INTERESTING NEWS NOTES FROM THE SOUTHWICK AREA

Cemetery District Election

Election of two Cemetery Commissioners was held Dec. 5 at the Aid Hall. The two outgoing members were re-elected — Given Mustoe, 8 votes; Deniz Kuykendall, 6 votes. Ernest Cowger received 4 votes. Christine Cuddy, Agatha Perkins and Cora Jennings were on the election board.

Gifts For Childrens Home

All those having gifts for the Childrens Home please leave them at the Southwick Store by Tuesday morning, and Virginia Cantril will collect them there and take them to the Home.

Missionary Society Meets

The Missionary Society met Friday at the home of Mrs. Rollin Armitage. After the usual run of business and work an exchange of gifts among the members was held. The next meeting will be held the first Friday in January.

Old Christmas Cards, Etc.

We would like to thank everyone who has been interested in helping with missionary work and things sent in, including clothing, nylon hose and Christmas cards. Once again these items are appreciated and are still being used. Names are removed from the Christmas cards and either sent whole, or made into S. S. awards for Sunday Schools and hospitals — so remember, if you have old cards, they would be appreciated very much. Contact Mrs. Ervin Fry, secretary.

They were accompanied by Mrs. Lloyd Thornton, Southwick; Mrs. Etta Dygert, Lewiston, and Stanley Davis, Lewiston. While away they also visited relatives of Mr. Davis. Mrs. Dygert and Mrs. Thornton also visited relatives at Springfield, Oregon while away.

Firemen Called Tuesday Eve

The Kendrick Volunteer Firemen were out in full force Tuesday evening, calling about town and selling tickets to their annual Firemen's Ball, which will be held as usual on New Year's Eve. They are scheduling the items associated with that time — balloons noisemakers, hats, etc. — if you dance, a good time is assured. If you do not dance — buy a ticket anyway for that money goes toward the purchase of equipment for the protection of you and your home — hose, fire extinguishers, and like items.

Our local Fire, "Laddies" have a wonderful record, they keep them that way.

A Daughter Is Born

Mr. and Mrs. David Crocker (nee Norma Andrews) became the parents of a daughter, Londa Lynn, at the St. Joseph's hospital on Friday, Dec. 6th. The little Miss weighed in at 8 pounds and 4 ounces. All concerned are doing nicely.

Refreshments of cake, jello, coffee and punch were served by the hostesses, Mrs. Arthur Foster, Dorothy and Janice Foster, and Mrs. Clarence Alexander.

DEATH CLAIMS JESSE LLOYD KNIGHT AT JULIAETTA

Jesse Lloyd Knight, 60, Juliaetta service station operator, died Monday morning at 11:11 at his home there, death being attributed to a heart ailment. Mr. Knight had been in poor health for some 16 years, but his sudden passing comes as a distinct shock to all who knew him.

Mr. Knight had lived at Juliaetta for the past 23 years. He previously had been a resident of Woodland, Wash., residing there from 1901 to 1917; Grangeville, Idaho, from 1917 to 1932; and Kamiah from 1932 until 1934.

He was born Aug. 13, 1897, at Emmetsburg, Iowa, and had lived in that state until moving to Woodland, Wash.

Mr. Knight was united in marriage to Ethel Clark, at Lewiston, May 19, 1924. She is among the survivors. Others are a son, Rex, of Juliaetta; three sisters, Mrs. Claude Newbill of Craigmont; Mrs. Elva Whybark of Dayton and Mrs. Vera Truttton, Wallace; five brothers, Guy, Earl, Maurice and Ralph, all of Kamiah, and Roy of Portland; and two grandchildren.

Funeral services will be held on Thursday afternoon at 2:00 in the Brower-Wann Chapel, Lewiston. The Rev. George Benjamin will officiate. Interment will be in Normal Hill Cemetery, Lewiston.

Lions Host Lewiston Club

Wednesday evening of last week the Kendrick Community Lions Club was host to nine members of the Lewiston Lions Club, and one member of the Moscow Kiwanis Club — A. Anderson, at a dinner meeting in the Fire Hall.

Following the dinner there was a brief business session, at which it was decided to invite Santa Claus to make his appearance on Saturday, Dec. 21, at 2:00 p. m., which is to be followed by a free show in the Kendrick Theater through the co-operation of Schupfer Brothers.

The matter of community Christmas decorations was discussed and it was decided to make the hangings for the decorations of a more permanent type, employing cables for the light strings. This meant, of course, that the decorations would be later in making their appearance.

