SOUTHWICK FOLK ARE BUSY ONES

WEATHER; DINNERS; VISITING AND CALLING LEAD NEWS

The Weather
Rain and cooler temperatures have prevailed in this area the past few days. Steady showers have continued through Tuesday, bringing with them a few flakes of snow. These, combined with chill winds, give us a hint that winter may well be "just around the corner."

General Items
Mr. and Mrs. Shelton Wells and family of Walla Walla, Wash., were week-end guests of Mr. and Mrs. Aaron Wells. Saturday evening Mr. and Mrs. Waltham Wells of Headquarters called at the Wells home. Sunday, Shelton and Waltham were dinner guests.

Mr. and Mrs. Harve Triplett were Sunday dinner guests in the home of Mr. and Mrs. Clay King. Mrs. Dick Stirling and baby of Great Falls, Mont., arrived Tuesday at the home of her brother-in-law and sister, and will spend several days visiting.

Howard Southwick of Lewiston visited with relatives and friends in the area Tuesday.

Mr. and Mrs. Given Mustoe were dinner guests Sunday of Mr. and Mrs. Arnie Cuddy. In the afternoon the group drove to Orofino to attend the Fair.

Mr. and Mrs. T. J. Armitage drove to Lewiston early Thursday morning and joined Mr. and Mrs. Elbert Armitage for a vacation trip to Salem, Oregon, where they visited with Mr. and Mrs. George Hayward and family. They returned home Sunday evening.

Mr. and Mrs. Willard Schoeffler and daughters were Sunday dinner guests of Mr. and Mrs. Ted Weyen at Cameron.

Mr. and Mrs. Bill Babb of Colfax were Sunday evening callers in the Annie Longeteig home.

Lonnie and Shelley Lohman were Saturday over-night guests in the Elmer Lohman home.

Mr. and Mrs. Dan Morse and daughter of Spokane and Mrs. Melvin Blakely of Clarkston visited with Mr. and Mrs. Russell Perkins and daughter, Sunday.

Mr. and Mrs. Jack Mustoe attended the Orofino Fair, Sunday. That evening they called on her parents, Mr. and Mrs. Wilbur Colwell, at Lewiston.

Mr. and Mrs. Frank Cantril of Lewiston called Friday at the Don Cantril and John Longeteig homes.

Mr. and Mrs. Jack Mustoe called on Mr. and Mrs. Tom King Monday evening.

Mrs. Annie Longeteig and Johnnie were Monday evening supper guests in the Don Cantril home.

Mrs. Rollin Armitage visited Monday in the home of her parents, Mr. and Mrs. Ray Cuddy on Gold Hill. She helped Mrs. Cuddy celebrate her birthday anniversary.

Mr. and Mrs. Clarence Henderson of Clarkston drove Mrs. Jessie McCoy of Pomeroy to Southwick, Sunday, where all visited in the Verlin Benjamin home. Mr. and Mrs. Ervin Fry and family joined the group in the afternoon. Mrs. McCoy was an over-night guest of Mr. and Mrs. Milton Benjamin, and a Monday over-night guest of Mr. and Mrs. Wm. Jennings.

SALES DAY COMING

The attention of everyone is called to Kendrick's Annual Sales Day, which this year comes on Saturday, September 27.

A full day of activity for all is planned, beginning with the big auction sale at 10:00 o'clock in the morning.

There will be the "noon hour break for lunch."

This will be followed by the annual Pet Parade — with prizes — and a treat for every entrant. Mom and Pop, you are urged to bring in the youngsters, and let them show off the pets of which they are so proud. The parade, under the direction of Bob Meserve, will assemble at the corner near the Kendrick Garage, and will end at the Kendrick park.

At the conclusion of the Pet Parade there will be a band concert by the K. H. S. band under the direction of Elmer Stitzlein. Be sure to hear this program.

Next comes a football game at Armitage Field — with the K. H. S. Tigers, coached by Denny Racicot, tangling with the Genesee Bulldogs. You'll want to see this event for sure.

