RUNAWAY AUTO CAREENS ACROSS LAWN, SMASHES INTO NEW HOME, MINOR DAMAGE

Mr. and Mrs. R. E. Watts were awakened late Sunday evening when a noise that "sounded like a bomb," shook the quiet of their new home at the foot of the schoolhouse hill.

Village Marshal E. M. White reported that a 1949 Chevrolet sedan operated by Clifford Osborn, but unoccupied at the time of the accident, began to roll from its "resting place" and careened across the lawn of the Lester Crocker home, tore out a huge lilac bush, crossed the Crocker driveway, the alley, and then slammed into the garage at the Watts home. The accident took place at about 11:00 o'clock Sunday evening. Damage was estimated at some \$125 to \$150 to the Watts home. The car was damaged considerably.

In explaining what happened White said the car operated by Osborn was vacated in the street above the Crocker home, when apparently the transmission froze and he was unable to move the vehicle further. After stepping from his car to seek the aid of his brother in moving it, Osborn saw the car begin to move. To his horror, Osborn said that the

BLUE AND GOLD DINNER FEB. 27

The Cub Scouts and Boy Scouts held their Annual Blue and Gold Dinner last Monday evening, Feb. 27, at the Kendrick High School cafeteria. There were around 96 in attendance.

Awards were given to the following Cub Scouts by Bob Meserve, Cubmaster:

Orrin Riebold, Lion Badge and a Gold and Silver Arrow on this rank; Loren Hoffman, Bear Badge, and Gold Arrow; Donnie Meserve, Silver Arrow on Bear Rank; Stanley Riebold, Silver Arrow on Bear Rank; Danny Brown, one Gold and two Silver Arrows on Wolf Rank; Bear Badge, and Gold Arrow and Silver Arrow on this badge; Dennis Deobald, Silver Arrow on Wolf Rank and Gold Arrow on Bear Rank; Joe Grier, Gold Arrow and Silver Arrow on Bear Rank and Gold Arrow on Lion Badge, and a two-year pin; Ricky Candler, Wolf Badge and Gold Arrow; Stan Clayton, Silver Arrow on Wolf Badge and a one-year pin; Jimmy Ingerson, one-year pin; Edwin Calkins, two Silver Arrows on Wolf Rank; LeRoy Sproul, Silver Arrow on Wolf Badge; Gary Pea, Silver Arrow on the Bear Badge; Roger Witt, Silver Arrow on Lion Rank; Mark Helmgartner, Silver Arrow on the Bear Badge; Dow Scott, Bear Badge; Victor Racicot, Silver Arrow on the Bear Rank; Billy Hudson, Bobcat Pin.

Boy Scout Awards were given the following by Scoutmaster Douglas Christensen:

First Class Awards: Mike Maund and Charles Lackey.
Second Class: Richard Abrams.
Tenderfoot: Kenny Heimgartner, Bobby Meserve, Fred Cope, Mike Olson and John Bogar.

It was reported that Dr. D. A. Christensen had presented a flag to the Scout Troop at an earlier meeting.

FRIENDSHIP CLUB

The Evergreen Friendship Club will meet at the home of Dolores Polunsky on Wednesday, March 15. The co-hostess is Marie Fey. Roll call will be answered with "Favorite Dessert."

NEW ARRIVALS

Mr. and Mrs. John Hall (nee Frances Rowden) now of Lewiston, announce the arrival of a baby daughter, Thursday, March 2, at the St. Joseph's Hospital. She weighed in at 5 pounds, 9 ounces, and has been named Lisa Renee. She is their first child.

Mr. and Mrs. Ted Fey announce the birth of a baby girl, Thursday evening, March 2, at the Gritman Hospital in Moscow. She tipped the scales at 5 pounds, 14 ounces, and has been named Helen Marie. She was welcomed home with her mother, Monday, by a sister and brother.

Mr. and Mrs. Dale Stuart, now of Lewiston, are the proud parents of a baby girl, born March 4 at the Tri-State Memorial Hospital, Clarkston. The little Miss, Carmen Renee, joins a sister. Mrs. Stuart will be remembered as Oretta, daughter of Mr. and Mrs. Wm. Holt.

car headed down the hill, crossed the Crocker lawn, flower beds, driveway, etc., and rammed the garage of the Watts home on the other side of the alley.

The car was removed that evening, apparently with little effort. The damage to the home is covered by insurance, and Gordon Penland will start repairs on it shortly.

HOUSEWARMING SUNDAY EVENING

Mr. and Mrs. Donald Eichner were surprised Sunday evening when friends gathered at their new home on the school house hill for a housewarming.

The self-invited guests brought well-filled baskets, from which a delicious buffet supper was served.

The evening was spent visiting and inspecting the new home.

Those present included Mr. and Mrs. Dave Clayton, Mr. and Mrs. Parker McCreary, Mr. and Mrs. Chas. Easterbrook, Mr. and Mrs. Luther Parks, Jerry Brown, Mr. and Mrs. Bob Watts, Mr. and Mrs. Douglas Christensen, Jr., Mr. and Mrs. John Deobald, Mr. and Mrs. Dean Hollenbeck, Mr. and Mrs. R. L. Meserve, Mr. and Mrs. Norman Lewis and Mr. and Mrs. George Brocke, Jr.

It was a most pleasant evening for all. The Eichners were presented a maple bucket planter for their new home.

HOME FROM THE LEGISLATURE

Mr. and Mrs. George Brocke, Sr., arrived home last week-end from Boise, where he was a member of the Idaho House of Representatives.

