## INTERESTING NEWS BITS FROM THE SOUTHWICK AREA

### Homemakers Club Meeting

The Southwick Homemakers Club met Thursday at the home of Christine Cuddy, with Lois Thornton as co-hostess. In the forenoon the ladies were kept busy practicing plays to be presented by the Club on March 13th — if no other date is advertised.

After a delicious noon luncheon a business meeting was held. We were fortunate in having Dr. C. A. Robins call during the meeting and give us information concerning the Red Cross and partially outline the coming drive, to be held in March. Marie Kuykendall is chairman for the Red Cross drive in the Southwick area.

Following Dr. Robins talk a demonstration was given by Viola Martin and Agatha Perkins on "Washing Methods and the Uses of Soaps and Detergents and Water Softeners," etc.

Mrs. George Finke and Mrs. Virginia Cole were visitors at the meeting. Fifteen members were present.

The next meeting will be on Tuesday, March 10, at the home of Eula Davis, with Alma Betts as co-hostess.

### Pinochle Party

Saturday evening there will be another pinochle party at the school lunch room. Abner Cowger and Wayne Harris will be the hosts. Everyone come who can — bring cards, tables, and the ladies something for lunch. This will be on March 7th — and we promise all a good time.

### Other News

Marie Kuykendall, Alma Betts, Viola Martin and Mary Lawrence went to Lewiston on Friday. Mrs. Kuykendall and Mrs. Betts attended the "Leaders' Council Meeting" and Mrs. Lawrence and Mrs. Martin, the demonstration at the Washington Water Power Kitchen on the "Care and Use of Small Electric Appliances."

### Home Demonstration Week

For Nez Perce county has been set for the week of May 4-9. On May 6th the various clubs of the county will be at Southwick to spend the day. Each lady will bring a covered dish, and the ladies of Cameron, Leland and Southwick will furnish the dessert and coffee. A fine program is planned for the day, and a general "get acquainted" meeting will be held.

Mr. and Mrs. George Miller and daughters have sold their home at Southwick, and plan on leaving this vicinity in the near future. Mrs. Miller has been the school cook for the past two years, and we will indeed miss the Miller family.

Leland Marvin and Russell Perkins were business callers at Orofino on Friday.

Mr. and Mrs. Ralph Marvin and children of Teakean were Thursday evening callers in the Leland Marvin home.

Mr. and Mrs. Lloyd Randall, Jr., and son Russell of Clarkston, Wash., spent the week-end with Mrs. Randall's parents, Mr. and Mrs. Russell Perkins. Mrs. Randall's birthday anniversary was celebrated at dinner, Sunday.

Mr. and Mrs. George Wilken of Kendrick spent Sunday at the home of Mrs. Alma Betts.

Mr. and Mrs. Leland Marvin and daughter Lesley spent the week-end in Asotin, Wash., at the Clifford Thompson home, and in Clarkston, visiting at the home of Mr. and Mrs. Rip White.

Mrs. Rollin Armitage returned on Friday from Richland, Wash., where she spent a week visiting with her sister, Mrs. Duane Cox and husband. Mr. Armitage met her in Lewiston and brought her home.

Mr. and Mrs. Ira Scott and son Jimmy are moving to Moscow this week, where Mr. Scott is employed by the Kerby Vacuum Cleaner company there. Another son, Bill Mitchell, will remain here to finish his year at Kendrick High school, where he is a Senior.

The Chet McIver family are busy redecorating and remodeling their home here.

John Cuddy spent the week-end with the Rollin Armitage family.

Judy Cuddy spent Saturday night at the home of her grandparents, Mr. and Mrs. Ray Cuddy, at Gold Hill.

Television was tested out at the Aaron Wells home over the week-end. Many of the neighbors witnessed the programs.

Tom Wells of Cavendish and Mr. and Mrs. Wade Candler of Ahsahka were callers at the Aaron Wells home over the week-end.

Television was tested out at the T. J. Armitage home over the week-end, and the report is that the reception and picture were exceptionally plain.

Mr. and Mrs. Ira Scott were callers at the Leland Marvin and Russell Perkins home Monday evening — before leaving for Moscow to make their home.

Mr. and Mrs. Russell Perkins and Hazel Perkins went to Lewiston Tuesday on business. That same day George Finke hauled a tractor down for Mr. Perkins.

Your help has been greatly appreciated in gathering this column — but please keep it up. Write your news down and send it to school so that Hazel may bring it home to me. — Mrs. Russell Perkins.

Mrs. Emma Tarry has returned to her home at Cavendish, after spending the winter in Clarkston.

### Parents Of Son

Mr. and Mrs. Roy Long, Spokane, are the parents of a 9-pound 6-ounce son, born to them Feb. 28, in a Spokane hospital.

## Commercial Club Meeting

The regular monthly meeting of the Kendrick Commercial Club will be held next Wednesday evening, March 11, with the 6:30 dinner to be served at Burt's Confectionery, to be followed by a business session in the Firemen's Hall at 7:30 o'clock.

This session will continue the budget and activities planning for the season, and all members, and anyone else interested are urged to be present.

Remember: You don't have to be a member to attend any session of the organization — and all members are urged to attend and bring a friend.

## CUBS, SCOUTS, PARENTS, AT BLUE AND GOLD BANQUET

A "Blue and Gold" banquet was sponsored by the Cub Scouts and their parents at the Community church basement last Friday evening. It was the 43rd anniversary of Scouting. A pot-luck dinner at 6:30 to the 80 present, opened the evening, with Blue and Gold cakes for dessert. The tables were decorated in blue and gold, with blue and gold "Cubmobiles" as center pieces, and tiny individual "Cubmobiles" as nut cups. During the dinner hour the cooks' questionnaire was read by Mrs. Wm. Johnson. Grant Bateman, acting Cubmaster, welcomed the guests, to which Mrs. Nora Callison, P.-T. A. vice president added a welcome from the sponsors of the Cubs (P.-T. A.). Jess Mizer, Scoutmaster, introduced Mr. Michelson, executive director of Scouting, from Lewiston — who greeted and congratulated the group on their progress, and presented the Scouts with their 1953 Charter, and the ten members of the committee with pins and membership cards.

The Cubs then presented five pantomimes on events in February: Washington's birthday; Lincoln's birthday, Valentine's Day, Ground Hog Day and the 43rd Anniversary of Scouting.

