INTERESTING NEWS NOTES FROM THE SOUTHWICK AREA

Spook Party Hallowe'en

Thursday evening the witches and goblins rode their broomsticks and big black cats — to come "trick or treatin'" around the neighborhood. With sacks full, they all joined in a "spook party" held at the Southwick Ladies Aid hall, given by the Young People of the Southwick Community Church. A wonderful time was had by all.

Lawrence Families Honored

Mr. and Mrs. Albert Lawrence, recently of Seattle, but who are now making their home here on the Lawrence ranch, were honored Tuesday evening at a pot-luck supper and wedding shower held in the Ladies Aid Hall.

Mr. and Mrs. Oscar Lawrence, now residents of Lewiston, were presented a gift from the members of the Southwick Homemakers Club.

Hostesses for the evening were the club members.

Mother and babe are doing nicely.

Kids Enjoy Hob-Goblin Parade

It was hard to tell who was having the most fun Hallowe'en evening, when the youngsters and their escorting parents began gathering at the Kendrick Community Church for the annual Hob-Goblin Parade and party. First prize winners for the affair were announced as follows: Smallest, Steven Eichner; tallest, Tommy Cuddy; fattest, Ralph Lee; prettiest, Debbie Johnson; ugliest, Donnie Meserve; silliest, Dean Brocke; funniest, Eddie Hoisington; best witch, Deana Hollenbeck; best ghost, Gary Renfrow; most original, Dana Magnuson; good costume but no category, Douglas Clayton.

SHORT LOCAL ITEMS OF MORE THAN PASSING INTEREST

Burglary Try Is Admitted

Boise — A Lubbock, Tex., man pleaded guilty in U. S. District Court Monday to attempted burglary of the Farmers Bank in Kendrick, Idaho, in early August.

Judge Chase A. Clark ordered a pre-sentence investigation in the case of Elmer L. Long, who was arrested in Texas and returned to Idaho over the week-end.

Dick Dean Anderson of Lewiston is free on bond on the same charge and is to be arraigned Wednesday in Moscow, where Clark will open a term of court that day.

Assistant U. S. Atty. R. M. Whittier said Long told him that he and his companion tried to break into the bank by working on a door, but fled because of a barking dog.

Long was arrested Oct. 7 at Plainview, Texas, in possession of a 1935 four-door sedan owned by Jack Schlee, Uniontown, Lewiston police said.

Mrs. Schlee, in reporting theft of the car, stolen from the D. St. parking lot Sept. 6, said it was the first time she could remember leaving the keys in the ignition.

Police Chief Frank Hunt said Federal Bureau of Investigation agents have informed him that the stolen car charge still is pending against Long. — Lewiston Tribune.

Bridal Shower

A bridal shower honoring Maxine Slind was held last Thursday evening in the home of Mrs. W. L. McCreary with the Mesdames Johanna Nelson, Claude Jones and John Johanson as co-hostesses.

Guests were entertained with several competitive fun games. Those winning prizes were Mrs. Charles Parks and Mrs. R. L. Blewett.

Following this activity the honor guest, assisted by her mother, Mrs. Oscar Slind, opened and displayed her lovely gifts.

The evening closed with the serving of refreshments by the hostesses.

Miss Slind was the bride-elect of Harmon Sommer, and their wedding took place Saturday, Nov. 2, in the Bethany Lutheran Church on Big Bear ridge.

Home After A Year

It was a glad home coming Tuesday when Sgt. Chas. Bowers stepped off a plane in Lewiston and was met by his wife (nee Marlene Wilken). It had been just a year since he left for Thule, Greenland, and their baby girl was then only three months old.

Sgt. Bowers will be stationed at Fort Lewis, Wash., reporting Nov. 11. Mrs. Bowers and daughter will accompany him to make their home at that base until his "hitch" with Uncle Sam is over.

Public Sale Friday

On another page of this issue will be found the announcement of a public sale by Andrew Marvin, at the Cavendish store, on Friday, November 8th, commencing at 10:30 a. m.

Mr. Marvin has a variety of farm machinery to offer, including a wheel tractor, a crawler tractor, a self-propelled combine, plows, discs, seeders — in short everything that a farmer might need in his operations.

It is undoubtedly the last sale to be scheduled this year.

Lunch will be available on the grounds.

Helping In Bank

Mrs. L. D. Crocker has been ill with the flu for several days, Mrs. Jack Lohman is assisting at the bank during her absence.

WHAT JULIAETTA FRIENDS ARE DOING THESE DAYS

(Delayed)

Mrs. Laura Irwin and Mr. and Mrs. Wm. Carlton Sr., drove to Palouse, Sunday, where they helped Mr. and Mrs. D. E. Buckallew celebrate their 47th wedding anniversary.

Week-end guests in the Cecil Gruell home were Mrs. Christine Henrichs of Nampa; Mr. and Mrs. Geo. Clausen of Walla Walla, and Lewis Otto-son of Lewiston.

Mr. and Mrs. David Peterson visited with relatives in Coeur d'Alene over the week-end.

Mrs. Laura Irwin visited Sunday evening and through Thursday with the John Hill family in Lewiston.

