's worst winters, power lines were pushed across mountains and through forests.

ARROW HAPPENINGS

Mrs. Ned Wilson spent a few days recently at Wallace, Idaho, visiting a sister.

The John Wilsey, Clarence Heimgartner families and Mr. and Mrs. Virgil Groseclose were visitors in the Harry Sampson home Sunday.

Mr. and Mrs. John Eroneskie enjoyed a visit last week from his brother and family from California.

Mr. and Mrs. George Groseclose, Lessie Groseclose, Vin Crabtree and Mr. and Mrs. Ed. Groseclose were Kendrick visitors Saturday.

Grover Groseclose of Teakean spent last week in the home of his parents, Mr. and Mrs. Ed. Groseclose.

Bonnie Lehfeldt has gone to California to visit with Rev. and Mrs. Albert Groseclose.

Mr. and Mrs. C. V. Strom and family of Juliaetta were callers at the Ed. Groseclose home Sunday evening.

Mrs. Ed. Groseclose visited with Mrs. Garnett Wilson in North Lewiston, Monday.

Many Fines Collected

The state fish and game department reported a total of \$4,615.00 was collected in fines from hunting and fishing violations during October.

There were 133 arrests, officials said. Bonneville and Lemhi counties had the highest number with 13 each. Cassia county had ten arrests and Canyon, Idaho and Kootenai counties had seven each.

The two highest fines of \$300 each were assessed against a Wallace man for killing a cow moose and against a Blackfoot hunter for killing a mountain sheep during a closed season.

A Twin Falls man was fined \$100 for attempting to kill a deer during a special hunt without a permit, and a Preston hunter was fined \$125 for killing more than one deer.

Two Priest River hunters were fined \$150 for false statements and having fictitious names on hunting licenses and for killing two mountain goat and attaching tags belonging to someone else.

The department said the most common offenses were improperly tagged deer, possessing untagged deer, and transporting untagged deer. Thirty-three hunters were fined a total of \$865.00 for these offenses.

NOTICE

A special meeting of all the members of Kendrick Bean Growers Association, Inc., will be held at the Association's store in Kendrick, Latah County, Idaho, on Saturday, Dec. 13, 1952, at the hour of 7:30 o'clock P. M. for the following purposes:

- To vote upon the dissolution of Kendrick Bean Growers Association, Inc.
- To consider the sale of the business of the corporation, including all its assets and liquidating the same.
- To consider and transact any and all business of every kind and description which members of this Association could consider and transact at any regular or annual meeting of the members of the corporation.

DATED this 18th day of November, 1952.

I HAVE A FEW Grain Fattened Lambs. Just right for your Christmas holiday menu. Call or see J. C. Mizer, Phone 701, Kendrick. 48-1x.

Ask for More Trained Men For Animal Disease Study

Solution to some of the nation's most costly animal disease is being slowed by lack of highly trained research men.

There is urgent need for giving promising young scientists an opportunity to learn the techniques of animal disease investigation.

The only way this can be done is by a long range fellowship program.

Such a program has been sponsored by the AVMA for the past six years. Under this program, which will be expanded as funds permit, research-minded graduates of colleges of veterinary medicine get financial aid to engage in animal disease studies at leading scientific institutions. This gives them background and experience needed for unraveling highly complex diseases.

Many livestock and pet owners who ask for "more research to solve disease problems" have given too little thought to how the job might be done.

Finding out what causes a perplexing animal disease isn't much different from tracking down a dangerous criminal, and neither is a job for anyone but a well-trained person.

The Federal Bureau of Investigation would not put a man on any of its cases without first training him in FBI methods. The same advantage should be given to people interested in disease investigation.

Funds for expanding the fellowship project should come from private sources rather than the federal government "because the nation already has gone too far toward dependence on federal hand-outs."

Mastitis Germs Live 5 Days on Broomstick

Harmless though it may look, that broom in the corner of the barn might be the means of starting a new case of bovine mastitis.

The germ responsible for most cases of bovine mastitis can stay alive for as long as 20 days on objects around the barn, and for as long as 26 days anywhere on a cow's skin. From these jumping-off places, the germ can eventually get into a cow's udder, where it starts the disease known as mastitis.

Survival time of the germ was observed after mastitis-infected milk was poured on manure, hair, wood, bricks, udder cloths, and other materials commonly found or used around dairy barns.

The germ stayed alive for 4 days on rubber boots, 5 days on a broom handle, 7 days on an udder-washing cloth, 8 days on a bucket, 13 days on hair, and 20 days on hay. However, when some of these objects were treated with a disinfectant before being smeared with infected milk, the germ didn't do so well. Enough of the disinfectant lingered to cut down the survival time to a day or less.

This research emphasizes the need for clean barns, clean cows, clean attendants, and prompt disinfection of any object that gets splattered with milk.