A. Anderson was then introduced, and presented to W. L. McCreary the "Humphrey Award," for newspaper service in furthering Savings Bond Sales.

Bud Eichner, program chairman, introduced Mr. Williams of the State Fish and Game Department, who gave a most interesting talk on big game, numbers and habitat in the North Fork, Middle Fork, Selway and Lochsa areas, discussing the effects the proposed Brucers' Eddy and Penny Cliff dams would or might have on the animals and winter feeding grounds.

Honors Birthday Anniversary

SHORT NEWS ITEMS FROM OUR LOCAL SCHOOLS

Tigers Defeat Nezperce

The Kendrick Tigers gave the 1957-1958 basketball season a good start Friday evening by defeating Nezperce 46 to 34 on the local floor.

An effective fast break in the third quarter started the junior-studded Tigers on their way.

Kendrick led 23-19 at the half-time. Don McLeod of Nezperce took scoring honors for the evening with 14 points. Bruce Clemenhagen paced the Tigers with 13.

Kendrick won the B squad preliminary 48 to 29.

In the A squad scoring column for Kendrick appear the following names: Clemenhagen, 13; Parks, 8; Magnuson 8; Wegner, 8; Eldridge; Foster, 3; Meske 6 — total, 46.

In the B squad preliminary, the following appear: Havens, 11; D. Cuddy, 7; Andrews, 6; Nelson, 12; Swanson, 6; Blewett, 2; Harrison, 2; Blankenship, 2 — total, 53.

Tigers Defeat Elk River

Saturday evening the Kendrick Tigers were guests at Elk River and bowled over the host team by a score of 59 to 30.

In the B squad eye-opener the Kendrick team continued their "winning way," by defeating the Elk River Bs 48 to 31.

In the A squad column appears: Clemenhagen, 12; Parks, 17; Magnuson, 8; Wegner, 8; Eldridge, 2; Foster, 3; Meske, 4; Cuddy, 2; Dagefoerde, 3; Bowling 2 — total, 59.

In the B squad scoring column are: Tarbet, 9; Cuddy, 6; Nelson, 9; Andrews, 8; Harrison, 4; M. Reid, 2; Havens, 7 — total, 46.

Christmas Program Scheduled

The Kendrick Junior and Senior High School will present a joint Christmas Candlelight Musical program on Wednesday evening, Dec. 18th, at 8:00 p. m., in the High School gymnasium.

The program will be given by the members of the Girls' Glee Club, Band and the Junior High School Mixed Chorus. In addition, three separate ensembles will present instrumental and vocal numbers.

Among the selections to be heard will be a cantata "Sing We Noel," by Kathryn Davis; the "Ukrainian Bell Carol" by Leontovich, "Twas The Night Before Christmas," by Silmeone, "Now Let Every Tongue Adore Thee," by Bach, "Beautiful Savior" by Christiansen, and others. The public is cordially invited to attend. There is no charge for admission.

On Human Rights Day

By special request Mrs. Howard Hoffman appeared before the Junior High school Wednesday in the interest of "Human Rights Day." She explained the meaning and purpose of this special United Nations Day, Dec. 10th being its ninth anniversary. She supplied the students with information on U. N. printed matter. Mrs. Hoffman also treated the class to her home made "United Nations Cake."

History Class Interested

Here is an appeal to you long-time residents of this community — the seventh grade Idaho History class students invite you to visit their class and tell them of past events and happenings that go into the making of Idaho History.

Luncheon Guests

Mrs. E. M. White and Mrs. Elmo Eldridge were 2:00 o'clock luncheon guests in the Juliaetta school, given by the Juliaetta school lunch cooks.

P-T. A. Executive Committee

The P-T. A. Executive Committee met in the Kendrick school lunch room on Tuesday. A discussion was held about the request from the Civil Defense Administration that all children in the district be given identification tags. Action will be taken on this Monday evening.

The Executive committee members urge everyone to attend the meeting Monday evening for the Christmas program — and bring visitors.

Senior Ball December 21

Members of the Senior Class are busy making plans for the Senior Ball, which will be held on Saturday evening, December 21st — postponed from the original date of November 16th.

