NO. 14

INTERESTING NEWS NOTES FROM THE SOUTHWICK AREA

Study Group To Meet

The Study Group of the Southwick area, with Ruth Armitage as leader, and sponsored by the P. T. A., will meet Monday evening, April 12, at the school, according to present plans. If a change is made to a private home, the information will be circulated so everyone will know. We would like to see all parents with school and pre-school students present. There will be material of interest to everyone.

Carnival Friday Evening

The Southwick Homemakers Club will hold their Carnival Friday evening at the Aid Hall. Although, due to lack of space, concessions will be limited, we promise you a good time, plenty to eat and some nice prizes. Of special interest will be the awarding of the blanket which is displayed in the Variety Store window at Kendrick. There will also be door prizes. Come, meet your neighbor and have a good time.

Homemakers Club To Meet

The Homemakers Club will meet Thursday at the Aid Hall and make preparations for the Carnival. Marie Kuykendall will be the hostess and Barbara Hepler co-hostess. We would appreciate the help of several husbands not otherwise employed — also all members present.

Honored With Shower

Honoring Mrs. Verlin Benjamin at a pink and blue shower, Mrs. Lois Thornton and Mrs. Alice Fry entertained on Thursday at the Benjamin home with a surprise shower. A large beautifully decorated bannister held the beautiful shower of gifts. After three games were played, prizes were awarded Viola Martin, Mrs. Arlie Armitage and Agatha Perkins, the winners. The gifts were then opened and displayed by the honoree. The lunch table was centered with a "stork dominated" music box, which played a lullaby, while the 26 ladies and nine children present enjoyed a delicious luncheon of daintily decorated cup cakes, various colored fruit jellies, coffee, lemonade and mints.

4-H Club Meets

The Southwick 4-H Club met on Thursday evening with Doug Harris as host. Cooking and Clothing projects were the subject of the evening. Seven members and both leaders were present, and enjoyed a light lunch of angel cake and jello, served by Mrs. Virgil Harris, at the close of the meeting.

The next meeting will be at the home of Diane King.

General Items

Dinner guests at the home of Mr. and Mrs. Elton McCoy on Sunday were Mr. and Mrs. Edwin Hanks and children, Mr. and Mrs. Wilmer Hanks and sons, Lewiston, Mr. and Mrs. Gerald Pederson and sons, Mr. and Mrs. Harry Smith of Lewiston.

Mr. and Mrs. William Jennings and Mr. and Mrs. Abner Cowger and family were Sunday evening guests in the home of Mr. and Mrs. Elton McCoy.

Mr. and Mrs. Edwin Hanks and family of Lewiston spent Sunday afternoon at the home of Mr. and Mrs. Howard Southwick.

Mr. and Mrs. Verlin Benjamin and Mrs. Winifred Kluckholm spent Sunday as guests at the home of Mr. and Mrs. A. J. Pederson at Gold Hill.

William Kauder returned to his home in Southwick Saturday, after several months stay in Lewiston, where he was recuperating following eye surgery.

Mr. and Mrs. Darwin Tarry entertained at dinner on Sunday for Mr. and Mrs. C. Hill and son Lester of Lewiston Orchards; Mrs. Kenneth Crowe and children of Clarkston, and William Kauder. The dinner honored Lester Hill's seventh birthday anniversary.

Mr. and Mrs. Don Cantril went to Lewiston on Friday, where Mrs. Cantril attended the Club Leaders' Council.

Guests at the home of Mr. and Mrs. Virgil Harris on Sunday were Mr. and Mrs. George Brocke, Jr., and son Dean of Kendrick.

Mr. and Mrs. Charles Harris and family spent Sunday in Lewiston as guests at the home of Mr. and Mrs. Lee Burcher.

Mrs. Millie Harris and Mrs. Hatie Southwick have returned home after spending several days at the home of Nancy Holmes in Clarkston.

Rev. A. J. Taylor, who conducted revival meetings at the Southwick Community church for ten days, has gone to Weippe to hold a series of meetings. Rev. Swinney took him to Weippe on Thursday.

Mr. and Mrs. Jack Mustoe spent the week-end at Joseph, Oregon, visiting her parents, Mr. and Mrs. Wilbur Colwell.

John Melland is ill with pneumonia. He is at the home of Annie Longteig.

Dinner guests at the home of Mr. and Mrs. Milton Benjamin on Sunday were Rev. and Mrs. Martin Swinney and daughters.

Mr. and Mrs. Leland Marvin and children spent Sunday at the home of her parents, Mr. and Mrs. Russell Perkins.

Mr. and Mrs. A. E. Marvin and children of Clarkston and Mr. and Mrs. Andrew Marvin and Homer Marvin of Teakcan called at the home of Mr. and Mrs. Russell Perkins Sunday afternoon.

Parents Of Son

Mr. and Mrs. Milton Snyder (nee June Brown, daughter of Emulus R. Brown) announce the arrival of a 6 1/2-pound son, born to them at the Sunnyside hospital, Monday, April 5. Mother and babe are doing nicely.

Logging On Hillside

Local residents have had a first-hand look at logging operations the past few days, without having to do more than crane their necks a bit — for Norman Fry has been cutting and skidding logs down from the hillside just east of the old tramway. It seems most peculiar to hear the popping of a chain saw, then hear and see a tree sway and fall.

The logs are skidded by tractor down a bulldozed skidway to the junction of Potlatch and Bear creeks, where they are pulled across the Potlatch and then loaded for the trip to the mill.

There is not very much timber of saw size in the stand, but it is of an excellent grade, and of good size.

NEWS ITEMS ABOUT LELAND RESIDENTS AND FRIENDS

4-H Club To Meet

The Merry Stitches 4-H Club will meet on Friday, April 9th, at the home of Jean Jones for their regular business meeting. Jean Jones and Marga Wilken will give the demonstrations at this meeting.

Home Demonstration Club

The Leland Home Demonstration Club will meet with Mrs. Harold Parks on Wednesday, April 14th, for their regular business meeting. Mrs. Helen Bowling, the Home Demonstration leader, will be present for the project lesson.

General News

April 5 — Mr. and Mrs. Harold Sillow and daughter Kathy and Ernest and Ernie Heimgartner were Friday supper guests of Mr. and Mrs. Herbert Schwarz.

Mr. and Mrs. Ed. Tarbet of Newport, Wash., and Mrs. Inez Lickley of Spokane, were week-end guests of Mr. and Mrs. G. W. Tarbet.

Mr. and Mrs. Roy Craig and daughter Paige and Mrs. Dora Heffel were Sunday dinner guests of Mr. and Mrs. Wilbur Tarbet and family. Mr. and Mrs. Harold Sillow and daughter Kathy were evening callers.

Mrs. Helen Hinrichs and son Herman and Ray Jones were Sunday afternoon callers of Mr. and Mrs. Alex Larson.

Mr. and Mrs. George Baugh and son Norman of Orofino were Sunday afternoon callers in the home of Mr. and Mrs. Lloyd Craig and family.

Mr. and Mrs. Henry Reil returned last week-end from a winter vacation trip of several weeks — one which took them on a motor tour of Germany, as well as other parts of Europe. The Reils took their car with them, making the water trip by ship. They report a most pleasant time.

Mr. and Mrs. George Peters and David Hudson of Orofino were Sunday guests of Mr. and Mrs. Gordon Peters and family. Mrs. Helen Hinrichs and son Herman and Ray Jones of Big Bear ridge, and Mr. and Mrs. Lloyd Craig and daughters were Sunday evening visitors.

Mr. and Mrs. Robert Draper, Mr. and Mrs. Herman Johnson and Julia Fishman left Sunday morning for Portland, where they plan to go smelt fishing.

Mr. and Mrs. Willis Thornton and family of Moscow; Boyd and Ray Thornton of Lewiston, and Mr. and Mrs. Keith Thornton and children were Sunday dinner guests of Mr. and Mrs. Jesse Thornton, Mr. and Mrs. Allen Medalen and family of Kendrick, and Mr. and Mrs. George Baugh and son Norman of Orofino, were afternoon visitors.

Mr. and Mrs. A. G. Peters spent the week-end in Spokane with Mr. and Mrs. Charles Decker and family. They also visited with Mr. and Mrs. Frank Bresgal, Mr. and Mrs. Boyd Harrison and Mr. and Mrs. Clyde Daugherty.

Mrs. Leonard Wolff and Mrs. Lloyd Craig attended an Advisory Council meeting of the Home Demonstration Clubs in Lewiston, Friday.

Marcella Craig attended a 4-H Junior Leader Council meeting in Lewiston at the Courthouse, Saturday.

Mr. and Mrs. Howard Hoffman and family of Kendrick were Sunday evening dinner guests of Mr. and Mrs. Ben Hoffman.

P. O. Lobby To Be Open

Beginning Sunday the lobby in the Kendrick postoffice will be left open until after the 4:00 p. m. train — providing children do not congregate in the lobby and do not molest any of the boxes.

"Molestation of the boxes happened in the past and necessitated the closing of the building — but due to popular request, we are going to try it again," says Fred Stedman, postmaster.

LIONS COMMUNITY CALENDAR

Lions Club — 1st and 3rd Wednesdays
Orange — 1st and 3rd Tuesdays

Please notify R. L. Meserve, Lions Publicity chairman, of all events to appear on this calendar.

SHORT NEWS ITEMS FROM OUR LOCAL SCHOOLHOUSE

Special Trustees Meeting

The School Trustees of our district held a special meeting on March 30th at the Farmers Bank. The main item of business being discussion and approval of the School Budget for the term 1954-1955. The date for the public hearing of the proposed budget was set for April 17, at the High school, between the hours of 1:00 and 4:00 p. m. This meeting will give the School Trustees a chance to explain to any and all interested persons how the finances of the School District stand and how the necessary expenditures of this coming year justify the proposed budget.

