ATTENDANCE VERY SMALL AT COMMERCIAL CLUB

Due perhaps, to the fact that this is a very busy season for everyone, there were but nine present for the regular dinner meeting of the Kendrick Commercial Club, the chicken dinner which preceded the session being served at the Kendrick Cafe.

At the business session, held in the Firemen's Hall, nine were also present, and following the reading and approval of the Minutes of the previous meeting and allowance of bills committee reports were called for.

E. A. Deobald, reporting for the Highway committee, stated that no information regarding the construction of the new bridges in this area had been received, although all right-of-way is believed to have been secured.

On Education Gerald Ingle reported that the annual Levy election had carried by a wide margin — 17 to 3, although only 20 votes were cast — showing in itself an approval of school needs. He also added that all teacher positions were now filled.

For the Publicity committee W. L. McCreary stated that Parade Day, final spring activity of the organization, had proven a real success, with an estimated 3,000 in attendance.

G. F. Brocke, reporting for the Agriculture committee said that all fields were still very wet, making spring work very late, and that lots of spring grain remained to be seeded, not to mention beans. He added that early-sown spring grain is presenting a yellow appearance, due to excess moisture and lack of sunshine. Weeds, however, are growing rapidly, particularly wild oats, and many fields will have to be re-worked before they can be seeded.

H. C. Schupfer, reporting for the Membership committee stated that this meeting broke all but one record for low attendance.

A communication from the Lewiston Roundup was read, that organization requesting the nomination of two or more candidates for Princes for the Annual Roundup, to be held in September. The names of Eernadine Glenn and Donna Plastino were chosen by the group, and Dee Miller secretary, was to notify the Association if they accepted.

A round-table discussion of summer plans was held, and after consultation of a calendar, the group voted to take a summer vacation, with the next regular meeting to be held the second Wednesday of September — at which time the Kendrick Volunteer Firemen are asked to be the guests of the Club — the invitation being extended enmasse.

The report of the Nominating committee was then called for, with the following being nominated and unanimously elected as directors: Roy Glenn, Otto Schupfer, Frank Barton, Tom Long and A. O. Kanikberg. The report of the committee was read by G. F. Brocke, its chairman.

There being no further business to come before the group, adjournment was taken until the 2nd Wednesday of September.

Weather Warming Up

Tuesday was the first really warm day for several weeks — bright sunshine predominating from sunrise until sunset — something that has been very rare this spring.

The sunshine has "put new pep" into farmers and loggers, and all are trying desperately to catch up on long-past-due spring work, as many acres yet remain to be seeded.

Rod weeding for wild oats and other field pests is a necessity in many areas, as the early-worked fields not seeded are in many cases overgrown with weeds.

Haying, too, is just around the corner, and it looks like a very busy time is in store for farmers.

The farmers have been hard at work the last few days trying to catch up with planting — and by the looks of things, haying isn't very far off!

Return From V. F. W. Encampment

Joe Forest, Mr. and Mrs. Charles Deobald, Mrs. Wm. Cuddy and Mrs. James Holt returned Sunday evening from the annual V. F. W. State Encampment, held at Caldwell last Thursday, Friday and Saturday.

Opposition to any amendments to the national security act which tend toward the creation of a supreme national general staff system in this country.

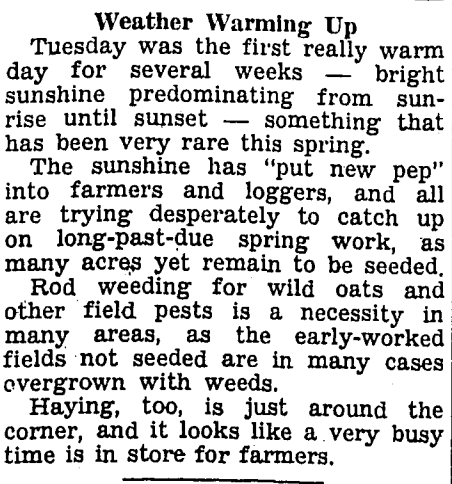

In its resolution on world government, the group declared that "under any world federation or government program, including that of Atlantic union, the representatives of the people of the United States would lose individuality and be outvoted by the representatives of the masses of population of the world federation, government or union" and that therefore the group is opposed to such a program.