At the conclusion of the game there will be an interval until 9:00 p. m., when the Kendrick Grange is sponsoring a dance in the K. H. S. gym.

The local merchants are planning Sales Day Specials galore in their stores — so you can be sure that your spare time — spent shopping — will save you real money!

So, be sure to mark the day off on your calendar — and be in Kendrick — with the whole family!

Several food and refreshment booths are expected to make their appearance. There is also a concession or two, although just who will operate them is not known at this time.

ICY BREATH OF WINTER

An early snow, the first of the season, splashed a wet and slippery coat over the Craig Mountains southeast of Lewiston Tuesday, and filled the sky across the Camas prairie.

LIBRARY DUBIOUS

The Taxpayers League of Latah County appears to be staging heavy opposition to the proposed Latah County Free Library, and have apparently effectively tied up every detail so that it will not be available this year.

Its very life existence is pending, and will be decided Sept. 29, at the regular meeting of the Latah County Board of County Commissioners.

It seems a hidden clause in the Idaho statutes, which required the sending of postcards to taxpayers, was not complied with, being overlooked.

Other counties which have the library districts did not use the postcards — but there it is — in the law!

CURRENT NEWS AT OUR SCHOOLHOUSE

Test Results Gratifying

Last spring 35 members of the Junior class (the present Senior class) along with 478,965 other Juniors throughout the country, took the National Merit Scholarship Qualifying Test. This test was developed for use in selecting students who are to be given further consideration in the awarding of over \$5,000,000 in National Merit Scholarships. The test was given to all of the class in the local high school, as it was in many schools, so that the results could be used by the teachers in guiding and counseling all members of the class.

Five members of the present Senior Class, Gerald Bateman, Diane King, Robin Magnuson, Patty Nelson and Lyle Parks earned scores of better than 90 percent, which means that they earned a higher score than 90 percent of the 479,000 students taking the test. This is a very remarkable feat that speaks well for the student and the basic schooling they have received.

Two of the students, Gerald Bateman and Lyle Parks earned scores of 95 percent and 97 percent, respectively.

Enrollment Steady

The enrollments in the three schools have not changed significantly since the opening day. Enrollments by grades now stand at: Southwick Elementary, 1st grade, 6; 2nd grade, 11; 3rd grade, 6; 4th grade, 7; 5th grade, 6. Juliaetta Elementary: 1st grade, 26; 2nd grade, 24; 3rd grade, 21; 4th grade, 18; 5th grade, 24; 6th grade, 25.

Kendrick Jr. and Senior High: Seventh grade, 31; eighth grade, 33; freshmen, 27; sophomores, 23; juniors, 27; seniors 36 — for a total district enrollment of 340. This compares with an enrollment of 357 last year, and 367 the year before.

Pep Club Election

The Girls' Pep Club held an election of officers and chose: Connie Howell, president; Marilyn ZumHoff, vice president; Francis Rowden, secretary; Judy Craig, treasurer. Mrs. Bushong is their advisor.

Chief activities to date have been decorating the goal posts for foot-games and drumming up school spirit.

TIGERS WIN AGAIN

Kendrick's Tigers shared the top rung of the Central Idaho 8-man Football League with Weippe's Gorillas Friday, after winning a thriller from Troy 32-31 on their home field.

Never more than a touchdown apart, the two teams battled for four quarters of slashing football. Troy led once, 19-13, after LeRoy Brocke had scampered 30 yards for the third Trojan TD.

Late in the contest, Troy moved to the final point bulge and recovered an off-side kick, but couldn't get their offensive into gear.

Brocke accounted for all of Troy's touchdowns, running for four and passing for one. Kendrick scored first on a 20-yard pass from Robin Magnuson to Leonard Eldridge. Reggie Wegner broke loose for 60 yards and passed to Gary Browning for 40 yards for the first-half Kendrick touchdowns. Kendrick held a 20-19 half-time margin.