Wins Essay Award

Fort Jay, Governor's Island, New York, Oct. 23 (Official) — Judy Mills, daughter of Major and Mrs. Stanley, Mills of G-2 Section, Fort Jay, was presented with the Fire Prevention Essay award by Col. James T. Maloney, post commander. The award included a medal and certificate signed by Fire Chief John J. West.

Judy Mills attends Public School 26 located on Fort Jay. She is a granddaughter of Mr. and Mrs. Ira Havens, Juliaetta, former Kendrick residents.

School Attendance Down

Unofficial reports have it today, (Monday, Nov. 4th) that only 60 students were attending our school, due to colds, flu, or virus infections of some sort. This is over half the number of students enrolled. We hope the threat is not serious, but it is surely taking a toll of attendance.

First Killing Frost

November 1st was our first killing frost of the season. However, we can't complain, as it has been a lovely fall to date.

Everyone is busy now cleaning, burning, digging up plants and storing bulbs for winter — and the brisk autumn air feels good for a change.

Saves Grandparents Home

Carolyn Davis, 12-year-old granddaughter of Mr. and Mrs. Gordon Penland, and "Nicky," her pet parakeet, were credited Friday with saving the home of her grandparents from fire.

It is said that the Penland home might have burned to the ground had it not been for the quick work done by the girl and the bird.

Carolyn, alone in the house, was taking a bath, when "Nicky" began chirping wildly in the living room.

The bird put up such a fuss that Carolyn got out of her bath to investigate.

Finding the living room ablaze, Carolyn dashed back to the bathroom, saturated towels in water, and succeeded in smothering the flames.

Mr. and Mrs. Howard Hutchison and A. Kremmins, who happened to be passing by, saw the smoke and rushed in to assist the girl in extinguishing the blaze.

The cause of the fire is unknown, but it began somewhere around the stove. Damage was confined to the living room area.

General News

Mr. and Mrs. Loyd E. Ware of Kendrick were Sunday dinner guests in the home of Mr. and Mrs. Ray Taylor and family.

Mr. and Mrs. Dave Morton and daughters of Troy were Sunday evening supper guests in the home of Mr. and Mrs. Otto Schupfer.

Mr. and Mrs. Roy Whittum and son and Mrs. Kenneth Gruell and daughter visited Thursday and Friday with relatives at Edgemere, Wash.

The W. S. C. S. of the Juliaetta Methodist Church will meet on Wednesday, November 6th, at the home of Mrs. Ira Havens, who will also be the hostess for this meeting.

Mr. and Mrs. Floyd Lawrence of Deary were Monday afternoon callers in the home of Mr. and Mrs. David Peterson.

Minnie Heitmann of Lewiston is visiting a few days in the homes of Mr. and Mrs. H. E. Brammer and Mr. and Mrs. Carl Koeppe.

Mrs. Laura Irwin reports that her son-in-law and daughter, Mr. and Mrs. John Hill of Lewiston, left Monday by train for Missoula, Mont., where he will enter the railroad hospital for treatment. He was injured in a fall while working as a switchman at Lewiston.

Miss Rosalea Whittum of Spokane was a week-end guest in the home of her father, Mr. and Mrs. Roy Whittum and son.

Mr. and Mrs. W. B. Spray and daughter Marilyn of Walla Walla visited Sunday in the Wm. Carlton, Sr. home.

Sunday visitors in the home of Mr. and Mrs. Cecil Gruell and her mother, Mrs. Mary Ottelson were Mrs. Emma Klumber and Mr. and Mrs. Peterson, all of Spokane; Mr. and Mrs. G. Wilbur Lee and Mr. and Mrs. Roy Ribble of Clarkston, and Lewis Otto-son and a friend from Lewiston.

Mrs. Abner Corkill of Troy spent Tuesday through Friday in the home of her son-in-law and daughter, Mr. and Mrs. Ray Taylor and family — caring for her daughter and family, while they were ill with the flu.

Linda Wunderlich of Orofino was a week-end guest of Jeanene Weber.

Mr. and Mrs. Wm. Keimig and family of Spokane were week-end visitors in the home of Mr. and Mrs. Chas. Nelson.

Mr. and Mrs. Arley Allen moved over the week-end from their former home on Cedar ridge to their new home here — purchased from Mr. and Mrs. A. W. Bailey. On Monday Mr. and Mrs. Earl Langdon of Los Angeles were over-night guests of the Allens.

SHORT NEWS ITEMS FROM OUR LOCAL SCHOOLHOUSE

Juliaetta Elementary Closes

Due to the large number of students absent because of illness, the Juliaetta Elementary School has been closed for the rest of the week. On Monday there were 60 absent from an enrollment of 133; Tuesday there were 73 absent — only 60 in school! A six-day vacation should allow time for most to recuperate.

The Kendrick and Southwick schools reported attendance normal or above.

Monday is a school holiday, by order of the State Department of Education.

Checks Are Given For Health

Ladies of the P.-T. A. spent Tuesday giving Eye, Ear, Height and Weight checks to the Junior and Senior High school students. These were preliminaries, under the supervision of Mrs. Josephine Dustin, Latah County Health Unit. All questionable cases will be more thoroughly checked later by Mrs. Dustin.

