THE LELAND AREA AREA ACTIVITIES

CANCER DRIVE SUCCESS; HOME- MAKERS MEET; WEATHER

Cancer Drive Reported

The Leland community took in \$82.30 in the Cancer Drive, as reported by co-chairmen Mrs. Bill Weyen and Mrs. Lloyd Craig. They wish to thank everyone for their contributions.

Homemakers Club Meets

The Leland Homemakers Club met on Wednesday last week with Mrs. Walter Crawford. The project was "Bead Making," with everyone completing a beautiful string of beads. This was under the direction of Mrs. Wilma Wolff and Mrs. Howard Wolff.

Farmers Really Busy

The farmers in this section are all busy — many working day and night to get their crops in — having taken advantage of the beautiful weather (up to Tuesday morning).

Honor Birthday Anniversary

Mr. and Mrs. Jesse Thornton, Mr. and Mrs. Lloyd Craig and daughters Marcella and Jeanne, Mr. and Mrs. Oral Craig, the latter of Kendrick; Mr. and Mrs. Charles Craig and daughter Karen, Mr. and Mrs. Ray Thornton and daughter Charlene, Mr. and Mrs. Boyd Thornton and son Monte, all of Lewiston; Mr. and Mrs. Keith Thornton and family of Peck, and Mr. and Mrs. George Baugh of Orofino picnicked at the Spalding park Sunday. The occasion was the birthday anniversary of Charles Craig.

General Items

Mr. and Mrs. Gordon Peters visited in Clarkston Sunday with Mr. and Mrs. Bob Hutton, Jr., and daughter Tammie of Clarkston, and with Mrs. Sylvia O. Peters and Major Robert Olsen and family of Spokane, who were visiting there.

Mrs. Lloyd Craig and Marcella called on Mrs. Wilbur Corkill Tuesday afternoon.

Mr. and Mrs. Ed Johnson of Kellogg were week-end guests of Mr. and Mrs. Herman Johnson.

Mr. and Mrs. Raymond Lockett and son Timmie of Lewiston were week-end guests of her parents, Mr. and Mrs. Roy Craig.

Mr. and Mrs. Ed Johnson were Saturday supper guests of Mr. and Mrs. Ben Hoffman. Mr. and Mrs. Charles Hoffman were evening visitors.

Mrs. Herman Johnson and Mrs. Julia Flesham called on Mrs. Gordon Peters Monday morning.

Mrs. Charles Hoffman called on Mrs. Ervin Draper Monday afternoon.

Mr. and Mrs. Donald Morgan and family of Cavendish; Mr. and Mrs. Ed Johnson of Kellogg, and Mr. and Mrs. Ben Hoffman were Sunday dinner guests of Mr. and Mrs. Charles Hoffman.

Mrs. Robert Draper and Mrs. Ervin Draper and family were Sunday dinner guests of Mr. and Mrs. William Deobald and family in Moscow.

Wanda Peters and three friends from the U. of I. were Friday supper guests of her parents, Mr. and Mrs. Gordon Peters.

Mrs. Bill Weyen and daughters Carol and Debbie called on Mrs. Roy Craig Sunday afternoon.

News is scarce — everyone's busy!

Mrs. Walter Crawford and son Kevin and Mrs. Howard Hoffman attended the play "Inherit the Wind," presented at the Pullman Community Theater last Friday evening. Bennie B. Cook was a member of the cast. It was a repeat performance for the Mother's Day week-end.

Mr. and Mrs. Bennie B. Cook and son Bradley of Pullman; Mrs. Jennie Hund and Mrs. Elizabeth Anders of Lewiston were Sunday guests of Mr. and Mrs. Walter Crawford. Bradley Kent Cook was baptized at the Kendrick Community Church that morning.

Donna Johnson rode her horse up from Kendrick Saturday to spend the night and Sunday with Mr. and Mrs. Gordon Peters.

Mr. and Mrs. Parker McCreary and daughter Claudia of Moscow were Sunday callers at the Leonard Wolff home. Warren Wolff, Lewiston, was also a caller.

Mr. and Mrs. Emil Silflow and family, Mr. and Mrs. Harold Silflow and family and Mr. and Mrs. Marvin Silflow and family were Sunday dinner guests in the home of their parents, Mr. and Mrs. Fred Silflow, Juliaetta, Saturday evening. The occasion honored the wedding anniversary of Mr. and Mrs. Fred Silflow.

The Girls' 4-H Club met at the Harold Silflow home Monday evening. Mrs. Wilma Wolff has accepted a position in Lewiston, and began her duties as office nurse for Dr. Baldeck, Monday.

W. S. C. S. Thursday

The Kendrick Womens Society for Christian Service will meet Thursday afternoon in the church basement. The program, "March of Mission Dollars" embraces the annual Pledge Service, and will be presented by Mrs. John Deobald, Mrs. Chas. Easterbrook and Mrs. Donald Eichner. Mrs. Burton Souders, Jr. will sing.

Hostesses for the afternoon are Mrs. Burton Souders, Jr., and Mrs. W. L. McCreary.

Baby sitting service will be provided at the Howard Hoffman home.

SILVER WEDDING SUNDAY

Mr. and Mrs. Leslie Heimgartner of Stony Point observed their Silver Wedding Anniversary Sunday, May 4 — with a really busy and pleasant day.

Most of their brothers and sisters and families accompanied the Heimgartners to services at the Lutheran Church in Juliaetta Sunday morning. They returned to the Wayne Heimgartner home for dinner at noon. Here they were joined by Mr. and Mrs. Alvin Steigers of Gifford, who had attended Mr. and Mrs. Leslie Heimgartner at their wedding 25 years ago.

At the Open House, held in the afternoon, approximately 175 friends and relatives called from near and far. They were served refreshments prepared by sisters and sisters-in-law, Mrs. ob Heimgartner and Marie. The couple received many lovely gifts — not to mention congratulations and best wishes.

FREE LIBRARY ELECTION CARRIES

BOVILL-DEARY COMMUNITIES PUT PROJECT OVER

A nearly unanimous vote from Bovill and Deary property owners carried Latah County's free library proposal over stiff opposition from other areas in Saturday's voting.

Needing a majority vote to carry the unofficial returns showed 232 voting for the proposal to 172 against. Bovill's 59-0 vote cast in unanimous approval provided the winning margin in the issue.

Citizens living outside of Moscow and eligible to cast votes in the election, voted an emphatic "no" to the proposal, with all 21 votes against the library service.

Moscow, with over 10,000 population and library services of its own, was not entitled to the service, and thus the citizens in its corporate limits could not vote.

Under the Free Library Service, a central agency will be set up in Moscow, probably in the courthouse basement, with a bookmobile delivering books to the outlying communities.

State laws specify that not more than two mills can be levied on each dollar for such services. Mrs. Ella Benscoter of Kendrick, a chief proponent of the library proposal, has requested a 1-mill levy to support the library.

The voting by polling places is as follows, with the "for" vote first: Bovill (59-0); Deary (24-1); Genesee (33-43); Kendrick (45-49); Potlatch (23-26); Moscow (0-21), and Troy (47-32).

Following the election here, at which the ladies serving on the board donated their services, they were the guests of Mr. and Mrs. Burton Souders, Sr.

KINDERGARTEN ENDS

The six weeks of spring kindergarten ended Friday for the 15 pupils at the Kendrick Fire hall. As a joyful climax, the children were fed at the Kendrick High school cafeteria and then they took the train to Spalding, accompanied by their teacher, Mrs. Ben P. Cook, and Mrs. Dick Cuddy. At Spalding they were met by cars driven by Mr. and Mrs. Bob Meserve, Mrs. Roy Heimgartner, Mrs. Earl Witt and Mrs. Willard Schoeffler.

The R-T. A. committee, the children and Mrs. Cook wish to thank the firemen, the school and bus drivers, and the Hi-Hope Club of American Ridge, who shared so much in this kindergarten project.

Those attending were Stan Clayton, Ronnie Dammarell, Donnie Meserve, Jimmy Ingerson, Mary Dawson, Jenny Brown, Patricia Osburn, Ricky Candler, Lynn Cuddy and Billy Phillips, all of Kendrick; Robert Davis, Robbie Witt, Lee Heimgartner, Steven Pea and Edwin Calkins, all of Juliaetta; Marsha Schoeffler, Gayle Draper and Ray Silflow, of the Cameron-Leland area.

LIONS COMMUNITY CALENDAR

Grange — 1st and 3rd Tuesdays
Firemen 2nd and 4th Wednesdays
Masons — 1st and 3rd Thursdays
Eastern Star — 2nd Tuesdays

May 19th — H. S. Commencement.
May 23 — School's Out!!!!

Note: This calendar is for the listing of coming events. To list items under it, call R. L. Meserve, Supt. of Schools.

FINAL P-T. A. MEET HELD MONDAY

FINAL SPRING SESSION HELD AT K. H. S.