Roger Nelson was then presented his "Bobcat Pin" and welcomed to the pack.

Mr. Mizer, Scoutmaster, presented the Boy Scouts with the following awards, and their mothers with miniature pins: David Johnson, First Class; Gene Foster, Gordon Garner and Darrel Craig, Second Class.

Badges went to Ray Mastott — Wild Life; Wesley Jones, Home Repair, Public Speaking, Reading and Pioneering; Gerald Heffel, Stamp Collecting and Scribe; Leonard Eldridge, Librarian; Lee Jones received his Junior Assistant Scoutmaster badge.

Mrs. Jones was presented her miniature bronze Palm.

The Cubs closed the evening with the living circle and benediction.

### Band Concert Greatly Enjoyed

The All-District Band concert, presented at the Kendrick gym on Thursday evening of last week, was greatly enjoyed by all present — although other activities cut down to a considerable extent on the number in attendance.

Bands were present from Kamiah, Lewiston, Lapwai, Kendrick, Cottonwood, Craigmont, Reubens, Orofino, Moscow, Pierce, Genesee, Grangeville, Cuddebec and Potlatch. Below we list the program:

The Star Spangled Banner, directed by Merton Merrill, Kamiah.

"Men of Ohio March," directed by J. Ross Woods, Lewiston.

"Stratosphere Overture," directed by Charles Herzberg, Lapwai.

"Fraise Ye The Lord" and "Long Ago"—Kendrick Senior Girls' Chorus, directed by Burke Sower.

"Bear Dance," directed by Elmer Stitzlein, Cottonwood.

"A New Day Overture," directed by Clayton Boyd, Craigmont.

"Because of You," directed by Bob Nelson, Reubens.

"Bombasto March".....

A fife, jug and bottle band, composed of the various band directors, presented several numbers, entertaining not only the audience, but the district band assembly as well — and encores were numerous!

"Stormy Weather," directed by Mr. Mironi, Orofino.

"Autumn Silhouette," directed by Burke Sower, Kendrick.

"Tribute to Trombones," directed by Maurice Ritchey, Moscow.

There were about 110 students present, who began arriving about 9:30 a. m. Practice began shortly after organization procedure was completed.

### Mrs. Harry Hupp Dies Suddenly

Mrs. Vivian (Harry) Hupp of Sandpoint, Idaho, passed away very suddenly from a cerebral hemorrhage on Wednesday, Feb. 25th, at her home in that city.

Mrs. Hupp suffered a stroke in September, from which her condition remained critical for some time; however, there had been a marked improvement in her health, and she seemed well on the way to complete recovery. Her death came as a severe shock to her husband, Harry, and daughter Cara Lee, and her many friends and relatives.

Mrs. Hupp had been an instructor in the Sandpoint High school for many years.

The funeral service was in charge of the Eastern Star lodge, with Rev. Harro of the Presbyterian church of Sandpoint bringing the message.

Relatives attending the services from here were Mr. and Mrs. K. D. Ingle, Mr. and Mrs. Gerald Ingle, Mr. and Mrs. Hiram Galloway, Miss Jane Racicot, a friend of Cara Lee's accompanied the Ingles.

## FARMERS' INSTITUTE MARCH 11

The annual "Farmers' Institute Day," sponsored annually by the Kendrick Commercial Club, will be held this year on Wednesday, March 11, with all meetings for men and women, scheduled to begin at 10:00.

At noon the free "Bean Feed" will be held in the Community Church basement, courtesy of the Kendrick Commercial Club.

Afternoon meetings will take up at 1:30 — also in the Kendrick gym.

This annual event is directed by Elbert McProud, Latah county agent, and Joe Thometz, Nez Perce county agent.

All farmers throughout the area, and their wives, are urged to attend.

## BASKETBALL TOURNAMENTS CLAIM LIMELIGHT INTEREST

### Kendrick Earns District Spot

Lapwai — Kendrick scored only three points in the first quarter, then hit for 60 tallies in the next 24 minutes in trouncing Winchester 63-42 in the Valley Elimination tournament at Lapwai Wednesday evening of last week.

This victory assured Kendrick a crack at the title and a berth in the Second District playoff. The loss eliminated Winchester.

The Kendrick-Winchester clash was a game of opposites. Total team scoring in the first period was but 11 points. Then Kendrick lashed out with a fast-breaking attack in the second quarter which gave it a 30-22 half-time advantage. It was 8-3 after the first eight minutes, for Winchester. Both sides were shooting frequently in the opening stanza, but they could not hit.

Ron Craig led the subsequent Kendrick attack with 28 points, a tournament record for individual scoring. Don Heath topped Winchester with 20 tallies. Both had scored 23 tallies previously to set the tournament pace.

Kendrick continued to roll in the second half and Winchester's switching defensive style and assignments could not dim the onslaught.

The count was tied at 9 and 12 early in the second frame, then Kendrick took a lead which was never questioned. Ira Havens of the winners, a substitute in this game, but a frequent starter most of the season, opened up the contest with the first of Kendrick's second-quarter scoring spurge. Then Craig began to get the range and he turned in ten points for the eight minutes. Havens bucketed nine.

Kendrick also scored later in the game on a pass and cut attack that produced several lay-ups.

### Lapwai Wins Tournament Title

Lapwai — Lapwai stilled a closing Kendrick rally for a 57-53 win and the Valley Elimination Tournament title Friday evening. Both teams will compete in the Second District tournament which opened Monday afternoon at Lewiston.

Kendrick held a 13-10 lead at the end of the first quarter, but Lapwai moved to a 16-16 deadlock in the second period and was never again headed. It was 31-21 at the intermission.

Both teams played cautiously in the opening stanza. Kendrick edged to the front with some accurate long shots. Lapwai got its fast-breaking attack in order for the next frame and led by Mickey McCormack's 11 points for that eight minutes the Wildcats got their eight point margin.

The score was tied at 2, 7, 8, 10 and 16.

Lapwai had leads of ten or more points much of the third and fourth quarters, but when Lapwai began to substitute, Kendrick began to close the gap.

Kendrick substituted liberally throughout the entire contest and two if its players who didn't start — Ira Havens and Wally Wolff — picked up 11 and 12 points respectively.

