

**EQUIPMENT TO BUILD DAMS NOW MOVING INTO AREA**

Cambridge, Ida. — A 100-ton drag line and a giant shovel, the first shipment of earth-moving equipment for two Idaho Power Co. dams, were unloaded at a railway siding here on Thursday, Nov. 10.

A brief ceremony was held. Idaho Power announced in Boise Wednesday the signing of a construction contract with Morrison-Knudson Co. to build the \$87,000,000 Brownlee and Oxbow projects on the Snake river.

Company officials said the equipment would be moved to the river canyon over existing roads to a point about four miles from the Brownlee site. There it will be unloaded and used to complete an access road.

Idaho Power President T. E. Roach told a group of local residents that arrival of the equipment at this time indicates the urgency for completing the project.

B. Williams, vice president of M-K in charge of dam and hydroelectric plant construction, said, "These two pieces of equipment represented an investment of \$200,000, and this is only a small part of what is to come. We will have a million dollars worth of machinery at work in the canyon soon."

Williams said he had been disturbed by "distorted statements to the effect that the Brownlee, Oxbow and Hells Canyon projects are small."

"We have built more dams than anyone else and we consider these major projects," he added.

Williams said jobs would be available for local people. He estimated the payroll of the Brownlee project will total \$16,000,000 and for the Oxbow project \$9,000,000.

State Sen. Thomas J. Keithly (R-Washington) said the occasion signified the beginning of a "new era for the two counties and for the state."

"We are going to increase and grow from here on," Keithly said.

**Dams Called "Tombstones"**

Portland — Sen. Neuberger, Oregon Democrat, who has been a consistent foe of the Idaho Power Co.'s Snake river dam plans said Thursday they would be "the tombstones of the Republican Party in Oregon."

Referring to the announced contract signing at Boise, Wednesday, he said:

"It is a crime against the next generation to surrender the 914,000 firm kilowatts of the high federal dam for the 505,000 kilowatts of the three Idaho Power Co. dams."

"The three pygmy dams will be the tombstone of the Republican party in Oregon, which has used every political device and maneuver to bring about this shocking governmental de-orogon." —Lewiston Tribune.

Our comment: Regardless of whether you favor private or public power, we are at least getting action to provide needed electrical energy! Politics are not a part of the FPC, nor should it ever be.

**GOLDEN RULE**

Nov. 15 — Mr. and Mrs. George Finke, Alma Betts, Mr. and Mrs. B. A. Kite and Mr. and Mrs. Kenneth Wilken and son, the latter of Cameron, were dinner guests of Mr. and Mrs. George Wilken in Kendrick on Tuesday evening of last week. Mr. and Mrs. Kite were over-night guests, leaving from there Wednesday morning for their home in Bakersfield, Calif., after spending the past several weeks visiting with relatives in this section.

Mrs. Roy Martin accompanied Mrs. C. A. Cuddy to a Missionary meeting at the home of Mrs. Eula Davis, on Thursday.

Mr. and Mrs. Chester Martin and son came up from Lewiston Thursday evening. Mrs. Roy Martin returned home with them to spend a few days. Her son and wife, Mr. and Mrs. Ismael Martin, brought her home Sunday morning and spent the day.

Mrs. Mary Jane Martin will give a demonstration party at the Alma Betts home Monday afternoon, Nov. 21, at 1:00 o'clock. Everyone is invited. Lovely Christmas gifts will be displayed.

Mr. and Mrs. Oscar Lawrence and daughter Caroline were among the Lewiston visitors, Saturday.

Mr. and Mrs. Eugene Betts spent Saturday night and Sunday in Kendrick with her parents, Mr. and Mrs. Kirk Wilson. Mrs. Betts remained for an indefinite stay with her mother.

Mrs. D. V. Kuykendall spent Friday with Mrs. Eugene Betts.

Mrs. Russell Perkins and Mrs. Oscar Lawrence spent Friday at the Alma Betts home working on the Southwick Homemakers Club Year Books. Mrs. Deniz Kuykendall was also a caller.

Mr. and Mrs. J. R. Crawford of Orofino were Wednesday evening guests in the Alma Betts home.

Mrs. Elmer Souders spent Saturday with her sister, Mrs. George Finke, enjoying a TV party.

