INTERESTING NEWS NOTES FROM THE SOUTHWICK AREA

Southwick Homemakers Club
The Southwick Homemakers Club met Thursday at the home of Goldie Mustoe for an all-day session. Twenty-two members and guests were present. The business meeting was held in the forenoon with Virginia Cantril, president, presiding. After a delicious chicken dinner served at noon by the hostess and co-hostess, Ruth Geldl, the meeting was turned over to Lt. Backinger, Spokane, of the Air Force, and Sgt. Sanko of Lewiston, who presented the story of "Sky Watch" and showed a picture pertaining to it. Preliminary steps were taken to establishing a sky watch in this locality.

Guests for the day were Mrs. B. M. Brown, Mr. and Mrs. M. R. Vincent and Mrs. Wilbur Corkill.

Mr. Vincent has been active in this work for several years, and the district is in luck to have the facilities to establish this work.

The next meeting will be at the home of Rose Betts, with Mary Lawrence as co-hostess.

4-H Club Meets
The Spring 4-H Club met Thursday evening at the home of Dianne King. After the business meeting, judging of biscuits, by the second year girls was held.

Practice sewing on the machine by first year Sewing girls, and cutting out garments by third year girls was also carried out. A lunch of ice cream and cookies was served by the hostess. The next meeting will be at the home of Caroline Lawrence.

The banquet at 7:00 was followed by the speech of the National Commander. Following his talk the remainder of the evening was spent in dancing.

On Thursday evening, April 28, the local V. F. W. Post will hold initiation of new members for Kendrick and District No. 2. The Moscow initiation team will be in charge. The meeting is open to the public. Time: 8:00 p. m.

ROBERT F. WEYEN MEETS DEATH SATURDAY NIGHT

Asotin — Logging contractor Robert F. Weyen, 36, Lewiston, was killed late Saturday night when his car went out of control, left the highway and leaped 116½ feet across Asotin Creek just north of the city limits.

Asotin County Sheriff Hugh Curry, who investigated the accident said Weyen's new sedan, traveling south on State Highway 3, failed to negotiate a curve about 200 yards north of the Asotin Creek bridge.

He said the car hit the guard rail, tore out four posts and made ribbons of the rail, then traveled 88 feet before it came to the creek bank the car took to the air, traveling 116½ feet. It crossed the creek without touching the water and landed on the east side. With all four wheels on the ground it tore down a tree and traveled another 112 feet, Curry said. The car was headed due south when it finally halted.

Curry reported residents a half mile away were awakened by the sound of the impact. The sheriff estimated Weyen's speed at more than 100 miles per hour at the time the car left the highway.

A Clarkston physician was called to the accident scene, but Weyen was dead when the physician arrived, Curry said.

The corner had been considered dangerous for some time by Asotin county residents and only Monday Frank Raney, Asotin Chamber of Commerce present went to district headquarters of the Washington State Highway department at Yakima to seek information on straightening the road. A fatal accident occurred at approximately the same spot in 1948.

Mr. Weyen, who resided at Sacajawea Lodge, Lewiston, was born at Leland, Idaho, May 19, 1918, and had been a resident of Nez Perce county almost all his life. He attended grade school at Leland and high school at Juliaetta, and had been in the logging business since that time. He served with the U. S. Navy during World War II for one year, in 1944.

He married Mary Knight, Kamiah, July 12, 1940, at Payette. They were divorced in September, 1953.

Mr. Weyen is survived by a son, Daryl, and a daughter, Carolyn, both of 1514 7th St., Clarkston; his mother, Mrs. Alfreda May, Los Angeles, Cal. The body was taken to Merchant's Funeral Home, Clarkston, where arrangements await the arrival of Mrs. May. — Lewiston Tribune.

Mr. Weyen is very well known here, having conducted logging operations in this area for the past couple of years — as well as his having grown to young manhood at Leland. He is a son of the late Fred Weyen, and has several cousins, uncles and aunts in this area.

Plant Mature Pheasants

Last Friday morning Hale Ebling, local State Game Conservation officer, assisted by Keith Rudd of Moscow, released 16 crates of mature Chinese pheasants on the ridges in this area. Each crate contained 12 birds, or a total of 192 birds.

Mr. Ebling said that by releasing them at this time they would have an opportunity for mating and nesting, and would thus produce quite a few more targets for hunters this fall.

