KENDRICK, LATAH COUNTY, IDAHO, THURSDAY, MAY 14, 1953

NO. 20

INTERESTING NEWS BITS FROM THE SOUTHWICK AREA

Entertain Homemakers Clubs The Southwick Homemakers Club, as hostess, and the Leland and Cameron Clubs, as co-hostesses, entertained the Homemakers Clubs of Nez Perce county and their friends on Wednesday, May 6, at the Southwick gymnasium.

After a general get-together in the forenoon a delicious dinner was served, the tables in the gym, literally groaning with their load of good things to eat.

In the afternoon, a program was presented by the various clubs. The Club presidents gave talks telling of the accomplishments of their various groups for the past year. This was followed by a "Feit Talk" by Miss Mildred Haberly, State Home Demonstration agent.

The general program, which followed, was: Leland group—Reading by Ruth Tarbet, song by Mrs. Christenson; Cameron—group singing; reading by Helen Mielke; Gifford—Reading by Mrs. Herman Stolte; Stony Point—reading by Lois Johnson; Myrtle—skit by four club women; Lapwai—skit and a piano duet; Culeseac, a skit; Lewiston Orchards—skit and songs by Mr. C. E. Gibler in the Scotch dialect.

Two men and approximately 180 women attended the gathering. The men were Art Ketchum and C. E. Gibler of the Lewiston Orchards.

Two of our guests were from the state of Washington—Georgette Kinard of Yakima, and Mrs. Loren Radloff of Seattle. Mrs. Kinnard is a sister of Mrs. Gifford Brown of Teakean.

The hall was beautifully decorated in evergreen and spring flowers, with the table settings in pastel colors and flowers. Cameron furnished the corsages of baskets with evergreens, and a spring flower, to designate each club.

Children Enjoy Outing The Southwick grade school children, accompanied by Mrs. Alice Tarry, Mrs. Winifred Kluckholm and Leland Marvin, who did not attend the track meet at Lapwai on Friday, went on a field trip to Lewiston.

In the forenoon they visited the air port and saw a transport plane land and take off.

After a picnic luncheon in the park they visited the telephone office and talked over a voice recorder. From there they went to fire station, and while there a fire alarm sounded, so the children saw the men in action. They went through the Lewiston Tribune office and then on to radio station KRLC. Then they went to the Coco-Cola plant to watch them manufacture and bottle "Coke" and drank their fill. It was a very full day for students so young—but a most thoroughly enjoyable one.

Southwick School Picnic The Southwick School Picnic will be held on Wednesday, May 20th, and all the parents and friends are invited to come. Lunch will be pot-luck at noon. Everyone try and come.

Homemakers Club Southwick Homemakers Club members making the county club tour on Friday were Rachel Armitage, Ruth Armitage, Virginia Cantrell, Alma Betts, Marie Kuykendall, Mary Lawrence and Lois Thornton.

To Have Booth The Southwick Homemakers Club will sponsor a booth at the Kendrick Table Supply on Parade Day, May 16.

Baked items and coffee will be featured.

Other News I wish to apologize to Barbara Hepler for not including her name in the list of those who worked so diligently to prepare the gym and later clean it, after the gathering on Wednesday.

Guests at the Millie Harris home for dinner on Sunday were Mr. and Mrs. Charles Harris and family, Mr. and Mrs. Virgil Harris and family of Southwick; Mr. and Mrs. Earl Harris and family of Pullman, Wn.; and Mr. and Mrs. George Brocke, Jr., and son of Kendrick.

Guests on Thursday night to enjoy the television in the home of Mr. and Mrs. C. A. Cuddy were Mr. and Mrs. Dick Cuddy of Kendrick; Joe Cuddy, Mr. and Mrs. Russell Perkins and Hazel Perkins of Southwick and Mrs. William Elliott of Lewiston.

Rev. and Mrs. A. G. Wheeler have gone to California for a two-week trip. While they are away G. W. Benjamin will fill the pulpit. Next Sunday the Gideons will have charge of the services at the Southwick church.

Mr. and Mrs. Russell Perkins went to Lewiston on Saturday. They were accompanied home by their grandson, Russell I. Perkins.

Mrs. William Elliott has returned to her home in Lewiston after spending several days at the home of her daughter, Mrs. Russell Perkins.

Mr. and Mrs. Lloyd Randall, Jr., and son, spent the week-end at the Russell Perkins home.

Mr. and Mrs. Pete Spekker and son were guests of Mr. and Mrs. Jack Mustoe for the week-end. They are from Lewiston.

Thursday evening callers at the Virgil Harris home were Mr. and Mrs. Russell Rodgers of Cameron.

Millie Harris went to Nez Perce, Idaho, on Tuesday, to visit at the home of her son, William Harris. Her grandson, Donald Harris graduates from high school there this week. He is the salutatorian of his class.

Sunday Mr. and Mrs. Aaron Walls, Mr. and Mrs. Tom King and family of Southwick; Mr. and Mrs. James

Spending Leave At Home

Cpl. Herbert Pederson, U. S. M. C., son of Mr. and Mrs. Al. Pederson, Southwick, is enjoying a brief leave at his home here.

Cpl. Pederson has been in training as a radio operator at Camp Lejeune, North Carolina, and was transferred to Camp Pendleton, Calif. He arrived home May 3, and has to be in Camp Pendleton on May 22. He is a radio operator.

Herb, says things certainly are different around Kendrick than when he left—for all the fellows his own age are either in the army or away at school.

PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Word has been received from Mr. and Mrs. Jack Heacock, former well-known residents, that they have moved from Forterville, Calif., to Burbank, Calif., and may be found by their old friends at 919 N. San Fernando Road, Burbank, Calif.

Mr. and Mrs. Nolan Weeks and family moved last week from the apartment in the Fraternal Temple to the ranch on Texas ridge.

Linda and Janey Watts of Moscow are here this week spending several days with their grandparents, Mr. and Mrs. W. A. Watts and Mr. and Mrs. E. A. Deobald, while their parents are on a trip to Canada.

Mr. and Mrs. Teddy Deobald and children of Richland, Wash., spent the week-end here with their parents, Mr. and Mrs. E. A. Deobald and Mr. and Mrs. E. M. White and family.

Mr. and Mrs. Roy Long and children of Spokane came down Saturday to spend Mother's Day with their parents, Mr. and Mrs. Edgar Long.

Dr. and Mrs. G. W. McKeever left Sunday for Portland, and will go on to Eugene to visit their son-in-law and daughter, Mr. and Mrs. Clyde Daugherty, Jr., and family.

Mr. and Mrs. John Platt, Mr. and Mrs. E. J. Platt and daughter, Mr. and Mrs. John H. Platt and family of Pierce; Mr. and Mrs. Ralph Tuttle of Lewiston, and Mr. and Mrs. Stanley Gilson and family of Lewiston picnicked at Spalding park Sunday in honor of Mother's Day.

Lois Platt is all at her home, suffering with tonsillitis.

Mr. and Mrs. Hiram Galloway drove to Ephrata Friday evening to stay over-night with the Loyd Israel family. They returned Saturday bringing their grandchildren, Eloise and Bobby home with them for a visit. On Sunday all were dinner guests at the home of Mr. and Mrs. K. D. Ingle on Big Bear ridge.

Among those attending the Mother's Day festivities at the U. of I. over the week-end were Mr. and Mrs. E. T. Long, Mrs. Ed. Mielke, Mrs. Oscar Slind, Mr. and Mrs. Andy Cox and Mr. and Mrs. W. L. McCreary.

Mr. and Mrs. W. L. McCreary, accompanied by Jim Armitage and Gary Emmett, drove to Moscow on Thursday evening to witness the Hell Divers aquatic show at the University.

Mrs. Estella Leith took the train for Lewiston Friday where she joined her granddaughter and family, Mr. and Mrs. Don Kuykendall, all going to Coeur d'Alene to spend Mother's Day with Mr. and Mrs. I. Flaig and Mr. and Mrs. Bob Spencer.

Maribel Schupfer, who has been employed for the past several months as a reporter on a Coeur d'Alene paper, has resigned that position and is now employed by the Idahoan at Moscow as a "roving reporter."

Mrs. Ernest Freytag returned Sunday from a vacation of a week that took her to a family reunion at Mt. Vernon, Wash., on Wednesday. The trip was made via Spokane, where she joined her sister, Mrs. June Probstfeld, thence on to Seattle and Mt. Vernon. There were 17 at the family reunion, the first time in 11 years that all had been together.

There were four girls and two boys present. Coming the farthest was Dr. L. W. Hazeltine, who visited on his way home from the Industrial Health Conference, Seattle. Dr. Hazeltine operates the Hazeltine Laboratories in Falls Church, Va.

Mr. and Mrs. Ben P. Cook received a copy of the "Transmitter," a weekly publication under the supervision of the "Troop Information and Education Center," Camp San Luis Obispo, Calif., from their son, Ben, in which there was a picture of Benny, with two other service men, using the typewriter to record Morse code. Another picture showed Jack D. Lohman, with a buddy, making with the shovels—"sons of toil—moving tons of soil!"

Mr. and Mrs. Ben P. Cook had as dinner guests Mother's Day their daughter and children, Mrs. Harold Goff, Steve and Rickie of Genesee. Mr. Goff went on to Pomeroy to a baseball game, and Mr. and Mrs. Ervin McGeachy and children.

Mr. and Mrs. Elmer Bechtol and daughter, Mrs. Bill Wynn and two children of Seattle, arrived Friday to visit Mrs. Bechtol's mother, Mrs. Mary Deobald, and other relatives.

Miss Maribel Schupfer was a week-end guest in the home of her parents, Mr. and Mrs. Otto Schupfer. She is now employed at Moscow.

Mr. and Mrs. Thomas Brown and daughter of Seattle spent the week-end here with their parents, Emulus Brown, and Mr. and Mrs. Harry Baker.

