

PERSONAL MENTION

The week-end here with his wife and daughter in the Lester Crocker home. Mrs. Johnson and Pat returned with him to visit a couple of weeks at the home of his mother, Mrs. Eldon Johnson.

Mrs. Liddie Ameling returned home Wednesday after spending the winter in the home of her son and family in Tucson, Arizona, Mr. and Mrs. Harry Ameling.

Mr. and Mrs. Lester Crocker and son David and Ira Havens visited with Dan Crocker at Moscow Sunday afternoon.

Carl Gustafson received word on

Tuesday of the death of his sister, Mrs. Hilltenertus, of Seattle. Mr. and Mrs. Gustafson left Wednesday for that city to attend the funeral rites on Thursday.

Mr. and Mrs. Harry Judd and daughters of Moscow and Mr. and Mrs. Tom Garret of Garfield, Wash., were Sunday visitors in the home of Mr. and Mrs. Paul Lind. Mrs. Judd is Mrs. Lind's niece.

Mrs. Bina Raby left for her home in Clarkston Sunday, following a week's visit here in the Paul Lind home.

Mr. and Mrs. Lloyd Farrington and children of Cedar Ridge were overnight visitors in the home of her

parents, Mr. and Mrs. John Darby, Saturday night.

Mr. and Mrs. H. J. Pressnall and children from Three Hills, Alberta, Canada, arrived here Saturday night and will spend some time with her parents, Mr. and Mrs. John Darby.

Little Interest In Election

But little interest was taken in the village election Tuesday, as we understand only about 70 votes were cast. There were considerably more than 100 eligible to take part.

Official returns show the "Citizens Ticket" to be the winners, as follows: 4-year term — Frank Abrams 44, Hiram Galloway 38; 2-year term, Ross Armitage 54, Charles Deobald 39.

The "Independent Ticket" showed the following returns: 4-year term — Elmo Eldridge 33, Hiram Galloway 23; 2-year term, Paul Lind 22, Ben Cook 35.

Christmas Seal Sale Report

Reports on returns from the 1952 Christmas Seal Sale are now complete from the 44 counties of Idaho, it was announced this week by A. Ben Wheeler, Boise, treasurer of the Idaho Tuberculosis Association, and show that \$59,507.72 was collected to finance the work of the association for the current year.

"This is just a little short of the goal of \$60,000.00 we had set for ourselves," he said, "but it represents a nice increase over the previous year's sale, and is the largest amount contributed in any Idaho Seal Sale to date."

"Once more I wish to express the thanks of the association to all who so generously gave their support to the fight against tuberculosis by the buying and using of Christmas Seals."

Ninety-four percent of the amount collected remains in Idaho to finance the year-round program of education and information, case-finding, social service and rehabilitation, and cooperation with official and other voluntary agencies. The remaining six percent goes to the National Tuberculosis Association to maintain its consultation and supervisory services for its state affiliates, and to finance the program of medical and scientific research for new methods to combat tuberculosis.

A HEARTY WELCOME AWAITS YOU.

Bridge Luncheon

Mrs. R. L. Blewett entertained at a 1:00 o'clock luncheon last Friday in her home.

Guests included the Mesdames D. A. Christensen, W. A. Watts, E. A. Deobald, L. D. Crocker, R. H. Ramey, Estella Leith, H. C. Schupfer, John Johanson, W. L. McCreary, Ben P. Cook and Mrs. H. C. Dickerson, the latter of Lewiston.

Bridge was played at three tables with Mrs. E. A. Deobald receiving high score.

Birthday Anniversary Party

Members of the Clemenhagen family gathered at the home of Mr. and Mrs. Fred Clemenhagen for Sunday dinner, to celebrate Fred's birthday anniversary.

Those present were Mr. and Mrs. Roy Clemenhagen, Mr. and Mrs. Bob Clemenhagen and family, Mr. and Mrs. Joe Clemenhagen and family, Mr. and Mrs. Grant Clemenhagen and family, Mrs. Adrienne Clemenhagen, and the host and hostess, Mr. and Mrs. Fred Clemenhagen.

