## INTERESTING NEWS NOTES FROM THE SOUTHWICK AREA

### Dinner And Program

The Southwick Homemakers Italian dinner, scheduled for March 18, will be highlighted with a surprise program given by the Club ladies. Tickets are now on sale for the Clothes Hamper, filled with household linens, most of them hand made by the Club ladies, at only 10c per ticket. Door prizes will also be given adults and children.

Everyone is asked to plan to be at the Ladies Aid Hall and enjoy the program and dinner on March 18th. Conducting S. S. Institute

Rev. Vera Forrest of Moose Jaw, Saskatchewan, Canada, is here conducting a Sunday School Institute. The workshop begins each day at 10:00 (excluding Saturday). Work will be explained that is of real help to Sunday School teachers and those who may wish to learn. In the evening, at 7:30, in the church, Rev. Forrest will hold services. On Sunday, March 6, the Sunday School and the church services will be in charge of Rev. Forrest. She is an interesting and dynamic Sunday School worker, and services should be equally interesting. Everyone is welcome.

### Meetings Postponed

The Missionary Society Meeting scheduled to be held Friday, March 4, has been postponed until Friday, March 11 — at the home of Lulu Lettenmaier.

Wednesday evening Prayer Meeting has also been postponed a week — until March 9th. Junior Missionary will meet Sunday evening, Mar. 13.

### Syringa 4-H Club To Meet

The Syringa 4-H Club met Friday evening at the home of Mrs. Ruth Armitage. Demonstrations were given by Rona Armitage and Hazel Perkins. Assignments were given out, and "secret pal" names drawn. The next meeting will be on March 14th at the Lloyd Thornton home. A coasting party is scheduled for March 11 — providing the snow lasts.

### Homemakers Club Meets

The Southwick Homemakers Club met Thursday at the Ladies Aid hall with Christina Cuddy as hostess and Agatha Perkins co-hostess. Mrs. Bernadine Tudler, Nez Perce County Home Demonstration agent gave lessons in "Lamp Shade Making." Those making lamp shades returned Friday to complete their projects.

Mrs. W. R. Brown was a club guest for Thursday.

### Short News Notes

Mrs. Lois Thornton had as a guest in her home Tuesday and Wednesday afternoon, Mrs. W. R. Brown.

Mrs. Annie Longteig has returned home after spending several weeks visiting in Lewiston at the home of her daughter, Mrs. Harvey Bales.

Mr. and Mrs. Given Mustoe and Mr. and Mrs. Jack Mustoe were guests Sunday in the home of Mr. and Mrs. Eugene Taylor at Juliaetta.

Chas. Harris returned home Wednesday from the Sacred Heart hospital in Spokane, and is reported to be recovering speedily from his illness.

Mrs. Alma Betts, Mr. and Mrs. Eugene Betts and Mr. and Mrs. George Finke were guests on Tuesday in the home of Mr. and Mrs. George Wilken at Kendrick.

Mr. and Mrs. George Finke have gone to the coast on a vacation trip. They will visit with relatives and friends at several points.

Mr. and Mrs. William Kachlemier accompanied Mr. and Mrs. Richardson of Orofino on a vacation tour of Arizona, and New Mexico, leaving Wednesday, they planned a two-week trip.

Mrs. Kachlemier's sister is caring for the children during their absence.

Mr. and Mrs. Leland Marvin spent Thursday and Friday visiting in Lewiston and Clarkston.

Mr. and Mrs. Leland Marvin and children spent Sunday evening as guests in the home of Mr. and Mrs. D. V. Kuykendall.

Homer Marvin of Teakcan spent Sunday at the Leland Marvin home.

Southwick residents seen at the P-T-A Thursday evening were Mr. and Mrs. Darwin Tarry, Mrs. Winifred Kluckholm, Mrs. C. A. Cuddy, Mrs. Don Cantrell, Mrs. Rollin Armitage and Mrs. Russell Perkins.

Well — We really had a blizzard at Southwick Monday, and by nightfall many of us were snowed in. By the appearance of sky and snow the storm will continue today (Tuesday). Snowplows are out and the job really looks tough!

### Mail Arrives Hour And Half Late

Tuesday morning saw the inauguration of the new postal mail service, which sees all mail routed via Lewiston — and arriving but once daily. And with the inauguration of this new service came the first big storm of the winter.

