Mr. and Mrs. Russell Perkins entertained at dinner on Sunday for their daughter, Mrs. Joyce Marvin, honoring her birthday anniversary. The Southwick Homemakers Club starts their series of summer meetings this month — with only one meeting a month. The June meeting will be with Alice Tarry as hostess, on June 25. Demonstrations will be given on "Cleaning and Adjusting Sewing Machines."

Pat Cowger is recuperating at her home from a very severe case of the measles. We are glad to report that she is better.

Mr. and Mrs. Harold Carburn formerly of Bovill, have moved into the M. A. Miller house east of town. Mr. Carburn is operating a post cutting and manufacturing crew and machinery.

Frustrated Collie
Susie, the big Collie dog on the Oscar Slied ranch, has become very bewildered and frustrated, all because her new charges, five ducklings, won't herd into the chicken yard like the flock of chickens "she has in charge."

Susie keeps a vigilant watch on the chickens all day, chasing them out of the yard and flower beds, and should one fail to respond to her herding into the chicken yard she will pick it up and carry it from the yard. Never, however, harming it.

But the ducks now — that's a different thing. Right off they headed for the pond with Susie giving hot chase and trying to head them off and into the chicken yard — but to no avail.

To the Slinds, watching the performance, it seemed the ducklings were leading Susie a merry chase for into the water they went, with Susie in hot pursuit. As she took to the water after them they would dive and elude her, quacking and enjoying themselves to the limit.

Susie just can't figure those ducks out — the chickens never acted that way!

Leave For Encampment
Joe Forest, Mr. and Mrs. Charles Deobald, Mrs. Wm. Cuddy and Mrs. James Holt left Tuesday morning for Caldwell, Idaho, to attend the State Encampment of the V. F. W.

At the latter meetings Joe Forest will be installed as District Commander of the V. F. W., and Mrs. Wm. Cuddy as District President of the Women's Auxiliary of the V. F. W.

Kendrick Canyon Klub

The Kendrick Canyon Klub met on Wednesday, June 3, with Bertha Eldridge, Vice-president Aileen Johnson presiding, with 14 members and one visitor present. Roll call was answered by each one describing her wedding dress.

Clady and Hazel Wilson gave a demonstration on refinishing furniture.

A motion was made and carried to have a vacation period during the month of August.

The meeting next month will be at the home of Lillie Wallace.

Helen Brocke received the "white elephant."

RIVER YIELDS DROWNED MAN'S BODY AND CAR

Grangeville — The body of E. B. (Swede) Davidson, 34, Colton rancher, and the car that carried him to his death, were recovered from the rushing waters of the South Fork of the Clearwater river, Monday.

Log jammer and auto wrecking crews pulled the 1952 Buick sedan from the river five miles west of Golden, Idaho, about 2:00 o'clock Monday afternoon, after almost two days of salvage efforts.

A crowd of about 200, including many loggers who assisted in the rescue operations, was on hand.

Idaho County Sheriff Bud Taylor said Davidson apparently fell asleep at the wheel while driving toward Elk City early Sunday morning on U. S. Highway 14. The car plunged over the 15-foot embankment and into about 8 feet of swiftly-moving water.

The clock in the car stopped at 1:50 Sheriff Taylor said.

A log jammer owned by Owen Smith and the big auto wrecker of Perl Dye, Grangeville garageman, were used to winch the car about 40 feet to shore.

Several times during the two-day operations, cables leading to the car snapped under the strain of vehicle and rushing waters.

The loggers rigged a boom with a 90-foot pole and William Ketcham, Grangeville, connected the cables to the auto to retrieve it.

The car was dislodged from its resting place several times and carried 100 feet downstream, where it again lodged against rocks.

Davidson was last seen alive about 11:00 o'clock Saturday night, Sheriff Taylor said.

For the last several years Mr. Davidson had farmed an extensive grain ranch near Colton, which is owned by his father, Byard W. Davidson of Pullman.

He also had mining property at Fall Creek, a few miles from Golden, where the car was found in the river, and divided his time between the ranch and mine. He and his wife, Eileen, lived at Fall Creek during the summer.

When his body was recovered, he was wearing a cowboy outfit with a blazer jacket and shirt.

The body was taken to Ailor's Funeral Home. — Lewiston Tribune.

Funeral services were held Wednesday afternoon at 2:00 in the Presbyterian church at Pullman.

Weather Damp And Chill
The weather this past week has been far from what one might expect in this area for early June.

At some time or another during each 24-hour period at least some rain has fallen, effectively stopping all field work, as well as most logging operations.

ANN KANIKKEBERG BRIDE OF BURTON SOUDERS, JR.

