JULIAETTA DOINGS IN PAST WEEK

MRS. ERVIN MABBOTT
Phone 8-2649

Wins Contest

Don Lombardi, Juliaetta, missed only one game — Wisconsin's victory over Ohio State, and won a weekly Football Contest of a Lewiston firm. His prize of \$25.00 was mailed to him.

Only three others of the more than 1,300 contestants were able to come close to Lombardi's mark, missing two games.

Lombardi hit the Washington State University score of 27 points on the head in the unneeded tie breaker, but guessed that Idaho would score 19 points. The Vandals finished with five.

Pink and Blue Shower

A pink and blue shower was held last Thursday evening in the Nazarene Church in honor of Mrs. Gene Burch (nee Donna Mabbott) of Lewiston.

The gift table and the shower umbrella at the base of the table carried out the theme of Autumn, with bright colored flowers and leaves. The luncheon table also had a beautiful bouquet of autumn flowers.

Mrs. Burch was assisted in opening her many beautifully wrapped gifts by her grandmother, Mrs. Gertrude Delaney of Clarkston and her mother, Mrs. Ervin Mabbott. Mrs. Sandy Erlwine was kept busy writing down the many remarks made by Mrs. Burch as she discovered what was in each package.

Several fun games were played, with Mrs. Frank Davis winning a prize. Twenty-eight guests were present. Out-of-town guests included Mrs. William Rogers, Kendrick; Mrs. Frank Davis, Orofino, and Mrs. Gertrude Delaney, Clarkston.

The hostesses, Mrs. Gary Eggers and Mrs. Don Lombardi served delicious refreshments at the evening's close.

Delightful refreshments were served at the close of the evening.

GRANGERS MEET

The Kendrick Grange met on Tuesday, October 20, with 42 members and four visitors present, the latter being Mr. and Mrs. Ralph White and Mr. and Mrs. Corwin of Moscow.

Chief item of business was the admittance to membership of seven new members, Mr. and Mrs. Richard Benjamin, Mr. and Mrs. Roy Fey, Mr. and Mrs. Bill Bohn and Mrs. Kathryn Morey.

Wilbur Corkill is the new Grange Master for the coming year.

SOUTHWICK PIONEER DIES OCT. 17TH

Herman George Smith was born September 8, 1906, near Southwick, Idaho, and passed away Saturday, October 17th, at Lewiston, Idaho, age 53 years, 1 month and 9 days.

He attended school in Southwick. After completing his schooling he worked in the woods for several years and then farmed for a time in the Cavendish area.

He was united in marriage to Ethel Shoemaker in September of 1935 and to this union two sons were born. The family moved to a point near Spokane in 1940. During the war he worked in the camps as a carpenter, a vocation he continued to follow up to the time of his death.

Mr. Smith and his wife later were divorced, and he moved to Lewiston where he was engaged by Potlatch Forests, Inc., as a carpenter and maintenance man.

August 20, 1956, he was married to Shirley Olson, at Coeur d'Alene. She survives at the family home.

Mr. Smith had been troubled for some time with a heart condition, which ultimately was the cause of his death.

He leaves to mourn their loss his wife and two sons, Harold H., in the Armed Forces, and Ned R., in Spokane; his aged father, Peter J. Smith in Lewiston; mother, Cora Blanch Rozelle of Clarkston, Wash., and one sister, Mrs. B. W. (Hazel) Pressnall of Deary, Idaho, as well as numerous other relatives and a host of friends.

Services were held in the Vassar-Rawls Funeral Home, Lewiston, Saturday, Oct. 24, at 1:30 p. m., with the Rev. Peter Shelby officiating.

Music was furnished by Mrs. Peter Shelby who sang "In the Garden" and "Rock of Ages," accompanied at the organ by Mrs. Volney Miller. Pall bearers were fellow employees at the mill: Marvin Olson, Darrell Olson, Clifford Greer, Dale Cox, Wm. Shaw and Alfred Rainville. Interment was in Lewis-Clark Memorial Gardens, Lewiston.