Cecil Gruell, pilot of "Gruell's Light'n Express," which carries the mail from Lewiston to Juliaetta and Kendrick, and then on to Cameron, Kendrick, etc., arrived in Kendrick an hour and a half late, due to failure of the new Pendleton Mail truck to meet its schedule, the storm being the cause.

Cecil took off immediately in a "cloud of snow" to serve the remainder of his route.

### Donald Ingle Honored

The University of Idaho announces that Donald Ingle, son of Mr. and Mrs. Gerald Ingle, Kendrick, has been tapped for membership in The Idaho Chapter of Pershing Rifles, an honorary composed of Army Reserve Officers Training Corps students.

## Engagement Is Announced

Dr. and Mrs. D. A. Christensen of Kendrick, Idaho, announce the engagement of their daughter, Janice Louise, to James Henry Griffin of Waterville, Wash.

The bride-elect is a graduate of the Kendrick High School and is now a freshman at Washington State College.

Mr. Griffin is a junior, majoring in farm mechanics, at Washington State College.

No date has yet been set for the wedding.

## JOINT DISTRICT P-T-A MET THURSDAY AT KENDRICK

The Joint District P-T-A met at Kendrick, Thursday, Feb. 24, with Mrs. Russell Perkins, president, presiding.

The meeting was opened with the singing of "Flag of the Free" and a prayer by Rev. F. C. Schmidt.

The secretary and treasurer's reports were read and approved.

Gerald Ingle reported they had contacted Rocky Starr and that he would be available any week night, but further details had not been worked out.

The committee thought this program would be used in place of "Stunt" night. A discussion was held and it was moved the committee go ahead with the plans.

The President turned a letter over to the Project Committee concerning courses on "Hunters' Safety." The letter contained lists of Rifle and Pistol clubs and also instructors available for such courses.

The Kindergarten Committee reported that Kindergarten will start March 14, at the Firemen's Hall in Kendrick, with Mrs. Ben P. Cook as instructor. Motion was made and carried that the P-T-A underwrite the heating expenses.

Mrs. Gerald Ingle reported American Ridge had a study group at which ten ladies were present. There being no study books, interesting discussions were held on various pertinent subjects, and greatly enjoyed by all.

The Citizenship Committee met on Feb. 11, at which time they decided to nominate a chairman and secretary. The chairman chosen was Eugene Taylor of Juliaetta, and Mrs. Virginia Cantrell, secretary. Mrs. Cantrell reported the committee made a tour of the three schools, and also included the old Leland school. The group met again on Feb. 23. They agreed the schools were very inadequate for our school children. They hope to find some way to make clear our school needs to the public, such as a door-to-door canvas. They decided to hold a special meeting for the public on March 7 — and hope that everyone in the district comes prepared to discuss the situation.

Two suggestions which have come from the committee were: To drop proposed improvements on the gymnasium, and to add two new rooms to the school plant at Juliaetta. These will be discussed as well as other problems.

This March 7th meeting will be held at the High School at 7:30. Any parents, who have not already done so — are urged to visit the schools before this meeting.

It was decided to extend an invitation to the District President and Vice President, to visit one of our meetings.

It was announced that there will be a Band Mothers Cooked Foods Sale held on March 19th.

An interesting 15-minute discussion was held on: "Do You Think Your P-T-A Is Doing Enough for the Community, Or Should We Have More Committees Working On More Community Problems?"

A collection of books for the Southwick School library is being held. Any books suitable for grades 1 to 6 will be appreciated. Parents are also reminded to check again and see if the missing reference books can be found.

Due to the illness of Mrs. Fry, Mrs. Perkins presented the program for the evening. A very interesting program on "Founders Day" was given by the following: Mrs. Rollin Armitage, Mrs. Christina Cuddy, Mrs. Virginia Cantrell, Mrs. Darwin Tarry, Mrs. Winifred Kluckholm, Mrs. Gerald Ingle, Mrs. Lloyd Craig, Mrs. Robert Magnuson, Mrs. Agatha Perkins, Ben P. Cook and Asa Calvert. A duet was sung by Mrs. Magnuson and Jane Radicot, accompanied by Mrs. Herman Schupfer.

The "White Elephant" was won by Mrs. William Johnson. A motion was made to donate the amount received for the "beast" to the Founders Day fund.

The meeting adjourned and lunch was served by the American Ridge ladies. A room count was taken and the grade having the most parents present was the seventh.

## KENDRICK WINS AND LOSES IN DISTRICT TOURNAMENT

### Bulldogs Defeat Tigers

Lewiston — Genesee's Bulldogs outlasted Kendrick 44-41 in a hard-fought game at NICE gym Monday evening — a game which Kendrick almost saved in the latter minutes.

