FOURTH ANNUAL PARADE DAY IS REAL SUCCESS

Kendrick's fourth annual Parade Day, held Saturday under sunny skies, proved one of the best, if not the best one to date — and a crowd estimated at from 2,500 to 3,000 viewed the many entries.

Leading the long procession was Dr. D. A. Christensen, mounted on a beautiful palomino, as flag bearer. He was followed by the "Pershing Drill Team" of the Idaho R. O. T. C., under command of Lt. Col. Aaron Blewett — and we want to say that they are a mighty snappy outfit.

They were followed by marching units of the Lapwai V. F. W. and Kendrick V. F. W. Posts — in the uniforms of five services — Army, Navy, Marines, Air Corps and Sea Bees.

They in turn were followed by the Kendrick High School band under the direction of Burke Sower — then came the Boy Scouts, Explorer Scouts and Cub Scouts — and from that point on came "Community floats" and entries, and then the "Commercial" units — to be followed by the "Children's Pet and Costume Parade" sponsored by N. B. Long & Sons — and this was a parade in itself.

There were humorous entries, serious ones, beautiful ones — in fact, everything that is usually found in a parade anywhere.

The judges awarded the following prizes to entries: Community, Emmanuel Lutheran Church, Cameron, 1st; Big Bear Ridge 4-H Club, 2nd; V. F. W. Ladies Auxiliary, Kendrick, 3rd; and Honorable mention to the Assembly of God Church, Kendrick.

In the Commercial section the Red Cross Pharmacy won 1st; Dr. D. A. Christensen took 2nd; G. F. Brocke & Sons, Seedsmen, 3rd, and Honorable mention went to Western Auto Supply.

In the Pet Parade Julia Ann Rowden won 1st; Dean Brocke, 2nd, and Bob Scherer, 3rd, with "Honorable Mention" going to a little lad named Jones, his first name not being learned.

Mr. Long, rather than give prizes, gives each Pet and Costume Parade entry a silver dollar — and this year he reports the affair cost \$125.00.

The prize money was put up by the Kendrick Commercial Club, and the Lewiston Grain Growers of Lewiston.

At the ball game in the afternoon the Lewiston Frosh emerged victorious by a score of 8-3 — but it was a dandy ball game from start to finish.

The greased pig chase, held at the end of the fourth inning during the ball game, was won by Gerald Kuykendall, Southwick. The pig was turned loose by Dee Miller of the Kendrick Table Supply — with the squealing porker to belong to its captor.

Shortly after the parade ended, the crowd began melting away — most of them going home, where they mounted the tractor seat again in an effort to catch up with belated spring work. Evening, however, saw most of the crowd back in town to attend the school play, picture show, or dance sponsored by the V. F. W. Auxiliary — all reporting good to excellent crowds.

All-in-all, it might be classed as a "most successful day."

V. F. W., AUXILIARY MEET

Election of officers was the main business of the meeting of District No. 2, V. F. W. and Auxiliary.

Kendrick Auxiliary to Baker-Lind Post No. 3913, V. F. W., brought home two elective and four appointive officers.

Mrs. William Cuddy was elected president and Mrs. Ronald Jones, conductress. Messrs. James Holt, Norman Fry, Dick McCall and Dee Miller were appointed color bearers by the new president.

Other officers are: Mildred Davis, Lapwai, Sr. Vice Pres.; May Bingham, Moscow, Jr. Vice Pres.; Ruth Sprouse, Moscow, chaplain; Gladys Allen, Lapwai, treasurer; Carol Brice, Lewiston, guard; Grace Wilson, Emma Cabel, Nancy Halfmoon, trustees; Edna Menely, Lewiston, secretary; Fola Halvorson, Moscow, patriotic instructor; Stella Settle, Moscow, historian; Nancy Halfmoon, Lapwai, musician.

All officers except the president were installed by Ruth Sprouse, the outgoing president. District presidents are installed at Department Encampment, which will be in Caldwell, June 10-14.

The V. F. W. also came home with two important elective offices, as follows: Joe Forest, Kendrick, Commander, and William Cuddy, Jr. Vice Commander.

Other officers chosen are as follows: Earl Allen, Lapwai, Sr. Vice Com.; Angus Wilson, Kamiah, Quartermaster; Alex Sprouse, Moscow, Dist. Advocate; Roy White, Lapwai, chaplain; George Bingham, Moscow, surgeon.

Initiation will be held by the local posts of V. F. W. and Auxiliary on May 28, at the Fraternal Temple, with the Moscow Ritual team in charge. All members are urged to be present.

Chambers Of Commerce Meet

The attention of everyone is called to the meeting of the Latah County Chambers of Commerce, which will be held here in the Fraternal Temple on Wednesday evening, May 27, with the 6:30 dinner to be served by the Kendrick Grange ladies.

All interested in Latah county are urged to be present — it is an open meeting.

Summer Roundup

The procedure for giving the physical examination to pre-school children has been changed by the County Health department.