Mr. Smith was well and favorably known here, and his untimely passing will come as a distinct shock.

The well-filled funeral parlor and profusion of floral offerings gave mute testimony to the high regard in which he was held.

ATTEND CEREMONY

Mr. and Mrs. Ben P. Cook and Mrs. Charles Deobald attended the ceremonies at the Veterans of Foreign Wars hall in Lewiston Orchards Friday evening. The public ceremony was to honor Jeannie and Joan Corrin, daughter of Mr. and Mrs. George Corrin of Lewiston Orchards. Each of the girls was presented the Distinguished Service Medal for their part in helping to save the life of their father in Boulder Creek on the Lochsa last July.

Ben P. Cook, Kendrick, and John Hoduffer, Genesee, gave Mrs. Corrin artificial respiration after the seven-year-old Joan sent the men to the scene while she ran the three miles to camp to get the mother. After dispatching Joan for help nine-year-old Jeannie waded the stream and struggled to hold her father's head above water until help arrived.

Another of the rescuing party was Estil Carubuh, Genesee, who took the pack string on up the trail, and Lee Davis, Genesee, who rode back to the Ranger station for a Ranger and first aid equipment.

PINOCHLE CLUB

Mr. and Mrs. John Deobald entertained the Pinochle Club at their home Saturday evening.

Those present were Mr. and Mrs. Donald Eichner, Mr. and Mrs. Tom Neal, Mr. and Mrs. Luther Parks and Mr. and Mrs. Norman Lewis.

High scores went to Mr. and Mrs. Luther Parks; lows to Tom Neal and Mrs. Norman Lewis, and the galloping goose to Donald Eichner.

Delightful refreshments were served by the hostess at the evening's close.

NEW ARRIVALS

CRAIG
Mr. and Mrs. Ronald Craig of Juliaetta announce the arrival of a daughter, Lori Lee, born to them Thursday, October 22, at the Gritman Memorial Hospital in Moscow. The little Miss weighed in at 7 lbs., 6 oz. She joins a brother, Kenny.

H. C. "DICK" DICKERSON DIES OCTOBER 18

Harry C. "Dick" Dickerson, 1819 10th Ave., Lewiston, died at 7:00 o'clock Sunday evening, October 18, at the St. Joseph's Hospital, where he had been a patient for three days. A heart condition, which developed last April, was the cause of death. He was 75.

Mr. Dickerson was secretary-treasurer and part owner of the Juliaetta Mill, Inc., and had been in the lumbering business all his working life.

He was born June 4, 1884, at Colony, Kansas, and moved to Oklahoma at 18. Five years later he moved to Filer, Idaho, where he was united in marriage to Jean M. Smith, May 16, 1912.

Later the same year, the couple moved to Twin Falls, remaining there until 1940, when Mr. Dickerson began work for the Army Corps of Engineers at Klamath Falls. He was there until 1951, when he moved to Juliaetta. The Dickersons settled in Lewiston in 1952.

Besides his wife, Mr. Dickerson is survived by two sons, Bernard of Salt Lake City, and Meredith of Olympia, Wash.; one daughter, Mrs. Jeanette Faunce of West Covina, Calif.; three brothers, Wayne of Ottawa, Kansas, Warren of Colony, Kansas, and Leslie of Santa Ana, Calif.; five sisters, Mrs. Belle Cooper of Colony, Kan., Mrs. T. E. Smith of Independence, Kan., Mrs. Gladys Durnberger of Valley Falls, Kan., Miss Dorothy Dickerson, Kansas City, Kan., and Miss Florence Dickerson of Tulsa, Okla., and 10 grandchildren.

Mr. Dickerson was a member of the Methodist Church and had been a member of the Masonic Order for 65 years.

Funeral services were held at 2:00 p. m., Wednesday, Oct. 21, at the Brower-Wann Chapel, with the Rev. Edwin Towle of the Lewiston First Methodist Church officiating. The Masons were in charge of the graveside rites.

