#### TIGERS MEET PIERCE IN 1ST ROUND OF DISTRICT TOURNEY AT LEWISTON MON.

The Kendrick Tigers will meet the Pierce Foresters in the first round JULIAETTA DOINGS Lewis-Clark Normal gymnasium on Monday evening at 6:00 o'clock.

The Tigers enter the district tourney in third place from the White Pine League. There was no sub-district in the White Pine this year.

The final conference game of the year will be played at Troy on Friday night of this week. Regardless of the outcome of that game, the Tigers the praises of the residents of this will still be in the district tourney.

The District, as in previous years will be a double elimination, so Kendrick is assured of at least two games in that tourney.

"The boys have come a long way since the first of the season, and should win some unexpected games."

Troy enters the District in first place from the White Pine League and Genesee goes in second place. Friday night's game should show

how the Tigers will do at the district, so be sure to attend the game. It is the final conference tilt of the year before tourney play begins.

#### TIGERS WIN FINAL CLASH IN OLD GYM, BEAT ASOTIN 54-44

#### **BURGLARS STRIKE** LOCAL STORE

Thieves struck at Kendrick last Wednesday night obtaining a considerable quantity of merchandise from the Western Auto Associate Store operated by Oscar Medalen, as well as ruining the safe.

Entrance was gained by prying off boards blocking a door into his fuel and furnace room from the alley. Faced by another door the thieves used a crowbar to tear away a section of it, then slide back the bolt and entered the warehouse. From this point on easy access was gained to the store proper.

So far as Mr. Medalen has been able to ascertain to date the thieves took two wrist watches, two wallets. three large sets of socket wrenches, a considerable quantity of ammunition of various calibers and some small tools, and a fine steelhead

After loading this loot into their car, they attacked the store's safe, attempting to "peel" off the face. At this point, Vern Choate, who occupies the apartment above the Kendrick Table Supply in the ad-joining building, heard the noise. He hastily donned shoes and slipped out to the Variety Store to call Village Marshal E. M. White (this being at approximately 3:15 a. m.) Mr. White came up immediately, but in the meantime the thieves had evidently seen or heard Mr. Choate, and left town in a hurry - their job on the

safe uncompleted. Mr. White called the Lewiston sheriff's office and they had a car here within 30 minutes - but reported meeting no vehicle on the road except a logging truck!

The Latah county sheriff was noti-

fied, and the building and safe dust-ed for prints, to no avail — the thieves evidently wearing gloves. To date no trace has been found of the miscreants.

The fastest ground ride on earth is on a rocket sled, which travels on rails over a seven-mile course at speeds over 1800 miles per hour. In Russia the state assigns a dozen scientists to the sevenmile problem of friction heat alone. In America, business and industry hire good minds, put them in a labora. tory, and use profits from business to pay for similar research. So when people want to eliminate the profit system, and substitute government control and "business without profits," they are talking you slowly into the Russian socialist system. Don't let them do it.

#### FOSTER HOMES BEING SOUGHT IN COUNTY

Mrs. Margaret M. Johansen, County Director for the Department of Public Assistance, reports that the local office is searching for foster homes in Latah County to provide family living for children of all ages.

The Department's program was broadened in July, 1959, when the law gave the department authority to accept custody of children on a

selective basis.

Because of the many unhappy experiences that usually proceed the breakdown of a home and the fact that it is hard for any child to be separated for his natural parents, every foster child requires exceptional understanding and care. Consequently, foster homes must be very corefully selected and standards are carefully selected and standards set by the state must be met. Foster parents must be of parent age, their

By the constant practice of selective logging . . . prestor utilization and conservation of the forest woduct, we are assured that scenes such as this will be repeated in the years to come. By putting these policies into action we have discovered many other benefits. Among them: preservation of recreational areas . . . protection of wild life and watersheds . . . thus assuring that the students of today will have a bright future in their businesses of tomorrow . . . another reason why we say forest management is research in action.