The majority of the resolutions passed concerned veterans affairs, including hospitalization, widows and orphans' pensions, extra compensations for combat disability, veterans employment and allied problems.

Officers elected were H. R. Harpt, Emmett, commander; Elmer E. Moe, Wallace, senior vice commander; Dee Summers, Ririe, junior vice commander; Guy H. The pleasure highlights of the encampment were on Thursday night when the entire group drove to Nampa where they were guests of the Nampa V. F. W. Post at a barbecue. On Friday evening the annual encampment banquet and dance was held.

Mrs. James Holt went on to Boise after the encampment to visit relatives for a few days. She expects to return the latter part of this week.

GOLDEN WEDDING DAY OBSERVED BY CRAIGS

Mr. and Mrs. Claude Craig of Marysville, Wn., well known former Kendrick residents, were feted on their Golden Wedding Anniversary, which was last Wednesday, June 10, when their children held open house for them here.

The spacious new home of their son-in-law and daughter, Mr. and Mrs. Burton Souders, Sr., was the setting for their joyous celebration. Old friends, neighbors and relatives began calling at 1:00 p. m., and continued until late that night — with over 150 signing the guest book. Many lovely gifts, cards and congratulatory messages were received by Mr. and Mrs. Craig.

A beautiful three-tier wedding cake, coffee and punch were served the callers. Members of the family, assisted by Mrs. Marvin Long and Mrs. D. A. Christensen cut and served the cake.

All the Craig's children and their families were present, as follows: Mr. and Mrs. A. R. Locke and twin sons, Jack and Gene and Mr. and Mrs. Julius Caesar and sons Jimmy, Danny and Douglas, all of Marysville, Wn.; Mr. and Mrs. Ivan Craig and children, Jacklyn, David and Linda, Richland, Wn.; Mr. and Mrs. Jay Stout and daughter Elaine of Lapp-will; Mr. and Mrs. Ervin Swenson, Mr. and Mrs. Burton Souders, Sr., Mr. and Mrs. Burton Souders, Jr., Mr. and Mrs. Alva Craig and children, Ronnie, Judy, Gary and Emma Lynn, and Karen Loudon.

Other members in the Craig family present included Mr. and Mrs. Roy Craig and daughter, Mr. and Mrs.

Take Marriage Vows

Miss Rita Cain, daughter of Mr. and Mrs. Bob Cain became the bride of Bruce Kidder, son of Mrs. Mary Kidder, Plummer, Idaho, Sunday at 2:00 p. m. in the Assembly of God Church at Moscow.

Rev. Nelson officiated at the beautiful double-ring ceremony amid a setting of large baskets of roses, iris and snowball.

The bride was attired in a light grey suit with white accessories. She carried a white Bible topped with a lavender orchid corsage, and was given in marriage by her father.

The bride's only attendant was her niece, Lottie Wilson, who wore a dotted blue organza dress with a corsage of pink roses. Her accessories were white.

The groom had for his best man his brother, Bob Kidder, also of Plummer.

Mrs. Joy Swan of Juliaetta sang "Because" and "I'd Rather Have Jesus."

A reception was held immediately following the ceremony for 50 relatives and friends at the home of the groom's sister, Mr. and Mrs. Paul Ritholm at Viola.

A beautiful three-tiered wedding cake, which was decorated with white roses centered the bride's table, and after the bride and groom had cut the traditional first piece the guests were served cake, coffee and punch.

The young couple will make their home at Plummer, where the groom is engaged in farming.

The bride's mother chose for her daughter's wedding a green suit, and her corsage was of red roses.

The groom's mother was attired in a print silk dress with black accessories. Her corsage was of pink roses.

Purchases Department Store

Tom Keene, who last Thursday sold the Red Cross Pharmacy and the Variety & Gift Store to Cecil Choate, has purchased the Joseph Department Store at Joseph, Oregon, and will take charge of that institution on Thursday, June 18. He will be joined there by his family as soon as he can locate suitable living quarters.

In the early summer of 1946 Tom purchased the Red Cross Pharmacy from Frank Nesbit, and has operated it since that time until the sale to Mr. Choate.

Tom, a live-wire merchandiser, has also been very prominent in civic affairs, being a regular attendant and booster for the Kendrick Commercial Club and the Masonic Lodge. He was the originator of the annual "Kendrick Parade Day," sponsoring and handling the first one himself in connection with a sales event for the Pharmacy, and has since that time been one of the chief boosters and workers on that occasion, as well as for the annual Sales Day and like civic programs.