Faculty Members Entertained

Ted and Loeda Meyer invited the Junior and Senior High School faculty and their spouses to a delicious fried chicken dinner, at their home near Leland Thursday evening of last week.

Junior Prom Enjoyed

Saturday evening, April 3, was a gala time in the spring social calendar at the local school, for the annual Junior Prom was presented, its theme: "My Wild Irish Rose."

The big building was beautifully decorated, crepe paper streamers running from the sides and ends to join a sparkling "sky" in the center. About the walls was a "wishing well," a "dreamers bridge," wild rose bushes in full bloom, and comfortable seats for those who just wished to relax, and the whole lit with soft indirect lights.

There was an excellent crowd in attendance, and the evening most thoroughly enjoyed.

Patrons and Patronesses for the event were Mr. and Mrs. Irven McGeachy, Mr. and Mrs. Charles Candler and Mr. and Mrs. Robert Meserve.

The Juniors and their advisors, Mrs. Elsie Deobald and Irven McGeachy, are to be highly complimented on the evening.

Kendrick Defeats Astotin

Kendrick opened its baseball season with a convincing 9-7 victory over the Astotin Panthers at the Astotin field last Friday.

Walt Wolff opened on the pitching mound for the Tigers and gave up five runs and four hits in the first two innings. In the third inning Tiger Ron Craig took over the pitching and handcuffed the Panthers very effectively by striking out 11 batters; giving up only two runs on two hits in five innings.

The score at the end of the third inning was 5-0, Astotin — behind the no-hit pitching of Panther Miller. Miller gave way to his team mate, Triplett, in the fourth inning. Triplett gave up all of Kendrick's nine runs and five hits.

Swinging big bats for the Tigers were: Gary Gertje, a double and a single; Ernie Heimgartner, a double; Leonard Gustafson, a long single and scoring three runs.

Hollenbeck and Brown had two hits each for Astotin.

Winning pitcher: Ron Craig.
Losing pitcher: Triplett.

The score by innings:
Kendrick 0 0 0 3 4 0 2
Astotin 2 3 0 0 1 0 1
Kendrick: 9 runs, 5 hits, 6 errors.
Astotin: 7 runs, 7 hits, 8 errors.

The Tigers will see action on their home field on Wednesday, April 13, when they meet the Troy Trojans. Be sure and attend. It promises to be a fine game.

Landmark Burns

Tuesday morning, about a quarter of 7:00, the fire siren sounded — its two blasts indicating a fire in the east part of town — and a fire it was the old T. Y. or "Terry" Ellis house being a sheet of flame before it was discovered and the alarm turned in.

The flames were so far advanced that the Volunteer Firemen used their hose lines only to save the garage on the adjoining Ed. Brown property and the transformer and light pole adjoining the burning house.

The house had not been occupied for several years, so, at this time at least, no cause has been advanced for the blaze.

It was the third time in the past several years that the house had been on fire, but was occupied the previous two times, so the alarm reached the Volunteer Firemen in time for them to save it this time it was too late.

Is This March Or April?

Although the calendar says that it is now April, and the blooming of early flowers, forsythia, hyacinths, daffodils, violets, etc., also add up to April, the weather seems far more like that of the middle of March.

Over the past few days we have had chill winds, warm winds, pouring rains, a very brief sleet storm, and most anything else that you could think of that might be labeled "March Weather."

In fact, Thursday of last week the temperature dropped to 13 right here in the valley, and we understand a reading of 13 was recorded near Leland.

Well, it's like that famous remark credited to Irvin S. Cobb (some say Will Rogers), that: "Everybody talks about the weather, but nobody does anything about it."

Recovering Following Surgery

Word was received here Monday by Fred Stedman from his mother, Mrs. N. H. Stedman, at Aberdeen, Wash., who recently underwent surgery, saying she is up and about, and expects to leave the hospital this week.

PERSONALS AND NEWS ABOUT KENDRICK FRIENDS

Mr. and Mrs. Jack Kuykendall were Sunday dinner guests of Mr. and Mrs. Denzil Kuykendall, Teakcan.

Mr. and Mrs. John Johanson were Sunday evening guests in the home of Mr. and Mrs. Theodore Lundquist, Moscow.

W. A. Watts and son Bob were Spokane business visitors on Tuesday.

Rev. F. C. Schmidt drove to Pierce Tuesday, acting on a committee with several other ministers from this area, to select a building site for a new church in that village.

Rev. and Mrs. F. C. Schmidt attended a paragon club meeting at Peck Monday, held in the community hall there.

Mr. and Mrs. Ozzie Kanikkeberg and children of Culesac were Sunday guests in the home of his parents, Mr. and Mrs. A. O. Kanikkeberg.

B. F. (Frank) Nesbit, left for Moscow Tuesday, where he has purchased a home near that of his son and family. It is with real regret that local residents see him leave.

Mrs. Harry Langdon, Lewiston, was in town Tuesday visiting her father, Ira Foster, and with other relatives.

Mr. and Mrs. J. M. Lyle, Jr., of Moscow, were Sunday dinner guests in the W. L. McCreey home. N. H. Rhodes and Mrs. Ruth White, Lewiston, joined the group to spend the evening.

Mrs. Everett Fraser has been in Lewiston the past few weeks caring for their grandchildren, as their daughter-in-law, Mrs. Arthur Fraser, has been ill.

Bruce Kirk and Jim Wilson, who are employed near Avery, spent the week-end at their respective homes here. Kirk said that the snowfall of last week, added to what was already on the ground totaled up to better than ten feet of snow still remaining.

Wallace Fraser, who is employed near Avery, spent the week-end at his home here.

Cpl. and Mrs. John Deobald and baby arrived home from Salinas, Calif., Monday night, and are now at the home of his parents, Mr. and Mrs. E. A. Deobald. John will have about 30 days at home before he returns to Fort Ord, Calif., to get his discharge papers, his military service period now being over. They plan to move into the Sillow apartment in a few days.

Mrs. Estella Leith spent from Saturday until Wednesday at Coeur d'Alene with her children, Mrs. Ig. Flaig and Mrs. Bob Spencer and their families.

Mr. and Mrs. Marion Rowden and family and Wilma Wilson drove to Elk River to spend the week-end with Mr. Rowden's cousin, Mr. and Mrs. Wm. Farley and family.

Mr. and Mrs. Kermit Waide of Kamiah were Tuesday callers in the home of Mr. and Mrs. W. A. Watts.

Mrs. Wellington McCollum of Ranier, Oregon, arrived here Saturday to visit a couple of weeks in the Edgar Dammarell home. Mrs. McCollum will be remembered here as Verna Emmett.

Mr. and Mrs. Mike Messer of Tacoma brought their little grandson, Ronny Dammarell, home Saturday, after he had spent three weeks in their home. His parents, Mr. and Mrs. Max Dammarell, had taken him over to Tacoma last month, and this was the first time he had seen his new baby sister. The Messers left for their home Sunday.

Mr. and Mrs. Gerald White and baby son of Moscow spent the week-end here with his parents, Mr. and Mrs. E. M. White. They attended the Junior Prom Saturday evening.

Teakcan Grangers Visit

The Kendrick Grange was host to the Teakcan Grangers at the regular meeting Tuesday evening. Including guests there were over 70 present.

In the business session Mrs. Clara Kuykendall, Home Economics chairman, called attention to the next meeting, Tuesday, April 20, which will be given over to "Cancer Education" and which will be open to the public. It is hoped to have a doctor present to talk on the subject, and some excellent films will be shown.

After the business session a program was enjoyed. Those taking part were: A quartet, the Messdames Ruth White, Irene Millard, Jessie Baleman and Elsie Ornstot, accompanied by Mrs. Inez Armitage at the piano; a skit "Fishing," by Floyd Millard and Grant Baleman; an accordion duet by Patty Corkill and Joyce Armitage, accompanied at the piano by Karen Nelson; a pantomime by Joyce Armitage, Karen Nelson, Janice Foster, Karen Penland, Francis Rowden and Mrs. Barbara Clayton, with Mrs. Ross Armitage as reader.

At the close of the evening dancing was enjoyed and refreshments served in the banquet room.

Lady Grangers are asked to bring a dozen cookies each to the next meeting, since it will be open house. Also, all are reminded that Saturday evening there will be a "Jamboree" at Moscow for all county Granges.

The festivities start at 7:00 p. m. with a pot-luck supper — and each Grange is asked to bring a complete menu, also be responsible for five minutes of the program. The local group agreed to present "The Kitchen Band."

Road Work Still Underway

Work on the new bridge across Bear creek is approaching the final finishing stage, insofar as the bridge itself is concerned, but there remains a great deal of work to be done on the approaches from both sides.

Work On Juliaetta Bridge

Lewiston — Five men are placing forms and reinforcing steel on the new Juliaetta bridge in preparation for concrete pouring for the deck span. No grading work is underway.

On the Moscow-Wash. State Line project Sather & Sons, contractors, have started clearing and moving fences. Grading operations are awaiting more suitable weather.

On the Joel-Troy project the contractor is stripping and drilling a quarry near Joel.

On the new 4-lane highway Lewiston-East, bids have been called for this project and will be opened on April 13. State engineering crews are doing advance staking of the project.

IDAHO CANCER CRUSADE BEGINS TODAY (THURSDAY)

The American Cancer Society's nationwide 1954 April Crusade will get off to a flying start in Idaho today (Thursday).