In speaking of the natural enemies of these birds Mr. Ebling said that after May 1 raccoon would no longer be classed as fur bearing, and urged that they be killed whenever the opportunity presented itself. Raccoon love eggs, young birds, etc., and are great night prowlers.

Salk Polio Vaccine Arrives

With the arrival of the Salk polio vaccine by plane from Boise Sunday, inauguration of grade school children in north central Idaho began Monday. The 400 vials of Salk vaccine supplied by the National Foundation for Infantile Paralysis were flown to Lewiston from state headquarters of the aviation section of the Idaho National Guard. The vials, containing enough one cubic centimeter "shots" for 3,748 north central Idaho children, had been shipped from a laboratory at Berkeley, Calif.

The flight was made by way of Pendleton and Walla Walla, and Lt. Borgeson was able to make flights with the vaccine to Moscow and Grangeville. The vials were delivered to Dr. Donald J. Stoltman at Grangeville, and Dr. Doyle Lochr at Moscow.

In Latah county the schedule for inoculation includes: Juliaetta, on Thursday afternoon.

The Nez Perce county schedule does not list the Southwick school.

Program Is Enjoyed

Rocky Starr's performance in the High school gymnasium last Wednesday evening was only "fairly well" attended.

A great many children (his ardent admirers) were on hand to enjoy his western music.

This was a benefit P-T. A. program and all those who attended enjoyed seeing and hearing the radio and TV star in action. His voice and homespun personality were most entertaining.

Why drive miles and miles, when you can buy it in Kendrick.

WHAT JULIAETTA FRIENDS ARE DOING THESE DAYS

(Delayed)

Mrs. Roy Weber and baby son came home Tuesday, April 5th, from the Davidson Nursing Home at Kendrick, where baby Benjamin Fredrick was born on April 1st, weighing in at 7 pounds and 13 ounces.

Mr. and Mrs. Gerald White and sons of Moscow returned to their home Tuesday, after spending the school Easter vacation here in the home of her father, H. S. Freeman.

Mr. and Mrs. Lewis Botens and daughter Bonnie of Grangeville were week-end guests in the home of Mr. and Mrs. Ray Scherer and family.

Despite the inclement weather some plowing is being done in this area, and a few have ready gardens in!

Junior Prom Success

The Juniors "did themselves proud" as usual, in staging the annual Junior Prom, which took place Saturday night in the High school gym.

Their theme, "This Ole House" was unique, to say the least, and they made the most of it in every detail.

The focal point of the setting was indeed a "ramshackle old house" that gave the illusion of just falling apart — but somehow appeared quite picturesque against evergreens, moss and a winding rock-bordered path. With clever lighting and good music the large room was transformed into a bower of beauty for the spring dance.

Only a fair crowd was in attendance, but the pretty girls in their swirling dresses, on the arm of their best beau, report a wonderful evening.

Patrons and patronesses were Mr. and Mrs. Ross Armitage, Mr. and Mrs. Wilbur Tarbet and Mr. and Mrs. Glen Wegner.

Jeanette Rowden was responsible for the imaginative setting and the decorations, with her original plans. Serving at the punch bowl were Karen Rowden and Judy Craig.

In charge of tickets were Wilma Wilson and Gene Jones.

Band Mothers Busy

At the Band Mothers' Club meeting last Friday in the school house a report was given on proceeds from the various activities to date: Card party, \$40.00; food sale, \$70.00; gymnastics show, \$120.00.

Plans for future activities were made and announced as follows:

1. At the band concert May 11 a special attraction has been arranged in which two lovely "Paris Models" will appear to accept contributions for the Band Uniform Fund.

2. Mrs. Ed. Nelson has taken charge of the "March" for a "New Mile of Pennies."

3. It was decided to order "Booster" plastic buttons, which will go on sale in the near future.

4. For Sales Day, in the fall, it was decided to give a gift bonus, to be presented to some ticket holder.

New Juliaetta Correspondent
Mrs. Leland Marvin is the new Gazette correspondent for Juliaetta, beginning next week — and how good your Juliaetta column is will depend a great deal on the help you give her — for she is a relative newcomer to the community, having moved to town from Southwick just a few weeks ago.

Mrs. Marvin and the Gazette are anxious that the Juliaetta news be truly representative of the community and it will be if you will help her by phoning in your items. Call Dial-2529.

The life of a community is reflected in its news.

