INTERESTING NEWS NOTES FROM THE SOUTHWICK AREA

School Events Planned

Tuesday evening, Nov. 29, at 7:30, at the Southwick school, there will be a pie social and evening of entertainment for the public. This will be a fund raising event for Christmas treats, and Visual Aids, or other things needed by the school. Slides will be shown, and a novel idea carried out, entitled: "Pay by the Inch," which won't be expensive, but fun. So everyone come on out and have a good time in spite of the weather. You will be warm — and meet all your friends. Every lady is asked to bring one pie — of any kind.

The Southwick School plans for their Christmas entertainment, call for it to be held Dec. 21, at 8:00 o'clock, in the school. There will be a program and treats for all children of this district, at Southwick.

JOYCE ARMITAGE BRIDE OF MAX CLEMENHAUSEN

The marriage of Miss Joyce Armitage, daughter of Mr. and Mrs. Ross Armitage, and Max Clemenhausen, son of Mr. and Mrs. Joe Clemenhausen, both of Kendrick, took place Tuesday evening at the Kendrick Community Church. Rev. F. C. Schmidt officiated at the double ring ceremony in a candlelight service, with a background of lighted candelabra and large baskets of bronze and white spider chrysanthemums.

Mrs. Dennis Racicot sang "I Love You Truly," "Because" and "The Lord's Prayer," accompanied by Mrs. Oscar Slind on the organ. Mrs. Slind also played Lohengrin's Wedding March and the Recessional.

The bride was given in marriage by her father, and was lovely in a ballerina-length gown of nylon tulle and lace over satin. The finger-ring length veil fell from a Juliet cap banded with seed pearls. Her bouquet was of white carnations centered with a white orchid.

Miss Donna Kanikkeberg, maid of honor, wore a ballerina-length rose net gown with matching lace hat, and carried a bouquet of white fuji mums.

The bride's attendants, Mrs. Burton Souders, Jr., in a teal green gown, and Miss Diane Cantril, in a gold gown, both ballerina-length wore matching lace hats and carried bouquets of bronze and yellow fuji mums.

The candlelighters were brothers of the bride and groom, Jerry Armitage and Bruce Clemenhausen. They wore identical grey tuxed suits.

The groom chose his cousin, Milton Mathison, as his best man, and his ushers were a cousin, Albert Clemenhausen, and the bride's brother, James Armitage. All wore dark business suits with white boutonnieres.

The bride's mother chose for the wedding, a street-length nylon avocado gown with winter white accessories, and the groom's mother wore a brown knit dress with brown and white accessories. Both corsages were of talisman roses.

At the reception which followed in the church parlors Mrs. Herman Babst, an aunt of the bride, cut the beautiful three-tiered wedding cake, following the traditional first cut by the bride and groom. Mrs. Ben P. Cook, a cousin of the bride, assisted her. Mrs. A. O. Kanikkeberg, a close friend of the bride, poured, and Mrs. Alvin Mathison, aunt of the groom, presided at the punch bowl, all at a beautiful lace-covered table.

Mrs. Arlie Armitage had charge of the guest book, and Patsy Cuddy, Janice Cantril and Wilma Wilson Page were at the gift table.

Both young people are graduates of the Kendrick High school. The groom graduating with the class of 1951 has served two years with the army, and is employed by Charles Krogh. The bride graduated with the class of 1954, attended the University of Idaho for a year, and has recently been employed at the First Security Bank in Lewiston.

For going-away the bride chose a navy tuxed suit with winter white accessories, and the orchid from her bouquet.

After a short honeymoon they will be at home to their friends in Kendrick.

Bus Heaters Freeze

On the morning of Nov. 15, students riding busses from Southwick and Leland had cold chills running up and down their spines — because the heaters of the two busses froze, due to the sudden cold snap. Seats were occupied by as many as five and six students in an effort to keep warm. We hope it doesn't happen again.

Flash

The final winners in the "I Speak for Democracy" contest are: Pat Pinke, Ann Berry, Kay Abrams and Gary Henkel.

Kay Abrams was the third place winner at the KRCLC contest last Friday for this district.

New Leather

Coach Dennis Racicot has purchased three new basketballs, and possibly two or three more will be needed later.

These balls are paid for by student body funds and will be used as "game balls." There is also a possibility that the team will get new warm-up jackets at a later date.

Library News

Mrs. Merrick has said that the new books which arrived last week will be ready for use by the first of next. There are still a few to come.

The library has a new display rack which revolves. If you care to see it, drop into the library.