To say that Kendrick "will miss Tom" is to put it mildly, but every good wish for his continued success and happiness in his new location goes with him.

Takes Part In Junior Rodeo

Donna Plastino, daughter of Mrs. Chas. Candler, was one of the performers in the Junior Rodeo at Lewiston last Friday, Saturday and Sunday, giving trick riding performances. Quite a number from here attended the performances, particularly Sunday afternoon.

Lloyd Craig and children, Mr. and Mrs. Oral Craig and son and Chas. Craig, the latter of Lewiston.

Out of town guests included Mr. and Mrs. Louis Lunders, Sr., and Mrs. Roy Aiken, all of Clarkston; J. M. Lyle, Jr., Moscow; Mrs. Ed. Kent, American ridge; Mrs. Evelyn Kirby and daughter of Lewiston; Mr. and Mrs. Warren Cox, Spokane, and Mr. and Mrs. Everett Flesman and daughter Theresa of Portland.

Mr. Craig has enjoyed a colorful career, having seen good and bad times alike. In talking to him he told us he was born at Clifton, Kansas, Oct. 27, 1879. His first trip west brought him to Dayton, Wash., in 1888, where he lived for four years. He then returned east for a year, but the west was in his blood and he returned to make his home in Leland in 1893. He enlisted for service in the Spanish-American War in 1898, serving until 1901. After the war ended he returned to Idaho and was married to Emma Robbins in 1903.

At this time Mr. Craig started farming and stock raising. He was one of the very first to raise dry beans in this area and was known as "The Bean King of the Potlatch."

Then came World War I, and in the depression years that followed Claude says things "really got tough" — so bad that he went broke. But fortified with a stout heart and high spirits, he began again, moving from the Leland to Cedar Creek section. At the latter spot he launched into a new venture, logging and lumbering, which proved very successful and claimed his earnest endeavors until retirement in 1942.

In that year Mr. and Mrs. Craig moved to Kendrick, living here eight years. From here they moved to Marysville, Wn., where they purchased a small farm, and are now engaged in blueberry and strawberry raising.

Mrs. Craig was born Emma Robbins at Nashville, Tenn., in 1884. She came west to Seattle with her family and lived there during the time of the big fire. She later moved to Weippe with her parents, who were one of the first families to settle in that area. She later came to Potlatch ridge, near Leland, where she met and was married to Mr. Craig.

Mr. and Mrs. Craig brought up eight children, seven of whom survive, one daughter having been killed in an auto accident several years ago. Besides their six daughters and two sons they boast eighteen grandchildren.

Mr. and Mrs. Craig are true pioneers, both are in excellent health and enjoying life to the fullest extent. Their busy fifty years of married life attest to the fact that "an honest day's work never hurt anyone."

Congratulations and best wishes from the entire community are extended the "bride and groom of fifty years ago!"

ROBERT BALES; TWO COMPANIONS DIE IN RIVER SUNDAY

A high-powered English Jauger sports convertible plunged over a 12-foot embankment into the Clearwater river with three men Sunday afternoon just above Walk's tavern about seven miles east of Lewiston. One died afterward and two are believed to have drowned.

Stewart Walker, address unknown, died at St. Joseph's hospital shortly after midnight Monday morning of severe internal injuries and shock. The men believed drowned, according to State Policeman Frank Shoemaker, are Robert Bales, son of Mr. and Mrs. Harvey Bales, 1303 8th Ave., and Robert Hunter, Manacho, Penn.

Shoemaker said Walker was pulled out of the water at the river's edge by Jack Travis, Kendrick, and Jesse Walker, Myrtle. Walker is not related to the injured man. The physician said Walker lapsed into unconsciousness at the hospital.

Bodies of the other two were not recovered after a futile 2½-hour search, abandoned because of darkness.

Shoemaker said the 1953 Jaguar, headed for Lewiston, left the North & South highway on a straight stretch running parallel to the river. The water is estimated to be 20 feet deep and "running fast" where the car entered the water.

Because of the depth, speed of the water and the smooth river bottom at that point, Shoemaker said "chances are the undercurrent will carry the car downriver" to a point where the current is slower.

