It Looks Like We're In For It Again SCHOOL DISTRICT GOES ON, BUSINESSSES FAVOR, TOWN UNDECIDED ON FAST TIME

A long-disputed issue, Daylight Saving Time, was favored this week by District No. 283 school directors, while village officials remained uncommitted. Most Kendrick business men favored the issue in a poll taken Tuesday morning.

In the poll of 28 Kendrick firms, thirteen favored daylight saving time; five said they did not care and would go either way; three were bitterly against the issue, and three not available for comment.

Last year Kendrick was committed to the new time, but the school district did not go on "fast time." This year the schools will definitely go on Daylight Saving, while the village remains uncommitted.

The change will go into effect for the members and students of the school district on Sunday, April 29, at midnight. This means that before those being affected by the time change retire Sunday night, they will have to advance their clocks one hour.

Mr. and Mrs. Dennis Racicot, co-presidents.

Mrs. Dean Hollenbeck, vice president.

Mrs. Luther Parks, secretary.

Mrs. Robert Hutcherson, treasurer. Clive Lindsay, music instructor, announced the annual Spring Concert would be held Tuesday, April 24th at 8:00 p. m. at the High school. He also is planning to organize a community band and chorus to meet this summer, and stated some school instruments would be available for use.

Rosalie Malo and Sharon Fey gave an interesting account of their trip to the State F. H. A. convention, held at Pocatello in March.

Mr. and Mrs. Harold Blood of Palouse, District Vice Presidents, were present on an official visitation.

The Juliaetta third grade received the Toy Tiger for having the most parents present.

Delightful refreshments were served by the Juliaetta ladies at the close of the meeting.

CANCER FILMS TO BE SHOWN TUES.

There will be two cancer films shown at the Home-Ec room at the Kendrick High School next Tuesday, April 24, at 1:30. They are entitled: "Time and Two Women" and "Breast Self-examination." Each film is 15 minutes long.

Mrs. Martha Tomlinson, County Health Nurse, will be present to answer questions.

He was taken to the Gritman Hospital at Moscow by Ellis Anderson, another of the company employees, and Mrs. Kuykendall. He is showing improvement, but it is not known at this time when he will be released from the hospital.

On Thursday, April 12, a daughter was born to Mr. and Mrs. Joseph Groseclose (nee Norma Clayton) now of Lewiston, at the Tri-State Memorial Hospital, Clarkston. The little lady has been named Connie Sue, and weighed in at 7 lbs., 15 oz. She joins a sister.

W. F. JENNINGS, SOUTHWICK, DIES SUNDAY AT HOME

William F. Jennings, 73, retired woodworker and a resident of Southwick since 1921, died of a heart attack at 2:15 a. m. Sunday at the family home. He had had a heart condition for 10 years. He also had been a cancer sufferer for a number of years.

Mr. Jennings was born June 17, 1888, in Miami County, Ohio, and lived in Ohio until moving to Southwick. He was united in marriage to Cora H. Counts at Troy, Ohio, July 24, 1909.

Surviving besides his wife, are two daughters, Mrs. Helen Cowger of Southwick, and Mrs. Margaret Candler of Bovill; a son, John W. Jennings, Lodi, Calif.; a sister, Mrs. A. K. Howell, Springfield, Ohio; a stepbrother, Carl Wilson, Troy, Ohio, and 11 grandchildren and eight great-grandchildren.

Funeral services were held Wednesday, April 18 at 11:00 a. m. at the Brower-Wann Chapel in Lewiston, with the Rev. James Rosentrater of the Southwick Community Church, and the Rev. Harold Pressnell of the Lenore United Brethren Church officiating. Interment was in the Southwick Cemetery.

FIVE POST V. F. W. MEET HERE SUNDAY

The five posts making up District No. 2 of the Veterans of Foreign Wars meeting in Kendrick Sunday, voted to purchase a set of slides and sound equipment dealing with Americanism, the set to be made available to student groups and organizations. Subjects covered by the slides range from flag etiquette to methods of combating communism in communities.