Kendrick's Jim Armitage opened scoring with a jump shot to give the Tigers a 2-0 lead and Maury Baumgartner countered for Genesee to tie the score at 2-2. From then on Kendrick was never headed until 30 seconds remained in the first half. John Merrick tallied with a lay-in. Armitage had a long push and two gift shots and Joe Cuddy made two free throws for a 10-4 lead. The quarter ended with the Tigers out front 10-7.

The fast-moving game saw Genesee move to a 17-18 margin as Dick Lee made a lay-in and Dave Hassler further connected with a free toss late in the second quarter. The Bulldogs went ahead with 30 seconds remaining as Lee hit with two gift tosses. With seconds remaining Cuddy made two free tosses to give the Tigers a 20-19 halftime lead.

Genesee opened the third quarter with a tight zone as Kendrick opened scoring with Silflow's push from the side and maintained a 22-19 advantage. Dick Lee's hook put the Bulldogs ahead with four minutes remaining in the third quarter 27-26. Baumgartner then tallied with a jump shot to increase the lead to 29-26. The quarter ended with Genesee in front 31-28.

With five minutes remaining Kendrick's Armitage hit with a hook to tie the tilt at 37-all. Baumgartner then gave the Bulldogs the lead with a jump shot 39-37. Armitage, with his sixth straight point, brought the game to another tie. Christensen made two gift tosses for a Kendrick 41-39 lead, but the game ended 44-41 with Genesee ahead, as Lee and Hassler made four points and Eglund made a free throw.

During other games Troy upset Craigmont 47-46; Nezperce won over Clearwater 61-42, and Lapwai downed Kamiah 57-46.

### Kendrick Defeats Craigmont

Jim Armitage paced Kendrick in a last-half scoring burst which knocked Craigmont out of the tournament, 63-53. The Tigers never really got rolling until midway of the third period, but when they did, they left the Prairie champions behind.

The Tigers took a 5-0 lead early, then fell behind as Craigmont's John Engel began hitting from the key and Jim Osborn from outside. The Cougars doubled the score at 16-8 shortly before the first quarter ended. Then Armitage dropped in two baskets to pull back within range.

A battle of the pivot men developed between Engle and Armitage, with Armitage getting the better of it at first. Craigmont held a five to six point lead for much of the second quarter. Armitage and Glen Wegner dropped in baskets before the half ended to narrow Craigmont's lead to 26-24.

Cold through most of the first half Kendrick began making the net pop in the second. The score was tied at 32, 34 and 36. Osborn and Dick Lenz hit long shots as Craigmont moved ahead for the last time 40-36.

Kendrick's speed was the telling factor. The Tigers shook Wegner and Ray Lockett loose repeatedly for fast breaks, while Armitage kept hitting from around the key. The Tigers biggest margin was 60-48, with 2½ minutes to play.

The Tigers had a 35 percent shooting average, a shade better than Craigmont's 33 percent.

The score by quarters: First, 17-17; half, 29-26; Craigmont; third, 48-44; Kendrick; final 63-53, Kendrick.

In other games Troy topped Genesee 50-48, in a thriller from start to finish, and Lapwai beat Nezperce 42-36. Clearwater eliminated Kamiah 37-33.

In the Troy-Genesee game Kenny Brocke swished a push shot from the side with but six seconds to play in the game to give the Troy Trojans, "miracle team" of the tournament, an upset 50-48 victory over the Genesee Bulldogs. Troy had trailed as much as 17 points in the third quarter.

The headless horseman was a myth — but the heedless motorist is a stark reality.

## WHAT JULIAETTA FRIENDS ARE DOING THESE DAYS

### Lucky Or Unlucky?

Mrs. Minnie Hicks is one of the lucky — or should we say most unlucky? — persons in the world, for she has a birthday anniversary on Feb. 29th — every four years, that is!

So, on Sunday, February 27, she observed her birthday anniversary with her daughters, Mrs. Frank V. Barton and daughter Charlene of Lewiston; Mrs. Mike Medonich of Clarkston; and her brother and sister-in-law, Mr. and Mrs. Elmer Stuart of Lewiston, and Carl Fliger, Jr., as dinner guests here in her home.

A most enjoyable day was spent.

**Borah Foundation Meeting**

University of Idaho — "The United Nations — Is It The Road To Peace?" has been chosen as the theme of the eighth annual Borah Foundation Conference on the Causes of War and the Conditions of Peace to be held at the University of Idaho, March 16 and 17.