KENDRICK THEATER SUCCESSFUL PATRONAGE LACK

The final picture scheduled to be shown at the Kendrick Theater — at least until next summer, will be shown this coming Friday and Saturday evening, when the "Buster Keaton Story" will appear on its screen. Herman Schupfer, manager, says competition from TV, basketball and other local activities, but primarily TV, have cut the patronage to the place where they have been operating at a loss — so closing is the only course left to them.

A history of the Theater, which has out-lasted almost all theaters in surrounding small towns, should prove of real interest to our readers.

The Kendrick Theater was started by a group of Kendrick business men who organized the "Kendrick Theater Company," and sold stock to buy and remodel the building which had previously been used by the Kendrick Garage, for storage. Elmer Bechtol, a local merchant and carpenter, had charge of the remodeling, taking stock in the organization for his salary. Mr. Oldfield, employed in the Kendrick Bank, and owning equipment in a theater at Cheney, Wash., moved his equipment and seats into the building, also taking stock in exchange. Mr. Oldfield then rented the theater and ran shows on the week-end for a time.

Later Mr. and Mrs. O. E. MacPhearson took over and ran week-end shows. Mr. MacPhearson was employed at the time by the Kendrick Gazette. Then radio came into popularity and the attendance fell off to the point where the theater was forced to close.

Then "Vitaphone" — talking pictures, with the sound tracks on discs or records, came into use. As it required a considerable amount of new equipment the stockholders did not feel they had the money to spend, and it was decided to sell the place to the Schupfer families. They, in turn, leased the building and equipment to Alan Zell, who installed the sound-on-disc talking equipment. This went very well for a short time, until the novelty wore off, and attendance began to fall off, due to the poor acoustics in the building, and Mr. Zell was forced to give up his lease, and again the theater closed. A little later the Schupfers installed a more modern sound-on-disc equipment, and operated during the summer months of the year.

In 1932 sound-on-disc was discarded and the sound put on the film, with the picture. This again required a lot of new equipment, and the old had to be discarded. This new equipment and the treating of the walls and ceiling for better acoustics made the Kendrick Theater an up to date show house, and it has been running every week-end since that time. — 25 years — until the present.

New projectors and lamp houses were installed about ten years ago. A few years ago the seats were all replaced with cushion types, and in the last few years the screen end of the building remodeled, a new ceiling installed, a new plastic Cinemascope screen, size 11 by 23 feet put in; the projectors were remodeled, new lenses acquired, and at the present time any type of picture can be projected — regular, wide-screen, Vista-View or Cinemascope, as well as several other types that are on the market.

It is with real regret that all see this place of entertainment leave our community.

Glorious Winter Weather

No one could ask for finer winter weather than we have enjoyed this past week-end.

Following the brief snow storm of Wednesday, we were visited with a couple of rain squalls and some wind.

However, on Saturday skies began clearing, and Sunday was indeed a perfect winter day, with warm sunshine, the temperature climbing to about 49 degrees.

Monday was also a lovely day, with a warm sun dissolving the thick white frost of the Sunday night, and a high of about 54 degrees was recorded.

Monday night there was another white frost with a temperature reading of about 20 degrees. Again, on Tuesday, "Old Sol" did his stuff — and it was even possible to shed your coat, provided you stayed in the sun.

This weather is almost a duplicate of that we were experiencing on December 7, 1941 — that day of infamy at Pearl Harbor. That Sunday was a warm and beautiful day, and many local residents were putting about their yards, just as they were this past Sunday (Dec. 8).

As we recall it, we had then (1941) some ten days of fine winter weather. Let's hope the weather repeats itself — but not Pearl Harbor!

P-T. A. Monday Evening

The Joint District P-T. A. will be held at Juliaetta on Monday, December 16, at 8:00 o'clock.

Elmer Stitzlein, as program chairman, will direct a Christmas program.

The Juliaetta ladies will be hostesses for the evening.

Everyone is urged to come and take part.

Bring In Christmas Trees

The Cub Scouts, accompanied by Ed. Nelson, Bob Magnuson, Bob Meserve, Bill Rogers and George Brocke, Jr., brought in a truck-load of Christmas trees Sunday afternoon, to be delivered in town.

They also brought a few extras, which they hope to sell. Contact any of the above men if interested.

Santa To Arrive Sat., Dec. 21

The Kendrick Community Lions Club, in co-operation with local businessmen, are sponsoring the annual visit of Santa Claus to Kendrick. Arrangements have been completed for him to arrive at 2:00 o'clock, Saturday, Dec. 21, and of course he will have a pack bulging with treats for the children.