Dr. A. M. Popma, Boise, National President of the Society, has called upon the 588,637 residents of Idaho to participate in this long-long campaign, which has a two-fold purpose. It will impart vital information about cancer to the public and will raise funds for the Society's cancer control program of research, professional and public education and service to patients.

The Society has a year-round program of professional and public education. Dr. Popma said, "but during April — designated by President Eisenhower and Congress as Cancer Control Month — the cancer information program is presented additionally to individual Idahoans by more than 5,000 volunteer workers during their house-to-house solicitation for contributions. This approach will supplement the usual educational media of newspapers, magazines, motion pictures, radio, television, pamphlets, window displays and special exhibits."

"In all our activities we have earned the respect of our fellow citizens. We need not apologize when we approach the public with requests for financial help to carry on the program. The Idaho Division of the American Cancer Society has been built and has grown upon a solid foundation which embraces the confidence and trust of the people in this state," he continued.

"While we have made great inroads into the scourge of cancer, we concede that the disease is still with us, that it remains the second great cause of death and so our relentless battle must be continued, both in the field and in the laboratories of research. Our task continues — to make ours the best informed group of any people in the world."

"The impact of the efforts of the Idaho Division have been felt upon the entire nation. Some of the methods, tools and procedures which were pioneered and developed here have been accepted and are being used with great success by all of the other 59 divisions of the American Cancer Society. Idaho can justly be proud of its efforts in visual education of the public. The film, "Breast Self-Examination," which had its origin in Idaho, is the most widely used of all films produced by the society. Our latest production, "Living Insurance" already bids fair to equal the breast films in distribution and use," Dr. Popma concluded.

As the drive opens, Dr. Popma expressed confidence that this state, as it has in past cancer crusades, will contribute generously toward fighting the killer that took a death toll of 659 Idahoans last year.

Song Birds Return

Boise — Another annual warning is due now, along with the beginning of the annual migrations to and through Idaho of flocks of song birds and other birds designated in the law as "innocent birds." Parents and school teachers, and all others, are asked to remind youngsters not to use these birds for target practice.

Nearly all of them are protected by law, because of their value as insect and weed seed eaters, or because they add so much of interest and beauty to the Idaho scene.

Locally Chinese pheasants, quail, Hungarians and ducks are nesting — and everyone is reminded not to molest these nests in any way, should you happen by chance to find one. Above all, do not touch the eggs, or disturb the grasses about the nest. Protect it.

Honor Students Named

The graduating class of the Kendrick High school has selected Nancy Lee Callison as Class Salutatorian, and Norma Lee Dagefoerde, valedictorian.

Miss Dagefoerde, daughter of Mr. and Mrs. Paul Dagefoerde, has maintained a four-year grade average of 3.966 out of a possible 4 points.

Miss Callison, daughter of Mr. and Mrs. Norla Callison, has a 3.964 average.

Hall Is Open For Use

The Kendrick Volunteer Fire Department organization wishes to announce that in the future the Firemen's Building will be available to any and all organizations who may wish to hold a meeting in that building.

Permission for the building's use may be obtained by contacting Geo. F. Brocke, Jr., the Fire Chief.

In Hospital For Surgery

Carl Kruger, Southwick, was admitted to the St. Joseph's hospital, Lewiston, Tuesday, where he will undergo surgery.

WHAT JULIAETTA FRIENDS ARE DOING THESE DAYS

Pioneer Resident Passes

Mrs. Anna McGlynn, a resident of Juliaetta for many years, passed away last week, and was buried Wednesday in the Moscow cemetery. She had made her home at Opportunity, Wash., for several years with her daughter, Mrs. Minnie Lomkar. She is also survived by another daughter, Mrs. Ursula Clark.

While in Juliaetta, the McGlynn home was where Mr. and Mrs. Ed. Grant now live.

Birthday Dinner

Mr. and Mrs. Dennis Racicot entertained Sunday evening at dinner, honoring the birthday anniversary of their daughter, Jane.

Guests were Mr. and Mrs. Tom Kopelman, Lewiston; Powell Nilsson and son Jon, Moscow; Mr. and Mrs. Eugene Taylor and Ed. Taylor.

Buys Property

Mr. and Mrs. Lloyd Eckman have become the owners of the Hibner property, next to the Lutheran church. After remodeling and repairing it, they will make it their home.

Birthday Dinner Attended

Mr. and Mrs. Archie Garner and sons attended a birthday anniversary dinner Sunday at the Marion Souders home on Gold Hill, honoring the birthday anniversaries of Mrs. Garner, and Mrs. Mattie Garner Allen. About 35 relatives were present.

W. S. C. S. Meeting

Mrs. J. H. Millard was hostess on Tuesday afternoon to the Women's Society of Christian Service of the Methodist church. Mrs. M. C. Halliday conducted the business meeting; Mrs. Charlie Irwin led the devotional and Mrs. Macie Nye had charge of the program. A social hour followed the meeting, with refreshments served by the hostess.

Local I. E. A. Meeting

The April meeting of Local No. 283 of the Idaho Education Association met Monday evening at the Southwick school, Board of Education members, their wives and the husbands and wives of the faculty enjoyed a 6:30 covered dish dinner.

The business meeting followed, with Mrs. Darwin Tarry, president, presiding. Reports on "Teachers' Retirement," "Teachers' Tenure" and "Grading" were given, and Mr. Cook reported on a recent meeting at Lewiston. Thirty-five attended.

School Attendance Low

The Juliaetta Elementary school has had very poor attendance this week, due to the measles, mumps and flu epidemic. Monday's absences were 41, with three more measles cases developing during the day. Tuesday's absence score was 36, with three additional victims sent home during the day.

School will be dismissed on Thursday and Friday of this week for spring vacation, and to permit the teachers who so desire to attend the I. E. A. meeting at Spokane.

Silver Wedding Observed

Mr. and Mrs. Claude Jones were honored Tuesday evening — on their Silver Wedding anniversary — by a self-invited group of friends. A covered dish dinner was spread on the table, centered by a large two-tiered, beautifully decorated wedding cake, baked by Mrs. Oscar Slind.

Songs by Mrs. Dennis Racicot and Eugene Taylor were enjoyed, followed by an evening of cards. High scores at pinocle were won by Mrs. Ben P. Cook and Cecil Gruell, while low awards went to Mrs. Norla Callison and Eugene Taylor. The "galloping goose" went to Dennis Racicot.

Guests were Mr. and Mrs. Darwin Tarry, Mrs. Winifred Kluckholm, Mr. and Mrs. Robt. Meserve, Mr. and Mrs. Ben P. Cook, Mr. and Mrs. Louis Lindquist, Mrs. Elsie Deobald, Mr. and Mrs. Norla Callison, Mr. and Mrs. Eugene Taylor, Mr. and Mrs. Dennis Racicot, Mr. and Mrs. Lester Nelson, Mrs. Johanna Nelson, Mrs. Lou Myers, Mrs. Mary Ottosen, Mr. and Mrs. Cecil Gruell, Mr. and Mrs. Oscar Slind and son Leland; Mr. and Mrs. Campbell of Deary; Jordan Kanikkeberg, George Poulos, Irvin McGeachy, Kenneth Anderson, and the honored guests, Mr. and Mrs. Jones. Their son, Roger, came home from the U. of I. for the evening.

A gift of sterling silver hurricane candle sticks was presented the couple by their guests.

General News Notes

Mr. and Mrs. Charles Calvert of Twin Falls, Ida., spent the week-end with Mr. and Mrs. Asa Calvert, C. A. Hoskins, Lewiston, was a Sunday guest.

Miss Maribel Schupfer, Moscow, visited with her parents, Mr. and Mrs. Otto Schupfer, Sunday.

Mrs. Beulah Peters is home from Pullman during the spring vacation.

Mr. and Mrs. Jack Driscoll and Mr. and Mrs. Denny Driscoll of Troy called at the Dennis Racicot home Sunday afternoon.

Quite a number of local residents have their gardens in, but the chill winds and cloudy days of the past week or more have not been very conducive to growth.

Engagement Is Told

Mr. and Mrs. Frank Bonser, Detroit, Michigan, announce the engagement of their daughter, Barbara, to Gene Edward Kuykendall, son of Mr. and Mrs. Denzil Kuykendall, Southwick.

The marriage will take place on Saturday, April 24th, at the Cavendish Community church, Cavendish, Idaho.

Ill With Flu

Alex Larson, Leland, is quite ill with the flu. His is said to be one of the few severe cases reported to date.

Helping Pick Baseball Team

Mr. and Mrs. Floyd Millard have received a most interesting letter from their son, Pvt. Herb Millard, who is with the Army of Occupation in Germany. Herb says in part: "Since the basketball season has finally come to a close I have been rather busy with baseball. I have been helping the coach for the past five or six days, trying to pick a baseball team. We made a big cut today and we now have 40 fellows left from which to pick a team. We plan on carrying 25 men this year on the team, so we still have one more cut to make before the regular season starts. We have been having ideal weather for baseball practice. The mornings have been rather foggy, but by afternoon the fog has lifted and we enjoy nice sunny weather — but around 4:00 in the afternoon it gets rather chilly.

"I guess the baseball team is going to French Morocco for 10 or 15 days to get in shape for the coming season. All the guys that make the trip will have to take 10 or 15 days leave in order to go, but even at that it's still a very good deal. We are going down there the last part of April — the Air Force is going to fly us down, so it shouldn't cost us too much to make the trip.

"They have been having me do a little painting around here in the mornings, painting bleachers.

