Mrs. Etta Dygert of Lewiston spent several days last week visiting in the home of her son-in-law and daughter, Mr. and Mrs. Lloyd Thornton.

## "Old Chassis" Like New

Monday of this week E. A. Deobald and Otto Schupfer went out to the late Mary A. Deobald ranch and brought in her car, which is to be sold as a part of the estate.

The car, a 1940 Chevrolet deluxe sedan still has the original tires, and the speedometer mileage, which is correct, shows just 10,020 miles. In fact, the paper which covered the lower part of the front doors for factory shipping purposes, is still on the doors.

Sticking on the windshield is a war-time "A Ration" stamp, plus license stamps for the years 1942, 1943, 1944 and 1945, which are in themselves collectors items.

Mr. Deobald, as administrator of the estate, says that he has had numerous opportunities to sell the car, but until such time as it is officially appraised it cannot be disposed of.

## Premature Infant Taken By Death

Lewiston, June 17 — Clarence James Harris, 2-day-old son of Mr. and Mrs. Earl Harris, 3613 18th St., died yesterday morning at 9:35 at St. Joseph's hospital. He was born there pre-maturely Monday.

Other survivors include three sisters, Shirley, 8; Earlene, 5; and Anita, 3, all at home; his paternal grandmother Mrs. Myrtle Harris, Lewiston, and maternal grandparents, Mr. and Mrs. Perry Mattoon, Troy.

Committal services will be held at Normal Hill cemetery tomorrow at 11 a. m., with the Rev. James Young, pastor of the Lewiston Church of the Nazarene, officiating. — Lewiston Tribune.

## JULIAETTA YOUTH ACCIDENT- LYL SHOOTSELF IN STOMACH

A 19-year-old Juliaetta youth who accidentally shot himself in the stomach with a .22 caliber revolver Sunday, was given a 50-50 chance Tuesday of recovering.

Albert Nye, son of Mrs. Macie Nye, entered surgery shortly after arriving at the St. Joseph's hospital at 6:55 p. m., Sunday.

He was struck in the stomach about a fourth of an inch below the navel, when a revolver he was taking from the glove compartment of his car discharged upon striking the steering wheel.

The accident occurred on the Juliaetta grade (Fix ridge) where Nye and Sharon Cochran, 15, of Palouse, had gone to do some target shooting — at about 6:30 p. m. Miss Cochran and Lyle Kerby, a Cheerylanes rancher, drove him to the hospital — part of the way with a police escort. He lost consciousness just before reaching the city limits.

Miss Cochran started to drive Nye to the hospital, but because she was unfamiliar with the car, had done little driving, and was quite nervous, she stuck in the middle of the road. She had just started down the grade when she met a station wagon driven by Mr. Kerby. Both vehicles had to stop.

Miss Cochran explained the situation to Kerby. He then took Miss Cochran and Nye into his station wagon and started for the hospital.

Mrs. Kerby and their children followed in the Nye car.

Near the Washington Water Power dam on Highway 95 Kerby passed State Policeman Bert McGinnis of Orofino. Because Kerby was exceeding the speed limit, McGinnis gave chase. When he came abreast of the station wagon Kerby shouted: "I've got a man who's been shot."

McGinnis then started leading the way, clearing traffic with his siren. He radioed Lewiston police and Patrolman James Bishop met them at 19th and Main Streets and led the way to the hospital. They arrived at 6:55 p. m.

Miss Cochran said she and Nye had gone to Myrtle Beach to go swimming, but because the water was too cold they decided to go target shooting instead. Both were in bathing suits when the accident occurred. — Lewiston Tribune.

A Wednesday morning report says he is showing "some improvement."

## Wheat Marketing Quota Vote

From Roy Glenn, comes the following information on voting on the Wheat Quota Support Price, which took place throughout Latah county on Thursday, June 20:

County-wide, only 617 farmers took time to vote. Of these 541 were for the quotas, and 76 against.

Kendrick cast 98 votes — For, 90; against, 8.

Even with only 617 voting, it was more than last year.

## Pink And Blue Shower

Mrs. Eugene Brocke was the guest of honor at a pink and blue shower Tuesday evening of last week in her home, when a group of friends and neighbors called, laden with gifts.

Mrs. Bud Fey and Mrs. Walter McCall, hostesses, served delicious refreshments at the close of the evening.

## A Son Is Born

Mr. and Mrs. Glenn Greer of Kendrick are the proud parents of a son, Joseph Allen, born to them on Thursday, June 20, at the home of her parents, Mr. and Mrs. Elmer Lohman.

The little fellow weighed in at eight pounds. Mother and babe are doing nicely.

## WHAT JULIAETTA FRIENDS ARE DOING THESE DAYS

### T. B. Chest X-Ray To Be Here

The T. B. Mobile Chest X-ray Unit will be at the Post Office in Juliaetta Friday, June 28, from 12:00 noon to 3:00 p. m., and 5:00 p. m. to 8:00 p. m. All are urged to get a free chest x-ray — it takes only two or three minutes — and shows chest or lung conditions — T. B. or cancer — and some heart ailments as well.