Another Magnuson to Eldridge pass was off set by a 65-yard run by Brocke. With the Tigers leading 26-25, Gary Browning ran 60 yards for another Tiger score. Magnuson passed to Eldridge for what came to be the winning margin. Troy failed to convert after a Brocke to Danny Nelson pass brought the Trojans to within one point.

MOVING CATTLE TO MONTANA

Pullman, Wash., Sept. 22 — One of the Pacific Northwest's best known and respected small Hereford herds, owned by a former Kendrick cattleman, has announced its plans to move to Stevensville, Mont., in mid-November.

The cattleman is Jack Benschoter, who with his wife Molly, operates "Benschoter Herefords," three miles south of Pullman. He got his start in the registered beef cattle business in 1943, while attending Kendrick High School.

Since then the operation has become known throughout the western states. They have exhibited champion Herefords in Idaho, Washington, California and Montana. Already this year their show winnings have included Champion Pen of Bulls at the Northwest Hereford Breeders' Sale, Spokane; Reserve Champion Female at the Lewiston Hereford Association Spring Sale, and first place Get of Sire at the highly competitive Top-Cut Sale at Missoula, Mont.

To facilitate moving the herd, the Benschoters plan a herd reduction-production sale Oct. 30, at the Pullman ranch. They will sell 40 bulls (24 of service age and 16 bull calves) and 10 females (five brood matrons, one bred heifer and four heifer calves).

Advertised nationally through beef cattle trade publications, it is featured as a 100 percent "old line" sale. In other words, as Benschoter points out, the entire offering is of "old line" Chandler breeding — the same blood line that won the coveted Grand Champion Carload of Hereford Bull honors for Chandler Herefords, Baker, Oregon, at the 1958 National Western Stock Show in Denver.

In 1947 the Benschoters purchased their first "old line" cattle, two years later they acquired 10 more heifers from Burns & Nichols, Lewiston. Subsequent purchases included 10 heifers from Schwisow Bros. of Ritzville, Wash.

"Over the years," Benschoter recalls, "many Kendrick cattlemen have come to the ranch and made purchases. Folks from my hometown didn't forget me!"

Often labeled "typical" of what America's young cattlemen should be, Benschoter worked one show season with Chandler Herefords and two for the equally famous "Double M" Herefords of Adams and Stanfield, Ore. He helped at the Pollock dispersion in Sacramento, Calif., and later joined with the Staley Hereford Ranch at Pullman, for six years.

He is the son of Mr. and Mrs. Walter Benschoter of American ridge.

SECOND DAUGHTER IS COMMISSIONED

Miss Hermina Meyer, daughter of Mr. and Mrs. Herman Meyer of Cameron (Kendrick), Idaho, was commissioned as a missionary to India at a service held at Cameron Emmanuel Lutheran Church Sunday afternoon at 4:00 o'clock. Rev. Edward Fritchel of Grace Lutheran Church, Lewiston Orchards, delivered the sermon. Commissioning pastor was Theodore Meske of Kendrick. Musical numbers were given by Dale Carolyn and Mariann Silflow and Miss Loeda Meyer and Mrs. Sherwin Schmidt. Organist was Miss Irene Schmidt.

After the service all attended a reception at the parish hall given for Hermina by the Cameron congregation. The table was decorated with orchid and yellow mums, and centered with a huge decorated cake. Mrs. Edward Fritchel poured coffee; Mrs. Paul Daneker served punch, and Mrs. Theodore Meske served cake.

Miss Meyer will serve at laboratory technician at the mission hospital at Renigunta, India. She is scheduled to leave for India from New York on the City of Bath about Oct. 10, providing her visa from India arrives in time.

She will be stationed about 40 miles from where her sister, Dorothy, is serving, which is Nayudupet, India.

TO SPONSOR FILM

At the regular meeting of the Kendrick Community Lions Club, held in the Fire Hall Wednesday evening, Sept. 17, the group voted to sponsor an adventure and educational film entitled "Survival On The River." It will be shown at the Kendrick High School gymnasium at 7:30 p. m., Wednesday, Oct. 1.

It was filmed on our own mighty Salmon and Snake rivers, and is recommended for young and old alike. It is especially recommended for big game hunters, as it contains many tips that might save a life in case he or she should become lost.

