

SOUTHWICK FOLK ARE BUSY ONES

Rally Day Services

About fifty attended the Rally Day Services at the Community Church here Sunday. Among the guests was Mrs. Alice Wright of Longview, Wn., who sang as a special number "If I Gained the World." Rev. Clark gave the message, "Christ, Sufficient to Every Need."

Then all enjoyed a fried chicken dinner in the ladies aid hall. The young people of the church did the decorating for the occasion using fall flowers and autumn leaves.

Zone Fellowship meeting of the area churches will be held at Clarkston this Friday evening at the Pilgrim Holiness Church. All are invited.

Club Meetings

The Southwick Homemakers Club met Thursday at the home of Mrs. Given Mustoe, with Mrs. Clay King as co-hostess. The next meeting will be in the home of Mrs. Alma Betts, October 23 — for an all-day session. Election of officers will be held at this meeting.

The Cameron Home Demonstration Club met last Thursday at the home of Mrs. James Whittinger — for an afternoon session.

General Items

Friday evening Mrs. Don Cantril and Sandy were supper guests in the home of Mrs. Russell Perkins.

Mrs. Josie Berriman returned to her home at Pullman Sunday evening, after spending several days here with her sister, Mrs. Annie Longteig and Johnnie.

Judy Cuddy was a week-end guest in the Rollin Armitage home.

A special reminder to everyone about the Junior Class play, which will be presented on Wednesday evening, Oct. 29th, at 8:00 o'clock in the Kendrick High School gymnasium. An evening of good entertainment is planned, when the boys and girls display their dramatic talents in a play entitled "The Little Dog Laughed."

Mr. and Mrs. Carl Mustoe of Paige, Idaho, spent the week-end here visiting in the home of their parents, Mr. and Mrs. T. J. Armitage and Mr. and Mrs. Given Mustoe.

Mr. and Mrs. Jay Armitage of Weippe were Friday evening supper guests of his parents, Mr. and Mrs. T. J. Armitage. Late evening callers were Mr. and Mrs. Carl Mustoe of Paige.

Mrs. Don Wright and son called on Mrs. Glen Greer at Leland, Saturday afternoon.

Mrs. Hattie Southwick and Mrs. Alma Thornton returned this week from a month's vacation trip to Nebraska and Iowa. They went the southern route and returned via the northern route. They report a most wonderful trip.

Mr. and Mrs. James Silflow and daughter Janis visited with Mr. and Mrs. Roy Silflow and sons at Cameron, Sunday afternoon.

ON THE JOB NOW

Members of the K. H. S. Girls' Glee Club — 20 in number — went to work in earnest Tuesday morning to earn the price of some new choir robes.

Their first project is a hunt for new subscribers to the Kendrick Gazette — and for each new subscriber they receive \$1.00, so don't be the least bit surprised if and when they come knocking on your door.

The subscribers must be bona fide new ones. Renewals or transfers from one member of the family to another will not count.

Elmer Stitzlein, their instructor, says the girls "have the drive" to get the job done, and they want those robes!

JULIAETTA DOINGS IN PAST WEEK

Home From Chehalis

Mr. and Mrs. Axel Swanson and son arrived home last Saturday morning from Chehalis, Wash., where they have been for some ten weeks. Axel was receiving treatments at an arthritis clinic there.

He is reported to be greatly improved, and now able to move about considerably in his bed. All of which is mighty good news.

He is at present using an exerciser furnished by the National Foundation for Infantile Paralysis — which also seems to be of help to him.

Civil Defense Pamphlets

The "Civil Defense" pamphlets were distributed in Juliaetta by two Cub Scouts, Freddie Cope and Walter Knight and their two assistants, Debbie Cope and Mike Maund. They did a very good job. However, if anyone was missed, call Mrs. Onal Cope as there are still a few available. — Thank you — Freddie, Walter, Mike and Debbie.

Fall Clean-up

Many of the local folk are taking advantage of the fine fall weather to clean up their property. Fires are burning trash and leaves all about town.

To Observe Golden Wedding

Mr. and Mrs. G. C. Bowen will celebrate their Golden Wedding Anniversary on Saturday, October 18th.

General News

Miss Karen Penland came home from Great Falls, Mont., where she is teaching, Friday night to help celebrate the combined birthday anniversary of her parents, Mr. and Mrs. Gordon Penland and the birthday anniversary of Caroline Davis. She returned to Great Falls Sunday afternoon.

Mr. and Mrs. Lloyd Candler were week-end guests in the home of their son-in-law and daughter, Mr. and Mrs. Harry Rigg of Spokane. The occasion honored Pvt. Darrell Bowen, who will soon be enroute to Texas for army duty. Also present were Mr. and Mrs. Candler's granddaughter and husband, Pfc. and Mrs. James Halbig of Camp Pendleton, Calif. Their Sunday dinner guests included Mr. and Mrs. Wayne Thornton and family of Leland, Mr. and Mrs. Neil Candler and family of Potlatch, Dale Candler and Mrs. Esther Halbig, both of Spokane. Pfc. and Mrs. Halbig drove their grandparents home and remained over-night in the Candler home.

The W. C. T. U. will meet Thursday at 2:00 in the Nazarene Church in Juliaetta.

Mrs. A. A. Kremmin, Miss Albi Moore and their aunt, Mrs. Claribel Anderson, made a combined business and pleasure trip to Spokane a week ago Sunday, returning the following Tuesday evening.

