

KNOW YOUR CORRESPONDENT - MEET MRS. ADOLPH DENNLER, "FIX RIDGE"

JULIAETTA AREA FARM WOMAN LEADS USEFUL LIFE

Mrs. Adolph Dennler

Mrs. Adolph Dennler summed up the past five years as correspondent for Fix Ridge by saying: "I started at first as a service to our community. I wanted, and felt, that we should be represented in the Gazette. I hadn't even thought about how long I would do it — I just started — and now five years have slipped by and I am still at it. Guess it has become a habit to be curious about what is going on here."

TOURNAMENT BALL GAMES IN ACTIVITIES LEAD

Tigers Lose To Troy Tuesday

Tuesday evening of last week, in tournament play at Lewiston, the Troy Trojans moved along in the winners bracket by grabbing an 8-0 lead at the start of the Troy-Kendrick game, and protecting that margin through the first half, and then soared to a 18-point margin in the third period. Holding off a final quarter Kendrick rally, the Trojans reverted to their early lead and held to the final horn.

Rugged LeRoy Brocke, who in addition to dominating the boards, captured Troy scoring honors with 17 points, was the ring leader of the early drive and again provided the push of the third period.

Kendrick, shooting consistently during the first three periods, could not find the range from the field in the final eight minutes, getting but one basket in 14 tries. Troy had its big moments in the third period as 10 of 18 field shots plopped through.

Robin Magnuson paced the Kendrick attack and grabbed scoring honors for the night with 18 points, but the coldness of the Tigers hurt in the final result.

From the field Kendrick could get but 13 of 60 tries for 21.7 percent, while Troy hit a spectacular 22 of 54 tries for 40.7 percent. At the gift line the edge favored the Tigers with .22 of 27; to 14 of 22 for Troy.

Kendrick scoring: Magnuson, 18; Eldridge 11; Meske 10; Wegner 7; Foster 2; Parks 0; Andrews 2; Browning 0.

Probably one of the most stubborn blazes the Kendrick Volunteer Fire Department was ever called on to fight occurred shortly after noon on Tuesday.

The blaze was in the rear bedroom of the upper west apartment in the Kendrick Hotel, occupied by Mr. and Mrs. Dawson and children. Mrs. Dawson and children were in the front watching TV when he attention was attracted by crackling and the smell of smoke. She promptly sounded the alarm and then took the children and went downstairs.

The cause of the blaze is a mystery, as there was no stove or heater in the bedroom, and is believed to have started somehow from faulty wiring.

The firemen were on the job in almost seconds — but the blaze had crept into the ceiling and roof joists, and holes had to be cut in the roof to get at it. Considerable damage from smoke and water was the result — not too much from actual fire.

The apartments occupied by Mrs. B. N. Emmett and Carl Mattoon, below the blaze area, were pretty badly soaked with water.

THEATER TO RESUME SHOWS

With the ending of the basketball season and the coming of spring, Schupfer Brothers, owners of the local theater, which closed some months ago, due to lack of patronage, have decided to again try operations — and are beginning this week on the former Friday and Saturday night basis.

Their re-opening feature will be "The True Life Story of Jesse James," in cinemascopes and color, plus color Travel News and Cartoon.

The Schupfers say that they have a party who desires to purchase the equipment, etc., of the theater, and they feel that this would be a distinct blow to Kendrick business firms, and therefore are going "to give it another try."

It is to be hoped that patronage will warrant a continuation of shows.

Sunday dinner guests in the Oral Craig home were Mr. and Mrs. Arnold Wallace and children of Ephrata; Mr. and Mrs. Billy Weyen, Carol and Debbie, Mr. and Mrs. Gary Gertje and Mark and Zeb Robeson, the latter of Lewiston Orchards.

Mr. and Mrs. Raymond Greene have moved into one of the Blewett apartments.

Vern Choate and Walter May flew into the Salmon river over the weekend on a fishing trip — but had no luck, the water being too riley. They were caught in a storm and had to remain over night.

Mr. and Mrs. Don Millard and son of Lewiston spent Saturday and Sunday here with her parents, Mr. and Mrs. Walter Silflow. On Sunday Mr. and Mrs. Dick Holman and son of Spokane drove down to spend the day.

Mr. and Mrs. Herman Travis and son Jimmy of Grangeville were Saturday over-night guests of his parents, Mr. and Mrs. Jack Travis. They came to see their father, who was down with pneumonia last week. Jack is up and about this week, however.