Those attending were told the district is now the top one in the state from the standpoint of activities and membership. All five posts were reported engaged in youth activities and community service projects.

The group of 40 attending from Moscow, Deary, Kendrick, Lapwai and Lewiston, also discussed making their blood bank an individual post agency rather than a district agency as it is now. No action was taken on this problem, however.

Reports from posts showed that the gymnasium of the old Kendrick High School is being converted into a post home, that the Kendrick post will participate in the community's Locust Blossom Festival May 26th, and that the Lapwai post has started its Junior baseball program for this year.

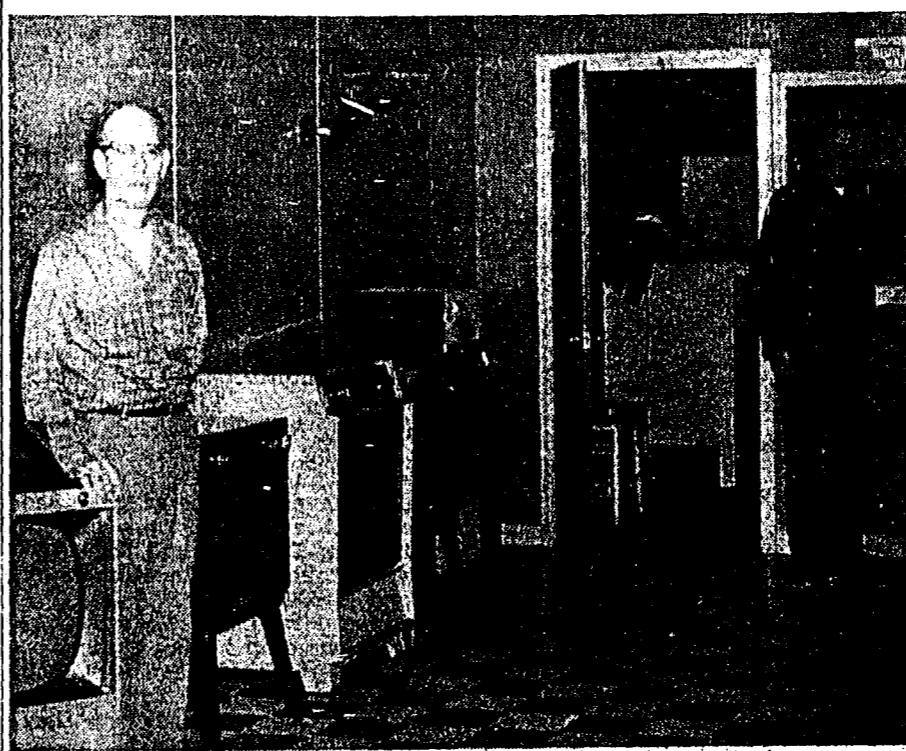

The next district meeting will be June 3, at Lapwai. Officers will be elected. Wallace Wheeler, Lapwai, is the present district commander.

LOCAL HAPPENINGS IN CAPSULE FORM

MRS. JOHN HALL IN CAR ACCIDENT

Mrs. John Hall (nee Frances Rowden) escaped with minor injuries and her infant child was uninjured Thursday morning when their automobile traveled down a 45-foot embankment and rolled over twice on U. S. Highway 95.

Mrs. Hall received cuts on her feet, ankles and legs. Lisa, 13-months, a passenger in the back seat of the 1960 Volkswagen, was bruised and shaken.

Sheriff's Deputy Walter Heitmann, the investigating officer, said the one-car accident occurred one mile east of Hatwai Creek at 7:00 a. m.

Mrs. Hall was proceeding toward Kendrick to visit her parents, he said, when she reached into the back seat to get the baby bottle. She lost control of the automobile. It went across the right shoulder, struck a metal guardpost and went down a 40-foot embankment on the south side of the road, traveling to the creek bed.