Mr. and Mrs. Eugene Betts spent Tuesday night at the Don Christensen home on Elk Creek, then spent Wednesday with Mrs. Lyle Goffinet in Orofino, while Eugene went on to Kamiah on business.

Mr. and Mrs. Ernest Cowger and daughters spent Saturday and Sunday in Lewiston with her parents, Mr. and Mrs. Ed. Walcott.

Alex and Oscar Lawrence were called to Lewiston Monday morning by the death of their mother, Mrs. Lizzie Lawrence, who was more than 80 years old. She passed away at the Somerville Home. Funeral services will be held at the Vassar-Rawls Wednesday at 11:00 a. m., with Rev. Lloyd Laubach of Southwick bringing the message.

Mr. and Mrs. Ernest Cowger and family spent Monday evening in the Alma Betts home.

Snow and cold? You bet we have both. Winter seems to be really here — but we hope — not to stay.

**Pink And Blue Shower**  
Mrs. Fred Zimmerman will be the hostess, at her home, for a Pink and Blue shower, on Tuesday, Nov. 29th, at 1:30 p. m., honoring Mrs. Don Brown.

Friends and neighbors of Mrs. Brown are cordially invited.

**NEWS ITEMS ABOUT LELAND RESIDENTS AND FRIENDS**

**Winter's Here!**

Winter has really crept in on us the past few days. The ground here is covered with snow and thermometers are registering 10 to 14 degrees below zero!

We hope it don't last.

**General Items**

Mr. and Mrs. Delbert Hoffman and daughters of Spangle, Wash., were week-end guests of his parents, Mr. and Mrs. Charles Hoffman, Mr. and Mrs. Donald Morgan and family of Lenore were also Sunday dinner guests.

Mr. and Mrs. Dick Cuddy of Kendrick were Sunday dinner guests of Mr. and Mrs. Herman Johnson.

Mr. and Mrs. Robert Draper were Sunday dinner guests of Mr. and Mrs. W. H. Weyen at Kendrick.

Lonnie Lohman is staying with Mr. and Mrs. Lloyd Craig while his parents are on a trip to the east. Mr. and Mrs. Everett Lohman accompanied Mr. and Mrs. Glen Wegner, where the Wegners will take delivery of a new car.

Mr. and Mrs. Charles Hoffman and Mrs. Delbert Hoffman and family were Saturday afternoon visitors in the home of Mr. and Mrs. Herman Meyer.

Mr. and Mrs. Herman Johnson and Mrs. Julia Flesman were Monday evening dinner guests of Mr. and Mrs. Frank Hunt and son Danny in Lewiston.

Mr. and Mrs. Ben Hoffman were Sunday dinner guests of Mr. and Mrs. Harl Whiting.

Mr. and Mrs. Lloyd Craig and daughter and Lonnie Lohman were Sunday dinner guests of Mr. and Mrs. Melvin Flesman and family at Clarkston.

Royal Thornton of Kennewick; Mr. and Mrs. Ray Thornton and Boyd Thornton, all of Lewiston, were week-end guests in the home of their parents, Mr. and Mrs. Jesse Thornton. Mr. and Mrs. Keith Thornton and family were also Sunday dinner guests.

Mr. and Mrs. Lloyd Craig and daughter Jeanne spent Wednesday evening guests of Mr. and Mrs. Wayne Thornton.

Mr. and Mrs. Emil Silflow and family and Mr. and Mrs. Ed. Nelson and family, the latter of Kendrick, were Sunday dinner guests of Mr. and Mrs. Fred Silflow in Juliaetta.

**BIG BEAR RIDGE NEWS**

Mr. and Mrs. Grant Clemenhagen were guests last week-end in the home of his brother-in-law and sister, Mr. and Mrs. Jack McReay and family.

Mrs. Ollis Sherbon of Pullman visited for a short time Sunday with Mr. and Mrs. Claude Jones.

Nita Benscoter of American Ridge spent the week-end with Marjorie Ingle.

Roger Jones, a student at W. S. C., spent the week-end here with his parents, Mr. and Mrs. Claude Jones.