Mr. and Mrs. Louis Wright have given up their recent business venture of furnishing baked goods for two Lewiston stores, and are now back on the job in Kendrick—full time!

Mr. and Mrs. Richard Fry, a 7-lb

6-oz. son, born Monday, May 11.

Mother's Day Silver Tea

The annual Mother's Day Silver Tea took place at the Cameron hall on Saturday, May 9. The tables were decorated with large bouquets of spring flowers in gay and pastel colors. The large serving table was covered with a lace cloth and the center piece was made up of dainty flowers and white candles.

Those taking part in the program were Mrs. Theo Meske and Mrs. Fred Newman, who gave readings. Betty Blankenship and Mary Meske, solos; Leone Parks and Karen Penland, a duet; Loeda Meyer, Carolyn Davis and Jillian Wegner, poems; Mrs. John Blankenship, Mrs. Homer Parks and Mrs. Walter Silflow, a song; Mrs. Marvin Silflow, Mrs. Emil Silflow and Mrs. Harold Silflow, a playlet. Mrs. Henry Wendt lead in prayer.

Then a recording, made in India and sent home by Miss Dorothy Meyer, a missionary in that country, was played. It included songs and speeches in the Telegue language by the natives.

The three youngest mothers, Mrs. Marvin Silflow, Mrs. Herb. Schwarz and Mrs. Dan Sullivan, poured.

The four eldest mothers present were seated at a special table and were served first.

Around \$28.00 was given, which will be sent for India women's work. About 50 women and girls attended. Rosalie Blankenship, Marguerite Silflow and Linda Roach were in charge of the afternoon.

New Arrivals

Three new arrivals are registered at the Davidson Nuring Home, Kendrick, as follows:
Mr. and Mrs. Harry Roach, a 5-lb, 9-oz. boy, born Saturday, May 9.
Mr. and Mrs. Howard Hoffman, a 12-lb, 6-oz. boy, born Monday, May 11.

Mr. and Mrs. Richard Fry, a 7-lb 6-oz. son, born Monday, May 11.

Word From Bud Gephart NEWSY ITEMETTES FROM AMERICAN RIDGE AREA

From the Veterans hospital in Spokane comes this word from Bud Gephart:

"I'm improving as fast as could be expected, I'm leaving for Seattle Tuesday (12th) for further X-ray, and if they have to operate will remain in Seattle. If not, will return to the Vets' hospital in Spokane, and then will be returned to stay with sister for a while before returning home.

"My sister, Mrs. Minnie Leyde, will accompany me to Seattle. — Sincerely — Elton (Bud) Gephart."
Note: Mrs. Leyde resides at E2608 Drainard Rue, Spokane, 14, Wash.

SHORT NEWS ITEMS FROM OUR LOCAL SCHOOLHOUSE

To Present Play A comedy in three acts, "Aaron Slick From Punkin Crick" will be presented by students of Kendrick High School on May 16, at 8:00 p. m., in the Kendrick gym. Included in the production will be the "Bovary Bums" and the "Gravel Girls."

The five musical numbers, all "oldies" are: "My Sweetheart's the Man In The Moon," "All I Ask of You Is Love," "She Could Have Seen Better Days," "Ezekial Saw De Wheel" and "I Ain't Nobody's Darling."

Advance tickets are now on sale at the Gift & Variety Store.

Class E, Girls: Pamela Potter, 1st, running.

Class E, Boys: Lyle Parks, 2nd, running; Bruce Clemenhagen, 3rd, running.

Class F Girls: Pamela Potter, 4th, baseball throw; Vickie Tarbet, 1st, relay race; Pamela Potter, 1st, relay race.

Class F Boys: Mike Tarbet, 4th, high jump; Gene Foster, 3rd, relay race.

Seventh Grade: — Richard Weber, 1st, shot put, 2nd relay, 2nd running broad jump, 3rd 100-yard dash; Ray Lockett, 2nd, relay race; Gene Foster, 2nd, baseball throw, 2nd relay race; Paralee Bigham, 2nd, relay race; Carol Onstott, 2nd, relay race; Paige Craig, 3rd, relay race.

Eighth Grade: Karen Nelson, 2nd baseball throw; Dixie Gee, 3rd relay race, 4th 100-yard dash; Nita Benschoter, 3rd relay race; Mary Lohman, 3rd relay race; Eddie Corkill, 2nd relay race; Gary Gertje, 2nd high jump; Darrell Brocke, 2nd high jump, 2nd relay race; Marjorie Ingle, 1st baseball throw, 2nd relay, 3rd 100-yard dash.

Southwick School Winners The Southwick School also sent a group to the Lapwai Track Meet, and came back with some very good results, as follows: Doug Harris, 4th, 80-yard run. Dennis Lohman, 2nd, shot put. Judith Craig, 2nd, 80-yard dash. Diane King, 2nd, relay race. Sharon Lohman, 1st, relay race, 3rd in baseball throw. Alice Wright, 2nd in 60-yard dash.

Parents Of Son Mr. and Mrs. Henry Wendt have received word of the birth of a 7½-pound son, May 9, to Mr. and Mrs. Frank Herbert of Twisp, Wash. (nee Esther Wendt). The new arrival has been named Steven Randall.

Other News Mr. and Mrs. Ernie Andrews and family of Lewiston; Rayner and Charles Havens and Orline Brammer of Juliaetta were Sunday afternoon visitors of Mr. and Mrs. Walter Bigham—watching TV.

Mr. and Mrs. Don Benschoter and children, Sherry and Dana of Craigmont; D. V. Gardner, Mr. and Mrs. Allen Gardner, Mr. and Mrs. Ray Coon and family, Janice and Rae, all of Peck, and Mr. and Mrs. Ed. Kent were Sunday dinner guests of Mr. and Mrs. Frankie Benschoter, Dr. and Mrs. Dan Guy of Lewiston were evening guests.

Mr. and Mrs. Henry Brammer of Juliaetta; Mr. and Mrs. Werner Brammer and Rhonda; Mr. and Mrs. Bill Brammer and daughter Oraline of Juliaetta, and Mr. and Mrs. Ernest Brammer of Southwick were Sunday dinner guests in the George Havens home.

On Sunday the families of Mrs. Mary Deobald gathered at her home for a pot-luck Mother's Day dinner—a total of 30 being present: Mr. and Mrs. Tom Keene and family of Kendrick; Mr. and Mrs. W. A. Deobald and family of Pullman; Mr. and Mrs. Teddy Deobald and children of Richland, Wash.; Mr. and Mrs. Chas. Deobald and son; Mr. and Mrs. E. A. Deobald and granddaughters Janey and Linda Watts; Mr. and Mrs. Elmer Bechtol and Mrs. Bill Winn and two children of Seattle; Mrs. Elsie Deobald and Gay Deobald, Mr. and Mrs. Otto Schupfer, Mr. and Mrs. Walter Meyer and children, all of Kendrick, and Miss Maribel Schupfer, Moscow.

Mr. and Mrs. Elmer Bechtol and daughter, Mrs. Bill Winn, and her two daughters, all of Seattle, were Monday visitors of Mrs. Mary Deobald.

Mr. and Mrs. Warney May, Jr., were in Lewiston on business last Thursday.

Gary Lohman was a Monday night guest of Ira Havens. Bruce and Joy Davis spent Tuesday afternoon with Mrs. George Havens, while their mother, Mrs. Wayne Davis, attended the Club's tour of the University campus at Moscow.

Mr. and Mrs. Warney May, Sr., of Lewiston, are visiting at the home of Mr. and Mrs. Warney May, Jr., for several days. Paralee Bigham spent Saturday night with Jean Jones, near Cameron, and Sunday night Jean was a guest of Paralee.

Mr. and Mrs. Harry Benschoter were Thursday evening callers in the Walter Bigham home. The time was spent watching TV. Sunday dinner guests of Mr. and Mrs. Walter Benschoter were Mr. and Mrs. Arlie Armitage, Mr. and Mrs. Dick McCall and daughter Lynda of Kendrick; Mr. and Mrs. Jack Benschoter of Pullman and Frank Holsington of Stony Point.

Rev. and Mrs. F. C. Schmidt of Kendrick were Monday evening callers in the Norla Callison home. Mrs. Norla Callison and children attended the Cub Scout Circus in Lewiston, Saturday. Mr. and Mrs. Andy Cox, Mr. and Mrs. Ed. Kent, Mr. and Mrs. Otto Schupfer, Mr. and Mrs. McAllister, Mrs. Norla Callison and children and Rev. and Mrs. F. C. Schmidt attended the pot-luck supper on Big Bear ridge Thursday evening. Those from the Hi-Hope Club going to tour the University of Idaho campus Tuesday for Home Demonstration Week were Mrs. Andy Cox, Mrs. Wayne Davis, Mrs. Ed. Kent, Mrs. Otto Schupfer, Mrs. E. O. McAllister and Mrs. M. C. Halliday. Refreshments were served at the new Home Economics building. Mr. and Mrs. Wayne Davis and family were Tuesday evening supper guests of Mr. and Mrs. Bob Smith. Mr. and Mrs. Bill White of Kendrick were Thursday evening callers of Mr. and Mrs. Frankie Benschoter. John Davis, former ridge resident, who underwent an operation for hernia at the Cottonwood hospital some two weeks ago, has been quite ill, but is somewhat improved at this writing. Mr. and Mrs. Wayne Davis and family were Sunday dinner guests of Mr. and Mrs. Burt Davis in Pullman, and supper guests of her mother, Mrs. Fockler, also at Pullman. Teddy Havens, accompanying the young people of Juliaetta and Cameron, attended the Luther League meeting and banquet in Lewiston Sunday afternoon. Mrs. Norla Callison and children and Ben Callison were Monday evening callers at the Harley Eichner home. Mr. and Mrs. Jack Driscoll of Driscoll ridge were Thursday visitors at the Harley Eichner home. Mrs. Harry Benschoter went to Peck Saturday and stayed over Mother's Day with her parents, Mr. and Mrs. Dan Lyle. Mrs. Walter Benschoter was a Tuesday morning caller of Mrs. Harley Eichner. Your reporter wishes to thank all of you who remembered to call her with your news. It certainly is a big help. Won't you please keep it up?