Mr. Brocke expressed himself as "quite well pleased" with some of the main laws enacted at the 1961 session, and "unhappy" with others. He said it was by far the most active and trying of his three sessions at Boise. He said some of the "pressures" applied or attempted to be applied by various lobbies were almost offensive.

KINDERGARTEN BEGINS MONDAY

Kindergarten begins on Monday, March 13, and will be held this year, in the Kendrick High School, says Mrs. Werner Brammer, teacher. The session will run for six weeks.

Mrs. Brammer says the children will need tennis shoes or heavy wool socks to cover shoes, so they may have their play period in the gymnasium.

Anyone with a child of Kindergarten age (the child must be six years old by October, 1961), who has not yet been contacted, may call either Mrs. Brammer or Mrs. Burton Souder, Jr., pre-school chairman of the P. T. A.

W. S. C. S. THURSDAY

The Kendrick W. S. C. S. will meet on Thursday afternoon at 2:00 in the home of Mrs. F. C. Schmidt, with Mrs. Andy Cox as co-hostess.

Mrs. Marvin Long is in charge of the devotional service, and Mrs. Dave Clayton will present the program: "Giving Thanks In Lent."

Special music will be furnished by Mrs. Bob Magnuson and her accordian.

A cordial invitation is extended to all who are interested.

Guild Meets at Fairfield Home

The Big Bear Ridge Ladies Guild met in the home of Mrs. Rufus Fairfield Wednesday afternoon of last week, with nine members and three guests present.

A delightful lunch was served by Mrs. Fairfield and Mrs. W. E. Hecht.

Heart Fund Drive Is Success

Mrs. Bruce Sherman, chairman for the Heart Fund Drive in Juliaetta, reports that \$67.73 was collected on the drive last week.

Those helping with the collection were Mrs. Jack Browning, Mrs. Ted Peters, Mrs. Bill Howell, Mrs. P. S. Puckett and Mrs. Ervin Mabbott.

T. V. Problems

The Juliaetta Fund Drive for legal television is slowly creeping forward. A total of \$1,700.46 is now the cash balance. Pledges turned in amount to another \$600.00. The Association urges those who have not paid or pledged to do so within the next ten days. Our filing date for Form No. 346 is April 1st, but we must meet our financial requirements before that date, or it will do us no good to file.

Remember this is a community project and anyone who is watching TV in Juliaetta should assume some responsibility.

Our "signal" did not just happen here — and it just won't stay here unless we all work together to keep it here!

Have you contributed your share? It has been noted that the bill presented to the Idaho Legislature regarding a village having the right to declare a Television District and to levy millage against assessed property did pass both the Senate and House. This bill is now waiting the governor's signature.

Such a bill would cover our situation in Juliaetta — but we would be without TV a long time while going through the necessary legal steps.

Eighty-four Years Young

Mrs. Will Groseclose celebrated her 84th birthday anniversary Sunday.

Her son, Rev. Bruce Groseclose of Lewiston, took her to his home for a birthday dinner. One of the members of the church her son serves in Lewiston baked and decorated a cake and brought it to her.

She also had a chance to visit an old-time friend from Teakcan, Lotie Brock, who is convalescing in Lewiston following surgery.

Mrs. Groseclose said it was one of the nicest birthday anniversaries she had ever had.

Birthday Anniversary March 2

Several ladies surprised Mrs. Eska Quillen on her birthday anniversary, Thursday, March 2, by dropping in with several gifts and refreshments. Mrs. Quillen is Mrs. C. E. Vary's mother, and resides in her home.

Those calling were Mrs. Chas. Hicks, Mrs. Macei Nye, Mrs. Jeff Harkey and Mrs. Harold Freeman.

Red Cross Drive Chairman

Mrs. Ted Peters has been appointed Red Cross Drive chairman in Juliaetta for this year.

W. S. C. S. Meets

The W. S. C. S. of the Methodist Church met Wednesday afternoon in the home of Mrs. Ira Havens. Seventeen members and one visitor were present. Delightful refreshments were served at the close of the meeting.

K.H.S. DUMPED FROM AA TOURNEY WED. BY ELK RIVER 50-28

Kendrick's final game of the AA Tournament in Moscow, was a battle of the zone defenses with the Bob Cats of Elk River. The victorious Bobcats proved adept at penetrating a zone.

Neither team showed much offensive punch in the first half, which ended with Elk River leading 21-16. Elk River slipped through the Tiger zone occasionally but Kendrick had to rely mainly on rebounding for shots from the near basket.

Little Ed Anderson sparkplugged the Bobcats to a 10-point lead soon after the third quarter opened. Kendrick lost almost all of its backboard power when Steve Groseclose fouled out after 30 seconds of the fourth quarter. Kendrick made only three field goals in the second half.

Alan Hill and Bob Smith paced the Bobcats to an 18-point lead; 41-23 with six minutes left. Smith led scoring with 17 points and Hill tallied 13. High for the Tigers was Fred Foster with nine.

KENDRICK LIONS, MERCHANTS SET MARCH 16 AS FARM INSTITUTE DAY

Kendrick Annual Farm Institute Day, sponsored by the Kendrick Community Lions Club, and Kendrick's merchants, will be held this year on Thursday, March 16th, with programs for both men and women. The groups divide in the afternoon, with the women moving to the Kendrick Fire Hall from the Fraternal Temple, main center of the day.