Authoritative speakers from across the land will give major address at the two-day conference. These include Dr. Carlos Davila, former president of Chili and presently secretary-general for the Organization of American States; Pan American Union; Dr. Quincy Wright, professor of political science at the University of Chicago; Dr. Ronald B. Levinson, head of the philosophy department at the University of Maine, and Thomas Jefferson Hamilton, head of the New York Times press section at the United Nations.

Dr. Levinson is the son of the Borah Foundation founder, Salmon O. Levinson, a prominent Chicago attorney. The senior Levinson, who greatly admired the late Senator William E. Borah and his efforts in behalf of peace, established the foundation at the University of Idaho in 1929. The 1955 conference is a continuation of postwar activity, which began with a session in 1948.

Dr. Boyd A. Martin, assistant dean of the college of letters and science and chairman of the conference, pointed out a new feature of this year's meeting — a special session devoted to community participation in foreign policy. This session will be held the afternoon and evening of March 17 and will feature speakers from the state of Idaho who are familiar with various aspects of the state as related to U. S. foreign policy.

**"Our Schools" Meeting Called**

On March 7th, at 7:30 p. m., at the Kendrick School, a meeting has been called for a very special purpose. A purpose that should be of the utmost importance to all of us — "Our Schools".

This is the opportunity that many have been waiting for and now that it has presented itself, let's join together as a unit and work as one in what we all want for the improvement and advancement in education for our children.

So join with your friends and neighbors at the Kendrick School — bring those questions — be prepared to talk, give your suggestions for a much needed solution to the school problem.

The results of meetings of this type have been remarkable in many instances — so let's try it! Be there!

**One Way To Get Results**

Though already built to suit most masculine taste, she craved the haggard look of the fashion models and, despite her husband's protests, dieted until she achieved it.

Then one day I saw her in a restaurant vigorously attacking a large steak dinner. Later I asked her husband what had caused the change.

"I got her a birthday present," he said with a chuckle, "— a pair of falsies." — Reader's Digest.

**"Bug On Train Schedule**

Information from Roy Ramey, local N. P. depot agent, is that the new all-aluminum "bug" of the Northern Pacific will be operating on the same schedule through Kendrick as the passenger train that it replaced as of March 1st — until a different schedule is announced.

Paul Lind was the first Kendrick passenger on the new equipment, going to Lewiston, Tuesday.

**IF EVERYONE**

If everyone who drives a car  
Could lie a month in bed,  
With broken bones and stitched-up  
wounds,  
Of fractures of the head  
And there endure the agonies  
That many people do,  
They'd never need preach safety  
Anymore to me or you.

If everyone could stand beside  
The bed of some close friend  
And hear the doctor say, "No hope,"  
Before the fatal end.  
And see him there unconscious,  
Never knowing what took place,  
The laws and rules of traffic  
I am sure we'd all embrace.

If everyone could meet  
The wife and children left behind  
And step into the darkened home  
Where once the sunlight shined  
And look upon the "vacant chair,"  
Where daddy used to sit,  
I'm sure each reckless driver  
Would be forced to think a bit.

If everyone who takes the wheel  
Would say a little prayer  
And keep in mind those in the car  
Depending on his care,  
And make a vow and pledge himself  
To never take a chance,  
The Great Crusade of Safety  
Would suddenly advance.

**It Is Puzzling**  
While my best beau was away I  
had my hair styled in the short,  
wavy cut made famous by Audrey  
Hepburn. When I met my boy friend  
at the airport he looked, then stopped  
dead. "Gosh," he said, "I don't  
know whether to kiss you or shake  
your hand." — Reader's Digest.

**NEWS ITEMS ABOUT LELAND RESIDENTS AND FRIENDS**

**Homemakers Club To Meet**

The Leland Homemakers Club will not meet on Wednesday, March 9th, for their regular meeting, as this day has been set aside for an all-day meeting at the Lapwai Grange Hall for all the Clubs in the county. This county meeting will start at 10:00 a. m. — and the husbands are most especially invited to attend — as there will be a speaker on "Farm Social Security" and "Legal Procedure." There will be a pot-luck lunch at noon. Everyone is to bring their own table service, and each Leland Club member is asked to bring a cake — as our Club is responsible for the dessert.

**Merry Stitches To Meet**

The Leland Merry Stitches 4-H Club will meet on Tuesday, March 8th, at the home of their leader, Mrs. Herman Meyer. Margo Wilken will give a demonstration on "Cooking" and Jeanne Craig on "Sewing."