### PERSONAL MENTION

Mr. and Mrs. Louis Lindquist spent Sunday in Moscow with relatives. Mr. and Mrs. Claude Craig of Marysville, Wash., spent part of last week here on business. They also visited in the Burton Souders and Ervin Swenson homes. Mr. and Mrs. Ervin Swenson were in Moscow Friday, where they picked up Tony Kirchnopf, and brought him down here where he was a week-end guest in their home, returning to Moscow, where he is receiving medical treatment, Sunday. Word has been received that Mr. and Mrs. Vernon Snyder of Lewiston Orchards (nee Virginia Zimmerman) are the parents of a 7-lb. 13-oz. son, born Tuesday evening at the St. Joseph's hospital. He has been named William Russell.

### Ton-Mile License Warning

From E. Dan Pederson, assessor, Moscow, comes this warning to all farmers who may wish to register their trucks on the ton-mile basis: "Truck owners desiring to register their trucks on the ton-mile basis should apply for their license at least two weeks before they are going to use the vehicle. The application should be made directly to the Department of Law Enforcement on the forms sent to the truck owner from Boise. The farmers who were registered last year on the ton-mile received the form, but if they don't have one they may pick it up at the Assessor's office. The fee is \$2.50 for truck plates and \$2.00 for trailer plates, plus the \$20.00 deposit, or the difference between \$20.00 and what they have left over from 1952."

### Friendship Club Activities

The Evergreen Friendship Club will hold their meeting in the park Wednesday, May 20. The program topic is "Short Cuts in House Keeping." If it should rain, the group will meet with Mrs. Kirk Wilson. The Club attended the "Tell Your Neighbor Day" on Wednesday, May 6, at Southwick, and on Big Bear ridge the evening of May 7, as part of National Home Demonstration Week. Friday, May 8, a tour of new homes was enjoyed, and on Tuesday, May 12 some members, with other club members of Latah county and Whitman county, Wash., made a tour of the University of Idaho campus.

### Completes Basic Training

Camp Roberts, Calif. (Official) — Pvt. Donald E. Millard, Kendrick, Idaho, graduated with fellow members of his company as they completed basic infantry training here this week. Pvt. Millard was a member of Btry. C, 31st AAA-AW-BN, of the 7th Armored Division. He is a son of Mr. and Mrs. Floyd Millard, Kendrick. During the 16-week course, the soldier learned the duties of an infantryman in combat. Pvt. Millard also went through training maneuvers involving actual small arms and overhead artillery.

### Move To New Home

Mr. and Mrs. Ervin McGeachy and family moved last week-end to their new home in the west part of town, purchased some weeks ago from Mr. and Mrs. Walter Meyer. The Meyer family leaves this week for a visit with his parents in Indiana, and will then go to California to make their home.

### SOUTHWICK NEWS

Reece and family of Cavendish, and Mr. and Mrs. Wade Candler went to Kamiah to spend the day at the home of Mr. and Mrs. Don Rogers. Mr. and Mrs. William Daggert of Lewiston were guests Sunday at the home of Mr. and Mrs. Lloyd Thornton. John Jennings of Salida, Calif., is visiting at the home of his parents, Mr. and Mrs. William Jennings. Other guests at the Jennings home for the week-end were Mr. and Mrs. Don Candler and family of Bovill, who also visited at the Abner Cowger home. Guests at the home of Mr. and Mrs. D. V. Kuykendall on Sunday evening were Mr. and Mrs. Lloyd Randall, Jr., and son Russell, and Mr. and Mrs. Russell Perkins and daughter Hazel.

Word has been received from Boise that Gov. Len Jordan has appointed Denzil Kuykendall, Given Mustoe and Tom Armitage to the Southwick Cemetery District board. Sunday evening guests in the home of Mr. and Mrs. Leland Marvin were Mr. and Mrs. Andrew Marvin, Homer Marvin and Connie Daniels.

### Weather Clear, But Cool

The weather the past few days has been spring-like in many respects — but plenty chilly at night. In fact, Monday morning local thermometers recorded almost unprecedented lows for this time of year. Frank Crocker reporting that the one at his home read 32 at a few minutes past 5:00 in the morning! Tuesday morning the roofs again were white with frost, although the reading was about 33 degrees. Gardens in the canyon are growing rapidly, but on top the hills are reported at a stand-still, it having been too cold for proper growth. Farm work is making good progress again, after a lay-off of about five days, occasioned by the heavy rain.

### New Sidewalk And Curbing

Walter Sparber, assisted by Ervin Swenson, Manning Onstott, Charley McCarthy and others, has just completed the installation of a new cement sidewalk and curbing on the side street adjoining the Fraternal Temple.

It is a big improvement over the old, rough and curbside one that formerly occupied the space.

### Bible School Coming

The Community Church will hold Vacation Bible School in June, the date to be announced later. Watch for further announcements and plan to send the children.

### Undergoes Transfusions

Mrs. John Glenn was taken to the St. Joseph's hospital in Lewiston Friday, where she underwent blood transfusions. At latest report she was improving.

### SCHOOL NOTES

4th in baseball throw. Seniors Return The Seniors and their chaperons left on their annual "Sneak" last Thursday afternoon, arriving at the Bar M ranch near Pendleton, Oregon, about 9:00 that evening. All report a wonderful week-end.

Highlights were horseback riding, swimming in a heated pool and old-fashioned square dancing in the evening. Of course good meals served family style in the big rustic dining room kept up morale. All returned Saturday afternoon.

Parents and teachers making the trip with 21 Seniors were Mr. and Mrs. Ben P. Cook; Mrs. Gordon Peters; Mrs. Ervin Lohman; Mrs. Eugene Taylor; Mrs. Cecil Gruell, and Mrs. Wm. Bamberry, who went as far as Milton-Freewater, where she fopped off to visit her brothers. Mrs. Cook took her place in that car from that point on.

Tigers Lose Ball Game Last Friday the ball game with the Lewiston Frosh, played at Lewiston, was won by Lewiston 11-6. Roger Christensen made the only earned run.

### New Library Books

Kendrick High school library boasts with pleasure of two new reference books, namely "Bartlett's Familiar Quotations," 12th edition, revised and enlarged. This book is a collection of passages, phrases and proverbs, traced to their source in ancient and modern literature by John Bartlett — and the other book is Webster's Biographical Dictionary, which includes 40,000 concise biographies of noted men and women of all countries — historical and contemporary — from every field of human activity, presented within the covers of a single volume, complete with name pronunciations.

### Tigers Win Double-Header

Tuesday afternoon the Tiger nine went to Troy for a double-header with the Trojans, winning both encounters — the first by a score of 25-2; the second 6-4.

Good going — Tigers!

### Parade Day Forecast

From all indications at this time Parade Day — next Saturday, May 16, should be an excellent one, despite the fact that many farmers will be very busy in the fields. We have the promise of one outstanding drill unit — The "Pershing Drill Team" of the R. O. T. C. from the University of Idaho, under command of Lt. Col. Aaron E. Blewett. We understand the Spalding '49ers are also scheduled to appear — and the Lapwai and Kendrick V. F. W. Posts will parade — as well as the Cub Scouts and Boy Scouts.

In connection with the above, who will carry American flags — we want to remind all men not in uniform that it is customary to remove the hat and holding it in the right hand, place it over the heart.

Of course there will be music by the Kendrick High School band under the direction of Burke Sower for the parade.

We understand there are to be many commercial entries.

The committee in charge this year consists of R. L. Blewett, chm., Ross Armitage and Mike Hedler. For information of any kind regarding this day, contact any one of these three.

### Right Of Way Purchased

We understand that purchasing of the right-of-way for the new Bear creek bridge and approaches in the east part of Kendrick was completed by a state purchasing agent last week, and work is to begin within 40 days on this project.

The J. G. Travis home was purchased outright, and then given back to Mr. and Mrs. Travis to move or dispose of as they might see fit.

The Irven Swenson home is to be moved back toward the hill several yards, and the Arthur Foster home forward toward the railroad track.

The other homes in that area, all small, are either to be moved slightly or torn down. The approach takes off in an "S" shape just below the Elton Wilson home, then swings back toward the hill and into the bluff, and thence "straightens out" for the 140-foot long bridge, which comes in at the rear of the home of Mrs. Dave Gentry and then angles into the present highway.

Mr. and Mrs. Jack Travis have decided to move their home rather than sell it. They have chosen as the new site the location across the street beside the Ed. Brown home.

### Signs Of Spring For Motorist

People will drive farther, and more frequently, with the coming of spring. The driver will see more motor scooters and bicycles than during the winter months.

Fedestrian traffic will certainly increase with the arrival of pleasant spring weather. More children will be found playing in and near streets.

The sudden increase in traffic will put the smart motorist on guard. He'll realize that he must watch, not only his own driving and walking habits, but for the possible mistakes of many other drivers and walkers, too.

The pointers for safe driving in the weeks ahead are brought to your attention by the Traffic Safety Division. They'll all add up to this: That each season brings its own problems to threaten the well-being and safety of the motorist who becomes lax and careless in his driving. The answers to these problems are: Slower speeds, greater alertness and the use of sound judgment.

### Purchase At Grants Pass

A brief note from Mr. and Mrs. Clarence Hund, former Kendrick residents, says in part:

"Seems we need our address changed again. We moved down here April 30th (Grants Pass). We have purchased the Rose Motel, south of Grants Pass, on Highway 99. If any of our former friends go through here we would appreciate having them stop, even if only for a few minutes.

"We are enjoying the lovely weather, as it is lots warmer here than in Seattle. — Clarence and Wilma Hund."

Boost for Kendrick — it's home!