A coincidence of the game was the fact that both clubs attempted 26 free throws and both made 11 of them good.

### Kendrick Wins Opener

Pierce, Genesee, Lapwai and Kendrick won first-round victories in the Second District Class B tournament which opened at NICE gymnasium in Lewiston Monday.

Genesee pounced on luckless Clear-

water High, winning from them 82-40; Kendrick pulled away in the third quarter from Craigmont for a 60-49 win; Lapwai stopped Elk River 66-50 and Pierce eluded Nezperce in the final minutes for a 56-49 decision.

An estimated 2,000 witnessed the opening day action, where play will continue through Saturday.

Kendrick pounced out a 13-4 first quarter lead against Craigmont, then had to turn on a new third-period drive to outdistance the Cougars.

Craigmont fought back in the second stanza to cool the Kendrick attack and pick up points of its own with John Engle pacing the drive. Kendrick led 25-24 at the intermission, but Jack Bruegemann's goal in opening the third quarter gave the losing Cougars their only edge of the contest.

Walter Wolff, Al Clemenhagen and Charles Taylor talked in quick succession for the Tigers and Kendrick boomed away to a new lead that Craigmont couldn't seriously threaten. Kendrick led 41-30 at the end of the third, with Ernie Heimgartner showing the way for the Tigers in the last two periods.

Craigmont slowed Kendrick's taller players, but the smaller and faster Heimgartner couldn't be stopped. He picked up lay-ins and long shots alike and personally boomed the Kendrick tally from 32 to 38 in the third frame.

Kendrick showed more "floor fitness" and even when Forward Warren Paul turned hot for Craigmont in the final period, was able to easily weather the belated rally. Paul gathered 12 points, including five goals, in the last eight minutes and led game scoring with 20 tallies. Heimgartner and Wolff topped Kendrick with 13 each.

Kendrick's fast-breaking attack eluded Craigmont during most of the game and the winners pulled several "sneak" plays.

The Tigers posted a nifty 41 per cent shooting average, canning 25 of 60 attempted field goals, and had a 38 percent effort at the foul line for 16 of 26 tries. Craigmont managed 20 percent from the field on 15 out of 57 shots, and 50 percent from the foul stripe for 19 out of 38 attempts.

### Kendrick Bows To Genesee

Lewiston — Genesee and Lapwai whirled to victories Tuesday evening in the second District class B basketball tournament at N. I. C. E. gym.

Genesee's Bulldogs defeated Kendrick 60-46 despite the losing Tigers' Ronnie Craig, whose 27 points established a scoring record for this year's tournament play. Lapwai had to hustle all the way to escape a dogged Pierce attack, 61-55.

Two teams were eliminated in the afternoon sessions. Nezperce sidelined Elk River 64-57 and Craigmont snuffed out Clearwater high 51-43.

Genesee stymied Kendrick's offense during the last half. Only Ron Craig of the Tigers prevented a larger difference in the final score. Craig potted 15 points in the final quarter — four goals and seven gift tosses — and finished the contest with 27 markers, one more than the previous high in this tournament.

Both teams played cautiously the first quarter, with Genesee chalking up a 12-8 first quarter lead and stretching its margin to 30-18 at the half-time mark.

Then the winning Bulldogs poured it on offensively and effectively bottled up Kendrick's attack in the third frame. The Tigers suffered considerably from Genesee's ball-hawking.

Eob Bennett, Genesee guard, and Don Denler, Genesee forward, each scored six points in the torrid third

### Car Taken For "Joy Ride"

Last Saturday evening, while Don Bateman, Headquarters, accompanied his parents, Mr. and Mrs. Grant Bateman, to their ranch on Cedar ridge, his car was taken from its parking place near the city hall and evidently used for "joy riding."

On the Bateman's return Sunday morning it was discovered that the Jeep Station Wagon had been used, and in bringing it back the thief or thieves ran over a "safety island" rock in the street, tearing a hole in the gas tank and damaging the differential housing.

This is the first such incident in Kendrick in years.

The consideration was not made public.

Married men are considered to be the best listeners. It's probably another case of practice makes perfect.

## SHORT NEWS ITEMS FROM OUR LOCAL SCHOOLHOUSE

### Visit From Dept. Of Education

Allen Jeffries, director of Health and Physical Education; Wm. Sorenson, state curriculum director, and Miss Gertrude Eastman, state elementary supervisor, all from the Idaho State Department of Education in Boise, visited schools in Julianna and Kendrick, Tuesday of last week and held a clinic in the afternoon with all teachers present. This proved to be a valuable meeting, and particularly beneficial to the teachers.

### Praises Julianna Unit

Miss Gertrude Eastman, state Elementary Supervisor, praised our Julianna Six-Grade unit as being one of the better schools she has been able to visit in Idaho. She indicated that our lack of materials in certain phases was a handicap, but in comparison with many other schools we were fairly well supplied. She especially expressed approval of efforts of our district to supply the Primary department with many items that are so essential and endeavoring to get beginners started in the tedious process of learning. More stress could well be placed in obtaining additional supplementary materials, especially in the intermediate grades. She also stressed the value of classifying pupils according to their ability, and maintaining several groups, if need be, in each grade. Grouping, she especially stressed, at the primary levels. She also felt we should adopt a promotional program so children may finish the first six grades in 6, 6½ or 7 years, according to their ability to advance.

The teachers of our district were enthusiastic about the value of this clinic. Many new ideas were presented regarding the grade and high schools, some of which may be used and some of which can be evaluated in light of our own situation and used if feasible. The only regret noted was that these educational leaders could not remain with us at least another day — thus giving more time to individual conferences with the teachers of this district.

### Visits School

Jeanette Bailey, a 52 graduate of K. H. S., and her roommate, Sally Mahoney, from Baker, Oregon, visited K. H. S. Tuesday, March 3. They are attending St. Anthony's school of nursing at Pendleton, Oregon, and are visiting Jeanette's parents, Mr. and Mrs. W. Bailey, after having just had their "Capping" ceremony, Sunday. They returned to Pendleton to resume their studies Wednesday morning.

### Tigerettes Defeat Urseline

The Kendrick Tigerettes played host to the Urseline Girls Tuesday afternoon, and after the smoke of battle had cleared away the score read 25, Kendrick — 18 for Urseline.

