SOUTHWICK FOLK ARE BUSY ONES

G. O. C. Inactivated

As of January 31, 1959, the Ground Observer Corps at Southwick will be inactivated, after three years of active duty, manned by approximately 18 volunteer women.

In January of this year the post was put on an inactive basis, as far as reporting to the Filter Center at Spokane, but took part in practice alerts, and each had a practice session of four hours per week.

When on an active basis, the post was manned from 6:00 a. m. to 10:00 p. m., seven days a week, and when alerts were called it was manned until the "all clear" was called.

In January of next year a special meeting will be called and final awards will be given members for hours of service. More details will be given later.

At this time, as Post Supervisor, I want to say "Thank You" to all those who have given so generously of their times to this worthy cause.

— Virginia Cantril.

LIONS AND LADIES ENJOY EVENING

The regular Lions' Ladies Night Wednesday evening of last week paid tribute to their wives at a special dinner meeting, the 6:45 dinner being served by the Idaho Foods Service Assn. (school district cooks) in the Kendrick Fire Hall.

The usual invocation was dispensed with and in its place Mrs. Ray Haldane of Metlakatla, Alaska, a house guest of Rev. and Mrs. F. C. Schmidt, sang the Lord's Prayer. She was accompanied at the piano by Mrs. Oscar Slind.

Following dinner a program was enjoyed. The first number was a trumpet solo by Bill Blewett, with Dee Magnuson accompanying him on the piano. Following this Elmer Stitzlein, club president, led the whole group in a lively rondelet, which added much merriment to the meeting.

Guest speaker for the evening was Bennie B. Cook, Public Relations and News Director for KRLC, Lewiston, speaking on the subject "Public Relations." Mr. Cook began by saying: "I am speaking here tonight not especially as a missionary with a good word about Public Relations, but rather this is an opportunity wherein I can move my foot just a little bit further into the door."

"I will successfully have achieved my purpose if I leave you well impressed with me as an individual rather than anything I might say about Public Relations."

"We are living in a 'do it yourself' age and it is up to each one in the community to boost his home town, club, project, business, or whatever it may be, for 'publicity' is the key to progress." He went on to speak of the different media by which publicity can be effected, noting radio, TV, local newspapers, as well as the dailies that come into the community. He said that a community's needs, such as schools, roads, public buildings, can only be achieved through publicity, and constantly working at it. His remarks were food for thought.

In closing Elmer Stitzlein, president, noted that the meeting marked five years of Lionism in Kendrick, and called to attention the different community projects accomplished in that time. Among them were the lighting of Armitage Field, with the assistance of the Schupfer Brothers, and Harvie (Shepherd); Sight and Hearing program; painting of the local churches; construction of the fireplace in the village park; working with the Volunteer Firemen in the finishing and furnishing of the Fire Hall — which also serves as a meeting place for many local organizations.

He added that more projects would be undertaken as soon as the weather permitted.

Following the program pinochle was enjoyed by the group. Mr. and Mrs. R. L. Blewett held high both for men and women, with lows going to Mrs. Bob Magnuson and Gordon Peters. Bill Rogers took the "goose" home with him.

LEAVES FOR INDIA

Miss Hermina Meyer, daughter of Mr. and Mrs. Herman Meyer, Cameron, leaves for India this week-end. She is their second daughter to head the call as a Missionary, and leave for far off India.

Hermina told us her visa finally came through, and she leaves here Friday for Seattle, taking a plane from there Sunday evening. She will fly over the great circle route of the Pacific ocean, via Tokyo — Calcutta, and then to Madras, India, which is about 60 miles from Renigunta, where she will be stationed at the Lutheran Mission hospital as a laboratory technician.

It was just a year ago she visited in India with her sister Dorothy, who has served seven years as a missionary. It was there and then that Hermina caught the vision of becoming a missionary herself. Seeing the great need and hearing the constant urging from doctors and hospital workers to come, she made up her mind to serve three years.

Her particular duties will be to set up a modern laboratory and to train natives as technicians, so that they can carry on for themselves, eventually becoming independent.