So let's all — this includes Fix ridge, Potlatch ridge, Arrow, Stony Point, etc. — all turn out for this life saving service, from the ages of 15 on up. Let's make use of our Christmas Seal money — now.

**Bible School Under Way**  
The Methodist Bible School was off to a grand start Monday of this week, with a large group of youngsters aged three through nine.

Those helping teach include Mrs. Dennis Racicot, Mrs. Frank Wagner, Mrs. Viola Browning, Mrs. Gary Eggers and Mrs. Charles Taylor.

**General Items**  
Mrs. Louise Riggert of Allison, Iowa, is visiting this week in the home of Mr. and Mrs. H. E. Brammer.

Mr. and Mrs. Everett Bowen and daughter of Lewiston, and Wade Bowden of Coeur d'Alene were Sunday dinner guests of Mr. and Mrs. G. C. Dinwer.

Mrs. Mae Hohnstein spent Friday and Saturday at her home here, then went on to Spokane Sunday to attend her sister's Golden Wedding anniversary, then returned to her work at Tammany on Monday.

Louis Botens and daughter Bonnie of Grangeville were weekend guests in the home of Mr. and Mrs. Ray Scherer.

Mr. and Mrs. Otto Schupfer and daughter, Mrs. Kenneth Samuelson, the latter of Moscow, were Sunday dinner guests of Mrs. Miller and Miss Greene in Moscow.

Mr. and Mrs. Bob Chilberg and children of Cedar Ridge and Barbara Bowen were Sunday dinner guests in the Lloyd Candler home.

Mr. and Mrs. Lloyd Walsh and new baby, Kenneth Wayne, were Thursday through Sunday visitors in the home of his parents, Mr. and Mrs. E. J. Walsh.

Mr. and Mrs. J. W. Mundell of Cascade, Idaho, were Saturday evening dinner guests in the W. L. Candler home, going on to Troy where they celebrated their Golden Wedding anniversary at the home of their son-in-law and daughter, Mr. and Mrs. Joe Gordon. All five of their children and their families were present, coming from Colorado, California and Washington. The Mundells are former Juliaetta residents and hope to return here this fall, to again make it their home.

Mr. and Mrs. August Brammer and daughter Mildred of Cameron accompanied Mr. and Mrs. H. E. Brammer to Lewiston, Tuesday.

Victor Racicot, son of Mr. and Mrs. Dennis Racicot, underwent a tonsillectomy at the Gritman Hospital in Moscow, Thursday. He is recovering nicely.

Mr. and Mrs. Edgar Lackey and son Glenn and Mrs. Patsy Ballantyne attended the "hot rod" races in Lewiston Saturday evening.

Cindy and Terry Candler of Potlatch are visiting here with their grandparents, Mr. and Mrs. Lloyd Candler this week, while their parents are on a vacation trip through California and Old Mexico.

Mr. and Mrs. Frank Barton and children of Lewiston and Mrs. Mike Medonich of Clarkston were Thursday evening dinner guests in the Chas. Hicks home.

Mrs. Fay Corkill and daughter Jane of Troy and Mrs. Philbert Deberco and daughters of Kendrick were Saturday dinner guests in the Ray Taylor home.

Mr. and Mrs. Edgar Lackey and son Glenn and Mr. and Mrs. Frank Ballantyne were fishing in the Elk River area Sunday. Fair luck was reported.

Mr. and Mrs. Earl Wright and children, Donna and Erdie, and little Verla Lutes (a niece) of Montesano, Wash., were Thursday evening through Wednesday visitors in the home of her mother, Mrs. Ervin Baker and family.

Marvin Grayson of Lewiston visited Sunday in the home of his parents, Mr. and Mrs. Alonzo Guthrie.

Mr. and Mrs. Ray Taylor and children and Mrs. Mable Westling were Sunday evening visitors in the home of their aunt, Lizzie Mitchell, in Lewiston.

Mrs. Viola Greene of Paradise, Mont., returned to her home this week, after a few days visit in the Alonzo Guthrie home.

## Celebrate 45th Anniversary

Sunday, June 24th, Mr. and Mrs. Roy Ramey accompanied Mr. and Mrs. Walter Koopp and family to Moscow to attend services at the Methodist Church. After services, it was suggested and decided to go to the Moscow Hotel for dinner.

Upon arrival at the hotel they were met by Mr. and Mrs. Roy Ramey, Jr., and daughters Marilyn and Marcia, and Mrs. Eva Miller, all of Rosalia, Wash., and Mr. and Mrs. Ernest Brammer and daughter Jolene of Southwick — the children having pre-arranged for a delicious banquet to be served in the private banquet room at the hotel to commemorate the 45th wedding anniversary of their parents. Mr. and Mrs. Roy Ramey, Sr., the actual date being June 27th.

It was a complete surprise, to Mr. and Mrs. Ramey, Sr., and a very happy one.

Later all went to the Moscow park to finish out the "End of a Perfect Day."

## SHORT LOCAL ITEMS OF MORE THAN PASSING INTEREST

### Lions Meet Wednesday Eve.

The Kendrick Community Lions Club met Wednesday evening at the Fire Hall for their final meeting before summer vacation — with the next meeting scheduled for mid-September.