Mr. and Mrs. Anton Moen, Ronald and Nancy, and Miss Helen Kruger of C. D. A. were week-end guests of Mrs. Johanna Nelson.

Mrs. Edith Fairfield has been assisting Mrs. Jerry Ingle with house work, since Mrs. Ingle and little Karen Marie returned from the hospital. Mr. and Mrs. Dick Benjamin visited Sunday with relatives in Clarkston.

Mr. and Mrs. Henry Galloway, Larry, Janice and Jerry were visitors in Kettle Falls, Wash., last Friday. Larry purchased another Brown Swiss Heifer as a part of his 4-H project work.

Miss Maxine Slind, student nurse, Spokane, spent the week-end here with her parents, Mr. and Mrs. Oscar Slind.

Mr. and Mrs. Boyd Leland and daughter Lisa Rae of Lewiston spent the week-end with her parents, Mr. and Mrs. Ed. Hieseth.

Mrs. Robert Clemenhagen and Lorraine were Sunday evening visitors in the Henry Galloway home.

Despite the bitter cold weather a fair-sized crowd attended the Guild's pot-luck supper and fancy work sale Monday evening.

Mr. and Mrs. E. H. Jones have been visiting in the home of their son, Mr. and Mrs. George Jones and family at Kennewick, Wash., and with their son-in-law and daughter, Mr. and Mrs. Everett Hammond and family at Moses Lake, Wash.

Word has been received here that Kathy Peterson, daughter of Mr. and Mrs. Harold Peterson, is ill with bulbar polio in a Yakima hospital. Mr. and Mrs. Peterson and family were former residents of this ridge, living on what is now the Hinrichs' ranch.

Walter Dahl, Spokane, was a recent visitor in the home of his niece, Mrs. Oscar Slind and family.

**Achievement Night Scheduled**

Achievement Night for the Leland and Southwick 4-H Clubs will be held at the Cameron Hall on Saturday evening Nov. 19, beginning at 7:30.

All 4-H Club members, their parents and friends are invited.

**A Salute To 4-H...**

A dramatic highlight of the National 4-H Club Congress unfolds as delegates parade before a huge audience at the International Live Stock Show in Chicago.

The 4-H spotlight will again be on Chicago when the top 1,200 boys and girls from all 48 states, Alaska, Hawaii, and Puerto Rico join with guests from foreign countries for the 34th National 4-H Club Congress, Nov. 27 - Dec. 1.

The Congress program consists of discussions by the delegates, tours of the City, banquets and top-flight entertainment features, and is highlighted with talks by outstanding speakers. The 4-H'ers also take part in press conferences and radio and TV appearances. Most of one day is spent visiting the International Live Stock Exposition where during the evening program the 4-H'ers present their annual parade.

Congress delegates are selected from the Nation's 2,150,000 4-H'ers through county, state and national competition. In Chicago, 180 will be named national winners in 29 award programs and will receive \$49,060 in college scholarships.

The Congress is made possible by civic-minded individuals, foundations and industries who in 1955 contributed over \$750,000 through the National Committee on Boys and Girls Club Work to support 4-H.

This year, 110,000 4-H members will be honored through National 4-H Award Programs. The awards consist of trips, medals, watches, U. S. Savings Bonds and other merit awards. In addition, funds are provided for leader training with the grants made through the National Committee. The Committee is a citizens' group which has been help-

ing the Cooperative Extension Service further the influence and membership of 4-H for 34 years.

Among the corporations and foundations providing 4-H support are the Nitrogen Div. of Allied Chemical & Dye Corp., Allis-Chalmers, American Forest Products Industries, Carnation Co., Chicago Board of Trade, Coats & Clark Inc., Conrad Hilton Hotel, Cudahy Packing Co., Elgin Watch Co., Firestone Tire & Rubber Co., Ford Motor Co., Laro Sure Feed Div. of General Mills, General Motors, Hercules Powder, International Harvester, Kellogg Co., Kelvinator, Kerr Glass, Massey-Harris-Ferguson, Inc., Montgomery Ward, Olin Mathieson Chemical Corp., Sears-Roebuck Foundation, Simplicity Pattern, Singer Sewing Machine Co., Standard Brands Incorporated, Sunbeam Corp., United States Rubber, Westinghouse Educational Foundation, and the Wm. Wrigley Jr. Co. and Gene Ator.