JOINT DISTRICT P-T. A. MEET AT CAMERON MONDAY EVE

The Joint District P-T. A. met at Cameron Monday evening, April 18, with Mrs. Russell Perkins, president, presiding.

The meeting was opened with the group singing of "America The Beautiful," led by Mrs. Bob Magnuson and accompanied by Mrs. Ervin Fry. This was followed by the Lord's Prayer.

Minutes were read and approved, as was the Treasurer's report.

The Project committee reported they hoped to do some work on the playgrounds this summer, particularly the one at Juliaetta.

Mrs. E. M. White stated they have been having good participation in the school lunches. Also, a few donations have been received from time to time.

The Membership committee reported 122 names on the rolls.

Mrs. Cantril read a report of the Citizens Committee, which met on March 23, in order to compile the information from all the other meetings. Each plant was discussed. It was decided to go ahead with repairs on the gym. At Kendrick, a new heating plant, and other improvements listed in the previous bond issue for the Kendrick plant. The only addition to this plan was that instead of only appropriating \$8,000 for improvements on the old plant, they would allow more, so that the building might be in A-1 shape.

For Juliaetta they suggested two new classrooms and a permanent kindergarten room — the architects and Board to decide how they were to be built. This included playground improvements.

For Southwick they recommended a new building, consisting of two classrooms, lavatories and a lunch room.

The report submitted to the Board read as follows:

Kendrick — Facilities at the Kendrick plant should be made adequate. Juliaetta — Three rooms and playground improvement.

Southwick — New school building. The school board accepted the committee report and are engaging an architect to start working on the plans.

Mrs. Nelson consented to attend the State Convention at Boise. It was moved, seconded and passed to give \$50.00 toward the expenses.

Anyone interested in going to Chicago for the National Congress Convention may receive information from the President.

The question discussed by the group was: "What can P-T. A. members do to help our new President this next year?"

Installation of officers was held. Mrs. Norla Callison, the new president, then continued the meeting by appointing committees.

Mr. Meserve announced the first polo shots would be given Thursday at 1:00 p. m., for the first and second grades. The Band Concert will be held on May 11, at which time the Band Mothers Club are holding a stunt to raise money for uniforms.

Ross Armitage, program chairman for the evening, discussed "Community Resources for Preventing Delinquency." He introduced Roy Smith of Lewiston, who gave a very interesting and informative talk, and answered questions from the group.

The "white elephant" was won by Mrs. Bill Cuddy.

Delightful refreshments were served by the Cameron ladies.

Firemen Deserve Support

The question has been asked: "Just what do the Volunteer Firemen do with the money they get in?"

The answer to that question is very simple. They use it to purchase fire fighting equipment, support their training program, and maintain the building.

As almost all are aware the Fire Hall has been receiving extensive remodeling in the rear, where are situated the rest rooms, kitchen, storage room, etc. And the Firemen, working with the Lions Club and other volunteers, have been making extensive improvements. It is true that the labor has been donated — but materials for this job, including hot water tank, toilets, wash bowl, sink, etc., had to be purchased, and the Firemen have depleted their treasury "to the bottom" in order to make this hall into a true community meeting place, in which even a banquet may be served.

Therefore, don't feel that the tickets now on sale for the "Potlatch Derby" even though they may read "Donation" are a donation — the proceeds will be used for the benefit of all!

The "Derby Running" begins at 1:00 p. m., Sunday, April 24, at the Potlatch bridge just below the mouth of Cedar Creek, and continues to the Potlatch bridge in the west part of town. Starting time is 1:00 p. m. Tickets may be purchased from all member of the Fire department, and at many of the local stores.

INTERESTING HAPPENINGS IN THE LINDEN AREA

(Delayed)

4-H Club News — The Cedar Ridge 4-H Club met Friday evening at the Gold Hill school house. It was decided to hold a pie social on Friday, May 13, following the regular meeting at the school house. The Forestry and Weeds project members were to meet on Friday, the 15th, with Mrs. Holt. After the meeting Mrs. Craig helped Division II Sewing lay patterns on material for blouses. Delicious refreshments were served by the hostess, Mrs. Al Pederson.

Friendly Neighbors Club — Members of the Friendly Neighbors Club met Wednesday at the Arley Allen home. A surprise "Hanky" shower honored Mattie Allen's birthday anniversary. It was decided to have a community pot-luck dinner, Friday, April 22, at 6:00 p. m., at the Gold Hill school house, as a means of raising money for the Club treasury.

