LADY BUGS BY THOUSANDS

Horton Thompson, who has two well known hobbies — playing chess and raising flowers — and who has won several awards in both, has added a new one to his list — raising Lady Bugs.

Last fall, noting several clusters of Lady Bugs near his home, Mr. Thompson covered them well with straw and marked the locations. The other day, under warm sunshine, the bugs began to stir. He lifted the straw and said he believed he could have filled a water bucket with these friendly little insects — there were literally thousands of them!

Lady Bugs feed on aphids, so are always welcome callers!

Fined For Illegal Fishing

Leonard Proffitt of Ahsahka, who was arrested by Game Conservation Officers Hale Ebling and Ray J. Kernan, for fishing without a license in the North Fork, above Ahsahka, pleaded guilty last week and was fined \$25.00 and \$3.00 costs in the Justice Court of Ben H. Bear.

Published Weekly by the Union Oil Service at Kendrick
W. L. "Bill" Rogers, Editor

HELLO, FOLKS:

Yep, it seems as if spring is really here. If you are one of those who believe it, now is the time to give your car or pickup the new "Spring Treatment." Bring it in to us, let us drain that winter worn oil from the crankcase, and refill with Royal Triton — drain the transmission and differential — refilling with proper Union Lubricants, grease it from end to end — wash and wax — and you and your car will both feel "spring has sprung!"

"Son, step outside and see if it's raining."
"Lazy teenager (without moving)"
"Aw pop, why don't ye jest call in the dog and see if he's wet."

Are you ready for the coming spring work? Are your supplies of

gasoline, diesel fuel and various types of lubricants adequate? Better check, then call us at 1251 — we deliver Union Products!

The husband, refusing to take his wife shopping, had gone fishing. When asked where he might be, the furious wife replied: "Just go down to the bridge and look around until you find a pole with a worm on each end!"

It may be spring, but a fire is still a necessity morning and evening. How about your supply of fuel oil? If you're not sure, better measure and then call us at 1251. We'll do the rest. Of course, if we are supplying you on a "stay full basis," let us do the worrying!

All some gals know about cooking is how to bring a guy to a boil!