Nine oil companies collaborate in the program, including American Oil, General Petroleum, Pan-Am Southern, Pure Oil, Standard Oil Foundation, Inc. (Chicago), Standard Oil Co. (Kentucky), Standard Oil Co. (Ohio), Stanolind Foundation Inc., Tulsa, Okla., and Utah Oil Refining Company.

Railroads cooperating are Burlington, Illinois Central, North Western, Milwaukee and Santa Fe.

Individuals who offer awards include Mrs. Charles R. Walgreen, Thomas E. Wilson and Edward Foss Wilson.

**Gasoline Mileage Falls Off When Plugs Are Faulty**

FLINT, Mich.—Looking for increased gasoline mileage from your car?

Consider these facts recently reported by automotive engineers in response to a request from a major oil company:

If your car has a V-8 engine and one plug is not firing correctly, your mileage may fall off as much as 14 per cent.

For example, if you can get 12 miles a gallon at moderate speed, your mileage would drop to 15.5 when the one plug was "missing."

With two plugs misfiring, your mileage may be off 25 per cent from the normal figure—or, in our example, down to 13.5 miles per gallon.

And, if you should have three plugs out of order, your mileage can go down some 40 per cent. That would mean only 11 miles per gallon for the car that otherwise gets 18.

The amount of fuel your car needs to maintain a given speed increases in proportion to the number of spark plugs that aren't working.

What causes a spark plug to miss?

Fouling is usually the answer and there are three general types of fouling—gas, oil and lead.

Gas fouling generally results from incomplete combustion of rich gasoline mixtures — often traceable to poor carburetor adjustment.

Oil fouling stems from too much oil in the combustion chamber. This points to worn piston rings or valve guides or some other mechanical defect.

Lead fouling most often results from driving modern cars with their high output engines for long periods in city traffic or only at slow speeds.

**Workmen Repair Constantine Arch**

WASHINGTON—Rome's 4th-Century Arch of Constantine will wear scaffolding for months during efforts to halt disintegration which has loosened chunks of stone and marble.

A famed landmark, the arch has shown an alarming tendency to crumble from effects of weather and motor traffic vibration. Vegetation thriving on its ancient walls has aided decay. Even so, the arch

probably is the best preserved structure of the imperial period.

It was erected after Emperor Constantine defeated Maxentius at the Battle of the Milvian Bridge in A. D. 312.

An inscription honors Constantine, who gave Christians religious freedom in A. D. 313.

"To Emperor Caesar Flavius, Constantine Maximus, the Pious, the Fortunate, Augustus, the Senate and the people of Rome have dedicated in triumph this noble arch, because, by the inspiration of God and the greatness of his mind, he, by means of his legions and just arms, avenged the Republic, not only on the tyrant, but also at the same time on all his faction."

**Wage-Earners Living Longer These Days**

NEW YORK—According to the mortality in 1954, the average length of life of America's wage-earners and their families climbed to within a tenth of a year of the Biblical three score years and ten.

This record is derived from experience among industrial policyholders. The average length of life of these insured persons is now 69.9 years.

The current figure is one year greater than that for 1953 and five and one-half years above that of a decade ago. Improvement has been more rapid for industrial policyholders than for the general population of the United States. In 1911-12 the average length of life among these insured was 46.6 years, or about six and one-half years less than for the population as a whole; at present the two are on a par.

**Apparent Improvement In Traffic Death Rate**

NEW YORK—Motor vehicle fatalities in the first three months of this year resulted in death claims under 10,000 life insurance policies, representing death payments of \$20,000,000, according to the Institute of Life Insurance.

This is the third consecutive quarter to show the same number of death claims, and the constantly increasing number of lives exposed would indicate some improvement in the traffic death rate.

**Hot Time In Mexico**

MEXICO CITY — It gets awful hot in Mexico sometimes, as witness this recent news story.

A stranger, discovered splashing in Fernando Gonzales' bathtub, protested to police that he meant no harm. He said he found the door open and, "It was so hot, I just wanted a bath."

**Ask for More Trained Men For Animal Disease Study**

Solution to some of the nation's most costly animal disease is being slowed by lack of highly trained research men.