Those assisting were Mrs. Robt. Nelson, P.-T. A. president; Mrs. Wm. Johnson, Mrs. Ben P. Cook, Mrs. R. L. Blewett, Mrs. Ager Swan, Mrs. Dean Hollenbeck, Mrs. Robt. Watts, Mrs. Howard Hoffman, Mrs. Elmo Eldridge and Mrs. E. M. White.

Carnival Is Success

The Kendrick High School Student Body wishes to thank one and all who made their recent carnival successful. The attendance was down considerably from former years, due to illnesses, yet approximately 200 young and old funsters spent \$47.65.

The High School Student Body realized almost \$200.00 profit from the evening's fun.

Mrs. Deobald Ill

Mrs. Elsie Deobald is a victim of the flu, and has been absent from school so far this week (Tuesday eve). Mrs. Nora Callison is substituting for her.

Mrs. Winifred Kluckholm was also out last week due to illness, and Mrs. Callison was again dispatched to the scene, again substituting.

Tests Are Given

Kenneth Lauder milk of the Idaho Employment Service, Lewiston, gave aptitude tests to 18 Seniors on Thursday, Oct. 31.

Artist Entertains At Schools

Randall Johnson, advertising manager for the Washington Water Power Co., Spokane, was the featured entertainer at two schools in this district Thursday of last week.

Mr. Johnson, whose show is just a hobby, calls his entertainment "Uncle Randy's Art Lecture and Cartoon Show." It is pitched for children from the first through the eighth grades.

It was most thoroughly enjoyed by all. The children discovered through it just what could be made from lines and circles by little "additions" here and there.

"Onions In The Stew"

The Junior Class play, "Onions In The Stew" presented in the K. H. S. gymnasium last Wednesday evening was enjoyed by a full house.

The rollicking comedy which portrayed an average American family with two teen-age daughters, who kept everyone in a dilemma including their parents and boy friends — struck a familiar note to many present!

The cast and director, Mrs. George Merrick, are to be congratulated on a "fine job well done."

The characters were very well chosen and all turned in a splendid and enjoyable performance.

Juliaetta Grade School News

School Sale Is Success

The Juliaetta School Sale was held Saturday evening with a fair crowd in attendance. Proceeds from the sale amounted to \$124.60. This amount is practically all net, and will be used for school purposes, as in past years. Again: "Thank you," to all who helped with this project.

Hallowe'en Parties

The Room Mothers held parties in the various rooms on Hallowe'en following the last recess. Each child dressed in Hallowe'en costumes and beginning with the first grade, serpentine through each of the rooms.

Finally, after the children from each room had joined the parade they marched in single file down as far as the postoffice. Upon returning to the school house the children and teachers were treated to cookies and candy. The children thoroughly enjoyed the afternoon.

The first grade room was awarded the costume prize.

Those who had perfect attendance during the first nine-week period were: First grade — Patti Watts, Donny Brown, Floyd Davis, Dennis Deobald, Velda Kechter, Kay Osborn, Marcella Osborn, Skippy Arnett, Loren Hoffman, Bradley Thornton and Lorraine Dawson.

Second Grade — Janet Schmidt, Carolyn Siffow, Walter Phillips, Gary Pea and Diana Bateman.

Third Grade — Nancy Hoisington, Pat Johnson, Danny Fey, Roger Kechter, David Wilson and Joan Thornton.

Fourth Grade — Norma Emmett, Linda Hoisington, Frances Polunsky, Jane Westendahl, Janet Westendahl, Tommy Cuddy, Ralph Lee, Judy Thornton and Kathy Siffow.

Fifth Grade — Dean Brocke, Charles Lackey, Jerry Polunsky, Ricky Rogers, Richard Wilson and Fonda Schoeffler.

To Enroll In California

Devin Calvert of the second grade went to Spokane with his grandfather last week, and will soon join his father in California, where he will enroll in school.

Weather Turns Nippy

The weather this past week can best be described as a "glorious fall" with bright sunny days, and clear, cold nights. The mercury indicator has been hitting a bottom of from 20 to 22, and during the day climbing to the middle 50's.

There has been a heavy white frost each night supplies just the amount of moisture farmers need to keep pastures "greening up," yet producing no ground heaving. Some are still quite busy with late fall work, but the major part of this is now complete.

Local residents are busy almost every spare moment raking leaves, cleaning and burning — not to mention mowing lawns, in preparation for winter.

PERSONALS AND NEWS BITS ABOUT KENDRICK FRIENDS

Mrs. Eva Perryman returned Friday from a three-week trip to Indiana and Michigan, where she visited in the home of her son and family, and daughter and family.

Lt. Commander and Mrs. John Wallace, U. S. N., stationed at Denver, Colorado, arrived here Monday to visit until Friday in the home of his parents, Mr. and Mrs. L. A. Wallace, and with other relatives close by. They return to Denver, Friday, where he will wait re-assignment to another post.

Sunday Mr. and Mrs. Jack Travis, Mr. and Mrs. Oral Craig, Miss Carol Mae and Ronald Craig attended the Silver Wedding Anniversary Open House of Mr. and Mrs. George Baugh at Orofino.