It dramatically portrays the story of a journey, by small rubber raft, from the headwaters of the middle fork of the Salmon river, in the heart of the Idaho primitive area, down the main Salmon to the Snake to Lewiston. The camera records a thrilling adventure over some of the wildest water and through some of the greatest wilderness area remaining in the United States.

The film drew the attention of the producers of the NBC Television show "Bold Journey" and 700 feet of the full 2,000 feet were shown on the May 19, 1958 telecast.

Odd W. Bjerke, one of the two men making the journey, will accompany the film to Kendrick and make a personal appearance.

GOVERNOR'S P.-T. A. PROCLAMATION

WHEREAS, the educational institutions of the state have each year enjoyed a higher standard of achievement and accomplishment; and

WHEREAS, much of the credit for this high standard is due the Idaho Congress of Parents and Teachers for its far-sighted and wise planning, and for generous cooperation between parents and teachers; and

WHEREAS, the teacher's work is most effectively conducted if the teacher has an opportunity to keep in direct personal contact with the family of each pupil;

NOW, THEREFORE, I, Robert E. Smylie, Governor of the State of Idaho, do hereby designate the month of September, from September 1st to September 30th, 1958 as Parent-Teacher Month in the State of Idaho, with September 21st to 28th of that period set aside as Membership Week and do earnestly urge all persons interested in providing for our children the benefits that are attainable through the Parent-Teacher Association to enroll as members of a local unit.

TAXES TAKE JUMP

Residents on the tax rolls of Latah County will pay 18½ cents more per \$100.00 of assessed valuation to the county and state than they did in the previous year, according to a report of levies fixed for state and county funds.

The report was released by County Auditor Bessie Babcock Tuesday, Sept. 16, listing the county taxes at 21.55 mills and the state's share at .93 mills.

The total cost per \$100 of property valuation is set at \$2.545, compared to a \$2.360 for the fiscal year 1957.

The state levy for the county is slightly higher than last year with 3.9 mills levied, compared to a 3.6 a year ago.

County levies, ordered by the county commissioners as follows: (1957 mill figures in parenthesis):

Current expense fund 7 mills (6 mills); Hospital and Indigent Fund 3 mills (2 mills); School Fund, 8.3 mills (8 mills); Noxious Weed Fund, 0.5 mills (0.25 mills); Fair Fund, 0.25 mills (0.5 mills); and Court-house bond and interest fund, 1.5 mills (2 mills). The 1957 levy included a quarter mill for a special Fair Fund, not present in the 1958 levy.

City and village levies varied somewhat over 1957, with Genesee noting an increase of 8 mills with a levy of 38 mills as compared with 30 in 1957. Potlatch increased from 27 to 29 mills and Troy decreased from 32 mills to 27 for 1958. Others remained the same, including Moscow, 41.5; Juliaetta 27; Kendrick 25; Bovill 20, and Deary 37 mills.

New to the levy rates for 1958 was the 1-mill levy authorized for the Latah County Free Library District. This district was organized during the past year. — Idahonian, Moscow.

ROAD PROGRESSING

Steady, if sometimes (to observers) a bit slow progress is being made in the construction of the new road link on the Kendrick-Deary highway on top Big Bear ridge.

Preliminary grading is said to be all but complete, and we understand a rock crusher for surfacing material is to be set up this week. It will be situated on the canyon rim at the rear of the Claude Jones home, rather than in the creek bottom near the Roy Glenn home just east of town as had been expected.

Due to the compactness of the road bed and absolute lack of gravel, travel over the uncompleted link, where it is necessary, is rather a slippery business at the present time.

BIRTHDAY PARTY

Sanford Gates' eighth birthday anniversary was celebrated last Thursday with a party in the home of his parents, Rev. and Mrs. Ernest Gates.

A fun time was had by all guests who included: Loren, Lowell, Louise and Mrs. Howard Hoffman; Bobby, Donny, Leslie and Marie and Mrs. Robert Messerve; Vic and Becky and Mrs. Dennis Racicot — and of course, Sanford's brothers and sisters.