Mr. and Mrs. Gary Eggers attended a going-away party in Lewiston on Friday evening, honoring Don Cosgrove, who leave for army service on Wednesday.

Visitors in the Henry Brammer home Monday afternoon included Mrs. A. W. Bailey of Lewiston and Mrs. M. C. Halliday.

Tom Mabbott of Spokane and Donna Brown of Lewiston were home over the week-end. They visited their parents, Mr. and Mrs. Ervin Mabbott. Mr. and Mrs. Elmer Lohman of Southwick; Hattie Lohman of Kendrick and Mrs. Powell Neilson of Genesee were visitors in the Gordon Penland home Monday.

Mr. and Mrs. Minor Meyers and family of Spokane visited his two sisters and their families, Mrs. Gale Clark and Mrs. Ted Peters, Sunday, Oct. 5. The three families enjoyed dinner together in the Clark home.

Mr. and Mrs. Chas. Schultz and Mr. and Mrs. Wm. Hecht were Lewiston visitors on Saturday evening.

Visitors in the Gale Clark and Teddy Peters homes Saturday and Sunday included Mr. and Mrs. Hap Meyers of Seattle, who are the parents of Mrs. Clark and Mrs. Teddy Peters. A family dinner was held in the Teddy Peters home, with Walter Knight also present. Mr. and Mrs. Meyers left for Portland Monday morning to visit other relatives.

TRITE SAYINGS

The man who never thought anything of walking ten miles a day now has a grandson who doesn't think much of it either.

You've got to hand it to the income tax people — or they'll come after it! Hard work never killed anybody, but why take a chance on being the first victim.

LELAND AREA HAS MANY ACTIVITIES

Church Services Scheduled

Church services will be conducted by Rev. Ernest Gates of Kendrick in the Leland Church, Sunday, October 19th, at 7:00 o'clock in the evening. Everyone is welcome and urged to attend.

Mrs. Howard Hoffman and family of Kendrick were Saturday visitors in the home of Mr. and Mrs. Ben Hoffman.

STORE BURGLARIZED

The Western Auto Associate Store operated by Oscar Medalen, was burglarized sometime late Saturday night or early Sunday morning, and merchandise of an undetermined value taken.

What has show up to date is the loss of about \$10.00 in small change, several tires, believed to be mostly 670x15 and several jack knives of assorted sizes and colors, and a folding blade fish knife.

Entry was gained by breaking a small window at the rear of the store (alley), and then forcing a bolt-type lock from the supply room to the main store. The thief or thieves evidently left the same way.

Mr. Medalen says other articles may have been taken, but have not yet "shown up missing."

JULIAETTA SCHOOL HAPPENINGS

Posters Out

Posters have been distributed in Kendrick and Juliaetta to announce the forthcoming sale at the Juliaetta Elementary School. As most everyone knows the money taken in at this sale is to go to the Juliaetta School Activity Fund.

Friends of the school are asked to donate articles to be sold. Proceeds for school activities. Suggested articles for the sale are: Fruit butter and eggs, vegetables, cream, poultry, grain, beans, fancywork, clothing, dishes, pieces of furniture, household articles or farm tools — new or used — anything that can be spared and some one might want. There is no admission charge. Bring the children, grandma, grandpa and your friends.

There are two special attractions this year — a door prize and an Art exhibit. The art exhibit will be some of the work that has been done by the children this year. We are sure that each and everyone will enjoy this part of the evening.

Sixth Grade News

The sixth grade students have been busy preparing for the coming school year. They are learning musical pieces, preparing art work, and studying about Mexico in their social studies. Since our theme is "Mexico" we hope to strengthen our learning by feeling like we are in Mexico.

Up to this point, most of the sixth grade material has been a review of what was taught in the fifth grade. From this week on the things learned will be new, exciting and very meaningful to their future.

Standard Grading System

The entire school at Juliaetta has now adopted a standard grading scale which is as follows: 100 to 93 percent, A; 92 to 85 percent, B; 84 to 70 percent, C; 69 to 60 percent, D; 59 to 0, F. There will be no plus or minus signs on the report card as we feel this leads to confusion.

Fifth Grade

Two new pupils have entered the fifth grade this term: John Farrington of Southwick, and Kay Gilliam from Livingston, Montana.

Willard Swanson, a former pupil at Juliaetta, entered the fifth grade this week. He attended the first month of school at Chehalis, Wash.

Jane Westendahl raised about 30 plants of peanuts in her garden. Janet brought one plant to school and showed it to all the pupils.

First Grade

Visitors in the first grade room during recent days were Mrs. Willard Schoeffler, Mrs. Robert Meserve, Mrs. Al. Pederson, Mrs. Ervin Draper, Mrs. Onal Cope and Mrs. Ted Fey.

"Readiness Tests" were administered to the 26 children of the first grade last week. These tests show evidence of each child's ability and are beneficial in group division.

Most of the children have completed their first pre-primer, "We Look and See."

The spirit of Halloween is in evidence in most of the rooms with the appearance of posters carrying black cats, witches and jack o'lanterns.

Second Grade

Mrs. Allen of Spokane, grandmother of Don Scott, was a first period visitor in the second grade room on Friday.

Edward Cox was dropped from the second grade enrollment on Monday of this week. He will enroll in his grade in Germany upon arrival there. This leaves us a total of 23.

Third Grade

The Third grade took a "Silent Reading" test the past week. This test is to serve as a diagnostic instrument revealing individual and class strength and weakness. Also, it shows pupil growth in reading skills. Two more will be given this year.

