

**PERSONALS AND NEWS BITS ABOUT KENDRICK FRIENDS**

John Keeler, Antioch, Calif., and his sister, Mrs. Joe Landa of Lewiston, were in Kendrick Friday on a combination business and pleasure trip. John and his brother James were called here from California by the death of their mother, Mrs. Millie Keeler, former Cedar ridge resident.

Emulus Brown returned last Friday from Sunnyside, Wash., where he had been visiting in the home of his daughter, Mrs. Milton Snyder and family.

Mr. and Mrs. Al. Medalen and children of Orofino were Sunday visitors in the home of his parents, Mr. and Mrs. Oscar Medalen.

Mr. and Mrs. Marvin Long and her sister, Marian Lowery, drove up the Selway for a picnic, Sunday.

Marcia and Christy Choate spent the week-end with their grandparents, Mr. and Mrs. Cecil Choate at Teakcan.

Cecil Choate and son Vern were Spokane business visitors Tuesday.

Mr. and Mrs. Oral Craig and son Ronald were home from Pierce for the week-end. Both men are employed there by the Dammarell & McKeever Construction Co., and the family has made their home there since June 17.

Mrs. Oral Craig phoned in the news that their son and his wife, Mr. and Mrs. Neal Craig, Baker, Mont., are the proud parents of a baby boy, born July 1, at Baker, Mont. He has been named Steven Dale, and weighed in at 5 pounds, 2½ ounces at birth.

Ricky and Coco Keene of Joseph, Oregon, are here with their grandparents, Mr. and Mrs. E. A. Deobald for a couple of weeks to take the swimming lessons at the pool. They were brought as far as Lewiston by their parents, Mr. and Mrs. Tom Keene, and were met by the Deobalds at the Wade Keene home, where all enjoyed a picnic July 10, honoring Mrs. Wade Keene's birthday anniversary. The get-together was held on the lawn at the Keene home.

Cheryl Westendahl, who had spent the past week at Chatcolet Lake 4-H camp was picked up by her sister, Mrs. Gerald Gustin, Sunday, going with her to St. Maries to spend this week.

Girls returning from the 4-H Camp at Lake Chatcolet Saturday were Sally and Ida Glenn and Sharon Fey.

Miss Gay Deobald arrived here Saturday evening from Vallejo, Calif., to spend her vacation here with her mother, Mrs. Elsie Deobald and other relatives.

Mr. and Mrs. Theodore Deobald and daughters returned from their vacation trip to the coast Saturday, and stopped here enroute to their home at Richland, Wash., to pick up their infant son, Gary, who had stayed with his grandparents.

Mr. and Mrs. Frank Candler and family of Kellogg were week-end guests in the home of Mr. and Mrs. Ben Westendahl, J. D. Candler, who has been visiting here, returned with them to his home in Kingstons.

Mr. and Mrs. Chas. Candler; Mr. and Mrs. Frank Candler and family of Kellogg, and Mr. and Mrs. Gilbert Candler of Orofino were Sunday dinner guests in the Gif. Candler home.

James Moors of Seattle arrived last Wednesday to visit his grandfather, Carl Mattoon. He spent a couple of days this week working in the hay fields at the Lawrence Heimgartner ranch.

Mr. and Mrs. Lester Crocker, Mrs. Jean Johnson and daughters Pat and Debbie, Mrs. Liddle Ameling and Mr. and Mrs. Nora Callison and son Bob picnicked near Bovill, Sunday.

Rev. F. C. Schmidt, accompanied by Mrs. Warren Schmidt, drove to Camp Wooten at Hidden Valley Saturday to bring back the following children, who had spent the past week at the Methodist church school summer camp: Dick Baker, Larry Helton, Dee Magnuson and Pam Schmidt. Bob Magnuson took the group down a week ago.

Miss Frances Dammarell of Moscow spent the week-end here with her parents, Mr. and Mrs. Ed. Dammarell and other relatives.

Mr. and Mrs. H. C. Schupfer and Mr. and Mrs. Geo. Wilken drove to Wallowa Lake, Oregon, Sunday, enjoying a picnic there.

Mr. and Mrs. Charles Easterbrook and son Chad returned from Marysville, Wash., a week ago, after spending some time visiting his step-father and mother, Mr. and Mrs. Arthur Looke, and his brothers Gene and Jack. Also in the home of Mr. and Mrs. Julius Caesar and family.