The birthday cake was decorated with cowboy designs. Sanford received many fine gifts.

CHILDREN' GROWTH

Worried because one child in your neighborhood has grown faster than your son or daughter? Then take heed of what the editors of Changing Times, the Kiplinger Magazine, say in their September issue about the normal pattern for growing.

Birth to one year — a period of rapid growth in length and weight. Birth weight trebles by the first birthday.

One to three — physical growth slows down some, and appetites tend to lag. Boys attain half their mature height at 2.2 years; girls at 1.7 years.

Three to five or six — growth becomes slower than at any time between infancy and puberty. Appetites are dull.

Five or six to 10 or 11 — A period of slow, steady physical gains with a tendency toward underweight. Girls rate of growth may pick up at nine; boys at 11. Boys reach 75 percent of mature height at 8.9 years; girls at 7.2 years.

Ten or 11 to 16 — A time of very rapid growth. Appetites may be voracious or picky. Boys' rate of growth in height reaches a peak at 14 or 15; girls at 12 or 13. Peaks in weight gains come six months later. Boys have 90 percent of their height at 13.7 years, girls at 11.4 years.

Sixteen to early 20's — Growth in height ends between 16 and 21. Gains in weight should end in early 20's.

NEW 4-H CABIN AT HEYBURN

When 4-H Club youngsters at Heyburn Camp on Lake Chatcolet pinned "No. 1" on the first new cabin of the camp's proposed building and remodeling program, it was a wreath of honor to Clearwater county's efforts and public spirit.

Most distant of all counties to use the Heyburn Camp, Clearwater took it seriously when the word went out that the camp needed new cabins to replace some of the old ones. Business concerns of the county, 4-H Clubs, civic organizations and individuals got together to see how much money was needed for a cabin. Then they got the money. Since that isn't all it takes to build a cabin, they converted the money into lumber, nails, cement and other necessary things.

"We figured it ought to be built of Clearwater lumber," leaders of the venture said, "so we put our own lumber on a truck and hauled it up."

To specifications set up by the camp committee, the Clearwater folk built the cabin — foundation to roof. In two days, the lumber, nails, and infinitum were a cabin that will house 20 4-H Club members at future camps for a long time to come.

The Heyburn camp is used by both Washington and Idaho for activities of 4-H Clubs, Boy Scouts, Girl Scouts and church groups, as well as other organizations. Food is prepared in the large camp kitchens by hired cooks and served cafeteria style in the central dining room. Expenses of the camp are prorated among those

HOW LONG DID IT TAKE YOU TO COURT YOUR WIFE?

Did you happen to see her, walk up to her, ask her to marry you, call in the minister — right on the spot?

Perhaps not. It probably took a lot of calls, and trips, movies, flow-

ers, candy, and a lot of putting-your-best-foot-forward tactics. You had to sell yourself. She had to know all about you.

It's the same with advertising — you can't "woo" customers with one ad. — you've got to "Call on Them" over a period of time — you've got to win their confidence and be con-

vincing. Consistent Advertising wins customers if it's truthful, if it gives helpful information, if it saves shopping steps, if it is backed up with intelligent, courteous service and honest values.

"Tomorrow's forgotten man forgot to advertise yesterday!"

ELECTRIC HEAT — "No. 1 Choice" of 12,000 Customers

"I proved to myself ELECTRIC HEATING IS REALLY ECONOMICAL"

Costs less to install, never wears out, makes the house bigger, and more livable for everyone.

There are a lot of things to consider when figuring the cost of home heating. First, the cost of operation. Because of low WWP Company rates, electric heating is NOT expensive in this area. The average annual cost is only 16½ cents per square foot per year, (\$165 a year for a 1,000 sq. ft. home) and many, many homeowners are heating electrically for considerably less than the average. Then there is cost of equipment and installation. An electric system usually costs less than a conventional heating plant.
 Then, there are "side benefits" that add up to money, too. Electric is cleaner, so you have fewer cleaning bills and less redecorating cost. Everyone is healthier in a "clean air" electrically heated home. Individual room temperature control, plus no drafts, aids in keeping the doctor away, fewer colds and allergies in the family.
 Now's the ideal time to convert to electric heating, and enjoy a winter of comfort and convenience — unlimited. For complete information, phone your local WWP office. A representative can call at your convenience. No obligation at all.