Wm. Clem, veteran riverman, said the car might even be carried into the mill pond of Potlatch Forests, Inc., before it is found.

Witnesses said there were skid marks "about 20 yards long" on the highway to the edge of the embankment.

Travis told Shoemaker he saw the auto go into the water. — Lewiston Tribune, Sunday, June 14.

Robert Bales is a grandson of Mrs. Anne Longteig, Southwick, and very well known here, for as a youth, he often spent considerable time with his grandmother and uncle, Johnnie Longteig at Southwick.

Mr. Travis, in talking with us, said he was meeting the Jauger, and it appeared to him that the right front tire blew out, causing the car to swerve toward the high bank on the right hand side of the road, and then across the highway and into the river. Mr. Travis said it would be all but impossible to estimate its speed, but he thought it rather high.

After the car plunged into the river he saw one man swimming desperately, and followed him along down the roadside for about 200 yards shouting encouragement, all the while searching for a piece of driftwood or board that he might throw to aid him in the absence of a rope — but found nothing, and the man finally disappeared below the swift-flowing waters. Jack then returned the car and assisted in pulling Mr. Walker ashore.

As we go to press no trace has yet been found of the bodies or the car.

Swim Pool Opening Delayed

Opening of the Area Living War Memorial Swimming Pool at Kendrick, scheduled for Tuesday, June 16, has been delayed by unexpected loss of water, which forced its draining to enable repairs to be made.

The pool was filled by Parker McCreey last Saturday, to enable sunlight to warm the water — but an inspection Sunday disclosed a sharp drop in the water level, and Monday tests with dye were made to trace the escaping water, which amounted to almost 27,000 gallons.

These tests disclosed unsuspected leaks in seam locks, so there was nothing to do but drain the big pool and begin calking operations, which were completed Wednesday evening, and it is now hoped to open the pool Saturday — but Sunday — for sure!

Parker will be assisted by Francis Dammarell and Janice Cantrell, who will have charge of the office.

So far as we know at this time admission will be the same as that of last year: Adults (14 years and up) season, \$5.00, single, 40c. Children, season, \$3.00; single, 25c.

Students in the Daily Vacation Bible School at the Kendrick Community church finished their two-week course last Friday morning.

The children in the Primary department collected pictures that they sent to the Migrant Camp in Seattle.

The Bible School averaged a daily attendance of between 30 and 35. A collection of \$15.00 was given and will be used for some missionary project.

Hospital Program Offered

The announcement carried elsewhere in this issue will give residents of this county an opportunity to have explained to them and to participate if they so desire, in such a voluntary program providing protection against hospital and surgical expense. It is pointed out that families living in the rural areas will be contacted during the next few weeks and they, too, will be given an opportunity to avail themselves of this protection.

Many more farm families require hospitalization than city residents. It is said, because of the higher incidence of accidents on the farms. Usually farmers do not have the opportunity to obtain adequate hospital and surgical care because they are self-employed and the benefit of an industrial group plan is not available to them.

According to company officials, the response to the National Benefit Hospital and Surgical plan of protection has been enthusiastic in other localities.

Church Is Dedicated

The Juliaetta Seventh Day Adventist Church was formally dedicated at the Sabbath Morning services, June 13, 1953.

Sunny Liu, a Chinese Hawaiian sang "The Lord's Prayer."

The church history was given by Mrs. Melva Woody.

Organization of the church then followed with H. J. Perkins of Spokane presiding.

The dedicatory sermon was given by Elder C. Lester Bond, president of the Upper Columbia Conference of Spokane. The dedicatory prayer was given by Elder E. H. Wilcox of Clarkston.

Sunny Liu then sang "Bless This House."

The meeting was then dismissed with a prayer by Elder M. A. Dopp of Clarkston.

All met in the Spalding park for a noon-day lunch following the dedication.

SEED SLANTS

With clover coming into full bloom, it is time to think about insect damage to the seed crop. The insect causing the most damage to your crop in this area is the Clover Seed Weevil. This weevil is very similar to the pea weevil. It is the same in color, but smaller. We have inspected several fields for this insect. However, so far, we have found a very small number, this being due mainly to the cold, wet weather. In checking your fields be sure that the temperature is above 50, as at temperatures below this the weevil will not work and this makes him hard to find.