The wedding of Miss Ann Kanikkeberg, daughter of Mr. and Mrs. A. O. Kanikkeberg, and Burton Souders, Jr., son of Mr. and Mrs. Burton Souders, Sr., was solemnized at a beautiful candlelight ceremony Friday evening, June 5, at 8:00 o'clock in the Kendrick Community Church. The Rev. F. C. Schmidt officiated at the impressive double ring ceremony against a setting of tall candelabra and baskets of white and pink peonies, spiked with blue delphinium.

Mrs. H. C. Schupfer, organist, played the incidental music, "The Bridal March" by Lohengrin and the recessional "Mendelssohn's Wedding March" and also accompanied Mrs. Jud Lee, the bride's sister, who sang "Oh Promise Me" and "The Lord's Prayer."

The bride, given in marriage by her father, wore a gown of ivory chantilly lace over satin. The dress, of waltz length, was fashioned with a bolero jacket and stand up collar, and was buttoned down the front with tiny satin buttons. The sleeves were long. The skirt of satin was edged in a deep tulle ruffle, and a three-quarter over-skirt of lace fell in soft folds to the top of the ruffle.

Her bouquet was centered with a purple orchid corsage surrounded with crushed pink carnations. Her fingertip veil was fastened to a circle of orange blossoms on a little Juliet cap.

Miss Donna Kanikkeberg was maid of honor for her sister. She wore a dress of blue net over taffeta with a bouffant waltz length skirt and carried a bouquet of pink carnations. Her head dress was a band of braided net with rosettes matching her gown.

Little Karen Loudon, cousin of the groom, was Junior brides maid, and Miss Joyce Armitage, brides maid. Both were dressed alike in blue net which was styled like that of the maid of honor, and their flowers were identical.

Candle lighters were Miss Ann White and Miss Dian Cantrill, who were also dressed in blue net gowns with matching head dress. All were schoolmates of the bride.

The groom, attired in the conventional business suit with white carnation boutonniere, had for his best man, Keith Thornton. Ushers were Bob McCall and David Crocker. All had attended high school together.

A reception was held in the church parlors immediately following the ceremony for the over 100 relatives and guests present.

The bride's table was set with a lovely hand made lace cloth and centered with a three-tiered wedding cake which was topped with a miniature bride and groom. The cake was surrounded with a wreath of red roses and flanked with tall white tapers in silver candelabra. After the young couple has cut the traditional first piece, the cake was cut and served by the groom's aunt, Mrs. Ervin Swenson, assisted by Mrs. Keith Thornton.

Mrs. L. Rodney of Seattle, the bride's aunt, and Mrs. Marvin Long, poked.

Mrs. Ozzie Kanikkeberg, sister-in-law of the bride, presided at the punch bowl. Miss Janice Christensen, a classmate of the bride, had charge of the guest book. At the gift table Mrs. Orville Halseh opened and displayed the many presents.

Mrs. A. O. Kanikkeberg chose for her daughter's wedding a gray lace afternoon dress which was complimented with a pink hat and corsage of pink roses.

Mrs. Burton Souders, Sr., selected an afternoon dress of beige lace which was accented with a red rosebud corsage and sailor hat of natural straw.

Mrs. Burton Souders, Jr., chose for her going away dress a brown linen summer suit with matching accessories, leaving the reception shortly after the serving began.

They are now at home to their friends in the Kendrick Hotel, where they have an apartment.

The bride is a senior at Kendrick High school. The groom is a graduate of K. H. S., is now in the naval reserve, and employed by Potlatch Forests at Lewiston.

Both are well known and popular here, having lived in Kendrick all their lives. Best wishes from the community are extended to the young couple.

Out-of-town guests present for the ceremony included Mr. and Mrs. L. Rodney of Seattle; Mrs. Jud Lee and children, also of Seattle; Mr. and Mrs. Claude Craig, Marysville, Wn., and Mr. and Mrs. Ozzie Kanikkeberg and family of Culecusa, and Jordan Kanikkeberg, Knoxville, Tenn.

Entertain At Buffet Supper
Mr. and Mrs. Ervin Swenson served a buffet supper Sunday evening to the following guests: Mr. and Mrs. Burton Souders, Sr., and Karen; Mr. and Mrs. Jay Stout and daughter Elaine; Lapwai; Mr. and Mrs. Arthur Locke and twin sons, Jack and Gene, Marysville, Wash.; Miss Bernadine Glenn, Charles Easterbrook and Mr. and Mrs. Burton Souders, Jr.; Mr. and Mrs. J. F. Caesar and three sons of Marysville, Wash., and Mr. and Mrs. Claude Craig, also of Marysville, Wash.