Mr. and Mrs. Vernon Banks and son Butch of Lewiston were Sunday callers in the home of Mrs. Edgar Long.

Mr. and Mrs. Gunder Reijerson of Little Bear ridge brought dinner and spent Thursday with Mrs. Edgar Long and son Roy.

Roy Long left Friday for his home in Spokane, after spending a week here with his mother, Mrs. Edgar Long and son Roy, and Mr. and Mrs. James Benjamin, who are guests in her home.

Milton E. Lind of Lewiston spent the week-end in the home of his parents, Mr. and Mrs. Paul Lind.

Mrs. Ben P. Cook spent last week at Clarkston caring for their grandsons, while their parents, Mr. and Mrs. Harold Goff attended the District basketball conference. The Assn. H. S. team, which he coaches, lost out in the finals.

Mr. and Mrs. Gordon Cook and son Bruce of Pasco, were week-end guests in the home of his parents, Mr. and Mrs. Ben P. Cook. On Sunday Mr. and Mrs. John Deobald and children joined the group for dinner, and Mr. and Mrs. Bennie B. Cook and son Bradley of Pullman were callers.

Mr. and Mrs. Harold Olderness of Spokane spent the week-end here with her parents, Mr. and Mrs. L. S. Thurber.

Mr. and Mrs. Reinhard Wilken and daughter Marga, Mr. and Mrs. Henry Reil and Mrs. Hattie Johnson, the latter of Peck, were dinner guests Saturday evening in the home of Mr. and Mrs. George Wilken.

Mr. and Mrs. Geo. Finke, Southwick, spent Saturday evening in the Richard Watson home. The Finkes were enroute home from a vacation trip to the coast.

Baby Daughter No. 2 Arrives
Mr. and Mrs. Duane Olson, Kendrick, are the parents of a daughter, born Feb. 27, at the Gritman Hospital, Moscow.

The little Miss weighed in at 8 pounds 1½ ounces, and has been named Joni Marie. She joins a little sister, Jan.

The proud grandparents are Mr. and Mrs. Glen Davis.

Mrs. Olson and baby came home on Monday and her mother, Mrs. Davis, is helping with their care.

TO COME HOME SOON

Otto Schupfer, who underwent major surgery at the St. Joseph's hospital in Lewiston last week, is reported as recovering nicely, and is expected home within the next day or two.

Responsibility naturally gravitates to shoulders that can carry it.

Get that fresh fish, oysters, etc., at Blewett's Market, Kendrick. We will order any desired type of sea food.

SPRING GETS SETBACK

The "Spring has Sprung" attitude of local residents received something of a set-back this past week, when the temperature dropped below freezing for several nights, depositing a thick white frost on everything, and coating water puddles with a thin film of ice.

However, the slow-down was welcomed by most, as fruit buds were beginning to swell, and berry bushes to leaf, and should the fruit trees have burst into bloom, it would have meant the end of the local crop.

On top the hills just enough snow fell to whiten the ground, but the cold slowed down wheat growth, a cause of worry to many farmers.

Lows the past week have ranged around the 28 degree mark, and the highs around 50 — so who's complaining — it's still a wonderful winter.

RIVER DOWN AND CLEARING

The Potlatch river, (so termed officially) has dropped considerably this past week, and is beginning to clear, after running a chocolate color for some weeks.

This dropping and clearing is hailed with pleasure by the local piscatorial artists, who hope for a few days of good fishing following the season's opening in June.

They point out, and rightly, that it is the early clearing that apparently brings in the fish for later sport.

Wins Bicycle

Dana Magnuson is the proud owner of a new Schwinn bicycle, all because his father, Bob Magnuson, held the winning ticket in the Band Mothers contest at Troy last week.

Bob says it's the first bicycle he ever owned (Dana says he gave it to him) but thinks it might be easier to walk. This decision was made after he rode it home from the office the other day.

Not knowing it had three gears, Bob started out in low, which meant he had to pump about three times for the wheels to turn around once — so he was slightly bewildered and noticeably "out of puff" when he arrived home. Shortly thereafter, Dana gave his father a demonstration!

To Observe Gracie's Birthday

Mrs. Howard Hechtner of Lapwai will be toastmistress, and Mrs. Clara Turner of Nez Perce is ticket sales chairman for the dessert luncheon to be held March 12 at the Elk's Temple in Lewiston, at 1:30 p. m. The party is being sponsored by the Nez Perce County Democratic Women's organization as an observance of Gracie Pfost's birthday anniversary.