UNICEF COLLECTION PARTY

The residents of Kendrick will have a chance to contribute to the UNICEF this year. In 1958, 9,500 communities in the United States gave to children as they went out with special armbands and containers to collect money for the United Nations Children's Service Fund.

Two-thirds of the world's 900 million children are ill or under nourished.

This is a wonderful opportunity to teach and help the young people of the Assembly of God Church and the Kendrick Community Church to ask and work for others. They will have proper identification and each resident will have an opportunity to give money as "treats" for milk and medicine where it is desperately needed.

Intermediate and high school classes of both churches will meet at 6:30 p. m. at the Assembly of God Church to collect for UNICEF. At 7:30 they will meet there again for a "hay ride" and Halloween party.

TWO COLLISIONS

Two separate collisions involving four cars occurred last Sunday.

A car driven by Mrs. Wayne Arnett and carrying as passengers her husband and family, collided head-on with one owned and driven by a Mr. Trout of Lewiston on the Cedar Creek grade a short distance from the Stewart Wilson home.

The occupants of both cars were cut and bruised, and Dr. Christensen was called to administer first aid. Both vehicles were extensively damaged.

A car driven by Cheryl Westendahl, daughter of Mr. and Mrs. Ben Westendahl, and a Mr. Fish of Southwick (pickup truck) collided in the intersection near the W. L. Rogers home. No one was hurt and neither vehicle seriously damaged.

OVERSEAS MAIL

Parcels sent overseas by regular mail should be mailed as soon as possible to insure delivery by Christmas. Suggested dates are: November 1 to November 20 for regular mail, and December 1 to December 10 by air mail.

Seventy pounds (with the exception of a few APO's) is the limit destined overseas through New York. Another limitation is 100 inches in length and girth combined with the exception of some smaller limitations on certain APO's through New York.

All overseas packages should be in boxes of wood, metal, solid fibreglass or heavy double-faced corrugated fibreglass.

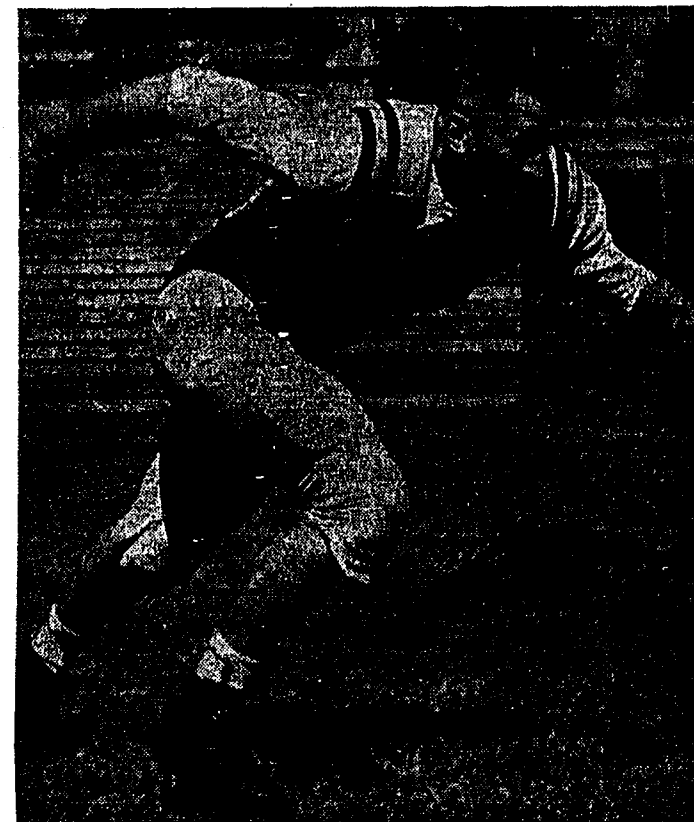

One outside address is all that is required per package, but enclose an address on the inside for safety.