Foundation Now Under House
A cement contracting firm completed the pouring of a concrete foundation under the J. G. Travis home in the east part of town.

The house was moved across the street to make way for the new bridge approach, set in place, and then forms built and the concrete foundation poured.

Mrs. Craig, born Emma Lee Robins, came west from Tennessee at the age of 3, and lived at Weippe a short time before moving to Leland.

Mr. Craig came here from Clifton, Kansas, at the age of 14.

The couple resided in this area until 1950, when they moved to Marysville, Wash.

COMMON BARBERRY MENACE TO AREA WHEAT PRODUCTION

Although the common barberry bush makes an attractive ornamental shrub, it is a hazard to wheat production, says the county weed control agent, and for this reason it should be destroyed. This unfortunate circumstance results from the fact that the common barberry serves as a link in the life cycle of the organism which causes a serious disease of wheat called stem rust.

The fungus organism which causes stem rust has a rather complicated life cycle. The organism perpetuates itself from year to year by a series of five different types of spores.

During the late spring and early summer the organism produces wheat summer spore which infects wheat causing the disease known as "stem rust." These red spores are unable to survive our northern winters. However, in late summer and early fall, the red spores are replaced by a black winter spore. These spores are resistant to cold temperatures, and they are able to live through the winter on old wheat stubble and in grasses.

The following spring the black winter spores are not able to infect wheat directly. Nevertheless the organism does accomplish its purpose in a somewhat indirect manner via the barberry bush. The black winter spores germinate, and produce a spring spore which is able to infect only the barberry bush.

After infecting the barberry bush the organism produces yet another type of spore called the "cluster-cup" spore. These cluster-cup spores are able to infect wheat, and once having infected wheat the organism again produces the red summer spores. In this spore stage the organism reproduces rapidly. New crops of red summer spores are shed every seven to ten days. These spores are carried by the wind from wheat plant to wheat plant and from field to field, causing new infestations of wheat and subsequently a new crop of spores in a few days.

Besides being a source of the initial infestation of wheat, barberry bushes constitute an additional hazard in the way of stem rust. Some varieties of wheat have been developed by plant breeders which are resistant to stem rust. However, during its growth on the barberry bushes the organism will occasionally produce a new race which is capable of infecting wheat varieties that were formerly resistant to stem rust. Thus it is possible for a single barberry bush to produce a new race of stem rust organisms which would wipe out years of effort on the part of plant breeders.

Consequently the case against the barberry bush is clear. It is a dangerous plant in a wheat producing area. As such it should never be planted as an ornamental shrub, and old bushes should be eradicated.

Property owners having barberry bushes are asked to cooperate in their removal. Information regarding the eradication of barberry can be obtained from the Latah County Weed Control office or from the Plant Pathology department at the University of Idaho.

Examining your barberry plants carefully before destroying them. The differentiating characteristics between the common barberry (rust susceptible) and the Japanese barberry (non-rust susceptible) are as follows:

1. Leaves of common barberry have spiny edges. Leaves of the Japanese have smooth margins or edges.

2. Usually common variety has three spines per joint, while the Japanese has but one spine per joint.

3. Common has red berries in grape-like clusters. Japanese has red berries occurring in ones and twos along the stem.

Both common and Japanese barberry have red-leaved varieties. In the case of common barberry the red-leaved variety is also rust susceptible — while the Japanese is not.

Fishing Luck Very Poor

As usual, some fishermen have reported good luck, with nice catches, but on the whole the reports have been "No luck, the creeks are too high and too muddy." The best luck seems to be had in the Elk River basin and pond. On opening day Bill Weyen took out a fine string, and others have given the same reports.

Lester Crocker took a nice haul from the Bovill section — but most reports are: "No luck."

Has Resigned Position
Dick McCall has resigned his position in Blewett's Grocery and will accept employment in Lewiston with the "7-Up" Bottling Co. He leaves the store Saturday evening. He will commute to Lewiston for the time being.

Mrs. Marion Rowden has resigned her position at Burt's Confectionery and will replace Mr. McCall.

Dormitory Bonds Denied
U. of I., Moscow — because of the defaulting on bonds for a dormitory at the closed Northern Idaho College of Education at Lewiston, the University of Idaho was advised in a telegram last week by the U. S. Housing and Home Finance agency that all further action with respect to a \$1,150,000 bond issue to finance a new men's dormitory at the university had been suspended for further study.

"This comes as a severe blow to our plans to replace costly-to-operate Pine Hall, a shipyard war surplus building," said J. E. Buchanan, president. "We will make every effort to unscramble the present road block to progress on the new dormitory project."