Following a delicious fried chicken dinner served by the Grange Ladies, the business of the evening got under way.

First item was the awarding of perfect attendance pins for the year to Oscar Slind, W. L. Rogers, W. L. McCreary, Robert Magnuson, Claude Jones, John Johanson, Hiram Galloway, George Brooke, Jr., Richard Benjamin, Gerald Ingle and Warren Schmidt.

Installation of officers came next, with Bob Magnuson as installing officer, the following taking office: Bob Meserve, president; Dick Benjamin, secretary-treasurer; Bill Johnson, Lion Tamer; Bill Rogers, Tail Twister; Bill McCreary, Marvin Long, Dennis Racicot, and Ross Armitage, directors.

Joe Forest, Harry Newman and Gerald Ingle, vice presidents, in the order named.

A past president's pin was awarded to Geo. Broke, Jr., as retiring president.

Final item of business was the announcement of the coming of a state chest x-ray unit on Monday, July 1st, under the sponsorship of the local Lions Club with hours to be from 12:00 noon to 3:00, and from 5:00 to 8:00 p. m. Bill Johnson and Bill McCreary were appointed co-chairmen of this committee.

### Kleiths Observe Silver Wedding

An open house and reception were held Sunday at the home of Mr. and Mrs. Ted Kleith of Deary, in honor of their Silver Wedding Anniversary. Guests were received from 1:30 to 5:00 p. m. Eighty-seven signed the guest book.

The lace covered table was centered with a three-tiered cake with decorations of silver beads and leaves, the base being surrounded by pink roses. Tall white candles and a silver bell were additional table ornaments.

Large bouquets of pink peonies, lupine and painted daisies made up the floral arrangements for the living rooms.

Mrs. Laura Swan, a sister-in-law of Mrs. Kleith, cut the cake; Mrs. Mabel Hugo, a sister, poured; Mrs. Kleith's nieces, Mrs. Darlene O'Keefe of Bovill; Miss Darlene Whitcomb of Moscow, and Mrs. Esther Shreffler, poured.

The afternoon was spent on the spacious lawn and in the beautiful flower gardens at the Kleith home as neighbors, friends and relatives called to wish them many years of continued happiness.

Guests were present from Moscow, Troy, Bovill, Deary, Kendrick, Lewiston, Clarkston, Potlatch; Montana and Norway.

Ted Kleith and Miss Eunice Swan were married March 1 1932. They have a daughter, LeAnn.

### Streets To Be Oiled

At long last an oiling firm willing to take on as small a job as oiling the streets of Kendrick has been located, and will arrive here from Lewiston shortly after the 4th of July.

Bill White, village custodian, and a helper are now busy patching holes in the present oil in preparation for the seal coating and chipping which will follow.

Main Street, a state oil project, is not to be done by the firm, but most of the side streets and several alleys are on the program, including the School House Hill and the street going up along the side of the gymnasium. This latter will cut down greatly on the dust at the school, as well as keeping gravel from washing clear down to Main Street, and not to mention advantages of parking when school functions are being held.

Some alleys are to be oiled on a co-operative basis, the village feeling that there is insufficient traffic to warrant full town expenditure for these projects.

The village tried desperately last year to find a contractor, but were unable to do so. This year it will cost more — but there is just nothing that can be done about that.

### Almost Loses Truck By Fire

John DeHaven, local dray and deliveryman, had the experience Monday of all but losing his truck by fire in the late afternoon.

Mr. DeHaven had loaded up a lot of trash, including the contents of several burning barrels, and headed for the village dump grounds.

On the road out he happened to glance back and saw flames rolling up high over the back of the cab. He stopped instantly, grabbed his shovel and began piling dirt, gravel and the like over the flames, and after a good, stiff fight, which gave him a lot of hard exercises, the blaze was controlled. The truck bed itself is covered with steel, but the flames were licking at the sideboards and the spare truck tire when finally extinguished.

John says that from now on he is going to thoroughly inspect the contents of trash barrels for fire before "throwing them on."

### Baby Daughter Arrives

A 6 pound 1 ounce baby girl was born to Mr. and Mrs. Eugene Brocke by caesarian section Thursday night at the Gritman Hospital in Moscow. The little lady has been named Vicki Lee.

Mother and babe are doing nicely.

## Agricultural Tour Enjoyed

The annual Latah County Agricultural Tour was held on Wednesday, June 19, in the Potlatch area, with 135 availing themselves of the opportunity to see the latest methods in agriculture. All of the county was represented, and 21 stops were made during the tour. Seen were several new types of grasses, strip farming and dairy cattle. A delicious dinner was served at the Deep Creek Grange hall near Potlatch.

Representing the Kendrick area on the tour were Andy, John and Dewey Galloway; K. D. and Gerald Ingle; Dick Benjamin, and Roy Glenn and daughter Sally.

## MOBILE X-RAY UNIT TO BE IN KENDRICK MON., JULY 1

On Monday, July 1st, a mobile X-ray unit will visit Kendrick, and will be stationed on the side street adjoining the Red Cross Pharmacy. It will be in service between the hours of 12:00 to 3:00 p. m., and 5:00 to 8:00 p. m., so that everyone may have an opportunity to take advantage of this free chest X-ray service and be sure they are healthy.