R. Brenner of Urseline was high point with 11.

### Trip To Pullman

Charles Taylor was elected Governor of the State of Idaho for the Youth Legislature, at Pullman, Saturday, Feb. 21. Lee Jones was the alternate and is now a representative to Boise for the Student Body.

They went up to Pullman Saturday and after registration all of the schools represented were led into a room where the meeting for the day was to be held. Rev. Alden Graves gave the invocation, after which Dr. C. Clement French, President of W. S. C., gave the welcome address.

All through the day they were entertained by many speeches on different subjects of the Legislature and Youth Government.

At 10:15 Thor Swanson gave a talk on "What Should a Legislator Do?" At 10:40 they were shown a movie on State Legislature. Capt. Root then gave a talk on "What Happens in the Youth Legislature." Following this lunch was served.

Following lunch there was a student panel

**JULIAETTA NEWS**  
Oliver Clark was very pleasantly surprised on his birthday anniversary Wednesday evening, Feb. 25, by a group of relatives and friends from Moscow and Genesee, who came to call, bringing with them ice cream, angel food and devil's food cakes and fresh frozen strawberries. A most enjoyable evening was spent. He was also honored at a pre-birthday anniversary party Monday evening in the home of Mr. and Mrs. H. L. Sears, Spokane.

Mr. and Mrs. Leo Heimgartner and family of Lewiston were Sunday dinner guests of Mr. and Mrs. Oliver Clark.

Mrs. George Havens, American Ridge, arrived at the Henry Brammer home Thursday, and is convalescing there following surgery some ten days ago at Lewiston.

Mrs. Glen Hansen and sons of Potlatch were supper guests Thursday evening in the Henry Brammer home.

Mrs. Marvin Silflow and children of Camerton were supper guests Saturday evening of Mr. and Mrs. Henry Brammer.

Tom and Jewell Denner were Sunday dinner guests in the George Denner home.

Mrs. E. O. McAllister called in the Henry Brammer home Monday evening.

Rev. C. E. Lichtey of Twin Falls will preach at the U. B. church Saturday evening and Sunday morning.

Mr. and Mrs. John Frisbee, who have spent the winter in Spokane at the home of their daughter, Mrs. Geo. D. Calvert and family, are home after a nice vacation.

**V. F. W. Meetings Scheduled**  
The V. F. W. District meeting will be held on Sunday, March 8, in Lewiston, at the K. P. Hall. The meeting will begin at 12:00, with a noon meal, followed by a business session at 1:30. All ladies are asked to bring an item for the auction.

The Kendrick V. F. W. will hold initiation ceremonies in the Fraternal Temple, Thursday, March 12, with the Moscow members in charge. The Ladies Auxilliary will also hold nomination and election.

**University Band Makes Debut**  
The University of Idaho Concert band made its first appearance of the year Sunday at the annual mid-winter concert in the Student Union building, Moscow.

It was also the first concert appearance at the university for Warren Bellis, director. The program featured selections from the musical comedy "Guys And Dolls."

Roger Jones, son of Mr. and Mrs. Claude Jones, Kendrick, is a member of this organization.

## Aerial Crop-Control Is Booming Industry

25,000,000 Acres Were Treated in U.S.

A midwest wheat tract was so overrun with weeds that the farmer was about to plow it under. He decided, however, to try treating it with 2,4-D and hired an aerial crop-control specialist to apply the chemical at a cost of \$2 an acre. The result: a yield of 20 bushels of grain per acre.

Other instances: Aerial spraying of weed-killing chemicals enabled a southern cotton planter to cut hoeing costs from \$14 to \$6.50 an acre while a California citrus grower improved his lemon crop by spraying his orchards from the air.

Agricultural aviation is a booming new industry that is enabling the farmer to substantially increase

The above photograph shows aerial dusting of an orchard. This method of insect control is becoming more popular with farmers throughout the country.

crop acreage, I. J. Becnel, agricultural research director for the Freeport Sulphur Company, reports.

Becnel pointed out that more than 25,000,000 acres of U.S. crop, range and forest land were treated last year with chemicals sprayed or dusted by airplane.

Some 6,000 pilots are engaged in the aerial battle against insect pests, weeds and plant diseases. And they are doing the job faster, more efficiently and in many instances at lower cost than ground distribution of insecticides, fungicides and herbicides.

## Store Unused Tractors Under Shelter in Winter

If you want to ruin your tractor in a hurry, just let it sit outdoors, exposed to the weather, this winter.

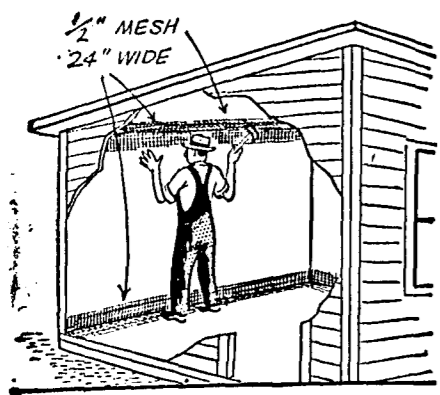

Farm machinery specialists say no amount of tough use will wear out your tractor as fast as leaving it out in the rain and snow.

Tractors are fairly expensive and may be hard to get. So, if you're not going to use your machine this winter, it will pay you well to find storage space for it in some building. Clean the machine thoroughly, especially the motor, and then store it in a dry protected place.

Block up the tractor to take the weight off the tires. Then drain the radiator, block, gas tank, fuel lines and carburetor. Put fresh oil in the crankcase and add a rust inhibitor.

Most important of all, remove the spark plugs and pour one-fourth cut of light oil or kerosene in each cylinder. Then turn the crank a few times to work the oil around the rings and pistons, and replace plugs. Cover the exhaust pipe and crankcase breather pipe with old rags to keep out dirt and moisture.

## Rodent Proof

If wire mesh is applied to joining sections of a poultry house, it will help keep the building free of rodents. The mesh is applied at the floor and ceiling line as shown in the above illustration and should be well nailed.

## Farmers Are Advised To Store Fertilizer

Farmers are still being advised to buy and store sufficient chemical fertilizer to meet their needs during the next 12 months. The supply is expected to be somewhat limited. Be sure it is stored in a dry place where there is little temperature variation, don't pile it any higher than five or six bags, and never pile it on the ground or even a concrete floor—the ideal storage place is an elevated wooden platform.