There is urgent need for giving promising young scientists an opportunity to learn the techniques of animal disease investigation.

The only way this can be done is by a long range fellowship program.

Such a program has been sponsored by the AVMA for the past six years. Under this program, which will be expanded as funds permit, research-minded graduates of colleges of veterinary medicine get financial aid to engage in animal disease studies at leading scientific institutions. This gives them background and experience needed for unraveling highly complex diseases.

Many livestock and pet owners who ask for "more research to solve disease problems" have given too little thought to how the job might be done.

Finding out what causes a perplexing animal disease isn't much different from tracking down a dangerous criminal, and neither is a job for anyone but a well-trained person.

The Federal Bureau of Investigation would not put a man on any of its cases without first training him in FBI methods. The same advantage should be given to people interested in disease investigation.

Funds for expanding the fellowship project should come from private sources rather than the federal government "because the nation already has gone too far toward dependence on federal hand-outs."

**Mastitis Germs Live 5 Days on Broomstick**

Harmless though it may look, that broom in the corner of the barn might be the means of starting a new case of bovine mastitis.

The germ responsible for most cases of bovine mastitis can stay alive for as long as 20 days on objects around the barn, and for as long as 28 days anywhere on a cow's skin. From these jumping-off places, the germ can eventually get into a cow's udder, where it starts the disease known as mastitis.

Survival time of the germ was observed after mastitis-infected milk was poured on manure, hair, wood, bricks, udder cloths, and other materials commonly found or used around dairy barns.

The germ stayed alive for 4 days on rubber boots, 5 days on a broom handle, 7 days on an udder-washing cloth, 8 days on a bucket, 13 days on hair, and 20 days on hay. However, when some of these objects were treated with a disinfectant before being smeared with infected milk, the germ didn't do so well. Enough of the disinfectant lingered to cut down the survival time to a day or less.

This research emphasizes the need for clean barns, clean cows, clean attendants, and prompt disinfection of any object that gets splattered with milk.

**Use of Columbium**

John Winthrop, Jr., who supervised the construction of America's first successful blast furnace at Saugus, Massachusetts, in 1643, found an unidentified rock fragment near his home. About 150 years later, an English chemist, Charles Hackett, saw this fragment in the British museum, analyzed it, and thus discovered the element columbium. Today, this element is playing an increasingly important part in the manufacture of stainless and heat resistant steels for such uses as jet aircraft engines.

Columbium is one of the most recent elements to find use in the steel industry. It was used commercially as an alloy in the 1930's, although experimental work had been done with it as early as 1920. Last year 632,000 pounds of columbium metal was consumed in the manufacture of steel.

**Origin of Camouflage**

The origin of the word camouflage has, it seems, been lost in the shuffle. One of the stories told in connection with it is that, during the Indian troubles in the Southwest, one Jacques Camou built a circular mud fort. This fort had large square openings at regular intervals around the walls. Through these, the garrison of the fort would fire. As the Indians' shots also found their mark through these openings, Camou painted the entire fort like a checkerboard—with large black squares on a white field. This confused the Indians so they were unable to determine at which dark squares to aim.

**Thermal Snow Removal**

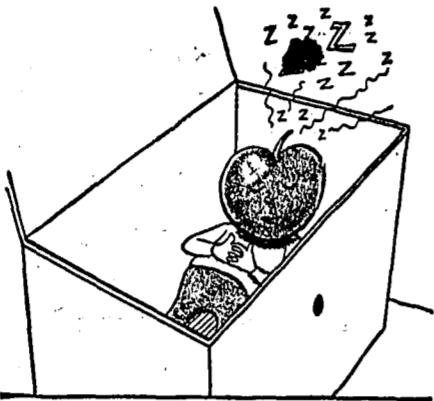

Thermal snow removal from sidewalks and driveways by means of embedded piping is a new and interesting development in the heating industry. The snow is removed automatically and without effort by the heat from pipe coils installed under the surface of the pavement. Hot water, circulated through the coils, transfers its heat to the pavement, thus melting the snow and keeping the surface dry. Automatic snow removal is economical. There is no necessity for using snow shovels or chemicals. All the owner does is to turn the switch to start the system in operation when the snow begins to fall.