This year there is a fee of \$2.00, which covers all immunizations and the examination. Parents are sent information and blanks to be filled out. These are taken to their family doctor, who does all the immunization at times most convenient for doctor and child. If any are unable to pay this fee, the work will be done by the county physician at Moscow.

If any parent, who's child will be in school this fall, has not received the information, please contact Mrs. Elmo Eldridge at Kendrick.

INTERESTING NEWS BITS FROM THE SOUTHWICK AREA

Special Announcement

The Southwick District will gather Saturday at the cemetery for Clean-up Day and Cemetery Beautification. We now have our district, so everyone please turn out early with a shovel and other implements needed — and your lunch — for an all-day session.

Everyone please be there — this is to your personal interest.

Homemakers Club

The Southwick Homemakers Club met on Thursday at the home of the president, Marie Kuykendall, with Mary Lawrence as co-hostess. After a delicious noon lunch the guests surprised Marie with a birthday anniversary shower.

At the business meeting the cooked food sale at Kendrick on Parade Day was discussed and planned. Mary Lawrence entertained with a written contest, participated in by all present.

The next meeting will be at the Mary Lawrence home, and a demonstration on "Interior Decorating" will be given by Helen Bowling, the Home Demonstration agent.

The Homemakers Club cooked food sale at Kendrick Parade Day made a net profit of \$45.80. They wish to thank Mr. and Mrs. Dee Miller for the use of the corner in their store that day.

Coming Events

The Southwick Church Missionary Society will not meet in May while Mrs. Wheeler is in California. They will hold their regular meeting in June as scheduled.

The Southwick 4-H Club will meet May 27 at the home of Sandra Cantrell, with Ruth Armitage, leader.

The annual school picnic will be Wednesday for the children, their parents and friends, at the Southwick school house. Covered dishes are to be brought by the ladies.

Parents Of Son

Mr. and Mrs. Robert Pratt are the proud parents of a son, born Friday morning, May 15, at the Davidson Nursing Home. The baby weighed 7 pounds, 4 ounces.

TWELVE ENJOY DINNER BEFORE COMMERCIAL CLUB

Twelve interested business men and farmers enjoyed a 6:30 dinner at Burt's Confectionery last Wednesday evening, and were joined by four more for the business session which followed in the Firemen's Hall.

In the absence of the secretary, the reading of the Minutes were dispensed with and committee reports called for.

For the Highway Committee Otto Schupfer stated that the proposed Highway District reorganization would put his ranch and section of road in the Genesee Highway District — a place he definitely does not wish to occupy — and says he wishes to become a part of the Kendrick Highway District. This matter was referred to the commissioners.

Gerald Ingle reported attending the Latah County Chambers of Commerce meeting at Genesee, a meeting primarily interested in the consolidation of highway districts. Mr. Ingle said that in his opinion it would be "nicer" for the large district, but harder on the poorer ones, as all the population and state roads lay in the Genesee and Moscow Highway districts, as now being consolidated.

Mr. Ingle announced that the Latah County Chambers of Commerce would meet here on May 27, in the Fraternal Temple, with the Kendrick Grange ladies serving the 6:30 dinner. These are open meetings, and all who so desire may attend.

On Education Jasper Nutting reported the last week of school was at hand. In the teaching staff for the coming year there were five vacancies, two of which had now been filled; another contract signature seemed almost certain — leaving two positions still vacant. He also announced the coming school play (Aaron Slick from Punkin Crick), and said there was excellent "between-the-acts" entertainment.

Also on Education A. O. Kanikkeberg reported that at the Budget Hearing a week ago, no one had appeared — which gave approval.

He also announced the coming financial elections, Tuesday, June 5.

Mr. Kanikkeberg further said that all bonds in this district had now been paid off, and the financial situation under the new law appeared the best in years. He warned, however, that these two tax levies must carry to continue our present school system and teaching term.

Coach Dennis Racicot announced the final ball games of the season — with Asotin Friday and Lewiston Frosh Saturday — Parade Day. Mr. Racicot said he considered this one of the best baseball seasons to date, as there had been more player and student interest than for a long time.

George F. Brocke, reporting for the Civic Improvement committee, gave a brief resume on TV reception for this area. He suggested that a non-profit group be formed here to bring a coaxial cable into town from the Dr. Christensen bench to the south. He said that an excellent picture was shown to be there, and the cable could put it right in local homes. This matter was left open to further thought and discussion at the next meeting.

Also on Civic Improvement Rev. F. C. Schmidt noted the damaged glass and peeling paint on the War Memorial at the edge of the city park. After a bit of discussion Geo. F. Brocke agreed to donate the necessary marine varnish, the Commercial Club to purchase a new pane of glass and paint — and the village to make necessary repairs and apply said varnish and paint.

Ross Armitage, for the Village, said this would be done.

Next came a round-table discussion of the matter uppermost in the minds of all — "Parade Day."