Easter Program — The Sunday School classes of the Gold Hill church presented a lovely program of songs and recitations to parents and friends on Easter Sunday. Following the church services a sumptuous pot-luck dinner was enjoyed at the school house. Grandma Keeler of Lewiston, who is visiting on the ridge this week, enjoyed seeing and talking with old friends and neighbors again, not to mention "doing justice to the eats." Mr. and Mrs. John Darby of Kendrick were also present for the dinner. It was good to have old friends among us again. In the afternoon a song service, led by Mrs. Rollin Armitage of Southwick, was held in the church.

Garner's Visit — Mr. and Mrs. Marvin Garner and son of Riggins were Saturday over-night guests of Mr. and Mrs. Arley Allen. On Sunday, they, with Mr. and Mrs. Marion Souders and family, attended a family reunion dinner at the home of Mr. and Mrs. Leslie Ball at Orofino.

(This Week)

W. M. A. News — The W. M. A. held its regular meeting at the home of Mrs. C. A. McAlister. There were ten members and four guests present.

During the business session delegates were elected to attend the annual W. M. A. Conference at Cream Ridge. Those chosen were Mrs. James Holt, Mrs. Al Pederson and Mrs. C. A. McAlister. Alternate delegates were Mrs. Earl Gaskill and Mrs. Rollin Armitage.

The coffee maker arrived and was unpacked and duly admired. It will be stored at the Frank Lyons home, and is for use for any and all community gatherings.

The next meeting will be held at the Gold Hill school house.

Items — Clem Denner, home Wednesday evening from Orofino, Calif. He had been in California since early December.

Mrs. Geo. Denner of Kendrick and Mrs. Geo. Denner attended County Council meeting at the Demonstration Club at Orofino Friday.

Sunday guests of Mr. and Mrs. Geo. Denner and family were Mr. and Mrs. Al Pederson and family and Raymond W. Bahr.

Mr. and Mrs. Al Bahr took Grandma Keeler to her home in Lewiston Sunday. She had been a house guest the past week in the Bahr and Al Pederson homes.

Mr. and Mrs. Bob Grim of Moscow were Saturday over-night guests of his parents, Mr. and Mrs. Ernest Grim.

Mr. and Mrs. Harry Dorendorf and daughters of Kellogg were Saturday night and Sunday guests of Mr. and Mrs. Loyd Farrington and family. Mr. and Mrs. Cecil Brammer of Cameron were Sunday evening callers.

Mrs. John Darby of Kendrick visited Friday with her daughter, Mrs. Loyd Farrington.

Mr. and Mrs. Dick Parsley visited with his sister, Mrs. Ausman, at Asotin, Sunday.

Sunday afternoon callers in the Dan Kechter home were Mr. and Mrs. Homer Emmett and children of Big Bear ridge.

Mr. and Mrs. Marion Souders and children spent Saturday with Mr. and Mrs. Melvin Garner at Orofino.

Mr. and Mrs. Clarence Alexander and son were Thursday evening supper guests of Mr. and Mrs. Marion Souders.

Mr. and Mrs. Dick Parsley visited in the home of his brother, Mr. and Mrs. Dave Parsley, at Peck, Thursday.

Frances Rowden of Kendrick was a week-end guest of Carolyn Skaggs. Congratulations on the birth of a son — Friday — to Mr. and Mrs. Fred Arnett.

Will Spring Ever Come?

"Will spring ever come?" is the question that is on the lips of everyone these days, and certainly this past week has given no indication that such might be the case. Friday morning, under clear skies, dawn saw a recorded temperature of just 28 degrees above here in the canyon, and reports of 24 to 26 above came in from the ridges.

Friday afternoon saw cloudiness and lowered skies, which continued throughout the remainder of the week, with rain falling intermittently.

Monday morning saw a pouring rain here at Kendrick, with snow falling on the hills — and many cars and trucks could be seen coming into town literally "plastered" with snow. Chunks of icy snow as big as buckets could be seen in many places on Main Street where they had fallen from underneath fenders.

Attention Mothers!!

Beginning Sunday morning there will be a Nursery in the Kendrick Community Church, making it possible for you to leave your baby and hear the services.

Anyone interested in "taking a turn" in caring for the little ones on Sunday morning, contact Mrs. Vernon Choate.