MAY IN OCTOBER?

An Early Transparent apple tree at the Henry Reil home on Potlatch ridge seems to be "all mixed up" and has put out several clusters of beautiful bloom with new green leaves.

Could be this gorgeous fall weather with it's warm sun has fooled the little tree — but be what may, the flowers are apt to get nipped before long.

Mrs. Reil brought in a cluster of the bloom, surrounded by new leaves on Monday morning — just to show the world what can be raised on Potlatch ridge.

ZONING ORDINANCE TO BE ON BALLOT

Moscow, Idaho, Oct. 16 — At the Nov. 4 election, the ballot will carry the following question: "Shall the county commissioners be authorized to enact zoning and land use regulations?"

The wording of this question is stipulated in a law passed by the last session of the State Legislature that makes possible county zoning in those Idaho counties with over 20,000 persons and one municipality having a population of 10,000 or more persons. In counties with over 50,000 persons the county commissioners were authorized to enact county zoning without a vote. In addition to Latah county, this same question will be voted on in Nez Perce and Bonneville and probably several other Idaho counties. The objective of county zoning is for "the purpose of promoting the health, safety, morals, and general welfare, to provide for the orderly development of land and to protect property values."

To study the advantages of county zoning and its possible value to Latah County, the Commissioners appointed a 19-man committee headed by Eugene Thompson, Moscow, chairman, and Bob Bennett, Moscow, co-chairman. Other committee members are: Lee Gale, Potlatch; Bud Dezell, Troy; Harry Caldwell, Moscow; Murray Benjamin, Princeton; H. F. Koster, Genesee; M. Kenworthy, Moscow; Milton Becker, Harvard; Don Spring-er, Genesee; Clarence Brabb, Palouse; Osborne Slette, Bovill; Don Lawrence, Deary; Fred Rohn, Palouse; Beryl Bohman, Troy; Tom Long, Kendrick; Eugene Taylor, Juliaetta; Mike Buchanan, Troy; Frank Brocke, Troy.

After recommending that the County Commissioners place this issue on the November 4 ballot, the committee prepared an information leaflet containing 25 questions and answers on county zoning and throughout October various members are addressing civic groups throughout the county explaining the zoning.

The Idaho law says that zoning cannot interfere with "full and complete use of agricultural land" nor is it to prevent the expansion of any existing industry on the same or adjacent site. Without zoning undesirable industry or junkyards could locate anywhere in the county without any standards. With zoning, the people in the neighborhood involved and the county commissioners have a voice in helping settle on sites and standards acceptable to all parties concerned. No specific zoning ordinance has been proposed or is being considered. Majority approval of this issue on November 4 just gives the county commissioners the legal right and authority to start working on the problem. County zoning does not apply to incorporated municipalities. Cities and towns can adopt all or portions of county zoning if they wish, establish their own standards or do nothing further on the matter.

But just what is county zoning and why is it desirable? Zoning is actually the classifying of land and designation of what kind of uses are to be permitted thereon and the establishment of standards for these uses. Generally this refers to structures or buildings or land. Zoning cannot stop present uses that may not conform with zoning ordinance. It deals with new uses or structures built with the future and provides one means of helping pave the way for a better tomorrow.

City zoning in the United States dates back to 1692, when slaughter houses were kept out of residential areas. Though cities could zone within their borders and establish standards, many sub-standard structures and unsightly uses were established just outside the old city limits, only later to become incorporated within the city. In addition, many problems developed in rural areas that could not be prevented.

These included the construction of sub-standard, tar paper shacks that were a potential safety and fire hazard, both to its occupants, their neighboring houses, and dry timber or crops. The establishment of land use standards will lessen the likelihood of rat infested dump yards scattered at random throughout the county, or the possibility of new cesspools that might contaminate potable water supplies or livestock.

In some counties, areas regularly subjected to flood might be zoned to prevent their use for residences, thereby endangering more lives. Beginning in Wisconsin in 1929 to get better use of cut-over timber lands, county zoning has now spread to 5,000 U. S. counties where industrial growth has been greatest. Responsible industries have endorsed county zoning, and there is no intent to retard industrial development in any of the Idaho counties.

What a county zoning ordinance solves in the way of problems depends upon the wishes of the county commissioners and the public in general. Until a majority "Yes" vote is received, the county commissioners cannot take any action. A favorable vote will be followed by the appointment of a County Zoning Commission with up to 12 members. This group will then devise a general plan for the county and prescribe certain zones for various uses. A proposed ordinance must be followed by public hearings before it can be enacted by the county commissioners. The zoning map and the zoning ordinance is not rigid but can be changed as the need occurs. It should not be rigid as some land now in agriculture, residential or forestry use today may prove an ideal industrial site tomorrow.

BEAUTIFUL FALL

Never has anyone seen more glorious fall weather than we of the Potlatch section have been enjoying the past week. The days have been a march of sunshine-filled hours, and the nights cool and rather crisp, with just a hint of frost.

Thursday night we had an excellent rain which fell for several hours. It was, however, far short of the moisture goal desired by farmers.

The canyon has become a bower of beauty, with the brilliant red of the sumach contrasting sharply with the yellow of the cottonwoods and poplars and the green of the conifers.

Truly, fall is a beautiful season, and this is one of the most "showy."

THIS AND THAT IN LOCAL HAPPENINGS

DR. C. E. WATTS DIES

Dr. C. E. Watts, 68, Seattle, died Saturday Oct. 11, at the Swedish hospital Seattle, following a heart attack suffered on Friday.

