Good Crowd At Sunrise Service

Despite rather chilly weather and the threat of rain, somewhere between 120 and 125 attended the annual Sunrise Easter Service of the Kendrick Community Church, held this year in the Kendrick park.

The service was followed by the traditional Easter breakfast, served by the men of the church, in the Kendrick Fire hall.

There were a number of out-of-town visitors — most of whom attend this service and breakfast annually.

Move To Deary

Mr. and Mrs. Fred Zimmerman have moved to Deary, where they purchased a ranch some weeks ago. They have been quite busy doing work on the house and outbuildings, getting them ready for occupancy.

CLEAN-UP WEEK SCHEDULED

A "Clean-up Week" for Kendrick has been scheduled by the Kendrick Village "Fathers" — it will begin on Monday, April 29, and run through Saturday, May 4.

As in previous Clean-up Weeks the local residents are urged to clean-up their premises, place the refuse in suitable containers and set them at the edge of alleys or along the curbing — and the village truck will pick them up and haul them away — free.

Especially do the Trustees urge the owners of vacant lots — along Main Street as well as throughout the residential district — to take fullest advantage of this offer!

Said Frank Abrams, mayor: Kendrick is a pretty town, with a pretty park. It won't cost much or take much time to have it clean and neat! Come on Kendrick — let's go!!!!

MR. AND MRS. T. J. ARMITAGE OBSERVE GOLDEN WEDDING

Mr. and Mrs. Tom J. Armitage, Southwick pioneers, observed their Golden Wedding anniversary at the family home in Southwick on April 7, with 175 relatives and friends attending an open house arranged for them by their children.

Mr. and Mrs. Armitage were married April 9, 1907, at Burlington, Colorado. They came to Southwick in 1913, purchasing a farm, and where they have made their home since that time, engaging in farming and cattle raising.

Their seven living children: Jay Armitage, Milford Armitage, Ross Armitage, Arlie Armitage, Rollin Armitage, Elbert Armitage and Mrs. Carl Mustoe, with their families, for a total of 19 grandchildren and four great-grandchildren, all were present for the reception.

Mrs. Ross Armitage of Kendrick presided at the guest book. Mrs. Carl Mustoe of Page, Idaho, assisted her parents with the reception. The Misses Sherry Armitage and Carol Mustoe, granddaughters, received and displayed the many gifts received by the couple. Mrs. Arlie Armitage, Mrs. Elbert Armitage and Mrs. Jack Armitage were in charge of refreshments. Mrs. Rollin Armitage made the three-tiered beautifully decorated wedding cake which centered the refreshment table.

Those attending from a distance included Mr. and Mrs. Doyle Hayward of Tacoma; Mr. and Mrs. Carl Mustoe of Page, Idaho, and Mrs. C. J. Perry and daughter Bea of Cove, Oregon.

Lions Entertain Ladies

The Kendrick Community Lions Club entertained their ladies at dinner last Wednesday evening in the Kendrick Fire Hall.

Following dinner a 4-H-Trio, consisting of Sally and Ida Glenn and Dee Magnuson, accompanied by Mrs. Claude Jones, sang two numbers.

Dana Magnuson played a piano solo and Jane and Janet Westendahl, twin daughters of Mr. and Mrs. Ben Westendahl, sang a duet.

Sally Glenn sang as a special solo number "Easter Parade," accompanied by Mrs. Claude Jones.

The Kendrick High School Boys' Chorus, under the direction of Elmer Stitzlein, instructor, who sang with the boys, presented two numbers, Gary Abbott accompanying one on the electric guitar — the other the group sang a cappella. Members of this chorus are Leonard Eldridge, Gary Abbott, Neal Grinolds, Darrel Brocke, Dave Johnson and Charles Cuddy.

The musical portion of the program was followed by guest speaker Tom Reed of the American Petroleum Institute, who told and demonstrated products made from petroleum — and to say that listeners were truly amazed, is putting it mildly.

WHAT JULIAETTA FRIENDS ARE DOING THESE DAYS

Juliaetta School Notes

The children of the first grade enjoyed an Easter party Friday afternoon. Following games the children enjoyed treats of candy bars and foil-wrapped Easter egg candy, the latter being sent by Mrs. Shepherd.