The hospital where Hermina will be stationed is about 40 to 50 miles from where Dorothy carries on her work. The two sisters will no doubt enjoy this "closeness" so far from home. Their plan is to come home together in three years, when Dorothy comes up for another furlough, and Hermina's three-year contract is up.

A report on his condition was made by his brother, Merton, at Lewiston last week. He said Dawald would be in the hospital for about a month, would not be able to return to teaching for several months and probably would never coach again.

Dawald, 52, was stricken at his home Friday night, following a Bomber turnout and was taken to Spokane for treatment. — Lewiston Tribune, Nov. 19.

BAMBERRY-ABBOTT NUPTIALS SAT. EVE

Miss Freida Margaret Bamberry and Garry Abbott, both of Lewiston, exchanged vows during a double ring wedding ceremony Saturday evening, November 22, in the Kendrick Community Church. Rev. Ernest Gates officiated at the candle light wedding rites before the altar which was flanked with candelabra and tall baskets of white mums and red carnations.

The bride is a daughter of Mr. and Mrs. William Bamberry, Kendrick, and the groom is the son of Mrs. Roberta Ethridge, Lewiston, and Mr. Reed Abbott, Clarkston.

Given in marriage by her father, the lovely bride wore a white lace dress of ballerina length. It was fashioned with a full skirt and topped with a little jacket with long, tapered sleeves. Her shoulder length veil of net was fastened to a pearl tiara, and she carried a bouquet centered with a white orchid, and trailing staphanotis.

Daisy Groselose, a high school friend, was the bride's only attendant. She was dressed in a red taffeta dress designed with fitted bodice and full skirt of ballerina length. A head bandeau of red carnations and a bouquet of red carnations and white gardenias completed her ensemble.

Charles Havens, a school chum of the groom, and Monte Abbott, a half-brother, acted as ushers, and also as candle lighters.

The groom, attired in a dark charcoal gray suit, chose for his best man a school chum, John Merrick. All the men had white boutonnières.

Soloist Elmer Citzlein sang, "The Pledge" and "Because." He was accompanied by Mrs. Herman Schupfer at the organ. Mrs. Schupfer also played the wedding marches and background music.

The bride's mother chose for their daughter's wedding a two-piece dress in black accented with turquoise. Her corsage was of pink and white daisies.

The groom's mother wore a dress of gold wool. Her accessories were black and her corsage of yellow and bronze mums.

A reception for the young couple was held in the church parlors immediately following the ceremony. The bride's table was laid with a hand crocheted tablecloth, made by the bride's mother. A beautiful three-tier cake centered the table and was accented by candlelight. Ruthie Tarbet and Gail Treadwell, both of Lewiston and friends of the bride, cut and served the cake after the bride and groom had cut the traditional first piece. Mrs. Joe Clayton served punch and Mrs. Al Westendahl, poured coffee. The groom's two sisters, Martha and Marilyn Abbott, had charge of the gift table. The bride's sister, Kathleen Bamberry, presided at the guest book.

The young newly-weds left immediately on a short honeymoon trip to Coeur d'Alene. They will be at home to their friends at 326 N. Prospect in Lewiston. Both are employed at P. F. I.

The bride is a graduate of K. H. S. and of Kinman Business University in Spokane.

The groom, also a graduate of K. H. S. attended Lewiston Normal last year. He plans to re-enter in the near future.

26 SHEEP STOLEN

During the downpour of Wednesday night, Nov. 12 (two weeks ago) a truck pulled into the road below the barn on the ranch of Mr. and Mrs. Paul Supple, Little Bear ridge, loaded up 26 head of registered sheep and departed without being discovered.

It was morning, when feeding time came, that Mr. Supple missed the sheep. Evidently the thief or thieves knew the lay of the ground, and coupled with the fact the rain storm hid any undue noise — he slipped in holdy as the rain pounded on the metal roof of the barn and the Supple home — and was not heard.

Authorities soon picked up the trail and followed it to Wallawa, Oregon, where the truck and sheep were identified by a gas station owner. But from there they have no leads — the thief or thieves and loot vanished as if into thin air.

Any information that might help in bringing these thieves to justice or recovering the animals for the Supples would be greatly appreciated. Please give any information to E. M. White, Kendrick village marshal.

The estimated loss on the sheep was \$700.00.