Defaulting on the NICE bonds occurred when the last state legislature failed to appropriate funds to pay off the bonds or to meet current interest and principal costs.

The telegram, received from Washington, D. C., by President Buchanan, from E. T. Fitzpatrick, acting administrator of the Housing and Home Finance agency, said:

"Prior to his leaving the city on a field trip, there was brought to Administrator Cole's attention the situation with respect to the default on bonds issued for the closed Northern Idaho College of Education. The administrator asked that I notify you of his decision to suspend all further action with respect to your loan pending his further study and inquiry into the situation upon his return."

Word From Mrs. Emmett
Accompanying a subscription remittance comes a brief note from Mrs. James Emmett, Carrollton, Mo., which says in part:

"We are having some very hot weather here in Missouri — 90 to 95 in the shade.
"Please tell all my old friends there 'hello' for me."

Quartet Appearance Cancelled
The touring Pacific Lutheran College quartette, scheduled to appear in concert at the Cameron Emmanuel Lutheran church, Cameron, has advised Rev. Meske that they will be unable to give their concert, due to the illness of a member.

To Leave For Korea
Lt. Col. Aaron E. Blewett, professor and head of the department of Military Science, will leave the University of Idaho staff June 20 for training in South Carolina, prior to assignment in Korea, President J. E. Buchanan announced this week.

Col. Blewett has been on the faculty since 1950. A native of Gifford, he was graduated from the University of Idaho in 1939, after having attended high school at Culdesac.

Before joining the university faculty Blewett served for three years in Germany. He was an operations officer for the Berlin airlift during the Russian blockade and later held a similar position in the famed U. S. First division.

During World War II, Col. Blewett was an infantry company commander in Alaska and the Aleutians for 37 months. Following the war, he received an army commendation medal for his work in setting up and administering a large personnel center for demobilization and reassignment. His later service during the Berlin airlift won him the Medal for Humane Action.

Before assignment in Korea, Blewett will receive instruction in air-ground liaison at Southern Pines, S. C. Mrs. Blewett and their two children will reside at Seattle while he is overseas.

4-H Club National Activities
U. of I., Moscow — Idaho's four delegates will have leading parts in the program of the national 4-H Club camp at Washington, D. C., June 17 to 24, according to assignments received this week by Dan Warren, state club leader at the University of Idaho, extension service.

Josephine Lizaso, Boise, will help to direct a citizenship ceremony, June 23, at the Lincoln Memorial. Roger Jones, Kendrick, is a member of the committee in charge of a candle-lighting service in the Pan-American union, June 24. The ceremony is one of the most solemn and impressive of the week. From it each delegate takes a lighted candle symbolic of the light shed by 4-H work throughout the country.

Bobby Bischoff, Burley, will help to arrange a chapel service at Annapolis, June 21. Peaches Nelson, Rathdrum, is chairman of a group discussion on government, June 19.

Lillian Johannesen, assistant leader of Idaho clubs, is a member of the meal committee.

Active Summer Season
Commencement exercises at the University of Idaho, June 7, will signal the end of campus activities. A full-scale summer school program, including workshops and recreational tours, has been scheduled at the Moscow institution.

Summer school classes begin June 15, with workshops in dramatics, music and curriculum on the agenda. A special field of study will be the "Idaho Resources Workshop," which will give teachers first-hand information on the resources of the state of Idaho and other Pacific Northwest areas.

The workshop will include a week-long aerial tour of the state. Teachers will revise the Idaho state course of study to incorporate conservation, atomic energy and air age material.

Another phase of the summer school program is the Child Guidance clinic. Primary purpose of the clinic is to train teachers for instructing and aiding exceptional children. Instructors are taught to recognize cases of children having reading and speech difficulties and to provide special training.

Honor Mother
Mr. and Mrs. Ben P. Cook had as dinner guests Tuesday evening Mr. and Mrs. John Hoduffer and daughter and Mr. and Mrs. Harold Goff and sons, all of Genesee; Mrs. M. Hoskins of New Mexico (Mr. Goff's mother); Mr. and Mrs. Kenneth Hoduffer and son of Craigmont and Mrs. Sarah Hoduffer of Medford, Oregon, and Gordon Cook.

The occasion honored Mr. Cook's mother, Mrs. Sarah Hoduffer, who is visiting in their home.

New Theater Seats
Otto Schupfen and a crew have been busy the past several days installing new upholstered seats in the Kendrick Theater. The seats were hauled up from Los Angeles by Phil Johns — and there is yet another truck and trailer load to come before installation will be complete.

The new seats are very comfortable and a real improvement.