The three children of Mr. and Mrs. Hugh McDowell, who live near Avery, came last week to visit their grandmother, Mrs. E. E. McDowell, and incidentally take advantage of the swimming lessons.

Mr. and Mrs. L. A. Wallace are spending this week at the Dalles, Ore., visiting with their son-in-law and daughter, Mr. and Mrs. Hill and family.

Mr. and Mrs. Carl Stanton from Michigan arrived here last Wednesday and are visiting his brother-in-law and sister, Mr. and Mrs. Fred Stedman and other relatives and friends. Mr. Stanton grew to young manhood here and attended the Kendrick school, so will be remembered by many. They brought their trailer house with them, and are parked next to the Kendrick Garage.

**STONY POINT NEWS**

July 16 — On July 8th some of Mrs. Newt. Heath's brothers and sisters visited her. Guests in their home were Mr. and Mrs. C. C. Belknap of Farmington, Wn.; Mrs. Merle Payner and two children, Mr. and Mrs. Jack Belknap and children, Irene Belknap and Mr. and Mrs. Eldon Kittrell, all of Eureka, Wash. Mr. and Mrs. Kenneth Rugg, Peggy Toffi of Troy, and Mrs. Inez Ingraham and children were also guests that Sunday. Evening callers were Byard Parks, John Hechtner and Mr. and Mrs. Norman Lee and family.

Mr. and Mrs. Marion Stevens and family picnicked and fished at Round Meadow July 8th.

Lee Heath went to Tacoma, Wash., Friday, to act as an usher at the wedding Sunday of his friend, Johnny Hechtner.

Mr. and Mrs. Floyd Heimgartner and family picnicked at Joseph, Ore., July 8th.

Mr. and Mrs. Clifford Powell were Sunday, July 8th, guests in the Glen Stevens home.

Pat Kerby, son of Mr. and Mrs. Darrel Kerby, left Sunday to attend 4-H Summer camp.

Mrs. Glen McKay and Mrs. Russell Dotson and sons Dale and Danny of Rogue River, Ore., were Friday evening and Saturday guests of Mr. and Mrs. Ernest Steigers. They went on to Weippe, which was their former home, and where they will visit with old friends.

Billy and Johnny Steigers stayed with their grandparents, Mr. and Mrs. Ernest Steigers Saturday night and Sunday while their parents, the Billy and Keith Steigers families, were on a fishing trip.

On July 8th Mr. and Mrs. Ernest Steigers attended a Steigers family reunion and picnic at Beachview park in Clarkston.

Dick Daniels is visiting his uncle since his dismissal from the St. Joseph's Hospital after an over-night stay, following a tractor accident last week. A gash on his cheek required several stitches. His other injuries, luckily, were only skin burns and bruises.

Allen and Harold, sons of Mr. and Mrs. Wayne Heimgartner, spent the first three days of July with Mr. and Mrs. Bill Harri in Clarkston. On the 4th their parents and Darrel and Von ZumHofe accompanied them to see the fireworks at Adams Field.

Mr. and Mrs. Wayne Heimgartner and family, Virgil and Fern Stevens, Linda Hoisington, Karen Kerby and Mr. and Mrs. Glen Stevens and family were among those attending the Sunday School picnic on the spacious lawn of Mr. and Mrs. Dick Butler, near Gifford, Sunday.

Children of Mr. and Mrs. Wayne Heimgartner and Mr. and Mrs. Walter ZumHofe are among those taking the swimming lessons at the Kendrick Memorial Pool.

Mrs. Marion Stevens is taking a car load of children to the Senior Bible Camp at Newman Lake this Tuesday. Crystal and Virgil Stevens and Michael Maund will be among those attending the Senior Camp this year.

Mr. and Mrs. George Stedman and family attended a Reubens Community picnic at Spalding park Sunday, honoring Mr. and Mrs. Charles Brackett, an uncle and aunt of Mrs. Stedman, on their 25th wedding anniversary.

A basket social given by the Myrtle Rattlers 4-H Club was held Friday evening at the Darrel Kerby home, on their lawn.

Regional and other forest workers also received praise: Art Lynn, Western Pine Assn.; Carl Deward and Les Mallory of Potlatch Forests, Inc.

The dedication was also attended by some 40 members of the Idaho Land Board, who were on their way for a trip into the Buehis Cabin and North Fork area.