Dr. Watts, a brother of the late W. A. Watts, was well known here, having grown to young manhood at Southwick, where he was born, Nov. 14, 1889.

He lived there with his family until he left to attend higher schools of learning. He was a graduate of the University of Idaho and Rush Medical School in Chicago.

Beginning his practice in Seattle as a diagnostician, he lived his adult life there with the exception of the years he served with the U. S. Army in World War II, being stationed in the Hawaiian Islands.

He married Louise Richardson, July 5, 1916. Survivors include his widow, a son, Dr. Wm. E. Watts of Seattle, with whom he was associated in practice, and two daughters, Mrs. Joseph Brotherton of San Francisco, and Mrs. Paul Smetten of Tacoma, and 11 grandchildren.

CRUSHER ARRIVES

A big rock crusher, part of the equipment of the R. E. Haley Construction Co., arrived here last week and "made a set" in the creek bottom adjoining the Roy Glenn home just east of Kendrick.

The company is operating two shifts at present and is turning out approximately 1,250 tons of crushed rock per shift, with ten men being required to operate the machinery and trucks. There are five of this latter category.

The trucks are hauling from the foot of the hill up, where they will ultimately meet the trucks of Carbon Brothers, who are the prime contractors for the work.

This two-way graveling job is expected to take some 106,000 tons of rock.

The Haley Co. will also stock pile maintenance gravel. It is thought that the chips for the oiling of the new section of road under construction and the grade itself will probably be crushed and stockpiled on top the hill by Carbon Bros.

TIGERS WIN AGAIN

Kendrick crossed the goal line four times before Pierce got rolling last Friday on the Pierce field — and won from their hosts in a high-scoring eight-man football game 49 to 27. Winning their fifth straight game the Tigers stayed on top the Second District standings.

Ahead 21-0 at the half-time, Kendrick made its lead secure as Gary Browning took the opening kickoff of the second half back 70 yards for a touchdown. Browning and Jerry Bateman each scored two of Kendrick's touchdowns. Robin Magnuson scored one and passed to Rayner Havens for another. Jerry Pederson added the final six-pointer on a 40-yard run.

HOME ENTERED

Latah County Sheriff investigators were called on to investigate the burglary of the home of Mr. and Mrs. Alfred Cann, on Cedar creek this past week-end.

Mr. Cann reported that their home had been burglarized in the past ten days while he and his wife were at Ferdinand, where he is working as a logger.

Deputy Sheriff William Logan reported that the interior of the house has been disarranged and littered, but apparently nothing was missing.

GROWS 'EM BIG

Arnold Hoisington of Potlatch ridge brought in some healthy specimen from his garden to Abrams Hardware — a couple of carrots that weighed in at 2 lbs. 4 oz. and 1 lb. 13 oz., respectively, and a big fat Red Pontiac potato that tipped the scales at 4 lbs. 4 oz.

The hardware thought them well worth some publicity, so brought them to the Gazette office, where they are now on display.

ZONING MEETING FRIDAY

The Latah County Zoning Committee will meet with the people of the Deary-Big Bear-Texas ridge areas on Friday evening, Oct. 17, in the Deary Grange hall at 7:30 o'clock. All are welcome!

LOCAL HAPPENINGS IN CAPSULE FORM

Mrs. G. W. Rowden of Clarkston spent Saturday and Sunday here with her son, Mr. and Mrs. Marion Rowden and family.

Mrs. Fred Stedman took the stage from Spokane Sunday for Seattle, where she will visit their daughter, Mrs. Barbara Olsen and family.

Mrs. Burton Souders, Jr., and children of Mackay, Idaho, were weekend guests here in the home of Mr. and Mrs. Burton Souders, Sr., and Mr. and Mrs. A. O. Kanikkeberg. Burton, Jr., also came up in his logging truck to make a trailer "trade." The hunting party made up of Louis Malo, Bob Magnuson, Frank Abrams, Bill White and Herman Renfrow returned Friday from the Elk Berry creek area where they had spent several days on a big game hunt. They brought out an elk, a bear and several deer.

Mr. and Mrs. Frank P. McCreary and daughter Claudia of Kirkland, Wash., were week-end guests here in the home of his parents, Mr. and Mrs. W. L. McCreary.

John Baggs, Jr., U. of I. student, and Miss Kay Abrams, Sandpoint, were week-end visitors here in the home of her parents, Mr. and Mrs. Frank Abrams.

Robin Magnuson joined the hunting party of which his father was a member the week-end of Oct. 4, and returned home Tuesday evening with a deer.

Mr. and Mrs. R. L. Blewett drove to Portland Wednesday to attend the funeral of her aunt, Mrs. Maude Bartlett. Mrs. Bartlett had been an invalid for nine years.

Mr. and Mrs. H. M. Barber of Coeur d'Alene came down Saturday evening to stay over Sunday with their son-in-law and daughter, Mr. and Mrs. Bob Watts and daughter Patti.

Mr. and Mrs. Walter McCall left Saturday on a two-week vacation, to visit her father, Carl Hartung, and other relatives at Richmond, Calif.

Robin Magnuson and Leonard Eldridge attended the Idaho-W. S. C. game at Moscow, Saturday.

Mr. and Mrs. Gordon Cook and son Bruce of Pasco came Saturday to stay over-night with his parents, Mr. and Mrs. Ben P. Cook. On Sunday they were joined by other members of the family, Mr. and Mrs. Harold Goff and sons of Clarkston; Mr. and Mrs. Bennie B. Cook and son Bradley of Lewiston, and Mr. and Mrs. John Deobald and children. A birthday dinner honoring Mrs. Deobald was enjoyed.