"I'll try to tell you about the trip we had to Paris and how we came out there in the basketball tournament. We won the tournament, but we sort of took the hard way of doing it. It took us a total of seven games to win it. We lost the first game we played Wednesday afternoon, so we had to play again Thursday. We won that game, so Friday afternoon we played our third game and won that, so Saturday afternoon we played our fourth game, and won that one — so we had to play our fifth game that night and we won that one — so Sunday afternoon we had to play our sixth game, which we won and that evening the seventh and championship game — and we won again. After playing four games in two days I was never so sick of basketball in my life. I was captain of the team, so I got to accept the trophy, and each player on our team got a little gold cup, which was quite nice, and I also got a trophy for being picked on the all-tourney team, which was a very nice trophy.

"Monday morning we loaded our stuff on the bus and went to Paris to stay over night. The place we stayed was a church, called the "American Church in Paris." After we got our things squared away five of us spent the remainder of the day sight seeing. The first place we went to see was the Eiffel Tower, and we went clear to the top of it — and believe me, it is plenty high, but you really get a beautiful view of Paris from the top of it. That night we took in a few of the high class night spots and watched the floor shows. Paris is much prettier at night than in the day time.

"We left Paris Tuesday morning for Augsburg and arrived Wednesday morning. Guess this is the news so will bring it to a close.—Herb.

To Attend Encampment

Between 125 and 150 Explorers and Leaders from the Lewis-Clark Council of Boy Scouts of America will attend the 2nd annual Explorer Encampment at Geiger Field, Spokane, April 7th through the 11th.

William Harana, field executive for the Council, will be in charge of the group. Other adult leaders attending will include Ed. Brown, Clarkston; Henry Jones, Kendrick; Malcolm Ailred, Craigmont; Ray Snow, Moscow, and C. Gardner Shaw of Pullman.

Check-in time at Geiger Field is not later than 11:00 a. m. on the 7th. This will enable the contingent to be assigned to quarters and prepared for lunch to be served in the mess hall. Explorers will be housed in regular military barracks with leaders rooms at the end of each building.

Crews of ten men will be formed with a "crew leader" selected from among the Explorers. The crew leader will be responsible for the conduct, morale and participation of his group in all events. Promptness and neatness in appearance will be two of the important items considered.

All Explorers will be fully uniformed when appearing outside of their quarters. Fresh haircuts will be required and uniform headgear must be worn when outside of quarters in accordance with base rules.

A varied program of activities has been arranged by Capt. George Mobley at Geiger Field. It includes visitations to the flight line, observing landings and take-off of all types of aircraft, including jets; giant 200-passenger military craft and others. Control centers of various types will be visited and certain types of radar control will be shown.

Post privileges will include movies at the base theater for 25c.

The Scout with the least number of "gigs" at the end of the period will receive a one-hour flight in a 500-600 mile an hour jet plane as a reward for good conduct and obedience of all base rules and regulations.

Total cost to the Explorers and Leaders is \$8.00. This does not include transportation to Geiger Field. Each individual is responsible for his own transportation.

Evergreen Friendship Club

The Evergreen Friendship Club will hold its next meeting on April 21st, at the home of Mrs. Lucille Magnuson, with Mrs. F. C. Schmidt as co-hostess.

Roll call will be a slips and bulbs exchange and the program. "Food on the Job" will be presented by Mrs. Dorothy Watson and Mrs. Mary Ellen Brown.

Correction

Last week in listing the women who were soliciting funds for the Cancer Drive, a mistake was made on Big Bear ridge. Mrs. Cecil Chamberlain and Mrs. Vern Dunham are the solicitors, instead of Mrs. Gerald Ingle.

It's Blewett's, Kendrick, for fresh and cured meats of all kinds. 1-adv

FIX RIDGE ITEMETTES

The Nazarene Missionary Ladies met at the home of Mrs. Wallace Clark on Wednesday afternoon, with eleven present. Following the meeting games were played, with Mrs. Bennie Weatherby, Mrs. Adolph Denmler, Mrs. Lawrence Slead and Mrs. Ed. Groseclose winning the prizes. The next meeting will be at the home of Mrs. W. D. Lublow in Juliaetta. Mrs. Carlton and Mrs. Adolph Denmler were visitors. A lovely lunch was served by the hostess, Mrs. Wallace Clark.

The Juliaetta Lutheran Missionary Ladies will meet at the home of Mrs. Rex Taber, April 14, for an afternoon session.

The Cameron and Juliaetta Luther League met at the home of Arlene Denmler Sunday evening with 20 young people present. During the business session an election of officers was held. Those chosen were: Arlene Denmler, president; Teddy Havens, vice president; Marie Helmgartner, secretary; Ted Meyer, treasurer. Following the business session games were played and a lovely lunch served by the hostess. A good time was reported by all. The next meeting will be May 23rd.

Mr. and Mrs. Bennie Weatherby and son Jimmy attended a family supper Tuesday evening at the home of Rev. and Mrs. Harold Paul at Troy.

Sunday supper guests of Mr. and Mrs. Walter Denmler were Mrs. Kuni Denmler of Lewiston; Mrs. John Schwarz and sons Ernest and Lawrence and Mr. and Mrs. Herbert Schwarz and daughter of Cameron; Mr. and Mrs. J. M. Hedler and Mikey Hedler, Juliaetta; Mr. and Mrs. Tom Denmler and sons, George F. Denmler and family, and Mrs. Eleanor Denmler and sons.

Rita Lorang, Genesee, was a Friday over-night guest of Arlene Denmler.

Mr. and Mrs. Walter Denmler and David Denmler drove Mrs. Kuni Denmler to Spokane on Monday, where she took the train for Minnesota, there she will visit with her brother and nephews. She will then go on to Ohio to visit her son-in-law and daughter, Rev. and Mrs. Otto G. Ehlen and family, and help them celebrate their Silver Wedding anniversary on April 14.

Those attending "Open House" at Genesee Friday evening were Mr. and Mrs. G. F. Denmler and daughters, Mrs. Frank Helmgartner, Mrs. Bill Helmgartner and Kenneth and Bob Denmler.

Mr. and Mrs. Oliver Clark were Sunday dinner guests of Mr. and Mrs. Roy Sweet at Lewiston.

Mrs. Annie Weaver and daughter Dayna were Friday afternoon visitors in the home of Mrs. Adolph Denmler.

STONY POINT NEWS

April 5 — Mr. and Mrs. Eldon Helmgartner have received a letter from the Executive Secretary of the National Directory of Honor Students, informing them that their son, Eugene Helmgartner, has received recognition in the directory of the U. S. National Society of Honor Students. Eugene is president of the Lapwai Student Body.

Lapwai's Senior students left Friday for Newport, Oregon, on their annual Senior Sneak. The Seniors from our community are Jim Holsington and Eugene Helmgartner. They plan to return on Tuesday.

The Friendship Club will meet for an afternoon session with Mrs. Floyd Helmgartner on April 15th.

Mr. and Mrs. Eugene Heath are planning to move to Lewiston soon, to make their home.

Mrs. Forrest Gibbs and sons were week-end visitors in the Newt. Heath home.

The Friendship Club met on April 1 with Mrs. Helena Brown. A good number of Club members and several visitors were present.

Mr. and Mrs. Don Gruell of Juliaetta visited Mr. and Mrs. Eldon Helmgartner Thursday evening.

Mr. and Mrs. Ernest Steigers were host and hostess at a family dinner Sunday honoring Pvt. David Steigers, who was home on furlough. He returned to his base early Monday morning.

Mr. and Mrs. Bill Hecht of Juliaetta and Mr. and Mrs. Rufus Fairfield were Sunday dinner guests of Mr. and Mrs. Glen Stevens.

Mrs. Cletic Holsington solicited funds Monday for the American Cancer Society.

Sunday afternoon callers at the Ernest Steigers home were Mr. and Mrs. Wm. Garrison and daughters of Colfax.

Mr. and Mrs. George Coffland visited in the community Thursday and Friday.

Raymond and Ronald Helmgartner visited early Sunday morning with David Steigers.

Pvt. David Steigers left for Fort Ord for his second eight weeks of training by car, at 6:00 o'clock Monday morning. Riding with him were Pvt. Don Reicharr of St. Maries; Pvt. James Adams of Orofino; and Pvt. Michael Baldwin, also of Orofino.

Mrs. Loren Holsington and Mrs. Ernest Steigers solicited funds for the Cancer Drive in the Lenore area, Monday.

TWENTY YEARS AGO

Parents of Daughter — Mr. and Mrs. John Darby, Crescent, are the proud parents of a baby girl, who weighed in at 8 1/4 pounds Friday morning, March 30, at their home. Mother and babe are reported as doing nicely.

Returns From Germany — Henry Reil returned Tuesday from Germany, where he had spent the past four months visiting his mother at their old home in Oldsburg, Germany. He sailed from New York on Dec. 7 on the SS Bremen, the crossing taking six days. On his return he landed in New York March 29, and reached home April 3.

New Arrival — Mr. and Mrs. Floyd McGraw of Big Bear Ridge have a new baby girl at their house, born Saturday, March 31. Mr. and Mrs. Alvin Steigers of Hubbard Gulch are entertaining a 7 1/4-pound son, born April 3, at the family home.

NEWSY ITEMETTES FROM AMERICAN RIDGE AREA

Hi-Hope Club Meeting

The Hi-Hope Club will meet on Thursday, April 15, at 1:30 p. m. at the home of Mrs. Frankie Benschoter. Mrs. Wayne Davis and Mrs. Bob Smith will present the topic: "Food On The Job For You."

General News

Elrona Swinney of Southwick, and Elsa Green and Mable Colett of Portland were Thursday supper and overnight guests in the Harold Roberts home.