Following three vocal selections by Marigay and Beverly Nelson of Orofino, and the Benediction by the Rev. F. C. Schmidt of the Kendrick Community Church, lunch was served to 354 by the ladies of the Kendrick Grange — compliments of Potlatch Forests, Inc.

The menu consisted entirely of Idaho products, with the exception of the basic ingredients of the coffee and punch.

The menu was: Potlatch Baked Beans; Idaho Baked Ham; Idaho Potato Salad; Hot Rolls from the Kendrick Bakery; Golden Grain Butter; Idaho Boysenberry or Apple Pie; and Kendrick Grange Brewed Coffee and Kendrick Grange Compounded Punch.

Those not present at the ceremony to get their name plaque and sign may pick them up at the Red Cross Pharmacy, Kendrick.

Mr. and Mrs. Harry Wallace in Moscow.

Mr. and Mrs. Bob Nelson took their children, Patty and Todd, to the 4-H camp on the 11th of July, going after them on the 14th.

**SHORT LOCAL ITEMS OF MORE THAN PASSING INTEREST**

**Pony Leaguers Win And Lose**  
On Thursday, July 12, the Kendrick-Juliaetta Pony League baseball team traveled to Kamiah for a game, where they went down to defeat by a score of 14-10. One bad inning, when Kamiah scored 7 runs on only one base hit, made the difference.

Batteries for the game were: Kendrick-Juliaetta: Parks and Armitage; Kamiah, Lyons and Emmett.

Monday, July 16, the local boys entertained the Orofino team at Armitage Field, with the outcome much more favorable for the locals, who came out on the long end of a 12-2 score. Reggie Wegner was the leading hitter of this game with 2 hits in 4 trips to the plate.

Batteries for the game were: Kendrick-Juliaetta, Parks and Andrews; Orofino, Corder and Braun.

Short score: Kendrick-Juliaetta, 12 runs, 6 hits, 2 errors. Orofino, 2 runs, 3 hits, 4 errors.

The next home game, and the last of the season, will be against Kamiah on July 30.

**About Next Week's Paper**  
Our next issue, dated July 26, will be our Annual Twenty Year Ago Edition — in order that we may have a brief vacation — and this is our only way of getting it.

Almost all the news will be "Twenty Years Young." Advertisements and legal notices will of course be current.

Not only does this week give us a brief respite — but also our hard-working and faithful correspondents. It is our sincere hope that you and your friends will enjoy this "Ancient History" issue. We have so many calls each year for this annual paper that extras are being printed.

The Gazette office will be open as usual for receipt of news, subscriptions, ads., etc., but no job work will be done. It may, however, be left at the office.

**Former Ridge Residents Visit**  
Capt. Nellie Kate Williams of Texas, and her sister, Mrs. Sally Collins, Cobalt, Idaho, visited in the home of Mr. and Mrs. Frankie Bencotter July 4th. Both women will be remembered as the "Anderson Girls," having lived on American ridge quite a number of years ago.

Capt. Williams of the WACS is on her way to Japan, leaving soon from San Francisco.

That evening Mr. and Mrs. E. A. Deobald, Mr. and Mrs. Clif. Davidson, Rilla Davidson, Mr. and Mrs. Andy Cox, Mr. and Mrs. Walter Bencotter and daughter Judy and Mr. and Mrs. Harry Bencotter called to visit with their old friends.

**Berries Donated**  
Three crates of strawberries, yielding 39 quarts of processed berries for the freezer, were donated to the School Lunch program by Mr. and Mrs. Adolph Forest. Pickers included Mrs. Wm. Johnson, Mrs. Gerald Ingle, Mrs. Adolph Forest and Mrs. E. M. White.

Processors from Kendrick were Mrs. Elmo Eldridge, Mrs. Wm. Cuddy, Mrs. Henry Jones, Mrs. Ed. Nelson,

Jeanette Eldridge and Tommy Cuddy. From Juliaetta: Mrs. Ralph Scherer and Mrs. M. C. Halliday.

**Village Pumpage High**  
In answer to many questions on how the new pumping equipment and the Kendrick Village well is standing the strain of the hot days, E. M. White gives us the following figures: Says Bill: "The hottest days show a pumpage of from 54,000 to 98,000 gallons in 24 hours. This, of course is not the true total of consumption, for it does not include the springs."