Gail Andrews enrolled in the fifth grade last week, having previously attended school in Clarkston.

Christy Vestal enrolled in the fourth grade Tuesday, and her brother Ricky in the second — they having moved here from Genesee.

One day last week John Bogar of the second grade brought his finger puppet to school and put on a little show for us.

On Friday Mrs. Wayne Thornton, room mother, assisted by Mrs. Everett Farrington, gave an Easter party for the second grade children, serving much-enjoyed refreshments of decorated cup cakes, ice cream, a candy Easter egg and orangeade.

The first and second graders will not go to the track meet this year (to be held May 10th). Instead the children, and teachers, will each carry his or her own lunch and spend the day doing some of the things they have wanted to do — but had no time for thus far. They plan to remain on the school grounds for the entire day.

Baptismal Services Sunday

Baptismal services were held Sunday in connection with the Easter services in the Juliaetta Methodist Church for: Thomas Weber, infant son of Mr. and Mrs. Roy Weber; Kathy Gruell, year-old daughter of Mr. and Mrs. Kenneth Gruell; Teresa Baker, infant daughter of Mr. and Mrs. Virgil Baker; Leslie and Darrel Marvin, children of Mr. and Mrs. Leland Marvin; Cathy and Mary Cook, daughters of Mr. and Mrs. Asa Cook, all of Juliaetta.

Taken into membership in the church were Mr. and Mrs. Gary Eggers, and Cathy and Mary Cook, all of Juliaetta.

Churches Packed

Many local residents and visitors attended the Easter Services here, and the local churches were crowded. Family dinners were the order of the day following the worship of God.

General Items

Rev. Earl Gaskill and daughters Dolores and Karen attended revival services at the Community Church in Southwick Tuesday evening.

Mrs. Joe Wing was a Lewiston visitor on Thursday.

Slide Near Brammer Ranch

Saturday evening a big slide came down onto the highway near the Werner Brammer ranch between Kendrick and Juliaetta. Some emergency work was done by the local highway crew, Ed. Brown and Jim Candler, so that vehicles might get by, and on Monday a state crew equipped with a shovel and six trucks went to work on the slide.

No estimate of the yardage is available, but it was a good big one.

Jordan Kanikkeberg, Genesee, who was enroute here to visit his parents, Mr. and Mrs. A. O. Kanikkeberg, said he would have been caught right in the middle of it had he not been warned by an unidentified driver of a pickup, who had passed by, and felt the ground giving. He stopped Jordan, and together they watched the big slide come down.

SHORT NEWS ITEMS FROM OUR LOCAL SCHOOLS

Held Annual Budget Hearing

The Board of Trustees held the annual budget hearing for the coming school year, last Wednesday evening at the High school. The Trustees and the superintendent were the only ones present. It would therefore seem safe to assume that the patrons of the school district are at least not dissatisfied with the financial status of this district.

The Board formally approved a budget of \$130,422.16 for the 1957-58 school year, an increase of \$3,640.90 over the 1956-57 budget. The extra money is coming from the state level as the result of action by the 1957 legislature, and from the local level, due to a slight increase in assessed valuation within the district.

Assembly Held Wednesday

Wednesday, at the sixth period, Tom Reed, representing the American Petroleum Institute, gave a talk and demonstrated several items showing the students the importance of the oil industry. He produced synthetic rubber with the use of latex, salt, water and vinegar. The result had a "real bounce."

One strange thing was a piece of Maylar; this is a new product, appearing as thin as cellophane, but it will not tear, it is difficult to cut, and has about one-third the tensile strength of steel.

From the conversation of the students after the show, this assembly was really enjoyed.

Irish Talk At Assembly

Friday morning at the first period study hall, Bob and Jim Boreland entertained the students and teachers with religious songs, and music on the accordion and guitar. They were not only new to Idaho, but to this nation, for they had been here less than a year. They are greatly pleased with America, and told the students how lucky they were to live in this country.

Tigers Place In Track Meet

Sherm Stapleton and Arnold Fuchs led the Nezerpe Indians to an easy victory in a four-way track meet at Nezerpe Saturday. The hosts won eight first places and tied for another to collect a total of 59 1/2 points.