The last P-T. A. meeting of Joint District No. 283, was held Monday evening at Kendrick High school. There were 35 present.

Mrs. Howard Hoffman gave the opening prayer, after which Minutes were read and approved, and the treasurer's report approved.

Mr. Cook reported a national alert would be given within the next two days. All should be prepared to stay off the street. Some way will be found to sound the local fire siren for the "alert," which will differ from the regular fire signals.

Mrs. Gerald Ingle announced that Leon Sodorff, Moscow, chairman of Civil Defense, and a member of the State Police in Lewiston, would be at the Grange Hall at 8:00 p. m., Tuesday, May 6, to inform the public on Civil Defense plans.

Mrs. Robert Meserve announced a pot-luck dinner to be held in the Kendrick park at 11:30, on May 23, for parents and children of the Juliaetta grade school. Room mothers are sponsoring the event.

Mr. Meserve announced that next year's first graders would be attending school next Monday, May 12, instead of the regular pupils of Mrs. Perryman. He also announced Baccalaureate Services on May 18; Commencement on May 19 — and school out on May 23.

The president called upon the two retiring teachers to speak to the group. Mrs. Kluckholm thanked all who showed her so much kindness and consideration in her seven years in this district.

Mr. Calvert brought many laughs and much insight into the life of one who had taught for 44 years. In reminiscing he told of having taught two of the local teachers. Though he had some regrets, he had much to look forward to in retirement at his new home in Lewiston.

On the program Mrs. E. M. White gave a talk on the national meeting of the American Schools' Food Service Association that she had attended in St. Louis, last fall. About 3,000 people were in attendance and problems were consistently the same throughout the U. S. and Alaska — particularly keeping prices down and still having attractive standard meals (which are set by the government).

Mrs. White called upon Mr. Meserve who reported local problems and facts. Meals served up to April 30 were as follows: 23,612 at Kendrick; 17,439 at Juliaetta, and 4,315 at Southwick. The price of 25c is still in effect here and throughout the National Hot Lunch program, with 4c more provided by the state, which gives the school 29c per meal — though it is becoming more and more difficult to provide a good meal for that price — and this year the costs have exceeded 30c. Without the P-T. A. sponsored canning program, locally, the meals, of necessity, would be a skeleton meal without the desserts and color. Many lunch programs in the northwest have been forced to close.

Mr. Stitzlein made a motion, seconded and carried that the canning program be carried on as usual. It was reported that land had been offered by Gordon Peters for the planting of potatoes — and the use of his machinery in caring for them.

Delicious refreshments were served at the evening's close by members of the 1957-58 Executive committee.

CANCER DRIVE HALF-WAY

Boise — The state-wide drive for funds in the American Cancer Society's April cancer crusade has reached approximately \$65,000, Philip A. Dufford, Boise, division president and state crusade chairman, announced this week.

The total to date is close to the half-way mark of the \$150,000 goal, and includes only a relatively minor portion of the state. Results in many areas, where house-to-house canvases, tag days and special crusade events are still to be reported, should show a substantial gain toward the goal, Dufford said.

In conjunction with fund solicitation, the drive serves as an influential factor in the public education program of the Society. Volunteers distribute life-saving leaflets showing cancer's danger signals to every home during the crusade, the organization's president stated.

He explained that out of Idaho's contributions, 60 percent is designated to remain in the state for public and professional education, as well as service to the cancer patient, and the remaining 40 percent goes for national research and education, grants-in-aid to hospital research centers and scientific studies in search of a cure for the disease.

In a recent report, officials of the organization announced that total dollar support for 1958, of research in active grants was an approximate \$12 million, and in the past 13 years the American Cancer Society has supplied over \$55 million to cancer research. At the present time it is supporting more than 1,000 top-flight scientists working in 127 hospitals, universities and laboratories in the broad field involved in basic study of the living cell and its functions, from which it is believed will evolve the final clue to the dread disease.

TO DAD AND MOM

Honor, says the fifth Commandment, So we're glad this day was set apart So we can tell our loved ones Just what is in our hearts.

The world is such a busy place, So full of strife and fuss; That often we neglect the ones Who mean the most to us.

Dad and Mom, when you were young, Your parents held you near, And taught you the Master's words, They'd learned from loved ones dear.

And when you took us in your arms, And passed that word along, So that your own grandchildren Might be taught the right from wrong.

We're so glad you pointed us up that highway That the saints of old once trod So that on the day of judgment We may bear the photograph of God.

— Lura Nelson.

CURRENT NEWS AT OUR SCHOOLHOUSE

BASEBALL AND TRACK HEAD WEEK'S DOINGS

Kendrick vs. Culdesac

On Tuesday, April 29, the Kendrick Tigers met Culdesac on the local diamond, and Kendrick emerged victorious by a score of 12 to 0.

Culdesac had a pretty rough time with the Tigers, for Kendrick collected 6 runs in the first inning, and had six more by the end of the fifth frame. The game was called at the end of the fifth inning due to a high school interscholastic rule which says that when a team is 10 or more runs ahead at the end of five innings, it constitutes a win.

Fitchers Clemenhagen and Cuddy allowed only two hits; walked two and struck out 12. Clemenhagen was on the mound three innings, Cuddy two.

Leading hitter for Kendrick was Gene Foster with two for three.

Kendrick vs. Clearwater

On Wednesday, April 30, Kendrick met the Clearwater nine on the local field. The Tigers found good competition from the Clearwater Rams, but managed to collect 7 hits and score 9 runs, while holding Clearwater to 3 hits and 5 runs. Kendrick committed only two errors, while Clearwater recorded five.

Gene Foster and Bruce Clemenhagen split the mound duty between them — allowing 3 hits; walking 8 and striking out nine.

Cooperation Made Game Possible

Cooperation from the weather man, plus four and a half yards of sand donated by Ed. Nelson, allowed the Kendrick Tigers to play the above two games during the past week. Such help is really appreciated.

Kamiah vs. Kendrick

Two-hit pitching by Bruce Clemenhagen and timely hitting by teammates, enabled the Kendrick Tigers to defeat the Kamiah Kubs 4 to 2, on Friday, May 2nd.

Kendrick scored two runs, to go ahead, in the third inning on two hits and two Kamiah errors. In the fifth, after two outs, a walk, two errors and a single drove in two runs for Kamiah, spoiling a no-hitter and tying the score.

Robin got on base on an error in the sixth inning, and a long double by Doug Pederson drove home the run. Pederson also scored on Dick Cuddy's ground ball out.

District Track Meet, Moscow, May 3

At the District 2 Track meet held in Moscow on Saturday, May 3rd, team places were as follows: Clearwater, 1st; Lapwai, 2nd; Nezperce 3rd, and Kendrick 4th. The Tigers garnered a total of 19 points, based on the 5-3-2-1 ratio.

Kendrick scoring was as follows: High hurdles, Duane Meske, 4th; 220-yard dash, Gary Browning, 2nd; 440-yard dash, Robin Magnuson, 3rd.

880-yard run, Leonard Eldridge, 3rd; Medley Relay — Shepherd, Harrison, Meske, Bateman, 3rd place.

880-yard Relay — Browning, Havens, Magnuson, Eldridge, 2nd place.

Discus — Meske, 3rd; Magnuson 4th.

Shot Put — Lyle Parks, 1st. Distance 40 feet 4 inches.

Regional Track Meet

The North Idaho Regional Track Meet will be held May 10th at Moscow, beginning at 1:00 p. m.

To qualify for the Regional an individual or relay team must have placed at least third in the District. Kendrick has qualified for five running events and two field events.

To qualify for the State meet in Boise, May 17, an individual or relay team must place at least second in the Regional events.

Hill Day Friday

Kendrick's annual Hill Day will be held on Friday of this week — May 9th. This day is a joint participation event for Juniors and Seniors.

State Inspector Visits

M. Main Shout, Boise, State High School inspector, visited school Wednesday, April 30.

Baccalaureate And Commencement

Baccalaureate Services will be on Sunday, May 18, Commencement on Monday, May 19.

JULIAETTA DOINGS IN PAST WEEK

DEATH OF FORMER RESIDENT; BIRTHDAY PARTY; VISITING

Father Passes

Ray Scherer, Juliaetta, and Mr. and Mrs. Ralph Scherer, Kendrick, received word early Saturday of the death of their father, Elmer Scherer, 84 years old, Friday night, in Klamath Falls, Oregon. The Scherers left early Sunday morning to attend the services at Klamath Falls.

Mr. Scherer was well known for his excellent gardens — and well liked by all who knew him here. He was a former resident, leaving here last September to make his home with another son, Earl, at Klamath Falls, after residing here the past six and a half years in the home of his son, Ray Scherer.

The sympathy of all goes to the Scherer families.

Honors Birthday

Mrs. Ray Taylor gave a birthday dinner Thursday evening, May 1st, in honor of their son Eric's fifth birthday anniversary. Those present were Mr. and Mrs. Pete Ware of Kendrick; Mrs. Mable Westling and the Taylor family.