Don Maib and Shirley Gross of Moscow, and Elnora and Myrtle Swinney of Southwick were Friday supper guests in the Harold Roberts home. That evening all went to Clarkston to hear the Pacific Bible College Choir.

Mr. and Mrs. Werner Brammer and daughters were Sunday guests of Mr. and Mrs. Henry Brammer in Juliaetta. In the afternoon Henry Brammer and Mr. and Mrs. Werner Brammer and daughter Rhonda drove to Lewiston.

Mr. and Mrs. George Havens and family were Sunday dinner guests in the home of Mr. and Mrs. Henry Wendt at Southwick.

Mr. and Mrs. Clinton Cox of Cottonwood were Sunday guests of Mr. and Mrs. Andy Cox and family.

Mrs. Ed. Kent has been on the sick list — with the flu.

Mr. and Mrs. Tom Neal of Moscow were Sunday afternoon and evening guests of her parents, Mr. and Mrs. Andy Cox.

Larry Langdon of Lewiston was a Friday visitor in the George Havens home.

Mr. and Mrs. Stewart Fockler and family of Pullman spent Saturday and Sunday night with Mr. and Mrs. Wayne Davis and family. Mr. and Mrs. Frank Holsington of Juliaetta were also Saturday evening supper guests.

Mr. and Mrs. August Brammer and son Cecil of Cameron were Sunday evening visitors in the home of Mr. and Mrs. Werner Brammer.

Mr. and Mrs. Wm. Holt and family were Sunday evening guests of her parents, Mr. and Mrs. Ed. Kent.

Mr. and Mrs. Wayne Davis and family spent Sunday in Pullman with Mrs. L. Fockler, and Mr. and Mrs. Stewart Fockler and family.

Mrs. Bob Nelson and Mrs. George Havens attended a committee meeting at the home of Mrs. Jack Kuykendall in Kendrick last Thursday.

Mr. and Mrs. Don Benschoter and family of Craigmont were Sunday guests of Mr. and Mrs. Frankie Benschoter. Sherry Benschoter, who had spent the week with her grandparents, returned home with her parents.

Mr. and Mrs. Ed. Kent were Monday luncheon guests of Mr. and Mrs. Frankie Benschoter.

Ira Havens is working for Harley Eichner, helping with spring work.

Mr. and Mrs. Norla Callison attended the I. E. A. and Teachers' pot-luck supper at Southwick Monday evening.

Mr. and Mrs. R. J. Nelson of Lenville, spent Friday afternoon with Mr. and Mrs. Bob Nelson.

L. A. Wallace and Randy of Kendrick were Sunday afternoon visitors of Mr. and Mrs. Bob Nelson.

Mr. and Mrs. Frankie Benschoter and Wayne Davis were Friday evening guests of Mr. and Mrs. Harry Benschoter. Later evening callers were Mr. and Mrs. Walter Benschoter and family, Doris Wilson, and Norla Callison and son Bobby.

Sandy May was a guest of Linda Benschoter in the Harry Benschoter home from Thursday until Saturday.

Mr. and Mrs. Ernie Andrews and family were Sunday dinner guests of Mr. and Mrs. Otto Brammer at Gifford.

Mr. and Mrs. Warney May, Jr. were Sunday dinner guests of Mr. and Mrs. Charles Taylor, on Fix ridge.

Mr. and Mrs. Frankie Benschoter spent Monday evening with Mr. and Mrs. Warney May, Jr.

Mr. and Mrs. Norla Callison were Tuesday evening guests of Mr. and Mrs. Claude Jones on Big Bear ridge, helping them celebrate their Silver Wedding anniversary.

Doyle Hayward and Larry Langdon were Tuesday callers in the Norla Callison home.

Mrs. Ernie Andrews and daughters Norma and Evelyn were Lewiston visitors on Saturday.

Ira, Charles and Rayner Havens spent Thursday evening in the Ernie Andrews home.

Julia Ann Rowden was a Tuesday over-night guest of Evelyn Andrews.

Mrs. Ernie Andrews and daughter Norma were Lewiston visitors on Monday.

Parents Of Son

Mr. and Mrs. Kenneth Wilken, Cameron, are the parents of a baby boy, born to them Wednesday morning at the Gritman Memorial hospital in Moscow.

All concerned are said to be doing nicely.

It Takes A Giant For The Job

Standard Oil Company of California is now celebrating a birthday and with all good heart we join in the chorus of congratulations.

We do so in the knowledge that life is easier and immeasurably fuller because this concern that began selling lamp oil and axle grease in 1879 has become a giant in the world of big business.

Today, at age 75, Standard of California produces and sells some 1100 separate articles, and without many of them our kind of civilization would not be possible.

Because it is a civilization largely dependent upon the internal combustion engine, the oil company's concern with petroleum is obviously centered on fuels and lubricants that go into automobiles, airplanes and diesels. But the crude oil that Standard pumps also makes rubber tires and the pavements on which they roll. It makes paints and detergents, plastics and fabrics, insecticides and weed killers. Standard's scientists and technicians have pulled it apart and reassembled it until it appears in myriad forms as medicines, cosmetics, dyes, explosives, adhesives and photographic film.

While thus reaching out technologically, Standard of California has also expanded geographically; its trade mark is known the world around, and so are its geologists, its drillers, its pipe-line crews and its refinery technicians. This company's explorations have covered the entire Free World and have located oil reserves in seven foreign countries. Bahrain and Saudi Arabia are great and familiar examples. Manitoba and Australia are more recent and possibly as significant.

Standard of California operates seven major refineries in the United States and Canada; its affiliates operate in ten foreign countries. Standard of California operates fleets of tankers and thousands of miles of pipe lines. It markets its products in 70 foreign countries.

Of closer concern for most of us is the service station — a modern necessity that Standard of California unveiled to the world in Seattle, Washington, in 1907. Today the company operates 7,000 of them.

Therefore, to Standard of California we extend our congratulations and best wishes on its 75th birthday anniversary. — San Francisco Chronicle.

Federal Money Coming Up

Boise — Idaho motorists last week received encouragement for a record-breaking highway construction program in 1955, when Idaho's two senators, Henry Dworshak and Herman Walker, wired the Idaho Highway department that the senate interstate commerce committee had approved a new Federal-aid highway bill amounting to \$760,000,000.

Earle V. Miller, state highway engineer, said that Idaho's share of the federal-aid allotment would be \$9,024,000. "This is an increase of \$3,300,000 in federal aid over 1953," Miller said. He went on to break down the total to show that the primary system will be allotted \$4,215,000; the secondary system will get \$2,965,000; urban \$361,000 and interstate system \$1,483,000.

It was pointed out that the bill, which was approved by the Senate committee, must be passed by the Senate and the House. "If this bill is passed and concurred upon by both houses of congress, the money should be available right after Jan., 1955."

"If Idaho gets this amount of Federal-aid, it would allow us to get under way the largest highway construction program ever conceived in the state of Idaho," Miller said.

Our long-range planning is far enough along to allow us to proceed in an orderly fashion with any increases we may get.

Card Party Is Planned

There will be a pinocchio party at the Community Hall on Saturday evening, beginning at 7:30 o'clock. Anyone who cares to attend is welcome.

"HOW TO"

booklets as advertised in

Completely describing how to do seven practical, important home workshop projects

1. A complete built-in home workshop... efficient and compact.
2. A "TUCKAWAY" play room... a compact "children's corner," with a place for everything.
3. A family "Painting Bee"... or how to "shipshape" your home in a weekend.
4. A basement playroom... attractive, yet surprisingly easy.
5. How to insulate your home for winter.
6. Proper Fall lawn care... and Fall is the best time to build a lawn.
7. How to modernize your kitchen... and make it mom's "dream" room.

Five-Grass Mixture Popular in Indiana

Pays Off in Higher Quality Hay, Pasture

Farmers in 12 northeastern Indiana counties swear by a 5-grass mixture that pays off in extra tons of high quality hay and pasture.

The combination includes timothy, brome, red clover, Ladino clover and alfalfa, reports Walter Rusk, county agent of Huntington county. This legume-grass combination, he said, could profitably be used by farmers in other states.

When plenty of fertilizer carrying nitrogen, phosphate and potash is used at seeding time and plant nutrients are top-dressed each year, this 5-grass mixture has yielded as much as 3 tons of hay at the first

Five acres of the 5-grass mixture on the Norman Thompson farm near Huntington, Indiana.

cutting on many farms. One farmer in the area insists that 5 acres of the mixture provides more forage than he previously got from about 60 acres of pasture.

Norman Thompson, who farms near Huntington, Indiana, reports that he grazed 27 head of cattle, including 16 milk cows and 11 calves, as well as 100 small pigs and 18 sows for 5 weeks on a 5-acre pasture seeded to the 5-grass mixture.

Rusk points out that the well fertilized legume-grass mixture is doing an important soil building job, besides giving farmers a preferred position in forage supplies. The tap-roots of the legumes drill down deep to keep the soil open and well ventilated. They add organic matter to improve the soil's tilth and drainage. Large quantities of organic matter in the soil mean increased water-holding capacity. They also make it possible to get the best possible efficiency out of every ton of fertilizer used.

Improved Ever-Bearing Strawberry Developed

Strawberries from your garden from June to October are possible with the new, improved ever-bearing strains. Although the biggest crop comes from mid-to-late June, plants will continue to produce enough for breakfast cereal and dinner desserts until frost arrives.

Planting should be done as early in the spring as possible.

Said to thrive in any type of soil, is a new high-yielding variety developed by plant breeders of the Westerhauser Nurseries of Sawyer, Michigan. Called the "20th Century", this ever-bearing type is said to fruit in about 60 days and produce large, sweet, full-flavored berries all season long.

