New Lumber Loader Use

We've seen lumber loaders used for quite a number of "handling including the loading and unloading of Linotypes and presses from trucks, but it remained for the Mrs. Leland Marvin and daughter. Heimgartners & Sparber partnership, children Valerie and Rex went to to devise a new one for this type of Lewiston on Friday, Mrs. Harris to equipment — the hoisting of the big "A Frames" which strut and hold the

roof into place. The big frames, which must be constructed on the ground, due to installation of "ring holders and bolts" rather than nails, are cut and bolted, then the big lumber loader of and Mrs. Loretta Daniels and daugh- the Lewis Sawmill, is called, and with ter of Riverside, accompanied by Bill Lewis at the controls, the "A" Mrs. Leland Marvin and children frames are tilted on edge, chained to

It's said to be quite a simple operation, but to the uninitiated, it pre-Glenn Carpenter, field man for the sents a very complicated appearance. As a result of this practice the work on the new garage by Ernest and Everett Heimgartner and Walter Sparber is making good progress.

Teddy Fey Improving

Latest report from Cpl. Teddy Fey, patient in the Veterans' hospital at Spokane, is that he is improving very rapidly. He is now up and about the hospital and grounds, and hopes to get home soon on a 15-day furlough before having to report back to Fort Lawton, Wash., for duty.

Teddy was injured some weeks ago in an automobile accident on the Lewiston Spiral Highway, and has since been a patient in the Spokane

hospital. He was visited last week by his parents, Mr. and Mrs. Chas. Fey.

themselves of this opportunity. Continuing the afternoon's entermeet the Lewiston Frosh in a baseball

game at 2:00 o'clock. In the evening there will be a dance at, the Kendrick gym., sponsored by the local V. F. W. Women's

All-in-all, it promises to be a big

day for everyone. Grange Met Tuesday Eve

following news item: The Kendrick Grange met in regular session Tuesday evening. Preceding the business meeting Jim Torrell, Latah County Weed Control supervisor gave an interesting lecture on weed control, also cautioning local residents to be on the lookout for the new pest, "Yellow Toad Flax" and to immeedately apply control measures, for it grows and spreads

very rapidly. This was followed by the regular Grange meeting, at which time lecturer Millie Corkil was presented a beautiful altar cloth as a third prize in the visitation contest.

In the banquet room the hostesses served pie, ice cream and coffee. Mr. and Mrs. Dave Clayton, being honored as they bid farewell to the local organization, were presented a gift on behalf of Grange members, and extended best wishes. The evening concluded with the singing of 'For They're Jolly Good Fellows,' in honor of the Claytons.

Word From Howard Wolff

A/C Howard Wolff, son of Mr. and Mrs. Leonard Wolff, Leland, says in part, in a letter just received: Texas, May 13 — How's things at Kendrick? They aren't too bad down "Mr. Stricklin urges all members "Harlingen A. F. B., Harlingen, here. I had a five-day furlough a few days back. It sure was nice to this unique means of contact with run around free for a while. We couldn't get a "hop" to California, were very pleasantly surprised with so I didn't get to go and see Parker We spent our furlough in Corpus Christi, along with a lot of other fellows from this base. They were having a "fiesta" that week-end and it wasn't hard to find something to do. We did a lot of swimming in the

Mrs. Ben P. Cook, spiritual the; Mrs. Wm. Johnson, CSR & LCA; Mrs. George Brocke, Jr., children's work; Mrs. Verne Choate, youths' work; Mrs. Norla Callison, student work; Frank Cox of Portland, Ore., visit- Mrs. W. A. Watts, supply work; Mrs. ed over the week-end with his broth-in-law and sister, Mr. and Mrs. Wal-lace Clark.

Mrs. Watts, supply work, Mrs. John Johanson, literature & publi-cations; Mrs. Ed. Kent, status of women; Mrs. John Darby and Mrs. Ward Helton, circle chairmen.

> To P.-T. A. Members And Others June 28th and 29th at Moscow there will be a two-day "Conference on Exceptional Children," sponsored by the U. of I. summer school.

This conference is planned for parents, teachers, school administrators, professional workers, and the public I have been asked to get several volunteers from the P.-T. A. to at- ed by Mrs. George F. Brocke, Sr. tend the conference, as well as others from this district.

If you can or will go, please drop a-card or note to Mrs. Russell Perkins, Southwick, Idaho, in order that the number to attend can be ascertained.

Please do this immediately.

Streets Being Cleaned past few early mornings cleaning and washing Kendrick streets in preparation for Parade Day which comes next Saturday, May 22nd.