Baptismal Services

Rev. Alden Graves, Walla Walla, performed the baptismal rites Sunday in the Methodist Church for the following:

Ruth Ann, daughter of Mr. and Mrs. Bob Hutchison; Donald Douglas, son of Mr. and Mrs. Roy Weber; Steve Allen, son of Mr. and Mrs. Virgil Baker, and Douglas Dean, son of Mr. and Mrs. Gary Eggers.

Bridge Party

Mrs. Norman Lewis entertained with two tables of bridge last Thursday evening in her home.

Guests included the Mesdames R. L. Blewett, George Merrick, W. A. Watts, Estella Leith, R. L. Meserve, W. R. McCreary and Elmer Stitzlein. Mrs. R. L. Meserve held high score.

The hostess served dainty refreshments at the close of the evening.

Pot-Luck Supper

Miss Hermina Meyer will show slides and talk on her recent world tour, but particularly of India, on Thursday, May 15, at the Juliaetta Lutheran Church. A pot-luck supper will precede at 6:30. All are welcome.

To Have Window Display

The Fix Ridge Club will have their National Home Demonstration display in the Juliaetta Cash Store window from Monday, May 4th, to Saturday, May 10th. This year's theme is "Today's Homes Build Tomorrow's World."

Earns Safe Driving Award

Bruce Sherman, rural mail carrier out of this post office, was presented a pin last week as an award for nine years of safe driving — from the National Safety Council.

General News

Mr. and Mrs. Woodrow Nye and daughters of Potlatch were Sunday visitors in the home of his brother-in-law and sister, Mr. and Mrs. Onal Cope and children, and brother, Buzz Nye.

Mrs. Carl Koepf accompanied Mr. and Mrs. H. E. Brammer to Lewiston, Friday.

Mr. and Mrs. Clois Peters and children visited in the home of her sister in Lewiston, Sunday.

Mrs. John Hill of Lewiston visited Saturday in the home of her mother, Mrs. Laura Irwin.

Mrs. Ben Westendahl and her mother, Mrs. Giff Candler, Kendrick, were Thursday visitors in the home of Mrs. Julia Jean.

Mr. and Mrs. Adrian Johns and daughter Christy Sue, and Mrs. Phil Johns returned home from California on Saturday — bringing with them two pair of peacocks!

Mr. and Mrs. Lloyd Scott and children and Mrs. Julia Jean picnicked in the Spalding park, Sunday.

Seen — six new cars in Juliaetta this week — their owners being Mr. and Mrs. Jack Mead, Mr. and Mrs. Ray Howard, Mr. and Mrs. Bruce Sherman, "Buzz" Nye, Mr. and Mrs. Everett Farrington and Mr. and Mrs. Ervin Mabbott.

Mr. and Mrs. August Brammer of Cameron were Sunday evening dinner guests of Mr. and Mrs. H. E. Brammer.

Mrs. Philbert Daberco and daughters and Mrs. Lloyd-Ware, Kendrick; Mrs. Fay Corkill and Jane of Troy were Saturday dinner guests in the Ray Taylor home. The occasion was to celebrate baby Orth's first birthday anniversary.

Those from Juliaetta attending the P-T. A. Monday evening at Kendrick were Mr. and Mrs. A. A. Kremmin, Mrs. Bob Hutchison, Mrs. D. V. Raicott, Mrs. Eugene Taylor, Mrs. Cecil Gruell, Asa Calvert (who gave a wonderful retirement talk), Elmer Stitzlein and Mrs. Ray Taylor.

Mr. and Mrs. P. S. Puckett and Mr. and Mrs. H. C. Dickerson, the latter of Lewiston, were combination business and pleasure visitors in Spokane on Tuesday.

Mr. and Mrs. Bill Keimig and daughter Kathy of Spokane were week-end guests in the home of Mr. and Mrs. Chas. Nelson.

Mr. and Mrs. Gary Eggers accompanied Mr. and Mrs. LeRoy Steigers to Lewiston Sunday, to see the ball game and enjoy dinner following. The occasion honored the Steigers' first wedding anniversary.

SPRING CONCERT SCHEDULED

The Kendrick High School Music department, under the direction of Elmer Stitzlein, will present a Spring Concert, Tuesday, May 13, at 8:00 p. m., in the gymnasium at the High school.

To be presented on the program are the aBnd, Girls' Glee Club, Jr. High Mixed Chorus, and some of the solos and ensembles that appeared at the Lewiston Music Festival on April 25th.

The public is invited to attend. There is no admission charge.

Construction Going Full Throttle

Construction of the new W. W. P. Co. 110,000-volt line to the Deary-Bovill area from Juliaetta, is now gathering speed. Work crews are rapidly reaching full strength, and more and more equipment has been added.

A considerable number of local men are employed on the project.

THIS AND THAT IN LOCAL HAPPENINGS

JANIS LILLIBERG IS BRIDE OF FLOYD MCGRAW, JR.

In the Lutheran church of the Holy Trinity in Duluth, Minn., April 12, Janis Lilliberg and Floyd R. McGraw, Jr., were married in evening ceremonies performed by the Rev. Wayne E. Peterson. She is a daughter of Mr. and Mrs. Leslie Lilliberg of Duluth, and he a son of Mr. and Mrs. Floyd McGraw, of Moscow. Candelabra and baskets of snapdragons decorated the altar for the double ring ceremony.

"I Love Thee" and "The Lord's Prayer" were sung by Mrs. Ray Hammer, accompanied by Mrs. Thomas Sturgeon at the organ.

The bride, given in marriage by her father, was dressed in a gown of nylon tulle with tiers of chantilly lace forming side panels on the bouffant skirt. Her jacket of chantilly lace had long sleeves coming to a point at the wrists. Yellow ribes and stephanotis comprised her bridal bouquet.

Maid of honor was the bride's sister, Carol, and bridesmaids were Janet Heden and Gail Spence, all of Duluth. They wore identical gowns of nylon chiffon in a soft Riviera blue. The draped bodices had floating back panels and the full skirts featured wide tucks with velvet bows. Their matching hats of nylon braid were trimmed with a back bow and tiny rosebuds. They carried bouquets of pink carnations and sweethearts roses.

Serving as flower girl and ring bearer, respectively, were Pamela and Richard Lilliberg.

Attending the bridegroom as best man was Curt Olcott. Groomsman were Dale Swain and Robert Robson, and ushers were Robert Lilliberg, Norman Economy, Rowan McDonnell and David Swanson.

A navy blue sheath with navy accessories was the costume chosen by Mrs. Lilliberg to wear at her daughter's wedding. Her corsage was of pink and white roses.

A reception for the wedding party and friends took place after the ceremony in the church parlors.

The bride is a graduate of Denfield High School in Duluth, and McGraw is a graduate of Deary High School.

The young couple are residing in Moscow, where McGraw is associated with his father in the operation of a service station.

LEAVE FOR EUROPEAN TRIP

Mr. and Mrs. Otto Schupfer left Kendrick Sunday afternoon by train for St. Louis, Mo., where they will visit for a short time in the home of their son-in-law and daughter, Mr. and Mrs. Kenneth Samulson. It will be a birthday anniversary celebration for the two men. Mr. Schupfer's falling on the 7th of May, and Mr. Samulson's on the 8th.

From St. Louis they go to New York, where they will sail on May 13th for Genoa, Italy. There they will be met by Mr. and Mrs. Herman Schupfer and their son-in-law and daughter, Mr. and Mrs. Robert Morris. From Genoa they will go to Switzerland for a brief visit in the morris home, and then all will tour the continent, visiting the World's Fair at Brussels, Belgium, beginning July 4th, and will view that spectacle for a few days, leaving for the States on July 11, from France.

On their arrival in the States they will pick up Herman Schupfer's car in New York City, and drive it home. They will tour a bit through the states, so the exact arrival time here is not known.

Mr. and Mrs. Leland Marvin and Jerry Brown will occupy and care for the Schupfer home during their absence.

Kendrick Canyon Klub

NEWS BRIEFS FROM AMERICAN RIDGE

HI-HOPE CLUB ACTIVITIES AND VISITING TAKE SPARE TIME

R. J. Nelson of Lenville was a Sunday visitor in the home of Mrs. Bob Nelson and family.

Mr. and Mrs. Bob Smith and family were guests of his parents, Mr. and Mrs. Carl Smith, and grandfather, Jim Smith, in Lewiston, Saturday.

Roy Glenn and Wayne Kuykendall and son were Sunday callers in the Harley Eichner home.

Mr. and Mrs. Bud Eichner and children were Tuesday evening guests of Mr. and Mrs. Harley Eichner.

Becky Eichner was a Thursday guest of her grandparents, Mr. and Mrs. Harley Eichner.

Harley Eichner was a Moscow business visitor on Wednesday.