Hon. Radio Class

The ham radio class, which is held every Thursday evening, seems to be getting along pretty well, with four students enrolled. In order to get your ham license you have to be able to make a small radio, send and receive messages at the rate of five words a minute, and then pass a test.

There are a few more students who would like to take the subject, but are unable to attend the classes. Mr. Cochrane is hoping that the enrollment will increase in the following nine weeks.

Soprrts

The gym. is being cleaned to start the basketball season. An attempt is going to be made to repaint the keys and the center circle, which will add greatly to appearance. The seats are also being moved in and cleaned.

On Dec. 3rd the Tigers journey to Libby, Mont., for their first game of the season.

On Dec. 9 we have our first home game — Nez Perce — here.

Why We Stay in School

"The goal of modern compulsory education in America is the equalizing of opportunity for all American youth, and it grows out of our faith in education as the way to insure the continuance of freedom and democracy."

Not so many years ago attending school in the United States was a privilege, not a law. Only those with sufficient money, time and ability could attend. It soon became apparent to leaders throughout the nation that many deserving youngsters and potential leaders were being denied an education. Some parents, jacking an interest in schooling, kept the children at home to work. Some teachers made examinations and courses of study so difficult that only the very superior students could compete. So pressure was brought to bear upon state legislators for the enacting of compulsory education laws. Now we have such laws in every state in the union.

The American people have accepted the principle of compulsory education as a cornerstone of democracy, along with the Bill of Rights. Education here in America belongs to no privileged class, and with our compulsory education laws, it never shall.

The fact that every child attends school until a certain age, as prescribed by law, has brought some criticism to the field of education. It must be remembered that the slow student attends school now as well as the above-average and bright student. It is believed that the less gifted student needs and benefits from school routine, discipline and academic work to no lesser degree than the average and superior child.

Let us be thankful for our compulsory education laws. — Robert L. Meserve.

Band Mothers Make Progress

The Band Mothers Club turned over another \$225.00 toward the band uniforms last week. This money was raised from the sale of tickets on the cedar chest on Sales Day. An additional \$350.00 was donated by Henry Jones, who also gave the same amount last year. Up to date the club, with the help of the band members has paid back \$378.50 of the \$1,700.00 owed to the school district.

Prior to the purchase of the uniforms the amount of \$744.98 was applied from the Mile of Pennys drive and other projects. Altogether, of the original cost of \$2,400.00 for the uniforms, \$1,123.48 has been paid. The band wishes to thank all who are helping with this worthy project.

About 30 friends were present. Following the opening and display of her many lovely and useful gifts by Miss Bailey, assisted by her mother, Mrs. A. W. Bailey and Mrs. Ira Havens, delightful refreshments were served by the hostesses, Mrs. M. C. Halliday and Mrs. Macie Nye.

Mill Work Resumed

The Mead & Howard Planing Mill at Juliaetta resumed full scale operations Friday, following moderation of the temperatures. The molding plant there is also operating full time.

The company's sawmill at Kendrick also resumed work Monday on a limited scale, following dynamiting of the mill pond to remove the thick ice. Full-time operation at Kendrick is expected shortly.

The Juliaetta Sawmill, Inc., is still shut down, due to a frozen pond and log chute. Just when they will resume operations is not known at this time.

Logging Operations At Halt

The snow, rain and sleet have effectively put a stop to logging operations in this area, in so far as trucking goes. However, falling and sawing is still going forward, with operators looking forward to the time when it will "freeze up" to permit trucking operations.

We are told that Saturday afternoon ten big logging trucks (loaded) were parked at Cavendish, awaiting the time when road conditions would permit the descent of the Ahsahka grade.

Larry Helton and Karen Moors were host and hostess at a party Friday evening in the Helton home, honoring Diana Weeks, who is leaving soon with her parents for California. Fourteen guests were present. Dancing and refreshments were the highlights of the evening. Gifts were presented Diana.

Bags Two Bob Cats

Ervin Supple bagged two bob cats on the Supple ranch Tuesday morning, a mother and kitten. The big one was really a whopper, weighing 25 pounds, and the smaller one 15 pounds.

Ervin states that he caught them "chewing on a deer", and thus made "good kitties" of those two, but that there is at least one more large one there.

The Supple ranch, probably better known as the Newt Ausman place, is on Little Bear ridge, about four miles from Kendrick.