Ross Armitage reported that he had been in Lewiston and had contacted as many exhibitors as possible — and all had promised to have entries. A number of other firms were named, and Frank V. Barton stated he would be glad to call them from his Lewiston office.

Some Moscow firms had also been contacted by Ross, Mike Hedler and Tom Keene — and these had also promised entries. Rev. Schmidt said he had talked with Patti Murphy of Lapwai, and she would also be present to grace the parade. The '49ers, however, would be unable to attend due to previous engagements.

A committee composed of Ross Armitage, Gerald Ingle, Ben P. Cook, Ed. Nelson and Henry Jones were named as the nucleus of the "Parade Directing" committee.

Henry Jones reported for the Boy Scouts. He told of the recent Camporee at Spalding, in which 150 boys took part; of the Scout Circle in Lewiston, where about 1500 took part, and other Scouting activity. He said the boys were doing very well in their work. He added that the summer camp this year would be at Camp Grizzly, near Potlatch.

Mr. Jones further asked Club help in finding some one to take his place as "Explorer" leader, as he had been assigned 25,000 more acres in this fire district — and he would be unable to give proper time to the work.

Gerald Ingle appointed a nominating committee for officers for the ensuing year, to report at the June meeting, as follows: Geo. F. Brocke, E. A. Deobald and Rev. F. C. Schmidt. There being no further business, adjournment was taken until Wednesday, June 10.

Winter Not Over

From the feel of the air today (Wednesday) as we go to press — the stores should be advertising "long-handled" underwear!

WHAT JULIAETTA FRIENDS ARE DOING THESE DAYS

Mr. and Mrs. Frank Wagner, Mr. and Mrs. William Hugo and Ole Kleth, the latter of Big Bear ridge, attended a party in honor of Mrs. Hugo's parents — Mr. and Mrs. A. Kleth's — 60th wedding anniversary in Lewiston Sunday, at the home of Mr. and Mrs. Virgil Wampler.

Mrs. Raleigh Albright took her mother, Mrs. James Brackett, to her home at Lookout, last Friday.

Mrs. Raleigh Albright attended the Honor Assembly at Lapwai High school Friday afternoon. She presented the Girl Homemaker Awards to the deserving students in the Home Economics class. The Alice Whitman Chapter of the D. A. R. award was presented to Norma King-sbury of Spalding, in honor of Alice Belfore, mother of the Home Economics teacher, Mrs. Nellie Woods.

This award is given annually, honoring some pioneer homemaker.

Rolan Albright has been very ill this past week with the flu.

Mr. and Mrs. August Brammer and son Cecil and Ernie and Ernest Heim-gartner of Cameron were Sunday dinner guests in the home of Mr. and Mrs. Bill Brammer. Mr. and Mrs. Carl Koopp and Mr. and Mrs. Henry Brammer were afternoon callers.

Mr. and Mrs. Dan Bausch and children spent the week-end at Her-miston, Oregon, with relatives.

Mrs. M. C. Halliday is spending a few days at the home of their son, Gordon and family, at Pasco. The Gordon Hallidays have a new baby son.

Thursday supper guests at the Dan Bausch home were Mike Stone and son and Mr. and Mrs. Lewis Meadows, all of Lewiston.

Mr. and Mrs. Art Tildon of Lewiston were Sunday callers at the Harvie Shepherd home.

Mr. and Mrs. Lawrence Wilson and family of Farmington, Wash., spent the week-end at their home here.

The "Helping Hand" 4-H Club met Tuesday afternoon with Karen Nelson. Mrs. Gordon Fenland and Mrs. Lura Nelson are the leaders of this newly organized group. Karen Nelson has been elected president; Connie Howell, vice president; Imogene Denny, secretary; Sharon Strohm, treasurer; Montez Browning and Laurel Wendt, program; Jeanie Skaggs, demonstrations, and Frances Freeman, reporter.

The W. S. C. S. met Wednesday afternoon with Mrs. Otto Schupfer. Mrs. E. O. McAllister, Mrs. F. C. Schmidt and Lura Nelson reported on the N. W. Conference, which they attended last week in Walla Walla.

Mrs. Harley Porter and daughter Judith Marie of Pomeroy, are visiting this week with Mr. and Mrs. Fred Hadley.

Mrs. Chas. Hicks was pleasantly surprised Thursday by a visit from Mr. and Mrs. R. S. Reynolds of Castleford, Idaho. Mrs. Reynolds is a niece of Mrs. Hicks.

A family get-together was held on Mother's Day at the home of Mr. and Mrs. M. Medenich at Lewiston. Those present were Mr. and Mrs. Chas. Hicks; Mr. and Mrs. Frank Barton and daughter Charlene of Lewiston; Mr. and Mrs. Elmer Sturt and daughter Noretta, Lewiston; Mrs. Clara Huggins of Joseph, Ore., and Mr. and Mrs. Michael Medenich, Lewiston.

Mrs. Dan Whybark spent Friday at the home of Mrs. Chas. Hicks.

Mr. and Mrs. Herb Lillard spent Tuesday in the Chas. Hicks home.