NEW ROAD WORK

No new or direct word has been received from Boise on the Southwick road call for bids which was opened last week at Boise.

However, Phillip Marsh of the Idaho State Highway department in Lewiston was a caller in the Gazette office last Thursday afternoon, and from him we obtained more information on the section.

The call for bids specified a 22-foot wide oiled surface on the route (State 7). The work is to begin at "The Devils Elbow" and head through Southwick. The contract calls for 9.4 miles. Mr. Marsh had no information at that time whether or not the contract had been awarded — nor do we have at this time.

He also told us that a survey, looking toward the rebuilding of the Waucher Gulch grade was to begin soon, with this section of road in the program for the near future — all of which sounds mighty good to residents of this area.

SALE APPROVED
The transfer or "sale" of a small tract of so-called "Park ground" lying near the C. H. Fry home on Bear Creek by the Village of Kendrick to Joint School District No. 283, was approved by local voters at a special election Tuesday.

Fifty votes were cast, with 43 saying yes, and 3 no.

Weather Threat
As we go to press (Wednesday, 10:30 a. m.) skies are the dirty gray that indicate a storm is brewing, and the thermometer reads 24 above, all of which indicates snow.

A snowstorm would indeed wreck many Thanksgiving plans. Let's all hope for the best.

CAR IN RIVER
Lewiston, Nov. 19 — An automobile plunged from the Lewis & Clark Highway into the ice-filled Clearwater river near Lenore a half hour after midnight Tuesday, carrying a Lewiston radio announcer to his death.

The body of Byron Taylor, 26, production director and announcer for station KOZE, Lewiston, was recovered from the frigid water about ten hours later.

Taylor was returning from Orofino with Kermit L. (Tim) Waide, Jr., 21, the station's chief engineer. Waide was able to make it to shore.

Both men apparently escaped from Waide's submerged 1952 Ford sedan through the left front window. Taylor's body was found in a deep circular eddy about 15 feet from where the car had been and about 30 feet from shore. Friends said Taylor did not know how to swim.

Tim Waide, a nephew of Mrs. W. A. Watts, suffered from shock and was in the hospital over night. He received no injury and was able to return to his job this week.

IDAHO HIGH IN TOURIST INTEREST

Boise — Idaho's tourist economy is growing by leaps and bounds with an estimate of being worth \$100,000,000 to the state in 1959, according to a report being released by the Idaho Department of Commerce and Development. "Tourism is no longer a step-child in the Idaho economic family, but now considered on of the brighter children with a exceptional future," Louise Shadduck, department secretary, stated in releasing the report.

The National Park Services has listed Idaho as a section of the great Pacific-Northwest as being one of only two sections of the country to show an upturn in tourist travel in 1958. New England historical sites are listed as the other.

"Much of the reason Idaho is so rapidly developing in this important economic field," Miss Shadduck said, "is the increasing tourist consciousness of her citizens, concentrated efforts being made to accommodate and serve the travelling public, and the intensive program being pushed by the department to bring thousands more visitors into the state each year. The tourist is being urged to stay longer in Idaho and is being guided to sites of incomparable scenic beauty and good hunting and fishing by the residents in all parts of the states, who realize the value of a happy visitor."

One of the reasons Idaho is gaining tourists is that it is perfect for the family-type vacation with thousands of families coming here to enjoy the outdoor recreational facilities, the report pointed out. More than 10,000 persons, by actual count, spent the Fourth of July week-end this year, camping in the Stanley Basin. The Boise Art Gallery points out that Idaho's cultural advantages are not overlooked, with more than 2,000 visitors registered at the Galley in August.

A number of Idaho towns and cities took one-day, and in Grangeville, a one-week, tourist surveys to determine the value of the tourist dollar to the state's economy in 1958. It was found that practically every business in the community benefitted.

In addition to various communities, the department was assisted by the U. S. Dept. of Commerce, U. S. Dept. of the Interior (National Park Service), United Airlines, West Coast Airlines, Pacific Trailways Bus Co., Sun Valley Operations, Idaho Dept. of Highways, Idaho Fish and Game Dept., and various individuals in compiling the figures.