AGRICULTURAL FACTS
 Insect specialists of the University of Idaho recommend spraying for control of grubs rather than injections or the bolus method.
 Browning of peeled potatoes may be prevented by dipping in citrus juice.
 Per capita consumption of ice cream in this country was about 20 quarts last year, more than twice as much as it was before World War II.
 American farmers are using about five times as much fertilizer today as they were 50 years ago. University of Idaho soil people urge soil testing to get the most value from soil applications.
 Seven minutes of working time today will buy a quart of milk. Forty years ago it took 21 minutes.
 Idaho economists report that U. S. consumers have not only been eating more beef in recent years, but the beef is of a better grade. About 70 percent is from the three top grades.
WATCH THAT SPEED
 Speeding on the highway can be fatal to you. The speed built into your car can give you that extra push when it's necessary, but it can also get you into trouble if you use it unwisely. Use your head where speed is concerned, reminds the Idaho State Police.

Knighthood Items From Many Lands Show Similarities
 WASHINGTON—A collection of over 200 grand crosses of knighthood is currently on display in the rotunda of the Arts and Industries Building of the Smithsonian Institution. This collection, the finest of its kind in existence, is lent by the Orders and Medals Society of America. It will later become a permanent part of the collections of the Smithsonian.
 Included are badges, breast stars, and colorful sashes of such great and ancient orders of knighthood as the Garter of England established by Edward III before 1350, the Order of Christ of Portugal founded before 1320, and the Order of the Annunziata of Italy instituted in 1362. Many of the grand crosses were owned and worn by distinguished persons, including the Marquess of Rockingham, Prime Minister of England in 1765; Mary, Queen of George V; Victor Emanuel III of Italy; Carol I of Rumania; Baron Mannerheim of Finland and others.
 Orders of knighthood, while having roots in the Ancient World, developed to maturity during the late Medieval Period. They provided a reward for militia prowess, a social rank, and a security in return for a pledge of fealty. While the details of the institution varied from country to country and from century to century, certain elements seem to have been constant: (1) Knighthood carried with it an honor that gave the recipient social rank. (2) The honor was conferred in a ceremony. (3) The honor carried with it certain privileges. (4) Rewards of value accompanied the honor. (5) The recipient belonged to a group, members of which had received a like honor.

Natural Disasters Killed More In '57
 NEW YORK—Natural disasters were responsible for more than a third of the deaths in catastrophes—accidents in which five or more persons died—during 1957.
 Catastrophe deaths in the United States totaled almost 1,700 during the year, or about 400 more than in 1956. The increase is largely a reflection of the unusually heavy loss of life in Hurricane Audrey, which caused approximately 350 known deaths in early June, most of them in Cameron, La.
 All five of the major catastrophes—those which caused at least 25 deaths—occurred in the first six months of the year. Other major catastrophes: the fire which destroyed a home for the aged at Warrenton, Mo., in February, causing 72 deaths; the May tornado which struck the Kan. as City area, killing 39; a gas explosion which killed 37 in a Bishop, Va., coal mine; and the March blizzard which killed 29 in the Great Plains states.

Navy Seeks Aid In Chasing 'Gooney Birds'
 UNIVERSITY PARK, Pa.—How do you discourage "gooney birds"?
 The U. S. Navy, which finds them troublesome at its Pacific air base on Midway Island, has requested the help of a Pennsylvania State University zoologist with the problem.
 The birds, two species of albatrosses, nest on and near runways and offer serious hazards to planes using the air base. To study the problem, Dr. Hubert W. Fringe and his wife, Mabel, are now on Midway Island.
 They have done extensive research on bird habits and several years ago devised a method of ridding urban areas of menacing starlings.
 Because of their size (they have a seven-foot wingspread) the "gooney birds" have no natural enemies.

