Rape and grasses have been arriving at the Geo. F. Brocke & Sons warehouse in Kendrick for some days now, the first of this, a load of rape of good quality, was brought in by Marvin Vincent, Leland, on Monday, July 8th. Quality of both rape and grasses is good, but the problem with these growers has been aphids which this year have hit rape, clover, lentils and peas with impartiality creating a terrific problem for the grower as well as the processor.

Warehousemen say that grasshoppers are "unusually large and juicy" this year, and a very considerable quantity of them accompany every load of barley or wheat! If you're planning on a fishing trip, go down to the warehouses and get yourself a good supply of grasshoppers they're "free and easy!"

HELLO, FOLKS:

Well, here we are, with the "jolly old harvest season staring us right in the face!" Are you ready? Have you checked your supplies of gasoline, diesel fuel, oils, greases and lubricants? Are you ready to pull into the field? If you're not sure, then check up today - pick up your phone and call us at 1251 and we'll be there with the necessary items — and, to be sure, they'll be Union Products!

The second floor tenant called the party living below and shouted: "If you don't stop playing that blasted saxaphone I'll go crazy."
"I guess it's too late," came the sad reply, "I stopped an hour ago."

Ready for harvest? How are the tires on your pickup or truck? Will they do the necessary hauling

and on time? If you're not sure, come in and let us figure with you. You'll be surprised at how cheaply you can own a set of those famous U. S. Royals. They ll make schedule trips possible!

A Texan passed away and upon arriving at the gates of his eternal home, remarked: "Gee, I never thought heaven would be so much

like Texas!"

"Son," said the man at the gate sadly, "This ain't heaven."

Let us lubricate your car, change oil, wash and wax it before you start on that vacation trip. Drive in security and pride with Union Products and Service.