Installing Curbing

Walter Sparber and Bill Bamberg are busy these days installing a new curbing at the edge of the sidewalks on the side streets adjoining the Blewett Grocery, the Abrams Hardware, the Kendrick Cafe and Red Cross Pharmacy, and on Main street in front of Burt's Confectionery, Dick's Barber Shop and the Bowling alley.

This was made necessary when the old curbing was torn out in the street-widening operations some six weeks ago. The delay was made necessary through waiting for the ground to settle.

Attend District Conference

Mrs. Norla Callison, Mrs. F. C. Schmidt, Mrs. Geo. Brocke, Sr., Mrs. Ben P. Cook, Mrs. Andy Cox and Mrs. W. L. McCreary and Mrs. Raleigh Albright of Juliaetta attended the District Conference of the W. S. C. S., held at the Methodist church in Lewiston Wednesday and Thursday of last week.

Mrs. Norla Callison was elected a district officer — Secretary of Missionary Education. Mrs. Raleigh Albright was re-elected to the District Office of Status of Women.

Interior Redecorated

The interior of the Antelope Inn was completely redecorated last week at the hand of Carl Mattoon. Soft pastel shades of paint, with a contrasting wall paper were used. The results are most attractive.

The interior of Wayne's place at Juliaetta also underwent a complete rejuvenation at the hands of Carl Mattoon and Walter Sparber last week.

To Hold Church Clean-up

Instead of the regular W. S. C. S. Circle meeting Thursday afternoon, there will be a clean-up of the church basement.

The committee working Thursday are asked to bring the necessary equipment for washing woodwork.

The group working Friday is asked to come early and be prepared to Kem-Tone walls in the basement. A brush, or roller, clean rags and a bucket are the articles needed.

There's Music In The Air

Kendrick folk are invited to attend the third annual Choir Festival of the twelve Methodist churches in this area Sunday evening at the Lewiston High school auditorium, beginning at 7:30 p. m., April 26.

The Kendrick Community church choir, under the direction of Mrs. Dennis Racicot will be present to take part. The whole will be under the direction of Prof. Norman Logan of the U. of I.

Attend P.-T. A. Convention

Those from here attending the Idaho Congress of Parents & Teachers Convention in Moscow last week were Mrs. Gerald Ingle, Mrs. Geo. Brocke, Sr., Mrs. Wm. Johnson and Mrs. Dennis Racicot, who attended the all-day Friday session. Thursday night Mr. and Mrs. Ross Armitage and Mrs. Wm. Johnson were in attendance.

Logging Trucks Again Rolling

Logging operations are resuming in this area, particularly since the lifting of load limit restrictions on state highways.

Bridge limits, however, remain, and this tends to hold loads down to some degree.

Some highway districts remain with a posted load limit, as is their privilege.

Catches Real Fish

Saturday morning E. A. Deobald drove to just below the Lewiston dam and began fishing for steelhead. The second cast he made, he hooked one, and 25 minutes later a 35½-inch, 14-pound beauty was his.

Eddie tried again Sunday morning — but no luck.

Install New Ice Maker

Burt's Confectionery has just completed the installation of a new ice-making machine.

This new equipment produces small cube-like ice lumps for use in water glasses, soda glasses, etc., doing away with the old-fashioned chipping from large ice blocks.

Accidents On Upsurge

An upsurge of accidents, particularly those in which a car stops at a stop sign and then pulls out into the intersection in front of an oncoming vehicle, has been noted in recent weeks, the Traffic Safety director, reports from Boise.

The officials blame it all on drivers who misjudge the distance a car can roll at even relatively low speeds.

Many drivers fail to realize that cars traveling 30 miles an hour will cover 44 feet in one second. When a driver stopped at a stop sign spots a car doing 30 about 150 feet away, that car can cover 176 feet by the time the stopped car gets into the intersection. The result of misjudgment in such cases is obvious.