Mr. and Mrs. Lewis Jones spent Sunday in Lewiston with friends.

Rain Stops Outdoor Work
Rain, which began falling Monday evening, and continued to drizzle most of that night, exploded into a full-scale downpour early Tuesday morning, and effectively put a stop to all field and woods work, not to mention logging truck operations.

The rain was definitely not needed in this area, as draws on farms had just dried up enough that operators were able to cross and work them with tractors. It is believed that at least a week must elapse before field work can be resumed.

The temperature remains quite warm, and crops already in the ground will undoubtedly "grow like mad," as will the weeds.

Word From Bud Gephart

Word has been received by Mrs. A. G. Peters from Mrs. Leyte, sister of Bud Gephart, that he had undergone surgery at Seattle last Friday — and the operation had proven successful.

Kendrick Canyon Klub Meets

The Kendrick Canyon Klub met with Sue Craig, Wednesday, May 13, and a pot-luck luncheon was enjoyed by 13 members. The luncheon was served in conjunction with the program, "Meals That Can Wait," which was given by two leaders, Emma Brocke and Marjorie Eldridge.

Roll call was answered by a flower exchange. It was decided to have something for Parade Day, and Aileen Johnson and Marjorie Eldridge were delegated to make the decision and prepare an entry.

Aileen Johnson received the "white elephant."

Hostesses were Sue Craig and Betty Deobald.

The next meeting will be on June 3 at the home of Bertha Eldridge.

JOHN B. DAVIS, OLD-TIME KENDRICK RESIDENT, DIES

Craigmont — John Byron Davis, 73, Craigmont, died Sunday morning at 1:30 at our Lady of Consolation hospital at Cottonwood.

He had been a patient there for the preceding three weeks, although in ill health for the past 20 years.

Mr. Davis was born at Sabula, Iowa, July 4, 1879. He came to Montana in 1910, and was united in marriage to Miss Jessie McCann on Dec. 25, 1910, at Missoula. The couple made their home at Missoula, Montana, until 1926, when they moved to Idaho, settling on a farm up Brady Gulch. Here they operated a dairy for a number of years, as well as farming.

Seven years ago they moved to the Craigmont area, and had made their home there until the present.

Survivors, besides his wife are two sons, Verner, Pendleton, Oregon, and Wayland, Pasadena, Calif.; two daughters, Mrs. June Storer, Craigmont, and Mrs. Margaret Brannan, Lacrosse, Wash.; one sister, Mrs. Carrie Gallagher, Los Angeles; four granddaughters and one grandson.

Mr. Davis was a member of the Methodist church and of the Kendrick Subordinate Lodge No. 37, I. O. O. F.

Funeral services were held Wednesday afternoon at the Presbyterian church in Craigmont, with the Rev. Crawford bringing the message. The I. O. O. F. Lodge had charge of the graveside services.

Body Brought Home

The body of Pfc. James H. Matton, only son of Mr. and Mrs. Perry Mattoon, arrived in Lewiston Wednesday, May 20, at 8:25 from Oakland, California. Pfc. Mattoon gave his life in Korea in the fighting for "Old Baldy" some weeks ago.

Funeral services will be held on Friday, May 22, at 2:00 p. m. from the Brower-Wann Funeral Home at Lewiston. The Rev. G. Edward Knight, Orofino, will officiate. Music will be by Mrs. D. A. Christensen and Mrs. George F. Brocke, Sr., both of Kendrick.

Kendrick bearers will be Elmo Eldridge, Robert Nelson, Walter Benscoter, Harold Roberts, American ridge; George Davidson, Moscow, and Raymond Knutson, Lewiston, all old-time neighbors and friends. The Kendrick V. F. W. Post will have charge of the graveside services. Interment will be in Normal Hill cemetery at Lewiston.

Those left to mourn James untimely death are his parents, Mr. and Mrs. Perry Mattoon of Lenore; five sisters, Helen Mattoon and Mrs. Everett Fey of Kendrick; Mrs. Earl E. Harris of Avery, Idaho; Mrs. Neal Stammer of Pomeroy, Wash., and Kathryn, at home. He also leaves a host of relatives and friends.

The family requests that flowers be omitted, and wish to inform those giving that a box will be available at the funeral parlors for gifts, which will be sent to the Disabled American Veterans organization, in memory of him who gave his life for his country.

School Play Enjoyed

A near-capacity crowd saw and thoroughly enjoyed themselves at the High school play, "Aaron Slick From Punkin Crick," presented at the gymnasium last Saturday evening.

The cast included the following: Aaron Slick (not as green as he looks) Jim Nelson

Mr. Wilbur Merridew, a crooked speculator Bill Mitchell

Clarence Green, a mysterious young man Ted Havens

Mrs. Rosy Berry, an Oklahoma widow Jeanette Rowden

Gladys May Merridew, a sweet young thing Geneva Groseclose

The Girl In Red Jane Racicot

Little Sis Riggs, a regular Tom boy Mona Hammond

Guests Ira Havens, Ann Kanikkeberg, Charles Taylor, Donna Kanikkeberg, Herman Hinrichs and Janice Christensen.