Just preceding the Kendrick visit, or on Friday, June 28, the unit will also be at Juliaetta, where the hours will also be from 12:00 to 3:00 p. m., and 5:00 to 8:00 p. m. We do not know just where it will be stationed there, but undoubtedly along Main Street, somewhere.

The Kendrick visit is under the sponsorship of the Kendrick Community Lions Club, and the W. W. P. Co., the latter taking care of the electric hook-ups necessary, and similar service. For the Lions Club Wm. Johnson is the committee chairman, and says there is need for two women hostesses and two girl typists for each of the two operating periods. Anyone willing to help in this work is asked to please contact him.

The mobile units, sponsored jointly by the Idaho Tuberculosis Assn. and the State health department, have completed three full swings around the state and are starting on the fourth.

The primary objective of an x-ray survey in a community is to find pulmonary tuberculosis. Early tuberculosis is not usually located by outward signs like some diseases, but it can be found by x-ray.

In addition, the x-rays taken at these mobile units often help physicians locate non-tuberculous infections of the lungs, certain types of pleurisy, some varieties of chronic heart disease, tumors inside the chest, and injury and "disease of the bones of the thorax. A large percentage of the non-tuberculosis diseases thus discovered are extremely serious if allowed to continue untreated until recognizable signs and symptoms are produced.

Tuberculosis itself is most easily cured when discovered in the early minimal stage. Three-fourths of the tuberculosis found by chest x-rays is of this early type, where recovery is most likely, with proper treatment.

People do not have to undress to have an x-ray picture taken at one of the mobile units. Women are asked to remove their wraps and costume jewelry, and, so far as possible, are urged not to wear dresses covered with ornaments and decorations on the day they visit the unit.

Men remove topcoats, coats and vests, and take pens, pencils, etc., out of their shirt pockets. The average person is in the x-ray bus about a minute. Actual exposure to the x-ray is only a fraction of a second.

Two to four weeks later, a report is mailed to each person examined. If his chest appears normal on the x-ray film, he will be so notified. If the film requires further study, he will be notified of the place in his vicinity where he can have another film taken without charge.

If the second film shows any significant departure from normal, he will be advised to see his physician promptly. Meanwhile, a detailed report of the findings will be sent to his physician so he will be in a position to begin further study at once.

Another unit will be at Deary on Monday, July 1st, and again the hours will be from 12:00 to 3:00 p. m., and 5:00 to 8:00 p. m.

On Monday, July 8, a unit will be at Troy, and the same hours will be observed there as listed for the other calls.

## Family Reunion At Maund Home

Sunday, June 23, at the home of Mr. and Mrs. John Maund, Sr., of Cheery Lanes, was the happy occasion for much reminiscing of years gone by, when 61 relatives gathered to greet Sgt. and Mrs. John H. Maund and son Gary Lee of Santa Ana, Calif.

Miss Bertina and Edwin Forest were Clarkston visitors on Tuesday.

The Misses Maxine Slind, Marietta Lee and Mary Ellen Lowe, all student nurses from the Deaconess hospital in Spokane, were week-end guests in the home of Maxine's parents, Mr. and Mrs. Oscar Slind. Saturday all attended the wedding of a classmate, Marilyn Schimpf at Winchester. Miss Slind and Miss Lowe were bridesmaids, and Mrs. Slind was organist.

**AMERICAN RIDGE NEWS**

Mr. and Mrs. Richard Blaney and son Michael of Carmel, Calif., were Wednesday afternoon visitors in the Harry Benscoter home. Mrs. Oscar Collins and Mrs. Lillian Puckett of Clarkston were also afternoon callers. Harley Bellows of Clarkston was a Wednesday over-night guest.

Mr. and Mrs. Chas. Fox of San Francisco, were Saturday visitors in the Frankie Benscoter, Harry Benscoter, Ernest Andrews and George Havens homes. They also stopped at the Ira Havens home in Juliaetta en route home. She will be remembered as Zella Bigham.

Mrs. Bob Benscoter and children of Spokane spent from Saturday until Tuesday with his parents, Mr. and Mrs. Harry Benscoter. Sandy May returned home with them to visit with Linda Benscoter.

Louise Hurlburt was a Tuesday afternoon caller at the Harry Benscoter home. Wayne Bunger of Tacoma and Ross Armitage were callers Monday in the Geo. Havens home. Mrs. Havens is a former classmate of the two men, at Southwick.

Mr. and Mrs. Ira Havens of Juliaetta were Tuesday afternoon callers in the George Havens home.

**W. S. C. S. Afternoon Circle**

The Afternoon Circle of the Kendrick W. S. C. S. will meet Thursday afternoon at the home of Mrs. D. A. Christensen, with Mrs. E. A. Decobald as co-hostess.

The afternoon will be spent rolling bandages, and all are reminded to bring needles, thread and scissors.

**4-H'ers Attend Idaho Congress**

This year's Idaho 4-H Club Congress came to a close last Wednesday at the University of Idaho campus. There were 530 members attending including foreign members from Nepal, Scotland, Burma, India, Ireland and South America.