However, true consumption is hard to put in exact figures, for there is no meter on the amount of water used at the swimming pool, on the Village park, and by some other small users.

However, to date, both well and pump are proving highly satisfactory.

**Kendrick Has Glads Too**  
It seems we rather overlooked some flower gardens in our own back yard last week. We mentioned H. F. Thompson and his glad garden, citing an early bloom.

Since then we have learned that Mrs. Burton Souders, Sr., has had glads blooming for the past two weeks. She has a wide selection of many choice varieties, and keeps a large bouquet in the confectionery all the time. Her flower garden is a show place from early spring to late fall.

**Attending Workshops**  
Mr. and Mrs. Lester Nelson are attending summer school Workshops at the University of Idaho. Mrs. Nelson is taking a course in "Reading Methods," while Lester is enrolled in the "Camera Workshop."

Also enrolled in the "Reading" Course are Mrs. Winnie Mann, former Juliaetta teacher, and Mrs. Agnes White (formerly of Deary).

**Kill Rattler In Town**  
Monday E. M. White killed a rattlesnake with two rattles and a button in the flower garden at the Floyd Millard home in the west part of town. The snake was seen by L. A. Wallace and little John Bogar, but lacking "weapons" they notified Bill, who dispatched it.

To the best of our knowledge it has been years since a rattler was killed in town.

**Weather Turns Torrid**  
Last week's high of 93 degrees was beaten here Tuesday, when the mercury climbed to a high of 95 degrees — and as we go to press Wednesday (11:00 a. m.) all indications are that it will exceed the high of Tuesday.

Haying operations are said to be past their peak, but there is still a great deal to be put up.

**Wrong Cactus Owner**  
In last week's issue we credited the unusual blooming Christmas cactus to Mrs. Adolph Forest — it should have been Mrs. Gabriel Forest. Our apologies.

**Sisters Visit Here**  
Mrs. Edna Holmes of San Diego, Calif., and Mrs. Opal Segal also of San Diego are here visiting with their sister, Mrs. Lettie Israel. They visited in Seattle enroute.

Your Handy Helpful Hardware Man suggests: **HOW TO CAULK AROUND A CHIMNEY**

Homeowners know the kind of damage a leaky roof causes. By proper care, especially around the chimney, this troublesome condition can be eliminated. When caulking around a chimney use screen wire as reinforcement under the caulking. This will prevent caulking from pulling away from bricks to cause a leak. Screen wire is tacked directly to chimney and to roof and caulking compound is applied over it. Compound should be forced into the mesh of the screen. Hardware cloth may be used in place of screen wire.

**Boy Scout Court Of Honor**  
A Boy Scout Court of Honor was held Tuesday evening, July 10, in the Firemen's Hall, Kendrick.  
After a pot-luck supper the Court of Honor opened with Joe Forest as

M-C. The group sang "America," followed by an invocation by Rev. F. C. Schmidt, and a candle-lighting ceremony. Gerald Halseth then presented Second Class awards to Edward Jones, Roger Nelson, Jack Sherman,

Dick Reynolds and Dick Ostman. Ben F. Cook was in charge of presenting the Eagle Rank Awards, and spoke briefly on some of the things expected of an Eagle Scout. David Johnson and Randy Wallace were presented Eagle Badges, and in turn the boys were privileged to give miniature pins. David presenting one to his mother, Mrs. Wm. Johnson, and Randy to his grandmother, Mrs. Lester Wallace.

The session closed with the group singing of "God Bless America," accompanied by Mrs. Bob Magnuson. This was the second Court of Honor ever to be held in Kendrick, and the community should be proud to have five boys who have achieved Eagle rank. They are: Lee Jones, George Jones, Richard Nelson, Randy Wallace and David Johnson.

**Cleverness Pays**  
A minister and his wife were discussing two men who were in the news.

"Yes," said the minister, "I knew them both as boys. One was a clever, handsome fellow; the other a steady, hard worker. The clever lad was left behind in the race, but the hard worker — well, he died and left \$200,000 to his widow. It's a great moral."

"Yes," replied his wife, with a smile, "It is. I heard this morning that the clever one is going to marry the widow."

## Keep Livestock Cool in Summer

### Shelters Should Be Adaptable to Needs

It will pay farmers to build livestock shelters with an eye to low-cost construction, better operating efficiency, and—especially in the South—keeping animals cooler in the summer, says a research engineer of the U. S. Department of Agriculture.