The program is as follows:

9:45 A. M. — "Survival from Atoms," a color movie.

10:30 A. M. — "Diseases of Our Crops," Dr. Harry Fenwick, State Extension Plant Pathologist.

11:00 A. M. — "Money from Fertilizers and Soil Testing," Dr. Orin Baker, Agronomy Department, University of Idaho.

11:30 A. M. — "What's New in Electricity," George LePard, Public Relations Director, Clearwater Power Co.

NOON — Free Bean Feed — Compliments Lions Club and Business Men.

Following the feed the men will meet in the Fraternal Temple for the afternoon's program. The women will have a special program at the Kendrick Fire Hall.

For the men:
1:00 P. M. — "Growing Beans," a color movie.

1:30 P. M. — "New Weed Fighter"

WENDTS SURPRISED AT HOUSEWARMING

A group of friends surprised Mr. and Mrs. Henry Wendt, at their new home in Kendrick, with a Housewarming, Tuesday evening. To make the date even more memorable, it was Mr. and Mrs. Wendt's 38th wedding anniversary.

The evening was spent in playing various card games, after which the group presented them with lovely gifts for their new home.

To close the evening a delicious lunch was served by the self-invited guests.

Those present besides the "guests of honor" were Mr. and Mrs. Ed. Nelson, Mr. and Mrs. Harl Whittinger, Mr. and Mrs. George Wilken, Mr. and Mrs. Herman Meyer, Mr. and Mrs. Fred Silflow, Mr. and Mrs. Otto Silflow, Mr. and Mrs. Gus Kruger, Rev. and Mrs. Theo Meske, Mr. and Mrs. Aug. F. Wegner, Mr. and Mrs. Wilbert Brunstiek, Mrs. Albert Glenn and Mrs. Marguerite Silflow. The occasion was also Mrs. Wilbert Brunstiek's birthday anniversary.

PINOCHLE PARTY

Mr. and Mrs. Oscar Slind entertained at a pinochle party Saturday evening in their home on Big Bear ridge, with five tables in play.

Guests included Mr. and Mrs. Bob Watts, Mrs. Estella Leith, Mrs. W. A. Watts, Mr. and Mrs. R. L. Blewett, Mr. and Mrs. Norman Lewis, Mr. and Mrs. Ervin Halseth, Dr. and Mrs. D. A. Christensen, Mr. and Mrs. W. L. McCreary, Mr. and Mrs. Parker McCreary, Miss Darlene Anderson and Leland Slind.

High scores went to Mrs. Ervin Halseth and R. L. Blewett. Mrs. Parker McCreary and Ervin Halseth took lows. The "goose" went home with Bob Watts.

Delicious refreshments were served at the close of the evening.

THIEVES STRIKE TV EQUIPMENT AGAIN WEDNESDAY

For the second time within a month thieves struck at the Geo. F. Brocke and Sons, Inc., television equipment located on the north side of Potlatch ridge, west and south of the ranch home of Dr. and Mrs. D. A. Christensen. This latest theft apparently occurred early Wednesday morning, as no one reported a failure during the late show periods.

The equipment, housed in a big steel box, and quite heavy, was ripped from the pole to which it was held by lag screws, and with a heavy shield, taken in its entirety. The equipment was valued at approximately \$400.00.

The theft was discovered Wednesday morning when sets were turned on — and nothing happened. Darrel Brocke made a hurried trip to the big antennas and saw — no equipment! The Nez Perce county sheriff's office was notified and an investigation is now under way.

Just when TV may be back on the air in Kendrick is not known at this time!

HEART FUND DRIVE IS SUCCESS

"The Heart Fund Drive for the Kendrick area brought in \$128.61," says Mrs. Marie Fey, Kendrick chairman. "It being the first year for the Heart Drive in this area, I am particularly happy to have had such a generous contribution."

"Anyone wishing to give Memorial Gifts to the Idaho Heart Fund in memory of a friend, relative or associate, may do so by calling me. Also special occasions such as birthdays, anniversaries and other events may be commemorated by Memorial gifts."

"Heart volunteer workers helping were Mrs. Ed Nelson, Mrs. Gladys Wilson, Mrs. Roy Glenn, Mrs. Clarence Alexander and Mrs. Neil Erlwine."

"A big thank you to all who helped and gave so generously."

DINNER GUESTS

Mr. and Mrs. Bob Hall and daughter Judy were entertained at an "international" dinner at the Keith Clear home Saturday evening. The menu included Mexican Tacos, Italian Pizza, French bread and American oleomargarine. The most local part of the menu was elk-burger used in the Tacos and Pizza.

The evening's entertainment was highlighted with the showing of hand painted lantern slides through the "latest coal-oil projector." The items were made in Germany during the 19th century, and were brought to Montana from Iowa in a covered wagon by Mr. Clear's aunt. Dinner music was furnished by an Edison "Gramophone," cylinder record type of about 1908 vintage. Mr. Hall especially enjoyed "Tell Mother I'll Be There" by the Peerless Quartet.

WEATHER? WE'VE HAD IT!

For the past week here, no one would need a calendar to tell that it was March, for we've had "everything in the book" from bright, warm sunshine to snow, sleet, hail, rain and wind.

Not any one of the three lasted very long — but we had them. On the whole, you could describe our present weather as "damp and chill." At night the thermometer dips to just above freezing, and in the days goes to the middle 40's and even to the low 50's.

Lilac bushes, bridal wreath, forsythia and other early shrubs are all, but ready to leaf, and just a warm day or two would do the job!