On side roads entering a fast inter-city highway the situation becomes doubly dangerous. A car approaching at 50 miles an hour will travel almost 300 feet in four seconds.

Most of Idaho's collision-type accidents occur at intersections. The best way to avoid trouble at these locations is to remain stopped until absolutely certain the way is clear.

Remember, a man drives as he lives. If his personal life is marked by caution, tolerance, foresight and consideration for others, then he will drive in the same manner.

Surplus Trees Available

From Vernon H. Burlison, Extension Forester at the U. of I., comes the following communication regarding trees:

Planting stock of some species was left over after all regular orders were filled. This stock has been declared surplus. Until May 5, surplus stock may be ordered without any restrictions as to its use. The minimum acceptable order is 100 trees. The price is 3c per tree, or \$3.00 per 100 for all amounts.

Send orders to the University of Idaho, School of Forestry Nursery, Moscow, Idaho. Make check or money order payable to Bursar, University of Idaho. The purchaser to pay express charges.

Trees available are: Russian olive, Siberian pea, Multiflora rose, Southernwood, Barberry, Green ash, Golden willow, Siberian elm, Scotch pine and arbovitae.

Five National 4-H Club Awards

4-H Club members in this state will be eligible to participate in five 1953 national awards programs offering medals of honor, all-expense trips to the Chicago 4-H Club Congress next November, and \$300 college scholarships, the state club office has announced.

With steadily increasing participation in these programs during the last five years, it is estimated that in 1953, 100,000 members will enroll in Farm and Home Electric; 328,000 in Field Crops; 1,000,000 in Girls' Record; 220,000 in Poultry and 68,000 in tractor maintenance.

All five programs are conducted under the direction of the Cooperative Extension Service. County extension agents will furnish complete information to any 4-H Clubber or 4-H leader.

Game Violations Come High

The state fish and game department reported this week that Conservation officers made 65 arrests for game violations during March with fines amounting to \$1,505.00.

Oneida county led the state with nine convictions, followed by Bear Lake county with seven and Caribou county with five.

The highest single fine of \$75.00 was paid by a Glenns Ferry man charged with using a set line without a license. Two Chester men were fined \$60.00 for fishing in a closed stream, and ten people paid fines totaling \$345.00 for purchasing the wrong class license.

Load Restrictions Lifted

Clarence Perryman received word this week that all load restrictions, so far as state highways in this area are concerned, have been removed.

This does not mean, however, that roads lying within highway districts may not still have the "load and speed limits" still in force.

About Government Butter

The Ashville (N. C.) News, says: "Our government now has 84 million pounds of butter in storage and is still buying it. The Wall Street Journal aptly suggests that the government declare a dividend to income tax payers so that we can all taste the stuff."

Suffers Brain Hemorrhage

Elton (Bud) Gephart, Leland, suffered a brain hemorrhage very suddenly last Thursday, while engaged in inspecting a bunch of cattle.

He is gradually recovering at his home.

Bird's Eye Fresh Frozen Foods of many varieties are obtainable at Blewett's Grocery-Market in Kendrick — and they're good. 1-adv.

CANCER COST ALMOST 600 IDAHO LIVES DURING 1952

"Cancer took the lives of almost 600 Idaho residents last year," says Helen Peterson, of the Idaho Cancer Society, Boise. "It is the second cause of death in the United States, the first cause of death among children from the most feared of all diseases. Cancer is one of the most costly diseases to cure, curb or alleviate."

On April first "Cancer Control Month" opened with an education and fund-raising drive in Idaho and throughout the nation. Money is required for public education, at this time the most potent weapon against cancer. Money is required for research, the hope of the future. Money is required to assure better and earlier care for cancer patients.

Many persons wish to leave lasting memorials, memorials which will benefit humanity and keep beloved the memory of the donor. Each year in Idaho more and more living memorials are made to the American Cancer Society.

The bereaved families are sent a card of acknowledgement from the Idaho division office, a card which tells them a gift has been made in the name of their loved one, a gift that may have the life of another.