Specialty Numbers (on stage and between-the-acts) "Ezekiel Saw The Wheel," Girls Trio

"All I Ask Of You Is Love" "I Ain't Nobody's Darling" "My Sweetheart's the Man In The Moon" Jane Racicot

"She Could Have Seen Better Days" The Bowery Bums

"Yes, We Have No Bananas" The Bowery Bums (again)

Four of the men teachers, Burke Sower, Irven McGeachy, Dennis Racicot and Ben P. Cook were the "Bowery Bums" quartette.

All costumes were of the "gay nineties, and characters were well disguised in the mustaches and derby hats of that era.

It was truly an evening of fun for all.

No. 6 Checking Your Fan
When your fan won't run, disconnect it and try turning blades by hand. If they turn easily, the trouble is probably electrical. Check the brushes — make sure they are clean; that they have not worn past the point of good contact. Check the cord for breaks. If your fan is of the brushless, induction type, better have a serviceman check the starting mechanism.

American Inventions Make For Better Living Standard

During the period prior to World War II, when Adolph Hitler was building up an arsenal of weapons with which he hoped to conquer the world, a nuclear physicist at the University of Berlin had an idea for a death-ray gun.

The only thing wrong with the idea was that the inventor intended to use the death rays to kill micro-organisms that spoil food. Hitler wasn't interested.

America thrives on inventions that promote health and make for better living. It provides a Patent System as an incentive for such inventions. Dr. Arno Brasch, the nuclear physicist with the death-ray idea, and his associate, Dr. Wolfgang Huber, left Berlin for New York 12 years ago.

Food is an important item of trade, here, and financial interests backed the two physicists in developing their electronic gun to the extent of a half-million dollars. They rented an icehouse on Long Island and scrounged the area for hard-to-get parts required for their electrical apparatus. The pilot model, resembling somewhat the steel skeleton of a skyscraper, began to tower toward the third-story ceiling. Near this was a cylindrical structure, tapering in sections to the top.

Out of this combination of transformers, insulators, and giant electronic tubes there protruded something similar to the muzzle of a gun, aimed straight down to hit the target directly underneath. A 220-volt house current was thus stepped up to shoot 3,000,000 volts.

It was five years ago that this amazing gun began its operation of shooting electron bullets into specimens of food.

Poison Deaths of Children Caused by Careless Parents

Parental carelessness plays a big part in the more than 600 deaths of children each year due to the accidental swallowing of poison, according to Dr. Jay M. Arena of Durham, N. C.

Dr. Arena is associate professor in the department of pediatrics, Duke University School of Medicine and Duke Hospital.

"Children who survive the ingestion of poison may be left with permanent disabilities," he added.

"Poisons contained in household agents are responsible for most of the deaths and disabilities. If all drugs and household agents that contain poison were made inaccessible to children, such poisonings could be almost entirely prevented."

Lye, he explained, is one of the most common causes of poisoning in childhood. During the first 10 years of the Duke Hospital, more than 136 children were treated for stricture of the esophagus caused by swallowing lye. Many of these cases were due to sodium hydroxide in washing powders, drainpipe cleaners or certain paint removers.

Among other causes of childhood poisonings listed by Dr. Arena are the following: strong acid, kerosene, iodine, strychnine, phenolphthalein, barbiturate, salicylate, aniline dye, lead, and mercury.

Farm Land Boom

Farm land prices on an over-all basis may have experienced a record rise over the last decade, but the increases varied widely as between one section of the country and another, according to figures compiled by the Bureau of Agricultural Economics of the U.S. Department of Agriculture. The boom was led by eight states, headed by Kentucky, which enjoyed increases of more than 200 per cent between the 1935-39 average of dollar farm land valuations and July of this year. More than half these states are in the South. Thirteen others, mostly in the South and Middle West, showed rises of between 150 and 200 per cent, and fourteen more between 100 and 150 per cent. The remaining thirteen showed gains of less than 100 per cent.

High Hat

The expression "to high hat" or be snobbish toward one of lower rank probably goes back before the days when the top hat became a symbol of wealth and social position. The rank of a Spanish lady in the latter days of the Roman Empire could almost be measured by the height of her head covering. The more important the lady, the higher her turban towered above her head.

Sea Food

The ocean contains enormous quantities of small plants and animals, many of them microscopic in size, which cannot swim but float with the tides and currents. These are called "plankton" and they form the principal food of various whales, as well as sharks and many other kinds of fishes. The animal plankton is said to have a nutritive value equal to the best meat, since they consist largely of protein, while the plant plankton equal rye flour. The main difficulty seems to be in harvesting. A biologist who studied the matter has said that to meet the normal food energy requirements of one person would require the animal plankton each day from a volume of ocean water equal to an area the size of a football field, and about five feet deep.