UNDERGOES SURGERY

Fred Amett underwent emergency surgery early Sunday morning for a ruptured appendix, and at last report was doing as well as could be expected.

He is at the Gritman Memorial Hospital in Moscow.

HEADING C. OF I. SPORTS NEWS

JIM ARMITAGE from Kendrick is back in form as a College of Idaho football player, after missing last season because of an auto accident. Armitage is one of the top defensive

linemen on the Caldwell school's squad.
He is a son of Mr. and Mrs. Ross Armitage, Kendrick, and a graduate of Kendrick High School.

TIGERS WIN FINAL CONFERENCE TILT OVER ELK RIVER

The Kendrick Tigers, defending champions, whipped the Elk River Bobcats under the lights here Friday evening 38 to 25 in their final district eight-man football league game. Kendrick held a 32 to 6 halftime lead.

The Tigers struck for two first quarter touchdowns. Doug Shepherd ran 40 yards for the first one — a pass from Duane Meske to Jerry Armitage accounting for the conversion — and Meske swept end for 20 yards for the second score.
Another end run by Meske, this time for 30 yards, continued the Tiger attack in the second period, and Meske then passed to Jerome Pederson for the conversion. Kendrick came right back to score as the result of a mental lapse by Elk River. The kickoff sailed right over the heads of the Elk River backs and rather than try and pick it up they let the ball roll dead on the three-yard line. Kendrick Doug Shepherd fell on the ball and Meske bucked over on the next play.

Allen Hill broke loose for 20 yards later in the second period to get the Bobcats on the score board, but Kendrick covered 50 yards on a pass from Meske to Armitage following the kickoff for their halftime margin.

The teams traded third quarter scores. Bill Pomponio boomed over from the four-yard line for Elk River and Meske ran 40 yards for Kendrick.

The Bobcats scored twice in the final session. Pomponio scored on a ten-yard run and Dave Blinn scored on a 60-yard pass play. Hill converted the second touchdown.

HALLOWE'EN PARTY

Children of the Kindergarten, Primary and Junior Class of both local churches are asked to be at the Kendrick Community Church in Halloween costume at 7 p. m. Saturday to be judged. Following the judging they will all parade Main street, after which the kindergarten and primary classes will return to the church and the Juniors will go to the Assembly of God Church for their separate parties.

Check the posters in town for costume classifications, or call the pastor or teachers of your church for more information.

Any child is welcome to attend these parties.

GROCERY SCENTS

The Kendrick Table Supply had a most unwelcome visitor sometime Sunday night — and to date the perpetrator of the crime has not been located.

Mrs. Silflow opened the store as usual Monday morning — and said the "skunky odor" that greeted her "almost knocked her down!"

Sometime during the night the "scented kitty" had paid a visit — and left his calling card! Whether he was still under the store or what had happened still is not clear, for a close search of the premises failed to reveal his presence — but the memory lingers on!

SILVER WEDDING

An Open House honoring the 25th wedding anniversary of Mr. and Mrs. Arthur Foster will be held in the Kendrick Fire Hall, Sunday, Nov. 1st, from 2:00 to 5:00 p. m. There will be a "Silver Tree."

Hostesses for the occasion will be their three daughters, Mrs. Clarence Alexander, Mrs. W. R. Brown, Jr., and Miss Dorothy Foster, and Mrs. Foster's mother, Mrs. Arley Allen.

Homemakers Club

The Southwick Homemakers Club met at the home of Mrs. Alma Betts for an all-day session. Following a delicious dinner served by the hostess, a business meeting was held. Election of officer showed: Mrs. Alma Betts, president; Mrs. Denzil Kuykendall, vice president; Mrs. Roy Martin, secretary, and Mrs. Don Cantrel, treasurer. Council representatives are: Mrs. Alma Betts and Mrs. Denzil Kuykendall, with Mrs. Don Cantrel as alternate.