New Baby Boy

Mr. and Mrs. Fred Arnett announce the arrival of a baby son, born April 15 at the Davidso, Nursing home. The little man weighed the scales at 7 pounds and 14 oz. Mother and babe are reported as doing fine.

SCHOOL NOTES

Budget Hearing Set

At the last regular meeting of the local school board, it was agreed to have the annual Budget Hearing on Saturday evening at 7:30, in the High School.

The Budget Hearing is provided by law to give the Board a chance to explain to the people of the district how the school finances are to be distributed during the coming school year. An official notice of the hearing will be found in this issue.

The Board also agreed to call for bids for two new school buses to replace present over-age equipment. An official notice giving specifications will also be found in this issue of the paper.

Citizens' Committee Reports

Eugene Taylor of Juliaetta and Mrs. Frank Cantril of Southwick, representing the P.-T. A. Citizens' Committee met with the Board and presented the recommendations of the committee. Following the committee recommendations the Board instructed the architectural firm of Funk, Mollander & Johnson of Spokane to draw up sketches and estimates for three new classrooms at Juliaetta; a new two-room school at Southwick, and extensive remodeling with a new classroom wing at Kendrick.

In the Southwick and Juliaetta recommendations this is more than was planned in the original bond issue last year — but the Kendrick recommendations are the same.

To Give Polio Vaccine

All preliminary arrangements have been completed to give the Salk Polio Vaccine to all first and second grade pupils, who want it, in the district. This will take place at the Juliaetta school, Thursday, at 1:00 p. m.

FIX RIDGE ITEMETTES

The Juliaetta Lutheran Missionary ladies met at the home of Mrs. G. F. Denner Wednesday afternoon with Mrs. Walter Denner co-hostess. Mrs. A. W. Bailey of Juliaetta was a guest. Following the meeting Bible games were played with Mrs. J. M. Hedler winning. The next meeting will be at the home of Mrs. Leslie Heimgartner on Stony Point, in May. The hostesses, Mrs. Walter Denner, served a lovely lunch at the close of the meeting.

The Fix Ridge Club met at the home of Mrs. Adolph Denner Friday evening, with eleven members present, and Mrs. M. C. Halliday of Juliaetta a guest. Following the meeting a pantomime was presented, with Mrs. Eugene Taylor winning the prize. Mrs. Walter Denner was awarded the pink elephant.

There will be a demonstration party held at the home of Mrs. Adolph Denner on Monday, Sept. 25, at 2:00 p. m. Anyone that would like to attend is welcome.

Mr. and Mrs. G. F. Denner and daughters and Mr. and Mrs. Walter Denner and daughter Judy were Sunday afternoon and supper guests of Mr. and Mrs. Volney Miller at Lewiston.

Mr. and Mrs. Clarence Weaver of Spokane were Wednesday supper guests of Mr. and Mrs. Adolph Denner.

STONY POINT NEWS

April 18 — The Friendship Club met Thursday with Mrs. Helena Brown and quilted a quilt for her. A handkerchief shower honoring Mrs. Bertha Frady, who has moved to Lewiston, was planned for the next meeting, April 28th, at the home of Mrs. Leslie Heimgartner.

Mr. and Mrs. Bill Cooper and family were Sunday guests of Mrs. Helena Brown. Her son Don, is home from his work with P. F. L., to help her with the spring work.

Mr. and Mrs. Glen Stevens and family visited Sunday with Mr. and Mrs. R. W. Fairfield in Clarkston.

Mr. and Mrs. Bobby Heimgartner were Sunday supper guests and evening guests of Mr. and Mrs. Ernest Steigers and son Kenny.

Mr. and Mrs. Marion Stevens and family visited Sunday afternoon with Mrs. Lillian Morley in Clarkston.

Mr. and Mrs. Keith Steigers are the happy parents of a baby daughter, born Sunday at the St. Joseph's hospital in Lewiston. The little Miss has been named Christine Kay. She is a granddaughter of Mr. and Mrs. Leslie Heimgartner.

Joe Heath, little son of Mr. and Mrs. Gene Heath, is ill with the measles.

Chambers Of Commerce Meet

The attention of everyone in this area is called to the joint meeting tonight (Wednesday, April 20) of the Kendrick Community Lions Club and the Latah County Chambers of Commerce, which will be held in the Fraternal Temple at 6:30 p. m.

The topic will be "Roads," and everyone and anyone interested is more than welcome to attend. All Lions are particularly urged to be present.