TYPE "A" MEALS SERVED DAILY IN INDEPENDENT LUNCH PROGRAMS IN DIST.

(As seen through the eyes of the school secretary, Allie Kremmin.)
When I went to work at the Kendrick High School four years ago, as secretary to Mr. Meserve, one of my various duties was keeping the books and making the reports for the school lunch. Since this was my first experience with a School Lunch Program, I had quite a lot to learn. Since most of you fathers, mothers, relatives, and friends very likely do not know too much about such a program, I thought, perhaps, a few of my findings might be of some interest to you. I might answer some of your questions — and you do have questions, don't you? I know I did.

In the first place the school lunch program in our three schools is entirely self-supporting. By that I mean that the District Funds (your taxes) are not used in any manner for food or labor. You fathers and mothers with your marvelous canning program, the government commodities we are so fortunate as to receive, and the fine work our cooks are doing in planning their meals in a manner that makes them wholesome, appetizing and yet low in cost, has made all this possible.

Now you are wondering how this is done. Each cook plans her Type A meal (which is a requirement by the state and federal government) a week in advance, for the probable number she will serve each day. Every item is then figured down to the fraction of a cent. The program pays the freight on all government commodities, so this is broken down for cost, too. The cost of each item is then added, and at the end of the lunch hour an accurate count has been made of the number of students and adults that have eaten. This is then divided into the total price of the meal and we have the cost per plate.

We buy our milk wholesale in five-gallon containers to be used in the milk dispenser. So far this year we have been reimbursed .04 per 1/2-pint on what the students use. There is no reimbursement on milk used by adults. This reimbursement is not always the same, it depends upon how much federal money our state has been allotted. We have received as much as .05 per 1/2-pint, and as little as .03, or nothing, which has happened the last month of the school year a few times.

Each month a financial statement, a report containing the amount of milk purchased and number of Type A meals served with milk is sent to the School Lunch Division at Boise. Our reimbursements are made by the Federal government through the state. Our commodities are allocated by the government through the state on the basis of the number of meals served.

All of this school lunch program is your program, too. You are all invited to come in, go over our lunch requirements and accounting, and we will be glad to answer your questions.

About five years ago the Southwick lunch room purchased divided Melmac, pastel green plates, and these have proven very satisfactory for ease of handling by the children and the dishwasher. A year or so later the Juliaetta lunch room purchased the same type of plate, only in the assorted colors. These colorful plates add a great deal to the lunch rooms.

After much thought on the part of the Kendrick school lunch staff, we decided to purchase new trays for our (Kendrick) lunch room. These arrived ten days ago. They are pastel

Melmac, and most attractive. These trays give our lunch room a bright, gay atmosphere when the students are eating, and even the dishwashers enjoy their job. We had been using C. I. stainless steel trays for many years. Any of you who have eaten in a G. I. mess hall know they serve the purpose, but certainly have no "eye appeal!"

Now comes the question of how we are to pay for them. The school lunch funds are not adequate, of course. So we solved it this way: The Kendrick school lunch staff have been serving the meals for the Lions Club this year, the proceeds are going to a special fund to pay for these trays. But that's not quite enough!

Spaghetti Feed
The 17th of March we are holding a spaghetti feed in the lunch room at the High School, with the help of the members of the Jr. Red Cross and the Science Club, who will hold their Science Fair the same evening. The proceeds of this dinner will also go to the tray fund.

Won't all of you come out and enjoy the good food and the Science Fair?

LOCAL HAPPENINGS IN CAPSULE FORM

Mrs. A. O. Kanjkeberg left here last Wednesday, joining her sister, Mrs. L. Rodney of Seattle, and both then went on to San Francisco on a vacation. From there they are taking a pre-arranged tour through Death Valley and other points of interest.

Mr. and Mrs. Elmo Eldridge, David and Janet, and Mr. and Mrs. Leonard Eldridge and baby daughter, of Moscow drove to Oakesdale, Wn., Sunday, to spend the day with Mrs. Elmo Eldridge's brother-in-law and sister, Mr. and Mrs. Fred Zimmerman and family.

Mr. and Mrs. Frank Rowe of Boulder, Mont., and John LeCornu of Richland, Wash., were week-end guests in the Louis Wright home. Mr. and Mrs. Donald Wright and family of Genesee joined the group for dinner, Sunday. Mr. Rowe went on to Spokane on business and Mrs. Rowe remained here for a longer visit.

Mr. and Mrs. Oscar Medalen spent Sunday in Lewiston at the home of their son-in-law and daughter, Mr. and Mrs. Jerry Harris and children. Mr. Medalen helped Mr. Harris with plumbing.

Mr. and Mrs. Ben Westendahl and family accompanied by Arnie Zumbhoff, were Sunday dinner guests of Mr. and Mrs. Gerald Gustin and family at Potlatch.

Mr. and Mrs. Tom Bain and son visited his parents, Mr. and Mrs. Melvin Bain and family at Potlatch, and were Saturday over-night and Sunday dinner guests of Mr. and Mrs. Gerald Gustin and family, also of Potlatch.

The Gilbert Candler family, of Clarkston were Sunday visitors in the home of his parents, Mr. and Mrs. Gif. Candler.

Mrs. Harlan Fey is helping out at the home of Mr. and Mrs. Ted Fey and family this week. Mrs. Ted Fey and new baby daughter arrived home from the hospital on Monday.