W. S. C. S. Thursday
Mrs. D. A. Christensen will be the hostess to the Kendrick W. S. C. S. Thursday afternoon, June 11, at 2:00 p. m., in her home, with Mrs. Marvin Long and Mrs. Ben P. Cook as assistant hostesses.

Mrs. Raleigh Albright has charge of the program. A cordial welcome is extended to all.

Cars Collide Saturday Evening
A car owned by Wayne Baillie and driven by Donna Plastino, and another owned and driven by C. G. Arnett collided on Main street at the intersection between the Abrams Hardware and the Kendrick Table Supply Saturday night.

No one was injured and only superficial damage was suffered by either vehicle.

Measles Slowing Up
Although there are still quite a number of cases of measles in this vicinity, the number ill with them is said to be considerably lower than that of last week.

It seems as if measles are an "annual" affair, but for some reason or other, the disease was more virulent than ordinary, with many sufferers carrying high fevers.

Undergo Tonsillectomies
Larry Thornton, son of Mr. and Mrs. Lloyd Thornton, and Cheryl Westendahl, daughter of Mr. and Mrs. Ben Westendahl, underwent tonsillectomies at the office of Dr. D. A. Christensen Tuesday morning. Both are recovering nicely.

BIG BEAR RIDGE NEWS

Mr. and Mrs. A. Kleth of Lewiston spent Memorial Day at their home here.

Mr. and Mrs. Phil Paltz arrived here from Fairbanks, Alaska, and spent several days with Mrs. Paltz's brother, Verne Dunham and family. Their mother, Mrs. Emma Dunham of Lewiston was also a guest in the Dunham home.

Mrs. Stanley Cox and children visited with her sister in Clarkston, last week.

Mr. and Mrs. Olaf Burnvik were Sunday guests at the home of Mr. and Mrs. Herb Slocum in Lewiston Orchards.

Mr. and Mrs. Everett Hammond and children of Moses Lake, Wash., spent the week-end at the E. H. Jones home. Mrs. Hammond and children remained for a longer visit with her parents.

Mrs. Calvin Campbell (nee Pearl Dillan) of Vancouver Island, B. C., returned home Tuesday, having visited at the homes of Mrs. Chas. J. Bower and Mrs. Johanna Nelson.

Mrs. Nellie Knight and granddaughter Sue Weakland, of Derby, Iowa, arrived here Wednesday of last week for a visit with her sister, Mrs. E. H. Jones and family. Mr. and Mrs. Jones met them in Pendleton, Ore.

The Happy Home Club meeting, scheduled for Tuesday, June 16th, at the home of Mrs. Johanna Nelson, will be postponed an account of an All-Clubs Day picnic at the Moscow city park. The meeting starts at 11:00 o'clock. Each club brings food and dishes. In case of rain the Moscow Grange hall will be the meeting place.

Takes Part In Practice
A member of the 3rd Marine Division, taking part in "Sea Jump," the largest navy and Marine Corps training exercises ever staged on the west coast, April 20 to May 17, was Pfc. Wesley Gale Clark, 21, of Pomeroy, Wash.

Clark, a truck driver, is a son of Mr. and Mrs. Keith Clark, formerly of Juliaetta, Idaho, but now residing at Pomeroy, Wash.

Clark is a member of the 12th Marine regiment, a unit of the 3rd Marine Division and the local "Leatherneck" joined 24,000 other Marines in an amphibious assault on Ollso Beach, near Oceanside, Calif., on "D" day, May 5. "Sea Jump," a graduation exercise for the division, completed a rugged 14-month curriculum of beach, desert, snow and atomic training.

Willing Workers 4-H Club
The Willing Workers 4-H Club met on June 5 at the Walter Benschoter home.

During the business meeting a discussing of the coming "Short Course" at the University of Idaho was discussed. Nita Benschoter is the representative of our club. Mrs. Harold Roberts gave lessons on "Using Equipment Properly" and "Choosing Patterns."

Later in the afternoon a sewing machine company representative delivered our new portable sewing machine. He showed the club how to operate and care for it.

Why Idaho Fights Hells Canyon
Why does a proposed government dam at Hells Canyon spark such a tremendous controversy when dams are built on the Columbia or lower Snake river with scarcely a political ripple?

Because the upper and middle Snake river is south Idaho's river to a large extent, the life blood of its economic structure, Idaho's attitude is therefore probably more important than Oregon's, although each state rightly claims a half interest in the stream at the point where Hells Canyon would be built.

Why is south Idaho so much more opposed to this dam than Oregon or Washington is or would be of any other dam that might be proposed on a river flowing through or along the boundary of either state? There are three principal reasons.