It was a very interesting week and varied courses were offered to suit the taste of everyone, such as "Growing in Leadership," "Rock n' Roll Socially," "Swedish Weaving," "Creaks and Bends" (posture and exercise), "Grass Root Ambassadors," and many more. For recreation there was basketball, softball, baseball, swimming, dancing, tennis and two tours of the P. F. I. mill in Lewiston.

The I. F. Y. E. (International Farm Youth Exchange) was outstanding, as these young folks were touring our state, then a national tour, then back to their homes in foreign lands.

The four girls attending from the Cameron Club were Judy Koopp, Margga Wilken, Lynn Koopp and Loeda Meyer. We wish all the girls and boys could have attended. It was a wonderful experience and one never to be forgotten. — Judy Koopp, reporter.

**Weather "Blows Hot And Cold"**

Talk about "variable weather," we have certainly had it in this area the past week, with temperatures ranging from 62 to 90 degrees during the day, and a low of 44 degrees being recorded Thursday night of last week.

It was not uncommon over the week-end to see smoke coming out of chimneys in homes. However Saturday was a bit warmer, with a high of 72 degrees. Sunday morning the mercury began to climb, and at about 3:00 o'clock Sunday afternoon a high reading of 90 degrees was recorded. However, that was "too hot, too fast," and shortly after 7:00 Kendrick was visited with a brief thundershower, with lightning playing here and there.

Monday a high reading of 76 degrees was recorded, and Tuesday about the same.

**It Firecracker Time Again**

As the Fourth of July draws near it's only human to think of firecrackers, pinwheels, roman candles and the like — but under Idaho law they are prohibited, warns Mr. Lewis, district deputy fire warden.

We quote from a section of the law: "It is hereby made unlawful for any person, persons, association, corporation or company to possess, sell, give away or discharge any firecrackers or fireworks of any kind in the State of Idaho, without first obtaining a written permit from the board of county commissioners, city council or board of trustees of incorporated cities or villages . . ."

"Any violation of the provisions of this act is hereby declared to be a misdemeanor."

**Haying On Full Blast**

Haying operations in this section may now be described as "going full blast," despite the rather inclement weather of the past few days.

Sunday, when the temperature hit a high of 90 degrees may be said to be about the only day of real "haying weather" for some ten days.

Those that had hay down, have seen its value decreased by rain and those who have it standing have, in most cases, seen its value decreased by coarseness and heavy bloom — so in any event the value of this year's hay crop will be considerably less than that of last.

There is one consolation, there will be lots of it.

**Two Schools Closed Permanently**

Rathdrum, Idaho — The Spirit Lake High School and Rathdrum Grade School are "beyond repair" and will not reopen next fall, the school board announced Wednesday, June 19.

Conditions of both schools "are in violation of Idaho Statutes 39, 1901, 1902 and 18903, and County Board of Health requirements and will be closed for school purposes until residents make compliance possible," said Superintendent Jack W. Crowley.

The school board "will not take the responsibility of placing children in school in these conditions. We consider both beyond repair," said Chairman C. Weston Hatch of Athol.

"The thinking of the board in this matter is very close," he said. "We anticipate a split shift program will be worked out at a later meeting."

Decision to close the schools was taken at a meeting June 10, but just announced.

Lakeland district residents in four recent bond issue elections, defeated proposals to build a joint central high school and to repair outlying schools. Many believed disagreement on where the joint high school would be located led to defeat of the proposals.

The Kootenai County Board of Health recommended to the State Board of Health that both school buildings be condemned in letters sent last fall and winter, Hatch said. Both went unanswered, he said. "The school board felt we could not wait on the state any longer," Mr. Hatch concluded. — Daily Idahoian (Moscow).

Our note: There seems to be something of a similarity to local conditions. It's a matter worth grave consideration.

**Very Descriptive**

Three-year-old Craig was staying with his grandparents and for lunch had a boiled egg. At home this was always served scooped out on toast. He wanted to try it like grandpa ate it, out of an egg cup. The next day he informed his mother: "I had egg on the shelf for lunch."

**Logging Trucks Rolling**

The loggers and pulp haulers have certainly taken fullest advantage of the reasonably good weather of the past week, and truck after truck loaded with one or the other woods product may be seen going down Kendrick's Main Street at any hour of the day, and some far into the night.

The local mills have an ample supply of logs, and are working full shifts. The big Mead & Howard Planing Mill at Juliaetta is still on a two-shift basis, and indications are that it will continue that way for the major part of the summer, at least.

**Bible School Enrollment High**

Enrollment at Vacation Bible School classes at the Kendrick Assembly of God Church had reached a total of 61 by Tuesday morning.

A closing program will be held at the church at 7:30 p. m., Thursday, which will feature displays of handwork, singing and recitations.

A Pioneer Parade is scheduled for 10:30 Friday morning, which will begin at the church, march through town, and back to the park, where a picnic will be held.

**PERSONAL MENTION**

and Mrs. Everett Fraser.

Mr. and Mrs. Allen Reed of Paradise, Calif., visited Wednesday and Thursday of last week in the home of her uncle and aunt, Mr. and Mrs. John Darby. They also visited with relatives and old friends in the Gold Hill section.