Mrs. Wm. Holt is in Lewiston this week helping at the home of their son-in-law and daughter, Mr. and Mrs. Dale Stuart. The Stuarts are the proud parents of a baby girl.

Mrs. Marion Rowden is spending some time in Lewiston helping care for their newest grandchild, born to Mr. and Mrs. John Hall last week.

Mr. and Mrs. Orin Reid and son Tom of Kamiah, parents and brother of Robert Hall, and Mrs. Julia Reid of Grangeville were Sunday dinner guests of Mr. and Mrs. Robert Hall and daughter.

Mr. and Mrs. Edwin Nelson and sons Richard and Roger joined Mr. and Mrs. Aug. O. Wegner and Mr. and Mrs. Harry Wegner and sons, all of Pullman, and enjoyed a smorgasbord dinner at W. S. U., Pullman, Sunday. The affair honored the birthday anniversaries of Edwin Nelson and Roger Nelson.

Monday evening dinner guests of Mr. and Mrs. Gus Kruger were Mr. and Mrs. Henry Wendt and Mr. and Mrs. Edwin Nelson and son Roger. The dinner honored the wedding anniversary of Mr. and Mrs. Wendt and the birthday anniversaries of Ed. Nelson and Roger Nelson.

Ralph White, Lewiston, was a luncheon guest Monday in the R. L. Blewett home.

H. F. McCollister of Orofino is here spending the week with his son-in-law and daughter, Mr. and Mrs. Manning Onstott.

Mrs. Gary Abbott and baby daughter, Brenda, arrived here Monday from San Louis Obispo, Calif., to spend some time visiting her parents, Mr. and Mrs. Wm. Bamberg, and other relatives. Mrs. Wm. Bamberg, Sr., of Burns, Oregon, mother of Wm. Bamberg, is also a house guest, arriving here Thursday of last week.

Randy L. Wallace 1C3/c, drove in from Portland Monday evening and will spend two weeks of his leave here with his grandparents, Mr. and Mrs. L. A. Wallace.

Mr. and Mrs. Jack Lohman and family of Leland and Mr. and Mrs. Burton Souders, Jr., and family were Saturday evening guests of Mr. and Mrs. Max Clemenhagen and family.

Mrs. Ross Armitage of Winchester was a Monday visitor here in the home of their son-in-law and daughter, Mr. and Mrs. Max Clemenhagen and children.

Mrs. Norris Walker, Clarkston, and Mrs. H. C. Schupfer were Monday visitors in the home of Mr. and Mrs. Donald Eichner and family.

A large delegation of basketball fans from the Kendrick area attended the game at Moscow Friday evening, when Gonzaga and the U. of I. played.

4-H CLUB WEEK

March 4 to 11 is observed as National 4-H Week.

In recognizing this week the Good Doers 4-H Club is displaying several projects in the big display window at Long's Store in Kendrick.

NEWS NOTES FROM OUR HIGH SCHOOL

Junior Class Play

In this week's peek at "Terror In The Suburbs" we see nervous Marcia Cloud, played by Alice Wright, who is the frightened but gallant widow of the late Rodney Cloud, trying to get her husband's corpse tucked safely away in her room at the old Page mansion.

During the same evening two innocent girls, Betsy Forrester, played by Sally Glenn, a lovely "guy-shy" girl and her naive, man-hunting pal, Carla, played by Carol Waddington, find themselves engulfed in the middle of a murder of which they know nothing.

School Assembly Program

There will be a School Assembly program, Friday, at 2:00 p. m., in the high school. The program consists of a Musical Assembly from the Lewis-Clark Normal School at Lewiston. The public is invited to attend.

Take Development Tests

Twenty-four ninth and tenth grade students at Kendrick High School will get an objective insight into their scholastic development by having participated in the National Educational Development Tests, Delbert Clear, principal, said today. The tests were given at 9 a. m., Tuesday, March 7, at the same time the National Merit Scholarship Qualifying Tests were written by the juniors.

Last year over 300,000 students in 4,461 schools throughout the nation took the tests.

Prepared and administered by Science Research Associates in Chicago, the annual three-hour NEDT examination provides scores in English, social studies, mathematics, natural sciences and word usage.

Each participating student will be able to plot his scores on a Student Profile Leaflet, to learn how he compares with other students at his grade level in the country. This evaluation of educational strengths and weaknesses, says Mr. Clear, will help students plan their high school and college courses and make career decisions. The tests also enable the teachers to spot talented students, so that they may receive realistic guidance and motivation early in their educational career, he said.

Juniors Take Tests

All eleventh grade students at Kendrick High School took the National Merit Scholarship Qualifying test, Delbert Clear, principal, announced today. The test was administered at the high school at 9:00 a. m., Tuesday, March 7.

The test is a three-hour examination of educational development, and is the first step in the seventh annual competition for four-year Merit scholarships.

The number of scholarships awarded in any year depends upon the extent of sponsor participation. In 1960 831 scholarships were awarded; 514 by 115 sponsors and 317 by the Merit corporation.

The scores of students who took the tests on March 7 will be reported to their schools before the end of the spring semester in time for use by class advisors. The scores are used in many high schools to help students make decision about college attendance and fields of study. Many students who do not expect to win a scholarship take the test in order to learn more about their individual strengths and weaknesses in the areas measured by the tests.

Each semi-finalist will be asked to take a second examination. Those who repeat their high performance will become finalists.

The scholarship stipends are based upon financial need. The minimum award is \$100 and the maximum is \$1,500. The average in 1960 was \$327.