TEACHERS TO BE HONORED

At the regular P-T. A. meeting on Monday evening it was decided to honor the retiring teachers, Mr. and Mrs. Asa Calvert, and Mrs. Winifred Kluckholm, with a pot-luck dinner, May 14, at 6:30 p. m., in the school lunch room. A program will follow in the school auditorium.

Joint sponsors of festivities are the local I. E. A., and the Joint District P-T. A.

Both Mr. Calvert and Mrs. Kluckholm are retiring at the end of the present school year, and district residents will welcome a chance to wish them well.

DINNER PARTY

Dr. and Mrs. D. A. Christensen were host and hostess at dinner last Wednesday evening in their home. Three tables of pinocle were enjoyed later with Mrs. Estella Leith holding high for the ladies; Oscar Slind for the men. Mrs. Oscar Slind was low for the ladies, and Bob Watts low for the men. W. L. McCreary took home the "goose."

Guests were Mr. and Mrs. Bob Watts and daughter Patti, Mr. and Mrs. R. L. Blewett, Mr. and Mrs. Oscar Slind, Mr. and Mrs. W. L. McCreary, Mrs. Estella Leith and Mrs. W. A. Watts.

We feature Carnation Ice Cream. Select from our self-service freezer. Blewett's Market, Kendrick. 1-adv

BEAUTIFUL SPRING

This past week (until Tuesday morning) has given us some of the most glorious spring weather that anyone could wish. The days, which are steadily lengthening, have been of bright sunshine, and the nights star-lit, with never a trace of frost.

Maple, elm, and other early leafing trees are almost entirely decked out in their summer finery. Lawns are a brilliant green, and the put-put and clack-clack of lawn mowers can be heard anywhere in town during the evening. The high temperature recorded was a 76 degrees, Saturday. Other readings have been from 65 to 74.

Perhaps the thing that has made everyone the happiest, however, has been the fact that loggers were able to resume operations — and farmers get into the fields. In this latter case some are "running round the clock," in an effort to catch up.

KENDRICK ACTS IN CIVIL DEFENSE

TAKE PART IN TRIAL "ALERT" FOR NATION TUESDAY

The Kendrick High school "buzzed" with excitement Tuesday as Kendrick stood by for the nation-wide Civil Defense Alert that went into effect at 7:00 a. m.

Ben P. Cook, "Ham" radio operator set up a local center for communications in this trial or practice Civil Defense Alert. His transmitter, in his home, was manned all day between himself and Elmer Stitzlein, an extremely close watch being enacted. Mr. Cook set up a receiver in the school lunch room to give students and teachers alike an insight into the over-all plan. This was, of course, a mock alert, and Kendrick just stood by, as did other small communities. The larger cities actually enacted "alert" and mock nuclear war.

The idea for Civil Defense is to set up a communication program for quick enactment in case of emergency. The "ham" operators are a volunteer organization, and provide a net work of communication, which is designed to link the entire nation.

Mr. Cook is a member of this organization, which is only three years old. Its members hold a weekly practice session every Tuesday night.

In case of an emergency the fastest ways of communication are the "Ham" radios and State Police, and through these mediums the Civil Defense problem is being worked out.

Some people feel no immediate danger or sense of urgency, so in many areas have not aligned themselves with the program. The state of Montana took no part in Tuesday's trial, and there were probably others.

The signal for a Civil Defense alert, given on the fire siren, is one long blast, followed by the "all clear" signal when the test is over. This signal is not to be confused with the "waving tone" for a fire, and is not meant to frighten anyone — but to inform residents how to proceed in case of an emergency.

Leon Sodorff is the Civil Defense director for Latah county.

In line with the above, residents will remember when a recent Civil Defense survey on emergency housing, etc., was taken by Mr. and Mrs. E. M. White, Mrs. Elmo Eldridge and Bob Magnuson.

GRANGERS HEAR DEFENSE

The Kendrick Grange program on Tuesday evening was timely in that the topic "Civil Defense" was presented to an open house on the day of the "National Alert."

Patrolman Wm. E. Bolon, Idaho State Police, Lewiston, spoke on "State Police and Civil Defense" and Leon Sodorff, Latah County Civil Defense director spoke on "Civil Defense in General on the Local Level." Don McElroy, assistant fire chief of Moscow, was also present.

Many phases of the plan were explored in the discussions, and everyone present (some 50) felt they knew something about Civil Defense at the evening's close.

Following the program 24 Grangers remained for their regular business session.

PIE SOCIAL IS SUCCESS

The pie social given by the three local 4-H Clubs — American Ridge, Cedar Creek and Kendrick last Friday evening was a success, netting the sum of \$42.35, which will go to help send Don Ingle to New Zealand on the National Youth Exchange.

The program was as follows: Piano duet, Ida and Sally Glenn. Vocal duet, "Tonight You Belong To Me," Janet and Jane Westendahl, accompanied by Janice Heimgartner on the piano; piano solo, Sharon Deweber; Sharon, Lynda and Janie Fey sang "Sugar Time" and "Mocking Bird Hill"; Dee Magnuson, piano solo, "The Maggie Boogie," and for the conclusion of Kendrick's portion of the program Lynda and Johnnie Swan sang two religious numbers, accompanied on the uke by their mother.

Janice and Ted Grindola of Cedar Creek club sang "Home on the Range." Judy Cuddy gave an illustrated talk on the difference between a home made angel food cake and a mix, and Shirley and Dale McAllister played a piano duet.

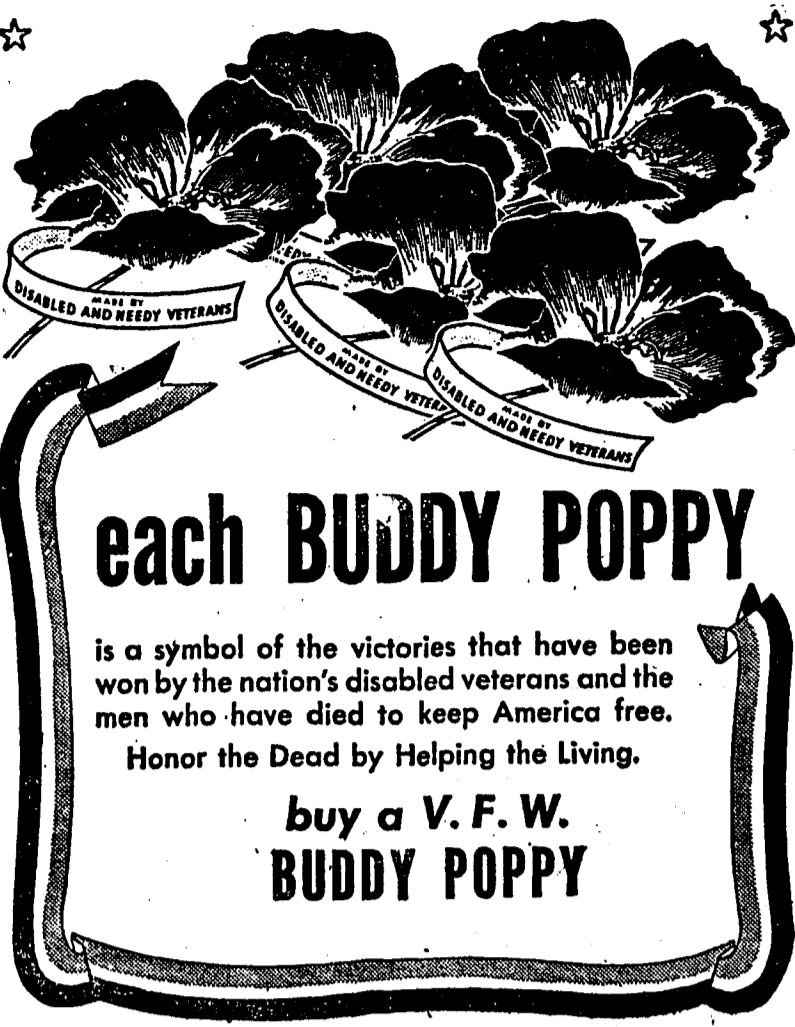

From American Ridge Bob Callison played a flute solo, accompanied at the piano by Janice Heimgartner; Andy Sue Cox and Bobbette Smith played a band instrument duet. To conclude the program a skit was presented by Judy Benscoter, Bob Callison, Todd Nelson and Sandra May, which brought gales of laughter.

George Merrick, Kendrick, was awarded the barbeque grill.

All the Clubs thank everyone for their support.

Kills Big Rattler

Bobby Rayment of American Ridge killed a rattlesnake Sunday that measured 32 inches in length and carried 8 rattles and a button.

LOCAL HAPPENINGS IN CAPSULE FORM

E. M. White, Bob Magnuson and Frank Abrams enjoyed a fishing trip to Lake Coeur d'Alene last week, leaving Wednesday and returning on Thursday. They returned with a very fine catch of cut throats and rainbows up to 18 inches in length.