Lewis Jazzman of Spokane was a Tuesday over-night guest in the home of Mr. and Mrs. Oral Craig.

Injured In Car Accident

Sunday, A. W. Hartung of Oakland, Calif., called to tell Mr. and Mrs. Walter McCall that his wife had been struck by a car, Saturday.

As near as could be learned Mrs. Hartung was standing on the sidewalk when a two-car collision took place in front of her. One of the cars involved bounced and struck her. She suffered a fracture of both bones in one leg, and possible internal injuries, the extent of which had not been determined at the time of his call.

Night Shift Begins

The Mead & Howard Lumber Co. at Kendrick began a night shift on Wednesday evening of this week. The company has an ample supply of logs on hand to insure continuous operation even if the weather should become inclement and prevent further log hauling.

Small Industries Are Needed

There is a definite need for new, small industries in the Inland Empire to make use of raw materials and by-products now being shipped out of the area for processing, a survey being conducted by the Washington Water Power Co. revealed this week.

Albert Gruber, W. W. P. technical research analyst, reports that the company's "Industrial resources" survey among 500 major businesses in this area shows that most of the Inland Empire's "Big Three" industries — agriculture, mining and forest products — now market more than 95 percent of their production outside the Inland Empire.

Most frequently mentioned in the answers to the question "what new industries do you think could possibly locate in this area?" were "more manufacturers of light metals products, pulp mills, particle board and chip board plants, automobile assembly and aircraft plants."

"If a high level of employment is to continue in this section of the Northwest," Gruber said, "it will be vitally necessary for every community in the Inland Empire to take stock of where its industrial and commercial growth is going to come from."

A recent study by the University of Washington business research department, he said, indicates that the state of Washington is more dependant than most states on federal expenditures as a basic source of income and employment for its residents.

"In 1954, it was estimated that one out of eight employed persons in the state worked directly for the government. This is higher than Oregon, California, or the nation as a whole. Variations in government spending could and have created variations in the state's economic health. One of the most obvious answers to stabilization of this problem is for each community in the state to go to work in obtaining a greater variety of small industry and to overcome the problem of distance to major U. S. markets by producing a superior finished product at less cost."

Gruber said that it has been demonstrated many times in America that a small community can "bounce back" after a prolonged economic decline by building resources the community has to offer to the specific need of a manufacturer or processor and creating a business climate favorable to his operational needs.

The W. W. P. Co. expects to have its resources survey completed by the first of the year, he stated.

"A further analysis of this study should provide highly useful information to the many groups in the Inland Empire interested in the industrial growth of their communities," he predicted.

Word From Mrs. John L. Woody

From Clarkston, written by Mrs. Virgil Fleshman, comes the following brief note about a well known former resident of American ridge, Mrs. John L. Woody:

"Mother has had the flu and its after effects are keeping her confined to the house. She is still weak, though up and about, and continues to improve.

"All of us enjoy the Gazette and would miss it very much if we did not get to read about our old friends. Our best wishes to you and to all the others we know."

Dinner Honors Anniversary

Mr. and Mrs. Fred Gladen entertained at dinner on Sunday, Nov. 3, honoring the birthday anniversary of their son, LeRoy.

Guests were Mr. and Mrs. LeRoy Gladen and daughter Linda Kaye, of Moscow; Mr. and Mrs. Robert Clemenhagen and daughter Lorraine, and Mr. and Mrs. Albert Clemenhagen, the latter of Juliaetta.

Train Removal Protested

In Tuesday morning's Lewiston Tribune there appears a long article concerning that city's fight to prevent removal or discontinuance of passenger train service between Lewiston and Ayer Junction, which provides connections direct to Portland.

Atty. Gen. Graydon W. Smith of Boise accompanied a group of Lewiston residents on a tour of the Camas Prairie and other north central Idaho points Tuesday in an effort to prevent discontinuance of Union Pacific passenger train service to Lewiston.

The Idaho Public Utilities Commission and the Public Service Commission of Washington will join in a hearing on the question in Lewiston Nov. 21 and 22.

Both states will be affected by the proposed elimination of the daily round-trip passenger trains between Lewiston and the junction point, 89 miles west on the Snake river. At this point connections are made with trains to the east, south and the Pacific coast.

Smith, who arrived in Lewiston on Monday night, said he and members of the Railroad Removal Protest committee will interview officials in those communities which have expressed interest in the question. Among those being contacted are county commissions, service club representatives, city council members and county prosecutors.

Our Note: Occasionally local residents make use of this service, particularly to Portland, so we, too, should be interested. Also, let's not forget the fine help Lewiston gave us when we were threatened with the loss of our railroad "bug" some months past.

Three New County Agents

U. of I. Moscow — A new county agricultural agent for farm forestry at St. Maries was among the off-campus University of Idaho appointments announced this week by President D. R. Theophilis.

The new agent, who succeeds Frank Schoeffler, comes from the Soil Conservation Service staff at St. Helens, Ore. Previously he had served with the Idaho State Forestry department, and with a pulp-wood firm in Maine. A graduate of Rutgers University, he has a Master's degree from Duke University.