GNATS BY BILLIONS

Pedestrians and vehicle drivers in this area have been plagued by swarms of gnats the past few days. Perhaps when we say "swarms" we are putting it mildly, for they are present by the billions, dancing in the warm fall sunshine just on the edge of shady spots, preferable under and alongside trees.

The tiny pests get into women's hair, and seem to dive-bomb for the eyes and throat. It is a very common sight to see a woman walking down the street hiding her face with a newspaper, or waving a handkerchief in front of her face.

Motorists collect the tiny insects on windshields and headlights by the hundreds, and when an attempt is made to wash them off, they literally turn to a paste!

It's going to take a good sharp frost to clear them from the air.

IS HALL PRESIDENT

E. W. C. E., Cheney, Wn. — Charles Havens, Kendrick, was elected president of Monroe Hall here in the recent elections.

Mr. Havens is also serving on two committees for the Home Coming observation, which will be held this coming Saturday at Cheney.

UNIVERSITY WORKS ON BEAN RESEARCH

Beans have come into their own as a major Idaho farm crop, Bert D. Barlow of Hazelton, chairman of the Idaho Bean Commission, reported at the group's meeting with University of Idaho and U. S. Department of Agriculture researchers at a meeting Monday in the University of Idaho. He indicated that Idaho's \$12 to \$15 million-a-year bean industry gives this state third place among the bean raising states of our nation.

"We are confident that research now underway will give security to that industry," he explained. "Until some five years ago there was very little industry-grower co-operation in bean research. Through activity of the bean commission federal funds for bean research in Idaho have been increased from \$10,000 to more than \$90,000 a year. There has also been a notable acceleration in bean research on a national basis."

Last year, Mr. Barlow also reported, saw the first meeting of a national bean council, set up to coordinate national research.

Primary objective of the bean research in Idaho, as elsewhere, is to find some way to reduce the cooking time for them and to explore preparation methods that will contribute toward higher consumption and consumer acceptance.

"We on the Idaho Bean Commission, myself; Jack Matheny, Eden; William J. Morgan, Burley; Donald M. Murphy, Twin Falls; Melvin Oplinger, Buhl; Sheldon Pulley, Nampa; Isaac Blickenstaff, Nampa; and Harold Parks, Kendrick, are confident that the prospects of finding ways to get beans into the quick-cooking category are good. This is the big hurdle we must clear before we can begin to glamorize and promote beans in an aggressive way. Bean growers in Idaho as well as those in other major states are hopeful that research will provide the right answers."

Mr. Parks, in telling us of the meeting said: Reporting on current research in Idaho at the Monday session were Fred W. Talburt, chief of the fruit and vegetable laboratory of the U. S. Department of Agriculture research center in California, and representatives of the three College of Agriculture departments engaged in research in this field. Mr. Talburt reported on studies underway at the California laboratory to shorten the cooking time.

Dr. Duane LeTourneau of the Department of Agricultural Chemistry reported on University studies in the basic chemistry of beans. This work, under contract with the U. S. Department of Agriculture, is to gather information needed in other phases of the program. Dr. A. M. Finley of the Department of Plant Pathology reported on Idaho's work on bean diseases and the state's bean breeding program. He indicated that at least two new bean varieties were about ready for release to growers. Dr. G. W. Woodbury of the department of horticulture reported on research now underway in measuring hail injury in beans.

Mr. Parks concluded with the statement: "I believe we are at last beginning to make some real progress toward curing the ills of the bean producers of Idaho."

COUNCIL MEETING

Opportunities for women to increase their already valuable services in the enrichment of family and community life were emphasized at the annual meeting of the Idaho Home Demonstration Council at McCall, October 6 and 7, Mrs. Gerald Ingle reported on her return from the conference. Nine women from Latah county attended. The theme of the convention was "Build a Better You."

Miss Frances Scudder of Washington, D. C., was one of the main speakers. She is director of home economics programs for the federal extension service. Her topic was, "You Give Yourself Away." Mrs. R. L. Henderson of Idaho Falls presided.

Mrs. Glenn Balch, Boise, chairman of the state library board, had the topic "More Than Tea and Cakes." Other speakers included James Kraus, dean of the University of Idaho College of Agriculture; O. C. Youngstrom, associate director of the extension service, and Barbara Brant Hoover, nutrition specialist.

The council installed Mrs. Adolph Heinrich of Lake Fork as vice president, succeeding Mrs. Ralph Geffe of Boise. The 1959 meeting will be at Burley next fall.

Among those attending the conference were: Mrs. Ruth J. Shane, Home Agent, Latah county; Mrs. Wm. Holt, President, North Idaho District; Mrs. Bruce Sherman, Juliaetta; Mrs. Kathryn Morey, Kendrick; Mrs. Clyde Youmans and Mrs. Thos. Youmans, Sr., Moscow; Mrs. Frank Van Hise, Deary; Mrs. Gerald Ingle, Kendrick, and Mrs. Ted Blacker of Moscow.

CAR ACCIDENT

Mr. and Mrs. Bob Spencer of Coeur d'Alene, enroute here Saturday to spend the week-end with her mother, Mrs. Estella Leith, had their plans suddenly altered at Worley, Idaho, when a car carrying three Indian teen agers, crashed into the Spencer's 1958 Chevrolet.