Marcia and Christy Choate, who spent several days in the Bob Magnuson home last week, were returned to their home in Lewiston, Monday. Their mother, Mrs. Barbara Choate underwent surgery last Wednesday, and is expected to be able to go home this week.

Mr. and Mrs. Bob Watts and Patti; Mrs. W. A. Watts and Rilla Davidson were Sunday dinner guests of Mr. and Mrs. Kermit Waide in Lewiston Orchards.

Mr. and Mrs. Wm. R. Deweber and family of Richland, Wash., are spending a few days in the home of his brother, Pastor and Mrs. H. L. Deweber and family.

Mrs. Bina Raby, Lewiston, is spending this week here visiting in the home of her son-in-law and daughter, Mr. and Mrs. Paul Lind. Milton Eugene Lind drove up Sunday evening for a short visit with his parents.

Mr. and Mrs. Elmo Eldridge and

Diane King enjoyed a fishing trip to the Selway, Sunday.

Jordan Kanikkeberg, Genesee, and Mr. and Mrs. Jack Lohman and daughter, Leland, were Sunday evening supper guests of Mr. and Mrs. A. O. Kanikkeberg.

Mr. and Mrs. W. L. McCreary and Mr. and Mrs. Frank P. McCreary, and daughter Claudia, of Moscow, were Sunday afternoon guests in the John Johanson home in Lewiston Orchards. Mr. and Mrs. Edwin Johanson of Anchorage, Alaska, were house-guests, having arrived Sunday.

BAPTISMAL SERVICE

Children receiving baptism at the Worship Service Sunday morning in the Kendrick Community Church were: Bradley Kent, year-old son of Mr. and Mrs. Bennie B. Cook, Pullman; Janet Renee, nine-month-old daughter of Mr. and Mrs. Jack Lohman, Leland, and Gail Louise, year-old daughter of Mr. and Mrs. Charles Easterbrook.

Rev. Alden Graves of Walla Walla, officiated.

Hit With Baseball Bat

Gary Browning suffered a broken nose while playing baseball last Thursday. The batter let "loose" the bat and it landed broadside across Gary's face — result, a broken nose!

Knighthood Items From Many Lands Show Similarities

WASHINGTON—A collection of over 200 grand crosses of knighthood is currently on display in the rotunda of the Arts and Industries Building of the Smithsonian Institution. This collection, the finest of its kind in existence, is lent by the Orders and Medals Society of America. It will later become a permanent part of the collections of the Smithsonian.

Included are badges, breast stars, and colorful sashes of such great and ancient orders of knighthood as the Garter of England established by Edward III before 1350, the Order of Christ of Portugal founded before 1320, and the Order of the Annunziata of Italy instituted in 1362. Many of the grand crosses were owned and worn by distinguished persons, including the Marquess of Rockingham, Prime Minister of England in 1765; Mary, Queen of George V; Victor Emanuel III of Italy; Carol I of Rumania; Baron Mannerheim of Finland and others.

Orders of knighthood, while having roots in the Ancient World, developed to maturity during the late Medieval Period. They provided a reward for military prowess, a social rank, and a security in return for a pledge of fealty. While the details of the institution varied from country to country and from century to century, certain elements seem to have been constant: (1) Knighthood carried with it an honor that gave the recipient social rank. (2) The honor was conferred in a ceremony. (3) The honor carried with it certain privileges. (4) Rewards of value accompanied the honor. (5) The recipient belonged to a group, members of which had received a like honor.

Natural Disasters Killed More In '57

NEW YORK—Natural disasters were responsible for more than a third of the deaths in catastrophes—accidents in which five or more persons died—during 1957.

Catastrophe deaths in the United States totaled almost 1,700 during the year, or about 400 more than in 1956. The increase is largely a reflection of the unusually heavy loss of life in Hurricane Audrey, which caused approximately 350 known deaths in early June, most of them in Cameron, La.

All five of the major catastrophes—those which caused at least 25 deaths—occurred in the first six months of the year. Other major catastrophes: the fire which destroyed a home for the aged at Warrenton, Mo., in February, causing 72 deaths; the May tornado which struck the Kansas City area, killing 39; a gas explosion which killed 37 in a Bishop, Va., coal mine; and the March blizzard which killed 29 in the Great Plains states.

Navy Seeks Aid In Chasing 'Gooney Birds'

UNIVERSITY PARK, Pa.—How do you discourage "gooney birds"? The U. S. Navy, which finds them troublesome at its Pacific air base on Midway Island, has requested the help of a Pennsylvania State University zoologist with the problem.

The birds, two species of albatrosses, nest on and near runways and offer serious hazards to planes using the air base. To study the problem, Dr. Hubert W. Fringe and his wife, Mabel, are now on Midway Island.

They have done extensive research on bird habits and several years ago devised a method of ridding urban areas of menacing starlings.

Because of their size (they have a seven-foot wingspread) the "gooney birds" have no natural enemies.

'Local' News Snubbed In German Papers

LOS ANGELES—Newspapers in West Germany are preoccupied "almost to the point of obsession" with national politics, leaving community news to shift for itself, says a UCLA journalism professor.

Professor Joseph A. Brandt, who spent a year in Germany as a Fulbright fellow studying the "miraculous" revival of German newspapers, said local politics is ignored and local news, including the extraordinary achievements of Germany's cities in rebuilding, is told in "the most casual manner."

Depopulation

WASHINGTON—When gold was discovered on January 24, 1848, in California's South Fork American River, San Francisco was suddenly depopulated "as if by plague." One report said that of a population of about 900, all but a dozen left for the diggings. Thousands of easterners soon swelled the city to far beyond its original size.

War-Baby, Plastic Is Industrial Giant of Times

CHICAGO—Plastic, the war baby of 15 years ago, is an industrial giant today—and it's still growing.

No other field of chemistry can claim more flux, development, or progress, according to Erik Nielsen, scientific advisor at Armour Research Foundation of Illinois Institute of Technology.

But ramifications of the plastics wonderworld go far beyond the field of chemistry—into building, steel, glass, ceramic, rubber, textile, lumber, and many other industries.

With the amazing development that has transpired since World War II, Nielsen added, it is likely that the future will bring wonders in plastic not even considered today.

Among the wide variety of present and possible uses are:

Plastic sheets under concrete foundations to protect them from moisture penetration.

Plastic piping for water and gas lines.

Plastic tiles for floors and walls. Plastic paints, plastic insulation, and plastic foams for mattresses and furniture.

Plastic furniture, cabinets, and bathroom fixtures.

Plastic reinforced glass for natural and artificial lighting.

Plastic prefabricated houses.

Up until World War II, Nielsen pointed out, plastics were known only by such names as celluloid, bakelite, nylon, and neoprene. Many people considered the field has realized complete development.

Much credit for expanded work in the field goes to the Germans, he said, who were looking for substitutes for materials whose supply lines had been cut off.

Russia Has More Women Engineers

CHICAGO—What does Russia have that we don't have? Women engineers, for one thing.

"Over a quarter of Russia's technological personnel are women," said Dr. Frank D. Carvin, director of the mechanical engineering department at Illinois Institute of Technology. "Our percentage of women engineers is infinitesimal in comparison."

"There is no reason why women scientists, technicians and engineers in the United States cannot step in to help fill the gap caused by our long-range shortage of engineers."

Assistant professor Lois Graham teaches both men and women in mechanical engineering—a field where thermodynamics and heat power meet fluid mechanics and metallurgy.

"The very fact that women engineers are being offered the same high salaries as men engineers shows that we finally are coming into our own in what for years has been considered a man's field," Miss Graham said.

Joy of Owning Pets Outweighs Any Danger

CHICAGO—The joy that children receive from pets, particularly dogs and cats, far outweighs the danger incurred from bites and disease that the animals may inflict on them.

This was revealed in an article by Dr. Hugh A. Carithers, of Jacksonville, Fla., appearing in the Journal of Diseases of Children.

The report noted no serious or lasting effects to 157 children who had been bitten by one of 10 species of animals during a 20-month study.

The majority of the children bitten were between the ages of 2 and 10 years. "This is during the time when parental protection wanes and the adventuresome spirit takes over," said Dr. Carithers. He added, "After the 10th year a child has attained considerable discretion in handling animals."

Busy Northerners Have High Dandruff Rate

NEW YORK—Your chances of being bothered by dandruff are greater if you live in a large Northern city and have a responsible job in a tension-producing business, according to the first nationwide survey of its kind ever made. Farmers, on the other hand, have the least dandruff problem, especially if they live in a temperate climate.

A sampling of barber shops, beauty salons, and drug stores was polled in 50 major, medium and smaller cities.

Land Limited

NEW YORK—Only 7 per cent of the land area, or 2 per cent of the total surface of our planet, is fully suited to agricultural production, notes a report of the Twentieth Century Fund. "When the earth doesn't meet their requirements, tiller of the soil must either compromise with the existing environment or try to change it."