The two new home demonstration agents are Margaret Looftis for Gooding county, and Elizabeth Rettig for Owyhee county. A native of Grangeville, Mrs. Loomis formerly taught at Weiser, Dietrich and Council. She is a University of Idaho graduate. Mrs. Rettig was formerly a home demonstration agent for Latah county. A graduate of Kansas State College, she has also taught in Kansas.

Marjorie Menzel was appointed assistant seed analyst in agricultural extension at Boise, succeeding John Turner, who has been promoted to analyst. Mrs. Menzel, who studied seed testing at Oregon State College, has been on the staff of Montana State College.

Kendrick Grange Meets

The regular business meeting of the Kendrick Grange was held Tuesday evening, Nov. 5th, with the principal order of business installation of officers, as follows:

Herman Johnson, master; Dick Cuddy, overseer; Marvin Vincent, steward; Barbara Clayton, lecturer; Elsie Onstott, chaplain; Wilbur Corkill, assistant steward; Millie Corkill, lady assistant steward; Manning Onstott, treasurer; Aileen Johnson, secretary; Claude McGary, gatekeeper; Marjorie Eldridge, cress; Mrs. R. G. Polunsky, pomona; Anne Weyen, flora; Gerald Ingle, executive committeeman and Grace Ingle home economics chairwoman.

Installing officer was Ralph White of Moscow, assisted by Mrs. Ralph White. Visitors for the evening were Mr. and Mrs. Ralph White and Mr. and Mrs. Roy Handlin, all of Moscow, and Hugh Parks of the Lapwai Grange.

After completion of the installation Mr. Parks, who is a State Grange Executive Committeeman, addressed the group, telling of the State Grange activities in Boise.

Pomona Grange will be held in Kendrick on Saturday, Nov. 9, beginning with a 6:30 dinner. Anyone wishing to take the 5th Degree please attend.

At the next regular meeting, Nov. 19, the Grange is planning, in cooperation with the P-T. A. Lions Club and W. S. C. S., an Open House which will feature a United Nations Observance program, with a speaker from the University of Idaho.

Plenty of "Muttnicks" Here

There seems to have been a great deal of furor created by the latest Russian satellite carrying a dog, which the American press seems to have nicknamed "Muttnick."

It's too bad the Russians didn't visit Kendrick to get their passenger, for we indeed have a most bountiful supply — most of whom apparently belong to no one — as they roam the streets day and night.

Last — But Not Least

Don't forget the Kendrick W. S. C. S. bazaar and dinner, scheduled for Nov. 14th. Lots of fancy work and novelty items — plus a turkey dinner, with serving to begin at 5:30 p. m. 45-1

Considering Paper For Troy

Mr. and Mrs. Charles Stellman and a family friend, Mr. Stone, are spending some time in the Troy area considering the possibilities of establishing a newspaper there.

The Stellmans have resided at Potlatch since early August, and previous to that at Ocean Beach, Ore. They expect to reach a decision on the matter soon.

Monday Mrs. Stellman and Mr. Stone were callers in the Gazette office.

Back In Hospital, Recuperating

Mrs. Louis Wright, who underwent major surgery some two weeks ago, and who had been brought home, was returned to the Gritman Memorial Hospital at Moscow, Sunday, for further treatment.

Latest word is that she is again doing nicely and should be home soon — to stay.

Grandparents Again

Mr. and Mrs. Oral Craig have received word from Glendive, Mont., that they are again grandparents — a 6½ pound son, having been born to Mr. and Mrs. Neil Craig at that city on Nov. 4th.

The little man joins two brothers.

A Daughter Arrives

Mr. and Mrs. Paul Hall, Clarkston, announce the arrival of Mary Lou, born to them Nov. 1 at the Fred Glenn home. The little Miss weighed 7 pounds.

Both mother and babe are doing nicely.

Leland Homemakers Club

The Leland Homemakers Club will meet with Mrs. Wilbur Tarbet on Wednesday, Nov. 13, at 1:00 p. m. Mrs. Ruth Heimgartner will give a "Glow Candle" demonstration.

Good Try

During a Geography class the teacher asked:

"Willie, can you name the principal river of Egypt?"

"It's the Nile, ma'am," Willie said.

"That's right. Now can you tell me the names of some of the smaller tributaries?"

Willie hesitated, then smiled:

"The juveniles?"

CHEVROLET INTRODUCES IMPALA

Chevrolet offers in its 1958 Bel Air series two Impala models, named after and strongly reminiscent of a "dream car" in the GM Motorama. This is the Impala sport coupe, distinctively styled from any angle, and setting a new standard for interior luxury in the low-price field. A new engine, new frame and two new suspension systems are but a few of the many chassis advances. Impalas are grouped with the Bel Airs, one of four new series of Chevrolets this year.