To control the weevil we suggest the use of DDT dust for dusting or DDT spray for spraying. For dusting use 20 lbs. of 5% DDT dust per acre. For spraying use 2 quarts of 25% spray per acre. If you have a sprayer that puts out 10 gallons of spray per acre, use 2 quarts of 25% DDT to 10 gallons of water.

We have a good stock of dust and spray on hand. Before spraying be sure that you clean your sprayer if you have been using 2-4-D. To clean your sprayer use Sal Soda. We have a cleaner called "Nature Sal" that is made for this purpose, and does a good job.

The clover seed market outlook is somewhat brighter than a month ago. White Dutch is showing some life, with the prospect that most of the old crop will be moved before the new one comes in. The alsike market is very slow, dealers stocks are above normal, and the carry-over by growers will have to be absorbed in the coming year's sales. This year's acreage is below that of last year. However, with the carry-over, and good weather conditions there could be as much alsike as was produced last season. Red Clover acreage is lower, stocks in growers hands are small, and the same applies to dealers. Unless the weather is very favorable red clover should be in a good position from the market standpoint. Ladino acreage is the lowest for several years.

The way we see the out-look for the clover market all depends on what the government does with the stocks they have taken over in the price support program. Should the government hold their stocks for a price that will allow them to break even, these stocks will have no adverse effect on the market, but should they decide to do the clover like they did the black peas they were holding, and sell for what they can get out of the seed — the market will react very unfavorably for the grower.

We are now buying clover seed — White, Alsike, or mixtures.

We have a new item called "Killer-Kane." Just load this Killer-Kane with 2-4-D, and in a few minutes take care of the broadleaf weeds in your lawn. It is a good plan to carry one with you when inspecting your clover fields and when you find a lone thistle you can treat it right there. This item will last for years, and the cost is small, only \$1.95. Be sure and get one the next time you are in town.

THURBER'S

ATTENTION FRIENDS . . .

Having disposed of my two places of business here in Kendrick (The Red Cross Pharmacy and The Variety and Gift Store) to Cecil Choate and family — I wish to take this opportunity to thank everyone with whom I have had the pleasure of dealing these past few years. My family and I have enjoyed our association with all of you and have certainly appreciated your patronage.

It is my sincere wish that you will extend to Mr. Choate and family the same generous patronage extended to me. I feel certain he will serve you courteously and efficiently.

I have purchased the "Joseph Department Store" in Joseph, Ore., and we will soon be making our home in that town. We will enjoy seeing you — one and all — in Joseph whenever you find it possible to visit that resort area. Bring your fishing pole, because there's lots of water.

To those who have an outstanding account with me — you may either pay me personally or give it to Dave Clayton at the Drugstore. I would like to get them taken care of as soon as possible.

Conferences Are Scheduled
Conferences of school administrators and business education teachers are scheduled during the University of Idaho Summer School session,

which will open June 15. School administrators from all parts of the state will meet at the university June 25-26 to discuss administration problems. They will con-

sider three major subjects: (1) Recent legislation concerning school finances; (2) New provisional certificates, and (3) Supervisory and administrative organization in reorgan-

ized school districts. Dr. Ray M. Berry, head of the department of education, will be in charge of the conference. The program will be provided by members of the department of education and visiting school administrators. The Business Education conference is scheduled for July 6 to 10. Ernest A. Zelliot, nationally known leader in the field of business education, will serve as guest director. He will devote his time to class room presentation and conferences with business education teachers.

Speed Kills

"Speeders Lose" — says the Traffic Safety division — it's more than a slogan — it's the truth!

In recent years speeds unsafe for conditions has been a major contributor to 9,000 or more fatal traffic accidents annually in the United States, according to the National Safety Council.

The tendency of American drivers to appraise their driving skill solely in terms of speed plays no small part in this annual highway tragedy, the Traffic Safety division maintains.

"When you're driving too fast an accident is more likely to happen, and if it does, you're more likely to be killed or crippled.

Stopping distances increase as speed increases. Good brakes can stop a car within 21 feet at 20 miles an hour, but it takes 131 feet to bring a car to a stop at 50 miles an hour.

Another danger of speeding is a condition known as "tunnel vision," in which drivers are less able to see objects on either side of them, contributing to side-swiping and passing accidents. One study has shown that this condition affects all drivers at speeds of 60 miles an hour or more. These dangers all make good reasons for everyone to always drive at a safe speed.