Zelma Reeves Morrison of Spokane, president of the Washington State Federation of Women's Clubs will be the featured speaker.

Crumpled Fender

Herman Schupfer had a "brush" with a state highway department ditcher-loader last week, resulting in a crumpled fender.

The accident occurred near the Werner Brammer ranch on the highway, where slides are almost continuous. The loader, misunderstanding the flagman's signal, backed into the Schupfer car, which was stopped. The loader was moving slowly, so damage was light. All was covered by insurance.

First Aid Class Scheduled

First Aid Classes for the Kendrick area are planned to begin Friday, March 14, at 7:00 p. m., in the Fire Hall. Leon Sorduff of Moscow, and an assistant, acting as instructors.

The course is under the joint sponsorship of the Homemakers Club and the Kendrick Firemen.

Anyone interested is welcome, and is asked to contact John Deobald, Fire Chief.

Engineers Install Markers

A crew of government engineers were in this section last week, and put in several markers near the Roy Glenn home just east of Kendrick, on the Potlatch river.

The meaning of these markers is not known — whether they represent stream flow and height, or rock removal in the dyking operations due later this year — but there they are.

NEW TELEPHONE DIRECTORY

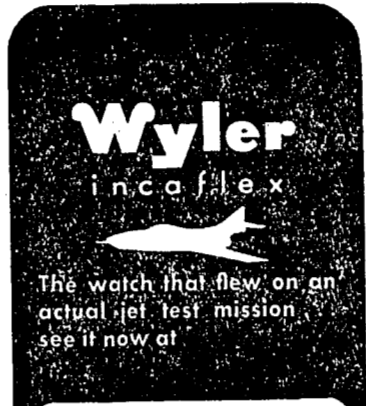

A new telephone directory is in the process of compilation by Schupfer Brothers, owners of the Potlatch Telephone Co., and in the process of being set in the Gazette Office.

If you are going to move soon; need a telephone, etc., please contact the local telephone company at once.

At best, a directory is seldom correct for more than a week — so every effort is made to have them at least "up to date" at the time of their issuance.

NOTICE OF SPECIAL MEETING OF SHAREHOLDERS OF THE FARMERS BANK

TO THE SHAREHOLDERS OF THE FARMERS BANK:

NOTICE IS HEREBY GIVEN, pursuant to a resolution and call therefor of and by the Board of Directors of The Farmers Bank, unanimously adopted at a special meeting of said Board on January 28, 1958, that a special meeting of the shareholders of The Farmers Bank will be held at the office of said corporation at its bank building in Kendrick, Latah County, Idaho, on Tuesday, the 11th day of March, 1958, at the hour of 3:00 o'clock P. M. for the purpose of considering and acting upon the following matters, to-wit:

(a) Increasing the capital stock of the corporation from \$25,000.00, divided into 250 shares of the par value of \$100.00 each, to \$50,000.00, divided into 500 shares of the par value of \$100.00 each, and in connection therewith amending Article VI of the Articles of Incorporation of the corporation as amended by Articles of Amendment filed in the office of the Secretary of State of the State of Idaho on November 23, 1940, now reading as follows, to-wit:

"SIXTH: The capital stock of this corporation shall be \$25,000.00, divided into 250 shares at \$100.00 each (which shall include the 150 shares of the par value of \$100.00 each, previously authorized), but the capital may be increased at any time by shareholders owning two-thirds of the stock; and in case of the increase of the capital of the corporation, each shareholder shall have the privilege of subscribing for such number of shares of the proposed increase of the capital stock as he may be entitled to according to the number of shares owned by him before the stock is increased"

so as to read as follows:
"SIXTH: The capital stock of this corporation shall be \$50,000.00, divided into 500 shares of the par value of \$100.00 each (which shall include the 250 shares of the par value of \$100.00 per share previously authorized)."

(b) If the foregoing amendment be adopted, authorizing the President or Vice President and Secretary or Treasurer of the corporation, to make, execute, sign and swear to the necessary Articles of Amendment in accordance with the statutes in such cases made and provided, and to have the same approved by the Commissioner of Finance of the State of Idaho, and thereafter filed in the office of the Secretary of State of the State of Idaho, all as provided by law.

(c) The Transaction of any other business incidental or related to, or necessary with, the transaction of any of the matters set forth under (a) and (b) above.

GOLDEN RULE

(Delayed)

Feb. 25 — Mrs. D. V. Kuykendall attended the W. S. C. S. meeting at the home of Mrs. Daymon Schneider Tuesday afternoon.