It was determined that in 1957 a total of 2,011,100 tourist cars entered various Idaho ports of entry, carrying an average of 3.41 passengers per car. This totaled 6,857,851 travelers with an average daily expenditure of \$11.40, for a total of \$78,179,501.00 (based on a one-day stay). United Airlines brought in 37,194 for a total of \$424,011.00 and West Coast Airlines brought in 24,222, for a total of \$162,130.80. Although specific railway figures were not obtainable, a listing of 31,000 guests at Sun Valley led to a conservative estimate of 50,000 arriving statewide by Union Pacific trains for a total of \$570,000. (It is well known that Sun Valley guests spend a great deal more than the average daily figure of \$11.40). These figures combine for a total of \$79,620,643.80.

The Fish and Game department reports resident sales of licenses in 1957 at 374,735 (including tags) for a total of \$856,309.10. Non-resident, including tags, totaled 67,646 for a sale of \$629,945 and a combined total of \$1,486,254.

QUICK RECOVERY

A Scotsman leaned against the bar holding his stomach and moaning piteously.

"Sick," queried a sympathetic visitor to his country.

"Verra, verra sick," said the Scotsman. "I am afraid I got yooors."

"What's yooors?" asked the tourist.

The Scotsman brightened immediately. "Make it a scotch and soda," he said to the grinning bartender.

RECORD SPUD CROP

Boise — The potato crop is setting a new national record. It is estimated at 12 percent more than last year, as of September 1, and 16 percent above average, according to the current issue of Economic Facts for Idaho Farmers. Wayne Robinson, marketing information specialist of the University of Idaho Extension Service, said Idaho production, as of September 1, is forecast at nearly 40 million sacks, 12 percent above last year. Maine expects 41 million, an increase of nine percent. Idaho and Colorado account for the major portion of an eight percent increase in the western states.

Potato prices improved from the summer low during August, Robinson said, but with a large fall crop in prospect, the outlook is unfavorable.

He said the country has had diversion programs every year since 1953. "A study of diversion programs indicates they have kept prices from getting as low as they would have without such a program. It has been suggested that such a program which prevents prices from going as low as they would without the diversion tends to cause less reduction in acreage following a large crop year. Thus, potato prices remain lower in the following years than if prices would have been permitted to fall and acreage cuts were more severe."

Speaking of other farm commodities, Economic Facts said that with excellent pasture and feed prospects, milk production is likely to approximate the 1957 record. Production of wool is likely to be up two percent from last year and with further increases in numbers of sheep this year, even greater wool production is in prospect for 1959.

Hog slaughter this fall will be about the same as a year ago and prices may average close to last year.

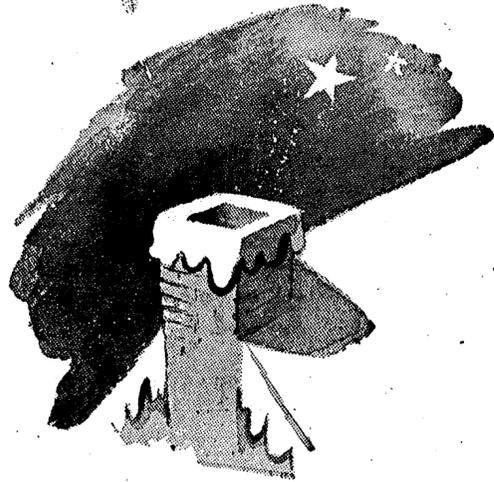

The supply of feed grains and other concentrates for 1958-1959 is likely to exceed last year's record by six percent. Wheat supplies are expected to be bigger than the previous record by some 290 million bushels.

ROAD WORK ENDS

Work for this year, on the Big Bear ridge road contract, was ended last week with the completion of gravel stockpiling. This gravel in the form of chips for oiling operations next spring, is piled near the C. H. Fry home, and on top the ridge near the site of the rock pit.
Oiling operations, of course, will have to await warm, dry weather next summer.
The grade itself is generally in good shape, with a few soft spots and some corduroy. On top the hill there are a number of very soft spots, almost in the nature of "bog holes." However, these will be cared for, and the section in general is ready for winter travel.
On completion of contract work Murphy Brothers began selling crushed rock to farmers and any others who desired the product. They have taken a tremendous quantity from the river bottom adjoining the Roy Glenn place just east of Kendrick — a look at the spot will give the passerby an excellent idea of just how much.
The rise in the river last week following the heavy rains took out the firms temporary dike, and now the removal area is largely covered by water.