Seasoned gardeners recommend picking off the first blossoms so as to enable the roots to develop plenty of strength. They point out that while you may lose the first few fruits, you will gain in much bigger yields later in the summer.

Grand Champion

Iowa State College won the grand championship of the 52nd International Livestock Show with a 1,240 pound Aberdeen Angus steer, Toby. In 1950 Toby won the reserve championship and now is the only steer ever to return and capture the higher award. Shown with Toby are (left to right) Chief Judge A. D. Weber; W. W. Prince, president of the Union Stock Yards; Jess C. Andrews, president of the International Exposition; and George Edwards, herdsman for Iowa State College.

Time of Plowing Should Depend on Type of Soil

Ohio State University farm experts report type of soil should determine whether a farmer plows his land in fall or spring. Tests over a 14-year period indicate spring plowing is preferable on light soils. If plowed in the fall the ground has a tendency to become compacted by spring. On heavier soils tests show late fall plowing gives as good or better granulation of the soil than spring plowing.

Ask for More Trained Men For Animal Disease Study

Solution to some of the nation's most costly animal disease is being slowed by lack of highly trained research men.

There is urgent need for giving promising young scientists an opportunity to learn the techniques of animal disease investigation.

The only way this can be done is by a long range fellowship program.

Such a program has been sponsored by the AVMA for the past six years. Under this program, which will be expanded as funds permit, research-minded graduates of colleges of veterinary medicine get financial aid to engage in animal disease studies at leading scientific institutions. This gives them background and experience needed for unraveling highly complex diseases.

Many livestock and pet owners who ask for "more research to solve disease problems" have given too little thought to how the job might be done.

Finding out what causes a perplexing animal disease isn't much different from tracking down a dangerous criminal, and neither is a job for anyone but a well-trained person.

The Federal Bureau of Investigation would not put a man on any of its cases without first training him in FBI methods. The same advantage should be given to people interested in disease investigation.

Funds for expanding the fellowship project should come from private sources rather than the federal government "because the nation already has gone too far toward dependence on federal hand-outs."

Mastitis Germs Live 5 Days on Broomstick

Harmless though it may look, that broom in the corner of the barn might be the means of starting a new case of bovine mastitis.

The germ responsible for most cases of bovine mastitis can stay alive for as long as 20 days on objects around the barn, and for as long as 26 days anywhere on a cow's skin. From these jumping-off places, the germ can eventually get into a cow's udder, where it starts the disease known as mastitis.

Survival time of the germ was observed after mastitis-infected milk was poured on manure, hair, wood, bricks, udder cloths, and other materials commonly found or used around dairy barns.

The germ stayed alive for 4 days on rubber boots, 5 days on a broom handle, 7 days on an udder-washing cloth, 8 days on a bucket, 13 days on hair, and 20 days on hay. However, when some of these objects were treated with a disinfectant before being smeared with infected milk, the germ didn't do so well. Enough of the disinfectant lingered to cut down the survival time to a day or less.

This research emphasizes the need for clean barns, clean cows, clean attendants, and prompt disinfection of any object that gets splattered with milk.

Use of Columbium

John Winthrop, Jr., who supervised the construction of America's first successful blast furnace at Saugus, Massachusetts, in 1643, found an unidentified rock fragment near his home. About 150 years later, an English chemist, Charles Hackett, saw this fragment in the British museum, analyzed it, and thus discovered the element columbium. Today, this element is playing an increasingly important part in the manufacture of stainless and heat resistant steels for such uses as jet aircraft engines.

Columbium is one of the most recent elements to find use in the steel industry. It was used commercially as an alloy in the 1930's, although experimental work had been done with it as early as 1920. Last year 632,000 pounds of columbium metal was consumed in the manufacture of steel.

Origin of Camouflage

The origin of the word camouflage has, it seems, been lost in the shuffle. One of the stories told in connection with it is that, during the Indian troubles in the Southwest, one Jacques Camou built a circular mud fort. This fort had large square openings at regular intervals around the walls. Through these, the garrison of the fort would fire. As the Indians' shots also found their mark through these openings, Camou painted the entire fort like a checkerboard—with large black squares on a white field. This confused the Indians so they were unable to determine at which dark squares to aim.

Thermal Snow Removal

Thermal snow removal from sidewalks and driveways by means of embedded piping is a new and interesting development in the heating industry. The snow is removed automatically and without effort by the heat from pipe coils installed under the surface of the pavement. Hot water, circulated through the coils, transfers its heat to the pavement, thus melting the snow and keeping the surface dry. Automatic snow removal is economical. There is no necessity for using snow shovels or chemicals. All the owner does is to turn the switch to start the system in operation when the snow begins to fall.

Helium Effect on Living Organism Reported at U.C.

Helium, argon and possibly other inert gases—gases which do not combine chemically with other elements—are far from inert in their effect on living organisms.

This is reported by Dr. S. F. Cook, professor of physiology in the University of California school for medicine.

Dr. Cook has completed experiments in which he studied the reactions of small animals living in an artificial atmosphere consisting of oxygen and helium or of oxygen and argon.

The artificial atmosphere contained the same amount of oxygen found in the normal earth's atmosphere—about 20 per cent. But nitrogen, which forms nearly all of the remaining 80 per cent of the earth's atmosphere, was removed and the inert gas substituted in this same proportion. The ordinary atmospheric pressure of sea level was maintained.

When helium was used in such an atmosphere, the physiological processes of mealworms, lizards and mice were markedly changed. Similar, but less marked, changes were observed when argon was used.

The principle effects of the two gases were retardation of growth in the animals and an increase in the metabolic rate—a stepping up of the pace of work done by the body in the living process.

The research indicates that it may be useful to substitute helium for nitrogen in air used by men working in some tunnels, underwater construction projects, and some other conditions of high pressure.

Hard Pad Canine Disease Gives Dog Owners Scare

A serious distemper-like infection that leads to hardening of the foot pads and nose is being seen in American dogs, but there is no evidence that it is a new disease or that it is becoming more prevalent.

Alarming reports from England, where the so-called hard pad condition is reported to be widespread, have made many United States dog lovers overly fearful of the disease.

Thickening, hardening, and peeling of the foot pads and nose sometimes occur in advanced stages of distemper or distemper-like illness, but this condition always is seen in company with other symptoms—never alone.

Among theories as to the cause are:

(1) The canine distemper virus may undergo a change, under certain conditions, that causes it to produce symptoms that differ from those seen in typical distemper cases. "Hard pad" may be one of the symptoms so produced.

(2) In some cases, the pure distemper virus—which causes fever, respiratory distress, and diarrhea—may be accompanied by a second virus that brings on the changes in foot pads and nose.

(3) The severe illness caused by distemper or complicated distemper can lead to a temporary nutritional deficiency and loss of body fluids that may account for the thickening and hardening.

Immunization with biological products is the best means of preventing distemper and the hard pad condition.

New Course in Science

A revolutionary approach to the teaching of science which combines all the sciences in a single course emphasizing their relationship to man was described to the 118th national meeting of the American chemical society held in Chicago, by Dr. John Kan, head of the department of chemistry of Howard college, in Birmingham, Ala. Taught without a text, the course is designed to give students a broad acquaintance with the modern scientific world and an effort is made to stimulate their interest in scientific discoveries and periodicals by basing examinations mainly on knowledge acquired outside the classroom. Dr. Kan reported. Ninety to 95 per cent of students finishing the combined general science course have voted for it in preference to the conventional type of science course.

"Candling" Eggs

Candling is used on practically all eggs before they reach the stores. An electric light is placed inside a box with a hole about the size of an egg, in which the egg is placed. In a darkened room, with some practice, it is possible to detect cracks, blood spots, developing germ and the size of the air cell. The latter is the most important criterion of freshness because it gets larger as moisture escapes and is replaced by air. By comparing a few eggs known to be fresh with others that are older, one may learn how to judge the size of the air cell and the age.

Changing "Hand-Me-Downs"

Giving "hand-me-downs" a new and different color via the dye-bath is one sure way of getting little sister or brother to wear them without resentment. Adding a hem, collar or belt will still further accentuate the "new look." Wash and thoroughly rinse all articles before dyeing, and also remove buttons, buckles and trimmings. Use color remover first, the bureau counsels, when the article is unevenly faded or spotted and when changing to a different color.

Trees Die in Winter, Too, Without the Proper Care

Trees die in winter just as they do in spring and summer.

They can be killed by drought and storms, by insects and diseases, by man's indifference and neglect, says Dr. Rush P. Marshall, director of the Bartlett Tree Research Laboratories.

Death may not be sudden. Next spring the trees may try to leaf out, then collapse and die within a matter of weeks.

Deciduous trees which appear to "sleep" in winter must take up a certain amount of soil water to replenish that lost by evaporation under high drying winds. Evergreens and pines which do not shed their leaves need an even greater amount. Unless trees go into winter with sufficient water around their roots before the ground freezes, injury or even death by drought may result.

Wind, ice and snow storms take a toll of trees in winter, toppling them over, or breaking branches and limbs. If a tree is conditioned properly by pruning out dead and dying wood, by cabling and bracing weak crotches and limbs, storm damage can be held to a minimum.

Not all insects are dormant in winter. Bark beetles often crawl from the thick bark to the cambium layer on mild winter days and girdle a tree as they feed. Elm bark beetles that carry Dutch elm disease present double trouble. For the fungus they carry builds up in the sap stream, and even in winter there is a certain pulsating of the sap that will send the disease further into a tree.

It is just as harmful to disturb a tree's roots in the winter as in summer. Trees are frequently killed in winter by a careless bulldozer used in construction or by roots mangled when a water main is laid or a sidewalk and driveway put in. Trucks and autos that bash into trees in winter can loosen or scrape off the bark as effectively as in the summer.