Each individual gift is inscribed in the permanent memorial volume kept in the state office and the name of the donor, as well as the name of the person in whose memory the gift is made, is listed. At the end of the fiscal year, August, 1952, living memorials given for the twelve previous months totaled \$1,876.08.

Other persons make bequests to the Idaho division, American Cancer Society. Both gifts and bequests are tax exempt, Leo J. Falk, chairman of the Idaho division said this week.

Remember — There are no parking meters on Kendrick's streets!

TIS SPRING!

Nobody knows so much About Spring As the Editor. Subscribers call up To report The first robin. Stores run ads For seeds And baseball mitts And linament And egg dyes And layettes And scrubbing brushes. Fishermen drop in To lie Or even To leave a fish. Law officers report More Juvenile delinquency. Farmers Don't get to town Till Saturday night. People bring poems And puppies. Preachers want Advice About golfers. Salesmen Start calling. Nobody Knows so much about Spring As the Editor — and nobody Can do less about it!

— Bob Taylor.

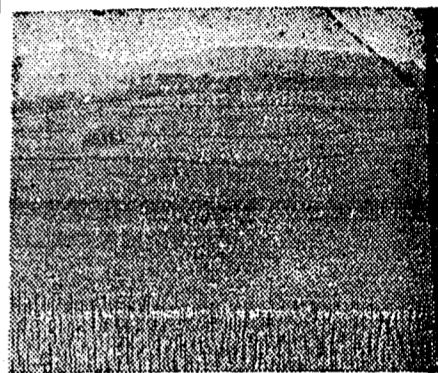

Strip Cropping Helps Hold Soil in Place

It's Only First Step In Conservation Plan

Strip cropping, an important part of soil conservation, is a good deal like putting a splint on a broken bone. The splint holds the bone in place, but it doesn't knit it. Strip cropping helps hold the soil in place, but it won't rebuild run-down fertility.

The above picture is a beautiful example of strip cropping, but it was not accomplished by mere contour plowing. It was accomplished by sound soil conservation, based on use and treatment of land with all proven, appropriate measures that are needed to keep it permanently productive while in use.

Strip cropping on a field just north of Neillsville, Wis., is a beautiful example of one step toward soil conservation.

Sound conservation means terracing land that needs terracing; contouring, strip cropping, and stubble-mulching the land as needed; along with use of supporting measures of crop rotation, cover and green manure crops and the use of the right commercial fertilizers.

No farmer should undertake a conservation program without expert advice. He should first contact any one of his soil conservation district officers and apply for assistance from his district. If he doesn't know who his officers are, he can locate the address of his district office in the phone book, or he can call his county agent. Districts help only farmers who request their assistance.

Number of U. S. Farms Lowest Since the 1890s

The number of farms in the United States has continued to decline since the end of World War II with the current total the lowest since before the turn of the century.

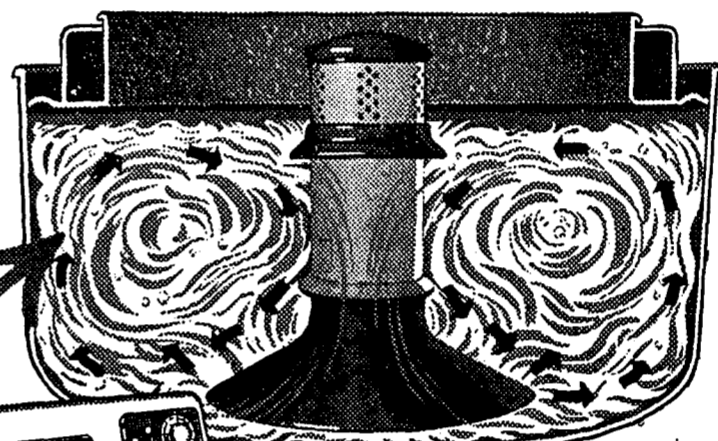

The department of agriculture reports there were fewer than 5.4 million farms in the country last year. This figure compares with approximately 5.9 million in 1945, and with the peak number of 6.8 million in 1935.