Orofino collected 43 points to place second; Kendrick 33 1/2 for third and Grangeville 17 for fourth.

Orofino won four events, Kendrick took one relay and Grangeville won the discuss.

This was the first meet staged by Nezerpe on its short track. Several events were shortened because the oval is 134 yards under the regular quarter mile. The 40 relay and dash and mile and medley relays didn't go the prescribed distance.

Summary:
70-yard high hurdles — Harris (N), Wegner (K), Walter (O), Braun (N).
100-yard dash — Stapleton (N), Farrow (O), Browning (K), Dehass (G).
800 — Fuchs (N), Cochran (O), Conger (N), Clemenhagen (K).
120-low hurdles — Fuchs (N), Wegner (K), Parks (K), Martin (O).
220-dash — Stapleton (N), Browning (K), Stoddard (O), Shamison (O).
1 mile — Gough (O), Taylor (N), Eldridge (K), Stamper (O).
440-cash — Davis (O), Giles (N), Magnuson (K), Dehass (G).
440-relay — Nezerpe (Giles, D. Fuchs, A. Fuchs, Harris), Orofino, Grangeville, Kendrick, Time 49.9.
880-relay — Orofino (Walker, Shamion, Cochran, Stoddard), Kendrick, Grangeville.
1 mile relay — Kendrick (Pederson, Weber, Parks, Havens), Orofino, 3:53.4 1/2.
Discus — Huff (G), Clemenhagen (K), McLeod (N), Meskie (K), 130 feet 8 inches.
High jump — (tie for first) A. Fuchs (N) and Martin (O); Parks (K); (tie for fourth) McLeod (N) and Havens (K), 5 feet.

To Participate in Music Festival

Members of the Kendrick High school mixed chorus, girls' glee club and the band will be traveling to Lewiston this coming Friday and Saturday to participate in the annual Lewiston Music Festival.

In addition to the above groups, two soloists and a girls' sextet will appear. The soloists are Karen Louden, soprano, and Bill Blewett, cornetist. They will be accompanied by Janice Heimgartner. Members of the sextet are: Karen Louden, Patsy Cuddy, 1st soprano; Dolores Gaskill and Wan'a Peters, 2nd soprano; Judy Koepf and Daisy Groseclose, altos.

The soloists and ensemble will perform Friday morning after 9:00, and the large group will perform in the afternoon after 1:30. Also scheduled

Presidents Birthday Talk

Here are some excerpts from President Eisenhower's speech at the NEA Centennial birthday party, Wash., D. C., April 4, 1957:

The strength of our arms is always related to the strength of our minds. Our schools are strong points in our national defense. This is true, if for no other reason than that modern weapons must be managed by highly educated personnel if they are to be effective, and the energy of the atom can only be understood and developed by the most highly trained minds in the country.

But far more important than this our defense must always rest on clear comprehension of the basic values we seek to protect — the true nature of the contest between human dignity and regimentation.

Thus the education of our children is of prime importance to us all. Moreover, to maintain the common defense and to guarantee the progress of our nation, each of us must discharge his rightful and proper role in developing the intellectual capacities of all children living in every corner of our land. Each individual, each community has a vital function to perform.

Each generation must build better schools for its children. Especially in today's complex and challenging world, we need stronger and bigger schools to train our children to accept their magnificent opportunities and grave responsibilities — opportunities for life even richer than ours, responsibilities for the defense of their homeland and strengthening of the free world. This puts a greater burden on education than ever before — a greater burden on our teachers, classrooms and curriculum.

Teachers need our active support and encouragement. They are doing one of the most necessary and exacting jobs in the land. They are developing our most precious natural resource — our children — our future citizens. They can do their best only as we show them our appreciation and offer them our help.

About Your Income Tax

Federal income tax refunds are coming slower this year. Meanwhile inquiries about them only further delays the refunding work, explains the Internal Revenue Service.

All returns are now being checked more carefully by the Boise office, then shipped on for central electronic machine processing and refund check writing with millions of returns from other western states.

Early filing helps but all returns must be checked in different ways depending on what's in them, so some will move faster than others. Most refunds will be paid during April and May.