Good Pasture Program Means More Profits

Over-Grazing Can Kill Out Pasture Growth

Now is the time to plan a "complete pasture program" that will give your dairy cattle an abundance of high quality, low cost feed at all times next year, says the Middle West Soil Improvement Committee.

The Farmer who has an all-season supply of succulent forage, grass silage or hay is the farmer who will have bigger milk checks, lower feed costs and more overall profits, the committee points out.

Earl Jones, Ohio State University extension agronomist, says that a well-rounded pasture plan should include: (1) Seeding well adapted leg-

ume-grass mixtures; (2) The use of lime and commercial fertilizer; (3) Good grazing management.

Jones recommends alfalfa, ladino clover and grass for summer grazing. Where alfalfa does not thrive, ladino clover and grass will do a good job. Timothy, brome grass or orchard grass may also be used.

He cautions farmers to avoid killing out pasture growth by over-grazing and to provide palatable and nutritious pasture by avoiding under grazing. Jones suggests dividing pasture areas into lots. Cattle are allowed to graze down growth in one lot and then are moved to another.

Along with good legume-grass mixtures and managed grazing, Jones emphasizes the benefits from adding lime and fertilizers carrying nitrogen, phosphate and potash.

Poultry Industry Expects To Boost Production

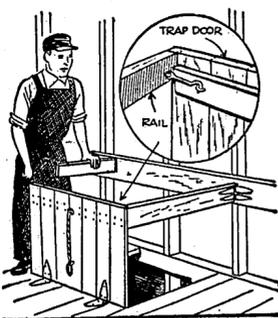

One of the nation's newest agricultural industries is expected to boost the value of poultry products beyond the four billion-dollar mark this year.

This new industry—known as the broiler industry—is expected to account for almost half the chicken meat consumed in 1953, compared to an almost negligible amount 15 years ago. Poultry breeders have succeeded in developing chickens that eat less and still grow from two to three weeks faster to reach marketable size.

H. H. Alp, Director of Commodity Departments for the American Farm Bureau Federation, recently credited the success of the new industry to the nationwide Chicken-of-Tomorrow program sponsored since 1945 by A & P Food Stores.

Only a few years ago, according to U.S. Department of Agriculture reports, most of the chicken meat consumed in this country came from so-called "backyard flocks." Records of specialized broiler production in 1934 show that these chickens accounted for only 3 per cent of total consumption of 18.8 pounds of chicken per capita. In 1951 broilers are expected to account for 51 per cent of a per capita consumption of 29.7 pounds.

Hayloft Door

If you have a trap door in your barn loft, here is an idea that could possibly save you a dangerous fall. Fit it with guard-rails as shown above. The rails, which are hinged to the barn hook, swing outward and are hooked to the trap door when it is in the upright position. When the door is closed the rails are folded flush against the wall.

Frozen Foods Show Huge Gain During Past Year

A record percentage of farm produce is moving to consumers in frozen form. Figures compiled by A & P Food Stores, operator of 4,500 markets in 37 states with six million customers daily, show an overall increase in frozen food sales of 38.9 per cent. Leading this list of foods are citrus juice concentrates orange and grapefruit juice, a blend of the two, and lemon mix. Peas, and strawberries also increased.

POWER OR SAFETY

By Dwight Crofford

I'll grant you that these new cars will really go down the road; they are certainly built for comfort and speed. They are equipped with big engines that have horses to spare. They have pickup that will run the tires right off them. And they will stand up, too.

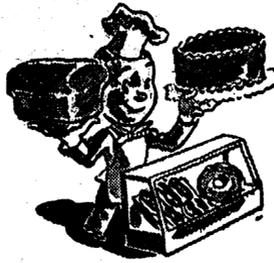

But while we are looking at the speed and durability of these new cars, let's also cast an eye in the direction of the roads upon which we are going to travel.

Statistics tell us that a great percentage of the automobile accidents which are happening today are caused by the driver over-driving his visibility or road conditions. Too much speed for the roads and the weather. It seems that the drivers of the fast cars are always in a hurry to get somewhere. They are in such a hurry that they risk their necks and that of every other driver in order to get wherever they are going. If the truth were known, these motorists often haven't anything to do when they do get there.

Come on old timer, don't try to pass it all off onto the young whipper-snapper. We middle aged and older fellows are often just as gully as the younger boys. And who taught the young fellows their driving habits anyway? Our roads and curves will only safely hold a car going so fast. If

you will drive carefully and at safe speeds, you will have a pleasant trip on any of our highways. There are only a few roads built where you can go as fast as you want to and still be safe, and these are not in this part of the country.

So, in spite of the fact that you have one of those powerful big cars that will do everything, it won't do your thinking for you. If you don't drive at safe speeds, if you don't follow the posted limits in various vicinities, if you won't give the other fellow a chance for his own safety, then your powerful big car become a murder weapon, just like a pistol, knife or rifle.