## How to Make Home Piano Appear Less Conspicuous

How to make your piano as decorative as it is musical is often a problem in home decorations, points out Mrs. Kate C. Archer, extension specialist in home furnishings, Kansas State college, Manhattan. With the introduction of the new spinet-type pianos much better arrangements are possible, as well as novel ways of placing the old upright models.

"If your upright piano has a beautiful finish and a nice grace of line it is most pleasing with no decorative articles on it," says Mrs. Archer. "If any articles are placed on top of it, they should be low ones. The horizontal picture is best above a piano.

"However, if your upright is quite undistinguished you might consider painting it the same hue as walls, or picking up the background color of the wallpaper. Pianos can be used as space dividers between living and dining rooms or may be placed in an alcove in a bedroom."

Sometimes it is satisfactory to build in a space that fits the piano with wall space on either side given over to radio or record player or book cases. Such a musical group, with chairs placed for easy listening, is a nice solution.

A piano always appears larger when it is against a narrow wall space, particularly between two doors or two windows; when the end is close to an entrance; when it is against the best-lighted or most prominent wall when it is across, or when it stands alone against a long wall without other furniture near it.

## 'Big Top' Grows Bigger, Circuses Become Scarcer

Are new dangers looming for the high wire walkers of the circus, the daring bareback riders, and death-defying trapeze artists? Yes, say the "big top's" friends, but not in the form of the ever-present risks to individual performers. The fear is that a slow process of attrition may be menacing the circus itself.

A half dozen circuses have closed during the current season. Only 10 are left of the scores which once flourished in the U.S.

America's spangled show of feats and freaks, of wild animals and wistful clowns, has had many ups and downs since it first took to railway wheels more than three quarters of a century ago. Today the paradox of the "Greatest Show on Earth" is that, while numbers dwindle and costs mount, the remaining outfits grow bigger and more spectacular.

Last year the largest of the rolling shows travelled some 19,000 miles, used 32 railroads, and gave 415 performances before nearly 3,500,000 people. It carried motorized caravans of set-up seats, and spread the world's biggest piece of canvas—30,000 square yards of it—in a tent that can now be raised by mechanical stake drivers and tractor power.

## Early Railroads

The earliest railroads in the United States were built of wooden rails capped with thin strips, or "straps," of iron to provide a running surface for the wheels. These were called "straprails." Iron rails 10 feet in length were imported from England as early as 1831. The first iron rails of American design were rolled in the United States in 1844. By 1850 most railroads were being built of iron rails. The first Bessemer steel rails manufactured in the United States were rolled at the North Chicago Rolling Mills on May 25, 1865, and by 1880 about 30 per cent of all tracks in the United States were laid with steel rails. At the end of another ten years, 80 per cent of the country's mileage was equipped with steel rails, and by the late 1890's steel had almost completely replaced iron.

## It's in the Finish

Simulated pearls are no longer thought of as imitations, but as fashion accessories, acceptable in themselves. The impression of depth and softness in a pearl is the result of light reflections from a multitude of points within the pearly film, making it impossible to focus on any single layer. In simulated pearls, this effect is conveyed by layers of crystals incorporated in the finish which is applied to plastic and glass beads. The crystals used are guanine or pearl essence crystals. They are obtained from fish scales and are only 40 millionths of an inch in thickness.

## Gregorian Calendar

In 1582, Pope Gregory VIII ordained a simple reform. Astronomers showed him that the sun-year is some 11 minutes less than 365 1/4 days. In the course of a dozen Julian centuries, spring's first day had moved forward from March 21 to March 11.

To correct this, Gregory directed that October 4, 1582, be followed by October 15, and that leap-year days be omitted in the last year of each century except years divisible by 400 (as 1600). His reform reduced the annual error to 26 seconds, which will add up to one day by about 4900 A.D.

## Wool Was Right!

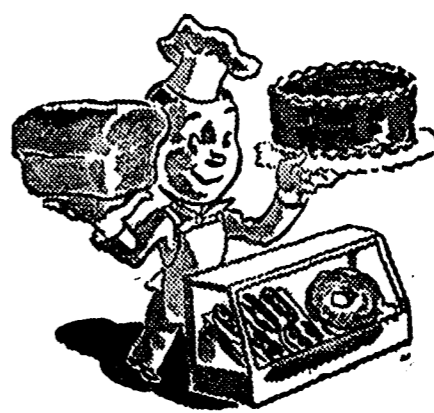

"The wool for this suit I am wearing," observed Smith, "was grown in Wyoming. The cloth was woven in Massachusetts. The thread came from England. The suit was made in Chicago, and I bought it in San Francisco."

"So, what?" commented his pretty

companion. "I don't see anything so remarkable in that."

"But isn't it wonderful," continued Smith, "that so many people can make a living out of something I haven't paid for?"

### WHAT HAPPENED HERE TWENTY YEARS AGO

The "Twenty Year Ago" items below have been in type for the past two weeks, but in each case were forced out by last-minute advertising. But "better late than never" we hope you enjoy them.

**Girls Defeat Lapwai** — In a one-sided contest with the Lapwai girls the Kendrick Girls were easily victorious, in a game played here Feb. 10, the final score being 40-6. Nettie Mae McDowell was high scorer for Kendrick, with 36 points.

**Southwick** — School was closed here Thursday and Friday, due to the severe cold and drifted roads. It is now 18 below zero! Miss Aletha Blewett spent Sunday at the home of Mr. and Mrs. Ben Cook. Russell Betts came home Friday as his school closed due to the severe cold at Craigmont — it being 40 below there! The Howard Southwick family were Sunday dinner guests of Mr. and Mrs. Given Mustoe.

**Suffers Broken Leg** — Warney May, Sr., met with a bit of tough luck Tuesday while he and Perry Mattoon and Kyle Anderson were hauling logs to the canyon. In some way Mr. May's foot became entangled in the small poles, hindering his escape from in front of the rolling log, which was about 2 feet in diameter and 50 feet long. This log rolled over Mr. May, breaking his left leg above the knee.

**Hand Amputated** — Cletis Hoisington, Juliaetta, had the misfortune to cut his left hand off about four inches above the wrist last Friday, while putting feed through a chopper. He was rushed to the St. Joseph's hospital at Lewiston where he is being treated.

