Craft Day Held
About 40 women from the Southwick, Leland, Stony Point and Cameron Home Demonstration Clubs met at the Cameron Hall Tuesday for lessons on Swedish Weaving, Sweater Beading, Tray Painting and Basket Weaving.
Mrs. Bernadine Tudder, county extension leader from Lewiston, assisted by Mrs. Bates and Mrs. Tracy of Lenore, presented the lessons on the different crafts. Everyone showed a lot of enthusiasm and felt it was a day well spent.
Each lady brought a sack lunch and in the afternoon the Cameron ladies served coffee and cookies.

Sponsoring TV Show

Brocke & Sons, Seedsmen, are trying something new in this area in the way of advertising — the sponsorship of a 15-minute TV show.
The first of these shows will appear on Thursday, March 7th, at 7:30 p. m. on KLEW TV, Channel 3, and are scheduled for every other Thursday following.
The show entitled "Your County Agent" exemplifies the program of the University of Idaho Extension Service and should acquaint more people with their county agent and the services the Extension Service offers.
The Service itself does not endorse the products of Brocke & Sons — but offers real help to every farmer and home maker.

PAIGE CRAIG IS BRIDE OF RAYMOND LOCKETT TUESDAY

Miss Paige Craig, daughter of Mr. and Mrs. Roy Craig, Kendrick, and Raymond Lockett, Lewiston, son of Mrs. Clarence Thornton, Kendrick, exchanged wedding vows at an impressive double-ring ceremony on Tuesday, February 26, at 2:00 p. m., in Coeur d'Alene, Idaho, with the Rev. Victoria Canbury officiating.
The bride was lovely in a light turquoise blue suit with white accessories. Her orchid corsage was carried on a white Bible. For something old she carried a white lace handkerchief belonging to her late grandmother, Mrs. Stewart Heffel. Her earrings were a gift from the groom.
She wore the traditional blue garter and a penny in her slipper for good luck.

Miss Kaye Weyen, cousin of the bride, was her attendant. She wore a black and white suit with matching accessories. Her corsage was of pink carnations.
The groom wore the conventional business suit of light blue gray. His attendant was a close friend, Gary Gertje. Both wore carnation boutonnieres.

The wedding dinner was held at Templin's Cafe in Coeur d'Alene.
Present for the wedding were Mr. and Mrs. Roy Craig, parents of the bride; Mrs. Clarence Thornton, mother of the groom; Miss Kaye Weyen and Gary Gertje.
The newlyweds left immediately on a short honeymoon, and are now at home to their friends in the Lewiston Orchards.

Temple Project Going Good
The results of the "face lifting" job now in progress at the Temple, are beginning to show. The transformation which has taken place almost overnight shows what can happen when folks work together.
Believe it or not — the dingy lodge rooms and antiquated kitchen are no more!

A beautiful hard wood floor has been laid in the big main room. The tedious job of sanding and finishing is now in progress. We understand there is an aftermath of stiff and sore muscles as a result of laying the floor, since many were unaccustomed to so much time "on their prayer bones!"
Following is the group who worked this past week to see the job done — while others managed alter- nate days: Joe Forest, Monty Munn, Darwin Tarry, Gerald Halseth, Norla Callison, Neal Vaughn, Claud Jones, Clay King, Edgar Clary, Clem Lyons, Warney May, Jr., Tom Long, R. L. Blewett, Harl Whittinger, Ray Howard, Cecil Choate, Howard Hoffman, Manning Onstott, Eugene Taylor, Charles Taylor. Many of these also helped with work in the banquet room.
The little kitchen, so long an "eyesore," is being streamlined with built-ins, a large serving window, lazy susan, garbage disposal unit, double sink and lots of counter space! The committee responsible for the plans are Mrs. Wayne Davis, Mrs. W. H. Weyen, Mrs. Roy Glenn, Bob Draper and Joe Forest. Those working on the built-ins have been Joe Forest, Bob Draper, E. V. Weeks and Frankie Benscoter.
Manning Onstott, Howard Hoffman, R. L. Blewett and Bill Johnson worked Monday evening painting in the ante-room, hallway and on the banquet room walls.
Working in the banquet room and kitchen have been E. V. Weeks, Joe Forest, Bob Draper, Herman Johnson, Wayne Davis, Frankie Benscoter, Ed Long, Dick Blewett, Harl Whittinger, Walt Sparber, Marvin Vincent, Art Foster and Manning Onstott.
Mrs. Weyen served rolls and coffee Monday afternoon to the workers as a "coffee break" and a casserole dinner was served Tuesday at noon.
Everyone attending the V. F. W. and Auxiliary pie social and card party had a most enjoyable evening, which helped to expand the Temple Improvement fund by \$180.50. The thanks of all concerned go to these organizations.

Kindergarten To Start
The annual Kindergarten, sponsored by the P.-T. A., with Mrs. Ben P. Cook as teacher, will begin on Monday, March 18th, at the Fire Hall. Only children who enter school this fall will be admitted.
Plans for transportation will be the same as last year. The children will be picked up by the school buses each morning, with parents calling for them at 11:30. For any further information you may call Mrs. Cook.

The hope of tomorrow is in the hands of the nation's school teachers — today.

TIGERS SCUTTLE WEIPPE TOURNAMENT HOPES BY WIN

Lewiston (Wed., Feb. 27) — Lyle Parks scored more than half of Kendrick's points as the Tigers eliminated Weippe 48-45.
The lead changed hands several times in the fast first quarter which ended with Kendrick leading 18-14. Parks hit three straight baskets to put Kendrick ahead.
The pace slowed in the second quarter with tight man-to-man checking making shots infrequent. Both teams worked the ball methodically, waiting for the easy shots. Weippe scored 7 points and held Kendrick to 4 in this frame. Kendrick went off the floor at the half-time, holding a slim 22-21 lead.
Kendrick made the first two baskets in the third period and held a 4 to 5 point lead throughout the frame. The Tigers led by eight points early in the fourth quarter.
Baskets by Gale Mutum and Milo Teed cut the lead to 44-40 with two minutes to play. Kendrick used 55 seconds on a stall, and Parks sank three free throws in the final minute to assure victory.
Kendrick shot only 50 times, making 18 baskets for 36 percent. Weippe made 16 of 56 attempts for 29 percent.
Kendrick scoring: Magnuson 8; Eldridge 0; Cuddy 0; Meske 0; Parks 26; Clemenhagen 7; Wegner 2; Andrews 4; Weber 0.
Weippe: M. Teed 16; Mutum 4; Hutchins 8; Johnson 2; Laws 2; Jared 6; P. Teed 7.
The score by quarters: First, 18-14; Kendrick; half, 22-21; Kendrick; third, 33-27; Kendrick; final, 48-45; Kendrick.