**Bank Entry Try Falls**

Sometime Tuesday night or early Wednesday morning would-be burglars attempted to gain entry to the Farmers Bank here, but failed, and a damaged door casing is all that shows from the try.

A jimmy or wrecking bar was used on the side door, several "bites" showing in the wood. However, the heavy door did not splinter, and a bolt as well as standard door lock held firm, the door frame itself giving possibly three-quarters of an inch.

It is believed the burglars were rank amateurs, as bank robbery automatically calls in the F. B. I.

**Many Attending Summer School**  
Registration Monday opened the 44th summer session of the University of Idaho, with students from all over the world signing class cards. Classes for the eight-week session got under way Tuesday. Early registration figures indicate one of the largest summer sessions in recent years. By noon 455 had registered, compared with 380 for the same time last year. The total number is expected to approach 700 this year. The term is eight weeks in length and offers to the student a schedule of full-length semester courses at full credit. For those who must limit their attendance to shorter periods, a number of one-week, two and three-week short courses and workshops will be held. Summer school work is offered at both the undergraduate and graduate level. Five of the colleges offer summer work in 40 or more departments and subject areas. Not all the courses are confined to the campus. A group of students will leave for a European study tour for credit under the leadership of Dr. E. Malcolm Hause, professor of history and political science. The geology-mining field camp set up near Macdonald will provide mining and geological field practice information for students. Students attending regular classes are housed in university dormitories. Chrisman hall is open for the men and Forney hall for the women.

**National Farm Safety Week**  
Idaho is joining in observance of National Farm Safety Week, July 21 to 27. Homer I. Futter, Latah county agent, announced this week. State and local organizations are getting an early start in order to do an effective job of calling public attention to the urgent need for reducing the toll. President Eisenhower has issued a proclamation and Ezra Benson, secretary of agriculture, a statement on the matter. "Farm accidents each year inflict heavy loss upon the economy of the nation and cause untold suffering among our rural population," President Eisenhower said. "The death toll from farm-work accidents last year was higher than that in any other major industry. The health, prosperity and welfare of the nation's farm families are of vital concern to all citizens. The effect of accident prevention programs has indicated that our rural residents, through attention to safety education, can greatly reduce accidents. Therefore, I call upon the people of the nation to observe the week beginning July 21 as National Farm Safety Week, and I urge all farm families and farm workers to join in a continuing campaign to prevent needless accidents in their homes, on their farms, and along the highways." Secretary Ezra T. Benson urged all services of the department of agriculture to cooperate to the fullest extent for the purpose of the campaign.

**No Sign Of Any Road Work**  
The long-hoped-for improvement in roads in this area, despite a lot of talk from various sources, some of them "in the know," have failed to make their appearance in any way, shape or form. It was believed that the road from the end of the oil to the top of the Bear ridge grade was to be rebuilt, and the grade itself oiled — so sign of any such work. It was also believed that the road from Spalding to the "Y" east of Kendrick was to be repaired and seal coated — no sign of any such work. In the meantime, the Brammer hill keeps sliding, and the heavy traffic continues to pound the present oil surface to pieces. Never has Kendrick's Main Street (a portion of the state highway system) been in such poor condition — for nothing was done to it last year. Our hats are off to the local road crewmen — Ed. Brown and Jim Candler. They've made a valiant fight with the few truck loads of oil mix they had! But some real road work is desperately needed. We doubt that there is a road in Idaho with as high a traffic count, particularly in heavy traffic, that is as badly in need of repair!

It should be borne in mind that the state did not build the road between Kendrick and Juliaetta — and that it was never built for the heavy traffic it carries today. In fact, the state has never bothered to re-build it — so it really has done remarkably well.

## Statistics Show Low Death Rate Was Set in 1956

**NEW YORK**—A new low death rate was recorded last year among the owners of America's 85,000,000 ordinary life insurance policies, the Institute of Life Insurance reported today. The 1956 death rate was 581.7 per 100,000, compared with 598.8 the year before and 668.8 ten years earlier. The improvement reflects some 9,000 fewer policyholder deaths in 1956 than would have occurred had the previous year's rate still applied and 45,000 fewer when compared with the 1946 rate.

"Most of the causes of death showed lower death rates in the past year," Dr. Louis I. Dublin, eminent statistician and consultant on health and welfare of the Institute, said in commenting on the year's tabulation. "Once again, tuberculosis showed a marked decline as a cause of death, the 1956 rate of 2.8 per 100,000 being 13 percent under that of the previous year and 84 percent under the 1946 rate. At the same time, last year was the second consecutive year to see a reduced death rate from cancer, the fourth consecutive year for the diseases of the heart and circulatory system and the fifth consecutive year for accidents." The heart and circulatory diseases remained the No. 1 cause of death in 1956, accounting for 57 percent of all deaths among ordinary insurance policyholders.

## Immigration Adds To Our Population

**NEW YORK**—Immigration added 3.2 million persons to the population of the United States—or about one-ninth of the total population increase—between 1946 and the end of 1956.