**Sunday School Party** — Mrs. Roy Ramey entertained her Sunday School class at a Valentine party in her home Saturday afternoon from 2:00 until 4:30. The afternoon was spent playing games and telling stories to the children. Light refreshments were served at the close of the party. Those present were DeLos Miller, Patty McCreary, Mary Alice Dawald, Maurice Long, Gay Deobald, Donald Brown, Jeanne Flaig, Noel Thomas, June and Norma Hill and Sonny Baer.

**All Day Quilting Bee** — Several ladies spent a day helping Mrs. Manford Nutt, Juliaetta, work on a quilt. Dinner was served at noon. Those present were the Mesdames Wm. Spray, Dennis Buckalaw, Sam Gruell, Frank Spray, Cecil Gruell, Walter Cochran, Miss Thelma Spray and Lucille Gruell.

**Sustains Broken Nose** — Walter Koepf sustained a broken nose last Friday evening while playing basketball on the local floor against Lapwai. The injured member was dressed, and while it isn't likely he would take a prize at a beauty show just now, it is expected to be as good as new, shortly.

**Parents Of Son** — Mr. and Mrs. Homer Parks are parents of a baby son, who arrived at the family home in Leland for an extended stay, on Feb. 19. The little gentleman tipped the scales at 9 pounds.

**Kills Bob Cat** — While out hunting coyotes with friends last Monday, Rev. O. G. Ehlen shot and killed a nice big bob cat near the head of the Carl Koepf canyon.

**Cuts Foot** — Werner Ziemann, Southwick, received a painful injury Friday evening when he hit his foot with a pick-axe. Dr. Christensen was called to dress the wound, which required several stitches.

**Butchering Bee** — A butchering bee was held at the Harry Benscoter ranch Thursday. Those participating were Perry Mattoon, John and Verne Davis, Ben and Norla Callison, Frank, Harry and Walter Benscoter, Mrs. Davis and daughter and Mrs. Frank Benscoter assisted Ella Benscoter in preparing eats for the workers.

**Perfect Attendance** — Pupils having perfect attendance the past quarter in the Community Church Sunday School were Norma and June Hill, Patty McCreary, Teddy Deobald, Bobby Lind, Donnie Dammarell, Lavern Kite, Annabel Deobald, Dale Miller, Wayne Lind, Donald Fraser, Lois Deobald, Marie Baker, Lida Jane Carroll and Charley Deobald.

**Herd of Elk Seen** — A herd of elk was seen by Everett Fraser last Friday morning when he looked across the canyon from his place toward Big Bear ridge. The animals had evidently been driven down by the heavy snow fall in the hills. They were seen again on Saturday morning, but have evidently gone back into the timber on the higher levels. They are presumed to be part of a herd planted by sportsmen some three years ago.

**Craig-Kimberly Nuptials** — Alva Lee Craig of Lelaid and Margaret Lillian Kimberly of Southwick were married at 6:00 o'clock Tuesday evening in Clarkston by Justice E. J. Bailey. The young couple were accompanied by the groom's parents, Mr. and Mrs. Claude Craig.

### Quonset-Type Huts Meet Storage Needs 'Little Business' Answers Challenge in Grain Belt

Called upon by the department of agriculture to perform a modern miracle, "little business" in 10 midwestern states is tackling one of the biggest jobs of its kind ever undertaken anywhere in peacetime. Its Herculean assignment is the site preparation and erection of 2,300 steel buildings—each 32x96 feet or larger—at 670 widely separated locations.

The task arose with the grain belt's acute need for space in which to store the record-breaking carry-over of 1948's corn crop. In line with

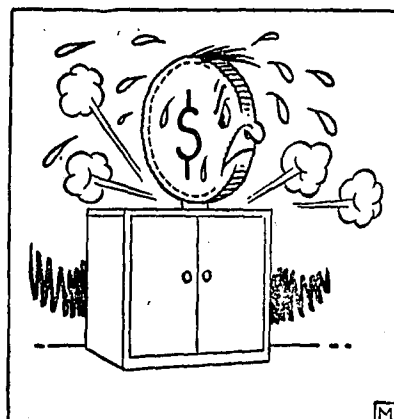

Grain being loaded into Quonset huts for CCC storage near Paulding, Ohio.

the trend toward economical "horizontal" grain storage, the department ordered Quonset buildings for a large part of the necessary new facilities. These arched steel units now are mushrooming up beside highways and railroads near farm centers through the efforts of local businesses and labor, rather than the work of transient crews employed by a few big and distant contracting firms.

Within two weeks time more than 1,100 concrete foundations had been laid, and erection of steel was under way on them in every state. The concrete work alone was roughly equivalent to laying 25 miles of highway in a time that an average road-making crew would require to put down one.

#### Sweat Down Costs

Sweat down your production costs if you want to maintain profits in these days of declining farm prices. One way to sweat down those costs is to increase your crop yields per acre. More bushels of corn and grain per acre, more pounds of meat, milk, dairy products and poultry mean lower production costs per unit. On such a basis you can make a profit even if prices slacken further.

You can get those higher yields and lower costs with good soil management. Good soil management means giving your soil a fair deal. It means supplying the soil a well-balanced ration of plant foods, so crops will be well nourished. It means building up instead of breaking down soil structure and tilth. It means "recharging" the land with soil-enriching crops at regular intervals, instead of growing soil-draining row crops year after year on the same land.

#### Dangers of Butchering At Home are Outlined

Home butchering is profitable on the farm and many rural families are replenishing their lockers, jars and pantries.

But, unless undue caution is used, home butchering can be dangerous. Equipment, too, should be used with care. All knives should be kept in a suitable place when not in use. Hoisting equipment should be checked. A tamper should be used to force meat into the grinder.

#### Attention to Details Pays Off for Hog Farms

Attention to details is the biggest reason why some hog farms earned \$2,000 more than some others during the past year.

F. J. Reiss, farm management specialist in the Illinois college of agriculture, said that 128 high income hog farms averaged \$10,200 earnings from swine last year, while 161 less-efficient farms took in only \$8,000. Extra care at farrowing, control of parasites, helped.

### American Inventions Make For Better Living Standard

During the period prior to World War II, when Adolph Hitler was building up an arsenal of weapons with which he hoped to conquer the world, a nuclear physicist at the University of Berlin had an idea for a death-ray gun.