Tigers Topple Nezperce
A cool, collected pack of Kendrick Tigers kept its tournament hopes alive Thursday evening, sending the favored Nezperce Indians to the sidelines by a 51-39 tally.
Kendrick came from behind to stop the cold-shooting Indians. Trailing 11-8 after the first quarter, the Tigers canned eight straight points in the late stages of the second quarter to go ahead 18-17. A Nezperce free throw with 10 seconds remaining in the half knotted the count at 18-18 at intermission.
Nezperce moved to a 27-22 lead with five minutes gone in the third quarter, but couldn't hold the advantage. Kendrick sank three goals and two charity tosses in the next three minutes while the Indians gained only a field goal, and Kendrick led 30-29 at the end of the stanza.
Kendrick found the range with consistency in the fourth to increase its lead. In the fatal fourth Nezperce managed only 10 points while Kendrick made 21. Robin Magnuson led Tiger scoring with 19 points.
Sherm Stapleton collected 17 points to lead the Indian scoring column.
The Indians used their superior height to dominate the backboards but couldn't put this advantage to good use. Throughout the game Nezperce would take four successive rebounds and send the ball toward the basket — but the shots usually missed their mark.
Once Kendrick gained the score advantage the Tigers went into a stall. They dribbled and passed around the back court without taking a shot, even if a man was clear. Nezperce, in coming out for the ball, often fouled, giving the Tigers a chance to build the count. Kendrick waited until a sure close-in shot from under the basket or along the baseline before firing.
Nezperce played a full court press in the last half, but couldn't stop Kendrick.
Both teams had trouble hitting the basket early in the game. Kendrick, however, caught fire in the second half and the Indians grew colder. Kendrick hit 29 percent for the game (15 out of 52) compared with Nezperce's 19 percent (12 out of 64).
Kendrick scoring: Magnuson 19; Eldridge 6; Meske 2; Parks 6; Clemenhagen 11; Wegner 7; Andrews 0. Total 51.
Nezperce scoring: A. Fuchs 11; Harris 7; Stapleton 17; Heston 0; Giles 4; Total 39; Marker 0; D. Fuchs 0. Total 39.
The score by quarters: First, 11-8; Nezperce; half, 18-11; third, 30-29; Kendrick; final, 51-39; Kendrick.

Tigers Bow To Bulldogs
Lewiston — Louie Hall tipped the basketball to Gary Nebelsiek who drove in for a basket to give Genesee a 54-52 victory over Kendrick in a second overtime period Friday evening at the Lewis-Clark Normal School gymnasium.
In the fight for a finalist position in the Second District tournament and a trip to Pocatello for the state Class B meet, Kendrick's Tigers and Genesee's Bulldogs were tied at 50-50 at the end of the fourth quarter and 52-52 at the end of the first overtime.
Genesee's Bulldogs led the Kendrick Tigers for the better part of three quarters but had to come from behind to tie the game at the end of regulation play.
Just 20 seconds remained in the fourth quarter when Hall's basket made it 50-50. Kendrick got off one shot before the horn sounded but it missed.
Lyle Parks sank a long set shot to put Kendrick ahead 52-50 in the first minute of the three-minute first overtime. Nebelsiek responded with two free throws for Genesee. That was all the scoring in the first extra period. In what could have been the deciding point, Parks missed a free throw.
Genesee's Bill Broemmeling fouled

but during the first overtime. Kendrick lost Robin Magnuson on five fouls near the end of the fourth quarter.
The Bulldogs took the all-important tip-off of the sudden death second overtime. After two Bulldog shots missed, a jump ball was called in Genesee territory. Hall tipped to Nebelsiek for the winning basket.
Kendrick's Bruce Clemenhagen led scoring with 23 points. His hooks and jump shots were good for eight baskets and he made 7 out of 8 free throws. Nebelsiek scored 18 points and Danny Danielson 17 for Genesee.
Nebelsiek drew the assignment of guarding Parks, Kendrick's high scorer in the previous action. He held Parks to one basket in the first half, but the Kendrick center totaled 14 for the game.
Matching Kendrick's smooth ball handling with careful checking and a speedy attack, Genesee gained a 7-point lead midway in the first quarter. Kendrick challenged as Clemenhagen found the range, but the Bulldogs never lost the lead until the fourth quarter.
Kendrick tied the score four times in the third period, which ended in a 36-all deadlock. Parks sank three baskets early in the fourth to put Kendrick ahead 44-40. Genesee struck back, going ahead 46-44. The score was tied at 46 and 48. With 40 seconds to play Monty Andrews sank two gift tosses for Kendrick. Genesee moved down the floor fast, feeding Hall under the basket for the tying two-pointer.
Kendrick made 19 baskets to Genesee's 17, but lost the game at the charity stripe. The Tigers made half their free throws, 14 of 28, while Genesee made 20 of 30 for 67 percent. Kendrick hit 47 percent of its field goals to Genesee's 35 percent.
Kendrick scoring: Magnuson 5; Eldridge 5; Parks 14; Clemenhagen 23; Wegner 3; Andrews 2.
Genesee scoring: Moser 6; Broemmeling 3; Hall 8; Rice 2; Nebelsiek 18; Danielson 17.
The score by quarters: First, 11-7; Genesee; half, 23-19; Genesee; third, 36-41; final, 50-41; first overtime, 52-41; final, 54-52; Genesee.