He first swept the oiled surfaces to remove gravel, broken beer bottles, etc., and then turned the fire hose onto them. The results are indeed worth the trouble, not only for appearances sake, but for the dust-free condition which followed.

Sunday, Monday, Tuesday Warm It seems as if summer has really arrived in this section - following close on the heels of winter, for there was no spring.

Last Friday the temperature be- by the Grange Ladies.

gan climbing, but really did not hit The 1954-1955 officers, who will be its full stride until Sunday, when a high of 84 degrees was reached.

On Monday the mercury indicated a high point of 86 degrees — and local residents might be seen sitting on porches, steps, etc., visiting, until well after dark — something they had not been able to do for many

Tuesday the temperature reached a mild 96 degrees above — and air conditioners were brought into play in a number of business houses not to mention homes. Tuesday evening traffic between Kendric and Arrow was unusually heavy as area residents drove down to watch the steadily rising Clearwater river — a sharp contrast to the Potlatch.

Sprinklers may be seen in operation all about town most any hour of the day, which is a sure indication that summer is here.

Kendrick Kanyon Klub

The Kendrick Kanyon Klub met on Wednesday, May 12, at the home of Mrs. John Wilson. Roll call was answered by an exchange of recipes. The topic of the afternoon: "Women's Legal Problems" was presentand Mrs. Jack Kuykendall.

Refreshments were served at the close of the afternoon by Mrs. John Wilson and co-hostess Mrs. Aileen

Call For Junior Baseball

THERE'S NO SEASON LIKE IT!!

Even though we don't like to go through the agony of spring house cleaning, this is the time of year when most homes are in the throes of painting, papering, kemtoning, window washing and "cleaning out the

"I was reaching for my gloves the other day in that closet. I don't know how they got there, but I ended up by pulling out my bathing

On the other hand, I shouldn't feel too bad about it. We also have a broom closet and my wife keeps her aprons and floor waxes there. The brooms seem to be in my work shop. We've got a box for rubbers and overshoes — but the potatoes are there. We've got a place for everything in some other place.

As an example: I was hunting for a long-geared sprinkler' for the garden - overhead in my workshop and wound up with the sprinkler but not before I had displaced a huge collection of Christmas boxes (plus some later ones) for you see, my wife is a box collector! — And she, in turn, accuses me of being a junk collector. But you'll have to admit that odd pieces of pipe, bolts, door knobs, etc., often come in very handy around a home. However, I will admit they take up room where boxes could be stored.

But it does bring up the point that neatness and orderliness are splendid atributes — in other people. We can all admire the man who sits behind a half-acre of gleaming, uncluttered desk-top that is occupied only by his elbows and a row of push-buttons. even though we will never achieve such impressiveness. And we can all admire the housekeeper whose home is so darn neat that we'd rather not visit it for fear of dropping a match or an ash or mussing up a cushion

if we sat down. Please don't misunderstand. We think "spring cleaning" is a fine thing. It's good for the soul, as well as for limbering up the muscles some of which we'd even forgotten we had. Our point is that when the time comes, there should be something to clean. Then we can start all over again leaving things in the

wrong places.

To quote an old friend of ours, who we think has the proper perspective: "Home is a place where you can scratch where it itches." - Sincerely,

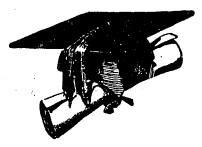

Received Degree Long Ago
U. of I. — The globe-circling building achievements of Harry W. Morrison, as president of Morrison-Knudsen Co., Inc., Boise, are featured in the cover story of the current issue of Time magazine. As a result, the University of Idaho has received suggestions from many persons that Mr. Morrison be awarded an honorary

doctorate degree.

University officials are busy pointing out that the University of Idaho recognized the accomplishments of the distinguished Idahoan long before "Time" did. It awarded him an honorary Doctor of Science degree in

M. on and will be opened at 8:00 P. M. on that date at the meeting of the Board of Trustees in the Board Room at The Farmers Bank.

The Board reserves the right to reject any or all bids as the interest

of the District may require.

A. O. KANIKKEBERG, Clerk of the Board of Trustees Kendrick Jt. School District No. 283. 20-2

Can you afford to skimp on water?

this **FREE** survey on your water supply may bring you new profits!

Every farmer knows the importance of water to his entire farm operation. But when you expand, sometimes you overlook the fact that your water supply must expand also.

A dairy cow requires 25 gallons of water daily for maximum milk production the water supply to your dairy herd and you may increase milk and butterfat production from 12 to 15 per cent.