Mrs. Hall went to a nearby farm home to telephone her husband and the sheriff's office. She was treated by a Lewiston physician. Damage to the car was estimated at between \$800 and \$1,000.00.

The men fished at Clear Lake in Washington, opening day, and reported good luck.

Mr. and Mrs. Marvin Long were week-end guests in the home of his brother-in-law and sister, Mr. and Mrs. James E. Key, in Spokane.

Mr. and Mrs. Bob McCall and daughters of Lewiston were Sunday guests of his parents, Mr. and Mrs. Walter McCall.

MEET THE TEACHERS OF JOINT DISTRICT 283

EDITORS NOTE: The following article is the sixteenth in a series which is designed to acquaint the people of Joint School District No. 283 with the teachers of the district, in a brief resume of their work and their educational qualifications. The series is slated to cover all of the teachers now employed by the district.

Doris Merrick was born in Bellevue, Idaho, to the proud parents of Mr. and Mrs. John Wright. She attended grade school and graduated from school at Bellevue. After graduation Doris attended the College of Idaho at Caldwell and received her Bachelors of Arts Degree in Education.

MRS. GEORGE MERRICK
K.H.S. Librarian and Teacher

After graduation, in one of her first teaching positions, she met another teacher, George Merrick and they were later married. They now have three grown children; Harry, Mariann and John. Mr. Merrick is also on the faculty of school district 283. The Merricks have been in Kendrick for eight years. Their children are all teachers. The boys are now following the vocation of their parents.

Mrs. Merrick has taught school for twenty-four years in various places throughout Idaho and Washington. She has attended Washington State University, Pullman, Wash., Utah State, Logan Utah, and the University of Idaho, Moscow, Idaho, as a graduate student.

Mrs. Merrick is the high school librarian. Besides her library work she teaches Senior English, French I, and II. She also directs the Senior Class play. This past year she directed the "Lovely Duckling". Mrs. Merrick is also one of the senior Class Advisors.

Mrs. Merrick states she does not have a hobby, but thinks that everyone should have some leisure activity. In the summer time Mr. and Mrs. Merrick do quite a bit of traveling, visiting their children and it is not a bit uncommon to see them on various streams throughout north Idaho.

Mrs. Merrick is a member of the National Education Association, Idaho Education Association, The Local IEA, and Delta Kappa Gamma.

This week we salute Mrs. George Merrick for her exceptional work and devotion to the field of Education and the unselfish time she devotes to her work. We are truly fortunate to have Mrs. Merrick as one of our teachers.

DOGS, DOGS, DOGS! KENDRICK OVERRUN WITH THEM!

The author of this article has been a Kendrick resident for almost thirty-three years, and I can truthfully say I cannot remember a time when Kendrick was as over-run with dogs — most of them apparently un-cared-for mutts — than right now. The other morning while working in the front yard at my home I counted seven dogs — and of these I recognized only one — it belonging to a neighbor. The rest were apparently unattached, and just wandering!

I think that pets are fine, I love them myself, but I also believe they should be cared for, and not allowed to roam the streets and alleys day and night — damaging shrubs and flowers, tipping over garbage cans, trampling new lawn, "watering" porch pillars, and in general making first-class nuisances of themselves.

Most of the "mutts" we see running the streets and alleys wear no collars and apparently have no licenses.

Kendrick has a dog license and care law — and we believe that it's time it was enforced, and right up to the hilt! It would, no doubt, eliminate a great many of the pests!

WINDHAM-ARNETT NUPTIALS

Roxana Windham, Kendrick, and Lloyd Arnett, Juliaetta were married April 6th at Coeur d'Alene. They are making their home in Juliaetta. Mr. Arnett is an employee of the Lewiston Grain Growers.

FRIDAY UNLUCKY

Friday, the 13th, proved unlucky for Mrs. Harlan Fey, as she drove into town to her work at Wally's Korner that morning.