**Blue And Gold Dinner Monday**

The Cub Scouts held their annual Blue and Gold dinner Monday evening, Feb. 28, at the Kendrick Community Church basement. Due to illness and stormy weather, a rather small group was present.

The tables were decorated with red, white and blue candles, flags of the United Nations and small Liberty Bells served as place cards. Articles the Cub Scouts had made were on display.

**Rev. F. C. Schmidt gave the In-**

Evocation, and Arthur Foster served as Toastmaster.

Service pins were presented to Irvie McGeachy, Roger Nelson, Edward Jones, Douglas Johns, Bobby Callison, Kenneth Heffel, Michael Morey and Kevin Crawford.

Douglas Johns received the Wolf Badge and a gold and two silver arrows; the Bear badge and a gold and two silver arrows.

Bobby Callison and Michael Morey received silver arrows.

Denny Abrams was presented a Den Chief card and Richard Nelson received a Den Chief service star.

Billy Blewett and Edward Jones received their Webbs badges in a graduation ceremony, and are now ready for Boy Scouting. Both also received Lion badges.

Mrs. Walter Crawford and Mrs. Nora Callison were in charge of arrangements.

**IN THE ARMED FORCES**

From Pvt. Raymond L. Greene at Camp Carson, Colo., comes the following brief note:

Hi, Bill — I received the paper today and was really glad to get it. When a fellow is in here, any news from home is really welcome.

This is not too bad a life. We put in a good days work, and live a "well regulated life."

One thing I noticed is that the address on my paper has my Serial No. wrong. It is US 56240516.

Again, thanks for the paper. As ever, Raymond Greene.

**Good Winter Cotton Care**

Good winter cottons deserve dry cleaning to preserve their finish and appearance, according to Mrs. Elizabeth Rettig, county home demonstration agent, and Esther Nystrom, clothing specialist of the University of Idaho extension service.

Clothing with padding and decoration that cannot be removed must be dry cleaned or laundered with special care. Dry cleaning is recommended because it removes the risk of damaging the garments, particularly those with velveteen collar or trim.

But if you launder them the extension people recommend that you wash each one separately in soft water. That keeps hard water scum from sticking to the cotton. Do not use a bleach. Many bleaches change the finish of the material.

When you iron cotton, they advise, press it from the wrong side to preserve the finish.

**Change In Sunday Papers**

Kendrick residents who have boxes at the local post office, and regularly get their mail here — may get their Lewiston Tribunes, beginning Sunday, March 6th, at Burt's Confectionery or the Kendrick Cafe, depending on which place of business is open that Sunday — as they alternate.

Get those picnic supplies of all kinds, including a pop and paper plates at Blewett's Grocery-Market in Kendrick. 1-adv

**Some Questions Answered**

To get the answers to a couple of questions raised by the "Parallel Parking Only" signs erected by the state on Main Street a couple of weeks ago, this writer (W. L. McCreary) attended a regular meeting of the Village Board of Trustees on Tuesday evening and found out:

1. There is no record of the Village Trustees ever having signed a deed to any portion of Kendrick's streets. All that was signed appeared in its entirety in our issue of a week ago.

2. There are absolutely no plans for a concrete "Parking U" in our Village park, nor are any changes in the park (removal of trees, etc., even being considered).

However, to relieve the parking situation created by the state tentative plans discussed and made a part of the Minutes by the trustees call for the widening of the side street between the Red Cross Pharmacy and the Kendrick Cafe (Sixth Street) and the street between Bob's Garage and the Kanikkeberg Building (Eighth Street).

These to be widened from sidewalk to sidewalk, trees and curbs to be removed, paving laid and marked for diagonal parking.

It is believed that the area thus gained will more than compensate for that lost on Main Street.

All the above will be good news to business men and farmers alike.

**GOLDEN RULE**

March 1 — Mrs. Roy Martin went to Spokane Saturday to visit friends and relatives for a while.

Mr. and Mrs. George Finke, Mr. and Mrs. Eugene Betts and Alma Betts were dinner guests of Mr. and Mrs. George Wilken in Kendrick on Tuesday.

**Mr. and Mrs. George Finke were**

visitors in the Alfred Swanson home Saturday.

Mr. and Mrs. Carl Finke, Sharon and Jerrald of Orofino, visited Alma Betts Sunday.