Dental Health Program

The Dental Health section of the Idaho Department of Health participates in public health activities that will improve the oral health of the residents of Idaho. The improvement of oral health is sought through educational and preventive programs. In the rural areas of our state the best available facility for conducting programs of this nature is the mobile dental health unit which is operated by the Dental Health section in cooperation with the Idaho State Dental Association.

Programs are carried out by State Health department teams which staff the mobile dental health unit. Children four years old, or in Grades 2 or 5, accompanied by a parent, are seen by the team members. Each child is examined for dental defects and the findings are discussed with the parent. The child also receives individual toothbrushing instruction and a free toothbrush, a rapid prophylaxis (polishing of the teeth) and an application of a stannous fluoride solution which aids in reducing of tooth decay.

The programs have been designed with the following objectives in mind:

1. To improve oral hygiene by teaching correct dental health habits to parents and children.
2. To increase the amount of dental care received by emphasizing the importance of regular visits to the dentist.
3. To reduce dental decay by applying a fluoride solution to the teeth.
4. To improve dental health education by providing consultant services to teachers.

CLUB IS SPONSORING SCIENCE FAIR ON MARCH 17TH

The H-2-O Science Club is sponsoring a Science Fair in the high school gymnasium, Friday, March 17th. The purpose of this fair is to promote the interest of science in the students of the school district. There are eleven divisions, which are as follows:

- Grades 1 through 3 — General Science.
- Grades 4 through 6 — General Science.
- Grade 7 — General Science, and Biology.
- Grade 8 — General Science, and Biology.
- Grade 9 — General Science and Biology.
- Grades 10 through 12 — Chemistry.
- Grades 10 through 12 — Biology.
- Grades 10 through 12 — Physics.

The Fair will be set up Thursday, March 16th, and will be judged on Friday morning, March 17th. It will be open to the public Friday afternoon and evening. There will be no admission charge for the fair.

A "Science Carnival" will be held at the Fair, also, with admission being charged for this event, the proceeds to be used to help finance the trip to the Science Fair in Spokane. There will be concessions at the Carnival.

Everyone is urged to attend.

LEWISTON AUTO SHOW TO BE HELD THIS WEEK-END

The Lewiston Automobile Dealers Association will hold a new car auto show at the Nez Perce County Fair building in Lewiston Orchards, this week-end. The big show will feature some 80 new cars handled by the Lewiston dealers.

One of the highlights of the big three-day showing will be a variety show starring Dick Contino, nationally known accordion player and recording star. Contino, now playing in Las Vegas, will come to Lewiston with the "Standouts," to perform in six shows during the week-end affair.

Jim Kochel, chairman of the Lewiston Automobile Association, said that this year is the first time there has been sufficient facilities to hold a car showing of this kind, and feels that if it is successful, the Association will try to make it an annual event.

The Auto Show will also include a number of antique autos and some education displays, Kochel said.

The three-day event should provide a top collection of the 1961 car models, as well as a first class variety show. Car showings will be from 1:00 to 10:00 p. m. on Friday and Saturday, and 2:00 to 9:00 p. m. on Sunday. Contino will have two shows each day.

"All are invited," says Kochel, "to come out and enjoy the first really big showing in the Lewiston area."

Q. Is it possible to sharpen scissors with a portable electric bench grinder?

A. Scissors can be touched up if you have a good-quality, fine-grit wheel in your bench grinder. Apply the blade so the bevel lies accurately upon the wheel with the blade crossing it at right angles. Draw the blade across the wheel from heel to point.

Do not run the blade back and forth, but start each stroke at the heel of the blade, and be sure

Start each stroke at heel of blade when sharpening scissors.

to dip the blade in water frequently to cool the metal. When finished rub the blades lightly with steel wool before cleaning.

Tips from readers:

For persons who use a ladder a great deal, identify the center of balance once and for all by painting a band around each side member. When you have to carry the ladder, pick it up at one of these marks and you can walk away without having to juggle it to and fro searching for the balancing point.

You can avoid cracking plaster walls when hanging pictures if you drill the hole for the nail with an electric drill. Be sure the hole is a little smaller than the nail. For an added precaution put a small piece of masking tape over the spot before drilling.

The life of abrasive sheets used with portable power sanders, especially disk types, can be lengthened by covering the back of the abrasive sheets with masking tape. By doing this racking and tearing of the abrasive is discouraged when they are subjected to long periods of activity.

MRS. OLIVE LAHATT, FORMER KENDRICK RESIDENT DEAD

Mrs. Olive Mae LaHatt, former resident of the Kendrick area, died early last Tuesday, Feb. 28, at Deaconess Hospital, Spokane. She was 55. Mrs. LaHatt had suffered from Parkinson's disease for several years but was hospitalized only a few hours before her death.

She was born February 15, 1906, in Nebraska and the family moved to the Kendrick area, where she was educated. She married James Smith at Kendrick about 1930 and they lived in Spokane, where he was stationed with the U.S. Army. He died of a heart attack in 1940. She later married Herbert C. LaHatt, who survives at the Spokane home.

Also surviving are one daughter, Mrs. Beatrice Ann Horan at Mitchell Air Force Base, N.Y.; one son, Russell of Spokane; two sisters, Mrs. Ted Vaughn of Spokane and Mrs. Joe Landa of Lewiston; and two brothers, John and Jim Keeler of Antioch, California.