Wm. Kauder visited with Fred Stage Wednesday afternoon.

R. S. Betts was an Orofino visitor Wednesday, calling at the Don Christensen, Carl Finke and Jim Crawford homes.

Mr. and Mrs. George Finke were Lewiston visitors on Wednesday.

Mr. and Mrs. Don Morgan called at the D. V. Kuykendall home Thursday.

Mr. and Mrs. George Finke and Alma Betts drove to Kendrick Wednesday evening to help Mrs. Wilken celebrate her birthday anniversary. Not finding them at home, they finally located them at the Kenneth Wilken home, so all spent the evening there.

Mr. and Mrs. Chester Martin of

Lewiston visited in the Roy Martin home, Thursday.

Ed. Snyder, a former resident of this community, when his parents resided here, has come out from Denver to visit friends. He has been staying at the Ernest Cowger home.

Mrs. D. V. Kuykendall and Mrs. Roy Martin accompanied Alma Betts to Orofino, Friday. They lunched with the Don Christensen family; enjoyed dinner in the Eugene Betts home, to honor his birthday. In the evening they attended the World Day of Prayer Service at the new Lutheran Church, with other Protestant faiths participating. Mr. and Mrs. Albert Lawrence were also present.

Mr. and Mrs. D. V. Kuykendall were Sunday dinner guests of Mr. and Mrs. Jack Kuykendall at Kendrick. Mrs. Russell Perkins and Alma Betts accompanied Mrs. D. V. Kuykendall and son Jerry to Lewiston on Monday. Mr. and Mrs. John Pavel were also Lewiston visitors that day. Mr. and Mrs. Darwin Tarry called on Wm. Kauder, Sunday.

Mr. and Mrs. Albert Lawrence were

Sunday dinner guests of Mr. and Mrs. Henry Davis.

Art Kelly was a Saturday supper guest in the Albert Lawrence home. Leonard Martin and son of Aberdeen, Wash., arrived Friday to get his uncles, Roy and Loy Martin, and spend some time with them on the coast, fishing.

Mr. and Mrs. Bill Elben and family of Lewiston spent Saturday night with her mother, Mrs. Roy Martin.

SAWMILL CLINIC SCHEDULED

A Sawmill Clinic will be held this year at the American Legion Hall in Plummer, Idaho, on Thursday, March 6. A very interesting program has been arranged for the small sawmill owners of Latah and adjacent counties of Idaho and Washington. The day's activities should also interest logging operators, woodlot owners, and prospective sawmill owners.

The first speaker on the program will be Fred Malcolm of the Forest Products Laboratory. Mr. Malcolm will talk on "Mill Efficiency" as ef-

fect by labor and mill layout. He has had 15 years of experience in assisting small sawmill operators in all parts of the country. He will show slides to illustrate his talk.

E. S. Kotok, chief of the Forest Utilization Service, will talk on the problem of thick and thin lumber. He will discuss this subject from the producers and users point of view. Mr. Malcolm will talk on mill alignment and maintenance; with D. P. Lowery of the Forest Utilization office assisting in these discussions.

Lunch will be served by the American Legion Club.

In the afternoon a saw company representative will discuss "Saws and Saw Fittings." This will be followed by a talk on the use of power in the sawmill.

Mr. Malcolm will complete the meeting by leading discussions on specific sawing problems such as frozen logs, over-size logs, etc. Also, a local mill will be visited to illustrate some of the topics discussed.

Don't Expect Any Word

Boise — "If you are expecting a federal income tax refund, please don't plan on receiving it until at least April or May, so you won't be disappointed," advises the Internal Revenue Service.

Refunds come slower than in past years because the returns are now shipped to a central location for electronic machine processing and refund check writing, along with millions of others from other states.

Meanwhile, it is impossible to answer inquiries about individual refunds until after June 30, when the returns are shipped back and separately indexed, so they can readily be located.

Some refunds will come sooner, but not many. Early filing helps, but the returns must be checked in different ways, depending on what's in them, so some move faster than others.

The refunding will be nearly all completed during June, but some can not be paid until later in the year — those that claim deductions which must be investigated before refunding, and the faulty and incomplete returns that cause extra correction work.

Preventing traffic accidents is one job everyone can share. It takes no money from you, none of your leisure time. Only one thing is required — your courtesy and care whenever you are behind the wheel of a car.

African Buds Add Romantic Touch To Home Cooking

WASHINGTON — Flower buds from the African island of Zanzibar add a touch of romance to the American kitchen.