**Controlled Storage Keeps Apples Prime Regulated Atmosphere System Is Recommended**

The answer to whether apples will taste as good in May as they do in September is "yes"—if they are apples from specially constructed controlled-atmosphere storage. That is the opinion of Prof. R.M. Smock, of Cornell university's agricultural experiment station.

More than 100,000 bushels of apples are in 15 such storages in New York state, the first of their kind in the country. "When they come

It sort of puts the apple to sleep and it never awakens until brought out into store temperature.

out in April or May or June," Smock says, "the apples are expected to be of prime quality."

Results of 10 years of experiments show that controlled-atmosphere storage will double the ordinary storage life of McIntosh, provided the rooms are properly constructed and operated. Good results also were obtained with Delicious and Northern Spy when the varieties were stored separately.

**Sweet Potatoes Make Valuable Farm Crop**

Many North Carolina farmers who have never planted sweet potatoes for market should be able to increase their farm income this year through the cultivation and sale of this root crop, according to H. M. Covington, extension horticulture specialist for the state college extension service.

The U.S. department of agriculture has requested farmers to increase their production of sweet potatoes by 12 per cent. Even if such an increase is planted, production would still be about 10 per cent under the 1937-46 annual average.

Farmers who plan to increase their sweet potato acreage this year to have some for sale, should consider market outlets before planting, Covington states.

**Automatic Defroster**

A household device which automatically defrosts the refrigerator and is a fine electric clock has been put on the market.

The defroster, the company stated, eliminates the housewife's periodic, usually messy defrosting chores which are so often put off until she finds time and a thick, insulating coat of frost has accumulated on the freezing unit.

Automatically, the defroster turns the refrigerator off at 1 a.m. each day, and then, again automatically, switches it back on after the thin skin of frost is removed from the unit.

During the shut-off periods, moisture created by the melting film is circulated through the box.

With the defroster, which is a precision timing instrument, any electric refrigerator, old or new, easily can be made self-defrosting.

**Chlordane Is Effective Ant, Cockroach Killer**

The newest and most effective insecticide against cockroaches and certain kinds of ants is "chlordane."

Two-per cent chlordane sprays, with oil or water base, now are for sale in many department, drug and hardware stores.

These sprays leave an invisible, odorless film on surfaces to kill pests which come in contact with it.

**Mistakes Are So Easy!**

One of the nice things about a weekly, or country newspaper, is that everyone reads practically every thing in it. But that, too, can be a disadvantage. We always hate to make errors, and we can understand the disappointments and unhappiness that occur when somebody's item of a party, or wedding, gets fouled up in the process of a correction or might even get mixed up with the sale of something or other in the local ad column. Please remember, it happens in the best of regulated shops, big and little. We're just as regretful and eager to correct our mistakes in the little stories as in the bigger ones.

Linotypes and proof readers are wonderful institutions, we'll admit, but every once in a while (or every few thousand words) both will let something slip — and you have an embarrassed editor. This time I'm not leading up to one on us, but one I found in one of our neighboring dailies, and I quote: "Appropriate ceremonies will take place at 11:00 a. m. on the bride across Pioneer Blvd. in the east part of town."

Really, it's not hard at all to make a mistake like this!

**NOTICE OF KENDRICK HIGHWAY DISTRICT ELECTION**

Notice is hereby given that an election of two Kendrick Highway District Commissioners, of Kendrick Highway District will be held in said District on Monday, December 5th, 1955, at the City Hall at Kendrick, Latah County, Idaho; at which time two Commissioners will be elected. A Commissioner from sub-district No. 3 and a commissioner from sub-district No. 2, to fill the vacancy of commissioner Vern Dunham.

The commissioner sub-districts are as follows:

American and Little Bear Ridges are known as sub-district No. 1.

Big Bear and Texas Ridges are known as sub-district No. 2.

The Village of Kendrick is known as sub-district No. 3.

The polls will be open from 1:00 P. M. until 7:00 P. M.

Nominations may be made by petition, with not less than 20 names, and filed with the secretary on or before the 28th day of November, 1955, for said nominees names to be placed on the ballot.

Dated this 5th day of November, 1955.