Mr. and Mrs. Eugene Betts spent Saturday and Sunday in Kendrick with her parents, Mr. and Mrs. Kirk Wilson.

Mr. and Mrs. Ishmael Martin and daughter and Mr. and Mrs. Bill Elben and daughter, all of Lewiston, were callers at the Roy Martin home Saturday.

March is surely coming in like a lion, so we hope the old saying is true — and it goes out like a lamb.

Alma Betts spent Friday visiting with Mrs. Tom Armitage. Mrs. Bill Jennings was also a visitor.

Herman Kuykendall and "Butch" Holiday of Lewiston spent Saturday night and Sunday at the D. V. Kuykendall home.

Mr. and Mrs. Leland Marvin and family were Sunday visitors at the D. V. Kuykendall home.

Mrs. Oscar Lawrence accompanied Mr. and Mrs. Russell Perkins to the P-T. A. meeting in Kendrick Thursday evening.

Mr. and Mrs. Oscar Lawrence were Lewiston visitors on Monday.

**Repairing Fire Hall**

Sparber and Heimgartner are busy this week rebuilding the rear and side walls at the rear of the Fire Hall, laying near beams and raising the roof at the rear portion of this building.

On completion of their work the Firemen and Lions plan considerable interior improvements, especially in the kitchen department.

### Oldest Living Thing in U. S. Has Rival in Olive Tree

Thousands of years from now California may boast of possessing two types of trees that were growing here in the 20th century. One of these is the Sequoia, or giant redwood, a few species of which already have grown in the Golden state for over 4,000 years. The other is the olive tree, a comparative newcomer to the U.S.

The olive tree, although estimated to have lived in Mediterranean countries for periods of time equal to that of the Sequoia, did not join this other ancient perennial in California until about 1769. It was in that year that Franciscan padres planted the first olive tree cuttings around their missions.

The modest efforts of these religious men to provide a little shade became the basis of an industry which, according to the California Olive Association, now nets some 2,200 growers in the U.S. about \$10,000,000 annually.

It was not until the late 1890's that olives were available commercially in this country, even in a limited amount. Then improvements in canning processes and development of the modern type metal container by the American Can Company gave olives a new life in the new world. During the last 60 years the olive orchard "population" has grown steadily from less than 1,000 acres to about 26,000 acres last year. They now produce an annual crop of over 40,000 tons of olives. Of the 25,000 tons sold for canning, 98 per cent go into metal cans, the remainder in glass containers.

The ripe black olive of California, gathered when fully matured, has a rich oil content and is marketed in nine different grades, ranging in size from "standard" to "super-colossal." According to Professor M. E. Jaffa, nutrition specialist at the University of California, the ripe olive has about double the calorie value of the green olive.

### Transfusions Through Arteries Said Life-Saving Measure

The rapid transfusion of blood through an artery, instead of through a vein as is usually done, has been described by two Washington surgeons.

Drs. Charles S. White and Donald Stubbs of the Research Foundation, Doctors Hospital, Washington, said the method has been found "safe, practical and life-saving."

Intra-arterial transfusion reported, has been found effective in cases where heart has stopped or has become almost imperceptible following a heavy loss of blood.

"It should be emphasized that this type of transfusion is not a proper substitute for intravenous transfusion except in those cases in which the blood pressure is very low, or cannot be recorded, or in arrest of the heart action from hemorrhage," they said.

"In the latter cases, blood introduced into the veins, even under pressure, has a long route and a slow one to reach the coronary arteries (supplying the heart), even if it could be forced or propelled in some manner through the right chambers of the heart and lung. The most direct route to the coronaries is the arterial highway."

The Washington surgeons said that with blood pressure at zero and no pulse to be felt, circulation was repeatedly restored "in an unbelievably short time." They added:

"It is accepted generally that resuscitation is futile if more than seven minutes elapses after the heart action is arrested, as irreparable damage to the cerebral cells ensues, and if life is maintained the facilities remain permanently damaged. Some remarkable exceptions to this statement have been reported, but usually not well authenticated."

### Fire in the Desert

Abadan, an oil city of some 140,000 people, only 40 years ago was a desert island in the sun-baked delta below the junction of the Tigris and Euphrates Rivers. In a great geologic trough beneath the Mesopotamian river basin waited a hidden treasure. It remained for an Australian wildcatter named William Knox D'Arcy to drill 1,180 feet through Iranian limestone and bring in a gusher in 1908.