The evening closed with a worship service in the sanctuary.

Mrs. Max Clemenhagen has been appointed a deputy assessor to handle the sale of motor vehicle plates (cars and light trucks) in the Juliaetta-Kendrick and adjoining areas.
Hours have been tentatively scheduled for 9:00 to 12:00 noon, and 1:00 to 5:00 — five days a week, Monday through Friday. The office will be in Burt's Confectionery, Kendrick.

CORNUCOPIA OF RICHES

On a November day in 1621, (the fourth Thursday in November), the Pilgrims of Governor Bradford's Plymouth Colony were unanimous in their thankfulness to God.
Their gratitude was based on a few assets which, by today's standards, would be held very slight cause for thanksgiving. They had weathered a hard year in the hostile New World. Several of their original number, including their first governor, John Carver, had perished.
Yet the survivors saw reason to give thanks to God. Their cabins were sound; there was fuel in abundance for the fireplaces, wild turkeys and other game in the woods. Perhaps most important, they had harvested a crop of corn. Corn stood between them and starvation. Their imported wheat had failed but the native grain grew for them just as it did for the Indians.
Long before Plymouth, the Aztecs, Mayas and Incas had given thanks for corn, worshipped their corn gods, even offered human sacrifices in gratitude for a bumper harvest or to placate the divine wrath which they believed brought crop failure.
Times have changed, but the spirit of Thanksgiving to God lives on.
If the Pilgrims had a few simple reasons to start the Thanksgiving custom, we have a hundred to carry it on.

SALE SUCCESS
The N. B. Long & Sons Golden Business Anniversary sale, which began last Friday, is a real success, reports Marvin Long, secretary-treasurer, and manager of the local corporation.
Marvin said that last Friday's business was the largest in the history of the firm. Saturday was another big day, and that business this week is holding up very well.
The firm's big display window on the east was literally filled with beautiful bouquets sent by well-wishers. There are very few firms who can boast a 50-year record under the management and ownership of a single family.

No Circle Meeting
The Afternoon Circle of the Kendrick W. S. C. S. will not meet this month due to the fact Thanksgiving falls on their regular meeting day.

HELLO, FOLKS:

Well, here it is, that time of Thanksgiving — when we get together with friends and family for a day of fellowship — and often of feasting to the point of being uncomfortable.

And, speaking of comfort — you and your family can truly enjoy your home when you burn that hot, clean Union Fuel Oil. Just call us at 1251, say "Fill 'er up," and we'll do the rest.

Trucker: "I broke my engagement to Sally."
Friend: "No! Why?"
Trucker: "Because she wanted to get married."

Are you slipping and sliding around on last summer's "banana peel tires"? If so, why? Come in and find out how cheaply you

can drive on safe new mud and snow tires, or regular tires that have been tractionized here. We would love to figure with you!

Patrolman: "How did you happen to hit this pedestrian?"
Motorist: "I didn't hit him! I came to the stop sign. I stopped. I motioned for him to go across the street — and he fainted!"

Let us service your car, pickup or truck. We use those long lasting Union Lubricants — and of course, Union Motor Oils — preferably Royal Triton.

Grocer, showing a new kind of cereal to a mother: "Youngsters just love it. It has premiums, and you send in the box top if you want the cereal."

MAY YOUR
Thanksgiving
BE A HAPPY ONE — THE BEST EVER!

TO OUR CUSTOMERS —

Our lease having expired, and deciding not to renew it — your old friend and businessman, R. L. Blewett — will be behind the counter beginning Monday, Dec. 1st.

We wish to take this opportunity to say "THANK YOU" to all our loyal friends and customers over the years that we have operated the store. Your patronage and friendship will not be forgotten.

It is our sincere hope that you will accord Mr. Blewett the same fine treatment we have received.

ABOUT ACCOUNTS:

Due accounts may be paid at the store — just as in the past.

Again, a most sincere "THANK YOU."