Mrs. Fey got a bit too far out on her own side of the road, the soft shoulder caught the car and drew it into the ditch. Before she could stop she hit the abutment on the approach to the Wm. Holt farm home east of town, doing considerable damage to the car.

Luckily, she came out of it with just a wrenched and sore shoulder.

NITROGEN CAN INCREASE YIELDS
 U. of I., Moscow — Nitrogen added to grassland areas can increase the yields up to 250 percent, A. E. Slinkard, assistant professor of agronomy at the University of Idaho, reported, following three years of study on fertilization of intermediate wheat grass in northern Idaho.
 "First year results using 50 pounds of nitrogen had little effect, possibly due to inherent fertility of the soil," said Prof. Slinkard. "However, the

same application increased yields 250 percent in the second and third years."
 In the third year of tests, tonnage yields through the use of 50 pounds of nitrogen were nearly three tons per acre. This compares with one ton per acre where no nitrogen was applied.
 Still higher yields in grassland areas were obtained when alfalfa was included, said Slinkard. The main effect here was the maintenance of high yields over a long period of time.
 Although test results were obtained in intermediate wheatgrass fertilization, the agronomist said the results are applicable to other grasses in northern Idaho.

U. OF I. TO HOLD BLOOD DRIVE
 The University of Idaho, known as the "Bloodiest Campus in the Northwest," has set April 17, 18 and 19, as dates for its annual Blood Drive, with a quota of 760 pints sought for the three days. The twelfth annual drive is organized and run completely by the students with approval of the American Red Cross and the University.
 Since the beginning of the drives in 1950, a total of 13,972 pints of blood have been donated by students, a record not duplicated by any college of comparable size in the United States, according to the Boise Regional Blood Center. During the Korean conflict and until the end of 1953, blood drives were held both in the fall and spring, with no attempt to set a maximum quota. The largest single drive, in 1953, which yielded 1,671 donations, set a nationwide university percentage-wise record with over 60 percent of the student body actually donating a pint of blood.

It happened 100 YEARS ago

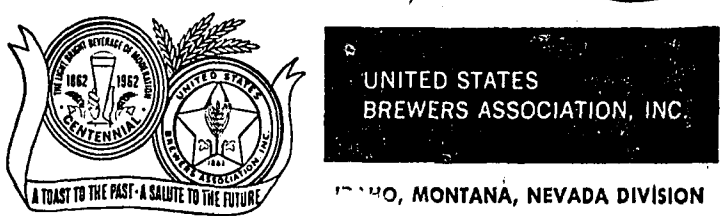

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862 . . . the same year that

IN IDAHO a steamer carrying 700 miners from the dwindling gold fields of California arrived in Idaho to search for gold in the Coeur d'Alenes where E. D. Pierce had discovered it two years earlier. Early day miners enjoyed beer, when available, just as Idahoans today continue to find pleasure in beer.

For then, as now, beer was the traditional beverage of moderation — light, sparkling refreshment that adds a touch of Western hospitality to any occasion. Idahoans have always enjoyed the good fellowship that goes with every glass.

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

THE HILL OF CALVARY

Up to Calvary's Hill our Savior trod,
 Without giving just one small nod;
 With the people's sinful mocking and their scorn,
 He bore the painful, painful crown of thorns.

He carried the cross up Calvary's Hill
 'Twas under his own power and will;
 And when he reached the plot of ground,
 It was there he was hung, tied and bound.

So there on the hill of Calvary,
 My Savior bled and died for me;
 To save the whole world from eternal sin

And to make our hearts pure and warm within.
 — Michael R. Maund (age 17)

BY ALM BETTS

April 17 — Gus Beyer of Wisconsin is visiting his brothers, Emil and Herman, and an aunt at Plummer. There will be a "Tenebre Service" at the Cavendish Church at 8:00 p. m., April 19th. This Service can be traced back to the 8th century A. D., which makes it one of the oldest still celebrated by Christians, and one of the most meaningful. Tell all your friends and neighbors to attend.