National Benefit Plans of Protection

Hospital Surgical Medical Nursing

All residents of Kendrick and Latah county who qualify will have the opportunity to have the National Benefit Plans of Protection. These famous Plans now protect many thousands of individuals and families against expensive hospital, surgical, nursing and doctor bills for either sickness or accident. The program to explain this protection to all residents of the county is now beginning and it will continue until all residents of the county have been contacted and the National Benefit Plans of Protection explained to them.

Two Great National Benefit Plans

- PLAN "A"** This is the tremendously popular Hospital, Surgical and Nursing Plan. It now protects thousands and thousands of individuals and families. If you and your family are not protected under this Plan you may now learn how it may be available to you if you qualify.
* HOSPITAL
* SURGERY
* NURSING
- PLAN "B"** This is the Plan that pays toward Doctor Bills in the home, at the doctor's office, in a clinic, in a hospital — in fact anywhere. It covers sickness, accident and delivery charge for childbirth. The benefits for doctor bills, operations and nursing will give added protection to the National Benefit Hospital, Surgical and Nursing Plan or to any other plan of protection.

NATIONAL BENEFIT INS. CO.

HERE ARE A FEW REASONS WHY IT IS IMPORTANT FOR YOU TO HEAR A FULL EXPLANATION OF THE NATIONAL BENEFIT PLANS:

- * They Are a Safeguard Against Government Control of Hospitals and Doctors:
Socialized medicine is unnecessary for you when you and your family are protected under National Benefit Plans.
- * Hospital and Medical Care Has Become Tremendously Expensive:
If you or a member of your family has been recently hospitalized and has had expensive medical or surgical care you know the importance of a National Benefit Plan to prepay the cost of this necessary but expensive care.
- * One Person Out of Every Two Families Will Be a Hospital Patient This Year:
The advanced medical techniques and the ultra modern Hospital facilities are being used now more than ever to safeguard health and prolong life. If you or a member of your family takes sick or meets with an accident, you, too, may become a hospital patient. And 6 of every 10 hospital patients require expensive surgical operations.
- * You May Prepay Expensive Hospital, Surgical, Medical and Nursing Care at Low Cost:
National Benefit Plans of Protection are low in cost. You will be surprised at the small monthly deposits to keep them in force to protect you and your family.

IF YOU ALREADY HAVE A PLAN, HAVE YOU ENOUGH PROTECTION?

You possibly now have a National Benefit Hospital and Surgical Plan, or you may have some other Plan, to be protected through your employment in a Group Plan of some kind. GET A MEDICAL PLAN, TOO!

REMEMBER: National Benefit pays benefits direct to you, or to the hospital or doctor as you direct. Benefits are NEVER prorated or reduced on account of any other protection you may have or any payments you receive from any other source. A low cost National Benefit Plan will give you the protection you need.

Potlatch Chief Sez

Published by the Kendrick Creamery

HELLO, THERE, FOLKS —

Well, it sure as thunder stays cold, doesn't it? And while we're on the subject we might say that the remark heard most frequently on the streets of Kendrick these days is: "Do you think it will ever warm up?"

The answer, is, of course: "Sure it will, but it will be mighty late and probably turn off very hot."

Of course no one really likes hot summer weather — that is, when it gets into the upper 90's. But when that time does come, you can do a lot to beat the heat by keeping quarts of "Potlatch Chief" Ice Cream in your deep freeze or in your refrigerator, and serving it often. Made in all the standard flavors, plus "specials." Lay in a supply at the creamery next time you come down town.

Junior: "I will not I don't feel like going outdoors."
 Father: "Well then, stay in. I tell you, I insist on obedience!"

Getting tired of the old line of salads? Hungry for something different? Well, here's an easy one for that hurried lunch or for that unexpected company: "Take a few lettuce leaves on each plate, place a ring or two of pineapple on the lettuce and then cover liberally with Potlatch Chief cottage cheese — add a touch of paprika for color — and there's a salad." Substitute pears for the pineapple if you prefer.

Honeymoon's Definition: "The vacation a man takes before going to work for a new boss!"

Nowadays, Pop no sooner gets his daughter off his hands than he has to get his son-in-law on his feet.

Father: "Junior, run outdoors and play. I can't stand all this infernal noise."