The 10 Commandments of Safety

- 1 Treat every gun with the respect due a loaded gun. This is the first rule of gun safety.
- 2 Guns carried into camp or home, or when otherwise not in use, must always be unloaded, and taken down or have actions open; guns always should be carried in cases to the shooting area.
- 3 Always be sure barrel and action are clear of obstructions, and that you have only ammunition of the proper size for the gun you are carrying. Remove oil and grease from chamber before firing.
- 4 Always carry your gun so that you can control the direction of the muzzle, even if you stumble; keep the safety on until you are ready to shoot.
- 5 Be sure of your target before you pull the trigger; know the identifying features of the game you intend to hunt.
- 6 Never point a gun at anything you do not want to shoot; avoid all horseplay while handling a gun.
- 7 Unattended guns should be unloaded; guns and ammunition should be stored separately beyond reach of children and careless adults.
- 8 Never climb a tree or fence or jump a ditch with a loaded gun; never pull a gun toward you by the muzzle.
- 9 Never shoot a bullet at a flat, hard surface or the surface of water; when at target practice, be sure your back stop is adequate.
- 10 Avoid alcoholic drinks before or during shooting.

Protective Insurance
On another page of this issue will be found a page ad. giving detailed information concerning hospital and surgical protection which will soon be available to residents of this county. This plan of protection against the expense of hospital and doctor bills is said to have benefited residents of many other communities. The protection has been widely endorsed for its liberal coverage for hospital and surgical bills. Many residents of this state are said to have received benefits for hospital and doctor bills incurred because of operations.
One of the most effective means of combating socialized medicine is the ever-increasing number of families who are protecting themselves by participating in a voluntary plan of hospital and surgical protection. Most authorities believe that the American people want to choose their own plan of protection against hospital and doctor expense, rather than be forced into a system of government controlled medical or hospital care.

GOLDEN RULE

Nov. 5 — Some 58 people gathered in the Southwick Aid hall for a pot-luck supper honoring Mr. and Mrs. Albert Lawrence, welcoming them to our midst — and a farewell to Mr. and Mrs. Oscar Lawrence and Caroline, who are now making their home in Lewiston. Mr. and Mrs. Albert Lawrence were also honored at a miscellaneous shower at the same time. Everyone enjoyed a good time.
Mrs. Roy Martin returned home from Lewiston Tuesday evening, the doctors having sent her home for a physical buildup before surgery.
Mrs. Ernest Cowger called at the Chas. Baack home Tuesday, and was a luncheon guest in the Alma Betts home.

Mrs. George Finke and Mrs. E. A. Kite visited with Mrs. Elmer Souders Tuesday afternoon.

Mr. and Mrs. D. V. Kuykendall were Elk River visitors on Wednesday.

Mr. and Mrs. Bud Adamson and daughters were Lewiston visitors on Saturday. They visited with their father, Fred Stage, enroute home.

Mr. and Mrs. Lyle Bashaw and daughters and George Wolfong of Orofino were Sunday visitors in the Roy Martin home. Mr. and Mrs. Bill Elben and family of Lewiston were also callers.

Wm. Kauder and Chris Tschantz were dinner guests in the Alma Betts home, Sunday.

Rick and David Wilson of Kendrick are staying with their aunt, Mrs. George Finke, again this week. Mrs. E. A. Kite is also staying with Mrs. Finke while the men are on a big game hunt.

The Teakean Evergreen Grange members are urged to come out on Saturday, Nov. 9th. There will be a card party following the regular meeting.

Mr. and Mrs. D. V. Kuykendall were busy over the week-end — entertaining hunters.

Mrs. Ernest Cowger and daughters spent the week-end in Lewiston with her mother, Mrs. Walcott, while Ernest and son Dave went to the Salmon river country on a big game hunting trip.

Mrs. D. V. Kuykendall and Alma Betts assisted Mrs. Roy Martin at a chicken dressing bee, Tuesday.

Irrigation Can Be Profitable
Increase Profits On Specialty Crops

Irrigation may be profitable on sandy soils where the water supply is close or where specialized crops are grown, says R. C. Hay, University of Illinois agricultural engineer.

On major crops in most of the Illinois soils there is no great need for irrigation, as the soil can hold enough capillary water to give sufficient plant growth. Irrigating soils like clay loam would not increase yield enough to pay for the equipment and labor.

Irrigating high-value specialty crops and hybrid seeds, however, will increase profits enough to justify the cost of expensive equipment.

Availability of plenty of water is often the major problem in irrigation. It takes plenty of water to do the job.

Hay says water supply is usually the major problem in irrigation. If you are located along a large stream of water or over a high well-water table and have a sandy soil that won't hold capillary water, it would probably pay you to irrigate.

If you intend to have an irrigation well, it must have a minimum capacity of 500 gallons per minute. It takes 27,000 gallons of water to put an inch of water on one acre of land.

The irrigation well will cost as much as \$30 a foot to develop, and the pump and power unit will cost \$2,000 or more. The pipe, sprinkler heads and fittings to irrigate a 160-acre tract of land will cost about \$13,000 on the average.

Feeding From Farm Ups Beef Profits

Corn silage can be worth up to \$200 an acre when it produces yields of 18 to 19 tons per acre and is fed to quality beef cattle.

That's how Warren Huff figures he can make the best return from his 240 acres of crop land.

According to John Doneth, extension farm management specialist at Michigan State University, Huff is aiming for this kind of return with silage by using a high-powered fertility and soil improvement program on a straight corn rotation.

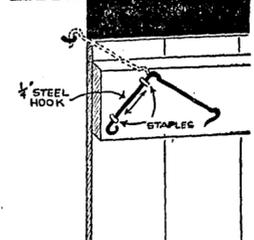

Besides that, Huff is an experienced hand at feeding quality cattle and has some top-notch ideas about labor efficiency, says Doneth.