MORE TRUTH THAN POETRY

A salesman in trying to sell a refrigerator, pleaded: "Lady, you can save enough on your food bill to pay for it."

"We are paying for a car on the carfare we save, and we are paying

for a washing machine on the laundry bill we save. It looks like we just can't afford to save any more at the present time," she explained.

Defendants.

SUMMONS

THE STATE OF IDAHO SENDS GREETINGS TO THE ABOVE NAMED DEFENDANTS:

You are hereby notified that a complaint has been filed against you in the District Court of the Second Judicial District of the State of Idaho, in and for the County of Latah, by the above named plaintiff, and you are hereby directed to appear and plead to said complaint within twenty (20) days of the service of this summons.

Said action is brought for the purpose of securing a decree of this Court quieting plaintiff's title in and to the lands and premises described in the title to this summons against each and all of the defendants named in the above entitled action.

You are further notified that unless you so appear and plead to said complaint within the time herein specified, the plaintiff will take judgment against you as prayed in said complaint.

WITNESS my hand and the seal of said District Court this 28th day of April, 1958.

BESSIE BABCOCK Clerk of the District Court (SEAL) By Hazel Tunnicliff Deputy.

Charles J. Kibben Attorney for Plaintiff. Residence & P. O. Address: Moscow, Idaho. First pub. May 8, 1958. Last pub. May 29, 1958.

HISTORY IN OLD PAPER

Chas. Schultz, Juliaetta, brought the following clipping to the Gazette office, and says that it happened sometime before 1910. He was here when the incident happened. The clipping is from a Spokane paper:

"Kendrick, Idaho, March 26 — Miss Malinda Hamley, heroine of the recent safe blowing, showed that she is a shrewd business woman as well. "There is, across the street from her residence, the best and most convenient ground to play baseball, which has been used for that purpose

for several years. Miss Hamley is opposed to Sunday ball playing and has been trying to prevent it, but without effect, so she bought two of the lots and was going to put a fence around them.

"The Kalawai club, a social organization composed of about 50 business men, have organized a ball club and wanted this ground to play on, but could not buy it for this purpose, so secured some outsider to buy the lots, ostensibly to build a residence on. Miss Hamley gladly sold them. When the deal was closed, the men laughed up their sleeves, thinking how they got the best of Miss Hamley, and were going to buy other lots.

"Miss Hamley 'got wise,' took the train for Moscow to find out who owned the lot next to hers and immediately bought it, and now has the Kalawai club guessing what is the next move for them."

Abused Cigarette Was Once Held As Sacred Object

WASHINGTON—The now frequently condemned cigarettes were once sacred objects among Indian tribes of the Southwest.

They were placed by priests in caves as votive offerings. Thousands have been found in cave shrines throughout Arizona.

The once sacred nature of the cigarette—none of the present popular brands of radio advertising, of course—is established by the findings of several archeologists during the past half century, according to the Smithsonian Institution's Bureau of American Ethnology.

Practice of making cane cigarettes survived up to quite recently among the Pima Indians of Arizona. From a reed growing along the banks of the Rio Gila they made a smoking tube the length of the first two joints of the index finger. Around the middle of this was tied a miniature belt woven from cotton and agave fiber, with fringed ends.

These tubes were regarded as male or female, according to certain marks placed on them. Before departure of a war party these tubes were filled with tobacco and smoked toward the four points of the compass, to the tribal fetiches, and to all the objects that were to be used in the campaign. Each warrior smoked his own cigarette.

At the close of the ceremony the tubes were deposited in shrines dedicated to the war god. These generally were in caves. Hundreds of these tubes were found in fireplaces during excavation of the great Indian "apartment house" at Casa Grande, Arizona, in 1907. The surfaces were charred but the objects still were distinguishable. Large numbers of similar tubes have been found in caves through the Gila and Salt River Valleys.

New World Had Lost 'Golden' Age

WASHINGTON—There probably was a lost "golden age" in aboriginal New World culture. Art in aboriginal America may have reached its heights in the jade carvings of Mexico and Central America. This was an art which, by and large, has remained unknown to the rest of the world. The creations achieved by the Indian carvers rival and surpass

those found elsewhere in the world.

Such is the conclusion of the late Dr. William Foshag, former Smithsonian Institution curator of geology, in a report on the mineralogy of jade articles recovered from Guatemalan archeological sites.

The artistry displayed in the Guatemalan jade figures, says Dr. Foshag, "presupposes a long and ancient artistic development during a civilization or culture of which we know very little. When the missing chapters in the history of Central American cultures are eventually revealed it will more than likely be found that the development of the art of jade carving will not only parallel that of China but be essentially contemporaneous with it."

Proper Diet Helps Teeth Resist Decay

CHICAGO—The best preventive for tooth decay is the development of teeth with a "high resistance" to decay, according to the American Medical Association Council on Foods and Nutrition.

The child's diet during the formation period should consist of a "generous selection of foods from all the basic food categories." They should be carefully cooked to preserve the original nutrient values.

An ample supply of vitamin D (obtained mainly from vitamin D fortified milk and sunshine) should be provided daily.

A highly desirable factor in overall diet planning for the development of caries-resistance is the growing availability of fluoridated water supplies. Small amounts of fluorine help prevent tooth decay.

After the teeth are fully formed and have erupted in the mouth, the same attention must be paid to the diet. In addition, the eating of sticky, high-carbohydrate foods that adhere to the teeth should be restricted.

Fire Prevention Week Scores Hit In Ankara

NEW YORK—The U. S. Air Force in Europe reported that officials of the Turkish Government encouraged the observation of Fire Prevention Week in Ankara last October. It was the first observance ever held there and was so successful that Lieutenant Governor Baspri Ozpinar is planning to introduce a bill in the Turkish Grand National Assembly which will create a Turkish Fire Prevention Week, coinciding with the American campaign.

The Ankara observance was highlighted by a fire-fighting demonstration.

Asian Flu May Be More Deadly Than We Believed

CHICAGO—Statistics uncovered by five Denver physicians shed new light on the seriousness of the influenza epidemic which reached its peak last October.

The number of Denver deaths following influenza indicated that "there may be a higher mortality associated with this disease than previously believed," they said.

They studied 23 deaths found at autopsy to be due to acute respiratory inflammation. The deaths occurred between Oct. 3 and Oct. 1957. Although these are "relatively few" deaths, their number is eight times greater than the number of respiratory disease-caused deaths usually seen in the Denver coroner's office for the month of October.

Various types of pneumonia were associated with all the Denver deaths.

The study of the 23 "unexplained, unusual or unattended" deaths showed that the individuals died after a brief illness, ranging from one to seven days. Autopsy showed excessive inflammation of the larynx, trachea, and bronchus. In a few cases, the early symptoms suggested severe respiratory disease, but in most the symptoms were mild.

In 16 cases no treatment was given; in the others, it was of an unknown type or consisted of aspirin, cough syrup, or antibiotics.

Ice Hockey Grows In Popularity

WASHINGTON—Ice hockey, little known outside Canada a generation ago, has soared to international popularity.

As evidence of the game's success, more than a dozen nations—including the United States and the Soviet Union, entered the 1958 world championships in Oslo, Norway.

Hockey may have developed from a crude sort of stick game played by ancient Persians. A form of field hockey became popular in medieval Europe where the game got its name. "Hockey" is a corruption of the old French word "hoquet," meaning a shepherd's crook.

But modern ice hockey is unquestionably a Canadian invention. Though the precise place and date of its origin are disputed,

students at the McGill University played the game in the 1870's on the St. Lawrence river. They used canes, brooms and branches to bat a hard rubber ball back and forth.

The first players had one notable trouble. The ball bounced away and play had to stop until it was retrieved.

'Fire Hoses' On Sun Spray Atom Particles

WASHINGTON — The sun has big "fire hoses" shooting into space. When, as the sun rotates, one of them happens to spray the earth with stream of infinitesimally minute atomic particles, the result is a big magnetic storm, which causes disruption of radio communication through wide areas of the world and a great display of the aurora or northern lights.

Such storms can sometimes be forecast, it now appears, by observing the intensity of certain visible-light lines—especially one green line emitted by highly ionized iron atoms—in the spectrum of the corona, the "crown" of pearly white luminescence which always surrounds the sun but can be seen by the naked eye only during the brief moments of solar eclipses.

The brightness of this green line on the sun and the occurrence of certain magnetic storms on the earth are probably associated, according to a report from the Harvard College Observatory.

Auto Warning Device Would Alert Drivers

CHICAGO—The hazards of driving in fog, rain, snow and darkness could be greatly reduced by means of a small radio device behind the grill of your car.

This is the opinion of Richard B. Schulz, program development coordinator in the electrical engineering department at Armour Research Foundation of Illinois Institute of Technology.

Schulz believes that the nation's highway toll could be cut considerably by means of a "proximity warning device" which would let the driver know of approaching vehicles out of his range of vision.