The funeral was held Friday at the Thornhill-Geraghty Funeral Home, Spokane, with burial in Spokane.

Nothing is sadder than a once beautifully frosted cake or meringue pie that has been damaged by sliding around in a food carrier. Prevent this by pouring melted paraffin in the bottom center of your carrier. Place the cake plate or pie tin in the warm wax. When the wax sets it will keep the cake or pie solidly anchored.

COUNT BEAVER ANNUALLY

Fish and Game department workers annually make aerial-ground counts of beaver colonies like this one

as control measures to prevent overpopulation in the back country from causing down-stream migration by younger generations in numbers large enough to collide with civilization and cause complaints.

When too numerous in cultivated areas, beaver often flood fields and

wreck irrigation ditches and the like, causing complaints, requiring their removal to the back country. General trapping seasons now are used to control their numbers in such areas. In the past they were frequently live-trapped and transported to new areas.

WWP URGES KITE FLIERS TO FOLLOW EASY SAFETY RULES

The Washington Water Power Company this week urged all Latah county youngsters who enjoy flying kites "to get more fun out of the sport by observing a few simple safety rules."

Dean Hollenbeck, Kendrick local representative for WWP, said the use of wire or string with metal thread in it for flying kites is a serious threat to the safety of anyone who uses it for such a purpose.

We have noted an alarming increase in the number of power outages caused by kites being flown with a metallic thread in it," Hollenbeck said. "The youngsters who were flying those kites are lucky to be alive today."

He noted that the dangerous metallic string often used for kite flying is left-over Christmas gift wrapping string that has a gold or silver thread through it.

Dean said that recently almost half of the city of Spokane was without electric service when a kite with aluminum strips for a tail fell into one of the company's distribution lines.

"Outages like this cost the Company and its customers thousands of dollars," Hollenbeck said, "but even more important, it could easily cost the lives of several people."

He urged parents to look at the kite strings being used by their children and make sure they are of plain cotton or nylon cord. "And, try to get them to do their kite flying well away from power lines, too," he said.

COMPETITION KEEN FOR SCIENCE SCHOOL

Competition for the opportunity to take part in the two eight-week University of Idaho National Science Foundation summer institutes for high school science and mathematics teachers is keener than ever.

More than 2,200 inquiries have been received from teachers interested in being one of the 110 chosen to study at the two institutes under a grant of \$186,100 from the foundation.

Dr. Edgar Grahn, associate professor of chemistry and director of the Summer institute for high school Teachers of science and mathematics said, "the total number of inquiries is about equal to the total of those last year."

This is the fifth consecutive year that the university has been awarded funds for the institute. Enrollment this year is 75 teachers, an increase of 15 over the 1960 institute. A grant of \$94,000 has been provided for this summer session.

An additional amount of \$41,900 was awarded for the second Mathematics institute for junior and high school teachers. This institute is designed to serve teachers who have had only limited mathematics training, but, because of a shortage of mathematics teachers, must do some instructing in the subject.

A total of 35 junior and high school teachers will take part in the mathematics institute directed by Dr. Kenneth A. Bush, head of the mathematics department. More than 1,000 inquiries for this institute have come from every state in the union, Puerto Rico and Germany.

COPTERS FLY 2,000 FOREST MISSIONS

Missoula, Mont. — Whirlbirds are here to stay. That's the opinion of foresters who used helicopters on nearly 2,000 missions on northern region national forests during the year just ended.

The 'copters played a key role in combating last summer's outbreak of forest fires. They were used on engineering projects, range improvement and disease control, and other management jobs. Helicopters hauled 1,400 passengers, 70,000 pounds of cargo and 46 tons of grass seed for the

northern region forests last year.

Eleven of the machines were on fire missions during the July outbreak of forest fires in Montana, northern Idaho and northeastern Washington. They hauled fire fighters, fire retardant and fire cargo. They were used to detect new fires and to scout going fires. Helicopters put in a little less than two-fifths of their flying time on direct fire control work, and a little over two-fifths on work related to fire. This included re-seeding burned areas with 92,000 pounds of grass seed, ferrying from one fire to another or from airports to fires and other projects, and doing chores and studies on fire lookout and back-country helicopter landing spots.

About one-fifth of the helicopter flying time in the northern region went into non-fire projects. Included were 88 hours spent on 8,300 acres of range improvement spraying, 150 hours on engineering projects, and 70 hours of blister rust control spraying of antibiotics.

Helicopters were used about twice as much last year as they were in 1959. Much of the increase in use was due to the unusually severe fire season, but 'copters are proving themselves well adapted for more and more types of work.

Q. Could you please tell me how to repair stripped threads on pipes, bolts and other such metal?

A. There is a quick—and economical—way to make permanent repairs on stripped, worn or otherwise damaged threads in any type of metal. It is through the installation of screw thread inserts available in kit form with the proper tool.

The operation is simple. Old threads are drilled out (broken stud and all, if there is one), the hole retapped with a special instrument, and the screw thread insert is wound in with the special tool provided for this installation.

Screw thread insert kit repairs stripped threads quickly, economically.

The once stripped or damaged threads are back to their original size in minutes with this commercial coil, and stronger, smoother than ever. A tapped hole repaired with one of these inserts resists all future wear, bending, corrosion, seizing and galling.

Kits contain the special inserts, but are available in a great range of sizes—6-32 to 1 1/2 inch National Coarse and 6-40 to 1 1/2 inch National Fine, including spark plug metric inserts and taper pipe thread inserts.