1. Irrigation. Other states may view a river as a scenic attraction, a source of navigation or power. When an Idahoan views a river he sees what he calls "waste water", and looks for a way to put it on the arid land of which his state has so much. Water rights are a vital part of a southern Idaho farmer's land title. Any threat to them, no matter how indirect, is like the clarion call of old, "The redcoats are coming." Idaho farmers have seen government bureaus override local land interests in California. They are aware that there will always be many more people, hence much more political influence on the lower Columbia than on the upper Snake. If government should become an important factor in the demand for Snake river water it might pay more attention to the demands for power or navigation than for irrigation in Idaho. Efforts to placate these fears have so far been fruitless.

2. Idaho is a conservative state, thoroughly behind "free enterprise" as against government operations. Oregon may imagine it is conservative, but not in the sense that Idaho is. Idaho's attitude toward public power is intensified by the fact that it has one of the best private power companies in the United States — Idaho Power. This company has trebled its generating facilities since the end of the war. Its area has never had a power shortage, unlike the government power areas farther west. And the company pays both state income and property taxes. Hells Canyon has been viewed in part as a scheme to foist public power on a region that doesn't want it, and is bitterly resentful on this ground also.

3. This is a selfish angle, but what people are unselfish? Idahoans believe a government plant at Hells Canyon will export the bulk of its current to the west coast, including California, that it will be committed on long-term contracts before Idaho needs it, and that it will be denied to Idahoans later when they do need it. Idaho Power will build five dams it proposed, one at a time as needed, paying local taxes on them and using the power to benefit Idaho and nearby eastern Oregon. Salem (Ore.) Capital Journal.

Saturday evening guests in the Ed. Hinrichs home on Big Bear ridge. Visitors Saturday in the J. M. Woodward home were Mr. and Mrs. Ervin Woodward, Clarkston, and Mr. and Mrs. Glen Brazier, Genesee. Lester Woody of Pomeroy and Fred Glenn were Sunday afternoon callers in the Ervil Woody home.
Mrs. Veta Stump and Mrs. Archie Reed and sons called on Mrs. Ervil Woody Sunday afternoon.
Mrs. Archie Reed and sons of Headquarters are spending this week with her mother, Mrs. Veta Stump. They are moving to Lewiston Orchards next week.
Mr. and Mrs. Pearl Hazeltine and children visited in Lewiston Saturday at the John Irwin home.
Mr. and Mrs. Fred Arnold of Pasco and Mr. and Mrs. Wesley Arnold of Lewiston were Saturday dinner guests in the Wilbur Corkill home.
Mrs. J. M. Woodward is leaving Thursday for Portland, where she will visit friends and relatives, and from there will go to Lodi, Calif., to visit a son-in-law and daughter, Rev. and Mrs. Kelsey Prinzing and children.

K. However, it completely wrecked Robert's (Mrs. Kuykendall's brother's) car, which was hit by a pump and pump house — it bent it right in the middle. His house was damaged also, all the windows were broken and the roof was ruined. It wasn't blown off, but seriously damaged.
"Lois's (another sister) house was also damaged, but not bad. Robert's children were all in school at the time, but not a scratch on any of them. If you could only see the school you would wonder how any of them ever got out of it."
"The tornado centered down 41st St., and all the houses down it are in splinters. I have never seen anything like it and I hope I never do again. There were between 800 and 900 children in the Lakeview school when the tornado hit and only 12 were hurt. Angelo really looked pitiful after it was over. Waco is still digging out of it, their loss ran much larger with 196 business houses and 1,863 homes destroyed — while in Angelo there were only 198 homes destroyed and 163 business houses hurt — 117 of them riddled, though."
Mrs. Kuykendall was born in San Angelo, and lived there until she was 25 years of age. She has three sisters and a brother living there at the present time.

Tell Of San Angelo Tornado
Mrs. Jack Kuykendall received a letter from a sister at San Angelo, Texas, telling of the tornado there and we quote parts from it:
"We have been having real excitement here since noon yesterday. A big tornado hit at 2:15 and ripped through Lake View. It got the school house and all houses for three miles. Everyone in our family is O.

SEED SLANTS

With wet weather delaying the planting of crops, in many cases it will mean a late harvest. For this reason it may be profitable to plant early maturing varieties. In beans, flat whites or pintos mature much earlier than reds. The acreage of flat whites is lower this year than last, so this bean may not be a bad bet. The acreage of pintos is somewhat higher than last year. We have on hand good flat white seed and some pinto seed. We are selling the flats at a dime per pound and the pintos at \$8.50 per 100.