No one was hurt — just shaken up — but the cars suffered considerable damage. So much so, in fact, that the Spencer car had to be hauled to Coeur d'Alene for repairs.

Mrs. Spencer called her mother from Worley to tell her of the accident and cancel their visit.

P-T. A. TO MEET MONDAY

The next meeting of Joint District No. 283 P-T. A. will be held Monday evening, Oct. 20 at 8:00 in the Gold Hill Hall.

George Merrick will have charge of the evening's program. He tells us a panel of 8th graders will give their views on segregation. Those to participate are: Moderator, Cheryl Westendahl. Other panel members are Linda Eckman, Sharon Fey, Hazel Perkins, Beverly Gates, Bob Callison and John Deweber.

CHAMBER MEETING

The annual fall meeting of the North Idaho Chamber of Commerce will be held in Moscow on Friday and Saturday, Nov. 14 and 15, it was announced this week by Lee Lowry, St. Maries, president of the organization.

All elected legislators of the eleven northern Idaho counties will be invited to attend as guests of the N. I. C. C. according to Mr. Lowry. The meeting is scheduled 10 days following the general election. Several speakers for the two-day meeting have been arranged for, while others are yet to be named.

Delegates planning to attend are urged by President Lowry to make their reservations early. Headquarters will be the Moscow Hotel, or they may contact Del McPherson, N. I. C. C. secretary at Moscow.

The meeting is to be adjourned early on Saturday, Nov. 15, in order that those in attendance may witness the University of Idaho "Dad's Day" football game when the Vandals meet Utah State at Neele Stadium.

TO WATCH TAXES

A state-wide meeting to stimulate community interest in governmental affairs will be held in Boise about mid-October, Earl W. Murphy, secretary of the Idaho State Chamber of Commerce, announced this week.

Murphy said the State Chamber will prepare a program for the meeting at the request of a group of local chambers of commerce who met in Twin Falls, Sept. 25.

The meeting will concentrate on Idaho taxation at all levels of government, including municipal fiscal problems, the state chamber official said. If enough interest is indicated, he added, similar meetings may follow prior to the 1969 Idaho Legislature.

MORE TRUTH THAN POETRY

Stell swept into the office with a mink coat draped causally over one arm.

"Dearie," asked Mable, "how do you ever get such a gorgeous mink?"

"I've been struggling for years to get one."

"Honey," replied Stell, "you must struggle — ever!"

The human heart is always in motion, never resting, in the generally accepted sense of the word.

Navy landing ship converted by Standard for off-shore oil search. A 55-foot drilling mast is poised over circular 10-foot-wide opening from deck through bottom.

**"Live" TV show 40 fathoms down guides
our search for future oil reserves**

With new oil becoming harder to find, our search widens. Now we're exploring the ocean floor — and new techniques are the rule. In one such venture we lowered a TV camera 250 feet below the waves to help guide the drilling of test holes from shipboard.

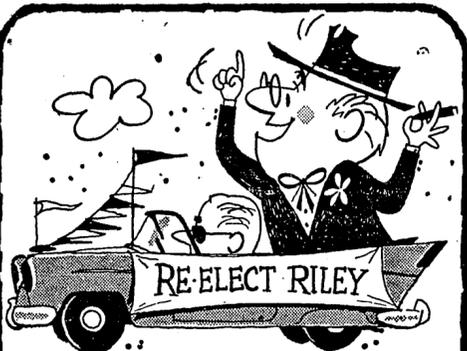

This is typical of the novel techniques used in our quest that last year took us to 21 states, Canada, Alaska and ten Latin American and Caribbean countries. In all, we drilled 120 exploratory wells. Although the cost ran to many millions, the successful ones helped us locate more new oil than we withdrew from the ground.

Actually, this benefits you as well as Standard. It means an adequate reserve of our most valuable national resource, to be drawn on in days ahead to provide the thousands of products from petroleum so essential for your daily needs.

DRIVING SAFETY

Boise — According to the National Safety Council, the mileage death rate is three times as great at night as it is during the daytime. The hours between 5:00 and 8:00 p. m. are considered the most dangerous. This is due to the rush at 5:00 o'clock when workers are returning home, and the fact that the sun is setting at just about that time.

Driving at dusk is extremely hazardous. The importance of turning on your headlights rather than your parking lights cannot be over emphasized. Parking lights do not provide sufficient light. It is awfully easy to misjudge the distance of an oncoming car with only parking lights on when attempting to pass on the highway.

Another important point to remember is to dim your lights when meeting or following another car. If, for some reason the oncoming car should fail to dim its lights, keep your eyes on the right hand edge of the road rather than trying to look straight ahead.

Should it be necessary for you to stop along the highway at night, pull off the road as far as possible, and leave on your parking and dome lights. It is also wise to carry a supply of flares for such an emergency.

Reduced speed is the drivers best bet at night. When a driver sees an object in his path he must be able to stop before he reaches it. Since stopping distances increase as speed is stepped up, the night driver must always keep to a speed that will enable him to stop within his headlights range. The speed limit in Idaho is 55 miles per hour at night.

Our Note: The Idaho State Police tell us that this section (north-central Idaho) has the worst traffic record of any part of the state. Let's see if all of us can't do something to help reduce it.

Local Business
Good advertising cuts costs for everyone. It means greater volume and more profits for the merchant. It means less expensive goods for the public.

Then who pays for the advertising? No one. It pays for itself and more. Advertising is mass selling. Advertising is selling at a small fraction of what it costs to sell through personal contact.