 Last pub. May 14, 1953

**T. B. Drive Short Of Goal**  
 "Although we are still short of our goal, we believe that late returns will make up the difference," Erwin Schwiebert, president of the Idaho Tuberculosis association, said

this week. "The 46th annual sale of Christmas Seals officially closed on Christmas Eve, but many returns are still coming in."

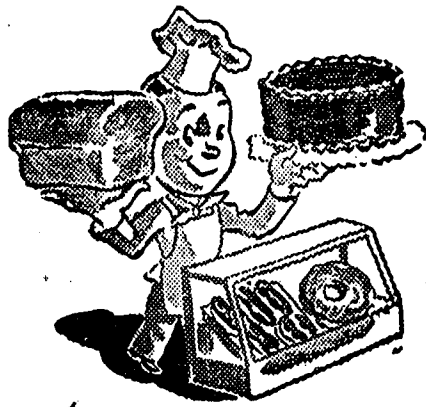

"We would like to take this opportunity to thank those who have

purchased Christmas Seals. Your dollars will do much to help hasten the day when tuberculosis will no longer be a problem.

"We also want to say 'thanks' to Idaho's newspapers and radio stations for the generous publicity given us during the sale. Without this publicity we could reach only a small portion of Idaho residents with our message. We feel that everyone should know for what purpose their dollars are being used, and the papers and radio stations have made this possible.

"Although we ask for funds only once a year, your tuberculosis association is working for you the year around. Some of our funds are used for the mobile chest x-ray program which is covering this state as rapidly as possible, and, in conjunction with the program, our educational program has been expanded. One percent of the six forwarded to the National Tuberculosis association is used for research grants to scientists and physicians, but 94 cents out of every dollar is used in your community and state to help protect you from this dread disease."

**Farm Scrap Harvest Reported a Success**  
**Farmers Can Sell All Scrap Iron and Steel**

The national farm scrap harvest conducted between October 15 and November 15 has been termed a success by the steel industry, producing millions of tons of scrap iron and steel badly needed for making new steel.

Although the drive is over, farmers should continue to collect the scrapped machinery about their farms and sell it to dealers. It is a good way to keep the farm premises

**Report Thorough Cooking Of Pork Cuts Down Disease**

Thorough cooking of fresh pork can help to reduce materially the incidence of trichinosis, an infection from diseased pork, it was shown in a report made public by Dr. Rodney R. Beard of San Francisco.

Dr. Beard credited that as one of the factors in an apparent two-thirds reduction in the incidence of trichinosis in San Francisco since 1936.

Trichinosis is caused by Trichinella spiralis worms which sometimes are found in pork. The worms lay eggs in the human intestinal tract. The embryos work their way into muscles, especially the diaphragm, where they develop. Diarrhea, nausea, colic and fever are the usual early symptoms of the disease, followed later by stiffness, pain, swelling of the muscles, fever, sweating and insomnia. The seriousness of the infection depends upon the degree to which the pork has been infected. Severe infections may cause death.

Dr. Beard cited a 1936 study in San Francisco of a random sampling of 200 human diaphragms taken at autopsy. Trichinosis worms were found in 24 per cent of the organs. A more recent study of 161 diaphragms, also a random sampling, showed only 8 per cent were infected—a decrease of two thirds.

He first pointed out that federal, state and local regulations now assure adequate processing of pork products intended to be eaten without cooking. In San Francisco, for example, stringently enforced rules by the local Department of Public Health provide for adequate salting and drying of Italian style salami, an uncooked product, or possible prior killing of trichinae by freezing.

Another factor he mentioned was the reduction in the proportion of pork from garbage-fed hogs. Wartime scarcity of labor, difficulties of transportation and other factors.

harvest and sell your SCRAP to help produce the things you need

Steel is 50% SCRAP Your Country Needs It Here!

ises cleaned up and, although scrap does not sell for big prices, the financial return does mean something.

The steel industry continues to need the broken tractor parts, rusted and worn out implements, plow points, outdated horse drawn equipment, old cultivators, broken shovels and similar equipment that can be found on almost every American farm. There are about 25 tons of iron and steel on the average farm.

Farm scrap can be a major source of the 36,000,000 tons of scrap that are needed by the steel mills this year. It takes that much scrap to produce 110,000,000 tons of steel that mills in our country have as their goal for 1951.

**Cheaper Way to Fatten Beef Cattle Outlined**

G. A. Branaman, Michigan State College animal husbandry authority, reports that full feeding grain is the quickest way to get a steer to market, but it isn't necessarily the cheapest or the most profitable.

Plain cattle, for instance should be fed longer and more cheaply than well-bred steers of good type. "Corn silage full-fed along with protein supplement may replace all the grain for plain steers when fed a longer time," he comments. "Yearling steers usually are fed from 4 to 7 months, depending on their grade and quality, and the amount of grain fed. Calves require a longer time to fatten and 2-year-olds a shorter time.

Wintering calves on roughage, then pasturing for part or all of the summer without grain results in cheap gains. Under present cattle and feed prices it is possible to pasture cattle for two summers, feeding roughage in winter. These animals may be grain fed for a short time or sold as grass-fat cattle.

**Statisticians Report Life Safest Ages Nine and Ten**

Life in the United States is safest at ages nine and ten, according to Insurance Company statisticians, and less safe during the first year than at any age to and including 65.

This is based upon an analysis by the statisticians of mortality data for the general population in 1949, as reported by the National Office of Vital Statistics.

An all-time high of 67.6 years in expectation of life at birth registered during the year represents a gain of fully 4 years since 1940, the statisticians note, and a gain of 18½ years since the start of the century.

Our greatest gains in life expectation, it is pointed out, have been at the early ages. At birth the gain in life expectation for males during the decade has been more than three years, whereas at age 40 the increase was less than a year.

"This reflects the strides made in the control of the infections of early life," the statisticians explain, "in contrast to the limited progress which has been made in the control of the chronic diseases of middle and later life. Then, too, with an unchanged life span limit of about 100 years, the closer that limit is reached the smaller is the margin left for gain."

The extent to which women live longer than men is greater than ever before. According to mortality conditions prevailing in 1949, women outlive men by an average of 5.6 years, as compared with 4.5 years at the beginning of the decade.

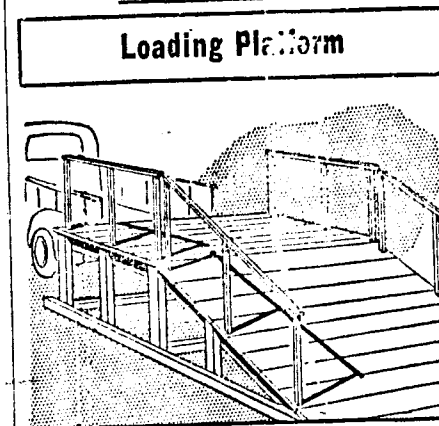

Even if there should be no further improvement in mortality, most people now living in the United States can expect to live beyond the biblical three score and ten years, according to the statisticians.

**Finding Fingerprints**

Criminal investigators use various methods to make fingerprints visible, depending on the surface where the fingerprint is located, its age, and other factors. When one touches a surface with the fingers, the ridges on the finger tips usually leave an invisible pattern of perspiration. If the print is on light-colored paper, and not more than a few days old, finely powdered lampblack or graphite dusted over it will usually make it visible. On a dark surface a white powder would be required. For older prints, there are various methods using chemicals which react with the minute amount of salts, such as potassium and sodium chloride, left after the perspiration has dried. In one such method, the paper bearing latent prints is dipped in a weak solution of silver nitrate, which converts the chlorides into silver chloride

**Aid for Key Losers**

Motor-car-key forgetters or losers will be interested to know that Edward J. Tobin of Norfolk has come to the rescue with his invention of a combination lock to take the place of keys for automobiles. With this dial on your instrument panel, you can forget your key, but not your combination. It works like the combination on a safe. National Patent Council suggests that the combination numbers be kept with your driver's license. Tobin's patent is good for 17 years, and by that time he hopes combination locks will be clicking in autos throughout a good part of the motor world.

The above sketch of a loading platform is one any farmer handy with tools can build. The main idea is to build it on skids so it can be moved about the farm as desired. The railing can be made detachable to make it easier for loading farm machinery. The uprights would require 4x4 lumber and the platform 2" planks.

**Shearing Lamb Faces Will Increase Gains**

Shearing the faces of heavily-wooled feeder lambs will increase gains, according to Graydon Blank, extension animal husbandry specialist at Michigan State College. Blank explained that lambs can see better without a heavy crop of wool around their eyes. After shearing they'll find the feed trough more quickly, will eat better and will gain much more rapidly, specialists report.

**Giant Speedometer Cuts Accidents**

To make motorists conscious of speed limits, the Seattle, Wash. police department has put into operation a Powerglide Chevrolet with a precise speed clock mounted at the rear. Flashing red and amber lights on the giant exterior dial reflect the speed recorded by the car's speedometer. Police drive the car around the city an average of 90 miles a day and report it has reduced accidents appreciably. Two-way radio and a loudspeaker system to caution drivers are included.

**Huge Expansion Plan**

The Northern Pacific railway's 1953 budget calls for an expenditure of nearly \$23,000,000 for new equipment and improvements, Robt. S. Macfarlane, president, announces. About 60 percent of this amount will go for new passenger and freight cars, Macfarlane said.

Construction of 200 70-ton ore cars at the company's Brainerd, Minn., shops and the purchase of 500 refrigerator cars will cost more than \$7,000,000. New passenger equipment, including 10 dome coaches and six dome sleepers for the transcontinental North Coast Limited, calls for an expenditure of approximately \$6,150,000. In addition 1,000 box cars and 250 gondolas, provided for in the 1952 budget, will be built next year. Construction was delayed by the shortage of steel.

Laying of new rails and rock ballast will cost an estimated \$4,000,000. Eight big diesel locomotives, one of which has already been delivered, will cost more than \$1,000,000. Four of these locomotives will be switchers and four will be used as road and switch engines.