Huff has the capacity to turn out 1,000 head of fat cattle a year. He buys some shell corn to put on a choice to prime finish, but says the profits come from turning farm produced feed into marketable beef.

Feed handling on an operation of this size is a big job, but Huff is equipped to do it with the least possible effort. He uses a self-unloading wagon to haul both silage and grain in one trip from the silo unloader to the feed bunks in his completely covered feed lot.

Huff prefers this system to a conveyor feed bunk directly from the silo because it gives him a chance to make more changes in his plans as he moves through the feeding period. He says, "Conveyors tie you to a frozen position."

Angle Hook

An angle hook for your barn door is easily made by bending a piece of 1/2-in. rod as indicated. Hook is pivoted inside the door by means of two large staples.

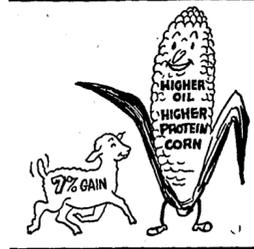

New Type Corn Shown Practical
Good Gains Reported In Feeding Tests

A new "higher oil—higher protein" corn has proved practical for livestock and is slowly becoming available from some corn breeders. This new commercial corn contains 6-7 percent of oil instead of the usual 4-5 percent and has 10-11 percent of protein instead of the usual 8-9 percent.

The Illinois Agricultural Experiment Station staff conducted a series of feeding trials, beginning in 1953, to determine the value of "higher oil—higher protein" corn both for creep rations and for feeder lamb rations.

When offered a free choice of either the regular corn or the "higher oil—higher protein" corn, creep-fed lambs seemed to prefer the regular corn, says U. S. Garigus and E. E. Hatfield from the animal science department, University of Illinois.

Lambs fed high oil, high protein corn gained better than lambs fed same rations and regular corn, with no significant difference in carcasses.

In all trials, with everything being equal except the kind of corn being fed, the lambs fed the "higher oil—higher protein" corn in a creep ration gained an average of 7 percent better than those receiving the same ration with regular corn.

The amount of feed required to produce a pound of gain averaged 6 percent lower for the "higher oil—higher protein" corn than for the regular corn.

A partial check was made of the carcasses of the lambs fed the "higher oil—higher protein" corn to compare them with the lambs fed the regular corn. No significant differences were found.

Foreign Clover, Rye Varieties Studied

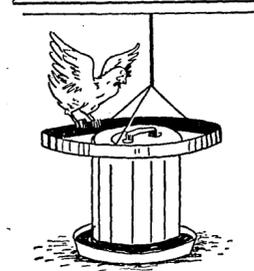

New clover and rye grass varieties developed in Australia and New Zealand will be tested by Oregon State college next year, reports D. D. Hill, head of the OSC farm crops department.

The varieties were discovered by J. Ritchie Cowan, OSC agronomist, when he attended the International Grassland Congress in New Zealand last year, Hill said. Seed stocks of possible high-yielding rye grass and orchard-grass varieties and a new variety of strawberry clover are now being obtained so they can be checked for forage production under local conditions and as possible parent material in plant breeding projects.

Cowan's trip to the congress was financed in part by the Hyslop Agricultural Research foundation, according to Hill who is secretary of the foundation. The foundation was established 11 years ago as a memorial to the late Prof. George R. Hyslop, former head of the OSC farm crops department.

The Australian strawberry clover variety, named Palestine, caught Cowan's eye because of its high yields. Strawberry clover has been found very useful in moist, seepy areas and on alkali lands, Hill explained, but forage yields of presently used varieties have been only fair.

No Roosting

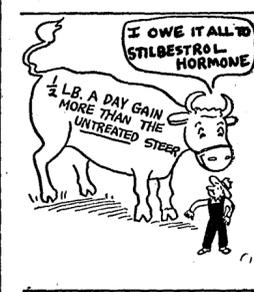

Barrel hoop suspended directly over drinking fountain will discourage poultry from roosting on top of fountain. Three wires tied to the end of the main wire are used to keep the hoop horizontal and these are made short as possible, so hoop will tip easily when chickens attempt to roost on it.

Stilbestrol Ups Gains in Test
Feeding Conditions Varied in Trials

Stilbestrol hormone implants for boosting livestock gains have proved profitable under a wide range of Oregon beef-feeding practices as tested by Oregon State college research workers.

Yearling and two-year-old steers receiving stilbestrol implants in the ear gained about one-half pound a day more on the average than untreated steers, according to David C. England, OSC animal husbandman. The OSC scientist conducted 10 feeding trials under widely different feeding conditions during the past year.

Locally-produced crops as the predominant feed source, supplemented for a balanced ration, included peavine silage; potatoes; high grain rations; meadow hay and moderate grain levels; and silage and hay with low grain levels.

England found that a 30 to 36 milligram implant appears to give maximum increases in most feeding situations, although large-framed dairy steers may respond better to 45 milligram implants.

Thirty milligrams of stilbestrol was a satisfactory level for weaner calves on a fattening ration containing either high or low levels of grain, the OSC tests showed.