Tourney Sidelights
Most of the after-game chatter at the LCNS gymnasium has been about Kendrick's "amazing sophomores." Kendrick has five sophomores on its squad and all five started against Nezperce. The quintet, which should make Kendrick a potent threat in Idaho Class B circles for the next two years, is composed of Lyle Parks, Bruce Clemenhagen, Robin Magnuson, Reggie Wegner and Leonard Eldridge.
Another sophomore whose play has drawn considerable attention is Lyle Roy Brocke of Troy. — Lewiston Tribune.

Season Figures
The following compilation will undoubtedly be of interest to the basketball fans of this area:
The Kendrick A squad played 25 games this season. Of these they won 15 and lost ten. Eight games were in tournament play, and of these they won six and lost two.
The Kendrick B Squad played 19 games, winning 17 and losing two. This gives the athletic program a total of 44 games played — 32 wins and 12 losses.
Below are listed the season's play records of individual players:
Lyle Parks attempted 374 field goals and made 133, for a percentage of 37. He attempted 173 free throws and made 37, for a percentage of 51. He total 363 points in games.
Bruce Clemenhagen attempted 337 field goals and made 127, for a total of 35 percent. He tried 123 free throws and made 77, for a percentage of 62. He amassed 331 points.
Leonard Eldridge attempted 92 field goals and made 24, for a percentage of 26. From the free throw stripe he made 75 attempts and hit 35, for a 46 percent total. He totaled 83 points during the season.
Robin Magnuson attempted 190 field goals and made 72 for a 38 percent. At the free throw line he tried 103 times and made 60 for a percentage of 58. He amassed 204 points in play.
Reggie Wegner made 88 field goal tries and hit 20, for a total of 22 percent. From the foul stripe he tried 54 times and hit 27 for a percentage of 50. His season's total was 67 points.
Richard Weber attempted 59 field goals and hit 11, for a total of 19 percent. At the charity stripe he tried 27 times and hit 8 for a total of 29 percent. His season's total was 30 points.
Paul Dagefoerde attempted 44 field goals and made 11, for a total of 23 percent. At the foul line he tried 20 times and hit 9, for 45 percent. His season's total in play was 29 points.
Monty Andrews made 92 field goal attempts. He hit 21 for a total of 23 percent. From the foul line he tried 37 times and hit 18 for a total of 48 percent. He amassed 60 points during season's play.
Ted Meske made 32 field goal attempts and hit 15, for a percentage of 47. From the charity stripe he tried 14 times and hit 8, for a percentage of 57. His total season's points number 38.
In percentages Meske leads the field goal column with 47; Clemenhagen leads the foul toss with 62.

Prud Of The Team
In covering the tournaments sports writers have "hung" several names on the Tigers, such as "Kendrick's amazing sophomores."

Fact Finding Committee Meets
The Fact Finding Committee of the Joint District No. 283 P.-T. A. met Tuesday evening at the Kendrick High School, with 30 interested citizens and school patrons present.
Mr. Richardson, architect, Lewiston, met with the group and presented some preliminary figures on the cost of remodeling and additions to the present school buildings.
The group felt, however, that more familiarity with all buildings in the district would be necessary before a real discussion could be held, so Gordon Peters, chairman, scheduled another meet at the Juliaetta schoolhouse for Thursday, March 7 at 7:30 p. m., and urged every resident interested to attend.
Still another meeting will be held at the Southwick schoolhouse next Tuesday evening, March 12, 7:30 p. m. Be sure you attend. Get the facts!

WHAT JULIAETTA FRIENDS ARE DOING THESE DAYS
Juliaetta School Notes
Did you know . . . ? That the National Education Association will observe its Centennial anniversary on April 4, with special programs all over the United States — including Joint District No. 283.
The Conservation Posters of Bobette Smith and Linda Swan were chosen to represent the Fourth grade in the Latah County Poster contest.
Marlene Taylor's and Linda Fey's posters were chosen from the third grade; Janice Galloway and Carolyn Siffow's were chosen to represent the First grade, and Gary Siffow's and Rose Grossclove's were chosen from the second grade.
The posters of John Deweber and Jerry Waddington were selected as best from the sixth grade and Carolyn Davis and Paloma Peters from the fifth grade.
The winners in each grade division were presented ribbons by Mrs. Roy Glenn, who collected the posters and took them to Moscow for the final county-wide judging.
The fifth and sixth grade pupils are selling magazine subscriptions.

Mill Resumes Operation
The Juliaetta Mill resumed operations last Friday, after a shut-down of some months, occasioned by severe weather and annual rebuilding work. All are glad to again hear the whine of saws and chatter of machinery.

Spring's Not Here
After several days of fine spring-like weather, we again have cold and damp — discouraging those who were planning an early garden.

Most everyone on this ridge attended one or all of the basketball games in Lewiston last week.

Mr. and Mrs. Walter Benschoter attended the blooded cattle sale in Lewiston on Thursday.

Mr. and Mrs. Nora Callison were Lewiston visitors Friday. On their way home they were supper guests of Mr. and Mrs. Dick Blewett.

Mr. and Mrs. Bob Nelson were Friday visitors of Mr. and Mrs. R. J. Nelson at Lenville.

Freddie Foster was a Friday overnight guest of Todd Nelson.

Mr. and Mrs. Bob Nelson were in Moscow on business Monday.

Mr. and Mrs. Arlie Armitage and son of Southwick were week-end guests of her parents, Mr. and Mrs. Walter Benschoter. Mr. and Mrs. Frank Hoisington and Neal Hoisington were also Sunday guests. Mr. and Mrs. Dick McCall and family of Lewiston were Saturday guests.

Mr. and Mrs. Bob Smith and Mike were Tuesday morning callers in the Harley Eichner home.

Bob Nelson spent the week-end at Lake Pend Oreille, fishing.

Mr. and Mrs. Bob Nelson and family were Friday evening visitors of Mr. and Mrs. Nora Callison.

Mr. and Mrs. Ernest Brammer and daughter Jolene of Southwick were Wednesday afternoon callers in the Geo. Havens home.