The Boise office alone now receives over half a million federal tax returns of all kinds, in all sorts, shapes and sizes, including over 250,000 income tax returns involving over 100,000 refunds.

Then come hundreds of letters and phone calls asking about the refunds, but it is impossible to even find any one specific return among the thousands being worked on, without stopping everything and delaying everybody's refund.

That's why taxpayers are asked not to write, phone or call at the Internal Revenue offices about refunds during the next two months.

Atomic Fall-Out Held Threat to Future Generation

MEXICO CITY — The radio-active fallout particles being spread throughout the world as a result of atom bomb tests, and uncontrolled antibiotic therapy are the seeds of chronic illness and premature death in present and future generations, an American expert on genetics warned here.

The danger of both were reported by Dr. Edwin J. Grace, of the Grace Clinic, Brooklyn, N. Y., speaking before the congress of the International College of Surgeons.

"Radio-active fallout from atomic tests may induce dangerous cellular mutations (Changes in the characteristics of an organism) in man with untoward effects on present and future generations," he said. "Likewise, the genetic changes caused by inadequate antibiotic therapy must be prevented."

He said wartime research brought out that combinations of antibiotics delayed or prevented the emergence of resistant bacterial strains. This technique, he reported, has been improved by a combination of antibiotics in a detergent solvent (aerosol wash) a refinement of that used in the household.

The combination, he said, results in an extensive diffusion of the antibiotic into a wound and diminishes greatly the need for many extensive procedures. He added:

"The detergent solution so enhanced therapy that previously inadequate doses immediately became adequate in certain instances, and produced an effectiveness beyond their additional potential."

Dr. Grace said an antibiotic in a detergent also is being inhaled as a mist in the treatment of many infectious lung diseases. It also is being used in cases of sinusitis (inflammation of the sinus.)

Sees Big Year for Educational TV

ANN ARBOR, MICH.—This year will be the biggest yet for experimentation in teaching by television, believes Edward Stasheff, associate professor of speech at The University of Michigan.

"I predict that a great many elementary schools will experiment during the coming year with closed circuit TV, either in one school or in a group of two or three schools situated close enough so that fewer miles of cable will be needed to connect them," he says.

TV's success in imparting factual information has already been proved, the U-M professor believes. The next steps are to find some way of getting around the loss of human contact and to offset the very natural prejudice against anything mechanical and impersonal on the part of both students and educators.

The professor reports that on the college level perhaps the most significant work has been done at the Pennsylvania State University, where many courses covering almost the entire curriculum have been taught. On the high school level, experiments in Cincinnati showed that a chemistry class learned more by television than the control group in the classroom did.

Pond Algae May Be Newest Fuel Source

BERKLEY, CAL.—Algae, the tiny, single-cell green plants common to stagnant ponds, may be harnessed to provide man with a new source of fuel.

Researchers at University of California have obtained small quantities of methane gas, a basic building block for the production of gasoline and other fuels, by controlling a series of natural processes involving the growth and decay of algae.

In nature, algae cells convert and store the sun's energy by a process known as photosynthesis.

Cost Index Affects Every Pocketbook

MINNEAPOLIS—How hard will it actually hit your pocketbook if the U. S. living cost index keeps on climbing in 1957?

If you are the head of a typical non-farm family in the \$5,000 bracket, you can figure that from here on it will cost you about \$34 per year for each full point's rise in the index.

Farm Exports Drop WASHINGTON—Exports of United States farm products will drop during the first half of 1957, the Agriculture Department predicts, citing the fact that the Suez crisis has trimmed the pocketbooks of some foreign customers.

While exports will continue at a "high" rate, the Department does not expect them to equal the \$2,300,000,000 rate set in the last six months of 1956.

**Medical School Enrollments
Are Setting New Records**

Medical schools of the United States in the last year took further steps to protect the future health of the nation by enrolling the largest number of students in their history. This was revealed in the 51st annual report on medical education in the United States and Canada, compiled by the Council on Medical Education and Hospitals of the American Medical Association. The report was prepared by Dr. Donald G. Anderson of Chicago, secretary of the council, and his aides, Dr. Francis R. Manlove and Mrs. Anne Lipner.