The tests also demonstrated that spayed heifers gain faster when treated with stilbestrol implants, although a 15-milligram level appeared to be enough. The OSC animal scientist does not endorse heifer spaying. He said the tests demonstrated, however, that implants of stilbestrol—a female hormone—probably make up for some of the loss in normal hormone production that occurs when ovaries are removed.

Artificial Breeding Tests Span Oceans

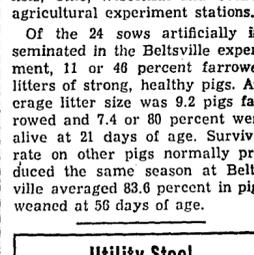

Animal scientists at the U.S. Department of Agriculture have artificially bred sows in Maryland with boar semen collected in Norway.

Semen samples were collected and processed daily and flown to the USDA's Agricultural Research Center at Beltsville, Maryland, over a 15-day period last December. In each case from 30 to 40 hours elapsed from the time the semen was collected until the sows were inseminated.

Results of the experiment show that boar semen treated with diluters can be successfully shipped long distances. Other experimentation in artificial insemination in swine and processing boar semen for storage is going on at the Illinois, Ohio, Wisconsin and Cornell agricultural experiment stations.

Of the 24 sows artificially inseminated in the Beltsville experiment, 11 or 46 percent farrowed litters of strong, healthy pigs. Average litter size was 9.2 pigs farrowed and 7.4 or 80 percent were alive at 21 days of age. Survival rate on other pigs normally produced the same season at Beltsville averaged 83.6 percent in pigs weaned at 56 days of age.

Utility Stool

An old cultivator disc mounted on legs of 1/2-in. pipe makes a utility stool that is quite handy around the farm or in the shop. Legs are welded to the convex side of the disk and are braced with two lengths 3/8-in. rod, as shown.

HELLO, FOLKS:

At the risk of being placed in the "I told you so category," we still want to say that our cold weather warning was right on time! You know you just can't get a better heating oil than that famous Union Oil Co. product. Try it, won't you.

Jim: "You know, women's minds are cleaner than men's."
Tim: "They should be, they're changed oftener!"

How about that anti-freeze? Do you have Prestone in that radiator? If not, why not. The cost is low and the protection lasts all winter. Bring that car, pickup or truck in for winterizing today!

Rural J. P.: "I'll have to fine ye a dollar, Jeff."

Jeff: "I'll have to borry it off ye, Jedge."

Rural J. P.: "Great snakes! It was only to git the dollar that I was finin' ye. Git out! Ye ain't guilty, anyway."

Does your car, pickup or truck start hard? If they do, try a tankful of Union gasoline and a crankcase full of that famous Royal Triton Motor Oil. It will make that motor purr and you smile with satisfaction. Come in today!

A teen-ager saw an advertisement for: "A valuable book including information every young girl should know before she marries, with full instructions and illustrations." She sent for the book and received — a cook book!

Always travel "Union".

WHAT CAMERON FOLKS HAVE BEEN DOING THE PAST WEEK

Teachers' Rally Well Attended

A Sunday School Teachers' Rally was held at the Cameron Church on Sunday afternoon, with teachers from nine different places attending. They were present from Pullman, Colfax, Endicott, Lewiston Orchards, Juliaetta, Genesee, Lewiston and Cameron. The Cameron Ladies Aid served a delicious turkey dinner to 60 guests in the Aid Hall at 5:00 o'clock.

Infant Baptized

The infant son of Mr. and Mrs. Frank Harbert of Kettle Falls was baptized at their church there on Sunday. Kenneth Wilken and Lynn Koopp were sponsors.

Mr. and Mrs. Kenneth Wilken and Lynn Koopp were Saturday and Sunday guests of the Harberts and attended services with them.

Ill With The Flu

The "flu bug" has hit in this area, with a number of children and several adults in and around Cameron now reported ill.

General Items

Last Tuesday afternoon Mrs. Herbert Schwarz and her aunt, Mrs. Minnie Blakely of Los Angeles, Calif., visited with Emma Hartung and Ida Stoneburner; Mrs. Henry Wendt and Mrs. Fred Newman.

Dean and Debbie Weyen were overnight guests of Mr. and Mrs. Gary Gertje, last Friday, in Southwick.

Bob Draper was a Tuesday afternoon and evening visitor in the Harl Whiting home.

W. S. C. S. Thursday

The Kendrick Womens Society of Christian Service will meet Thursday afternoon in the church basement at 2:00 o'clock. The Wesley Foundation director from W. S. C. at Pullman, Rev. Geo. Mink, will be the guest speaker.

Hostesses are Mrs. E. A. Deobald and Mrs. D. A. Christensen. All are welcome.

Greetings Via Telephone

Lt. Howard Wolff, A. F., stationed at Harlingen, Texas, called his mother, Mrs. Leonard Wolff last week to wish her a "Happy Birthday." He also said he would be discharged on January 17th, 1958, and he and Mrs. Wolff were looking forward to being in Idaho again.

Show Much Enjoyed

Randall Johnson of the W. W. P. Co., Spokane, a cartoon artist, entertained the children for a half hour on October 31. This was instructive as well as entertaining, and enjoyed by all.