These buds, known to housewives as cloves, were once so highly prized that they served as money. Less costly now, they flavor baked ham and other dishes.

Clove trees are native to the Moluccas of Indonesia, but a farsighted sultan established them on Zanzibar, the National Geographic Society says. Today most of the world's cloves come from Zanzibar and its sister island, Pemba.

Clove trees grow 30 to 50 feet high, and are ready for picking when the nail-like calyxes of the buds turn pink. Women and children pluck the bunches of buds from lower branches, while men climb ladders or scramble up into the branches and draw clusters within reach with hooked sticks.

To separate stems from buds, workers brush bunches together. The buds fall, and stems are tossed aside. Buds are dried on open concrete platforms to seal in their aromatic oil.

In recent years, Zanzibar has been fighting a disease destroying clove trees. Research on the "sudden death" has been going on in the same house whose explorer, David Livingstone stayed in 1805 while fitting out his last famous expedition to the heart of Africa.

Family Insurance At Highest Level

NEW YORK — The establishment of new family life insurance protection in 1957 attained the highest level yet recorded reports the Institute of Life Insurance. An estimated amount of \$68,500,000 of new life insurance was bought during the past year, approximately \$11,000,000 more than the 1956 total and an amount comparable to the total life insurance in force at the end of 1925.

"In this one year," notes the Institute, "more new life insurance was purchased than was outstanding after all the years of life insurance history prior to 1925. New policy plans and the development of better service methods have contributed materially to life insurance's record achievements of 1957."

Estimated ordinary insurance purchases of \$46,200,000,000 accounted for more than two-thirds of the life insurance bought in 1957, with a year's gain of nearly \$10,000,000,000 reflecting, in part, the public's response to new forms of personal protection such as the family plan and the adjusted premium offered on the purchases of larger policies.

Lyon Celebrates 2,000th Birthday

WASHINGTON — The French city of Lyon is celebrating its 2,000th anniversary, and people of many lands are joining the year-long birthday party.

In April, French President Rene Coty will personally open the 1958 Lyon fair. Highlights will include museum exhibits, lectures, religious ceremonies, parades, "light and sound" stereophonic shows, and operas in Lyon's archaic theater where Roman gladiators once fought.

In the eyes of the world, Lyon has long been overshadowed by its sister city, Paris. However, Lyon can boast that it was the glittering capital of Caesar's Gaul when Paris was a frontier town. Today Lyon, with a population of more than 470,000 rivals Marseille for the title of France's second biggest city.

Eye Care Important For School Success

NEW YORK — In this day of ever-increasing educational demands, all parents should see that their children are as well equipped as possible to shoulder their school burdens, the Better Vision Institute points out. An annual eyeglass examination is one of the best means of doing this, for vision is a pupil's first and foremost tool of learning.

Twenty-five per cent of America's 32,000,000 schoolchildren have seeing troubles, and many of them don't realize their vision is abnormal. Some of the more pronounced cases withdraw from their difficulties by becoming day dreamers and constantly gazing out of the window. Others make a determined effort to study but find that their vision blurs after 10 minutes or so and have to rest between brief periods of reading.

Star Data WASHINGTON — Data on star observations are provided to the world's timekeepers, surveyors, and map makers by five observatories of the International Latitude Service. Each of the five observatories is near the 40th parallel, and two are in the United States, at Ukiah, California, and Gaithersburg, Maryland. Others are in Saragossa, Japan, and Soviet Turkistan.

CLEANEST BURNING KEROSENE

Cooking is easier with Pearl Oil because its no-creep, hot flame burns without smoke or odor. When used in stoves and heaters, this clean-burning kerosene leaves no film on furniture and woodwork...no soot on wallpaper or curtains.

This "King of the Kerosenes" gives brighter light in lanterns and added safety for chicks when used in brooder stoves.

Sea Partners Are Clownfishes and Sea Anemones

WASHINGTON—There are curious partnerships among sea animals.

Such, for example, is that between the large sea anemones of the waters around the Palau Islands in the South Pacific—flower-like creatures closely related to corals but without hard skeletons—and the highly colorful little "clownfishes." The anemones are static animals that live by entrapping other organisms with their stinging tentacles.

The curious cooperation is described by Frederick M. Bayer, of the U. S. National Museum and Dr. Robert R. Harry-Rufen of the George Vanderbilt Foundation in the annual report of the Smithsonian Institution just published. The two scientists carried out an extensive study of sea life around the islands.