WALTER BENSCHOTER, Chairman

E. T. LONG, Secretary.

First pub. Nov. 10, 1955  
Last pub. Nov. 24, 1955.

**Tack a New Room Onto Your House**

**Only three hours time and \$11.50 built this extra winter room**

Hundreds of home owners are discovering an easy, low cost way of turning cold windswept porches and breezeways into warm extra rooms that can be used all winter long.

this extra room of plastic. If your porch happens to have screens, leave them up. Just cut to size and tack it right over them. Otherwise, simply tack the shatterproof plastic between uprights. When spring comes, take it down and store it away to be used next season. It's guaranteed two years.

A porch enclosed with this crystal-clear plastic, at a fraction of the cost of common glass, is especially valuable as a children's playroom because Flex-O-Glass is unbreakable and lets in Sunshine Vitamin D (Ultra-Violet Rays) which common glass filters out. Local dealers here carry Flex-O-Glass in rolls.

A pair of scissors, hammer, tacks, molding strips and a roll of crystal-clear Flex-O-Glass, is all that it takes to make

Published Weekly by the Union Oil Service at Kendrick  
W. L. "Bill" Rogers, Editor

## HELLO, FOLKS:

We're not going to be "I told you so's" — but we just hope you are one of those who heeded our advice and had that fuel tank filled with that wonderful Union Fuel Oil — and are now enjoying warmth and comfort in your home or place of business. If not, just step to the phone and call 1251 — and say "Fill 'er up" We'll do the rest.

Union Fuel Oil costs no more, but you'll find it's the oil that really give you home heat!

A small retailer had been trying for months to collect an overdue bill. As a last resort, he sent a tear-jerking letter, accompanied by a snapshot of his wife and little daughter. Under the picture he wrote: "The reasons I must have the money!"

The reply was a photo of a curvaceous blonde in a bathing suit, labeled: "The reason I can't pay!"

Snow and ice bothering your driving? Do you slip and slide? If so come in and talk over the tire problem with us. See the wonderful U. S. Royal the tire that really grips — or perhaps you prefer sawdust recaps. At any rate — don't wait — talk that tire problem over with us — today!

Jack: "They say he married her because her uncle left her a million dollars."

Jill: "Oh, I don't think Jack's that kind of a boy. I think he'd have married her no matter who left it to her."

Remember: Our phone number is 1251. Call us often.

## WHAT CAMERON FOLKS ARE DOING THESE DAYS

Mr. and Mrs. Glen Wegner, Mr. and Mrs. Everett Lohman and Wayne Wegner left Friday morning by car for Detroit, Mich., where Mr. and Mrs. Glen Wegner and Wayne will take delivery of new cars. The trip east is being made by car over the northern route!

Mr. and Mrs. Ernest Brammer visited with Mr. and Mrs. James Whittinger at Southwick, Tuesday evening. Mr. and Mrs. Gus Kruger of Kendrick spent Wednesday evening with Mr. and Mrs. Wilbert Bruntsiek.

Mr. and Mrs. Earl Whittinger were supper and evening visitors Wednesday of Mr. and Mrs. Bob Draper at Leland.

Doris Thompson was a week-end house guest of Mr. and Mrs. Otto Silflow and Roy.

Mr. and Mrs. Ben Hoffman of Leland were dinner guests Sunday of Mr. and Mrs. Earl Whittinger.

Mr. and Mrs. Wilbert Bruntsiek were Sunday dinner guests in the home of Mr. and Mrs. Albert Glenn.

Mr. and Mrs. Herman Meyer and family spent Sunday with their son-in-law and daughter, Mr. and Mrs. Marvin Silflow and family.

Mr. and Mrs. Harold Silflow and daughter Kathy were Sunday evening guests of Mr. and Mrs. Marvin Silflow and family.

Mr. and Mrs. Herman Meyer had as their dinner guests Monday Rev. and Mrs. Daneker of Lewiston, and Rev. and Mrs. Theo Meske.

Rev. and Mrs. Meske and family were Friday evening supper guests of Mr. and Mrs. Harry Roach and family.

Wednesday evening guests in the home of Mr. and Mrs. Leon Wolff were Rev. and Mrs. Theo Meske and family.