Additions and improvements to cost about \$2,000,000. Included in this project is the construction of a shop, station and other facilities will new depot at Kennewick, Wash., and additions and improvements to the

N P diesel shops in St. Paul and the roadway machine maintenance shop in Livingston, Mont.

\* Our Note: We could surely use a new depot at Kendrick, too. A stranger could easily get sea-sick walking over the floors of this one!

**Beautiful Spring Weather**

No one could ask for any finer spring weather than we have been enjoying the past few days.

The sun has been shining brightly, there has been no wind, and the early morning dew is heavy. As a result, everything "is growing like mad."

Thursday of last week we had a couple of heavy rain storms — but most surprising of all was the snow that fell on Cedar ridge, upper Bear ridge, and in the back sections of the Southwick country — to a depth of from one to four inches — and cars coming in were liberally coated with the white stuff.

However, it didn't remain long, and then the weather turned warm, and has been steadily improving. On Sunday, probably the warmest day of the year to date, local thermometers recorded a high of 80 degrees.

Bird's Eye Fresh Frozen Foods of many varieties are obtainable at Blewett's Grocery-Market in Kendrick — and they're good. 1-adv.

**Wade Keene Must Be Right**  
The Gazette received a letter from Dr. E. C. Hall Tuesday morning regarding the Sattler-Siegmán shooting. He writes:

"I'm sorry that I cannot furnish any authentic information about the date of the Sattler-Siegmán shooting but believe that it happened in 1906 as Wade Keene says.

"We had left Kendrick in the fall of 1904 and were living in Moscow at the time of the shooting, so I learned about it in the newspapers. I distinctly remember that just as I came out the Hodgins drug store one evening I heard a newsboy shouting 'all about the shooting in Kendrick.' Also a local newspaper asked me for more details about the men.

"I was never acquainted with Mr. Siegmán, but everyone seemed to know Mr. Sattler. He lived alone just a short distance from town near the old flour mill site and I believe he was a tanner by trade. He was noted for not being very sociable with the younger bunch and the Kendrick kids

approached his house with caution. However, I remember that many adults spoke well of him.

"Perhaps only contemporary records will establish the correct date of the firearm fracas.

"With best regards, I remain — E. C. Hall."

**To Get Highway Money**

Wash. D. C. — Idaho will receive more than \$500,000 to pay for work already performed on her highways upon approval of the second supplemental appropriation bill, Grace P. Foster, congresswoman, said today. The bill has already passed both the House and Senate, and a conference committee is working it over. Final action is expected this week.

As of February 20, the Bureau of Public Roads had \$538,000 worth of claims from Idaho's Highway commission for federal aid matching old flour mill site and I believe he was a tanner by trade. He was noted for not being very sociable with the younger bunch and the Kendrick kids

claims, which total more than \$67,000,000 from the various states.

This situation came about because the 82nd Congress cut \$75,000,000 from the BPR appropriation for this year on the assumption that shortages of manpower, equipment and materials would slow down road work. Shortages did not develop, so the states went ahead with their highway work, relying on this statement by Congress:

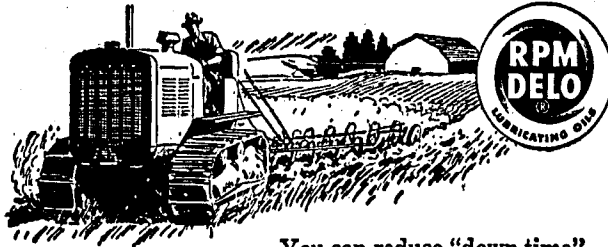

"If these shortages do not materialize and the work is completed the Federal government is obliged to furnish the necessary funds since the substantive legislation gives the Bureau authority to incur obligations."

**Little Known Oddities And Facts**  
Twin, triplet and other multiple births of calves are usually hard on cows, according to dairy specialists, because they make the cow more subject to milk fever and mastitis, and slow up lactation.

Wade Wells, swine specialist at the University of Idaho, reminds farmers that feeding brood sows is very important during the last six weeks before farrowing, because the litter requires extra food as it grows. Many men are able to make a place in the sun for themselves because they are a shade better than the next fellow.

Get that fresh fish at Blewett's Cash Grocery every Thursday. Delicious, nutritious. 1-adv.

**How to get more work from your heavy-duty engines**

You can reduce "down time" and save on operating costs by lubricating your diesel and heavy-duty gasoline engines with RPM DELO Heavy Duty Lubricating Oil. Specially compounded, it resists corrosion, prevents the formation of harmful engine deposits, keeps contaminants dispersed and stops foaming of oil in the crankcase.

With RPM DELO Heavy Duty Lubricating Oil keeping engines clean and cutting wear, they will run smoothly, develop more power and do more work. They will stay on the job and need less overhauling. Get RPM DELO Heavy Duty today.

BUY THE FOOD FREEZER THAT HAS BEEN PROVED "BEST by TEST!"

THE **Amana** UPRIGHT FOOD FREEZER

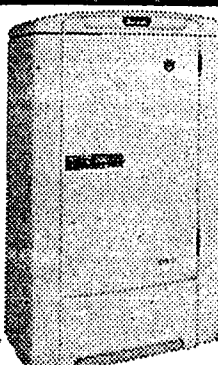

Best by Independent Laboratory Tests!

- Independent laboratory tests of the 9 major brands of food freezers prove conclusively that the Amana Upright freezes large quantities of food faster than all other freezers tested... and at the same time consumes less electricity!
- The Amana Upright maintains zero temperatures more economically than the average of all other freezers tested.

Tests conducted by Electrical Testing Laboratories Inc., New York, N. Y.

YOU FREEZE FOOD FASTER AND STORE IT WITH GREATER SAFETY IN THE **Amana** UPRIGHT

The money you save on quantity purchases is lost unless the food is immediately processed, in order to prevent deterioration. Garden or farm produce similarly, will spoil unless quickly preserved. Although many freezer manufacturers recommend fast freezing about 35 pounds of food at one time — the Amana can fast-freeze as much as 75 pounds of food — and even more — at one time. No wonder everyone is demanding Amana Uprights... the freezers with features of the future!

**Amana** MODEL 18 UPRIGHT FOOD FREEZER  
18 cu. ft. capacity. Holds approximately 630 lbs. of food.  
There is a model and size for every family.

OUTSTANDING **Amana** UPRIGHT FEATURES:

**"SEE-LEVEL" VISIBILITY!**

All food packages in sight and within easy reach. No need to bend, search or lift packages!

**TAKES LESS FLOOR SPACE!**

The Amana Upright, with its modern design, takes 40% less floor and wall space than chest type freezers of similar capacity!

**"POSITIVE CONTACT" FREEZING!**

Every shelf in the Amana Upright is a "positive contact" freezing surface... you don't just place food up against a freezing surface... you put it right on the freezing plate! The weight of the package itself speeds the freezing process!

# more hot water\*

\*F.H.A. NOW  
REQUIRES  
52-GALLON  
TANK

Washing machines, dishwashers and daily baths mean a lot of hot water consumed in the modern home . . . You may not yet have all the modern electrical conveniences which provide you extra comfort and save time and money, but it's a cinch you want them in your home some day . . . Plan for that day by installing a larger, more economical hot water heater . . . it pays for itself, because it costs less to heat one large supply of hot water than two small tankfuls — and F.H.A. standards now require at least a 52-gallon water heater in every home . . . and an 80-gallon tank is recommended.

**HOT WATER COSTS SO LITTLE . . . why not have plenty of it?**  
See your electrical appliance dealer today!

**Inland Empire Electrical League**

#### SEED SLANTS

May 14 — The outlook for clover seeds has become brighter the past few weeks due to the lower acreage this year in the United States. Oregon, which has in the past been a large producer of Alsike reports a large portion of their acreage has been plowed up, and is being planted to wheat and potatoes. The same applies to Ladino and White Clover.

It is still time to plant clover and alfalfa. We have fancy seed stocks on hand and can take care of your needs. Ranger Alfalfa is a new alfalfa, ideal for this area, and seed can be purchased at 45c per lb.

Now is the time for your later spring garden. For a corn that can be used for canning or freezing buy "Tendermost." This is a Hybrid corn that has ears 8 to 9 inches long, real deep kernels, very sweet in flavor.

For a good String Bean use "Tenderpod," or "Stringless Green Pod." These two varieties are both good for freezing or canning. For a pole bean we recommend Kentucky Wonder or Blue Lake. We also have Kentucky Wonder Wax Beans.

For a good garden hose that will last buy "Garden King Hose." It is light, guaranteed for 10 years. Low in cost.

Parade Day Saturday — see you then. — George F. Brocke & Sons, Seedsmen, Kendrick, Phone 1231. —Adv.

Last pub. May 28, 1953.

#### Terramycin Said Effective Against Pinworm Infection

Infection caused by the pinworm, the most common and widely distributed of all human parasites, can now be successfully treated with terramycin, according to a team of 6 American doctors conducting clinical trials in Haiti.

Treating 61 cases of pinworm infection, the physicians found terramycin effective in all but two patients. Clinical trials with the wide-range antibiotic drug were undertaken because, said the doctors, "the usual treatment with gentian violet often does not eradicate the infection, and not infrequently the drug must be discontinued due to toxic reactions." Several of the patients who had taken gentian violet previously said they found terramycin "considerably more tolerable."

Pinworm infection is found throughout the world and in all ages. Public health experts estimate it affects 35 per cent or more of the general population. In southern states 50 to 60 per cent of all children have had it. Caused by a small white worm, its most disturbing symptom is itching. Often scratching brings about a secondary infection. Pinworm may interfere with eating and result in loss of weight and anemia. The disease usually infects the entire family.

In their clinical report, appearing in the current issue of the medical journal, "Antibiotics and Chemotherapy," the doctors point out that successful therapy depends upon simultaneous treatment of the whole family. In this respect one of gentian violet's disadvantages, they say, is that young children often cannot swallow the enteric-coated tablets.

