PROVES EFFICIENT

Kendrick Volunteer Firemen again proved to be quick and efficient as they, with workmen from the Mead & Howard Lumber Co. doused a raging fire that threatened destruction of the firms new dry kiln, just being completed at the mill.

As workmen were preparing to put the new building into operation about 8:00 o'clock Monday morning an oil heater (salamander type) was overturned, and splashed oil across the floor.

Fire erupted and quickly raged out

## ANNOUNCING NEW NAME.. NEW YEAR ...

Effective January 1, 1960, all National Farm Loan Associations will be known as FEDERAL LAND BANK ASSOCIATIONS. The new name better identifies the associations with the purpose for which they were chartered and for which they have operated through the years, namely, the making and servicing of long-term, low-cost FEDERAL LAND BANK LOANS.

As in the past, the associations will continue to operate with just one aim in mind — to provide the very finest in long-term farm financing.

Daniel Ryden says a hobby could save your life. Whether it be gardening, hunting or playing the piano, it is no longer an indulgence, but a necessity. When we are completely tired out, we need rest, but we live in a world where physical exhaustion is practically unknown. Because of tensions and boredom, most of us need more physical exercise of some kind. So find a hobby and go after it.

ななな認識

\* \* \* I know a man who has strong leanings toward public power. The other day he said that Washington Water Power pays more taxes than a PUD; for example, because WWP makes a profit and the PUD does not. This is typical tricky reasoning, and not true at all. In the first place, if the PUD pays off its loan and has a system left, that system repre-sents profit. Both WWP and the PUD receive money from their customers. WWP pays 23e of each revenue dollar in taxes, while the PUD pays about 7e-three to one. If WWP should receive a rate increase of \$3,000,-000°, the tax collector immediately takes \$1,600,000 for taxes. It does not come out of profits, because the company did not have a chance to use it. To support functions of government which benefit all of us, the PUD gets off mighty easy. I'd like to see them pay their share.

If you earn \$5,000 a year, every hour is worth \$2.56. This adds up to \$625 in a year's time. So whether you work for yourself, or work for somebody else, don't waste time. Keep busy at something.

What do you know! In a recent column I said the national rural electrification officers consider the REA the same as any other private business. Well, the manager of a neighboring REA said the same thing. "We consider ourselves private business," he said. "We borrow money and operate on business principles, and we don't want folks to call us public power." So I ask my-self, why have public power leaders tried to put the public power Jabel on REAs?

### LIVE GAME TRAP

A new live trap for deer and elk tagging programs is under construc-tion at "The Junipers" in Fremont county in eastern Idaho. Similar in type to an existing big game livetrap at the Sand Creek management

area in the same county. This trap is made of poles in an oval shape with a "squeeze pen" at one end into which animals can be crowded one at a time for ear-tagging, and then released through a

gate. Part of the opening to the entrance of the circular trap is shown behind the workman to the left of the picture. Live-trapping and

tagging of deer and elk provide in-valuable data for future programming in big game management.

### LETTERS TO EDITOR

### TO WHOM IT MAY CONCERN:

On Easter Sunday, as we returned from Sunrise Services, our pet cobker spaniel ran to us us in pain and died at our feet from poisoning. The dog had cost us about \$40.00 from our allowance and savings, spent on her for shots, vet's fees, etc., and the price we'd paid for her. Christmas night when we returned home our second dog, a six-monthold pup was crying in pain — again from poisoning. Why??? He was

tied up in our fenced yard! We doctored him and kept him Charles spent Christmas Eve at a alive until Monday, Dec. 28, and family get-together in the home of then took him to the "vet" and had him put to sleep. Why is this sort