The only thing wrong with the idea was that the inventor intended to use the death rays to kill microorganisms that spoil food. Hitler wasn't interested.

America thrives on inventions that promote health and make for better living. It provides a Patent System as an incentive for such inventions. Dr. Arno Brasch, the nuclear physicist with the death-ray idea, and his associate, Dr. Wolfgang Huber, left Berlin for New York 12 years ago.

Food is an important item of trade, here, and financial interests backed the two physicists in developing their electronic gun to the extent of a half-million dollars. They rented an icehouse on Long Island and scrounged the area for hard-to-get parts required for their electrical apparatus. The pilot model, resembling somewhat the steel skeleton of a skyscraper, began to tower toward the third-story ceiling. Near this was a cylindrical structure, tapering in sections to the top.

Out of this combination of transformers, insulators, and giant electronic tubes there protruded something similar to the muzzle of a gun, aimed straight down to hit the target directly underneath. A 220-volt house current was thus stepped up to shoot 3,000,000 volts.

It was five years ago that this amazing gun began its operation of shooting electron bullets into specimens of food.

#### Poison Deaths of Children Caused by Careless Parents

Parental carelessness plays a big part in the more than 600 deaths of children each year due to the accidental swallowing of poison, according to Dr. Jay M. Arena of Durham, N. C.

Dr. Arena is associate professor in the department of pediatrics, Duke University School of Medicine and Duke Hospital.

"Children who survive the ingestion of poison may be left with permanent disabilities," he added. "Poisons contained in household agents are responsible for most of the deaths and disabilities. If all drugs and household agents that contain poison were made inaccessible to children, such poisonings could be almost entirely prevented."

Lye, he explained, is one of the most common causes of poisoning in childhood. During the first 18 years of the Duke Hospital, more than 136 children were treated for stricture of the esophagus caused by swallowing lye. Many of these cases were due to sodium hydroxide in washing powders, drainpipe cleaners or certain paint removers. Among other causes of childhood poisonings listed by Dr. Arena are the following: strong acid, kerosene, iodine, strychnine, phenolphthalein, barbiturate, salicylate, aniline dye, lead, and mercury.

#### Farm Land Boom

Farm land prices on an over-all basis may have experienced a record rise over the last decade, but the increases varied widely as between one section of the country and another, according to figures compiled by the Bureau of Agricultural Economics of the U. S. Department of Agriculture. The boom was led by eight states, headed by Kentucky, which enjoyed increases of more than 200 per cent between the 1935-39 average of dollar farm land valuations and July of this year. More than half these states are in the South. Thirteen others, mostly in the South and Middle West, showed rises of between 150 and 200 per cent, and fourteen more between 100 and 150 per cent. The remaining thirteen showed gains of less than 100 per cent.

#### High Hat

The expression "to high hat" or be snobbish toward one of lower rank probably goes back before the days when the top hat became a symbol of wealth and social position. The rank of a Spanish lady in the latter days of the Roman Empire could almost be measured by the height of her head covering. The more important the lady, the higher her turban towered above her head.

#### Sea Food

The ocean contains enormous quantities of small plants and animals, many of them microscopic in size, which cannot swim but float with the tides and currents. These are called "plankton" and they form the principal food of various whales, as well as sharks and many other kinds of fishes. The animal plankton is said to have a nutritive value equal to the best meat, since they consist largely of protein, while the plant plankton equal rye flour. The main difficulty seems to be in harvesting. A biologist who studied the matter has said that to meet the normal food energy requirements of one person would require the animal plankton each day from a volume of ocean water equal to an area the size of a football field, and about five feet deep.

**Car Damaged In Crash**  
Last Friday evening, when returning from the Lapwai basketball tournament, the car owned and driven by Dr. Christensen, struck the rear of another car at the Spalding bridge slightly damaging the Christensen vehicle.  
The accident happened when the car in front stopped suddenly to avoid hitting a huge trailer, which was jammed cross-ways of the bridge.

I would like to thank my many friends for remembrances during my stay at the hospital. For the lovely cards, flowers and prayers I am sincerely appreciative. Words can never express how much these meant to me. — Mrs. George Havens.

Plain shelled nuts keep well in home freezers for as long as eight months if they are in moisture resistant containers. Salted nuts will not keep so long because salt hastens the rancidity of fats and oils.

Mrs. Rose Long of Pullman, Wash., spent the week-end with her daughter, Mrs. Ronald Jones and family.  
A number from the local Lutheran congregation drove to Potlatch on Thursday evening for a church business meeting.  
Mrs. O. E. Havens of Bremerton, Wash., spent Friday with Mrs. Johanna Nelson.

**MORE TOURNAMENT**

to pace the attack. Meanwhile, Kendrick managed but a single goal and a pair of free tosses — all by Craig. Denner's consistent scoring gave him 17 points, which topped Genesee. It was 40-21 halfway through the third frame, Genesee leading, but the Bulldogs didn't call on many of the reserves until the final three minutes. Kendrick was bottled up in the key by Genesee's defense and almost all of the 14 shots it attempted in the final quarter were from 25 to 30 feet out.  
Genesee shot a 25 percent average in making 17 out of 68 attempts good for field goals and connected with 26 out of 48 tries at the foul stripe for 54 percent. Kendrick hit 13 out of 56 shots from the field, a 23 percent effort, and made 20 out of 46 lifts from the foul stripe for a 43 percent mark.

# Potlatch Chief Sez

Published by the Kendrick Creamery

## HELLO, THERE, FOLKS —

Well, here it is March — and for whatever it may be worth — March has certainly come in like a lion — and it may go out like a lamb — who knows?

But in the meantime, colds and flu are almost an epidemic. If you have had one or both, it's a matter of gaining back your health. If you haven't had either, it's a matter of building up for protection — and we don't believe there is any better way than to drink lots of pure, pasteurized, "Potlatch Chief" milk. Medical authorities say a pint a day and a quart a day, for adult and child health is the minimum requirement. Are you drinking yours?

A doctor asked the woman patient her age.

"I never tell anyone my age," she answered coyly. "But as a matter of fact, I've just reached twenty-one."

"Indeed," said the doctor, "and

what detained you?"