"My electric bill is the best argument I know for private enterprise"

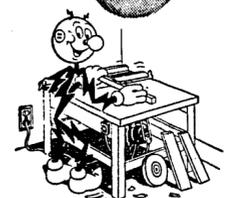

"In recent years there has been a lot of discussion as to private power versus government ownership. I am not in favor of government ownership of anything.

"I notice our bill this month was \$8.32. Now I am going to surprise you. This isn't a complaining letter but a complimentary letter. My wife and I were talking over the services we received for this \$8.32. We have an electric range, a good size deep freeze, two refrigerators, four radios, two carpet sweepers, a coal stoker, a hot water heater, dishwasher, electric disposal sink, automatic clotheswasher, electric air filter, and in my work shop I have an electric drill, electric drill press, electric turning lathe, large size band saw, 10" circular saw and a 6" planer. We use an electric heater and electric fan at irregular intervals.

"We really marvel at the great number of services we enjoy and when we think of the number of them, we marvel at the low price we pay."

Electricity Is the Biggest Bargain in the Home!

This is typical of letters received by the Company . . . AND . . . facts and figures PROVE they are right. The average cost of electricity served to W.W.P. residential customers is only 1.20¢ a kilowatt hour, while the national average is 2.71¢; and the average for PUDs, despite their easy tax burden, according to latest data is 1.28¢.

SCHOOL NOTES

Accompany Band
Monday evening Mr. and Mrs. Burke Sower and Mr. and Mrs. McGeachy accompanied the Band to Lewiston, where the evening was spent roller skating. An enjoyable time was reported by all.

Baccalaureate Services Held
Baccalaureate Services were held in the gymnasium Sunday evening with the Rev. Kenneth Hardin of the Assembly of God Church delivering an informative and inspirational sermon. Rev. F. C. Schmidt of the Kendrick Community Church assisted with the service, delivering the Invocation, Benediction, and reading the scripture.

View Lewiston Businesses
The seventh and eighth grades motored to Lewiston Friday, and spent the morning inspecting various interesting projects and businesses in that city. The afternoon was spent roller skating.

Band and Vocal Concert
The band and vocal concert which was presented under the direction of Burke Sower, Thursday evening of last week was exceptionally well received and many expressed their appreciation for such a fine performance. Our music students have worked hard and have contributed greatly to our school and its many activities this year. We are glad that such a fine crowd came out to hear their final concert of the year. Mr. Sower is to be commended upon his fine work in the music department.

Please Send In Statements
All business houses are urged to please turn in their statements to the school office immediately for all outstanding bills charged to the school lunch, the activity account, or to any class organization in the high school.

No Word On Bridge Jobs
No official word has yet been received on the date for beginning the construction of the approaches and bridges to be built in this area this spring — the bridge across Middle Potlatch at Juliaetta, and across Bear Creek at Kendrick.

We understood that bids were to be called within 40 days after all right-of-way had been purchased, but apparently this is not the case, for some two weeks have elapsed since that time, and so far as we know, the call for bids is yet to be issued. It seems to us that the state should also issue a call for bids for straightening, raising and regrading the balance of the road between Kendrick and Juliaetta. On completion of the bridge approach for Bear Creek, we will have the picture of short standard sections on both sides of town — but about three miles will remain between Kendrick and Juliaetta of narrow, crooked road — on which "Slide Ahead — Caution" signs are year-round standard warnings.

Who can tell us why this section remains as it has for years? — Can Moscow?

NEWSY ITEMETTES FROM AMERICAN RIDGE AREA

Hi-Hope Club Meeting
The Hi-Hope Club will meet at the home of Mrs. Walter May on Thursday, May 21, at 1:30 p. m., with Mrs. Bruce May as hostess.

An exchange of May baskets between Sunshine Sisters will take place, and Mrs. Hunter, our Home Demonstration leader, will handle the main topic: "Short Cuts In The Home." If possible, bring a picture or snapshot of yourself, if you have not already done so — for the scrap book.

Other News
Mr. and Mrs. Ernie Andrews and family, and nephews Ronel and Cary Cavanaugh and Bernard Ewing of Lewiston were Sunday dinner guests of Mr. and Mrs. Walter Bigham.

Dr. and Mrs. Dan Guy of Lewiston spent Saturday and Sunday night with Mr. and Mrs. Frankie Benscoter. Sunday guests were Mr. and Mrs. Bill White and son Roy of Kendrick, and Sunday evening callers were Mr. and Mrs. Marvin Vincent of Leland.

The daughters of Mr. and Mrs. Lawrence Heimgartner and Bobby Callison have the measles, but are getting along nicely.

Mrs. Walter Benscoter was a Tuesday morning caller in the Callison home.

Rev. F. C. Schmidt of Kendrick was a Monday evening visitor in the Callison home.

Mr. and Mrs. Ross Armitage were Sunday evening visitors of Mr. and Mrs. Norla Callison.

Many folks from the ridge attended the High school play in Kendrick Saturday evening, and also the Baccalaureate Services Sunday evening.