After his departure — at 2:30, there will be a free show in the Kendrick Theater. Schupfer Brothers are donating the theater, heat and an operator for the machines — the film will be paid for out of the local Christmas funds.

Mark the date and hour on your calendar — and bring the children in to see St. Nick and the show.

MISS JO ANN DAVIS BRIDE OF JAMES MCGHEE, DEC. 7

A very pretty wedding was solemnized, Saturday evening, December 7th, at 8:00 o'clock in the First Pilgrim Holiness Church, Portland, Oregon, when Miss Jo Ann Davis, daughter of Mr. and Mrs. Henry Davis of Southwick, Idaho, became the bride of James McGhee, son of Mr. and Mrs. Wade McGhee, Portland, Ore.

The bride was lovely in a chapel length gown of white lace and tulle over taffeta. Her cap of sequins and seed pearls held her finger-tip veil. Her bouquet was a white orchid carried on a white Bible. She was given in marriage by her father.

Mrs. Duane Burton of Corvallis, Oregon, was matron of honor. Her dress was of pink taffeta.

Miss Beverly Downer, Salem, Ore., was the bridesmaid. She was attired in a gown of pale green.

Little Sharon Courtier, a daughter of Mrs. Roberta Courtier, Portland, Oregon, was the flower girl.

Dwaine Burton, Corvallis, Oregon, was best man, and Stanley Davis, a brother of the bride, Lewiston, Idaho, was the groom's other attendant.

The groom's brothers, William and David McGhee, were ushers and also served as candlelighters.

Rev. Jim Sheets, Aurora, Oregon, performed the wedding ceremony, with Rev. E. W. Burton, Portland, Oregon, giving the nuptial prayer.

Mrs. E. W. Burton was pianist and accompanied Mrs. Jim Sheets, who sang "God Gave Me You," "Whither Thou Goest," and "Saviour, Like a Shepherd Lead Us."

The bride's mother chose for her daughter's wedding a slate blue afternoon dress with white accessories. Her corsage was of white carnations.

The groom's mother wore a navy blue suit with white accessories, and white corsage.

A reception was held immediately following the ceremony in the church basement. Mrs. Wm. McGhee was in charge of the guest book. Mrs. H. W. Calfee and Mrs. L. Lewis presided at the gift table.

Mrs. Lloyd Thornton, an aunt of the bride, of Southwick, Idaho, finished cutting and serving the beautiful wedding cake, after the bride and groom had cut the traditional first piece. Mrs. Thornton had baked and decorated it. Mrs. Roberta Courtier served punch, and Mrs. George Nealeigh poured coffee.

The new Mrs. McGhee chose for her going away dress one of princess styling in brown silk, with little tan and brown spotted fur collar. Her accessories were of brown and her hat pink.

The young couple will be at home in Portland after a short wedding trip to the coast. Mr. McGhee is employed by the Fred Meyer Company.

On Honorary Second Team

Mr. and Mrs. Ross Armitage received word this week that their son, Jim, a sophomore student at the College of Idaho, in Caldwell, had been chosen on the Pacific Northwest Conference second team, as a tackle. A real honor, indeed.

Another write-up in the Caldwell News-Tribune listed Jim as having received the award of the "Most Promising Lineman" for the coming year.

Other awards of interest to residents of this area were those of Roger Swanson, Troy, and Sherm Stapleton of Nezperce, who were voted the "Most Promising Backs" for next year. These awards were chosen by members of the 1957 football squad.

Grange Christmas Program

The Kendrick Grange will hold its annual Christmas party on Tuesday evening, Dec. 17. There will be a program provided by the youngsters after which there will be a gift exchange (50c limit).

All Grange ladies are asked to bring cookies for refreshments, and a jar of canned goods or other non-perishables, for a food basket to be given to a deserving family.

The committee will be decorating the tree and filling the sacks of treats at the hall Sunday evening at 7:00 o'clock. Anyone who would like to help is most welcome.

Mill Resumes Operations

The Mead & Howard sawmill at Kendrick resumed operations Monday, following a shut-down of about a week, due to lack of a lumber market. The firm had said that operations would be resumed whenever lumber sales were possible — and they have certainly kept their word.

Injured In Fall

Friends here have received word that Mrs. Hiram Galloway, well known former resident, but now of Ephrata, had been painfully injured in a fall last week, suffering a dislocated shoulder and receiving severe bruises. Further details are lacking.