Harry L. Garver, farm-buildings specialist, advises farmers to think of new livestock shelters and other service structures as tools—designed to do a job at hand, flexible enough to be easily adapted to changes in farm operations, and

Livestock shelters should be designed to keep animals at high productivity during hot weather.

low enough in cost to be torn down and be replaced by more suitable buildings, if that becomes desirable.

Besides providing greater efficiency at low cost, livestock shelters of the future will be designed especially to help animals maintain high productivity during hot weather, Garver believes. Citing research that shows the value of cool shelters, he sees a trend in farm-building design toward insuring optimum summer comfort, with less emphasis on keeping mature animals warm in winter. Very young livestock and poultry must continue to have proper protection against cold.

Garver points out that dairy cows can stand fairly cold weather

but are quick to react to the heat. Milk flow in Jerseys declines little until temperatures get down to about 25 degrees F. Most well-fed Holsteins produce well at temperatures as low as 5 degrees F.

## Mishandling Livestock Costly to Everyone

Every year more than 70 million pounds of meat worth 50 million dollars are lost by mishandling livestock during marketing.

B. C. Breidenstein, University of Illinois meat specialist, says both producer and packer share these terrific losses. The packer must trim off bruised parts and discard them as waste. It's only natural that he will allow for these losses in the price he pays.

These bruises may be caused by various things, but the majority are due to improper use of canes, whips and clubs. Livestock handlers also cause bad bruises by kicking and prodding the animals.

In cattle about half the losses are due to overcrowded trucks and railroad cars where animals are continually bumping, crowding and rushing one another.

Since most of the injuries occur when animals are hauled, there are several things truckers can do to reduce losses.

Breidenstein urges livestock handlers to trade the clubs and canes for an electric prod. Truckers can also reduce losses by keeping their trucks well-bedded with sawdust, straw, sand or similar material.

### Tighten Joints

Lag screws can be used to draw up the joints between stiles and rails of paneled doors when they separate as a result of warpage. This can often be done without removing the door. After lag screw is in place, cover the head with wood putty or hardwood plug and finish to match the rest of the door.

## STATE GRANGE JOINS BLOCKADERS OF POWER

It is traditional for the leaders of the Washington State Grange, meeting in annual convention, to pass many resolutions on a great number of subjects. It is also traditional for the State Grange leaders to promote the growth of the public power movement, especially in regard to the distribution of electricity to rural areas through the public utility districts and cooperatives.

This year, however, some of the Grange leaders have led their state organization much farther afield by joining the blockaders of power development. Their resolutions at their Walla Walla convention specifically objected to the construction of private power dams on the middle Snake river.

The Grangers now are asking for the revocation of the federal power commission license granted last August to the Idaho Power company to build three dams in the Hells canyon reach of that river. Work has already started on the first of these. When all are completed, they will, according to the FPC, "add 783,400 kilowatts of installed capacity initially to the area."

Presumably, the Grange leaders prefer to kill off these privately financed projects and deprive the area of needed electric power, since there is no assurance that congress will ever authorize a high federal Hells Canyon dam, let alone appropriate the funds for such a power dam.

The blockading tactics of the Grange leaders are also evident in their resolution demanding that the FPC deny a license to the Pacific Northwest Power company, which seeks to build, with private finance, the Pleasant Valley and Mountain Sheep projects, also on the middle Snake river, below Hells canyon. These two dams, when completed, will provide an initial capacity of 1,183,000 kilowatts of new power.

The possibility of federal authorization and construction of a large power dam in the Pleasant valley section of the Snake river is even more remote than the building of a high federal dam in Hells canyon.

Yet the Grange leaders in this state have refused to face reality in their current power program; they have aligned their organization with the handful of misled zealots who want no new big dam projects if they can't get the federal government to build them with federal funds.

The reactionary, short-sighted policy of the Grange leaders would deprive the Northwest of more than 1,966,000 kilowatts of new electric energy from the five Snake river dams that would produce millions in new tax revenue at little or no public expense. And how much is 1,966,000 kilowatts? That's more than is normally produced at Grand Coulee dam when operating at full capacity. That's what the Northwest would lose if the Grange blockaders had their way.—Reprinted from The Spokesman-Review, June 16, 1956, as a public service by The Washington Water Power Company.