The advertising you read in this paper makes it possible for our merchants to make more sales at less cost. Thus, you can always find the best prices in the stores which are advertisers.

Advertising saves the time of clerks. It reduces storage costs. It reduces loss from spoilage and dated goods. It cuts risk investment.

Advertising speeds the turnover of goods, paying for itself by increasing net profit while reducing selling prices.

Yet, no retail business is too small to use the same route to growth. The same outlet — the local newspaper — is available to all.

INTERNATIONAL LETTER WRITING WEEK OCT. 15-21

International Letter Writing Week will be celebrated in Kendrick during the period of Oct. 5-11, Postmaster Fred Stedman announced this week. Twenty-one years ago, realizing the importance of written communication, the post office department joined in the observance of an annual letter writing week — an event

calculated to emphasize the meaning and value of letter writing as a link between people throughout the world. Mr. Stedman explained that by participating in both International and National Letter Writing Week this worthwhile objective is promoted between all peoples everywhere. "As we all know so well," Mr. Stedman said, "a personal letter is next to an actual visit, the most intimate means we have to communi-

cate with our fellow human beings. Letters between our citizens and those of different nations are a sure method of establishing friendly relationships and understandings. "I urge all citizens of Kendrick to join in this celebration of International Letter Writing Week. At the same time don't overlook your friends and relatives in America — write them a letter, too."

Automatic Electric Washer & Automatic Electric Dryer or the 2-in-1 combination

The kiddies are back in school, winter is on the way — that means washday worries, with more laundry, heavier laundry, lots more ironing, and uncertain weather. No wonder so many homemakers buy an automatic electric washer AND dryer (or space-saving 2-in-1 combination) at this time. The "Perfect Pair" ends washday worries, takes over your laundry chore, and cuts ironing time in half. Why not have your own "Perfect Pair"? There's no better time to choose it than now.

HOME COMING 18TH
U. of I. Moscow — This week-end will mark Homecoming at the University of Idaho, and the main feature for most of the returning alumni — the Oregon State-Idaho football game Saturday, October 18, at 1:30 p. m.

The Vandals have shown steady progress through the football season and an exciting contest is expected. Last year at Corvallis, the Vandals ran out of steam after three scoreless quarters and the Beavers won 20 to 0.

The year before that at Moscow, Oregon State was headed for the Rose Bowl, but the Vandals showed them all over the field, only to lose 14 to 10 in the last two minutes. Past history points to a thriller on Saturday.

There is intense rivalry between Oregon State and Idaho, and both teams hope to be at top strength for the game. Advance ticket sales have indicated a large crowd for the game, but there are many good seats left, according to John Thomas, ticket manager.

There are many other attractions in addition to the football game including alumni gatherings starting Friday; the Homecoming Day parade on Saturday morning; the annual Vandal Booster meeting, and a dance Saturday evening in the Student Union building.

SCHEDULE ANNUAL DINNER
The Kendrick W. S. C. S. has completed arrangements for their annual dinner and bazaar, which will be held on Thursday, Nov. 13. Mrs. R. L. Blewett and Mrs. H. C. Schupfer have been named as general co-chairmen.

STONY POINT ITEMS
Oct. 13 — Hunters from this community returned Wednesday evening from their annual elk hunt, most of them with an elk apiece. The weather was ideal and the meat was in good shape.

While her husband was away hunting Mrs. Billy Steigers of Lewiston Orchards presented him with a baby son, born Monday evening, Oct. 6th, at 8:14 o'clock. He weighed 8 pounds 14 ounces. Their three other small sons are visiting their grandparents, Mr. and Mrs. Ernest Steigers, and a neighbor is caring for their daughter Charlotte and daughter Mary Ann.

Cars driven by Leslie Heimgartner and George Finch collided on the turn near the old John Maund place early Friday morning. No one was seriously hurt but the Heimgartner vehicle was badly damaged, and their load of eggs were broken. Damage to the pickup belonging to Mr. Finch was not believed to be extensive.

Norman Vogt of Portland spent the week-end visiting his aunt and uncle, Mr. and Mrs. Cletis Hoisington and sons. Mrs. Glen Stevens and daughters Glenda and Linda accompanied Mr. and Mrs. Clifford Powell to Whitebird, Monday, October 6th, where they crossed the river and climbed a long, steep grade, passed Doumaeq ridge, where Mrs. Powell taught a summer term of school years ago, and drove on to a point where they could view Mr. Powell's old homestead, taken up a few years before he was drafted into the army during World War I.

The homestead is in the Salmon river country between the Salmon and Snake rivers. This seems to be a familiar country to several old-timers of this area. Mr. and Mrs. Forrest Gibbs and family and Mr. and Mrs. Kenneth Rugg and son were week-end guests in the Newt. Heath home.

Mr. and Mrs. Ralph Steigers and family were Sunday dinner guests of Mr. and Mrs. Wayne Heimgartner and family. Mr. and Mrs. Tom Glass and son were Saturday over-night guests of Mr. and Mrs. Glen Stevens and children. Both families were Sunday dinner guests of Mr. and Mrs. Clifford Powell.

The Friendship Club was somewhat reduced in numbers when it met on Thursday with Mrs. Don Johnson at Lenore. Several members were at home cutting up elk meat. Those present enjoyed a "fish feed demonstration" by Mrs. George Stedman and quitted on a quilt for the hostess. The next meeting, October 30th, will be in the home of Mrs. Darrel Kerby.