The anemones, they say, allow the fishes to seek protection among their tentacles whenever danger threatens. The clownfishes stray far from their hosts and are ready to dart down among the stinging tentacles at the first hint of danger. "It is believed," says the report, "that the fishes avoid being stung by swimming in a distinctive fashion that is recognized by the celerate (anemone). Clownfishes have been seen to drag food to the waiting tentacles of the anemones but, on the other hand, we have watched one seize tentacle of its host in its mouth and with a few quick tugs pull it loose and eat it. This finny ingrate expected, and received, sanctuary from the very anemone it had been nibbling upon, for it dashed headlong among the tentacles when we approached too closely."

Some investigators have suggested that by eating bits of the anemone the clownfish builds up an immunity to the nematocyst poison, but this has never been confirmed.

It does seem fairly certain, however, that the clownfishes recognize their preferred species of host anemone partly by sight and partly by chemical emanations.

Economy Outpaces Personal Savings

NEW YORK—The American people have rung up a series of outstanding economic records year after year in the prolonged period of prosperity since the end of World War II with one very important and vital exception. That is in the matter of personal savings.

Figures compiled by the U.S. Department of Commerce show that, while the economy as a whole has expanded by about 20 per cent in the period from 1953 to date, personal savings have little more than held their own in dollar amounts for the period as a whole and have actually fallen in relation to the growth in income. The period since 1953 is taken as less subject to abnormal conditions and influences than the preceding war and post-war years.

Cite Opportunity For Health Education

NEW YORK—A record school population of 40 million currently in the United States—one-third greater than in 1950—offers excellent opportunities for school health education, the Metropolitan Life Insurance Company reports.

With the death rate in the 5-17 year old age group down to only 6 per 10,000 in 1956, largely because of the control of infections, the major risks to life in childhood are now accidents, cancer, and heart disease.

Health conditions cannot be measured by mortality alone, however, the Metropolitan points out. Even today many school children have physical or emotional disorders which, though not a threat to life, do affect their state of health and their daily activities; and some of these may become a source of difficulty in later years.

Home Ownership, Income Are Related

NEW YORK—Consumers with incomes of \$5,000 and over now own more than half of all the non-farm homes in the country, according to data compiled by the Federal Reserve System in its Survey of Consumer Finances.

The comparable ratio of home ownership for this income group was less than a third in 1949, when a much smaller proportion of the nation's spending units had a \$5,000 a year income.

The figures show that practically 8 out of every 10 nonfarm spending units with incomes of \$7,500 or more were home owners as compared with fewer than 7 out of 10 in 1949.

Now You Know
WASHINGTON—For whatever it may be worth as a point of information: Scientists have decided that the zebra is a light-colored animal with dark stripes—not a dark one with light stripes.

STONY POINT ITEMS

(Delayed)
Feb. 24—Mr. and Mrs. Ernest Steigers were Wednesday evening guests of Mr. and Mrs. Wm. Steigers and family at Lewiston.

Mrs. Helena Brown entertained with supper for Mr. and Mrs. Dwain Space and Mr. and Mrs. Ernest Steigers, Thursday.

Don Brown and Walter Squires of Lewiston returned Thursday evening from their trip to Florida. They were greatly entertained by an Alabama resident's remark that he had heard of snow completely covering the ground, but it was the "darndest" sight he ever saw! They had a good time, but experienced worse weather than we had here at home!

Mrs. Glen Stevens and Mrs. Joe Eberhardt of Lenore helped entertain the seventh grade Friday by serving refreshments after their "hard times" party.

In honor of Arnold ZumHofe's birthday anniversary, Sunday, Mr. and Mrs. Leslie Heimgartner had as dinner guests Mr. and Mrs. Walter ZumHofe and family, Mr. and Mrs. Wayne Heimgartner and family, and Mrs. Lily McCall and Judy.

Mr. and Mrs. Marion Stevens and family and Mr. and Mrs. Bill Hecht were Sunday dinner guests of Mr. and Mrs. R. W. Fairfield at Juliaetta.

Danny Steigers and his parents, Mr. and Mrs. David Steigers of Juliaetta, visited his grandparents, Mr. and Mrs. Ernest Steigers, Sunday, and was delighted with the daffodils and marigolds he found in bloom.

Mr. and Mrs. Glen Stevens and family, Mr. and Mrs. Lyle Kerby and family and Mr. and Mrs. Charles Kerby and grandchildren, Pat and Karen, were among those from the Cottonwood Creek Community Church who attended a pot-luck Fellowship dinner at the Lenore United Brethren Church, Sunday. Other churches represented were the Culesac Methodist Church and the Cream Ridge United Brethren Church.