THIS, THAT AND THE OTHER ABOUT LELAND RESIDENTS

Homemakers Club

The Leland Homemakers Club will hold their annual Christmas party on Wednesday, Dec. 18th, at the home of Mrs. Leon Wolff, commencing at 1:00 o'clock. At this time Sunshine Sisters for 1957 will be revealed, and there will be a gift exchange.

Mrs. Ben Hoffman, Mrs. Wilbur Corkill and Mrs. Robert Draper are co-hostesses.

Mr. and Mrs. Marvin Vincent were Monday over-night guests of Mr. and Mrs. Dale Beach at Asotin.

Gordon Peters returned Mark Olsen to his home in Spokane Thursday and remained over, visiting his mother, Mrs. Sylvia O. Peters, and Major Olsen, until Sunday.

Decorations Going Up

Christmas decorations have been going up in Kendrick this week. On Monday the big community Christmas tree was set in place, lights are now being put on it, and the strings of colored lights which annually decorate Main Street are being prepared. Store windows about town are taking on that "Yuletide Season" appearance, not to mention the displays of Christmas merchandise within the stores themselves.

A Son Is Born

Mr. and Mrs. Frank Hoisington (nee Jorene Benschoter) became the proud parents of a son, Saturday morning, Dec. 7, at St. Joseph's hospital. He weighed in at 5 pounds, 12 1/2 ounces, and has been named Jeff C.

Mother and babe are doing nicely.

The Common Cold Mystery

The common cold is one of the great unsolved mysteries of modern life. Each year it takes an economic toll of \$2 billions in the U. S. A. alone. It causes untold misery to millions of sufferers. Yet, what causes colds and what cures them have been medical mysteries for over 2,000 years.

Any day during the winter ahead, you could find 20 million people suffering from a cold. Nearly everyone has at least one cold a year. Two out of three people have three colds a year, and two out of eight people have at least four colds a year.

Although the cold itself is not a serious illness, it can be serious because of the complications that may develop. Frequent colds and long-continued and severe colds may lead to chronic infections of the nose, throat, ears, sinuses or lungs, or to pneumonia, or even to make a fertile field for tuberculosis. For these reasons, it is important to take care of yourself when you have a cold.

The best way to keep from catching a cold is to avoid those with colds as much as possible. This is sometimes, difficult, too, because a person can be passing a cold on to others two days before he knows he has it.

Other tips for preventing colds are to avoid overwork and get plenty of rest. Keep your feet warm and dry and keep out of drafts. You don't actually catch cold by being chilled or wet, or by sitting in drafts, but

these things do lower your resistance to the cold virus.

There is no scientific proof that cold vaccines are helpful in preventing a cold. Vaccines now are on the market that are effective against the secondary bacterial invaders which cause complications after a cold is under way, but not against the virus which causes the cold in the first place.

If you do catch cold, watch out for the hundreds of so-called "cures" for this ailment. It is extremely doubtful if any drug can "cure" a cold. However, the irritations of a cold are soothed by some drugs, but most cold drugs honestly state on the label that the particular drug will "aid in removing the discomforts due to colds."

The best thing to do with a cold is to go to bed and rest; eat light meals with nourishing foods and drink plenty of water, fruit juices, soups, etc. Don't blow your nose like a bugle, since this forces the infection into your sinuses and eustachian tubes... just sniffle. Be sure to use your handkerchief to stifle the coughs and sneezes to prevent others from catching your cold.

Call a doctor if you have fever, aches or a racking cough for more than 24 hours — and call the doctor at once if you have chills or rust-colored sputum. — L. J. Peterson, Idaho Director of Public Health.

Idaho Progress Report

Boise — Gov. Robert E. Smylie remarked this week that he was very favorably impressed with Idaho's current employment picture. The Governor, in commenting on information released by the Employment Security agency, stated that he was pleased to see Idaho's gainful employment remain at its current level in the face of rising unemployment

in surrounding states.

He noted that the report showed some losses in certain industries such as lumber and timber products, non-agriculture, self-employed, federal employment, and miscellaneous categories; but stated that he was most pleased with the gains shown by manufacturing, food processing, construction, transportation, wholesale and retail trade. Smylie stated that

although the lumbering industry as well as mining have suffered from a softened market, construction in eastern Idaho has done much to bolster the state's economy. Another important factor, according to the governor, is the state's agriculture harvest. Although some farm prices were off, yields were exceptionally high and of good quality, which has done much to offset the lower prices.