Rayner Havens is ill with the flu this week.

Enjoys Vacation Trip

Mrs. Johanna Nelson, in speaking of her recent vacation trip, says in part:

"My trip seems like a pleasant dream. We drove over 5,000 miles without a flat tire, enjoying good roads and wonderful sight-seeing. The tour was made with Mr. and Mrs. DeMoln Gilchrist of Colfax; Miss Dollie Smith of Moscow and Mrs. Anna Edinger of Portland, Ore. The women are sisters.

"We spent several days at Phoenix and Tucson, Ariz., with temperatures of 87 to 89 degrees. The rest of the time was just spent in sight-seeing. Saw the marvelous Carlsbad Caverns in New Mexico; stayed at El Paso, Texas; went into Juarez, Old Mexico; saw Death Valley, Calif.; Boulder Dam; Las Vegas, Nev.; etc., they home by way of California.

"At California we stopped at Disneyland; Old Mission; San Juan Capistrano; Los Angeles; Hollywood; San Jose; Long Beach; San Francisco and home."

World Day Of Prayer

World Day of Prayer, which is a world-wide observance, will be recognized here in the Community Church at 1:30 p. m. Friday.

The W. S. C. S. is in charge of the program and extends an open invitation to any who are interested.

There will be nursery care provided — to don't let your baby keep you at home.

PERSONALS AND NEWS BITS ABOUT KENDRICK FRIENDS

Jordan Kanikkeberg, Genesee, was a Sunday guest in the home of his brother-in-law and sister, Mr. and Mrs. Jud Lee.

Mrs. Ida McAllister left Sunday for her home at Dishman, Wash. She accompanied her nephew, A2/c George Jones, who was on his way to Geiger Field after having spent a month's furlough with his mother, Mrs. Henry Jones. Mrs. McAllister had spent the past month here at the home of her niece, Mrs. Henry Jones and family.

Mrs. McAllister was a Saturday overnight guest in the home of Mr. and Mrs. Arthur Foster.

Among those attending the Community Concert at Pullman Sunday were Mrs. H. C. Schupfer, Mrs. Bud Eichner, Mrs. Ben P. Cook, Mrs. Howard Hoffman, Mrs. Rollin Albright, Mr. and Mrs. John Johanson and Dr. and Mrs. G. W. McKeever.

Mr. and Mrs. Laurence Hites and daughter of Moscow were Sunday guests of Mr. and Mrs. Wm. Rogers.

Mr. and Mrs. Manning Onatott attended a surprise party Friday evening in the home of Mr. and Mrs. James Rabdeau at Moscow, honoring Mr. and Mrs. Bill Patterson. Hosts were the S. C. S. group.

Sunday dinner guests of Mr. and Mrs. Oral Craig were Mr. and Mrs. Arnold Wallace and son Danny of Richland, Wn., Mark and Zeb Roberson of Lewiston Orchards; Jim Roberson of Richland; Mr. and Mrs. Billy Weyen and daughters and Mr. and Mrs. Lloyd Craig and daughter Jeanne.

Mr. and Mrs. Lloyd Craig and Mr. and Mrs. Oral Craig were Lewiston visitors Tuesday, calling on Mr. and Mrs. Oney Walker and son Neal. They also visited with Marcella Craig, who has just begun her studies to become a practical nurse. She has been employed the past two years as Nurses Aid at the St. Joseph's hospital.

Mr. and Mrs. Arnold Wallace and son, Danny of Ephrata, Wash., arrived here Saturday to spend several days visiting her parents, Mr. and Mrs. Oral Craig, and with Mr. and Mrs. Billy Weyen and daughters.

Mr. and Mrs. John Johanson were called to Spokane last Wednesday by the sudden illness of their son-in-law, Don Lehman. Mr. Lehman, whose home is in Portland, was in Spokane on business when he was stricken by a heart attack. He was taken to the Deaconess hospital where he will be confined for three weeks before they can take him home. His wife flew in from Portland and is remaining with him. The Johansons returned home on Friday evening.

Mr. and Mrs. Bennie B. Cook of Pullman were week-end guests here of their parents, Mr. and Mrs. Ben P. Cook and Mr. and Mrs. Walter Crawford, Leland. Benny has accepted a position with KRLC and will be on the air each Saturday and Sunday, from early morning until 2:00 in the afternoon.

Mrs. Barbara Choate has accepted a position at the St. Joseph's hospital, Lewiston, as a switchboard operator. She is driving back and forth for the present, but plans to move to Lewiston in the near future. Mrs. Howard Hoffman is caring for her children. Jerry Brown has taken her place as operator at the local phone office.

Mr. and Mrs. Bob McCall of Spokane spent the week-end here with his parents, Mr. and Mrs. W. McCall.

Mr. and Mrs. A. O. Kanikkeberg returned home Sunday evening from a ten-day vacation trip that took them as far south as San Francisco. They were accompanied by her sister and brother-in-law from Seattle. The Kanikkebergs report the driving and traveling conditions as "rough," due to storms which forced detours.

Mrs. Lottie Tweedy of Clarkston is here visiting this week with Mrs. Laura Emmett.

Mr. and Mrs. Walter McCall were Sunday visitors in the home of Mr. and Mrs. Walter C. McCall at Lewiston.

Mr. and Mrs. Dick McCall and children of Lewiston were Saturday dinner guests in the home of his parents, Mr. and Mrs. Walter McCall.

Mr. and Mrs. Ervin Swenson were in Spokane Friday, where she received special medical treatment.

Mr. and Mrs. A. R. Swenson of Lewiston were Sunday dinner guests of Mr. and Mrs. Ervin Swenson.

Bob Magnuson and Coach Racicot took the Kendrick basketball team to Lewiston Monday evening to see the final playoff of the tourney.

Mr. and Mrs. E. W. Magnuson of Opportunity, Wn., were week-end guests in the home of their son and family, Mr. and Mrs. Bob Magnuson.

Mrs. Ernest Freytag returned on Tuesday after a four-day visit in the home of her sister, Mrs. Clark Cole. Mrs. Henry Schlichtmann, Seattle, also visited them over the week-end.