Use of Columbium

John Winthrop, Jr., who supervised the construction of America's first successful blast furnace at Gaugus, Massachusetts, in 1643, found an unidentified rock fragment near his home. About 150 years later, an English chemist, Charles Hackett, saw this fragment in the British museum, analyzed it, and thus discovered the element columbium. Today, this element is playing an increasingly important part in the manufacture of stainless and heat resistant steels for such uses as jet aircraft engines.

Columbium is one of the most recent elements to find use in the steel industry. It was used commercially as an alloy in the 1930's, although experimental work had been done with it as early as 1920. Last year 632,000 pounds of columbium metal was consumed in the manufacture of steel.

Origin of Camouflage

The origin of the word camouflage has, it seems, been lost in the shuffle. One of the stories told in connection with it is that, during the Indian troubles in the Southwest, one Jacques Camou built a circular mud fort. This fort had large square openings at regular intervals around the walls. Through these, the garrison of the fort would fire. As the Indians' shots also found their mark through these openings, Camou painted the entire fort like a checkerboard—with large black squares on a white field. This confused the Indians so they were unable to determine at which dark squares to aim.

Thermal Snow Removal

Thermal snow removal from sidewalks and driveways by means of embedded piping is a new and interesting development in the heating industry. The snow is removed automatically and without effort by the heat from pipe coils installed under the surface of the pavement. Hot water, circulated through the coils, transfers its heat to the pavement, thus melting the snow and keeping the surface dry. Automatic snow removal is economical. There is no necessity for using snow shovels or chemicals. All the owner does is to turn the switch to start the system in operation when the snow begins to fall.

Get Fresh Fish at Blewett's Market Thursday!

Fantastic Wages
 Civilians working at the U. S. army's new air base in Greenland draw wages that appear "fantastically generous," states a December Reader's Digest article. Fifteen hundred dollars a month is not unusual, even janitors draw \$226 a week. But most of the jobs last only five months (the rest of the year is too cold) and during this time the work schedule is ten hours a day, seven days a week.

Get that fresh fish at Blewett's Cash Grocery every Thursday. Delicious, nutritious.

Potlatch Chief Sez

Published by the Kendrick Creamery

HELLO, THERE, FOLKS —

You Can't Beat The Game — No, folks, you can't beat the game of health, and winter is the time when that becomes most apparent. But you can go a long way toward keeping good health by proper diet — and milk is an item of extreme importance. As we have so often said, every growing child should have at least a quart a day, and every adult at least a pint — and when that milk is pure, pasteurized "Potlatch Chief" milk, you know you're safe and that the food value is tops! Keep several quarts in your refrigerator all the time.

A young man said: "By the way, wonder what's become of the old-fashioned girls who used to faint when a man kissed them?" His co-ed companion gave him a withering look. "What I'd like to know," she retorted, "is what happened to the old-fashioned men

who made them faint!"

Remember that every meal is made better when butter is added to bread, hot rolls, biscuits, mashed potatoes, etc., and you can be sure that the perfect flavor touch is added when that butter is "Potlatch Chief." Its fine, sweet flavor and perfect texture meet the requirements of the most particular. Never buy butter; always buy "Potlatch Chief" butter.

"What the dickens are you doing down in the cellar," demanded the baryard rooster.

"If it's any of your business," replied the hen, "I'm laying in a supply of coal."

By the way — we pay cash for eggs. You don't have to haul them out of town and risk breakage and excessive handling. Bring 'em to us — and get your money!

WHAT CAMERON FOLKS ARE DOING THESE DAYS

Mr. and Mrs. Ted Weyen drove to Seattle Sunday and brought his parents, Mr. and Mrs. Weyen home. Weyen is recovering satisfactorily from a recent operation.

Mr. and Mrs. Fred Hadley were Sunday visitors in the home of their son-in-law and daughter, Mr. and Mrs. Harry Newman.

Mr. and Mrs. Herman Meyer, Rev. and Mrs. Theo Meske and daughters, Mr. and Mrs. Geo. Wilken, Mrs. Fred Newman and Mr. and Mrs. Henry Wendt were Thursday evening visitors of Mr. and Mrs. Herbert Schwarz.

Mr. and Mrs. Roy Ramey were Sunday guests of Mr. and Mrs. Walter Koopp.

Mr. and Mrs. Ed. Nelson and sons of Kendrick spent Friday evening with Mr. and Mrs. John Blankenship. Mr. and Mrs. Boyd Blankenship and family of Moscow were Sunday guests of Mr. and Mrs. John Blankenship.

Mr. and Mrs. Ed. Mielke and daughters Patricia and Helen, and Ted Mielke visited with Mr. and Mrs. L. S. LaHatt in Pomeroy Monday evening. Mrs. Mielke and Miss Helen Mielke attended the O. E. S. Friendship night, that evening.

Mr. and Mrs. Marvin Siffow and family left Friday for a visit with relatives in Seattle and Parkland, Wash.