Following the historic pattern of immigration into this country, the majority of the newcomers were of European origin. However, their proportion of the total was considerably below that of earlier decades. In fact, during 1953-56 not quite two-fifths came from continental Europe, and less than one-tenth came from the British Isles; by contrast, the proportion of immigrants from Europe and the British Isles was at least nine-tenths prior to World War I.

Various groups have swelled the tide of immigration during the post-war period, the statisticians point out. Nearly 120,000 wives and children of service men were one such group; the Refugee Relief Act provided for 200,000 special quota-exempt visas between August 1953 and December 31, 1956; and Hungarian refugees accounted for 32,000 immigrants since November of last year.

## Spain's Santiago Is Regaining New Favor

**WASHINGTON**—There was a time when all roads led not to Rome but to Spain's holy city, Santiago de Compostela. This medieval city—the traditional burial place of St. James the Elder—was once the most visited shrine in western Europe. Over the course of centuries, it is likely that only Jerusalem and Rome have drawn more Christian pilgrims. Though time dimmed its glory, Santiago has remained a crossroads of Christendom. And once again, travelers are discovering the city whose gray stone towers rise from a hillside in Galicia, the northwest corner of the Iberian Peninsula.

Santiago is considered one of Europe's architectural gems — a charming composite of many styles. It is among the very few cities that Spain has elevated to the rank of National Monument. Flagstone streets, too narrow for traffic, press beneath arches and arcades to converge on the magnificent, 900-year-old Cathedral.

## Clogged Ears Hazardous To Swimming Safety

**CHICAGO**—Wax in a swimmer's ears—particularly in only one ear—may lead to serious or even dangerous consequences, a Philadelphia otolaryngologist reports. Dr. Albert P. Selzer said that dizziness sometimes occurs when a person swims in cold water which enters his ears and causes abnormal activity in the ears' labyrinths where the sense of equilibrium is controlled. Dizziness is especially likely to occur when only one ear is clogged with wax, he said. Cold water cannot reach that ear's labyrinth, but does reach the labyrinth of the unclogged ear. This sets up two different unbalanced reactions and produces dizziness and inability to tell body position.

**Tourist Spot**  
**LANSING, MICH.**—A million tourists yearly visit the cascades in Sparks Foundation Park of Jackson, Michigan. The waterfalls extend 500 feet, and drop 64 feet in eleven falls. At night more than a thousand magical colored lights floodlight the falls and fountains.

## How Standard's research helps put jet aircraft in the stratosphere

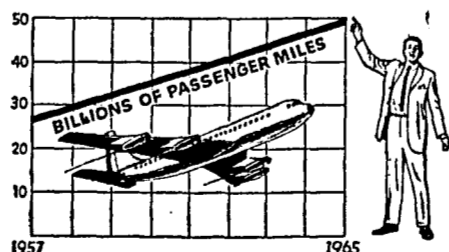

Standard's new synthetic oils help conquer withering jet heat and stratospheric cold.

TEN MILES UP WHERE THE JETS FLY there's a world few men know. Temperatures from 70 to 100 below zero make ordinary lubricants thick and sluggish on controls that must respond instantly. But within jet engines, moving parts must be protected against withering heat up to 600° Fahrenheit.

Standard has "built" synthetic oils that stand up under both extremes. In less than five years these oils will be helping jet airliners whiz you safely to your destination, farther, faster, and more comfortably than ever before. We've been working toward that day since 1942 when Standard supplied the fuel used in the first jet flight in the United States.

Progress in the West means ...

## Air travel will nearly double by 1965

Jet airliners will carry twice as many passengers at twice the speed of conventional planes. Standard is getting ready now for 1965 when U.S. civilian and military demand for jet fuel will surpass aviation gas by more than 300,000 barrels a day.

### Mind, Not Body, Slows Down Your Athletic Ability

LOS ANGELES—Don't blame age for slowing you down in athletics—blame your own laziness.

Dr. Laurence E. Morehouse, professor of physical education at the University of California, Los Angeles, said studies of individuals who have continued physical activities throughout their lives show that men 70 or 80 years old can perform physical feats as well as men of 20 or 30.

The secret, he said, lies not in any magic dietary formula, such as eating homogenized artichoke hearts with yoghurt, or in hygienic rituals, like taking cold showers at four in the morning, but in everyday, enjoyable physical activity.

Those who are accomplished at twirling in office swivel chairs but at little more are offered hope for their athletic resurrection.

"Any adult who wants to get in good enough condition to enjoy some sport or other can do so at any age," Dr. Morehouse said. "Of course he can't start where he left off when a youth, and he must build up gradually, but he'll end up enriching his life through enjoyment of sports."

Dr. Morehouse, a 43-year-old golf and tennis enthusiast, said a person who is 40 today can look forward to 40 more years of active participation in athletics.

"It's not too late to start lessons in tennis, swimming, golf, and the like," the physical educationist said. "Start out easy, play with people of your own achievement level, and within two or three years you can become an excellent performer."

### More 'Rithmetic Will Be Needed

ST. LOUIS, MO.—Newspaper and science editors believe that "tomorrow's citizens" will require a "greater knowledge of arithmetic than their parents to get along." This is one point disclosed in a survey conducted by W. MacLean Johnson, president of the Webster Publishing Company. Citing the increasing complexities of today's living—taxes, social security, union dues, installment buying, payroll deductions and other items requiring a working knowledge of arithmetic, more than 70% of the editors responding felt that more knowledge of arithmetic will be required of the next generation.