SHORT LOCAL ITEMS OF MORE THAN PASSING INTEREST

Lions Enjoy "Ladies Night"

Seventy-three Lions, ladies and guests sat down to a delightful ham dinner served by the V. F. W. Auxiliary in the Firemen's Hall Wednesday evening of last week, with visitors present from Reardon, Wash., and Lewiston. The former being Vern Carsten, District 19-E Lions president. Among the Lewiston visitors was Ingvard Peters, president of the Lions Club there.

Following the dinner Mr. Carsten gave a most interesting talk on "Lionism, and It's Aims As a Public Service Club."

Mr. Carsten's talk was followed by two piano solos by Janice Heimgartner, daughter of Mr. and Mrs. Lawrence Heimgartner.

Then came a mixed quartet composed of Mrs. Dennis Racicot, Mrs. Jud Lee, Eugene Taylor and Nolan Weeks, who sang three numbers, accompanied at the piano by Miss Donna Kanikkeberg.

The evening's entertainment was concluded by two tap dance numbers by Paddy Corkill, daughter of Mr. and Mrs. Wilbur Corkill.

All agreed that it was a most enjoyable evening in every way.

Weather Continues Unreasonable

The weatherman has indeed "given us the works" this past week — and area residents claim he has been most unreasonable about the whole thing, particularly for this season of the year.

Thursday morning of last week saw the mercury continue its steady upward climb, with a few flakes of snow falling now and then, and the sheet of ice continuing to lay on roads.

Thursday afternoon it began to snow and continued throughout much of the day and night, and most of Friday.

However, Friday afternoon, about 4:30 o'clock under the impact of rising temperatures, flakes about the size of half-dollars began falling, and around 4:30 it turned into rain, the steady drizzle continuing throughout most of the night, to turn the seven inches of snow we had into a nightmare of slush and ice.

Saturday the streets were a "sea of slush" with water literally squirting from the snow covering — and this continued through most of Sunday and Sunday night.

Early Monday morning temperatures began to drop and snow to fall, adding about an inch to the estimated two inches left on the ground.

The slushy, icy roads made travel extremely difficult, and quite a number of vehicles slid into ditches or were just "plain stuck" throughout this section. No collisions or major damage was reported, however.

The occasion was Frances' 18th birthday anniversary. She received several very lovely gifts.

Mr. and Mrs. Roy Glenn attended a State Soil Conservation meeting in Coeur d'Alene on Friday.

At a noon luncheon of the group Mr. Glenn gave a report of his trip to Arizona earlier this year, the trip being an award for being chosen as "Idaho's Soil Conservation Man of the Year."

Our Spirit ever has been taught.

SCHOOL NOTES

ment agency of Lewiston spent Nov. 16 with the Seniors, going over the aptitude tests they took in October. Most of the Seniors ranked high in this test, which is designed to help them find the job for which they are most suited.

Thanksgiving Vacation
The local schools will observe Thanksgiving by vacationing Thursday and Friday. Weather permitting, they will return on Monday.

The Juliaetta and Southwick Elementary buildings were comfortably warm during the recent cold spell, but the Junior and Senior High building was uncomfortably cold. The furnace in the High School building ran full-tilt day and night, but was unable to get the temperature above 60 or 65 degrees. It was impossible to heat the gym.

If this building is to be used much longer, in its present condition, a new heating plant will have to be installed. In this day and age it is not right that students should have to wear heavy coats, galoshes and mittens in the school room. They can not be expected to concentrate on their studies under such conditions.

Food Appeal Completed

The All Lutheran Food Appeal in Latah County has just been completed. It is mainly a wheat program in this county, the goal of which was to raise enough money to buy a carload of wheat for overseas relief. The results of the solicitation netted enough money to purchase 1,200 bushels of wheat, which will be shipped to flour mills on the coast and later added to other shipments from the west. This will be distributed among the refugees of some of the many needy countries. The car was dedicated Sunday, Nov. 13, and was on its way the following Tuesday.

The All Lutheran Food Appeal was first projected two years ago as a relief program for the Lutheran church of America. Gifts with a value of some \$650,000.00 were received last year and was distributed to the distressed overseas. There were 13 states taking part in this program last year - and this year 17 - so the results should be much more.

Last year's contributions were made up of 181 cars as follows: 39,732 bushels of wheat; 250,255 bushels of corn; 2,445 bushels of maize; 400 pounds of rice and 8 bales of cotton. Refugees in Austria, Germany, Jordan and Korea received 33,216 bushels of wheat. Escapees to Hong Kong were given 300,000 pounds of flour. Gifts of corn made available 256,000 gallons of syrup and 1,000,000 pounds of cereal for famished peoples of those countries. Needy Arabs in Jordan also received 40,000 pounds of rice.