Mr. and Mrs. Ernest Freytag were Thursday dinner guests of Mr. and Mrs. Chas. Candler.

Nat Head of Spokane, a cousin of Harvey Head, has been a house guest in the Head home the past week. Mr. Head is an old-time resident, having lived here at the time of the big fire which wiped out most of the town (1905). He attended school here in the old school house — which means before 1912, as the present building was built that year.

Mr. and Mrs. Harvey Head and daughter Wilma, accompanied by their house guest, Nat Head, drove to Pomeroy Sunday.

March Lion Shows His Claws

Following some of the most beautiful spring weather that anyone could wish last Thursday, Friday and Saturday, with the temperature here in the valley reaching a high of 62 degrees Friday — the "March tendencies" came to the front, with a chill wind and intermittent rain beginning Sunday afternoon, and it is still with us.

On top of the hills snow has fallen, with a covering about an inch and a half deep reported on Cedar ridge. Other ridges have also reported snow and stormy conditions.

The brief warm spell brought out snow drops and crocus here in the valley, and lilac buds were beginning to swell, and lawns to turn really green.

However, further "greening up" will have to await warmer temperatures.

MORE ABOUT TOURNAMENT

five iron men," etc., but the residents of this school district are just "plain proud" of the team, its coach, Dennis Racicot, and the wonderful showing they have made throughout the entire season — not just in tournament play.

Somebody has to lose in every contest, and to lose gracefully is akin to winning!

Again we say, we're all proud of our boys and their coach!

Jack Webster, coach of the Kendrick B squad, and the boys making up that team are also due for a large measure of praise, their record of 19 games played — 17 wins and but 2 losses speaks for itself.

Pinochle Party Success

The pinochle party and pie social sponsored by the local V. F. W. and Auxiliary last Thursday evening was a real success — with 16 tables being in play.

Thirty-two pies were auctioned off by Roy Glenn, for a return of \$177.60, which amount was turned over to the committee in charge of renovating the Fraternal Temple, where the sponsoring organizations meet.

High scores were won by Mrs. Ronald Jones and Weyen Weyen; lows by Mrs. Herman Schupfer and Robert Draper. The "goose" went home with Caroline Scherer.

The V. F. W. and Auxiliary thank everyone for their wonderful support of this project.

A gift of \$3.00 toward the project on Monday brought the total to \$180.60.

We hear a lot about cheap money these days, but it's never so cheap that it isn't dear.

Mrs. Jessie Gertje Dies

Grangeville — Mrs. Jessie P. Gertje of Nezperce, who 60 years ago was elected mayor of Kendrick, but declined to serve, died Sunday evening at 11:50 at Grangeville General hospital. Death was attributed to the infirmities of age.

She had been a resident of the Kendrick and Nezperce areas since 1892 and was the widow of George Gertje, who had farmed 12 miles north of Nezperce.

Mrs. Gertje was born June 12, 1872, at Lombardy, Ontario, Canada. She moved with her family to Saginaw, Mich., in 1881, and west to Wyoming in 1890. She moved a year later to Palouse and in 1892 to Kendrick, where she was employed six years by the late Mrs. A. Normoyle.

She married Dec. 25, 1898, at Kendrick, and she and her husband settled on the latter's family homestead in the Russell area. Mrs. Gertje was a member of the Episcopal church.

On the occasion of her election as Kendrick's mayor in 1897, she received many congratulatory messages from many mayors in this nation and abroad. She had served on school boards of the area and is credited with having a part in increasing the length of school terms from six to nine months.

Survivors include a daughter, Mrs. Sophia Thompson of Nezperce; two sons, Fred of Orofino and Henry of Nezperce, two grandchildren and three great-grandchildren.

Funeral services were held Wednesday afternoon at 2:00 at the Nezperce Lutheran church, with burial in Gilbert cemetery.

Fresh fish — Salmon, Halibut and Oysters at Blewett's Market, Kendrick. Arrives Thursday.

Has His Garden In

Marvin Long, who somehow manages to find time to do a bit of farming along with store work and flower-raising, tells us that he spaded and planted his early spring garden as of

Thursday, February 28th — and that the soil turned up perfectly.

It used to always be a race between Marvin and Henry Brammer at Juliaetta — but this year Marvin was the winner beyond a doubt.

1957 Sports Show Scheduled
Bigger and better than ever — those are the words to describe the 1957 Sports Show, scheduled for March 19 through 24 at the Spokane Coliseum.

"Indications are the 1957 Sports extravaganza to be sponsored by the Spokesman-Review Charities, Inc., will be the best in the show's history," Tom O'Loughlin, managing director, said this week. "Everything will be done to make the six-day show

the most spectacular and interesting of its kind ever seen in the Inland Empire."

Headlining the entertainment program that is a top-notch feature of the show will be the Lennon Sisters, youthful singing sensations of the Lawrence Welk television program — in their first appearance of its kind. The young charmers are regulars on Welk's Saturday night shows.

Other headliners will be Henri Lamothe, who dives from a 40-foot plat-

form into 3 feet of water; Takeo Usui, Japanese aerialist who does a standing slide on a cable stretched from the floor of the Coliseum up to the roof, and Gaynor & Ross, roller skating duo who have appeared before British royalty with their thrilling act.

The big stage show will offer something of interest for every member of the family. Carl Bradford, Jr., will put his three collie dogs through their paces and show how a trained dog can herd sheep or other animals into pens on command. The Shooting Mansfields (father, mother and daughter) will entertain with a demonstration of marksmanship with real pistols and rifles, and Tuffy Truesdale will wrestle a live alligator —

in and out of water. Another internationally known act, the Yokoi Troupe of five Japanese cyclists, are on the bill.

Shows are set for 4:00 and 9:00 p. m. daily on all six days of the Sport Show. Doors will open at 1:00 p. m. and close at 11:00 p. m. Tuesday through Saturday, and from 1:00 p. m. to 9:00 p. m. on Sunday.

Net proceeds of the show will be turned over to the three major religious faiths of Spokane for charitable work.