The Southwick Homemakers Club dinner and sale will be held at the Southwick Hall, Monday, November 9th. A ham dinner will be served, starting at 5:30 p. m. Immediately following will be a needlework sale. The members of the 4-H Syringa Club will have the candy booth. Everyone is cordially invited to attend — and we hope to have all our friends and neighbors, too.

"Back In The Groove"

After the hustle and bustle of the past summer, Southwick has settled back to a quiet farming community. From early spring to just a couple of weeks ago the steady roar of tractors could be heard along with the loud clanging of heavy equipment moving off the Kinney Construction Co. machinery — which often continued far into the night.

A few tractors can still be heard as farmers complete fall plowing, but the quiet makes a striking contrast to the summer's activities.

The Kuneey crusher is being dismantled, perhaps to be moved to some other community such as ours. But come spring — when the tractors again start humming there will be more road activity, when the company completes its oiling contract.

Ours is a community now preparing itself for the coming winter, and waiting anxiously for a coming spring.

SCHOOL NOTES

Junior High News

Mrs. Tomlinson of Moscow spoke to the Jr. High class Friday morning on her duties as a Public Health Nurse. She also explained how the County Public Health Department is set up and its functions.

Mrs. Tomlinson said: "The people have complete control over their health services. Through elected officials, laws and regulations are made and taxes levied. Health funds are appropriated from the taxes paid. Directly or indirectly, health officials and technical workers are appointed. The health program is controlled by the amount of money, and the number and quality of the technical workers available."

She explained the policy of a health department is to have one nurse for every 3,000 people. Latah county has one for every 5,000. Included within her jurisdiction are 1,400 school children.

Latah County has three public health nurses, one sanitarian, one full time and one part-time secretary. Scheduled visits are made to the Kendrick, Juliaetta and Southwick schools.

Cheer Leaders

The class has elected cheer leaders. They are Jillan Wegner, Ida Glenn and Roberta Gates.

The "A" group of majorettes are Mary Meske, Paloma Peters, Jillan Wegner, Donna Johnson, Fonda Schoeffler and Bobette Smith.

The "B" group are Betty Blankenship, Vivian Westendahl, Elaine Weyen, Linda Swan, Carol Vincent and Judy Lohman.

GOLDEN WEDDING

Mr. and Mrs. W. E. Hecht, Big Bear ridge pioneers, but now of Juliaetta, observed their Golden Wedding Anniversary at the Community Hall on Big Bear ridge, Sunday.

An account of the event will appear in next week's issue. Due to illness it was not available at this time.

SUCH WEATHER

This past week has given this area some of the "doggondest weather" that anyone could see.

We have had sunshine, a brief rain squall or two, temperatures ranging from 62 degrees down to 38 degrees — white frosts, heavy dew, and a damp chill in the air that means winter is on its way.

Farmers have been able to get a little field work done — but they have had to avoid draws and some north slopes.

All in all it has been a tough fall for the farmer, with many losing heavily on unharvested crops of beans, clovers, grasses, etc., not to mention grain.

LIONS HEAR SCOUTS

Three representatives of the Lewis-Clark Council, Boy Scouts of America were present at the last Kendrick Community Lions Club dinner Wednesday evening, Oct. 21, and told the story of Cub Scout and Scout work in all its phases.

The Lions sponsor the Boy Scout work in this community and talks heard were therefore of particular interest.

The Lions are also sponsoring the fund raising drive for the Scouts in this area, so don't be surprised if one of them taps you on the shoulder and hands you a "fill out" card.

The Ladies Auxiliary to the Veterans of Foreign Wars served a delicious chicken dinner to the goodly number present.

CUB SCOUTS

The monthly Cub Scouts Pack meeting was held Monday evening at 7:30 in the Fire Hall.

For the program the Cubs had taken skits from Aesop's Fables, which they had read that month, and using hand puppets and paper sack masks, acted out their own skits.

Fathers of the Cubs pinned Bob-Cat awards on the following: Loren Hoffman, Bradley Thornton, Row Scott, Orrin Riebold and Stanley Riebold.