Mr. and Mrs. Gus Kruger and daughter Elsie spent Saturday in Spokane, and Saturday evening and Sunday with Mr. and Mrs. Kenneth Sinclair at Moses Lake, Wash.

Mr. and Mrs. Kenneth Wilken visited with Mr. and Mrs. Walter Koopp and family Thursday evening.

Mr. and Mrs. Harl Whiting were Lewiston visitors Monday, and dinner guests of Mr. and Mrs. Fred Whiting in Clarkston.

Mr. and Mrs. Herbert Schwarz and daughter were Sunday evening supper guests of Mr. and Mrs. Harold Siffow.

Ted Mielke accompanied by Ed. Schliefer of the Lewiston Orchards were business visitors in Gifford on Tuesday.

Mr. and Mrs. Walter Koopp and family were visitors in Lewiston Monday evening.

Mr. and Mrs. Henry Wendt were Wednesday evening dinner guests of Mr. and Mrs. Gus Kruger.

Mrs. John Schwarz visited with her sisters, Mrs. Ida Stoneburner and Miss Emma Hartung, Sunday.

W. S. C. S. Study Friday

The W. S. C. S. Study Group will meet Friday afternoon at 2:00 in the home of Mrs. H. C. Dickerson at Juliaetta.

LINDEN ITEMS

The Friendly Neighbors Club met at the home of Mrs. Louis Alexander on Wednesday (12th). A short lesson was presented on "What Makes a Home Happy." At the next meeting each lady will bring a contribution of cookies which will be packed and sent to the Children's Home at Lewiston. At the close of the meeting refreshments were served by Eva Grim and Jessie Erlewine.

The W. M. A. met on Thursday at the home of Mrs. Cleon McAllister. Contributions of clothing were checked, mended and sacked for shipment to the Southland Missions, so that it might reach its destination before Christmas.

Mrs. Richard Konen was a Monday evening caller at the Bill Zimmerman home.

Mrs. Bill Zimmerman, Larry Dale and Carol Jean spent Friday night in Lewiston with her parents, Mr. and Mrs. Adolph Swenson.

Mr. and Mrs. Vernon Snyder were Saturday over-night and Sunday guests of her parents, Mr. and Mrs. Bill Zimmerman.

Helmer Westling and Jimmy and Bobby West from Lewiston were dinner guests on Friday in the Erlewine home, after having spent the morning hunting in the nearby canyons.

Mrs. James Holt and children were Sunday guests of her parents, Mr. and Mrs. Ray Cuddy.

Mr. and Mrs. Lester Weaver made a business trip to Deary on Thursday.

Mrs. Pearl Alexander of Clarkston was a house guest from Saturday until Monday in the Dick Parsley home. She visited with Mr. and Mrs. Louis Alexander on Sunday.

Mrs. James Holt will begin writing the Linden news for the Gazette next week. Be sure to help her by calling your items in — early.

BIG BEAR RIDGE NEWS

Mr. and Mrs. Roy Emmett and family were Lewiston visitors Saturday.

Mr. and Mrs. A. C. Wilson were called to Spokane Wednesday by the sudden death of Mrs. Wilson's brother.

Gene Perryman spent the weekend here with his cousin, Eddie Galloway.

Mr. and Mrs. Eldon Strom and family of Troy were Sunday dinner guests at the Oscar Slind home.

Mrs. Lilly Larson and Mrs. Leon Danielson of Genesee, spent Friday with Mrs. Johanna Nelson.

The Happy Home Club met at the Community hall Tuesday. A potluck dinner was enjoyed at noon. Mrs. Huldah Clemenhagen and Mrs. Ruth Wilson demonstrated "Textile Painting," which was most interesting to all present. Mrs. Adrienne Clemenhagen, Mrs. Fred Clemenhagen and Mrs. Roy Glenn of Kendrick were guests. It was decided to send home made cookies to the Children's Home in Lewiston — the same as last year. Anyone wishing to help may contact Mrs. Verne Dunham, president, or Miss Bertina Forest, secretary. A Christmas party and exchange of gifts will be held at the home of Mrs. Oscar Slind, Dec. 16th.

Mrs. James S. Nelson's brother, Victor Anderson, passed away Monday at Clarkston, Wash., after a lingering illness.

Jake Alber of Texas Ridge, and a former resident of this ridge, is in the Gritman hospital at Moscow, where he will undergo surgery.

Cooked Foods Sale

Members of the Kendrick W. S. C. S. are sponsoring a Cooked Foods Sale on Dec. 6, in the Bowling Alley. This project was planned to raise money for postage on the boxes of clothing sent to Korea this week.

Enjoys The Gazette

In a brief note accompanying a subscription remittance, Mrs. John L. Woody, Clarkston, says in part: "I always look forward to getting the news from Kendrick and vicinity, and enjoy the paper."