Mrs. Helena Brown and Carol accompanied Mr. and Mrs. Dwain Space on a trip to the mountains, Sunday. They visited friends at Headquarters, Pierce and Weippe, and saw the melting snow and rushing streams that are harbingers of spring.

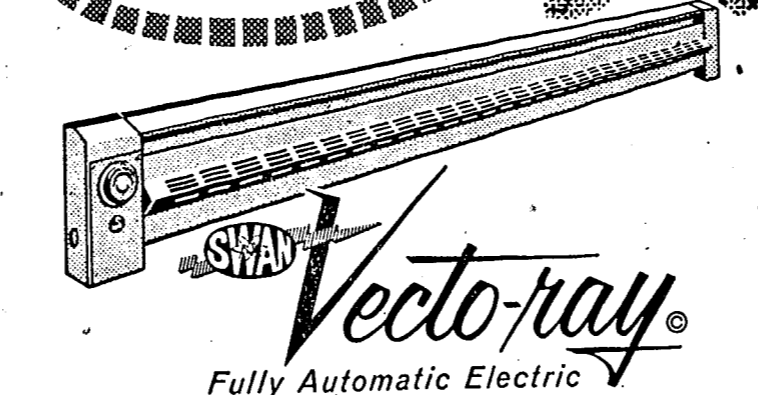

Mr. and Mrs. James Roberts and son David stopped briefly at the Ernest Steigers home on their way home from Culesac Sunday evening.

Mrs. Robert Foss and children visited Sunday with Mr. and Mrs. Albert Heimgartner.

Night travel is four times more deadly than day-time travel. That's why the Idaho Traffic Safety division says—slow down, especially on dark winter nights.

Well built, well designed, 1025 square foot valley home. Typical electric heating cost for this home:

Insulation job on this 1216 square foot home undoubtedly contributes to low operating costs.

Occupants of this 812 square foot brick home have enjoyed the benefits of electric heating at less-than-average cost for 10 years.

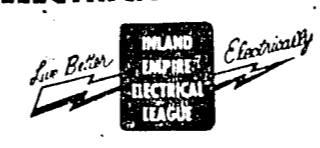

Heating costs per square foot of two level homes are usually below single level dwellings. This is true for this 1440 square foot home.

Many older homes have been converted to electric heat resulting in surprisingly low operating costs. This 998 square foot home, with storm doors and storm sash, is a good example.

Home Talent Show Planned
Plans are being made by the local V. F. W. to put on a Home Talent Show in Kendrick. The purpose is to bring out hidden talent and is open to young and old alike. From this program, acts will be chosen to go on KLEW TV in the near future. This will be a 45-minute program and with the support of the public, offers an opportunity for local talent to appear on TV.

The acts chosen from the above program will be picked by judges in Lewiston. More information on this will appear in forthcoming issues of the Gazette. Anyone interested in participating is asked to contact one of the local V. F. W. members or the Auxiliary.
There will be a talent program on KLEW TV at 4:00 p. m., Feb. 28. This will give you an idea of the type of talent used.

Appointed To Advisory Council

Wash., D. C. — E. C. Rettig, executive vice president of Potlatch Forests, Inc., Lewiston, Idaho, has been appointed to the National Advisory Committee of American Forest Products Industries for 1958.

The appointment was announced by John B. Veach, president of AFPI, sponsor of the American Tree Farm System of growing timber as a crop on taxpaying lands.
The National Advisory Committee meets in Washington, D. C., annually to review AFPI's broad programs of forest management and forestry education.

Forty-six states are now active in the voluntary Tree Farm program, with nearly 45 million acres of well managed timberlands enrolled.

About That Income Tax

March 15, not April 15, is the final date for corporation filing federal income tax returns on a calendar year basis, for the period Jan. 1 to Dec. 31, 1957, says the U. S. Treasury Dept.

Corporations should not confuse this federal tax deadline with the April 15 date for individual taxpayers, nor with the state's April 15 date for corporations.
Last year several corporations paid costly penalties because of this misunderstanding.

NEW STAMP BOOKLET

A new Stamp booklet is being issued to the public through the office of the superintendent of documents. This is a revised edition of the official publication entitled "Postage Stamps of the United States." The new edition contains descriptions of all United States postage stamps from the date of their introduction in 1847 to Dec. 31, 1957, the plate numbers and quantities printed on commemorative and airmail stamps, and a complete index for easy reference purposes. A new table showing designs, engravers, first day sites and dates, and quantities of stamps sold and covers cancelled the initial day of issuance, from Jan., 1953, has been added.