John Bogar was awarded a Gold Arrow and two Silver Arrows on his Bear Badge.

Joe Guyer received four Silver Arrows on the Wolf Badge.

Some of the boys displayed their hobby collections.

INJURED TUESDAY

Billy Dammarell was injured Tuesday night at the rock crusher in Pullman where he was employed on the night shift.

A large rock caused him to lose his balance and fall 15 feet to the rocks below. He has two vertebrae badly crushed and is in a cast at Finches Memorial Hospital in Pullman.

SHOWER GUEST

Mrs. Dennis Racicot was the honor guest at a luncheon and pink and blue shower Monday at the Robert Magnuson home. Mrs. Magnuson and Mrs. Glen Wegner were co-hostesses.

The classes will be held in the Latah County Court House auditorium, Moscow on October 27, Nov. 3, 10, 17, 24 and December 1 from 7:00 to 9:00 in the evening.

RAILROAD FEATHERBEDDING:

\$500,000,000 LOSS

TO THE NATION — INCLUDING YOU — EVERY YEAR

Featherbedding on the railroads — pay for work not done or not needed — is costing the American people the shocking total of more than \$500,000,000 a year.

You pay for it every time you shop, because featherbedding costs are hidden in the price of everything you buy.

Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden. Right now, for instance, these rules require every diesel locomotive to carry a fireman — even though diesels have no fires to stoke, no boilers to tend.

The forthcoming negotiations between the railroads and the unions are urgently important to the whole nation.

In asking the unions to drop these featherbedding rules, all the railroads ask for is a fair day's work for a fair day's pay.

HALLOWE'EN --

An Old American Tradition

A tradition whose beginning seems lost in the pages of history—but a real and exciting one for the small fry and youngsters.

It's a tradition, too, to trade at home—one as old as apple pie and cheese—but are you among those who follow tradition? Did you ever stop to figure just how much you could save in dollars and time by following some American traditions?

Stop and think how much a mile it costs you to drive your car—how much to "feed a parking meter"—how much your time is worth per hour—and you'll get "the stay at home, play at home" habit —

Salad—Simple and Superb!

The old saying "the simplest things are often best" applies here! This ambrosial salad of flaked coconut, orange and honey can be made in a jiffy! Minus the dressing it would serve as a dessert; and with soup and hot bread would make an excellent and complete luncheon.

HONEY ORANGE COCONUT SALAD

2 cups orange sections, ¼ cup angel flake coconut
free from membrane
¾ cup warmed honey Water cress and lettuce
Dip each orange section in warmed honey; then sprinkle generously with flaked coconut. Arrange in cups of lettuce; garnish with water cress. Serve with or without a tart French dressing. Makes 4 servings.

Idaho.

"Since the shocking fact that almost 60 percent of the American children tested in 1955 failed a minimum muscular fitness test while less than 9 percent of the Europeans tested failed, many schools and communities have been making an effort to see where they stand in physical fitness," said Prof. Mabel Locke, head of women's physical education.

Prof. Locke, who was a member of President Eisenhower's physical fitness for youth group, added: "Much of this difference in physical fitness

can be blamed on our modern way of life, which includes rides to and from school, sitting in front of the TV set, and rich diets without enough exercise."

Research funds have been granted to the physical education department of this university this year to launch a program of testing the fitness of Idaho's youth. D. F. Engelsing, state superintendent of public instruction; Frances V. Farrell, state elementary supervisor, and H. Maine Shoun, state high school supervisor, have approved the program.

Tests have already been administered to some of Idaho's youth in Boise, Lewiston and Coeur d'Alene. A full-scale, pilot program will get under way in Moscow soon. Working with Moscow school officials and teachers will be Carol Ford and Shirley Shute of the physical education faculty. The Idaho Association for Health, Physical Education and Recreation is cooperating in the project throughout the state.

The battery of tests include pull-ups, standing broad jump, shuttle-run, 50-yard dash, softball throw for distance, and a 600-yard walk-run.