Wild tribesmen had ridden into Persia thousands of years before and found oozings of gummy black bitumen to fire their lamps and bind the materials of their buildings, tools and weapons. Alexander the Great marched through Persia, his horsemen collecting naphtha and pitch from evil-smelling pools to strike blazing terror among the war elephants of enemies he met later.

### Habits

Habits are easily formed, but not nearly as easy to break. According to Professor William James, Harvard psychologist, it is not enough just to decide to break a habit—one must decide wholeheartedly and not let a single exception occur. Habits should be broken off abruptly, and not gradually. Talking sleeping pills in a dangerous habit as well as an unnecessary one. Good bedding is all that's needed for sound, restful sleep as long as there are no physical ailments.

**Surplus Food To Needy**

Wash, D. C. (Special) — Senator Henry Dworshak is co-sponsor of a bi-partisan bill introduced in the U. S. Senate which would make surplus agricultural foodstuffs available to aged persons, dependent children, blind, and those totally disabled who are now receiving Social Security assistance.

Senator Dworshak pointed out that the program will also assist farmers in that it will reduce surplus commodities which now depress agricultural prices.

"I have happily joined a group of Republican and Democratic Senators in introducing this bill because it will help needy and deserving Americans who, for a variety of reasons, find it necessary to have at least a part of their living provided by the Social Security System. Last year I joined in introducing the bill and in this session of Congress I am again a co-sponsor because I feel that we are long overdue in considering the needs of our own people and at the same time are spending billions of dollars for economic assistance in foreign countries," the Senator said.

The bill, known as S. 627, would establish a program under which certificates would be issued to the aged, the blind and disabled persons and dependent children to permit them to augment their social security assistance with agricultural foodstuffs that have been declared surplus. The recipient would receive a certificate in the amount of \$10.00 per month which would permit purchase of specified surplus foodstuffs in retail stores at market prices. The program would be in effect for a two-year period.

**Drivers Need Examinations**

The automobile driver's license, potentially one of our best highway safety devices, is also one of the most neglected. In the possession of aging drivers and others with failing eyesight, slowed reflexes and susceptibility to sudden seizures; or immature drivers with "hot rod" instincts and youthful recklessness, the license becomes in effect an official permit to menace the lives of thousands.

J. C. Furnas urges in the Reader's Digest that all states periodically re-examine the holders of driving licenses in order to halt the mounting toll of auto accidents resulting from these causes. Mr. Furnas is author of "— And Sudden Death," an article which, years ago, shocked the motorist world into a new realization of highway dangers. His current piece is condensed from National Safety News.

North Carolina has had for the last eight years a system of "blanket renewal re-examination" Furnas points out. Every four years each Tarheel driver must prove by test that he still deserves the privilege of operating a motor vehicle. Last year more than 29,000 failed, largely through ignorance of rules of the road and inability to interpret highway signs. More than 37,000 were given renewals only on "conditions" such as providing themselves with more suitable glasses or staying below certain speeds. Many of these will be called back for a re-check in a year or less. California has a system similar to North Carolina's. Idaho started re-examining drivers in 1952; the Dis-

trict of Columbia began last year.

New Jersey initiated this system in 1941 by calling for re-examination of all drivers over 65 who had a reportable accident. The program was dropped after 1949 because of "ill-advised public protest." Furnas notes, however, that this experience was "an eye-opener while it lasted." Barely a third of almost 4,000 elderly drivers passed the examination satisfactorily.

At least 500 dangerous drivers were removed from the New Jersey highways.

Nation-wide re-examination would screen for the first time some 25 million licensed drivers who have never had an examination, Furnas states.

**How our 125 "dry holes" last year helped keep you on wheels**

If you're anything like the average motorist, you'll use about 690 gallons of gasoline this year. And that's just a beginning. Keeping you on wheels and supplying you with the thousand and one "oil-born" products so vital to modern living requires 2 gallons of petroleum a day for every man, woman and child in the U. S.—an increase of 58% since 1941. Helping to keep this oil flowing to you is Standard Oil Company of California's biggest, most expensive, least predictable job. In fact, we plan to invest \$200 million during 1955 alone in exploring for new oil fields and developing existing ones, to help replace the petroleum you'll use. Some 700 times this year, Standard drillers