Last week we stated that we would tell you about some of the new chemicals that have come into use in the growing of plants. One of these new ones is "Blossom Set." This is a no-seed hormone, and this is how it works on tomatoes. Early tomato blossoms often drop off the plant if they are not pollinated properly, especially in the season when the nights are cool and days are cloudy. Spraying with "Blossom-Set" holds blossoms on plants. The hormone starts fruit development by chemical stimulation of the flowers. These flowers set fruit instead of dropping off; to three weeks earlier than unsprayed flowers. Many are seedless because fruit is set by chemicals not by pollen. Tomatoes are larger, meatier, firmer, and possess better shape and color. More tomatoes ripen on each plant. "Blossom-Set" is very easy to apply, just use a regular hand sprayer, and make your first application as soon as the first blossoms show. Always be sure that the spray mist gets inside the blossoms. The cost of this chemical is small — a 4-ounce bottle that makes one gallon of spray sells for only 75c, and a pint costs \$1.75 — and makes 4 gallons of spray.

Another new one is "Berry-Set." This is also a hormone spray. Its use is for berries such as strawberries, raspberries, blackberries. Makes berries grow much larger, meatier, sweeter, more luscious tasting. Increases berry yields greatly. Strawberries have fewer seeds. Sprayed berry plants bear ripe fruit over a longer period of time. Easy to use. Just mix "Berry-Set" powder with water and spray plants in blossom stage. A 25c packet makes 2 gallons of spray.

Next week we will tell you about Aramite for roses; Lindane and Chlordane sprays for insects.

Would you like MORE MONEY · EXTRA TIME · BETTER LIVING ?

A HOME FREEZER GIVES YOU ALL THREE

HERE'S THE TRUTH WHY: Freezers have become a treasure chest at the end of the rainbow for the average homeowner beset by high food prices—the major item in his monthly budget.

This treasure chest can quickfreeze foods and hold them at sub-zero temperatures. But that one operation enables you to EAT BETTER, LIVE BETTER — AT LESS COST!

Sound impossible? Maybe, but these facts are true:

First you save on meats, vegetables and fruits (the biggest portion of your food budget) because you buy in bulk quantity and you buy in season when prices are lowest. These foods freeze for as long as a year and come out fresh as the day they were put in your freezer — that's the miracle of quick freezing! Not only that, but they are the freshest, most nutritious foods you can eat, because they were quickfrozen to preserve their goodness, within a shorter time than most fresh foods take to get to market.

If you make maximum use of your freezer, with savings such as those mentioned and others like no leftover waste and bulk bread and pastry buying, the U. S. Dept. of Agriculture says the average family of four can save from \$20 to \$30 per month — and the bigger the family, the more you can save!

IMPORTANT NOTICE

Interviews Will Be Conducted Here

For The

National Benefit Plans of Protection

Hospital Surgical Medical Nursing

All residents of Kendrick and Latah county who qualify will have the opportunity to have the National Benefit Plans of Protection. These famous Plans now protect many thousands of individuals and families against expensive hospital, surgical, nursing and doctor bills for either sickness or accident. The program to explain this protection to all residents of the county is now beginning and it will continue until all residents of the county have been contacted and the National Benefit Plans of Protection explained to them.

Two Great National Benefit Plans

PLAN "A" This is the tremendously popular Hospital, Surgical and Nursing Plan. It now protects thousands and thousands of individuals and families. If you and your family are not protected under this Plan you may now learn how it may be available to you if you qualify.

PLAN "B" This is the Plan that pays toward Doctor Bills in the home, at the doctor's office, in a clinic, in a hospital — in fact anywhere. It covers sickness, accident and delivery charge for childbirth. The benefits for doctor bills, operations and nursing will give added protection to the National Benefit Hospital, Surgical and Nursing Plan or to any other plan of protection.

These Famous Plans of Protection Provide In Specified Amounts For

PLAN A

- HOSPITAL ROOM AND BOARD**
In the hospital of your choice for either sickness or accident
- HOSPITAL EXTRA EXPENSE**
X-Ray, operating room, anesthetic, ambulance, medicine, iron lung, etc.
- SURGEONS' BILLS**
For operations performed either in the hospital or in the doctor's office.
- CHILDBIRTH**
Double benefits for twin births.
Triple benefits for Caesarian birth.
- HOME NURSING**
For either sickness or accident.

PLAN B

- DOCTORS' BILLS**
For doctor's calls to your home
For treatment at the doctor's office or clinic.
For visits in the hospital.

County-Wide Program

We Are Pledged to Interview All County Residents. The National Benefit Plans of Protection Will Be Explained to Individuals and Families . . .

During the time necessary to contact all county residents, representatives will be interviewing individuals and families. The National Benefit Plans of Protection will be explained by fully qualified, specially trained representatives. They are pledged to contact all residents and to make the plans available to all who qualify.