Tickets will go on sale Feb. 25 at the Desert Hotel in Spokane.

Report Covers Principal Hazards Of Winter Driving

CHICAGO — What's the lowdown on traction and stopping ability on snow and ice? Should motorists in snow-ice affected states throw away their tire chains and rely on snow tires? What are the reliable techniques for driving safely through the more dangerous winter months ahead?

These questions — and others which each winter cause public confusion due to conflicting claims, misinformation or just plain wishful thinking — are answered in a new research report by the National Safety Council. Entitled "Quit Your Skiddin'," the report is based on actual tests and studies by the Council's Committee on Winter Driving Hazards — a group of 32 experts embracing all fields of traffic and automotive safety. Their chief objective is to reduce the higher-than-average death and accident rates which prevail during the winter months. Their second objective is to reduce the numerous traffic tieups and costly delays due to slippery surfaces and impaired visibility. Professors Ralph A. Moyer, University of California, and A. H. Easton, University of Wisconsin, are co-chairmen of the Committee.

- Their findings include the following recommendations:
1. Winterize your car and your driving techniques.
 2. Have good tires; use tire chains.
 3. Keep windshield and windows clear.
 4. Adjust your speed to road and weather conditions.
 5. Follow at a safe distance — well back of the vehicle ahead.
 6. Pump your brakes when stopping.

Two States Have Most Oldsters

NEW YORK — Iowa and New Hampshire have the highest proportion of elders in their population. In both states, 11 per cent of the total population — about one person in nine — is 65 or older.

New Mexico and Arizona have the lowest proportion in the 65 or older bracket—New Mexico with 5.3 per cent, and Arizona with 5.8 per cent.

The proportion of 65 or older for the United States as a whole, is 8.6 per cent, or about one in twelve of the entire population. In 1900 only 4.1 per cent of all Americans were in this age group.

The proportion of older people has been increasing for more than a century, slowly at first and more rapidly in recent decades.

In numbers, those at age 65 and over increased from 3,100,000 in 1900 to 14,128,000 in 1955.

Science Doesn't Know All About Myopia

CHICAGO—There are some questions about myopia, or nearsightedness, which scientists are still unable to answer with certainty. But this visual error has been broken down into three broad varieties — the "ordinary" type, the "progressive" type, and the type which begins with middle age.

Ordinary nearsightedness attacks eyes that are otherwise normal, most often appearing in youngsters who are fond of reading, when they are between the ages of eight and 16. It's apt to advance during the growth period and to stabilize when adulthood is reached.

Progressive myopia always strikes sickly children, regardless of whether or not they like to read. It advances quickly and reaches a very high degree. Fortunately few people suffer from it, for it is accompanied by destructive processes and may lead to blindness.

Successful Business Often Gets Careless

LOS ANGELES—If your business is too successful, watch out!

This is the warning of Dr. Harold D. Koontz, a faculty member of the Graduate School of Business Administration at UCLA.

From his observations and service on boards of directors in five industries, Dr. Koontz has developed a theory of business competition which he calls the "theory of the aggressor."

In general, the theory's thesis is that: "Whenever any business becomes too stable, or comfortable, or profitable—there is always an aggressive so-and-so who will pop up to take advantage of the situation—either for his own or his company's benefit."

Color for Everywhere

NEW YORK—Modern homemakers are discovering that the work areas of the home need not be dim, dark or grim. Kitchens, for example, can be just as bright and cheerful as any other part of the home thanks to durable but colorful materials like ceramic tile, available in about 200 different shades and an infinite variety of shapes, sizes and textures.

Fluorine Among Most Dramatic Of All Elements

NEW YORK—The chemical that keeps your home refrigerator cold, that gives a new protection in toothpaste, that makes those aerosols fizz, in each instance derives from one of the most dramatic of all the elements—fluorine. Most of us first heard the use of fluorine compounds in water fluoridation. Less widely known are developments in the great new field of fluorocarbon chemistry. It was a fluorocarbon cryptically dubbed "Joe's Stuff" by atom bomb scientists, that made possible the separation of U-235. Other important uses of fluorocarbons have come only in the last few years. Among these are the fluorocarbon plastics now creating news on the industrial scene.

The drama of fluorine was built right into it when the world was made. The most reactive of all earth's elements, it makes water burst into flame and eats through glass and asbestos. Under proper conditions it combines with almost all substances. Its compounds range from among the most inert to those of greatest chemical reactivity. Precisely because of its extreme reactivity it can form unusually stable compounds. In its elemental state it is a gas somewhat yellower than chlorine. Below -129° C. it condenses to a liquid. The odor of the gas is so penetrating that it can be detected in concentrations of only a few parts per million.

Milk Doesn't Make Slim Girls Fat

LARAMIE, Wyo.—Girls afraid to drink milk because they think it is fattening don't have a scientific leg to stand on, says the extension nutritionist at the University of Wyoming.

Miss Mary McAuley cites a recent test at Iowa State College to back up her claim. This study shows that girls with the trimmest figures drank much more milk than their plumper schoolmates.

In the study of 297 teenage girls, the number of obese girls who drank little milk was almost twice the number of overweight girls who drank a quart or more daily.

Other survey results show that, after age 12, one girl in five was overweight. Yet only 16 per cent of the overweight girls came from the group who drank large amounts of milk.

Many of these obese girls felt milk was fattening and most had poor diets. Nearly all who drank plenty of milk had diets rated excellent in every respect.

Study Estimates Age of Universe

WASHINGTON, D.C.—The earth is approximately 3,500,000,000 years old.

The whole system of several billion stars constituting the Milky Way galaxy—only one of millions in known creation—may be a billion years older.

The greatest age that can be assigned to the universe itself, in its present form and content, is approximately 6,000,000,000 years.

Such are the conclusions, from a variety of criteria, of Dr. E. J. Opik, of Armagh Observatory, Northern Ireland, published in the Annual Report of the Smithsonian Institution recently issued.

In reaching his conclusions Dr. Opik combines implications of such factors as the amount of decay of such naturally radioactive elements as uranium and thorium, the rate at which the great star galaxies are receding from one another, and calculations of the average density of matter in space.