Whenever possible, the medical team in Haiti examined whole families and treated them simultaneously with terramycin. Full cooperation was not always obtainable, but "despite inadequate dosage in a large number of cases," says the report, "in only 2 instances did treatment definitely fail by the fourth week after therapy was begun."

#### North Carolina Attacks Highway Safety Problems

A sound program to promote safety on the highways has been set in motion by the state of North Carolina. The appalling number of deaths and injuries resulting from motoring accidents in recent years has provoked this state to take action of a new and decisive type.

Since the first of July, applicants for driver's licenses and renewals have been required to have their eyesight tested on a complex instrument which measures 12 visual skills, including muscular balance, acuity at near and far distances, and depth perception. The instrument makes it impossible for drivers with poor vision to slip by, by memorizing the letters that they must read — a trick sometimes played with conventional charts. Those who fail the tests are advised to consult an eyesight specialist, and many of them will undoubtedly be enabled to pass by professional eye-care.

Good vision has long been recognized as a major factor in accident prevention, and thousands of hours have been spent in attempts to establish proper standards for motorists. But the results were always inconclusive, because too much of the element of personal opinion was involved. Under the new system, however, definite statistics on 1,300,000 drivers will be obtained by next July 1, and it will be possible to judge accurately which visual errors contribute most to accidents and which visual skills are most essential to highway safety.

#### A Comet's Weight

What is the weight of a comet? Weight is a measurement of the attraction of the Earth for a body on or near its surface, and as a comet moves far out in space, and is subjected to a varying attraction from the Earth and other planets, one should not speak of its "weight." Its mass, which is a measure of the amount of matter it contains, can only be determined roughly. It has been estimated that with Halley's comet the nucleus, which contains most of the material, has a mass of about a two-hundred-millionth of the Earth's mass. This would be about thirty million million tons. It has also been determined that the particles of which Halley's comet is made could not be held together by the gravitational attraction of a mass smaller than one twenty-fifth of the above figure. Most comets, however, are much smaller than Halley's, and have considerably smaller mass.

#### Schedule Is Wise

A regular painting schedule actually simplifies property protection. One wise farmer does a fourth of his buildings each year. In that way, each gets its necessary coat of protection every four years without fail, and each year's painting project can be fitted in as other outdoor work permits. While city dwellers do not have as many structures to safeguard, they are wise to look on painting as property-value insurance and to follow a regular schedule.

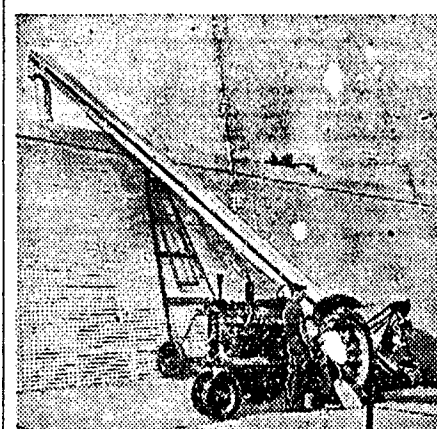

#### Quonset-Type Huts Meet Storage Needs

'Little Business' Answers Challenge in Grain Belt

Called upon by the department of agriculture to perform a modern miracle, "little business" in 10 midwestern states is tackling one of the biggest jobs of its kind ever undertaken anywhere in peacetime. Its Herculean assignment is the site preparation and erection of 2,300 steel buildings—each 32x96 feet or larger—at 670 widely separated locations.

The task arose with the grain belt's acute need for space in which to store the record-breaking carry-over of 1948's corn crop. In line with

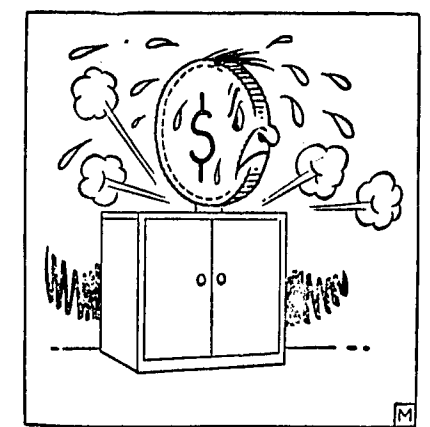

Grain being loaded into Quonset huts for CCC storage near Paulding, Ohio.

the trend toward economical "horizontal" grain storage, the department ordered Quonset buildings for a large part of the necessary new facilities. These arched steel units now are mushrooming up beside highways and railroads near farm centers through the efforts of local businesses and labor, rather than the work of transient crews employed by a few big and distant contracting firms.

Within two weeks time more than 1,100 concrete foundations had been laid, and erection of steel was under way on them in every state. The concrete work alone was roughly equivalent to laying 25 miles of highway in a time that an average road-making crew would require to put down one.

#### Sweat Down Costs

Sweat down your production costs if you want to maintain profits in these days of declining farm prices.

One way to sweat down those costs is to increase your crop yields per acre. More bushels of corn and grain per acre, more pounds of meat, milk, dairy products and poultry mean lower production costs per unit. On such a basis you can make a profit even if prices slacken further.

You can get those higher yields and lower costs with good soil management. Good soil management means giving your soil a fair deal. It means supplying the soil a well-balanced ration of plant foods, so crops will be well nourished. It means building up instead of breaking down soil structure and tilth. It means "recharging" the land with soil-enriching crops at regular intervals, instead of growing soil-draining row crops year after year on the same land.

#### Dangers of Butchering At Home are Outlined

Home butchering is profitable on the farm and many rural families are replenishing their lockers, jars and pantries.

But, unless undue caution is used, home butchering can be dangerous.

Equipment, too, should be used with care. All knives should be kept in a suitable place when not in use. Hoisting equipment should be checked. A tamper should be used to force meat into the grinder.

#### Attention to Details Pays Off for Hog Farms

Attention to details is the biggest reason why some hog farms earned \$2,000 more than some others during the past year.

F. J. Reiss, farm management specialist in the Illinois college of agriculture, said that 128 high income hog farms averaged \$10,200 earnings from swine last year, while 161 less-efficient farms took in only \$8,000. Extra care at farrowing, control of parasites, helped.

#### Medina Mosque Is Younger Building than White House

According to tradition, Mohammed journeyed north from Mecca to the region of Yathrib's oasis, where he loosed his camel to wander unguided until it stopped and knelt. There the mosque was built. Disciples renamed Yathrib Madinat al-Nabi, meaning City of the Prophet, now varied to Medina.

The original house of worship has been rebuilt several times. No existing relics of previous structures bear proof of use earlier than 1306. The present Great Mosque is actually newer than the White House in Washington and replaces an earlier mosque which was destroyed by fire only a century ago.

Though somewhat crowded by other buildings on its south side, the mosque stands out gracefully from most angles of approach. Its minarets are shapely, its dome a restful, dull green. Dominant construction material is a locally quarried crystalline rock of pinkish hue, with occasional elaborate inlay and falcon decoration.

Pilgrim trade is easily the chief business of Mecca, Medina, and Jidda, the Red Sea port by way of which nine-tenths of the worshiping tourists now travel. The two shrine cities each have sacred areas where unbelievers are not welcome and subject to trespassing fines or jail terms.

Date growing is the second industry around Medina's oasis, which is larger than Mecca's and can support more population. Under Turkish rule prior to World War I, Medina counted 80,000 people and was the southern terminus of a railroad from the cities of present Jordan, Syria, Turkey, and Iraq to the north.

Not until Mohammed moved from Mecca to Medina, did his creed begin the expansion that now encompasses 250,000,000 followers.

#### Drug Given By Mouth Said To Relieve Pain in Cancer

A chemical compound which can be given by mouth is reported by seven New York doctors to be useful in bringing temporary relief to patients suffering from fatal cancer-like diseases of the white blood cells and tissues.

The oral use of triethylene melamine on 58 patients is described by Drs. David A. Karnofsky, J. H. Burchenal, George C. Armistead, Jr., Chester M. Southam, J. L. Bernstein, L. F. Craver, and Cornelius P. Rhoads. The doctors are all associated with the Memorial Center for Cancer and Allied Diseases, New York.

Triethylene melamine is a valuable addition to the small group of drugs now known to be effective in relieving pain in these types of disease, according to the doctors. This is due primarily to the fact that it can be given by mouth, releasing the patient from his dependence on a doctor for administration of the drug. All the other drugs, they point out, have to be injected intravenously, which almost always makes hospitalization necessary.

Clinical trials with the drug are now being widened to include a greater variety of tumorous conditions, they said.

#### Cleaning Up

In the Smithsonian Institution's laboratory of vertebrate paleontology, six tons of fossil bones belonging to the extinct gigantic ground sloth, Megatherium, are being cleaned and repaired. The skeletal remains of this grotesque animal were collected in western Panama by Dr. C. Lewis Gazin, curator of vertebrate paleontology of the U. S. National Museum, assisted by Dr. Theodore E. White, paleontologist of the Smithsonian's River Basin Surveys. The Smithsonian Institution paleontologists will attempt to reconstruct for exhibition in Washington a complete skeleton of the giant sloth. A large part of the collection will be returned to Panama for exhibition there.

#### Forming Pearls

Although some pearls are formed in fresh-water clams and oysters, the most valuable come from the marine pearl oysters of eastern Asia. They occur when some foreign object—perhaps a tiny grain of sand—gets between the shell and the body. The animal then secretes around the object successive layers of a material called nacre, which consists of calcium carbonate. This is the same material as the "mother of pearl" lining of the shell. The Japanese make "culture" pearls by deliberately introducing small particles of graphite into the oyster and keeping it for several years as the pearl is formed.