Smylie said he was very impressed with Idaho's position compared to other states in the Pacific Northwest. He said that although estimates show total employment is down considerably from a year ago, percentage-wise we are better off than our neighboring states of Washington and Oregon. He added that California, Nevada and Montana all showed higher percentages of unemployment than the Gem

Farm Report Interesting
 A recent report submitted to Sen. Henry Dworshak on the Department of Agriculture's programed activities in Idaho during the 1957 fiscal year showed the state's farm population, about 30 percent of the total population, received \$367,500,000 during 1956 for an average cash receipt per farm of \$9,234.00.

Almost 97 percent of the Idaho farms are electrified, according to the report, with 85.1 percent having automobiles; 70.3 percent, trucks; 79.5, tractors; 29.4, television; 43.2, home freezers, and 87.2 percent piped running water.
 The department is carrying on an extensive conservation program in Idaho, according to the report, with

the Soil Conservation Service, which provides technical help in soil and water conservation work as requested by farmers, ranchers and local organizations; giving assistance to 46 locally organized and managed soil conservation districts that have 14,489 cooperating farmers, who operate 5,752,092 acres. The Forest Service, an agency of the department of agriculture, cooperates in conservation work in the state in protecting and managing 6,963,000 acres of state and private forests as well as the 16 national forests which they administer in Idaho. The department's agricultural conservation program, which shares the cost of approved conservation practices, joined with farmers on 6,181 Idaho farms with 218,000,000 acres to carry out conservation practices in 1956.

Dworshak, as a member of the powerful Senate appropriations committee, has been a strong supporter of funds for the conservation program carried out by the department of agriculture.

More Skilled Men Needed

U. of I., Moscow — Possible ways of interesting more Idaho high school graduates in the broad field of agricultural science were discussed by members of the University of Idaho agricultural consulting council at its annual meeting on the campus recently, according to George L. Yost of Emmett. Representing the state horticultural society, Yost is chairman of the council. Included on the council are representatives of all major farm organizations of the state.

"The council felt that the new agricultural management curriculum, in operation this year for the first time at the university, provides the type of training needed by students going into many of the fields of the big agricultural industry," said Yost. "Too many young men today are of the opinion that training in agriculture means training for a career in some production field. Actually this training opens the door to a wide range of business, industrial and scientific opportunities."

During the council's regular fall meeting the institution's programs in research, extension and teaching were reviewed with college of agriculture officials. Proposals for the coming biennium also were reviewed. One of the top-priority items in plant facilities is a proposed move of the dairy husbandry barns and accessory buildings to a new location away from the fast-growing main campus. Yost reports the council felt such a shift to be highly desirable.

Members of the council at the meeting, in addition to Chairman Yost, included Carl Irwin, Twin Falls, representing the state crop improvement association; Walter Schodde of Burley and Leon Weeks of Boise, state cattlemen's association; Hugh Parks, Kendrick, state grange; L. B. Martin, Caldwell, state farm bureau; L. R. Davis, Caldwell, state poultry council; C. M. Carlson, Caldwell, state dairymen's association, and Robert Reichert, Boise, state commissioner of agriculture.

**HERE'S HOW
 The
 Public Power
 "Preference
 Clause" affects
 YOU!**

"... enough power is in sight to assure PREFERENCE CUSTOMERS ... adequate supplies until 1967 if the cuts begin."

Who are PREFERENCE CUSTOMERS?

They are the MINORITY of electric customers in the Pacific Northwest and ONLY 20 percent of all electric customers in the entire U.S.A. YET! the power bureaucrats HAVE AUTHORITY under the Federal Power Marketing Act to DENY the MAJORITY of all electric customers tax-free power generated by federal dams.

Who paid the money to build these public dams?

Every taxpayer in the country (including the investor-owned utilities that pay 23c of every revenue dollar to county, state, and federal treasuries), helped pay for these multi-million dollar dams. In the case of a power shortage, however, ONLY those "preferred few" served by public agencies are assured power from these tax-built dams.

Let the independent electric companies build their own dams, say the political power advocates. Yet! every time one of our Pacific Northwest independent electric companies tries to build a hydro-electric dam, the political power enthusiasts ATTEMPT TO BLOCKADE the development with every political trick in the bag.

Let's face it! There are a few influential, politically vocal, public power advocates who are attempting to squeeze out the private power companies and turn the whole Pacific Northwest into a federal power monopoly — whether you like it or not. This isn't "creeping Socialism" — it's socialism on a runaway gallop.