Even more emphatic were the editors in the belief that today's shortage of engineers is due to several factors, including: "The present attitude of some pupils (and perhaps teachers) that arithmetic is a dull subject." More than 90% of the editors felt that this attitude was among the factors responsible for today's shortage of engineers.

### America Is Still Land Of Wide, Open Spaces

America is still a land of wide open spaces, whatever contrary impression may be given by the big growth in population over the past decade and our rapidly-spreading urbanization and industrialization.

Figures compiled by the U.S. Department of Agriculture on major uses of land in the United States show that all urbanized areas together take up less than 20 million acres, or just about one per cent of the nation's entire land area of 1.9 billion acres. Urban areas are towns and cities of 1,000 population and over.

About 25 million more acres are involved in such necessities of modern civilization as highways and roads, railroads and airports. To this can be added an estimated 10 million acres occupied by rural villages and towns with populations of 100 to 1,000.

### Shorter Terms Are Best When Buying New Auto

Automobile buyers are serving their own best interests when they make larger down payments and schedule monthly payments for the shortest period of time, declares the American Finance Conference, national trade association of automobile sales finance companies.

Urging the 66 per cent of the American public who buy cars on time to seek shorter rather than longer terms, the Conference points out that:

Making the largest possible down payment will reduce the balance to be paid in monthly installments.

Paying the contract in fewer months will build greater owner equity more quickly and eliminate the additional charges for longer terms.

### Nation of Autos

NEW YORK—The motor vehicle has become the principal passenger carrier in the U.S., accounting for six out of every seven passenger-miles of travel outside of cities and for three out of every four passengers transported within urban areas.

Friday, Glen Hough of Colfax was an afternoon caller in the Dick Parsley home.

Week-end guests in the Dick Parsley home were Mr. and Mrs. Dale Parsley of Lewiston and Mr. and Mrs. Jack Parsley of Kendrick.

Mrs. Bill Zimmerman and children, Mrs. Stewart Wilson, Mrs. Billy Wilson and daughter and Mrs. Vernon Snyder and sons spent Monday with Mrs. Fred Zimmerman on Texas ridge.

Mr. and Mrs. Kirk Wilson of Kendrick called at the Bill Zimmerman home Sunday evening.

**Why Go To Church?**  
 This question has been frequently asked of me. "Why go to church?" I have been told by a few persons that "one does not have to go to church to be a good Christian." This may be true to a certain extent, but only a very small extent.

I cannot really, in such a short space, justify adequately the benefits derived from attending church, but I will offer some brief comments. First of all, I commend people for asking themselves such questions as this one. It shows honest searching and intellectual growth — a very healthy activity!

If we call ourselves Christians — church attenders or non-attenders, then we must believe in Christ, his teachings, the fruitful efforts of St. Paul, who actually established Christianity, and the labors of other such "fathers" of our faith. Read your New Testament; you will discover the intrinsic value of going to church; of being with others in worship.

Church is the Temple of God, wherein we rediscover Him and capture a greater vision of his work. In church we worship with others who believe as we do. In church we are united in Christian fellowship, a beautiful experience, a wonderful relationship. It is a better means of strengthening our faith which we desperately need. We grow together spiritually — this is important. Here our spiritual needs are satisfied through song, meditation, prayer and a message of Christian discipleship. What's more, we can all participate — together.

These are only a very few reasons why I deeply feel that we should go to church, and go regularly. I challenge you to discover this for yourself. — John Emerson.

**Watch Social Security Records**  
 Lewiston — Disabled workers in the Moscow, Lewiston and Grangeville areas who have not yet filed to establish their disability under the social security law should do so as soon as possible. Marlow V. Wootton, manager of the Lewiston social security office emphasized that failure to file an application can result in loss of benefits.

## HELLO, FOLKS:

Going fishing or taking a vacation trip over the 4th? If so, now's the time to bring in your car or pickup, as the case may be (or both), for a grease job, oil change, and general service. Of course, if you're vacationing in your car, bring it in for a wash and wax job, too. The cost is low and the satisfaction large. With every wash job, we vacuum clean the interior. Drive a car of which you can be proud.

Two lions escaped from the zoo in Washington, D. C., and didn't meet again for three months. One was fat, the other nothing but skin and bones.

Said the Skinny Lion: "I never saw you looking better. How in the world do you manage it."

Replied the Fat Lion: "I've been

hiding in the Pentagon, and eating a colonel a day. So far, nobody's noticed it!"

Don't take that vacation trip or fishing trip over the 4th on "skin tires." Come in and figure with us. You'll be surprised at how little it will cost you to drive in comfort and safety on those famous U. S. Royals!

Head Clerk: "I am very sorry to hear of your partner's death. Would you like me to take his place?"

Manager: "Very much if you can get the undertaker to arrange it."

A lovelorn porcupine was taking an evening stroll when he bumped into a cactus.

"Is that you, dear?" he whispered.