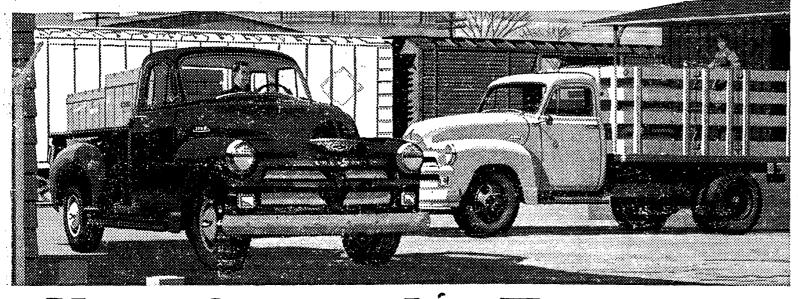

Your farm's water needs are many and varied: The National Fire Protection Association recommends for reasonable protection a pumping capacity of 500 gallons per hour with a 3/16 to 1/4-inch nozzle.

> TBe; sure all your water needs are filled — call or write your nearest-WWP office for a complete and free survey of your water system . . . you'll get an expert and impartial recommendation on your needs.

ASHINGTON WATER POWER CO

Get Those Bird's Eye Frozen Foods at Blewett's Grocery in Kendrick

New driver comfort! New driving ease!

do more work per day . . . more work per dollar!

You save time in traffic. New truck Hydra-Matic transmission gets you off to smooth, time-saving starts without shifting or clutching. Imagine how easy this makes driving in traffic and on delivery routes! It's optional at extra cost on 1/2-, 3/4- and 1-ton models.

You save time on the highway. New high-compression power gets you up to highway speeds from a standing start in less time, and saves you time on hills, too. You make trips faster-and the new Comfortmaster cab makes them seem shorter. It's got everything!

You save extra trips, too. That's because of the extra load space you get in the new Advance-Design bodies. New pickup bodies are deeper . . . new stake and platform bodies are wider and longer. Also, they're set lower to the ground for easier loading.

You save on operating costs. High-compression power saves you money! The "Thriftmaster 235" engine,

the "Loadmaster 235," and the "Johmaster 261" (optional on 2-ton models at extra cost), deliver greater horsepower plus increased operating economy.

You save with lower upkeep. New Chevrolet trucks are built stronger to last longer and save you money on maintenance. There are heavier axle shafts in two-ton models . . . bigger clutches in light- and heavy-duty models . . . stronger frames in all models.

And your savings start the day you buy. In fact, they start with the low price you payand they never stop. Chevrolet, you know, is America's lowest-priced line of trucks. And it's also the truck that has a traditionally high trade-in value.

Come in and see how much you're ahead with America's number one truck. You'll like the way we're talking business!

Most Trustworthy Trucks on Any Job!

HIGHEST OCTANE AND MOBIL POWER COMPOUND

New Mobilgas Special will make your car start easier, warm-up faster, run better, and have more power. Come in today! There's a tune-up in every

New Mobilgas Special is powered two ways. Modern refining gives it highest octane, faster starting and warm-up, and freedom from vapor lock. Mobil Power Compound, the most powerful combination of chemical additives ever used to step-up car performance, reduces gum deposits in carburetor and automatic choke,

helps prevent spark plug misfiring, stops stalling due to carburetor icing, and checks power wasting pre-ignition.

American Ridge 4-H News

The Willing Workers 4-H Club of American Ridge met Saturday, May 8, at the Kendrick park, with fifteen members present; four absent, and two visitors.

Rayner Havens reported on his trip to Spokane to the Livestock Show, having won this through taking first place in judging at Moscow.

Charles Havens was appointed to

attend the 4-H Short Course at Moscow on June 11-15. After the business meeting Mrs.

Harold Roberts gave an illustrated talk on the "Basic Seven Foods," while the boys studied "Judging." Joanne Heimgartner gave a demonstration of pulling threads to give a straight edge on material.

A gene of soft ball was enjoyed by all during the recreation period.

At the close of the meeting delicious refreshments were furnished by Mrs. John Wilson and Mrs. Marion Rowden.

Daily Vacation Church School Don't forget the Daily Vacation Church School — June 1 to 11 — at the Kendrick Community Church. Plan to enroll your children.

FAMILY LIABILITY POLICY

Here's low cost protection against the high cost results of a ruinous law suit. Combined with your automobile insurance, it covers injuries to others or damage to their property caused by you or any member of your family . . . at home or away from home. Here's what could happen:

Your Dog (your fault) Can Cost You _____\$4,500 For Injury To Newsboy _____\$1,000 Your Bonfire Goes Astray ______\$450 Neighbors Child Injured On Your Patio ____\$750 Neighbors Falls On Your Walk _____\$3,500