Is that "getting tired of winter desserts" problem still with you? If so, why? There's no use worrying about desserts, when all you have to do is serve that delicious "Potlatch Chief" Ice Cream. Always keep several quarts on hand — in different flavors — and just serve the dessert that's always pleasing to young and old alike — at any time — Ice Cream.

Delicia: "I must tell you, darling, I'm engaged to Frank."

Felicia: "I'm not surprised, dear. When I turned him down last week he said he didn't care what became of him."

It takes butter to add that real flavor to hot cakes or hot rolls — and "Potlatch Chief" Butter is just the "ticket." Try it, and you'll use it always. Ask for it by name.

### WHAT CAMERON FOLKS ARE DOING THESE DAYS

**Home Demonstration Club**  
The Cameron Home Demonstration Club held a two-day work-shop at the Ladies Aid hall Wednesday and Thursday of last week, with Mrs. Helen Bowling of Lewiston, present. The time was spent in making draperies and lamp shades.

**Other News**  
Mrs. Marvin Silflow was honored on her birthday anniversary, Tuesday evening, with a pot-luck family dinner. Guests were Mr. and Mrs. Fred Silflow, Mr. and Mrs. Herman Meyer, Mr. and Mrs. Harold Silflow and daughter, Mr. and Mrs. Emil Silflow and sons, and Mr. and Mrs. Marvin Silflow and family.

Helen Mielke attended the Council meeting of the Home Demonstrator's Club at Lewiston, Friday.

Mr. and Mrs. Gus Kruger returned Saturday from Moses Lake, Wash., where they visited in the home of their daughter, Mr. and Mrs. Kenneth Sinclair, for several days.

Mr. and Mrs. John Blankenship were visitors in Moscow, Monday.

Mr. and Mrs. Glen Wegner and family were Sunday dinner guests in the home of her sister, Mr. and Mrs. Don Johnson, at Lenore.

Mr. and Mrs. Ted Weyen and family spent Sunday with relatives in Clarkston.

Mr. and Mrs. Glen Wegner and family visited in the Wilbur Tarbet home Saturday evening.

Mr. and Mrs. Ed Mielke, Mr. and Mrs. Walter Koepf and family, Ernest Brammer, Wally Newman, Roy Silflow and Cecil Brammer were among those who attended the University of Washington-Idaho basketball games at Moscow either Friday or Saturday night.

Mr. and Mrs. Roy Ramey called in the Fred Newman home Sunday afternoon.

Mr. and Mrs. Kenneth Wilken spent Sunday afternoon with Mr. and Mrs. Carl Koepf in Juliaetta.

### GOLDEN RULE

March 3 — Mr. and Mrs. Clarence Wilson and sons of Kendrick were supper guests of Mr. and Mrs. George Finke Wednesday evening. Mr. and Mrs. Finke, in turn, were supper guests of the Wilsons in Kendrick

Friday evening.  
The Southwick Homemakers Club met with Mrs. Christina Cuddy on Thursday, with Lois Thornton as co-hostess — for a very busy day. Home talent plays were practiced, Agatha Perkins and Viola Martin gave a demonstration on "Up To Date Methods of Washing and the Use of Soaps and Detergents," and Dr. Robins of Lewiston made a talk on "Red Cross Accomplishments," besides the regular business meeting. Our next meeting will be at the Eula Davis home on Tuesday, March 10, instead of the regular date of March 12, because of the election to be held that day for the "Southwick Cemetery Maintenance District."

John Pavel, D. V. Kuykendall and Russell Betts were among the Orofino visitors Thursday.

A number from our community attended the funeral of Cam W. Filley at Southwick, Wednesday afternoon.

Our community was well represented in Lewiston Friday: Mr. and Mrs. Ralph Stage and Frankie, Fred Stage, Mr. and Mrs. Roy Martin, Mr. and Mrs. Oscar Lawrence, Mrs. D. V. Kuykendall and Mrs. Betts. Mrs. Kuykendall and Mrs. Betts attended the Homemakers Demonstration Council meeting in the morning. Mrs. Martin and Mrs. Lawrence attended the Leaders Training meeting in the afternoon. Mrs. Martin remained to visit her son, Mr. and Mrs. Ishmael Martin and returned home Saturday night.

Mr. and Mrs. George Drube were Saturday evening visitors in the Oscar Lawrence home.

Mr. and Mrs. Oscar Lawrence and daughter Caroline drove to Lewiston Sunday, where they picked up Albert Lawrence and Evelyn Kazda, and all motored to Pomeroy to visit Mr. and Mrs. Lewis Kazda and son.

Mr. and Mrs. Carl Finke and family visited at the D. V. Kuykendall home Sunday afternoon.

Sunday visitors at the Alma Betts home were Mr. and Mrs. George Finke, and Mr. and Mrs. George Wilken the latter of Kendrick. Mr. and Mrs. Carl Finke and children were evening callers.

Saturday night and Sunday visitors at the Roy Martin home were Mr. and Mrs. Bruce Tarbet and children of Lewiston; Mr. and Mrs. Lyle B. Shaw and daughters and Loy Martin of Grangermont, and A 2/c and Mrs. Stanley Martin and daughter of Spokane.

Mr. and Mrs. George Finke and Alma Betts spent Monday at Camp Y with the Don Christensen family.

We understand that George Drube has sold his place to Jeter Candler.

### Publishing Service Paper

The American Legion at Lewiston is publishing a monthly news letter for service men in this area, sending out about 900 copies per issue. This letter carries the home address and camp station of soldiers, sailors and marines as they are moved from point to point or come home on leave.

The cost of issuing this letter has been borne to date by the business men of the Lewiston-Clarkston area, but as it expands, it was felt that perhaps residents of this section might like to share the burden.

If you care to help you may send your contribution to Homer Betts, 507 6th Ave., Lewiston, or leave it at the Kendrick Bakery.

### Weather Is Really "March"

Even if one did not have a calendar there could be little doubt about the time of year — for March certainly came in like the proverbial lion.

We have had rain, wind, sunshine, more wind, clear night skies, and even a bit of sleet this past week.

The temperatures at night have been dropping to from 24 to 26 above, and during the day rising to 40 to 46. The chill nights have kept the early growing flowers, shrubs and trees down a bit, which undoubtedly is a good thing.

Farmers say that to date wheat is in excellent shape, and unless the freezing and thawing become more pronounced than at present, no damage will be done.