A FEW MINUTES TIME IS ALL THAT IS NEEDED

Just a few minutes of your time is needed for you to receive a full explanation of the Plans. The representative who calls on you will arrange a time that is convenient for you to receive full information.

INCOME PROTECTION: Ask the representative who calls on you about the National Benefit Income Protector Plans that give you a monthly pay check when you are sick or injured.

HERE ARE A FEW REASONS WHY IT IS IMPORTANT FOR YOU TO HEAR A FULL EXPLANATION OF THE NATIONAL BENEFIT PLANS:

- * They Are a Safeguard Against Government Control of Hospitals and Doctors: Socialized medicine is unnecessary for you when you and your family are protected under National Benefit Plans.
- * Hospital and Medical Care Has Become Tremendously Expensive: If you or a member of your family has been recently hospitalized and has had expensive medical or surgical care you know the importance of a National Benefit Plan to prepay the cost of this necessary but expensive care.
- * One Person Out of Every Two Families Will Be a Hospital Patient This Year: The advanced medical techniques and the ultra modern Hospital facilities are being used now more than ever to safeguard health and prolong life. If you or a member of your family takes sick or meets with an accident, you, too, may become a hospital patient. And 6 of every 10 hospital patients require expensive surgical operations.
- * You May Prepay Expensive Hospital, Surgical, Medical and Nursing Care at Low Cost: National Benefit Plans of Protection are low in cost. You will be surprised at the small monthly deposits to keep them in force to protect you and your family.

IF YOU ALREADY HAVE A PLAN, HAVE YOU ENOUGH PROTECTION?

You possibly now have a National Benefit Hospital and Surgical Plan, or you may have some other Plan, to be protected through your employment in a Group Plan of some kind. **GET A MEDICAL PLAN, TOO!**

REMEMBER: National Benefit pays benefits direct to you, or to the hospital or doctor as you direct. Benefits are NEVER prorated or reduced on account of any other protection you may have or any payments you receive from any other source. A low cost National Benefit Plan will give you the protection you need.

Hospital Plan Is Offered
A page advertisement on another page in this issue of the paper gives detailed information concerning the hospital and surgical protection which will soon be available to residents of this county.

The National Benefit Insurance company, with its home office in Des Moines, is the author of this Hospital and Surgical program.

The protection is said to have been widely endorsed for its liberal coverage for hospital and surgical bills. Many residents of this state are said to have received benefits for hospital and doctor bills incurred because of operations.

One of the most effective means of combatting socialized medicine is the ever-increasing number of families who are protecting themselves by participating in a voluntary plan of hospital and surgical protection. Many authorities believe that the American people, most especially those in the midwest and west, wish to choose their own plan of protection against hospital and doctor expenses, rather than be forced into a system of government controlled medical or hospital care.

AN APOLOGY

We of the Kendrick Volunteer Fire Department wish to take this opportunity, as a body, to make an apology to the general public and the surrounding community for a very unfortunate misunderstanding that occurred in part, to the use of the Firemen's Hall.

We are very sorry that this occurred.

We also wish it to be known that we have relinquished our practice night in favor of the Kendrick Commercial Club regular meeting night — the second Wednesday of each month. — Kendrick Volunteer Fire Department.

Potlatch Chief Sez

Published by the Kendrick Creamery

HELLO, THERE, FOLKS —

Well, doggone it — it looked Monday like maybe spring might really be here — but Tuesday almost everyone was wearing a coat — so maybe we'll have to wait another week or two before spring can really come — and when it does, it will undoubtedly be summer — full tilt.

Well, there still remains a lot of field work to be done — so augment that income with cash from your cows. We want to buy that cream. Bring it in to us and get our cash and service. You're sure to like both.

After tossing bits of bread to the stork at the zoo, who bobbed his head at the girl for more, she asked her mother: "What kind of a bird is that, Mama?"

Mother read the sign on the cage and replied: "That's a stork, dear."

"Oh, sure," said the girl. "No wonder he recognizes me!"

In the hurry of spring work don't fuss with a dessert. Just keep several quarts of Potlatch Chief ice cream on hand, and serve it. It's also mighty fine for those unexpected guests, or for snacks for the children or yourself.

"This is a very interesting article, dear," said the man to his wife, looking up from his paper. "It tells how the cleverness of the father often proves a stumbling block to the progress of the son."

"Well, thank heavens," said the wife with a sigh of relief, "Junior won't have anything to fall over."

"Did father seem pleased when you told him of the \$2,000 you had saved?" asked the newly engaged girl of her fiancé.

"Very" was the reply. "He bowed it!"