A correction: There were 35 guests at the Mary Deobald home on Mother's Day instead of the 30 as stated in last week's issue.

Mrs. Bill White and Mrs. Frankie Benscoter were in Lewiston on Monday.

News is scarce — everyone is trying to catch up on belated spring work.

Mr. and Mrs. Cecil Rogers and sons and Fie and Mrs. Charles Mattix of Lewiston Orchards were afternoon callers and supper guests at the Clarence Dougharty home Saturday.

Mr. and Mrs. Clarence Dougharty attended the wedding of Mr. and Mrs. Mattix at the Lewiston Orchards Community Church on May 10, at 3:00 p. m. Mrs. Dougharty presided at the punch bowl.

Prison life in this day and age seems to be getting more and more revolting.

A lifetime of good example is much better than a library of good advice. Politicians find that the difficulty in buying a newspaper's influence is that the one that can be bought has very little influence.

SEED SLANTS
Each week we will bring to you "Seed Slants," with the idea in mind of giving you news in the seed business as well as news regarding items we have to sell.

Now is bean planting time. One of the most essential things to keep in mind in planting beans is the inoculation of your seed. In past years it has been the practice not to use inoculation, due to the fact that once a legume was planted on the land the soil was inoculated. This practice was called "land inoculation". Due to modern science in the growing of legumes it is now found that in order to get the most from them it is an absolute necessity that the seed planted be inoculated. By using inoculation it is possible to gain up to 70 pounds of nitrogen per acre. The bacteria of the inoculation starts the plant to take in nitrogen from the air as soon as the plant grows its first leaf. This process continues until the crop itself is harvested.

The Inoculant that we sell is "Le-Gume Aid." We have it for your bean seed, and the cost per acre is very small. A package that treats 1,200 lbs. of seed costs \$2.25. This 1,200 lbs. of seed will plant 40 acres of beans at 30 lbs. per acre. You could benefit 70 percent per acre of nitrogen, or 2,800 lbs. on your 40 acres. This would be equal to 300 lbs. of ammonia sulphate per acre, or 6 tons of commercial fertilizer. Think of it — for the small price of \$2.25 on car, have a gain in nitrogen of some 400 percent on a 40-acre field, and would be doing the work of restoring nitrogen to your land — the way nature intended you to do.

For a good canteloupe for this area, we have a new hybrid. This was developed from the "Hale" family of melons, and is a very good producer. It is about the same as the "Hale" in growing season, but lasts much longer when harvest begins, due to being a hybrid. The flavor is excellent, and on good ground they will grow to a weight of 10 lbs.

For a good cucumber that is fine for small sweets, or large dills, or for just plain slicing, you cannot beat "National Pickling." This is an "All American" choice, and should you plant this variety, we assure you that you will be pleased with the results.

Each week we always mention "Bettergrow Treated Seeds." This treatment is a combination of chemicals that we use on our seeds in order to make sure that they will grow. We use a chemical to coat the seed so it will not rot should a rainy spell come shortly after you have made your garden. We use another chemical that protects the seed against wire worms and other insects. We use still another chemical that has a tendency to soften the seed to make it germinate faster. This combination of chemicals is called "Bettergrow" — so for a good garden always insist on "Bettergrow Treated Seeds."

If you are going to plant a few acres or a small patch of field corn, we have some of the new strain of "Yellow Dent Hybrid" on hand for this purpose.

For your garden we have a complete line of seeds and bedding plants. For your field seeds we have grasses, clovers, alfalfa and seed beans.

See us for your supplies. George F. Brocke & Sons, Seedsmen. Phone 1231 — Kendrick

Potlatch Chief Sez

Published by the Kendrick Creamery

HELLO, THERE, FOLKS —

Well, now that Parade Day is behind us, let's again take up the matter of cream. Pastures are literally "booming" and milk and cream production up correspondingly. However, don't depend too much on grass alone for the best results. Just give old bossy a forfill of hay now and then, and a little grain, and see that plenty of salt is always available for the best results.

Then, bring or send that cream to us. We pay spot cash, and return a steam-sterilized, ready-to-use can. No washing out chemicals.

Quizzing a bunch of rookies, the sergeant asked: "Johnson, when you clean a rifle, what's the first thing you do?"

"Look at the number," the private answered promptly.

"What the h' has that got to do with anything?" the sergeant demanded.

"Just to make sure," explained Johnson, "that I' cleaning my own gun!"

Now that the busy season has turned to the "rush" season, it's time to think about quick desserts — and there's nothing better than "Potlatch Chief" Ice Cream. It's smooth, delicious, nutritious, and will meet with anyone's approval. Serve it often — and also use it for snacks for the children. Made in all the standard flavors — plus specials. Keep several quarts on hand all the time. Better still, buy it by the gallon!

Army Rookie Driver: "I'm supposed to go to a supervisor's conference. What's a supervisor's conference?"

Veteran Driver: "That's a group of brass who, unable to decide what to do alone, get together to decide that nothing can be done!"