#### Infrared Rays

Infrared rays are similar to rays of visible light, except that the length of their waves is greater than those of red light, which are about 1/40,000th of an inch and are the longest that the eye can detect. The longest infrared waves are about 1/65th of an inch long. Any hot object—the Sun, an open fire, a red hot poker, a warm radiator, an electric lamp, etc.—sends out infrared radiation, often with visible rays as well. Special electric lamps to generate these rays, used for applying heat, have a filament which operates at a lower temperature than is used in one designed mainly for purposes of illumination.

# BUDDY POPPIES SYMBOL OF A NATION'S DEVOTION

Emblem of the dead and dying on the fields of Flanders in 1918, the V.F.W. Buddy Poppy has been glorified by the American people as their "Flower of Remembrance."

Down through the years, ever since 1922 to be exact, the V.F.W. Buddy Poppy has given to all patriotic citizens—rich and poor alike—their chance to honor the dead by helping the living.

The annual sale of Buddy Poppies serves two great purposes. It fosters the beautiful custom of wearing these little flowers, once each year, in mute salute to the memory of America's honored dead; it provides the funds that are required to serve the daily personal needs of the nation's disabled and needy veterans, and their dependents.

There are millions of unfortunate veterans—as well as widows and orphans and dependent parents—who are unable to qualify for government aid.

Why? Mainly because the government itself—in time of war—has never been able to maintain accurate records on the physical welfare of each individual in uniform.

Through no fault of their own, these veterans—many of them the victims of the lingering effects of exposure, shock and malnutrition—are unable to qualify for help from their government because their service records fail to confirm the origin of their ailments.

Your support of the annual sale of Buddy Poppies makes it possible for the Veterans of Foreign Wars to maintain its great, nationwide program of free rehabilitation service to the millions of needy veterans.

Every dime or dollar which you may give in exchange for a Buddy Poppy goes into a special sacred fund—one that will be spent for nothing but the relief and rehabilitation of America's disabled veterans, and their needy loved ones.

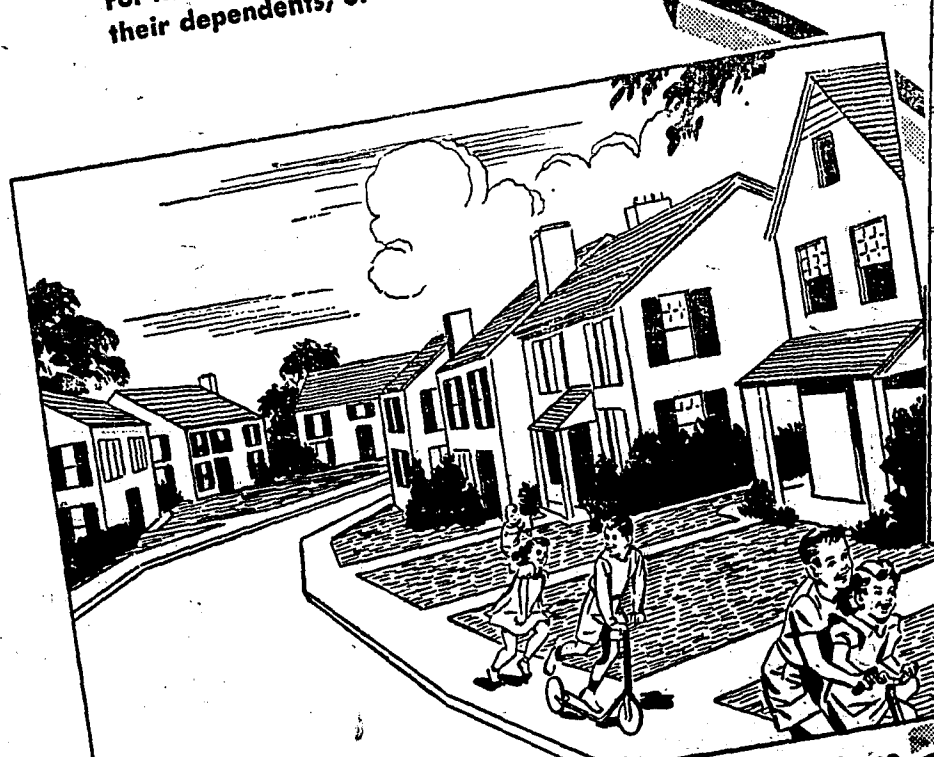

Remember the dead who are buried near the battlefields where they died, or in our cemeteries here at home. Let's do them honor by helping the living!

For the aid, relief and comfort of disabled and needy veterans, their dependents, or their widows and orphans.

For hospital entertainment, for needy veterans and service patients.

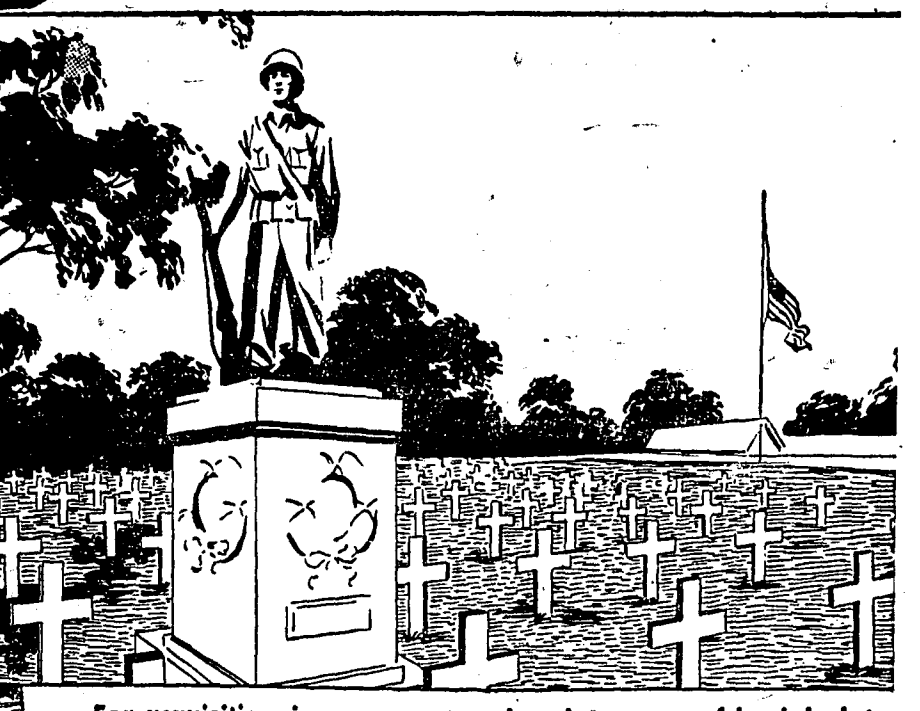

For maintenance or expansion of the V.F.W. National Home for widows and orphans of veterans at Eaton Rapids, Mich.

For rehabilitation, welfare and service work, including liaison service with the Veterans Administration.

For necessary expenses for military funerals of deceased veterans.

For acquisition, improvement and maintenance of burial plots and the decoration of graves of veterans and servicemen.

**GOLDEN RULE**  
May 12 — Mr. and Mrs. Kenneth Pearson and family of Coeur d'Alene; Mrs. Bruce Tarbet and children and Mr. and Mrs. Bill Elben and Ish-mael Martin, all of Lewiston, were among the week-end visitors at the Roy Martin home.  
Mr. and Mrs. Lawrence Kuykendall and family and his mother, Mrs. Roy Swason, all of Clarkston, were Sunday visitors at the D. V. Kuykendall home.  
Mrs. Don Christensen and children of Dent visited at the Alma Betts home Saturday evening. Sunday visitors were Mr. and Mrs. George Finke, Rose Wilson and Jack Kelsey.  
Among the Saturday visitors in Lewiston were Mr. and Mrs. D. V. Kuykendall and son Jerry; Alma Betts and son Eugene and Mr. and Mrs. Ernest Cowger and family.  
Mr. and Mrs. Kenneth Wilken called on Alma Betts and Eugene Monday afternoon.  
Albert Lawrence, who is employed at the Lloyd Ranch at Tammany; Evelyn Kazda of Lewiston and Doris Russell of Clarkston were Sunday visitors at the Oscar Lawrence home. Afternoon callers were Aletha Tillie and Effie True.  
Joan Lawrence, Bill Mitchell and Herman Kuykendall returned home Saturday from the Senior Sneak to the Bar-M Ranch in Oregon.  
Mary Lawrence, Marie Kuykendall and Alma Betts were among those joining the National Home Demonstration tour of new and remodeled homes, and viewing the bird collection of Dr. and Mrs. D. A. Christensen last week. All was enjoyed very much.

**Grand Jury Investigation Demanded**  
Moscow — The most famous legal case in recent Moscow history, which apparently had simmered down last week, boiled over again Tuesday night amid demands for a grand jury investigation.  
About 200 Latah County residents gathered at the Moscow High School to protest what one of them termed "a miscarriage of justice" growing out of an incident at a University of Idaho campus cafe last Dec. 14, involving Richard Shoup, a university student, and Murray Estes, Moscow attorney.

Shoup had charged Estes, after the Dec. 14 affair, with assault with a deadly weapon, and after a long series of legal maneuvers, Estes pleaded guilty last week to a reduced charge of battery, and, last week also, a case which Estes had brought against Shoup, charging an attempt to compound a felony (bribery) was dismissed.  
Tuesday night's public meeting came about as a result of an earlier refusal of District Judge Jack McQuade to call a grand jury to investigate possible evidences of injustices during the four-month course of the case.