FARM CENSUS

Questionnaires for the 1959 Census of Agriculture are now in the mail and will be in the hands of local farmers within a few days. It was announced this week by Guy E. Rainbolt of the Census Bureau's regional office at Seattle.

The farm census questionnaires are being mailed from Chicago, Illinois with the distribution timed so that the report forms will reach farmers about a week ahead of the date when census takers will begin the field census. The advance mailing is for the purpose of giving farm operators time to consult their records before filling in the answers required by the questionnaires and getting them ready for the census takers to pick up. This procedure is designed to insure greater accuracy of reporting and to save time both for the farmer and the census taker when the latter calls at the farm.

The 1959 Census of Agriculture questionnaire is designed to provide information on the number and size of farms, acreage and harvest of crops, livestock production and inventories, selected farm facilities and equipment, selected farm expenditures, farm values and mortgage debt.

On the average each farmer is asked about 100 questions, many of which can be answered by simply checking "yes" or "no".

OUR FORESTS ARE FULL OF LIFE

The miracle of LIFE — is expressed again and again in our forests. Potlatch, through proper conservation assures a continuing 'cycle of life' — by providing the natural habitat for wild life... and planned conservation for tree life. Because Potlatch foresters harvest their trees wisely, there will always be timber. There will always be employment in the woods and in the mills. There will be hunting, fishing and camping areas for your children and your grandchildren... assuring them the security and prosperity we now enjoy.

DO YOU KNOW

In New Guinea, natives turn the soil by hand with a sharp stick. Plow and horse are practically unknown. In America, people purchased 18,000,000 copies of "White Christmas" recording, and paid \$53,500,000 to see the musical comedy "Oklahoma." What makes the difference in achievement? Private enterprise, of course. Millions of Americans free to use their own initiative with the profit incentive.

Public power promoters (political power) tell us that cheaper electricity would bring in new industries. This is not true. Except for electro-chemical plants, etc., most manufacturing spends less than one cent of the production dollar for electricity. Labor, taxes, raw materials are items that take the money. Even if electricity were free, most factories would not give it a second thought. Public power, which is subsidized by taxes, does not bring in manufacturers. Generally it frightens them.

The world's highest official temperature was recorded in Western Libya in 1922. The thermometer showed 136.4 degrees. The world's coldest temperature was recorded in Siberia in 1933. The thermometer dropped to -108 degrees. Bet they would like to have gas heat in their homes.

The Public Service Commission of the State of Washington, and the Public Utilities Commission in Idaho have jurisdiction to regulate WWP's rates, service, security issues and other matters. That is good. It safeguards the public interest. Then why is it that public power escapes such regulations? In spite of public protest, three PUD commissioners in Thurston County tried a two-mill rate on all customers to help raise money to condemn another private utility. Estimated \$300,000 would be needed to make the study. That is public power for you.

HELLO, FOLKS:

Did you ever see such doggone weather? Frankly, it puts us in the spot where we don't know what to advertise — diesel fuel and gasoline — stove oil or out-board motor oils. But it doesn't matter much as long as they are Union Products — the best!

A professor of law was lecturing to his students; "If you have the facts on your side when fighting a case, hammer them into the jury. If you have the law on your side, hammer it into the judge. But if you have neither the facts nor the law on your side — hammer the table as hard as you can!

How about anti-freeze? Bring that car, pickup or truck in to us and let us get it ready for winter. We'll drain and flush the radiator,

and refill it with the kind and strength of anti-freeze you order. You like our products and our service.

The children were in the midst of a free-for-all when father unexpectedly entered the room.

"Tommy, who started this?" he asked.

"Well," said Tommy, "it all began when Albert hit me back."

Chilly weather means heat is a necessity. Better check that stove oil tank today and call us at 4251 — we'll be there in a flash with Union Stove Oil — better!

Never mind how old you are — it's how you feel that counts!

There are no better products than Union. Try them.