Low cost power is NOT the issue ... the business-managed independent companies of the Pacific Northwest have demonstrated time and time again they can serve customers better, at a lower or nearly as low rate WITHOUT THE TAX SUBSIDY ENJOYED BY PUBLIC POWER AGENCIES! Every independent company PAYS ITS FULL SHARE OF LOCAL, STATE, AND FEDERAL TAXES. Take away the tax advantage of public agencies and they would be hard pressed to serve their customers at the low rates our Pacific Northwest independent companies do.

Now's the time for EVERY MAN who believes in American Free Enterprise to ACT! Get the facts. Write your local WWP office for complete information — THEN, write your Congressman and let HIM know how YOU feel about the federal power marketing act "Preference Clause."

Mail Early For Christmas
Fred O. Stedman, local postmaster said this week, "Early mailing of all Christmas cards and gifts is the biggest single factor in getting all of the mail delivered before Christmas. Post office facilities have been expanded, extra help will be available and everything is geared to handle a record Christmas mail."

The postmaster suggested that you take special care in preparing gift packages for the mails. Make sure that all addresses are legible and complete.
"If you have any articles of unusual size or bulk, better check with the post office before attempting to mail them," Mr. Stedman warns. The limits on size and weight of packages varies, depending on where you mail the package.
When wrapping gifts for mailing, it is always better to use corrugated cartons, especially where there are a number of various sized objects in the shipment. Use plenty of wadded tissue, newspaper or un-buttered pop corn for extra protection against shock, and securely wrap each package in heavy paper, and then tie with a strong cord. Be sure to include an extra label with your return address and the recipient's address inside the carton or package before it is wrapped.

Another good idea is to place a piece of transparent cellophane tape over the address portion of the label on your package to prevent defacing in transit, and always make sure to include the recipient's full name, street address, city, zone and state.
Mr. Stedman says that if you will follow these three simple rules you are certain to have your gifts delivered before Christmas Day: Wrap them securely; address correctly and mail early!

All Christmas cards should be sent by first class mail, and be sure to put your return address on the Christmas Card envelopes. This is not only socially correct, but will enable both you and your friends to keep mailing lists up to date!

Accidents Among Older Population Is on Decline

NEW YORK—Considerable progress has been made during the last 20 years in reducing fatal accidents among persons aged 65 and over, with a 15 per cent reduction in the rate for the last six years alone, it is reported by insurance company statisticians.

However, accidents at these ages take more than 25,000 lives each year in the United States. This toll is greater than from any other cause except the cardiovascular diseases and cancer.

A statistical study of fatal accidents among the aged indicated that transport and home accidents together account for about two-thirds of all deaths from accidents at almost every age group past 65; secondly, accidents in and about the home account for a rising proportion of the accidental deaths with advance in age.

Falls comprise a large and increasing proportion of the total accident mortality during later life. Among males the proportions are nearly one-third at ages 65-74, one-half at ages 75-84, and three-fourths at ages 85 and over. Among females the proportion of fatal falls is even larger, ranging from one-half at ages 65-74 to nine-tenths at the oldest ages.

Motor vehicle accidents rank second as a cause of fatal injury among older people as a group; in fact, among men at ages 65-74 such accidents outrank every type, including falls. In this age group, motor vehicle accidents account for nearly two-fifths of the accidental deaths among men, and somewhat over a fourth among women.

Bald Eagle Is Vanishing Species

WASHINGTON—If the bald eagle could talk, the national emblem might well complain that it is being deprived of life, liberty and the pursuit of happiness.

The population of the majestic bird has decreased alarmingly in recent years. Some naturalists believe only a few thousand are left in the United States.

Though protected by law, the bald eagle's size makes it an enticing target. Too often, young eagles have been mistaken for hawks and shot. Hurricanes and housing developments have destroyed many of their favorite nesting grounds on the Eastern Seaboard.

A king of the skies, the bald eagle once roamed over most of North America. Now the species is most numerous in Florida and Alaska, the extremes of its homeland.

Blindness Scourge of Our Elder Population

NEW YORK—At the turn of the century, insurance companies expected the average American to live above 48 years. Today, despite a pace that can be described only as hectic, the forecast has reached the biblical three score years and ten.

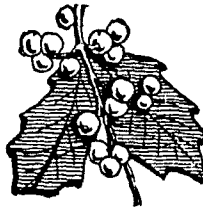

Yet many of us so abuse this gift of added years which science has made possible that we often reach the threshold of senior citizenship in failing health.