Among other things, the group: 1. Formed a permanent organization called the Latah County Good Government Association. 2. Agreed that a nominating committee be named to put forward officers, draw up an organizational plan and arrange for further meetings; 3. Authorized D. S. Jeffers, Moscow, chairman of the meeting, to appoint a committee which will poll county residents in the question of whether they want a grand jury impaneled; 4. Requested Jeffers to inform McQuade that it was the desire of the group that a grand jury be called.  
The meeting opened with a long and detailed review of the Estes-Shoup case by Capt. Thomas C. Thomas, commander of the University Naval ROTC unit, of which Shoup is a member.  
Capt. Thomas declared that: "I don't like the smell of it. I don't think we have here in this county now the proper administration of justice."  
He said the difficulty involving Estes and Shoup began at a party at the downtown Moscow Ad Club which Estes and Maury O'Donnell, who was then prosecuting attorney, both attended.  
Shortly after this party, Capt. Thomas said, Estes went to the Perch, a campus restaurant, and there accosted Shoup with a pistol. He did not fire the weapon. The proprietor of the cafe intervened and called police. The first police officer who arrived, Capt. Thomas said, allowed Estes to depart "and did not take his pistol from him." The second officer, he said, arrived and took young Shoup to jail, where he was interrogated for quite a considerable time.  
"It was then thoroughly established, Thomas said, "that he was completely innocent, and later Estes admitted that it had been a case of mistaken identity."  
Thomas said that Shoup had been dissuaded on numerous occasions from filing any charges against Mr. Estes. He pointed out that the first charge was not filed against Estes until about four weeks after the incident had occurred. It was not filed, he said, until Melvin Alsager had replaced O'Donnell as prosecuting attorney. — Lewiston Tribune (by Ladd Hamilton).

**NOTICE**  
No job printing will be done in the Gazette office next week-end, as we will be in Seattle on a combination business and pleasure trip. If you need any printing soon, please tell us at once.  
The office will be open to receive news items, subscriptions and job work. — The Gazette.

The three influences that will preserve our freedom are prayer, common decency of man, and plenty of ammunition.

# Potlatch Chief Sez

Published by the Kendrick Creamery

## HELLO, THERE, FOLKS —

Well, it seems as if, with all the hustle and bustle of getting ready for Parade Day — May 16 — we haven't taken the time to write up our regular ad. — but to begin with we want to tell you that we've made up a lot of that delicious "Potlatch Chief" Ice Cream — in all the popular flavors — plus specials, for we know that many of you are going to take home gallons of it when you go home — or perhaps for that family picnic during the day.

Father: "It seems to me, Mary, that you are marrying very hastily. What is the policeman's name, did you say?"  
"I don't know his name, but I've sure got his number!"

When you come in to Parade Day — next Saturday — just put that can of cream in the car or truck with you. Bring it to us,

and when you're ready to go home in the evening, your check will be ready, too. There's no waiting, no fuss, no bother, when you sell that cream to us.

"Dad, what is a traitor in politics?"  
"A traitor, my son, is a man who leaves our party and goes over to the other side."

"Then what's a man who leaves the other side and comes over to our side?"  
"A convert, my boy!"

You're going to need a locker box pretty soon for those berries and garden stuff. Why not pick one out when you're in Parade Day — Saturday, May 16 — and be sure you have just the one you need.

There's a simple way to "keep up with the Joneses. Just slow down and soon you'll meet them coming back. — Grocers Advocate.

### WHAT CAMERON FOLKS ARE DOING THESE DAYS

The Home Demonstration Club of Cameron will meet on Tuesday, May 19, at 1:30 p. m. in the Hall. The demonstration topic will be "Textile Painting."

Mrs. Walter Crawford and Mrs. Ed. Mielke were Mother's Day guests of their daughters, Kathleen Crawford and DeAnn Mielke, at the U. of I., Moscow.

Mr. and Mrs. August Brammer and son Cecil and Mr. and Mrs. Wilbert Brunsiek visited with Mr. and Mrs. Otto Schoeffler and Herbert Brunsiek at Kingston, Sunday.

Mr. and Mrs. Henry Wendt received word that a son was born to their son-in-law and daughter, Mr. and Mrs. Frank Harbert, Twisp, Wash., on Saturday, May 9.

Mr. and Mrs. Walter Koopp and family and Mr. and Mrs. Carl Koopp spent Sunday sight seeing in the Tammany and Lewiston Orchards sections. In the evening they visited with Mr. and Mrs. Roy Ramey at Kendrick.

Mr. and Mrs. Kenneth Sinclair and daughter Terry and Mr. and Mrs. Hoyt Clark and son Duane of Moses Lake, Wash., were Saturday night guests of Mr. and Mrs. John Blankenship.

Mr. and Mrs. Ervin McGeachy and family and Gordon Peters were Saturday supper guests of Mr. and Mrs. Ed. Mielke. Mr. and Mrs. Nolan Weeks of Texas ridge were evening visitors.

Sunday dinner guests of Mr. and Mrs. Gus Kruger included Mr. and Mrs. Kenneth Sinclair and daughter and Mr. and Mrs. Hoyt Clark and son of Moses Lake, Wash., Miss Elsie Kruger and Ted Freeman of Lewiston, and Mr. and Mrs. John Blankenship and family.

The Ladies Aid held their May meeting on Tuesday, with Mrs. Theo Meske, Mrs. Ted Weyen and Mrs. Glen Wegner as hostesses.

Mr. and Mrs. Fred Newman and son Wally, Helen and Ted Mielke, Mr. and Mrs. Harry Newman and daughter Linda and Mr. and Mrs. Glen Newman were Mother's Day dinner guests of Mr. and Mrs. Geo. Allen at Cavendish.

Mr. and Mrs. Glen Wegner entertained at dinner on Mother's Day. Guests included Mr. and Mrs. C. H. Fry of Kendrick; Mr. and Mrs. Aug. F. Wegner, Rev. and Mrs. Meske and family, Mr. and Mrs. Dick Fry and son, Mr. and Mrs. Dan Sullivan and family and Wayne and Vern Wegner.

The Cameron Home Demonstration Club attended the County Social of the Nez Perce County Home Demonstrators Clubs and neighboring clubs at Southwick Wednesday. Several members of the Club attended the tour in Kendrick, Cameron and

Leland on Friday. Mr. and Mrs. Geo. Allen and family, Mrs. Fred Newman and son Wally and Helen and Ted Mielke spent Sunday evening with Mr. and Mrs. Glen Newman.

Mr. and Mrs. Herbert Schwarz, Mrs. John Schwarz, Mrs. Ida Stoneburner and Miss Emma Hartung visited with relatives in Spokane on Friday. JoAnn Schwarz stayed with her aunt, Mrs. Walter Denmler on Fix ridge, while her parents were away.

Mr. and Mrs. Harry Newman and daughter Linda spent Sunday evening in the home of Mr. and Mrs. Fred Hadley at Juliaetta.

Sunday dinner guests of Mr. and Mrs. John Schwarz and sons were Mr. and Mrs. Walter Denmler and family of Fix ridge; Charley Snyder of Juliaetta; Mr. and Mrs. Herbert Schwarz and daughter, JoAnn, Miss Emma Hartung and Mrs. Ida Stoneburner.

Mr. and Mrs. Otto Silflow, Mr. and Mrs. Earl Whittinger, Roy Silflow and Mr. and Mrs. Jim Whittinger picnicked at the Spalding park Sunday.

Mr. and Mrs. Marvin Silflow and family, Mr. and Mrs. Emil Silflow and sons and Mr. and Mrs. Harold Silflow and daughter were Sunday dinner guests of Mr. and Mrs. Fred Silflow in Juliaetta.

Mr. and Mrs. Herman Meyer and family and Mrs. Ernest Schmidt, the latter of Lewiston Orchards, were dinner guests in the home of Mr. and Mrs. Homer Parks, Sunday.

Mr. and Mrs. Kenneth Wilken and Mr. and Mrs. Henry Wendt were Sunday dinner guests in the home of Mr. and Mrs. George Wilken at Kendrick.

Mr. and Mrs. Henry Wendt spent Sunday evening with Mr. and Mrs. Carl Koopp in Juliaetta.

### BIG BEAR RIDGE NEWS

Mr. and Mrs. George Jones, George-Anne and Penny of Kennewick, Wn., spent Mother's Day here at the E. H. Jones home.

Mrs. Calvin Campbell (nee Pearl Dillin) of Vancouver Island, B. C. is here visiting at the Mrs. Johanna Nelson and Mrs. Chas. J. Bower home.

Mrs. Helen K. Hunter, Home Demonstration agent, will meet with the Happy Home Club at the home of Mrs. Ed. Galloway, Tuesday afternoon, May 19th.

Mrs. Claude Jones and Mrs. W. A. Myers of Lewiston were Sunday dinner guests of Roger Jones at Willis Sweet hall in Moscow.

Mr. and Mrs. James Boor of Ontario, Oregon, were week-end guests in the A. W. Jones home in Kendrick and visited Mrs. Boor's nephews, Claude and Roger Jones and families here.

Captain Stanley Cox has returned to his military duties in Illinois, having visited his family here, at the Ed. Halseth home.

Mrs. Edith Fairfield and daughter Erma of Moscow spent the week-end at their home here.

Mrs. Oscar Slind spent Sunday as a guest of her daughter, Maxine, at the U. of I., Moscow.

Miss Margery Hatton, U. of I. student, gave an interesting illustrated talk on "Life On Norwegian Farms" to members of the Happy Home Club, American Ridge Hi-Hope Club and Avon Club members, their families and friends at the Community hall Thursday evening. A pot-luck supper was enjoyed by around 135 people at 7:00 o'clock. The event was planned in observance of "National Home Demonstration Week" under the direction of Mrs. Ed. Galloway, club president, assisted by Miss Bertina Forest and Mrs. Verne Dunham, and other Club members.

Mr. and Mrs. Rufus Fairfield have moved here from their home at Clarkston, Wn., where they spent the winter months.

Mrs. Stanley Cox and children spent the week-end with her sisters in Clarkston.

Ed. Peterson of near Deary has returned home from the Gritman Memorial Hospital in Moscow.

GOOD YEAR TIRES

MILEAGE SAFETY SERVICE

Choose a GOOD YEAR DeLuxe

don't just buy a tire

Tests show Good-year DeLuxe tires give longer tread wear... an extra margin of service and safety that swings the balance in favor of Goodyear. Buy wisely... go farther, safer... go Goodyear!