Bell Experimented

WASHINGTON — Dr. Alexander Graham Bell, inventor of the telephone, was experimenting with jet-powered flying propellers, which he called "winged fly-wheels," more than a decade before the Wright Brothers made their first successful flight at Kitty Hawk.

CHURCH NOTICES

Kendrick Community Church
 Sunday School at 9:45 a. m.
 Ed. Kale, U. of I. student minister will bring the morning message at 11:00 o'clock.
 A warm welcome is extended to all, as we join together in a friendly atmosphere to discover God.
 Nursery service is again being offered at the Community Church, so bring your baby and come to church. The little ones will be cared for.

Juliaetta Methodist Church
 Sunday School at 9:45 a. m.
 Our friendly doors are open to all, for there is a place for you in our church family.

Cameron Emmanuel Church
 Rev. Theo. Meske, Pastor
 Sunday School at 10:00 a. m.
 Mother's Day Service 10:45 a. m.

Juliaetta Lutheran Church
 Rev. Theo. Meske, Pastor
 Mother's Day Service 9:30 a. m.
 Sunday School 8:30 a. m.

Juliaetta Church of the Nazarene
 Phil Salsbury, Pastor
 Sunday School at 9:45 a. m.
 Morning Worship at 11:00.
 Young People's Service 6:45 p. m.
 Evening Service at 7:30.
 Mid-week prayer service Wednesday 7:15 p. m., with choir practice following at 8:15.
 Meeting of all church members at 7:30 Thursday evening.

Bethany Lutheran Church — Big Bear Ridge
 Manley J. Helleson, Pastor
 Worship Services at 9:00 a. m. on May 11 and 25.
 Sunday School every Sunday at 10:00 a. m.

Kendrick Assembly Of God
 H. L. Deweber, Pastor
 You are always welcome to attend the inspirational Gospel Services at Kendrick's new church. We have a growing Sunday School with classes for all ages. Our new contest, "Shooting for the Stars," is now under way. Special features for Mother's Day will include selecting a "Queen Mother of the Year," who will receive special recognition; presenting gifts to the youngest mother, and the mother with the most children present. We wish to extend an invitation to all mothers. If you enjoy old fashioned Bible preaching and singing, be sure to join us at 9:45 Sunday morning.

STONY POINT ITEMS

May 5 — On April 29, David Charles, weighing 8 pounds and 3 ounces, checked in at the Tri-State Memorial Hospital as a newborn to the Lyle Kerby family. Mother and babe arrived home at the Cherry Lane Ranch Monday evening, May 5.
 Other "newcomers" to our community are Mr. and Mrs. Roy Heimgartner and family, who are now living in their new home here. They need no introduction, however, as Roy grew to manhood here.
 The Silver Wedding Anniversary of Mr. and Mrs. Ralph William of Gifford was celebrated by a dinner in their honor at the Cottonwood Creek Community Church, Sunday. Later, church friends presented them with a lovely floor lamp, and in the afternoon relatives and friends presented a program of special music, and Rev. Skaret of the Lewiston Orchards Community Church gave a short talk.
 Larry Heimgartner, son of Mr. and Mrs. Eldon Heimgartner, had the misfortune of breaking an elbow, while at school, Monday of last week.

Thank You Note
 We wish to thank everyone who helped on the barbeque sale. We cleared \$48.75 which will go toward the purchase of a new sewing machine. Thank You again for everything. — The Good Doers 4-H Club, Kendrick. 19-1

V. F. W. and Aux. Meeting
 The V. F. W. and Auxiliary will hold their regular meeting on Thursday, May 8, at 8:00 p. m., in the Fraternal Temple.

FIX RIDGE ITEMS

Missionary Society Meeting
 The Juliaetta Lutheran Missionary Society will meet Wednesday, May 14th, at 2:00 p. m., in the church basement. Mrs. Adolph Dennler will be the hostess.

Fix Ridge Club Display
 The Fix Ridge Club will have their National Home Demonstration Week display in the window of the Juliaetta Cash Store, Monday through Saturday of this week. The theme is: "Today's Homes Build Tomorrow's World."

General Items
 The Juliaetta Lutheran Ladies served supper Sunday for the Sunday School Teachers rally. There were 55 teachers and ministers present.

Judy Dennler, Lenette Dennler, Janice Dennler and Donna Heimgartner helped serve at the 25th Wedding Anniversary Open House of Mr. and Mrs. Leslie Heimgartner, Sunday.

Neighbors and friends gathered at the home of Mr. and Mrs. Wallace Clark Friday afternoon to help her celebrate her birthday anniversary. The self-invited guests included Mrs. Dick Carlton, Mrs. Lawrence Stead and children, Mrs. Rex Taber, Mrs. Kenneth Dennler, Mrs. Adolph Dennler and Debra, Mrs. Tom Dennler and son Mark, Mrs. G. F. Dennler, Mrs. Walter Dennler, Mrs. Oliver Clark, Mrs. Bennie Weatherby, Mrs. Eleanor Dennler and Mrs. Ethel Knight.

Mrs. Rex Taber and daughters and Kenneth Dennler were Sunday dinner guests of Mr. and Mrs. Wallace Clark. Mr. and Mrs. Adolph Dennler and Mrs. Wallace Clark attended the funeral of the late Walter Hunt in Lewiston, Thursday.

Mr. and Mrs. G. F. Dennler and daughters, Mr. and Mrs. Tom Dennler and sons, Mrs. Walter Dennler, Mrs. Eleanor Dennler, Mrs. Adolph Dennler and Mrs. Kenneth Dennler attended the 25th wedding anniversary of Mr. and Mrs. Leslie Heimgartner, Stony Point, Sunday.

Mr. and Mrs. Kenneth Dennler visited with Mr. and Mrs. Tom Dennler, Friday evening.
 Mrs. Wallace Clark and Mrs. Bennie Weatherby attended Missionary meeting and a birthday party honoring Billie Rae Salsbury, Thursday evening at the Nazarene Church.

Mrs. Tom Dennler and Mrs. Geo. F. Dennler were Lewiston visitors on Thursday.
 Mr. and Mrs. Charles Platt of Moscow were Sunday afternoon visitors of Mr. and Mrs. Bennie Weatherby.
 Mrs. Kenneth Dennler visited with Mrs. Wallace Clark, Saturday.

TAKE SCHOLARSHIP EXAMS

Thirty-six students at the Kendrick High school took the National Merit Scholarship Qualifying test on Tuesday, April 29.

An estimated \$5 million in Merit Scholarships and other awards are at stake in the national competition now beginning its fourth year. Some \$12 million were awarded in the first three years of the program.

Merit Scholarships are provided by some 80 corporations, foundations, professional societies and individuals, as well as by the corporation itself, which conducts the competition.

The National Merit Scholarship Qualifying test is a three-hour measure of educational growth and aptitude. Emphasis is on broad intellectual skills, and on understanding and ability to use what has been learned, rather than on sheer knowledge of facts.

A group of 10,000 students, composed of the highest scorers in each state, will advance to the semi-finals when the results are reported to all participating schools next fall. Semi-finalists will then take a second examination. Those who repeat their high performance on the second examination will become finalists in the program and will indicate their choice of college and course of study. Further evaluation of their grades, citizenship and extracurricular activities will follow, and the winners will be announced in the spring of 1959.

The test results will be available at the beginning of the senior year, in time for use by seniors and their class advisors. The scores may also be used to help students make decisions about college and the most appropriate course in which to major.

JEANNE SKAGGS CONTEST WINNER

WRITES BEST ESSAY FOR V. F. W. AND AUXILIARY PRIZE

America's Future Is Up To Youth
 Our country was first a dream and a desire that burned deeply into the heart of the common man. That dream of a land where men could worship, speak and live in freedom became an obsession that drove our forefathers from England to the wilds of America. Through faith, work, and hope our nation was established. This land has remained free since 1776, and in the near future it will be in the hands of today's youth.

The responsibility of today's young people is greater than those in years past. Our nation has prospered under the hand of God so that we are now the greatest nation on earth. This increase in wealth has resulted in an increase in problems. Not only are we confronted with our troubles but also with those of other countries. Many have asked these questions: Are today's youth capable of handling America's future with wisdom? Do they realize the price of liberty, and does the desire for it burn in their hearts as it did in our ancestors? Only we, today's young people, can answer these questions.

Our country's future is safe if we feel and meet our responsibility. Paul Cardinal, Jr., made the statement that increased responsibility does not bring a loss of freedom, but rather an increase in the value of man. Each individual must have the spirit of fulfilling obligations, not just allowing a few to carry the burden.

The threat of war has made many fearful for our great nation. Youth can promote world peace. The average person wants peace, but many times a spirit of war is stirred up by propaganda. We must exercise knowledge in world affairs to be able to differentiate between facts, opinions, and propaganda. The project lies ahead of us to remove the causes for armament, mistrust and injustice. Billions of dollars are spent each year to prepare for war. If just half of this money could be used to promote peace, the war clouds would lift from the future.