Slate Of Trustees Filed

After a great deal of persuasion a ticket for the coming election on April 26th was filed. It carries the names of Ross Armitage, Charles Deobald and William Rogers.

Evidently local residents were very well satisfied with the trustees that have served for the past two years — for no election issues were raised — hence the difficulty in finding a slate of candidates.

Army Engineers Leave

After spending a week in and about Kendrick surveying, taking elevation readings, examining the levels of past floods, the group of Army Engineers left last Saturday morning. We understand they looked into the

possibility of obtaining large rocks for dike use, etc., but we did not learn of any definite plans for diking, dredging or other operations. These will probably have to await study of the data accumulated.

Arlene Maynard Rodeo Queen

Arlene Maynard, 350 Lapwai Road and daughter of Mr. and Mrs. John Maynard, lovely and vivacious Lewiston cowgirl, has been chosen as the queen of the 21st annual Lewiston Roundup, Sept. 9, 10 and 11.

Announcement of Queen Arlene's selection was made Saturday by Hayden Mann, chairman of the Roundup Association royalty committee, and committee members Ted Dufour and James McMonigle. — Lewiston Tri-

Many Taking Guidance Tests
U. of I., Moscow — Freshmen stu-
dents are becoming more concerned
with getting started on training to
which they are best adapted, Charles
O. Decker, chief counselor of the Uni-
versity of Idaho Guidance Center said
this week.

Students taking guidance tests be-
fore the start of school this year
have already numbered the most
since the service was inaugurated in
1946, Decker reported. More than
100 new students have come from
all sections of Idaho as well as from
Washington, Oregon and Montana
during the summer. Generally stu-

dents do not take the tests until
they arrive on the campus for the
start of school, but this year the de-
sire for an early check on career
possibilities has been unusually keen.

Decker added that early applica-
tions by new students for part-time
jobs have also set a new record this
year. Within the university itself, 500
to 600 students secure part time em-
ployment every month. Their work
includes secretarial and other cler-
ical duties, helping in the laboratories,
seasonal tasks in the forestry nur-
sery and experimental forest. Many
students are employed in agricul-
ture, principally on the big univer-

sity farm.
"All students desiring part-time
work usually find a spot — either
on the campus or in town," said
Decker. "Final determination, how-
ever, depends on the particular free
time available after a student lines
up his classes during registration."

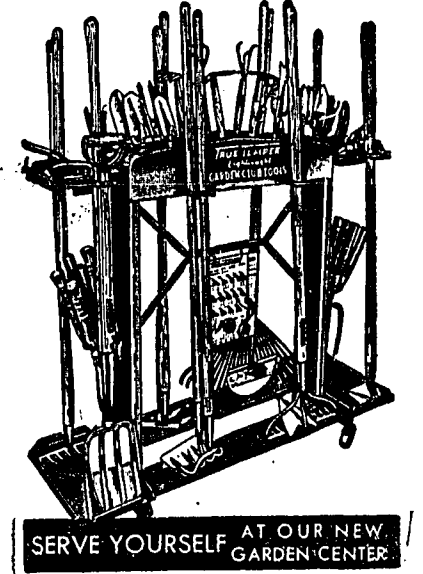

Freshman days start at the uni-
versity September 15, and registra-
tion September 18. To accommodate
early arrivals, all administration of-
fices will open Sunday, Sept. 14.

In some cases happiness consists
merely of forgetting the past and
ignoring the future.

Farm Commodities Pose Big Problem Government Limited In Selling of Stocks

At the moment the government owns approximately \$1,806,365,438 worth of farm commodities, purchased through the years to support farm prices, agricultural department officials report.

Products stored in government bins include 3.5 million bales of cotton, 145 million bushels of wheat, 187 million bushels of corn, 422 million pounds of linseed oil, 294 million pounds of dried milk, 79 million pounds of dried eggs, and quantities of various other items.

What's become of it all? It may be disposed of in various ways, but not dumped upon the

The government today has 167 million bushels of America's finest corn stored under the price support plan. The question is, what to do with it?

Open market to compete with commodities now in private ownership. To do so would flood the market and depress the commodities offered far below support prices. The government would then find itself buying the commodities placed upon the market.

These commodities, however, can be sold should the market prices strengthen considerably above support levels.

The government has two methods at present of moving commodities. They are:

(1) Persuading the consumer to increase his purchases through normal purchasing channels, thus reducing the supply and raising the price to where government stocks can be put on the market. Also, reducing supplies to a point where support prices would become unnecessary.