Mrs. George Stedman and family visited Mrs. Darrel Kerby and family, Sunday. Mrs. Wayne Heimgartner was the hostess for the Missionary Society on Tuesday, Oct. 14th. A Toy Party (similar to Toyer-party) was scheduled for Tuesday evening, Oct. 14th at the home of Mrs. Cletis Hoisington.

DEMO MEETING
Deary — A Democratic party rally was held October 9 in the Deary Grange Hall, with a good sized audience present. George Brocke, Kendrick, candidate for state representative on the Democratic ticket, called for work on a road from Harvard to Deary, which he said was begun in 1942. He also called for a careful study of taxes, which he said are too high. He concluded by urging the people to "get out and vote!"

Gerald Ingle, Kendrick, seeking reelection as a County Commissioner on the Democratic ticket, pointed to the county's new courthouse, new nursing home, and the savings made in insurance, and in the county's medical program for the needy.

GOOD DOERS 4-H CLUB
The Good Doers 4-H Club began its fourth year of club activities on Wednesday, October 8th, at the Fire Hall. The Food Sale held Sales Day was reported on. The proceeds went toward the purchase of a new sewing machine which was put in use this past summer.

Projects were chosen for the coming year and new officers chosen as follows: Ida Glenn, president; Guylla Warriner, vice president; Lynda Fey, secretary; Linda Eckman, treasurer; Beverly Gates, song leader; Sharon Fey, assistant song leader; Jane Westendahl, reporter. Beverly Gates and Linda Eckman were welcomed as new members.

EVERGREEN FRIENDSHIP
The Evergreen Friendship Club will meet on Wednesday, Oct. 22, at 1:30 in the home of Mrs. Linda Lewis at Juliaetta, with Mrs. Dick Blewett as co-hostess. Mrs. Shane, Home Demonstration leader, will be present.

GOLDEN RULE
Oct. 14 — Happy birthday to Mrs. Roy Martin — today. Mrs. Don Cantril and Sandy and Mrs. Russell Perkins and Hazel brought a cake and gifts as a surprise party for Mrs. Martin Monday evening.

The Southwick Homemakers Club enjoyed a delicious chicken dinner with Mrs. Given Mustoe, Thursday, with Mrs. Clay King as co-hostess. The next meeting has been changed and will be at the Alma Betts home on October 22nd, with Mrs. Wm. Kachelmeier as co-hostess. Election of officers will be held — so everyone please come out. "Fish Cookery" will be featured.

Fred Stage accompanied his daughter, Mrs. Bud Adamson, and daughter Gayle to Lewiston, last Tuesday. Alma Betts visited Emma Tarry and Mrs. Claud King last Tuesday.

Supper guests in the home of Mr. and Mrs. D. V. Kuykendall Thursday evening were Mr. and Mrs. Herman Kuykendall and Mr. and Mrs. Pat Holliday and son, the latter of Spalding. On Friday evening all attended a family supper in the home of Mr. and Mrs. Kenneth Bonser and family at Lewiston.

Mr. and Mrs. Ishmael Martin and daughter of Lewiston called at the Roy Martin home Saturday evening. Mrs. Albert Lawrence and baby visited Mrs. Martin Saturday afternoon. Alma Betts visited in the Don Christensen home at Orofino Friday. She accompanied George Finke to Lewiston on Saturday.

MOVING INTO NEW HOME
Mr. and Mrs. A. O. Kanikkeberg began moving into their new home on Wednesday. CHRISTMAS TREE GROWING AND MARKETING TOUR
Moscow — A Christmas tree growing and marketing tour has been set for Friday, October 17, at 1:00 p. m. The starting point will be the Harvard Mercantile at Harvard. From there the group will be guided to a woodlot where Paul Miller has pruned, sheared and prepared some potential Christmas trees. Mr. Miller has kept accurate records on each tree to show the results of different cultural practices or combination of practices. At the next stop on the Harvard-Deary road Bill Loney of Harvard will show a large area which has been pruned, scared, wooded and thinned on Sam Linfor's tree farm.

The group will then return to Harvard and be given an opportunity to grade a group of cut Christmas trees. Russell Slade, extension farm forester will explain the new U. S. standards developed by the Christmas tree growers association and the U. S. Department of Agriculture.

THE Bull itin

Published Weekly by the Union Oil Service at Kendrick
W. L. "Bill" Rogers, Editor

HELLO, FOLKS:

How's that fuel oil tank? Is it full and ready to carry you through any cold snap that may develop? If not, pick up your phone and call us at 1251. Say: "Fill 'er up," and we'll do the rest.

"My father is an Eagle, a Moose, an Elk and a Lion," boasted a junior high school boy.
"Yeah," gasped his buddy. "How much does it cost to see him?"

How are your tires? Are they banana peels? If so, come in and find out how cheaply you may drive on new ones! Let us show you the new mud and snow models.

Housewife (to prospective cook): "And what wages do you expect?"
"That depends, ma'am," said the woman. "Do you peel or just un-

freeze?"

Having lubrication problems in your fall work? If so, come in and see us. Union makes a lubricant for every purpose and every piece of equipment.

Sunday School Teacher: "And do you say your prayers before your meals?"
Little Johnny: "Oh, no. Mommy is a good cook!"

Wife: "If I should die before you do and you marry again, please don't let your second wife wear any of my clothes."
Hubby: "Don't worry, honey, I won't. Anyway, they wouldn't fit her."

There are no better products than Union. Try them.