Death even for trees takes no holiday. Yet your tree needn't die any time of the year if you give it proper care.

Early Iron Men Served Country in Many Fields

The brothers Curtis and Peter Grubb, owners of Pennsylvania's historic Cornwall blast furnace during the Revolutionary War, not only made cannon but also test fired them and probably used them against the enemy while serving actively as colonels in the field. In addition, they manufactured stoves and supplied the equipment to support a war emergency salt industry, doing all these things with a furnace which produced 24 tons of iron a week.

The outbreak of hostilities cut off the salt supply of the United States and seriously affected the salting of meat and curing of fish for both military and civilian use. Colonel Curtis Grubb told the Council of Safety that he was prepared to incast the iron salt pans for making salt from sea water on the Jersey coast, but asked the army to release his manager, founder, carpenter and colliers from military service so that he could do it. The men were released to him immediately.

Cannon manufacture was a necessary innovation in this country; so much so that Generals Washington and La Fayette visited Cornwall furnace to watch the casting of the first 24 cannons ordered for the Continental Army. Early guns made at Cornwall showed lack of experience, for an official letter complained that they were too heavy and costly.

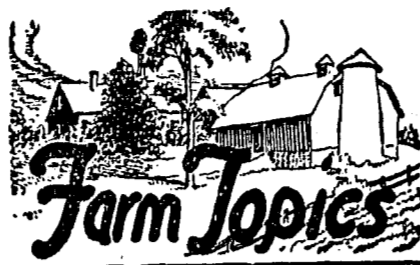

Cornwall furnace was built in 1742, and for many years thereafter was called "the hub of the iron trade." The famous Cornwall iron ores have been mined continuously for more than 200 years, the longest record of operations in the country.

Seeing Babies

For the first four months of life an infant has no effective vision but sees the world as more or less of a blur. Then eyesight starts its development at an incredibly low level which an ophthalmic specialist would rate as 20/2400. This means that the baby can only see at a distance of 20 feet objects which normal mature eyes can see at 2400 feet, or nearly half a mile. By the end of the first year the child's vision has improved to 20/130, which would indicate extremely bad acuity in an adult. Not until the fifth or sixth year is a level of 20/40 attained. During all this time the child is learning not only how to see clearly, but how to see single instead of double. Some time between the sixth month and the end of the second year binocular single vision develops, whereby the separate images formed in the two eyes are fused into one in the brain.

Revealing Facts

Publication of the newest Army history book, "Washington Command Post: The Operations Division," brings to light the complicated task of the military staff that planned and directed the first worldwide military operations. The book, seventh to be published in the "U. S. Army in World War II" series, is a part of nearly 100 contemplated volumes covering all aspects of the war.

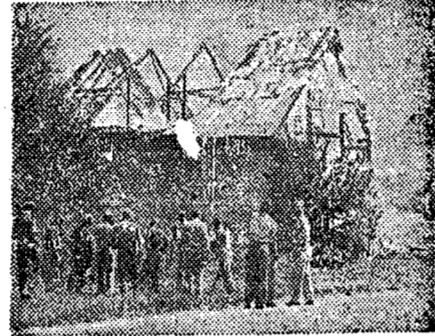

Water Supply Vital In Farm Fire Control Annual Damage Amounts To Over \$100 Million

Recently a New Jersey farmer's barn was set afire by lightning, and despite the efforts of three fire departments from nearby villages, the barn was a complete loss.

Two factors combined to defeat the firemen. There was a delay in notifying the fire department because the fire wasn't immediately noticed. There wasn't a good supply of water near the barn from which the pumps could draw.

These conditions are common to most properties in rural or small town areas. If rural residents can find means to correct them, they

No water. There is not much these firemen could do to save the barn without an adequate water supply.

will go a long way toward reducing the large, number of "total losses" that occur on farm properties, causing damage amounting to \$100,000,000 a year and taking the lives of 3,500 farm residents.

In spite of efforts on the part of county agents, farm groups, insurance men, and volunteer fire departments to encourage the building of farm ponds, there still are thousands of farms in all parts of the country with inadequate water supplies.

The easiest way to provide adequate water is to dam a brook, or deepen an existing marsh or water hole near the barn. Or a farmer may be able to bulldoze a suitable pond near his buildings. For proper drainage, the pond should be laid out with surveying instruments.

"Sound of Corn Growing" Recorded by Professor

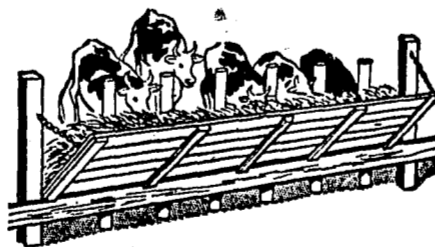

Probably every farmer in the United States at one time or another has heard the old saw "it's so hot you can almost hear the corn growing." Now, seven men, including three University of Wisconsin experts, have joined the ranks of believers.

They have a tape recording of what they describe as corn growing. Herbert Jacobs, telegraph and farm news editor of the Madison Capital Times, thought up the idea. With the aid of Wisconsin U. experts the experiment was conducted in a 100-acre stand of university raised corn. Recording equipment was carried 500 feet into the field. Microphones were carried deep into the corn rows. There was no wind or other noises to complicate the recording, the experimenter reported.

When the experiment was over and the recording played, Verner E. Suomi, associate professor of meteorology at the school, said, "When background noises subsided, you could hear that corn growing."

Farm experts report corn makes 80 per cent of its growth during night-time and will grow as much as two to five inches in one night.

Hinged Fence

Here is an idea a number of Midwest farmers might use in their feed lots. Hinged at the bottom and held in position by chains, a section of fence is lowered to form a manger. It can be raised when not in use to become again part of the fence. Posts should be set along the length of the manger as illustrated.

Farm Land Prices Up Sharply in Nebraska

Farm land dollar values in Nebraska have increased 124 per cent since 1939, according to figures of the bureau of agricultural economics. In the west north central region of the country, of which Nebraska is a part, prices have increased 3 per cent during the four months ending in July. This despite the usual seasonal reduction in farm real estate activity and a downturn in farm products.

Short And Interesting News Bits

Lake Superior is the largest fresh water lake in the world.

The deepest iron mine in the world is located at Ramsay, Mich.

Presidents Arthur, Cleveland and Wilson were sons of ministers.

Rhode Island's chief industries are weaving and tailoring.

West Virginia is America's greatest bituminous coal producing state. The state of Delaware ranks high in the production of tomatoes, strawberries and fruits.

The chief products of South Carolina are tobacco, cotton, rice and textiles.

Maryland's farm production is large, with wheat and corn the principal crops.

Massachusetts ranks first in the manufacturing of textile goods and boots and shoes.

Because of its large iron industry Birmingham, Ala., is called the "Pittsburgh of the South."

Arizona is a leading mining state. It's principal mining products are copper, gold and silver.

It Would Be Swell!

Waitress: "How would you like your egg served, sir?"

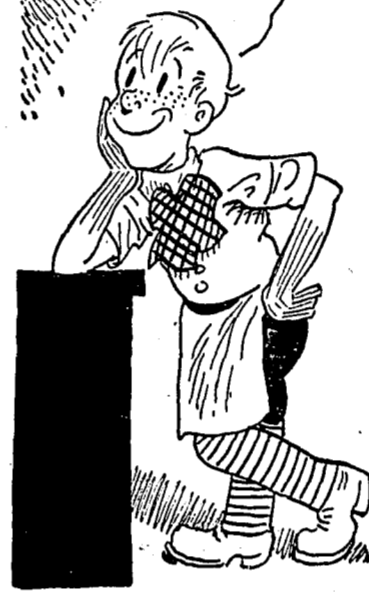

Vacationer: "Is there any difference in price?"

Waitress: "None, whatever, sir."

Vacationer: "Then 'serve it on a thick slice of ham!'"

Dorothy Smith

Washington Water Power Home Economist, says:

"Here's What to Look for in a New Electric Range"

"There are so many new features on the new Electric Ranges that our Washington Water Power Kitchen Research Staff has made a list of the outstanding things you should look for":

- new speed** Fastest heating units ever made are on many new models—more exacting, more even heat, too.
- double ovens** What many housewives have dreamed of—double ovens—can now be had on more models at less cost!
- better baking** You'll find some new designs in ovens which give more even, cook-through heat. Look also for new broilers with greater heat, cooking powers.
- bigger ovens** Some as large as 30 inches... allows bigger dishes and baking two things at once in some designs—important to the big family with small budget.
- new beauty** New colors, new styles and new convenience are built into the 1954 Electric Ranges... Make one the new Beauty Center of your kitchen.
- new griddles** Here's a new feature that's tops for families with a taste for pancakes... several different kinds, so look for easy cleaning and easy use.
- deep fryers** Here's another fryer's special—latest models designed for easier handling, and more unusual recipes.
- built-ins** For the last word in Electric Range beauty and convenience, don't forget to consider a custom built-in range if you're remodeling or building.

M. O'Donnell, Attorney-at-Law, Moscow, Idaho, the same being the place for the transaction of the business of said estate, in Latah County, State of Idaho.
 HELEN M. HINRICH, Administratrix.
 Dated at Moscow, Idaho, March 10, 1954.
 J. M. O'Donnell, Atty. Moscow.
 First pub. March 18, 1954.
 Last pub. April 15, 1954.