News is very, very, very scarce this week, as everyone has been staying close to the fires during this cold spell. When it gets down to 20 below zero, it pays to stay at home — and that's what it was here Monday evening. — Your Correspondent.

## FIX RIDGE ITEMETTES

The Juliaetta Nazarene Missionary Ladies held a cooked food sale Saturday, Nov. 12, in what is known as the "Juliaetta Corner Cafe" next to the postoffice.

The Fix Ridge Club will meet at the home of Mrs. Macie Nye in Juliaetta Friday evening at 7:30. At this

meeting there will be an election of officers. Mrs. Wallace Clark and Mrs. Geo. Giese will demonstrate "Gift Wrapping." Roll call will be answered with a written entertainment or game. The Juliaetta Lutheran Missionary Ladies met at the home of Mrs. Adolph Denner Wednesday afternoon. An election of officers was held, with results as follows: Mrs. J. M. Hedler, president; Mrs. Leslie Helmgartner, vice president; Mrs. Fred Silflow, treasurer, and Mrs. Geo. Giese, secretary. The next meeting will be at the home of Mrs. Fred Silflow in Juliaetta.

Mr. and Mrs. Adolph Denner and daughters visited Wednesday evening with Mrs. Eleanor Denner and sons.

Mr. and Mrs. Glen Wegner and family visited her mother, Mrs. Clarence Fry, Tuesday evening of last week, in the Ernest Denner home.

Adolph Denner and daughter Lenette, G. F. Denner and daughter Janice and Walter Denner and daughter Judy attended the Father-Daughter banquet at Genesee Saturday evening.

Mrs. Oliver Clark visited in the Bert Wishard home at Genesee Saturday, Nov. 5th.

Mr. and Mrs. Dick Carlton of Juliaetta were Sunday dinner guests of Mrs. Caroline Carlton.

Monday supper guests of Mr. and Mrs. Walter Denner were G. F. Denner and daughters Janice and Linda, Mr. and Mrs. Tom Denner and sons and Mrs. Eleanor Denner and sons David and Donald.

Mr. and Mrs. Wallace Clark were Sunday dinner guests of Mr. and Mrs. Geo. Rice of Lapwai — the occasion being the birthday anniversary of Miss Maciel Rice.

Linda Denner was a Friday over-night guest of Judy Denner.

Mrs. G. F. Denner returned home Wednesday after visiting for several days with her parents, Mr. and Mrs. Ben Cummings in Spokane. Mr. Cummings has been quite ill, but was much improved at the time of her departure.

Ernest and Lawrence Schwarz and Ted Mielke of Cameron visited Sunday afternoon with Mr. and Mrs. Walter Denner and family.

Arlene Denner, U. of I. student, visited over the week-end with her parents, Mr. and Mrs. G. F. Denner.

Mr. and Mrs. Walter Poleson of Lewiston were week-end guests of Mr. and Mrs. Geo. Giese.

Tuesday supper guests of Mr. and Mrs. Adolph Denner were Mr. and Mrs. Clarence Weaver of Spokane; Mrs. Annie Weaver and son Alex of Kendrick. Mrs. Clarence Fry was an evening caller.

Mr. and Mrs. Leonard Weber of Lewiston were Thursday evening visitors in the Adolph Denner home.

Mr. and Mrs. Oliver Clark attended the bazaar of the Community church in Genesee, Tuesday.

Mr. and Mrs. Geo. Giese were Lewiston visitors on Friday.

Rev. Theo Meske of Cameron visited Wednesday afternoon in the Ernest Denner home.

Janice Denner was a Thursday over-night guest of Rowena Eikum in Genesee.

Mr. and Mrs. Ernest Denner and family, Mr. and Mrs. Lawrence Slead and family, Mr. and Mrs. G. F. Denner and family and Mr. and Mrs. Walter Denner attended the "Open House" at Genesee Thursday evening.

## "Brush" Growing Contest On

U. of I., Moscow — It could be the cold weather, but University of Idaho male students have another reason for the sprinkling of "brush" which is beginning to appear on their faces.

It's time for the annual beard growing contest which is part of the Dad's Day celebration at the university. Awards will be given for the longest, healthiest and most novel beards prior to the Vandals' football game with Montana State University of November 19th.