A total of 26,191 students were enrolled in 79 approved schools in the United States for the 1956-57 academic year. This compares with the previous high record of 25,103 in the year before, an increase of 3.988 (4.1%). Since 1941, when there was an enrollment of 21,379 students in 77 approved schools, the increase has been 4,812 (22.5%).

The report also disclosed that the current academic year will see a continuation of this increase in medical education because of the enrollment of a record freshman class. It is estimated that about 7,400 new students will enter medical schools, compared with the previous record of 7,182 a year ago.

Also important from a future health protection standpoint was a survey which showed plans were under way in many states for the opening of additional medical schools and for the expansion of existing facilities.

"Significant progress is being made toward resolving the financial problems of the medical schools," the report also said. "Funds available to the schools during 1956-57 will total approximately \$109,600,000, which represents an increase of \$36,000,000 in the last four years."

**Psychologist Believes Kids
Aren't Bad—Just Problems**

There are no "naughty children" or "problem children," in the opinion of one distinguished child psychologist, there are only "children with problems."

"In modern days, we should not talk any longer about 'the naughty child' or 'a problem child' but should try to find the reasons back of the problems of the child."

Dr. Reymert, who is Director of the Mooseheart Laboratory for Child Research at Mooseheart, Illinois, explores some of these reasons and finds that most of them are related to a lack of understanding of the child and his needs, on the part of the parent.

He observes that "one child may be naughty because he feels that he is being blamed and criticized too much. Another child may misbehave because he feels that his parents are not interested in him and do not pay enough attention to him. A third child may use this means to rebel against excessive restrictions or confinements."

"It is toward removing the cause or causes for the child's naughtiness that we must turn our attention rather than toward even stricter and more severe discipline," Dr. Reymert points out.

Insomnia

Although many people are troubled with various types of insomnia, there is no one who "just can't sleep at all" for any length of time. There is a type of insomnia where one can't get to sleep easily, but after he has fallen asleep, he sleeps soundly. In another type, the person awakens often during sleep and, although he seldom stays awake for long, things he is awake for hours. Still another type is the person who awakens early and can't get back to sleep. The person who "just can't sleep at all," however, is non-existent. It is impossible to live without sleep. Even though one is troubled with insomnia, if he has a good sleep foundation, he will doze off—although he may not realize it. On a good quality sleep foundation, it is impossible to resist sleep for long unless there is something physically wrong with a person.

Stop Sediment

To prevent the sediment that accumulates in the bottom of a tea kettle from hard water, throw away immediately the remaining amount of boiling water which you are not going to use. Do not allow the boiling water to settle in the kettle. Installation of a water softener, to treat the hard water and get rid of the compounds that cause the sediment, would also eliminate the deposit.

Earth and Gravity

The force of gravity is lessened by the centrifugal force produced by the Earth's rotation because of centrifugal force. The effect of gravity at the equator is about one part in 289 less than it would be on a stationary Earth, or than it is at the poles, where there is no such force. The centrifugal force also throws the surface of the Earth at the equator about 13 miles farther than the poles from the center. This causes a further decrease in gravity, so a man who weighs 109 pounds at the pole would only weigh 98 pounds at the equator, as measured by a spring balance. Ordinary scales would not show this, since the weights used would be equally affected.

Watch For "Phony Schools"

The people most likely to fall for the phony lures of good pay and rewarding careers offered through "quick and easy" correspondence study are youngsters straight out of high school, ex GI's, housewives who are straining to make ends meet, and those stuck in low-paying jobs who want to get out of their rut and into something better, according to the editors of "Changing Times," The Kiplinger Magazine.

That many of these schools are shady has been obvious to the Federal Trade Commission for more than 30 years. Salesmen from the gyp schools promise the prospective student anything in order to sign him or her up, and pocket the tuition money.

Here is some of the sales talk you should watch out for: Suggesting you may win a scholarship; promising that you will get a good paying job if you complete the course; bragging about the staff of the school, when actually one man and a few clerks run it; asserting that anyone can master the course, when the study material may be over the heads of many people; alleging that tools needed for the course are free, when in truth they must be paid for.