Farm Topics

Experts Say Barn Windows Practicable Sun Reduces Disease And Barn Moisture
 Farm experts are urging farmers to make practical use of sunshine to solve some of their problems of moisture, sanitation and daylighting inside farm buildings by installing large windows.
 Farm building windows in the past have been too small, have frosted over during cold weather so that sufficient sun energy could not get into the building to provide warmth. Also, little attention has been given to the germicidal effect of direct sunlight in the poultry house, dairy barn or farrowing pen. Proper ventilation and sunlight not only helps to dry up moisture, but direct sunlight helps kill bacteria wherever they gain access to farm buildings.
 As an example of the sun's heating power, in a central farrowing house in Iowa using insulated windows in the south wall, the inside temperature never dropped below freezing although the outside temperature hit 25 to 30 degrees below zero.

Wheat, Corn Estimates Below Last Year Yield
 The nation's 1951 corn and wheat crops will fall short of 1950 production, according to the latest U. S. Department of Agriculture report.
 The corn crop for all purposes is estimated at 3,105 million bushels, a decline of 26 million bushels from last year's production, but above the 1940-49 average of 2,981 million bushels. The indicated yield per acre of 36.7 bushels is 0.9 bushels above the average of 33.9 bushels.
 Production of corn for grain this year is estimated at 2,789 million bushels compared with 2,845 million bushels last year.
 Total wheat production is estimated at 994 million bushels, about 3 per cent smaller than the 1950 crop of 1,027 million, and 7 per cent smaller than the average of 1,071 million bushels.
 Corn and wheat production, however, is expected to meet U. S. needs.

Lambs like these above, as well as other farm animals, are attracted to sunshine in a barn on a cold day. Large double-pane windows for better daylighting and moisture control in farm structures are becoming more popular.

Poultry Litter

A specially-processed vermiculite poultry litter has been put on the market for the first time. Poultry producers might find that it will fulfill their needs. Called Sani-Flor, it is fireproof, vermin-proof, an efficient insulator against cold, and a non-conductor of electricity. The product is being introduced to seed and feed dealers and hardware stores across the country. It comes in four cubic foot bags, weighing about 25 pounds.

Dead Tree Perils Are Acute When Winter Hits
 Alive, trees are considered among the householder and farmer's best friends. Dead, they become his most dangerous enemies. Trees that succumb to insects or disease have a way of developing into serious menaces long before owners are aware of their peril. These woody foes should be removed before winter storms hit. Snow, sleet and howling winds make them acutely dangerous.

BAKED NOODLE RING WITH SHRIMPS

By MARY BLAKE
Home Service Department
Carnation Company

A clever combination, appetizingly different, and a satisfying dish to set before a hungry family. It is easy to prepare, too.

Cook one package fine noodles in boiling salted water until tender, drain and run cold water through them. Butter a ring mold, add half the noodles, then 1/2 lb. chopped, cooked, shrimps seasoned with salt, paprika and lemon juice. Add more noodles, then 1/2 cup of Carnation Milk, undiluted. Cover with buttered crumbs and dot with pieces of butter. Bake for one hour in a slow oven (300° F.). Serves 6.

WHAT CAMERON FOLKS ARE DOING THESE DAYS

Helen Mielke and Mrs. Harold Silflow attended the Home Demonstration Council meeting at Lewiston on Friday.

Guests of Mr. and Mrs. August Brammer Sunday were Mrs. Russell Rodgers and Mr. and Mrs. Gerald Broeneke, all of Moscow.

Mr. and Mrs. Marvin Silflow and Mr. and Mrs. Emil Silflow attended the pot-luck supper of the 4-H Club Leaders at Lapwai, Saturday evening.

Mr. and Mrs. August Brammer and son Cecil were callers at the Werner Brammer home near Kendrick Sunday evening.

Mr. and Mrs. Irvin McGeachy and family of Kendrick and Mr. and Mrs. Glen Wegner and family were Wednesday evening dinner guests of Mr. and Mrs. Ed. Mielke and daughters.

Mr. and Mrs. Marvin Silflow and family and Mr. and Mrs. Fred Silflow, the latter of Juliaetta, were Sunday dinner guests of Mr. and Mrs. Virgil Felton in Lewiston.

Mrs. Ida Stoneburner and Miss Emma Hartung spent Sunday with their sister, Mrs. John Schwarz.

Mr. and Mrs. Wilbert Brunstiek were Thursday evening dinner guests of Mr. and Mrs. Gus Kruger.

Mr. and Mrs. Henry Wendt were Thursday evening visitors in the Mr. and Mrs. Herbert Schwarz home.

Mr. and Mrs. Glen Wegner and family were Sunday dinner guests of Mr. and Mrs. Wm. Fry at Kendrick.

Mr. and Mrs. Fred Newman, Mr. and Mrs. Maurice Hudson and family, Jack Lansing and Wally Newman and Mikey spent Friday evening with Mr. and Mrs. Glen Newman, watching the Olson-Gavelin fight on TV.

Mr. and Mrs. Harry Newman and daughter Linda were Thursday evening visitors in the Helen and Ted Mielke home.

Mrs. John Schwarz, Miss Emma Hartung, Mrs. Ida Stoneburner, Ernest and Lawrence Schwarz and Mr. and Mrs. Herbert Schwarz and daughter JoAnn were Sunday evening dinner guests of Mr. and Mrs. Walter Dennler on Flx ridge. The dinner honored Mrs. Kuni Dennler of Lewiston, who is leaving to visit relatives in Minnesota, and her son-in-law and daughter, Rev. and Mrs. Otto G. Ehlen, in Deshler, Ohio.

Mr. and Mrs. Jack Travis of Kendrick visited with Mr. and Mrs. Earl Whiting Thursday afternoon. Mr. and Mrs. Walter McCall, also of Kendrick, were visitors that same evening.

Mr. and Mrs. Gus Kruger and Herman Silflow were Sunday dinner guests of Mr. and Mrs. Otto Silflow. Mr. and Mrs. John Blankenship and family called Sunday afternoon, and Mr. and Mrs. Jim Whiting called in the evening.

Mr. and Mrs. Fred Newman visited with Helen and Ted Mielke Wednesday evening.

Mr. and Mrs. Aug. F. Wegner and sons Wayne and Vern spent Sunday with Mr. and Mrs. Dan Sullivan and family on Cream ridge.

Mr. and Mrs. Geo. Allen and family were Monday visitors in the home of her parents, Mr. and Mrs. Fred Newman.

Mr. and Mrs. Otto Silflow and son Roy and Mr. and Mrs. August Brammer and son Cecil were Friday evening dinner guests of Mr. and Mrs. Wilbert Brunstiek.

Mr. and Mrs. Ernest Brammer and Mr. and Mrs. Jim Whiting were Monday Lewiston visitors.

Mr. and Mrs. Loren Taylor and son Eldon of Lewiston spent Sunday afternoon with Mr. and Mrs. Jim Whiting. They were Sunday evening lunch guests of Mr. and Mrs. Earl Whiting.

Mr. and Mrs. Otto Silflow were Thursday evening dinner guests of Mr. and Mrs. Ernest Brammer.

Mr. and Mrs. Carl Koepf of Juliaetta, Mr. and Mrs. Roy Ramey of Kendrick and Mr. and Mrs. Ernest Brammer visited with Mr. and Mrs. Walter Koepf and family Sunday afternoon.

Dinner guests of Mr. and Mrs. Glen Wegner Friday evening were Mr. and Mrs. Irvin McGeachy and family, Mr. and Mrs. Wm. Fry and son, Mr. and Mrs. Ed. Mielke and daughters and Robin Magnuson. They watched the Olson-Gavelin fight on TV. Robin was an over-night guest.

Mr. and Mrs. Reinhard Wilken spent Sunday evening with Mr. and Mrs. Gus Kruger.

Mr. and Mrs. Henry Wendt were Pullman visitors on Monday.

GOLDEN RULE

April 6 — Mr. and Mrs. Ishmael Martin and daughter of Lewiston spent Saturday night at the Martin home here. Mr. and Mrs. Lyle Basha and daughters were Sunday evening supper guests, while Stanley Martin of Spokane spent Sunday night with them.

Mr. and Mrs. Jack Kuykendall of Kendrick visited at the D. V. Kuykendall home Sunday.

Mr. and Mrs. George Wilken of Kendrick were Sunday visitors in the Alma Betts home. Mrs. Jack Kuykendall and Mrs. D. V. Kuykendall and son Jerry were afternoon callers.

Mr. and Mrs. Ralph Oylear of Lewiston, and Mrs. Fred Schoeffler and granddaughter Judy Choate visited their father, John Oylear, Sunday afternoon.

Oscar Lawrence visited with Russell Betts Thursday evening.

Russell Betts was an Orofino visitor Friday.

Oscar Lawrence was a Lewiston business visitor on Wednesday.

The D. V. Kuykendall family were Lewiston visitors on Saturday.

Mrs. George Finke and Mrs. Eugene Betts spent Wednesday in Kendrick with Mrs. Kirk Wilson and Mr. Dick Watson and son.

Mr. and Mrs. Eugene Betts spent Saturday in Kendrick.

Alma Betts received word that her sister, Frieda Muenz of California, was married to Eyra Kite on March 19th. She will be remembered here by many.

Norville Nanik and Evelyn Kazda brought her mother, Mrs. Oscar Lawrence home Sunday, after she had accompanied Evelyn on a trip to Albany, Oregon, to visit her sister, Mrs. Mel Stephen, and an aunt, and other relatives in Portland. They were away for almost two weeks.

Mr. and Mrs. Wilmer Hanks of Lewiston and Mrs. Harry Smith, also of Lewiston, called at the D. V. Kuykendall home, Sunday.

Jack Kelsey returned home Monday, after having spent a few days