Thus the number of American farms has declined over 1.4 million, or more than a fifth, in the last decade and a half—a period in which land in farms has continued to increase and in which total agricultural production has likewise shown a spectacular increase in aggregate volume of products raised as well as in total market value.

In 1900 there were some 5.7 million farms in the U. S., approximately 350,000 more than at present. A decade before, in 1890, the number of farms was about 4.6 million.

Only FRIGIDAIRE Automatic Washer has it!

LIVE-WATER ACTION!

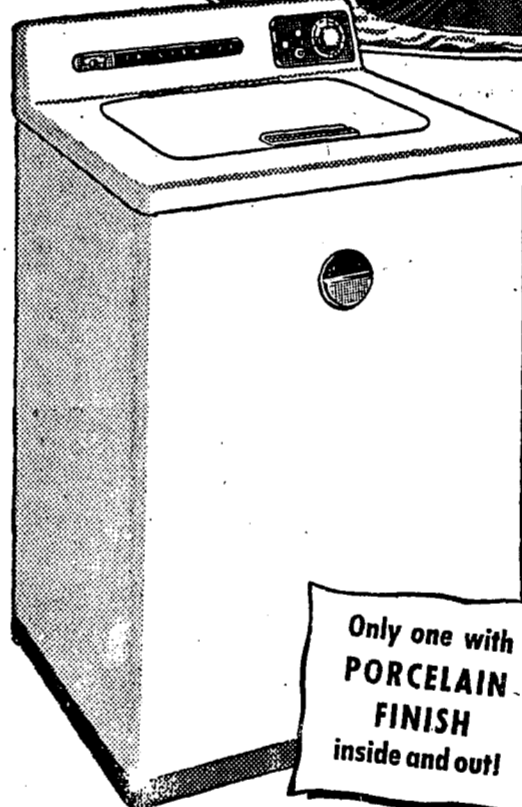

Even "deep down" dirt washes out and away with no scrubbing or rubbing by hard metal parts!

There's no rough scrubbing of clothes in a Frigidaire Automatic Washer. Clothes are submerged in water ALL the time, while rolling currents of hot, sudsy water do all the work of washing. And two fresh-water, Live-Water Rinses float all dirt away!

Abrams Hardware

PHONE 051 Frank Abrams KENDRICK

"We enjoy better living... because of W.W.P. LOW RATES"

"Since we moved to this area from a Mid-West city, our family has been able to enjoy better living in all ways—and one big reason is the low cost of our Reddy Kilowatt electric service here.

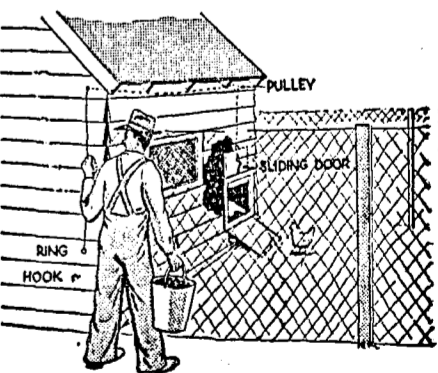

"In our home here we use electricity for cooking, water heating, and many other things that make life more pleasant and easy—and our monthly electric service bill is less than half what we expected it would be. This means we have more money to spend for food and clothing, and for other items that help make a truly high standard of living."

Electricity is the Biggest Bargain in the Home!

This is typical of letters received by the Company from folks who have compared W. W. P. rates with rates elsewhere . . . AND . . . facts and figures prove they are right! The average cost of electricity served to W. W. P. residential customers is only 1.20¢ a kilowatt hour, while the national average is 2.71¢; and the average for PUDs, despite their easy tax burden, according to latest data is 1.28¢.

The WASHINGTON WATER POWER CO.

Sliding Door

Poultry raisers can save many a step by a sliding door in poultry houses which can be operated from the outside. A small rope attached to the door by a screw eye runs to the ceiling or roof boards, along the wall, through the side of the chicken house and terminates in a ring. A hook can be attached to the side of the building and thus hold the door open.