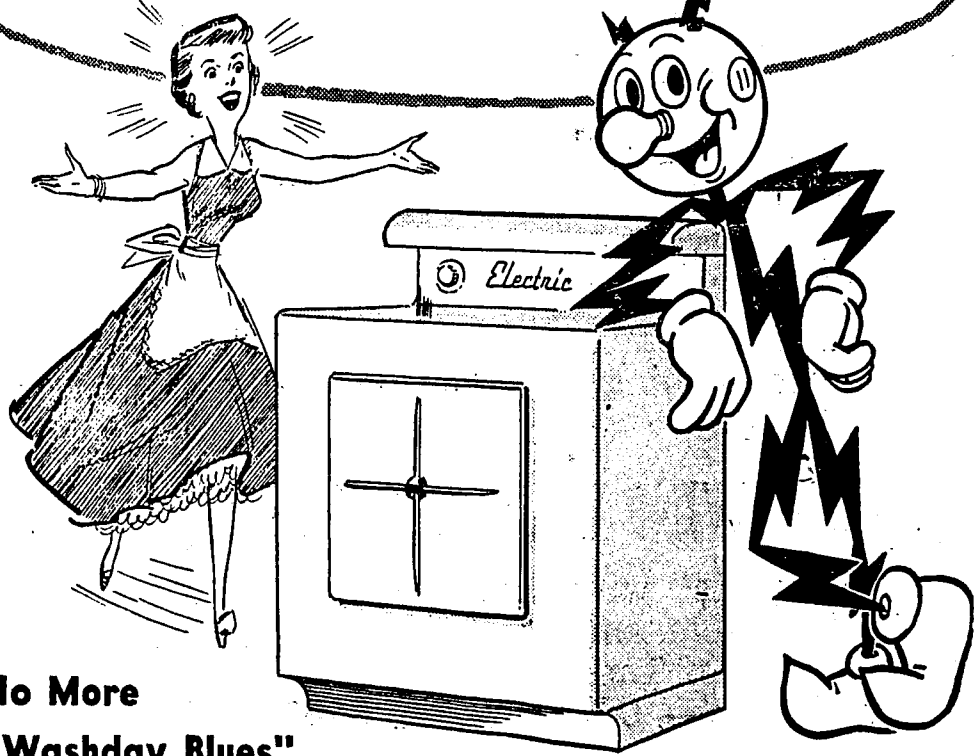

will start bits spinning. As much as 16,000 feet of pipe may follow the bit before oil is found or the well is abandoned. Either way it's a costly hole: drilling an oil well may run from \$125,000 to over \$1 million. And every one is a risk—only 1 out of every 9 wells drilled in the U. S. in a promising but unproven area turns out to be an oil producer. Yet new sources of oil must be found to keep our nation's supplies from dwindling. Risking "dry holes" is the only way to find them. So the 125 "dry holes" we drilled last year are good evidence of the job Standard does to help keep you on wheels.

Standard plans ahead to serve you better

**Real Storm Hits Monday**  
 What might be termed the first and only real storm of this winter to strike here, came in with a rush and roar Monday afternoon, borne on the wings of high winds.

On top the hills snow drifted and packed, while here in the canyon a light rain, just enough to wet the pavement and sidewalks, fell.

By evening most of the roads leading out of the canyon were either impassable, or all but impassable. School was dismissed here at 2:30 to permit the children to board busses for home, and all were delivered safely. On Tuesday, no school was held. Part of Monday night and all day Tuesday the snow plows of the state and the Kendrick Highway District were in operation, opening, and attempting to keep open the highways.

Although but little wind hit here in the canyon bottom, the roar of the "big wind on top" could be plainly heard, and the pine trees be seen bending to the force of the blow.

## HELLO, FOLKS:

Well, here it is the first week in March, and not very much change in the weather from what we have had all week — but then talking about the weather is not important. What we want to say is this:

When you come in to attend the big Farm Institute Day at Kendrick March 10, leave your car or pickup here for that grease job, oil change, wash and polish. We'll take care of it while your attending this really important affair. It begins at 10:00 a. m. for men and women, and at 2:00 p. m. becomes separate meetings — all of interest.

A psychiatric board was testing the mentality of a negro soldier. "Do you ever hear voices without being able to tell who is speak-

ing or where the sound comes from?" asked the doctor. "Yes, suh," answered the negro. "And when does this occur," pursued the doctor. "When I'se talking over de telephone, suh," replied the negro.

Have you tried Union's wonderful new "Royal 76" premium gasoline or the new "7600 Regular" — two powerful new gasolines, designed to enable you to get from your car, pickup or truck the full power built into it? Try them!

Phil: "Why did you quit going with the Gook twins?"  
Abe: "They're too biased."  
Phil: "Biased?"  
Abe: "Yeah! Bias this and bias that — until I'm busted!"