Easy Steak Is Goal Of Irradiation Study

LOS ANGELES — One of these days a GI or a camper may pull a cellophane-wrapped steak from his knapsack and broil it over his campfire for a meal far tastier than the usual can of stew.

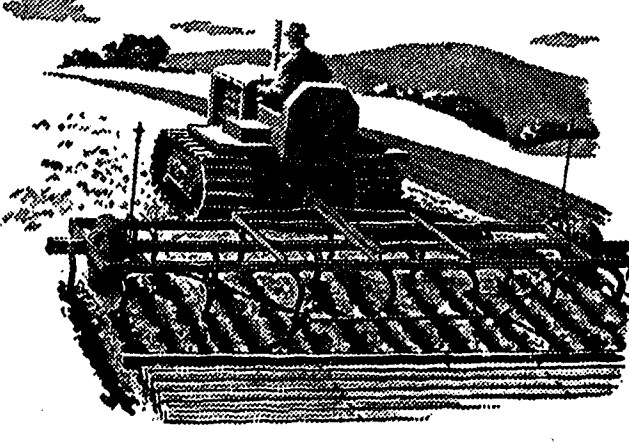

This is the hope of food irradiation research now being carried out by the Army at the University of California Medical School here.

The long range objective of such research is to determine the feasibility of tomic sterilization of food—particularly meat. Such cellophane-wrapped, sterilized food could be stored indefinitely at room temperatures and transported without use of bulky refrigeration equipment.

Keep Youngsters Amused

CINCINNATI — A good way to keep youngsters who must stay abed amused is to give him the materials to make a scrapbook of magazine cut-outs. Put into a small box a pair of blunt scissors, a fold-up tube of paste which he can use without messiness and some crayons. Give him a looseleaf book and some magazines and he will not mind having to stay in bed.

Study of Germs Aimed at Better Disease Controls

NEW BRUNSWICK—An entirely new means of controlling disease may be the outcome of studies being made at the Rutgers Institute of Microbiology on what makes bad germs grow and good ones die.

This approach is made possible because Dr. Werner Braun, professor of bacteriology at the Institute, has been able to produce in test tubes the same kind of changes in germ populations that occur in infected animals.

Heretofore, when disease-causing bacteria were cultivated under laboratory conditions, population changes occurred which supplanted the original bacteria with those of completely changed characteristics.

Dr. Braun and his associates found that under the influence of a breakdown product of bacteria and also in the presence of a chemical substance called kinetin, bacterial populations will change from non-disease producing or avirulent strains to predominantly disease-producing or virulent types.

With this information, he has started on a long-range search for substances which can offset this disease-producing phenomenon and keep the good germs good.

The search is supported by two research grants from government agencies. The National Science Foundation awarded Dr. Braun \$25,900 and the United States Public Health Service has allocated an additional \$34,342 to assist the work for the next three years.

New Brain Stroke Cause Reported

SEATTLE—A new type of paralyzing brain stroke has been discovered by two Los Angeles doctors.

Dr. Elliot Corday and Dr. Sanford Rothenberg of the Cedars of Lebanon Hospital and University of California Medical School said their discovery has solved a 2,400 year-old medical puzzle.

The new type of stroke is a result of the brain not receiving sufficient blood to function properly because of a narrowing of cerebral arteries and a drop in blood pressures, the doctors said. There are at least 12 causes of this cerebral vascular insufficiency, they added, ranging from loss of blood pressure because of heart irregularities to severe hemorrhages anywhere in the body.

Four other types of strokes are recognized by physicians, they pointed out: 1. brain hemorrhages; 2. blood clot on the brain; 3. blood clot, which has traveled from the heart to the brain; and 4. cerebral artery spasm. In all these cases paralysis usually results from damage to the brain.

Model of Fastest Sub Undergoing Tests

UNIVERSITY PARK—A model of the world's fastest submarine, the USS Albacore, is being tested in the Garfield Thomas Water Tunnel at the Pennsylvania State University.

Dr. George F. Wislicenus, director of the Tunnel, explains that results of the tests are expected to provide information needed to conduct tests in the Tunnel on other large models. The Tunnel is a testing facility for the Ordnance Research Laboratory here.

The \$20,000,000 Albacore was designed for speed under water, whereas earlier submarines were built with more emphasis on surface speed. She has a fish-shaped body and a blimp-like tail and is driven by a single five-bladed propeller rather than the conventional twin screws.

Egypt Has Known War For Many Centuries

WASHINGTON—A crossroad of continents, Egypt has known the sound of war for centuries.

Again embroiled in battle, the land of the Pharaohs ties Asia and Africa together at the southeast end of the Mediterranean Sea.

An almost square country, Egypt's surveyor-straight borders abut Israel to the northeast, Libya to the west, and Sudan to the south. The Mediterranean and Red Seas form the northern and eastern boundaries.

Most of the country's 386,100 square miles are almost unpopulated desert, baking by day and cold at night. Aside from scattered oases and Bedouin camps, Egypt's population of more than 20,000,000 is crowded into the Nile Valley and Delta and the Suez Canal zone.

Jordan Is Small Nation
WASHINGTON—The Kingdom of Jordan is about the size of the State of Indiana. It faces Israel on the west along a 350-mile border that is the longest of any shared by Arabs and Israelis. On the northeast, east, and south, the bulk of Jordan territory merges with the vast sand and rock expanses of Syria, Iraq and Saudi Arabia.

Good Memory
Two Ohio boys got lost driving through Tennessee. Along the deserted road trudged a native of whom they asked, "Which way to Chattanooga?"

The man stared at them and then asked, "Where you boys from?" "Ohio," came the reply.

"I thought so," he said. "Wal, you found it in 1863. Let's see you find it again!"

So much more time for baby... with a modern

ELECTRIC CLOTHES DRYER

Sweet and cuddly, tiny tots grow up all too fast, and every young mother wants precious time to care for and enjoy her new baby. We have found this the most important reason for the popularity of electric clothes dryers among the young couples in the Inland Empire. Yes, it's true. Ask almost any new mother what appliance she most wants and it is ten-to-one she will say, "an electric dryer."