Farm Exports Increase 14 Per Cent, Report

The agriculture department reported recently that farm exports increased 14 per cent over the preceding fiscal year. The total was placed at \$3,409,245,000. Cotton exports led the group in 1950-51 with a total of \$935,332,000,000, the second highest in 26 years. Wheat and wheat flour ranked second in value at \$747,570,000, up 9 per cent over the \$683,229,000 the preceding fiscal year.

GOLDEN RULE
 April 21 — Mr. and Mrs. Lewis Kazda and son Steven of Pomeroy spent Sunday with his mother, Mrs. Oscar Lawrence and family.
 The Don Christensen family of Camp Y spent Thursday and Friday at the Alma Betts home. On Saturday morning they went on to Lewiston.
 The Southwick Homemakers Club will meet with Mrs. Millie Harris on Thursday for an all-day session, with Mrs. Viola Martin as co-hostess. Plans will be completed that day for the Clubs' County Social Day to be held at the Southwick gym., May 6.
 Alma Betts and son Eugene called at the Abner Cowger home Sunday.
 Herman Kuykendall, Billy Mitchell and Eugene Betts were among those who attended the North Prairie Music Festival at Moscow, Saturday.
 Mr. and Mrs. Dewey McAllister and sons of Spokane spent Saturday and Sunday at the Roy Martin home.
 Mr. and Mrs. George Finke were among the Lewiston visitors Saturday.
 Mr. and Mrs. Dewey McAllister and Mrs. Roy Martin were Orofino visitors Saturday afternoon. They were supper guests of the Carl Finke family.
 The Don Kuykendall family of Lewiston Orchards were Sunday guests at the D. V. Kuykendall home. That evening Mr. and Mrs. Jack Kuykendall of Kendrick drove up, helping Denzil celebrate his birthday anniversary.
 Mrs. Leland Marvin and daughter, Mrs. Russell Perkins, and daughter were dinner guests of Mrs. Roy Martin, Saturday.
 Mr. and Mrs. Oscar Lawrence were Orofino visitors Monday. Mrs. Lawrence visited with Mrs. Leslie Bloom, where some ladies were gathering to do missionary work quilting — so she also got to visit with Mrs. Alma Thornton, who was in attendance. Mrs. Thornton is a sister-in-law of Mrs. Hattie Southwick and comes to visit her at Southwick quite often.
 Mr. and Mrs. Bob Anderson of Lewiston visited at the Alma Betts home for a short time Monday evening. They had taken her mother, Mrs. Wm. Babb, home for a few days stay. Her father is again in the St. Joseph's hospital, receiving treatment for a heart condition.

Potlatch Chief Sez

Published by the Kendrick Creamery

HELLO, THERE, FOLKS —

Well, it seems as if spring may be here at last — although the weather man is predicting rain — and that won't do a bit of harm to pastures, though it may slow up field work.

However, the weather is not our topic of conversation this week. What we are primarily interested in is the cream your cows produce — we want to buy it — you will like our money. Let's get together — what do you say?

Pupil: "Dad promised me four-bits if I got good marks in arithmetic."

Teacher: "Well! And what are you doing about it?"

Pupil: "Give me good marks and we share the four-bits!"

Now that spring seems really to have arrived, are you slacking off on your milk drinking? If you are, that's the wrong thing to do! Milk contains many of the vita-

mins and minerals recognized as essential to health — so why not continue drinking that milk and enjoy the best possible health. Always keep several quarts in your refrigerator.

"And now, gentlemen," continued the long-winded Congressman, "I wish to tax your memory!"

"Good heavens," muttered a colleague, "why haven't we thought of that one before?"

Ice Cream — Ice Cream — Sure, everyone likes ice cream. It is swell for desserts — it's tops for those snacks between meals — and just right to serve at a party. Be sure and keep your refrigerator or deep freeze well supplied with "Potlatch Chief" Ice Cream! In all the standard flavor — plus specials.

Sell us your cream!