Little Sharon Fifield spent Tuesday with Kathy Farrington.

Mr. and Mrs. Elmer Snoen and daughter Sharon, Jackie and Estil Richardson, Mr. and Mrs. Wallace Clark and the Lloyd Knight family enjoyed a picnic July 4th at Spalding park.

Ben Adams of Salt Lake City, his son-in-law and daughter, Mr. and Mrs. E. Elgart of Athabasca, Canada, and son and wife, Mr. and Mrs. Lyle Adams and son Ronald of Edmonton, Canada, spent their vacation time visiting here with Mrs. Anita Brandt, a sister, and Mr. and Mrs. Eben Adams (a brother) in Moscow. They all left Saturday for Long Beach, Calif., to visit other relatives.

Mrs. Nettie Stone went to Bovill Sunday to attend the wedding of her granddaughter, Betty Jo Stone, to B. Jerry Smith of Lewiston. They will make their home in Lewiston.

Mr. and Mrs. Aug. Brammer and daughter Mildred of Cameron were July 4th guests of Mr. and Mrs. Henry Brammer.

**25 cents of every dollar Standard takes in goes to meet your future oil needs**

Our search for oil has led to drilling offshore wells like this one (in the Gulf of Mexico) costing nearly 6 times more than land wells.

BUILDING "ISLANDS" IN THE SEA from which to probe the ocean floor is one good example of how we must search farther afield to find the oil America uses in such quantity. And as new sources of oil become harder to find, locating it and bringing petroleum products to you grows more costly.

Last year, a quarter of every dollar Standard took in was plowed back into oil exploration, development of producing fields, research and construction of facilities. All told, during 1955 we invested \$347 million to help meet your growing oil needs.

Petroleum progress means... each of us will need 1007 gallons of oil yearly by 1956

1956 817 gallons per capita  
1965 1007 gallons per capita

## HELLO, FOLKS:

"It won't be long now", said the monkey when his tail got caught in a lawn mower — and the same applies to the beginning of harvest — "it won't be long now!" For that time can be counted in days — not weeks. Are you ready? Are the tires on your car, pickup, truck, combine, etc., ready for the harvest days? Are your diesel fuel and gasoline tanks full? Do you have plenty of oil and lubricants of all kinds on hand?

If not, phone us at 1251 and we'll supply your needs with those famous U. S. Royal Tires; Union Fuels, Gasoline and Lubricants — including that famous Royal Triton Motor Oil!

A small boy, after his first train ride, was telling his pal about his new ambition — to be a railway

## conductor.

"But," asked his friend, "wouldn't you rather be an engineer and run the train?"  
"No, siree," came the reply. "The conductor gets all the comic books that kids leave on the train!"

Busy? We'll bet you are. So just bring your car in to us for a wash job, wax job, grease job and oil change — we'll do a first class bit of work — and you'll be surprised at how little it costs.

We know a man who has a car so old that this year he wrote the State Motor Vehicle Department requesting upper and lower plates — instead of front and rear ones.  
Moral: Use Union Products!

Always travel "Union".

Afternoon callers included Miss Gay Deobald of Vallejo, Calif.; Mrs. Elsie Deobald, Mr. and Mrs. Frank Benscoter, Sherry and Judy Benscoter; Harold Freeman and Mr. and Mrs. Don Lombardi and son of Lewiston; and Elmer Stitzlein.

Last Wednesday evening Mr. and Mrs. E. J. Platt were dinner guests of Mr. and Mrs. John Platt, honoring the latter's 56th wedding anniversary. Mrs. John A. Platt and daughter Penny and son Scotty of Pierce drove down in the evening to congratulate the Platts. The children remained with their grandparents, to take swimming lessons.

Mr. and Mrs. E. J. Platt and Mr. and Mrs. John A. Platt joined a family picnic at Spalding park Sunday — there being 31 present. The occasion honored Mr. and Mrs. John Platt's 56th wedding anniversary.

## Catches Baby Coons

Monday morning while descending the Sperry grade to Kendrick and his office, Dr. D. A. Christensen saw two baby coons along the road. He stopped and after just a bit of a scramble succeeded in capturing both of them — picking them up by the tail!

They are cute indeed!

## 4-H Club Will Meet

The Good Doers 4-H Club will meet on Wednesday, July 25, with Sharon Fey. All members are urged to be present.