There are many legitimate correspondence schools, and you can check to see if the school you are interested in is reputable. Contact the Federal Trade Commission to see if the school has even been in trouble with the government, or write the Veterans Administration to find out if the school's courses are approved for veteran's training.

The magazine also advises those who wish to study at home to check with high schools and university extension divisions for information on free or inexpensive courses.

Home economists say detergents are usually better than soap in the family wash — unless that water is quite soft.

**NOTICE OF TAX LEVY ELECTION
IN KENDRICK JOINT SCHOOL
DISTRICT NO. 283, LATAH
COUNTY, IDAHO**

NOTICE IS HEREBY GIVEN. That a special meeting and election of the qualified voters of the above named School District will be held on the 4th day of May, 1957, at 1:00 o'clock P. M., at the school house in said district, at which meeting it shall be determined by a majority vote of the qualified voters present and voting:

1. Whether the Board of Trustees of said District shall be authorized to make a levy in some amount not exceeding five (5) mills, in addition to and above the levy which, as provided by law, the Board of Trustees may make without such election or authorization.

That the qualifications of voters entitled to vote at such meeting or election are:

1. Electors of the State of Idaho.
2. Residents of the District at the time of election.

In addition thereto said voters must possess one of the two following qualifications:

- (a) Parents or guardian of a child or children when such child or children are under twenty-one (21) years of age, and when such child or children, and parents or guardians thereof are residents of the District at the time of election, or
- (b) A person who pays taxes within the district, and the husband and wife of such taxpayer if married. A payer of poll tax is not a taxpayer.

That the election shall be by secret and separate ballot.

Dated this 10th day of April, 1957.
A. O. KANIKKEBERG,
Clerk of Joint School Dist. No. 283, of Latah County, Idaho

**MOST FOLKS HAVE THAT DESIRE - BUT
WATCH OUT FOR THE "GIMMICK" ON THE
"SUPER-BARGAIN" OFFER!**

When you are tempted by a "super-bargain" of some sort — with perhaps "free premiums" thrown in, do you stop and say to yourself: "How come? Why? Who is back of this item? If it doesn't turn out to be exactly as represented, where can I go or what can I do to obtain satisfaction?"

Perhaps it's possible, but in many cases the salesman or "firm" has disappeared from the scene by the time the item proves unsatisfactory — and you can "whistle" for your "guarantee" refund.

Nationally known and advertised items can only be sold "so cheaply," by anyone, anywhere — and the business firms of Kendrick can and do meet all competition on this type of item or service.

You don't have to drive miles and "pay a parking meter" for the privilege of doing business in Kendrick. You know the men who operate Kendrick's places of business, and you know they will be on the job to give you satisfaction in every way.

What more could anyone ask?

Mr. and Mrs. Ernest Brammer and Jolene were Easter dinner guests of his parents, Mr. and Mrs. H. E. Brammer, at Juliaetta.

Safety Tip
"Give Wildlife a Brake" is good conservation, as well as a safety tip this time of the year. As mountain areas open up and animals are on the move, many of them walk or forage along roads. Motorists will find a little extra care, especially while on winding roads where sight distance is short, a wise practice.

Remember, if you hit a porcupine, you can just "charge off that tire to experience," and so solid is a coon that a car might well be wrecked - not to mention larger animals.

PERSONAL MENTION

Mrs. Perry Mattoon and their daughter, Miss Helen Mattoon, Troy, were in Kendrick last Wednesday afternoon visiting with old friends. Helen says she is feeling fine now, following a recent illness.

Mr. and Mrs. Geo. Merrick spent the week-end in Cheney and Spokane visiting with their sons.

Mr. and Mrs. Charles Cox and family of Wallowa, Oregon, were Monday guests in the home of his mother, Mrs. Leah Cardinal.

Guyia Warnier was a Thursday over-night guest of Jane and Janet Westendahl.

Mr. and Mrs. S. C. LaHatt of Custer, Wash., visited Thursday with Mr. and Mrs. Ben Westendahl and family.

Mr. and Mrs. Marvin Long left on Wednesday morning for a trip to the coast. They plan to visit relatives at Sunnyside, Grandview and Everett.