This is particularly true of the precious gift of sight, upon which we depend for most of our knowledge when we are young, and our enjoyment of life as we gain in years. Despite marvels already wrought by science, blindness continues to increase each year with the steady rise of our population.

Today, many Americans accept the loss of vision in their senior years as inevitable, part of the price of growing old. The National Society for the Prevention of Blindness estimates that more than 27,000 Americans lost their sight last year alone... that at least 50 per cent of more than 334,000 blind people in this country are over 60... that at least half of the blindness occurring today is unnecessary because it is preventable.

Protect Your Home Against Needless Fire

If you're like most Americans, you're using electricity in your home in record quantity.
For more than 45 million homes now have a refrigerator, 41 million an electric washer, 40 million a television set and 32 million a vacuum cleaner.
In addition, 8.6 million are equipped with freezers, 5.6 million with clothes dryers and 3.6 million with air conditioners.
Add to these such stand-bys as electric lights, radios, toasters, irons, mixers, and the like, and you'll see the average family has "gone electric" in a big way.
Inadequate and faulty wiring helped make "misuse of electricity" one of the leading causes of fire in the United States last year. Nearly 15 per cent of all fires were so caused.

HELLO, FOLKS:

Well, the Christmas Season is drawing closer by leaps and big bounds, and it will soon be time to think about Christmas travel. If your tires are good, but you don't have sawdust — bring your car or pickup in to us and let us "TRACTIONIZE" them. It will give you the next thing to "sawdust" in safety and performance. Cost is low — results big.

Jim: "I bought Cleo a fine dinner, then took her dancing in a night club. Do you know what she said when I asked her for a kiss?"
John: "No."
Jim: "Oh! So you've been out with her, too!"

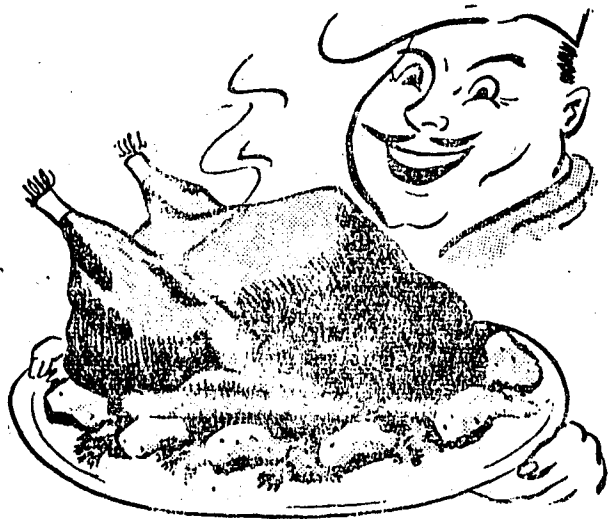

Car starting hard these chilly days? If so, bring it in and let us fill the tank with Union's Finest

Gasoline and the crankcase with Royal Triton. Then you'll be set for quick, easy starts the coldest kind of weather.

Little Girl: "Look at that kind man across the street."
Mother: "What's he doing, dear?"
Little Girl: "He's sitting on the sidewalk, talking to a banana peeling!"

Don't worry about cold weather. Let that clean-burning Union Heating Oil keep your home warm and cheery. Phone us at 1251. We deliver!

Reporter: "What shall I say about the two peroxide blondes who had a fight at the basketball game last night?"
Editor: "Why, just say the bleachers went wild."

Wonderful weather? It's really been beautiful here the past three days (Dec. 10)

Destroying Fine Trees

Several complaints have been heard from timber land owners in this area that "unknowns" are going into their timber and cutting good sized trees, removing the top, which is suitable for a Christmas tree, and leaving the rest — which is wanton destruction. Otto Silflow purchased "No Trespassing" signs Wednesday morning, and says he will prosecute violators — and who can blame him?

Clarence Morey on Big Bear ridge has had a similar experience. Both say there is no doubt in their mind but what the cutters are from other areas, and are picking up "Christmas Dollars!"

Sale And Bazaar Success

The Kendrick Womens Society of Christian Service wish to thank everyone who gave of time and material on the annual bazaar; also those who attended the dinner and fancy work sale — without such support receipts could not have been what they were — \$613.95.

Remember — when you shop in Kendrick you do not have to pay for that privilege — no parking meters!