'Local' News Snubbed In German Papers
 LOS ANGELES—Newspapers in West Germany are preoccupied "almost to the point of obsession" with national politics, leaving community news to shift for itself, says a UCLA journalism professor.
 Professor Joseph A. Brandt, who spent a year in Germany as a Fulbright fellow studying the "miraculous" revival of German newspapers, said local politics is ignored and local news, including the extraordinary achievements of Germany's cities in rebuilding, is told in "the most casual manner."

Depopulation
 WASHINGTON—When gold was discovered on January 24, 1848, in California's South Fork American River, San Francisco was suddenly depopulated "as if by plague." One report said that a population of about 900, all but a dozen left for the diggings. Thousands of easterners soon swelled the city to far beyond its original size.

KENDRICK COMMUNITY CHURCH

Junior Choir and Fellowship Each Monday afternoon the Juniors meet for practice and fellowship. Mrs. Howard Hoffman and Mrs. Ernest Gates are leaders. Beverly Gates accompanies on the piano.

M. Y. F. The M. Y. F. meets each Sunday evening from 7:00 to 8:30. Nominations for officers have been made and election will be held next Sunday. The candidates are: President, Todd Nelson, whose running mate for vice president will be Dee Magnuson. Opposing will be Beverly Gates for president, with her running mate Larry Helton. Running for secretary is David Eldridge, who is opposed by his sister, Janet. Vieing for the chance to hold the M. Y. F. purse strings are Bob Callison and Patti Nelson.

Visitation Program The Commission on Membership and Evangelism presented to the official board, last Monday evening, a plan for a program of visitation to be conducted on Monday and Tuesday evenings, Sept. 29 and 30. This is in accordance with a church-wide program of simultaneous visitations to be completed before World Wide Communion Sunday, which is Oct. 5. Communion will be observed on this Sunday (Oct. 5th) in the morning. That evening, at 6:30, there will be a Fellowship dinner in the church parlors. For the program Mr. and Mrs. H. C. Schupfer will show pictures of their European vacation trip.

Remodeling Project The board heard and approved plans for enlarging the bathroom at the parsonage, by taking in part of the back porch. This added space will provide needed room for laundry units.

THE WEATHER

The weather is always said to be a safe topic of conversation, under any circumstances, and this week should prove no exception. The latter part of last week we had some of the finest fall weather that anyone could desire. Warm days and cool, crisp night. We had a couple of fine rains, which were more than welcome to all.

This continued until Sunday, when wind became a part of the "menu." Monday night and part of Tuesday morning we had another good rain, and even drew a bit of hail. Tuesday night it began clearing, and the mercury column dropped to 36 degrees on the "official" thermometer. Others about town recorded as low as 32 degrees, and white frost could be seen in a number of spots.

HELLO, FOLKS:

Say, when you come in to attend the Sales Day activities next Saturday, Sept. 27, why not drop in and talk over any lubrication problems you may have. You realize, of course, that Union makes a lubricant to meet every need and condition. It won't take very long or cost you a cent!

Gypsy Trucker: "I don't dare lie to my wife. She's a medium."
Second Driver: "I don't dare to lie to my wife, either. She's a heavyweight!"

A man owes it to himself to become successful. After that he owes it to the "Bureau of Internal Revenue!"

Yes, we handle Prestone, chains, chain tighteners. Get them before

you go hunting.

Please drive carefully. We'd much rather have you for a customer than read about you as a casualty!

Chilly fall weather is upon us right now, and that brings to mind your home heating. How's that stove oil tank? Is it full, ready to keep your home comfortable? If not, pick up that phone and call us at 1251. Say "fill'er up" and we'll do just that!

Passenger to captain during a storm at sea: "All this wild water sure makes me nervous. How far are we from land?"
Captain: "Oh, about a mile."
Passenger: "Well, that's a comfort to know. What direction?"
Captain: "Straight down."