Mr. and Mrs. Ben Westendahl and family visited with Mrs. Josephine Westendahl at Lewiston, Sunday afternoon.

Mrs. E. H. Dammarell Dies
Mrs. Nellie Middleton Dammarell, 79, widow of Edgar H. Dammarell, former Kendrick merchant and postmaster, and Asotin County treasurer, died Wednesday morning, April 24, about 1:00 o'clock at Tri-State Memorial Hospital, Clarkston.

She had lived at 2020 11th Ave. Mrs. Dammarell suffered a broken hip three weeks ago and two days ago developed a heart ailment and subsequently pneumonia.

She was born Jan. 18, 1878, at Bath, Ontario, Canada, and moved to the United States as a child. She married Nov. 20, 1897, at Halleck, Minn. Mr. Dammarell died July 20, 1946.

They moved to Asotin County in 1902, and lived at Kendrick from 1911 until 1934, where he operated the Kendrick Store Co., and then became Kendrick postmaster. They moved from Kendrick to Walla Walla and she moved to Clarkston to make her home following Mr. Dammarell's death.

She is survived by two daughters, and seven sons - including Robert of Lewiston, Edgar of Kendrick, Paul and Frank of Moscow; a sister, three brothers, 28 grandchildren and 31 great-grandchildren.

The body is at Brower-Wann Funeral Home, Lewiston. Funeral arrangements are pending. - Lewiston Tribune.

Films To Be Shown At U. of I.
The life of a husband and wife team as Walt Disney photographers in Alaska will be presented as a movie lecture at 8:00 p. m., Thursday, April 25, in the University auditorium.

Fred Machetanz and his wife Sara will show a new color movie entitled "North to Adventure," which features exploring by dog team, predicaments in caring for seven Husky puppies, Christmas next door to Santa Claus, and for the women's part of housekeeping in a sod-b-

The account of the making one of the famous movie films will be presented free of charge.

Weather Remains Chilly
It seems as if spring has come - and yet the weather remains rather chilly, and a coat is a daily necessity - as well as heat in the home.

Lawns are a brilliant green, daffodils are all but gone, tulips are here, wild plum are in bloom, and maple trees showing a lacy green along their branches.

A thin coat of white frost can be seen by early risers almost every morning. It may not seem that spring is here, but when we read the eastern and southern weather reports, we are "happy with what we have."

Potlatch River Falling
With no rain having fallen for several days, Potlatch river is slowly dropping and clearing. There is a possibility that by the time fishing season opens (June 1) it will be low enough and clear enough to provide a few days of fair fishing.

Fishing Opens
Many lakes and a few streams in northern Idaho will be open to fishing for trout beginning May 1, and continuing through Nov. 30. Fishermen should check the regulations to make sure. Most of the lakes concerned already are open to fishing for all species except trout, and the May 1 change will remove that exception.

It is wise to check your regulations

W. L. "Bill" Rogers, Editor

HELLO, FOLKS:

Well, here we are almost at the end of April — but it's still a bit chilly and fields are too wet for spring work. So why not check over your supplies of diesel fuel, gasoline, motor oils and lubricants of all kinds and make sure you're ready to go when the time comes. After checking, pick up your phone and call us at 1251 — and we will deliver to your place. Remember — you can't beat Union Products.

Retired Tycoon (talking to his listless grandson): "Why don't you get out and find a job? When I was your age I was working for \$3.00 a week in a store, and at the end of five years I owned it."
Grandson: "You can't do that now. They have cash registers."

Travel, particularly on gravel

roads in this area calls for tires that can take it. We sell that kind, the famous U. S. Royal, in Masters; Royal 8's and Air Ride. Come in and see these tires, and find out how cheaply you can ride in safety and comfort.

History Teacher: "What is the Order of the Bath?"

No answer.

Teacher: Come, come, some of you must know what the Order of the Bath is."

Pupil: "Well, at our house it's pa first, then ma, then us kids, and then the hired girl."

Don't drive a dirty car. Bring it in and let us wash it — and perhaps wax it. We vacuum clean the interior with every wash or wax job. Let us give it a lubrication job too, while it's here.