This thread repair innovation cuts costly down-time and production bottlenecks, prevents sound preventive maintenance and eliminates unnecessary grinding, plugging, enlarging and scrapping formerly repaired threads.

This product is perfect for threading brackets, pipe, necessary machinery, and things on machinery, and hand vehicles, equipment, stances, buildings and furniture.

PARK PATTEN
By Mrs. Ben J. Smith

NOTE ON THE WEATHER — March came in "like a lion" and then some at Park. Mother nature used everything in her bag of tricks be-

fore that day was finished. We had snow, sleet, rain and hail, and mixtures of those things all day. Let's hope she knows the old saying "in like a lion — out like a lamb" as well as we do. We had two inches of snow Thursday and another two inches Sunday afternoon.

PINOCHLE PARTY — The bi-weekly pinochle party was held at the school house Saturday evening with only a small group present because of the weather. Those from Deary were Mrs. Dorothy Lancaster and John. Those present from Park were Mr. and Mrs. Charley Enger, Linn and Kathy, Mrs. Karl Enger, J. D. Baumgartner, Charles Gudmunson and Mr. and Mrs. Jerry Smith and children. High prizes were won by Jody and Jerry Smith; lows went to Mrs. Lancaster and Linn Enger.

FIRST BIRTHDAY NOTED — Lewis Smith was honored on his first birthday anniversary last Monday, when Charles Jelleberg called for supper, and Mrs. Hazel Enger and Linn joined the group for birthday cake and ice cream later in the evening.

OTHER ITEMS — Visitors at the Gudmunson home, during the week were Mr. and Mrs. Jerry Smith and family, on Wednesday. The Gudmunson's daughter and son-in-law, Mr. and Mrs. Louis Miller and children, for the week-end.

Mr. and Mrs. Charles Stratton spent a few days visiting in Spokane, last week.

Mrs. Dorothy Lancaster and John called at the Enger home, Saturday. Mr. and Mrs. Jerry Smith and children visited at the Albert Lawrence home at Golden Rule, Sunday.

MORE JULIAETTA

(Continued from page 1)
Fourth Grade — Marcella Osborn is absent this week, being ill with the mumps.

Magazine Sales — The fifth and sixth grades brought their magazine sales to an end Friday, March 3. We wish to thank everyone who took part in buying new or renewing old subscriptions through the school.

The fifth grade brought in \$308.50. The sixth grade had the most with \$388.46, with a grand total of \$696.96. The students of the fifth and sixth and the grade school got \$235.74.

Top salesman was Janice Galloway of the fifth grade, and Pat Johnson of the sixth grade was second high.

With part of the money they have purchased and received two tumbling mats, and they are making good use of them.

The students are now waiting for their own gifts, which they will receive for selling the magazines.

Students that will receive the Curtis Circulation Co. Certificates for selling over \$30.00 worth are: Janice Galloway, Pat Johnson, Margie Smith, Kathy Farrington, Bobby Meserve, John Bogar, Stanley Wilson and Carole Farrington.

A drawing table that can be adjusted from 30 to 36 inches in height makes an ideal project for the handyman who designs much of his work and needs a planning board for the workshop "office." It is designed for use with the modern adhesive tape technique of holding drawings. The table has a linoleum top that is ideal for light reflectance and eliminates a back-up sheet of paper.

A flat, stable soft wood — such as Philippine mahogany or white pine — may be used if another material is desired.

Adjustable drawing table — ideal handyman project

The table top itself is 32 x 60 inches and is made of 3/4-inch ply wood. It is held in the "stretcher" which adjustments in table height project also features.

Only tools required for this handy workshop project are an electric saw, model — and an orbital sander. (Free plans for this drawing table may be written to the Thor Center, Marengo, Ill., and Plan No. DT#01.)

From the mailbox: Q. Can I use steel bits for boring in wood? A. Yes. Because steel bits are made of a harder material than wood bits in steel it is — and incorrectly — believed that steel bits cannot be used.

THE Bull itin

Published Weekly by the Union Oil Service at Kendrick
W. L. "Bill" Rogers, Editor

HELLO, FOLKS:

How many of you believed us when we said, "Inspect that stove oil tank now"? You see, it did turn cold — and there's always that possibility again. Call us at 4251.

"I just can't understand why you are always worrying about nothing, Henry," an anxious wife said to her husband.

"Because that, my dear," he replied, "is exactly what I've got left in the bank since I paid my income tax!"

Let us grease and completely service your car, pickup or truck. A squeak-free well lubricated vehicle is a pleasure to own and drive! Bring it in tomorrow.

"My husband is certainly easy

on his clothes," said Mrs. Mc-Twist. "He bought a hat twenty years ago, had it cleaned twice and exchanged it seven times in restaurants, and it still looks as good as new!"

Come in and let us drain out that winter-worn oil and replace it with Union Royal Triton — the best beyond a doubt. Enjoy the pleasure of a smooth running motor again.

Clumsy: "Honey, life was just one big desert until the day you married me."

Wife: "So that's the reason you dance like a camel!"

Warning — Don't smoke in bed. The next ashes to fall on the floor may be your own!

BETTER DIESEL PERFORMANCE

When you use RPM DELO Lubricating Oils, your diesel engines spend more time working, less time in the shop. It stays on parts whether engine is hot or cold, running or idle. Special compounds prevent deposits that clog and stick rings.

To extend the useful service life of your diesel engines and reduce down time, use RPM DELO Lubricating Oils.