(2) Many of the commodities in government stockpiles are being distributed to school lunchrooms, charitable institutions, Indian affairs, and needy groups.

New Corn Spray

Until recently, the corn earworm has prevented profitable sweet corn growing, especially in the South. Sometimes every ear in a crop is infested. Such corn cannot be sold.

Now the department of agriculture has developed a spray containing DDT, mineral oil, and

The new spray, when applied at the right times, will eliminate earworm and pay in growth of healthy corn on the American farm.

water that may be applied to silks and husks of developing ears. When applied at right times it kills worms before they attack and ruin the corn.

R. A. Blanchard, bureau entomologist, developed the method. He tested it in the field during three growing seasons in Texas, Mississippi, Missouri, and Illinois. Earworms were controlled in every instance, he reports.

January Exports Pass \$224 Million Mark

January agricultural exports totaled \$224,300,000, the agricultural department reports. Cotton topped the total with \$83,500,000.

Wheat and wheat flour were second to cotton, valued at \$47,300,000, while corn was in third place with \$14,700,000. Agricultural imports during the month were valued at \$290,700,000, or approximately 66 million more than exports.

A Tidy Farm Is A Safe Farm

A tidy farm is a safe farm — and it's not only neater and less likely to have a fire, but it's a happier place to live. Elbert McProud, county agent, called attention to these points in a reminder this week that it will soon be spring clean-up time.

A complete cleanup, he said, covers the home as well as the farmstead. On American farms about 3,000 lives are lost and \$140 million worth of property is destroyed every year by fire. If every farm family would conduct a clean-up campaign at home — inside and out — it would remove many fire and accident hazards and result in happier years.

The department of agriculture sug-

gests several things that can be done with comparatively little effort to spruce up the place and knock out unnecessary risks:

Remove dry brush and weeds along roadsides and near buildings. Inspect your attic, closets and basement. Dispose of old rags, magazines, newspapers, discarded furniture and other things that burn readily. Clean up the junk machinery. If you are still working with it, by all means get it off the front or sides of the house. Inspect wiring and heating systems.

When you burn trash or brush look out for wind. Keep fire tools handy. Don't start a fire you can't control. And when it's out — be sure it's dead out!

Will Spring Ever Come?

The universal question on the lips of everyone these days is: "Do you suppose spring will ever come?"

And well might one ask that question, for, following several beautiful days last week, on one of which the thermometer climbed to a high of 76 above — the mercury began dropping Saturday morning, and Saturday night this area was deluged with torrents of rain — the downpour lasting for several hours, this latter combining with melting snow water, to send Potlatch creek into what might be called the beginning of flood stage.

However, Sunday saw wind and clearing skies, to send the mercury downward to 38 degrees Sunday night.

Monday was chill and windy — a typically March day, rather than one almost the middle of April.

A light snow fell in the Southwick area Sunday night. Farmers say that it will be a week

or ten days before they can hope to be in the fields, even under favorable conditions.

What's Behind Dixon-Yates?

Daniel B. Noble, Sec.-Mgr. Pacific Northwest Development Assn.

Their program here in America is directed toward the gradual crippling, regimenting, and the take over or destruction of our American Private Enterprise System. They must know that if this can be accomplished, an autocratic government machine in control of our economy, our resources, and our lives is inevitable. They are familiar with and use the many methods that are effective in weakening and destroying our American Private Enterprise System, such as inciting the masses against the owners of producing property, ridiculing and defeating public leaders who work to retain a healthy productive private enterprise system and help it live and grow, promote confiscatory taxes, promote wasteful and heavy government expenditures resulting in deficit financing and printing press money, and the gradual government take over of key industries. The following is an illustration of how this latter method has been operating at the taxpayers expense during the two previous administrations, as explained by one of the able socialist leaders of our time, who along with others, was employed in the Power Division of the Department of the Interior for this purpose. The following quotation is from the April 15, 1951 issue of "Federal Spending Facts," Research Office, Council of State Chambers of Commerce:

"The movement for public super-power becomes the most vital phase of the public ownership movement. The control of electric power will obviously carry with it the control of the industries of the nation, the control of