This wonderfully modern appliance eliminates the hardest, most tiring job in home-making - hanging out the laundry. It cuts ironing time in half. Saves clothes. Saves worry. Saves room for more living space in the home, but best of all it saves mother the time she needs to give her baby the love and care it must have.

SO... perhaps now is the time for you to visit your hometown Inland Empire Electrical League member-dealer store and choose your new automatic electric dryer.

Campaign Is Successful

More than 12 months and 126,888 man-hours ago, the Washington Water Power Company's Palouse division personnel started out on an effort to eliminate disabling injuries on the job.

The campaign was successful, and this week "Vic" Casebolt, division manager, is able to display a special certificate of recognition for safety achievement in division offices at Fullman, Moscow, Colfax and Tekoa.

"The more than 60 people in the company's Palouse division who made this record possible knew from the start that through a little extra concentration on safety, the pain and inconvenience of lost-time accidents could be avoided," Casebolt said.

"We were able to give better service to our customers, too, as the result of never being short-handed due to an injury to any of our personnel. Many of our people are often engaged in potentially dangerous work in all kinds of weather. But none of these circumstances led to accidents because our men put safety at the top of their list of responsibilities to themselves and to the public," he stated.

Scout Council Charter Review

Each year the Lewis-Clark Council must renew its charter with the National Council of the Boy Scouts of America just like any Scouting unit.

On Tuesday, March 12, there will be held the official Charter Review, conducted by Roger Bales, deputy regional executive for the Portland office of Region XI. Invitations to attend this review are extended to all members of the executive board, all district committee members, district and neighborhood commissioners and all institutional representatives. If unit committeemen and leaders wish to attend they are welcome.

The meeting will be held at the Lewis-Clark Hotel in Lewiston with some committee meetings beginning at 5:30. The Review will start with a dinner at 6:30.

This is the time to find out about the Council Camporee, Air Encampment, Camp Grizzly Summer Camp, Junior Leaders training for Patrol Leaders, the Cub Scout Field Day and the Cubmobile Derby.

Blood Bank Eight Years Old

February marked the eighth anniversary of the opening of the Boise Region Blood Center. From the small beginning in February of 1949, the blood program has grown to include 31 Red Cross chapters in Idaho and eastern Oregon, servicing 40 hospitals. During the eight years the center has collected and processed a total of 162,028 pints of blood—103,865 pints for civilian use and 58,163 pints for the defense department during the Korean War.

The benefit of the blood service rendered the people of our many communities by the Red Cross is immeasurable.

This is, of course, just one of the many phases of the American Red Cross, whose financial drive is soon to open. So give, and give generously.

CARD OF THANKS

Our sincere thanks to all those who remembered our father, Claud Craig, in his last illness, with cards, flowers, memorial gifts and blood donations. These thoughtful acts of kindness are appreciated more than we can say.—The Children of Claud Craig. 1-x

Proposed Gag Shows PUDs Fear Popular Vote

The eagerness with which the public power politicians of Washington are fearful over their grasp of political power has been well illustrated in two bills they have introduced in the legislature.

Three of their chief spokesmen at Olympia—Representative Goldmark of Okanogan, Representative Savage of Shelton and Representative Eva Anderson of Chelan—have, in effect, requested the state to tie the hands and gag the mouths of the people who would dare to support the private power point of view in any election contest in which the public utility district organizations are involved.

The basic PUD laws of this state are already so tightly drawn as practically to prohibit a fair and clear-cut choice by the people on the question of public power versus private power, such as the one held in Stevens county more than a year ago.

That election, in which the PUD was badly defeated and was authorized by the voters to sell its facilities, to the private power company, was not a normal election contest provided by law. But it did provide a fair test of popular sentiment in that county on that one issue. And because the power company and its friends presented their case to the voters in an effective manner, the public power politicians now want to curb—by state law—any sort of local political activity that might jeopardize the entrenched power of the PUD organizations elsewhere.

Fortunately, Governor Rosellini has already repudiated the purpose of the bills (H. B. 542 and H. B. 543) introduced by the PUD representatives. If his word is generally accepted in Olympia, these measures will be shelved. If they are not shelved, they ought to be fought to the end.

This attempt to restrict the normal voting rights of the people most intimately affected by PUD policies is indicative of the punitive desires of some of the leaders in the public power movement in this state. They want all the advantages of citizenship for themselves and their PUDs. At the same time they would deprive the private power firms and their customers and supporters of the right to exercise their privileges, even though such privileges are now closely restricted by law.

The Goldmark-Savage-Anderson bills, even though they may never get serious attention by the other lawmakers in Olympia, have exposed to public view how dangerous are the aims of the PUD politicians and how fearful they themselves are over losing some of the grip they have over the people and the areas they now command.

Published Weekly by the Union Oil Service at Kendrick
W. L. "Bill" Rogers, Editor

HELLO, FOLKS:

How good care are you taking of your car, pickup or truck? Have your drained out that old, thin, winter-worn oil? Have you had it greased, serviced and made ready for spring operation? If not, bring it in to us. Let us fill the crankcase with that wonderful Royal Triton — grease it from end to end with Union Lubricants — and then you'll know you're set — safe and ready to drive. Come in today.

Hubby (anxiously): But if we buy a new car now, how are we ever going to pay for it?
Wife: "Now, Tom, don't let's talk about two things at once. Let's talk about the car."

Going to need new tires this spring? If so, come in and let us figure with you. You'll be surprised

at how cheaply you can drive in safety!

The school principal prepared to give the little children an intelligence test.

"Now children, close your eyes." The inspector made a noise like a dog panting. "Now children, open your eyes and tell me what I was doing."

"Kissing teacher," came the reply from a boy in the back row.

Don't be fooled by warmed weather — you still can't do without heat. So pick up your phone and call 1251 for those Union Stove and Burner Oils.

Doctor, my wife has just dislocated her jaw. If you're out this way within the next week or so, you might drop in.