All mail orders should be addressed to: Superintendent of Documents, Government Printing Office, Washington 25, D. C., and should be accompanied by a money order or check. The price is \$1.00 per copy, which includes cost of delivery. Postage stamps will not be accepted in payment.
If you have the hobby of stamp collecting, you will want this booklet.

Our Thanks To You!

We would like to thank our friends and neighbors for the many wonderful remembrances on our 25th wedding anniversary. The Open House will always be one of our treasured memories. Mr. and Mrs. Alva Craig and Family. 1-x

PLC BAND SOLOISTS

Trumpeter Gerald Bayne, left, and clarinetist David Knutson, will be the featured soloists with the Pacific Lutheran College Concert Band, which will appear here on Tuesday, March 11th, at 8:00 p. m., in the Kendrick High School gym. These senior musicians from the Tacoma, Washington, college are ranked

the top collegiate instrumentalists in the Pacific Northwest. Prof. Gordon O. Gibbertson is the director of the 50-piece band.

The band is making its appearance here under the sponsorship of the Emmanuel Lutheran Church at Cameron. There is no admission charge but a free will offering will be taken. It is hoped that all will hear this wonderful organization.

Enjoy California Trip
Mr. and Mrs. Manning Onstott returned Feb. 20th from a five-week trip into California, spending three weeks at San Luis Obispo, where Mr. Onstott attended a refresher course for members in Soil Conservation Service work.

They report a very enjoyable trip, but experienced almost all kinds of weather. Erucote down through south Idaho they were just ahead of a snow storm, going by way of Reno. In Donner Pass the snow was some six feet deep and very beautiful.

They visited in the home of Mr. and Mrs. Nolan Weeks at Lompoc, Calif., where they also found Mr. and Mrs. Everett Weeks.

At Santa Monica, Calif., they visited relatives, who drove them to all the interesting places in and around Los Angeles, including the homes of movie stars in Beverly Hills, and in other residential areas. They saw the Wayfarer's Chapel at Portugeuse Bend, the Coliseum, etc. They also visited at Long Beach, being escorted by those who lived there, so found it most interesting — even the freeway!

They returned by way of Sacramento and Red Bluff, just a few hours ahead of the flood, and through Dunsuir, just ahead of the huge slide. The entire trip was made without seeing an accident of any kind. But they say they prefer Idaho!

Spring At Las Vegas

In a brief note Jerry White, who is teaching at Las Vegas, Nevada, says in part:

"We have moved to a different address here. Our new one is 501 N. 19th St., Las Vegas, Nev.

"Right now we are enjoying an 'open spring', yesterday it got up to 78. It has been staying around 60 sounds like you good people are enjoying spring, too."

HELLO, FOLKS:

Have you tried for a tankful of free gasoline? If not, why not? There is no drawing. If you can guess within 1¢ of the total cost of filling your gas tank — the gas is "on the house." What have you got to lose?

Young Man: "Did the noise we made worry your folks when I brought you home last night?"
Girl: "Oh, no! It was the silence!"

Like tires that grip when you get off the gravel into the mud? If so, come in and let us figure with you on mud and snow tires. You'll be surprised at how cheaply you can own a set!

A hard-working woman was asked why she supported her husband, who never bothered to get a job.

"It's like this," she replied. "I makes the living and he makes the living worthwhile!"

It's too doggone chilly to do without a fire these days, so better check your fuel oil supply, and then call us at 1251. Say "Fill 'er up," and we'll do the rest. You get more for your dollar in Union Products.

Policeman: "You saw this lady driving toward you. Why didn't you give her half the road?"
Unhappy Driver: "I was going to, just as soon as I could figure out which half she wanted!"

Being a husband is just like any other job. It's much easier if you like your boss!

YOUNG MEN ENTER SERVICE; VISITING ALWAYS POPULAR

Young Men Volunteer Services
Jim Lohman, son of Mr. and Mrs. Elmer Lohman, and Reinhard Schroeder, nephew of Mr. and Mrs. Reinhard Wilken, volunteered their service to the army, under the draft status, were inducted some two weeks ago, and are now stationed at Fort Ord, Calif., for the next six weeks.
Jim called his parents Sunday morning, long distance, and said that army life was fine — but being home was better!