Money obtained from less than carloads of grain and other gifts made possible the shipment of 10,015,877 pounds of government donated milk, butter, cheese, cottonseed oil and shortening to Korea, Formosa, Hong Kong, Jordan, Germany, Austria and France.

There are some 30,000,000 refugees in the world today, many of whom are in need of extra food, since they are on a very strict low ration. Ten bushels of wheat will feed 500 people with cereal for one day, and the same amount of wheat will furnish bread for 450 people for a week.

The cost of handling this program is held at a minimum, since most of the work is done by volunteer laborers in every one of the communities taking part. State and county chairmen help to set up local committees for the organization.

There are eight congregations in Latah county which participated in this in-gathering: First Lutheran and Our Savior's at Moscow; Grace Lutheran of Potlatch; Zion of Deary; Bethany of Big Bear Ridge; Trio Lutheran; St. John's and Genesee Valley at Genesee.

My Modern All-Electric Laundry

SAVES WORK AND CLOTHES

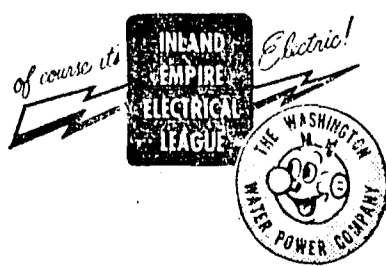

Every seven minutes, someone in the Inland Empire buys an electric laundry appliance. And happy homemakers report they save hours of work every week - and save money on the family clothes budget, too. Clothes washing and drying is easy as the twist of a dial - no matter what the weather. Ironing is cut in half - an electric dryer fluff-drys most things wrinkle-free. Shirts are taken out damp-dry and ready for easy ironing. And modern, gentle electric washers and dryers are kind to clothes.

Because an electric home laundry is fast, towels, linens, and clothes can be washed, dried and back in use within an hour - no need to buy so many or to have extra closet space.

How about you - are you ready for winter with an automatic electric dryer? Now's the time to buy - see your dealer right away for a free demonstration.

Rates For 1956 License Plates
The 1956 license plates will go on sale soon at the office of county assessors, with scheduled fees running from \$7.50 to \$17.50.

The passing of an era, a quarter of a century of depression-inspired and politically influenced \$5.00 fees will be brought to an end this coming month when motorists begin paying higher fees for highway use. The new plates are permitted on cars beginning December 1, and must be in place by January 1, according to the present law.

The fee schedule shows top bracket of \$17.50 for all cars from 1954 to 1956 vintage, with an \$8.75 cost for purchases made after July 1 of next year. Cars that are 1952 or 1953 registrations carry a \$15 fee; cars of 1950 and 1951 have a \$12.50 fee; and cars of 1948 and 1949 will require a \$10 plate fee. Cars of 1947 and older will have a flat \$7.50 fee with no mid-year reduction. Half-year fees of \$7.50 have been scheduled on all cars 1953 and older.
Motorists are asked to bring 1955 registrations with them after December 1 in buying licenses.
Pickups and small trucks will carry fees from \$17.50 up with a graduated scale starting at 6,001 pounds at \$20 and on up to \$55. Logging trucks over 24,000 pounds will be licensed again by the state. — Clearwater Tribune (Orofino).

HELLO, FOLKS:

Well, it seems as if winter is here to stay — and we know that Thanksgiving is with us this week. With Thanksgiving comes travel — and winter travel can be very dangerous, particularly if your car is not prepared.

If the trip points up a lack, just come in to us. We will "winterize" it for you with mud and snow tires, chains, anti-freeze, etc., and you'll be surprised how little it will cost.

There was an earthquake in San Francisco which badly scared the inhabitants. An English couple living there sent their little son to stay with an uncle in another town some distance away for safety's sake.

Two days later the parents received the following telegram: "I

am returning your boy. Send an earthquake!"

Keeping warm this winter? If not, just pick up the phone and call 1251, and say "Fill 'er up with Union Burner Oil," and we'll do the rest. Union Burner Oils furnish a clean-burning heat-giving flame. You'll like them!

As a couple were leaving a hospital room, wife assures patient: "Don't worry about a thing at the office, Mr. Bedford. If Harry's told me once he's told me a thousand times he can handle your job a lot better than you can yourself!"

Let us wash, wax and care for your car this winter. We use those famous Union Lubricants for every grease job. Complete care is a specialty of ours.