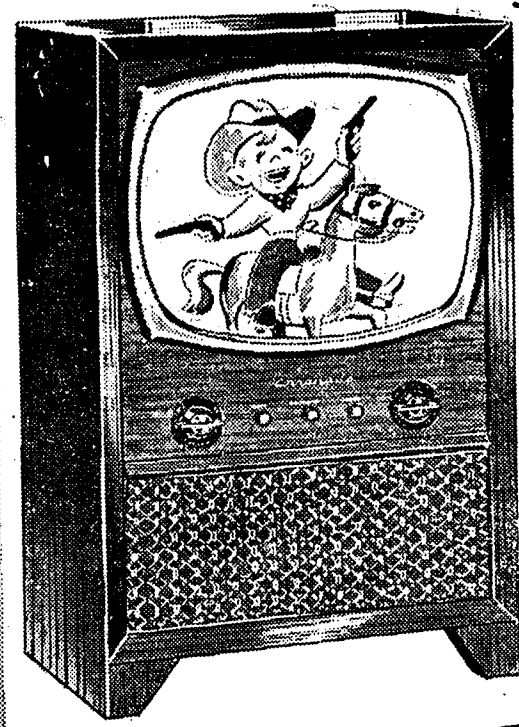

transportation, of mining, of agriculture. . . . It will also dominate and determine very largely the domestic life of the people."

(From a statement in 1925 by Carl D. Thompson, noted Socialist and public power advocate who played a leading part in the Federal power expansion activities of the Interior Department under Secretaries Ickes and Krug until his death in 1947.)

Even to the most skeptical, it should now be unmistakably clear that the welfare state socialist minded forces in America are pointing their major efforts toward complete control of energy, industry, education and information: Once these enterprises are operated at government expense, under complete control of a political machine, benevolent or otherwise, the end of our freedom is nigh. We, therefore, need to look carefully at all such proposals and particularly those that put the subsidized power of the Federal government into business in a key industry in competition with its own citizens, and also in control of a vital industry. We need to know what course we are taking and where it leads us. We need to know more about the negative forces that are working to destroy, step by step, our productive private enterprise method, which is based on complete development of individual initiative through a rewarding incentive system. This is the very foundation upon which our country was created and which is, to a large degree, responsible for its becoming a great productive nation.

Standard's "cushion" for sidehill tractors helps feed the Pacific Northwest better

Sidehill work on rolling Pacific Northwest farmlands once wrecked the rollers on big Diesel tractors in less than a season. Ordinary lubricants couldn't stand the tilting, twisting, mud-slogging torture. To cushion these rollers in mud, snow, dust. . . from below freezing to summer temperatures over 100°, Standard developed a grease. . . RPM Tractor Roller Lubricant. This special product enables tractors to work over 12,000 hours without roller repair! It means time-saving, trouble-free power farming for the men whose crops help feed you. And it is another way Standard serves you and the homes, farms and industries of a growing Pacific Northwest.

...and we end the biggest single cause of engine trouble in your car. Standard's new "Detergent-Action" Chevron Gasolines are the first fuels to clean out carburetor deposits, thus end the major cause of engine trouble. They give fast starts, increase gas mileage. . . end stalling, rough idling, too. Try "Detergent-Action" Chevron Gasolines — at Standard Stations and independent Chevron Stations, today.

THE Bull itin

Published Weekly by the Union Oil Service at Kendrick
W. L. "Bill" Rogers, Editor

HELLO, FOLKS:

How's the fuel oil tank — do you have enough on hand to "ride out the winter of April, 1955?" If you're not sure, just give us a call — Phone 1251 — and we'll fill it up, or leave just enough — you be the judge. And you know, with those wonderful Union Oil Products — you get lots of heat for your money!

Two depression mongers were moaning about a slight dip in the stock market. They were sure another 1929 would blow in any minute and the whole country would starve to death.

"Come over to my house," said Moaner, "there may be a few measly drinks left in the Scotch bottle."

"Can't," said Groaner. "This is

my bridge night."
"Okay," said Moaner. "I'll jump off with you!"

Does the old car limp and groan a bit during this continuing winter weather? If so, bring it in for a grease job, oil change, and a new set of spark plugs. It's sure to run as "slick as grease" when it leave here, with the crankcase full of Royal Triton Motor Oil — and the tank full of Royal 76 gasoline. Give it a try!

Smarty: "I want a glass of water for the radiator, a cup of oil for the crankcase, and a half pint of gasoline. I think that will be all."

Service Station Attendant (with grin): "Wouldn't you like for me to cough in your tires?"