Youth needs to take a long range view of our nation's problems and set our goal higher than ever before. We must not be satisfied with what has already been done, for there are more unsolved problems facing us than solved ones. There will always be stumbling blocks along the way, but courage can always change these to stepping stones.

Every day headlines of the newspapers tell of the terrifying acts of juvenile delinquents. How will we face this problem? Men and women with low moral standards often lure the immature into behavior paths which end in prison and permanent disgrace. Greed for money sometimes causes adults to guide young people into destructive living. Young people need to be careful of their associates. By doing this, much delinquency and crime can be avoided.

Christian living should be promoted. It is a proven fact that a young person with religious background makes a better citizen. There are many reasons for this. The child who is taught to love God also learns to love and keep His laws. When the child becomes an adult, his teaching will not depart from him. His faith gives him strength to walk uprightly for his own good and his nation's.

Although America has been a melting pot for all nationalities and races, the old problem of race prejudice is still with us. To cure this hate that eats at the heart of man, we must realize that in the sight of God all men are created equal. These words have been said time and time again, but until this truth is applied to society, strife will always be in our midst. A country divided against itself cannot stand.

Youth is standing at a crossroads. The future depends upon our choice of direction. We can continue to build solidly upon a firm foundation that has been laid for us, or we can let corruption rot our nation. — Jeanne Skaggs, Kendrick High School, Class of '58.

Attend Funeral Services
 Mrs. W. R. Johnson, Peck, came Thursday to stay over night with her brother and sister-in-law, Mr. and Mrs. George Wilken. Friday morning all drove to Spokane to attend the funeral service of Mrs. George Schultz, who died quite suddenly on Monday, from a heart attack. Mrs. Schultz will be remembered by many as Ernestine Wilken — a sister of George Wilken, as well as Mrs. Johnson.

Fire Destroys Cantril Barn
 A small barn on the Don Cantril farm near Southwick was destroyed by fire Sunday afternoon.
 The blaze was believed to have been caused by a spark from a burning trash pile near by. Some articles were salvaged, but the heat was too intense to clear the building, and it burned to the ground.

Honored With Shower
 Mrs. Agner Swan and Mrs. Henry Jones were hostesses at a bridal shower honoring Mrs. Albert Nye, Juliaetta, at the Assembly of God Church, Friday afternoon. There were about thirty guests present.
 Delightful refreshments were served by the hostesses at the afternoon's close.

Pot-Luck Picnic
 A pot-luck picnic for the Juliaetta Elementary School will be held in the Kendrick park on Friday, May 23rd, the final day of school. It is sponsored by the Juliaetta school room mothers.
 Parents and guests are asked to be at the park by 11:30.

Kendrick Gazette

THE Bull itin

Published Weekly by the Union Oil Service at Kendrick
W. L. "Bill" Rogers, Editor

HELLO, FOLKS:

Well, the good weather we have been "telling you about" for the past several weeks finally arrived — and all of you are taking full advantage of it — some are "farming 'round the clock" to get back on schedule. Helping you keep up is our business, so when you need gasoline, diesel fuel, motor oils, greases, lubricants — just pick up your phone and call us at 1251. We'll be there in a jiffy with your needs of those famous Union Oil Co. Products.

Two men stood in a hotel lobby in San Francisco while attending a convention and watched as two pretty girls met and kissed each other affectionately. "There's another thing that is so unfair," remarked one. "What do you mean?" asked the

other. "Women doing men's work," replied the first.

Busy? Sure you are. So let us service your car, pickup or truck. We'll use the proper lubricant in the proper place — and do a thorough job. Cost is low, satisfaction high. Try us!

Need tires? Come in and see just how cheaply you can ride on new, safe nylons. We trade, too.

The children were in the midst of a free-for-all when father unexpectedly came on the scene. "Tommy, who started this?" he inquired.

"Well," replied Tommy, it all started when Albert hit me back." Always travel "Union".

CAMERON SECTION ACTIVITIES VARIED

CANCER DRIVE; CLUB MEETING; VISITING LEAD ITEMS

Cancer Drive
Mrs. Herman Meyer, Cancer Drive chairman, reports collections of \$43.50. She wishes to thank everyone who gave so willingly to this worthy cause.

Club To Meet
The Cameron Home Demonstration Club will meet with Mrs. Herbert Schwarz on Thursday afternoon. A demonstration, "Tips on Freezing" will be given by Mrs. Fred Newman and Mrs. Wally Newman.

Other Items
Rev. and Mrs. Theo Meske visited in the Reinhard Wilken home Wednesday evening.
Mr. and Mrs. Don Cantril were Thursday evening visitors of Mr. and Mrs. Glen Wegner.
Mr. and Mrs. Kelly of Clarkston and Mrs. Fred Schoeffler were Sunday dinner guests of Mr. and Mrs. Willard Schoeffler and daughter. Afternoon callers were Mrs. James Whittinger and Janis and Mrs. Harl Whittinger.

Friday evening supper guests of Mr. and Mrs. Herman Meyer and Loeda were Connie Howell of Juliaetta; Mr. and Mrs. Reinhard Wilken and daughter Marga; Reinhard Schroeder and Rev. and Mrs. Theo Meske and family.

Mr. and Mrs. Howard Plummer of Lewiston Orchards were Sunday supper and evening guests of their son-in-law and daughter, Mr. and Mrs. Stanley Hepler and Donnie.

Thursday evening Rev. and Mrs. Theo Meske and Duane were callers in the Elmer Lohman home.

Mrs. C. H. Fry of Kendrick spent Thursday and Friday with her son-in-law and daughter, Mr. and Mrs. Glen Wegner and family.

Mr. and Mrs. Dallas Hepler spent Thursday and Friday fishing at Lake Chatcolet.

Rev. Theo Meske and daughter Ann made a business trip to Spokane on Wednesday. While there they also called on his brother and wife, Mr. and Mrs. Henry Meske.

Mr. and Mrs. Henry Wendt spent Sunday afternoon with their folks — Mr. and Mrs. Carl Koepf in Juliaetta helping Mr. Koepf celebrate his 82nd birthday anniversary.

Mrs. Henry Wendt was a Moscow visitor on Monday morning.
Mrs. John Schwarz and Mrs. Fred Newman spent Sunday afternoon with Emma Hartung and Ida Stoneburner — as it was Emma's birthday anniversary.
Ted and Patricia Mielke attended the Annual Spring Dinner of the Farmers Insurance Group at the Lewiston Airport dining room, Wednesday evening.
Mr. and Mrs. Wilbert Brunstiek were Lewiston business visitors on Tuesday.
Everyone has just been too busy this past week of good weather to "make any news."

MORE OLD PICTURES APPEAR

In response to our plea for an old picture of Leland, three more made their appearance.
Of the three, Chas. Hoffman brought in two, both of which were most interesting. He said he did not know their date, but they were sometime around 1902-1905. However, as they were in color, they could not be re-photographed for newspaper work. Mr. Hoffman said he purchased the pictures himself, in Leland, but had failed to date them, so was not sure of the year.

The other picture, property of Mrs. Wilbert Brunstiek, who secured it from her grandmother, was apparently about the same age as those of Mr. Hoffman — sometime around 1902-1905, as the general building appearance and arrangement are the same. It, too, is not dated.

There is no doubt but that Bob Draper's picture, once the property of the late Joe Piper, is the oldest yet to appear.

TROY WOMAN HEADS GROUP

A Troy woman, Mrs. Fern Campbell, was elected president of the Latah County School Food Service Assn., at its organizational meeting at Kendrick High school on Thursday of last week.

Others chosen include Mrs. Viola DeWitt, Moscow, vice president; Mrs. Helen Cowger, Southwick, secretary; treasurer. Officers will be installed at a meeting in Moscow, May 22.

Mrs. Ruth A. White, Kendrick, state president of the association, was appointed Fair Board chairman. Plans for a workshop to be held during the summer were discussed.

Friendly Word From Oregon

"Dear Friends: I realize the time has come to send my renewal to the Gazette. I surely do not wish to miss a single copy. The paper is just like a visit from Idaho friends each week. It gets better and more welcome all the time. I enjoyed so much seeing the smiling faces of the correspondents. Some of them I never knew, but always enjoy reading the news they send in."

"The weather is fine in Oregon now. We did not have any snow all winter (to cover the ground). Saw a few snowflakes but they melted as they fell, and we had only a very few frosty mornings — but, oh, how it can rain in Oregon! I like Idaho best and get so homesick for my Idaho friends. Please say 'hello' to all of them — Mrs. Wm. Groseclose, Oregon City, Oregon."

Our note: Mrs. Groseclose was a correspondent for the Gazette for many years, writing the "Teakcan Gossip" column.

To Sponsor Show

The Kendrick Community Lions Club will sponsor a hypnotist show at the High School gym, Thursday evening, May 8, at 8 o'clock. This is an excellent show and promises to provide a good evening's entertainment for both young and old.