Mrs. D. V. Kuykendall attended the Cavendish Womens' Society of Christian Service at the home of Mrs. Carl Beal, at Peck, Tuesday of this week.

Mr. and Mrs. D. V. Kuykendall received word Friday evening that his brother, Jack, of Kendrick, was in the Moscow hospital. They went to see him on Saturday, and Mr. Kuykendall went again on Monday. He is getting along as well as can be expected, but needs rest.

Mrs. Roy Martin attended the Missionary meeting at the C. A. Cuddy home on Friday.

Mrs. Gloria Wilson and sons visited at the George Finke home on Sunday.

THE EASTER STORY

Sweet is the Easter story
Born of this Holy day,
Telling of Jesus' glory,
Rolling the stone away —
And from my heart's glad singing,
Singing across the years,
Future days — joys are bringing,
Bringing to dry your tears —
More of the Easter story
Attend you along life's way,
More of His love and glory
Be yours on this Easter day.

SCHOOL FORESTRY TOUR SCHEDULED

Moscow — Seven schools and 340 students will participate in the Latah County School Forestry Tour scheduled for Tuesday, April 24th.

Weather permitting, the school busses from all corners of the county will assemble at the Palouse Valley Tree Farm Demonstration Area from 9:00 to 10:00 a. m. Radio station KRPL will announce between 6:30 a. m. and 8:00 a. m. whether the tour will be held or postponed to the following day, April 25th.

The demonstration area was established by Potlatch Forests, Inc., in 1957, to show the results of woodlot management practices. The attractions of the area include a pine planting, four thinning and pruning plots and a timber management area. Three stations of the twelve-station tour will deal with these topics.

The Foresters presenting these topics will be Gary Ringold, Phil Kline and William K'lie, all of Potlatch Forests, Inc.

The U. S. Forest Service will manage the following stations: Recreation, range management, fire prevention and multiple use. The Foresters concerned will be Jerry Moore, Ed. Laven, Atley Wernerman and Del Jaquish. Kenneth Rieragard, soil conservationist, will man the station on Forest Soils. Ray Johnston, a sawmill operator from Deary, will handle the station on wood products. Phil Wooline, College of Forestry, at the University of Idaho, will show examples of important forest insects and diseases. John Hunt, also of the College of Forestry, will assist Jerry Moore on the recreation station.

Hale Ebling, Conservation officer of Deary, will lead the discussion on wildlife management. Gene Farmer, woodland forester, Troy, will show important points in tree and shrub identification.

This tour promises to be an important experience in learning for all seventh graders.

To help in evaluation, the Daily Idahoian at Moscow will again sponsor an essay contest which will be open to all students participating in the tour.

Norm Berg, chairman of the Latah County Farm Forestry Advisory committee, will act as official greeter as the busses arrive.

Winthrop Shattuck of Potlatch will assist directing students to their stations.

GLORIOUS SPRING WEATHER

It would be all but impossible to find anywhere, more glorious spring weather than we of the Potlatch river valley have been enjoying this past week.

Throughout most of last week the days were filled with bright sunshine, and the mercury read in the high 60s and low 70s — capped by an 84-degree reading on Friday — a reading which the U. S. Weather Bureau at Lewiston said equalled the all-time recorded high for that date.

Saturday was considerably cooler, and a warm rain fell. Sunday morning there was another short rainfall, and then the sun came out, the thermometer recording 73 degrees for the day's high. When the sun came out anyone who cared to listen could almost "hear the grass grow" and the tree leaves "pop." But for sure, the "popping" of power lawn mowers could be heard all about town — and residents spent considerable time in "the great out-doors."

Tuesday the mercury indicator on the "official" thermometer read 80 degrees — and cases of "spring fever" were plainly visible all over town. It seemed as if anyone willing to work soon had a half dozen "sidewalk superintendents!"

The Potlatch river was on the rise Sunday, and carried a peculiar milk-white color, evidently run-off from the Bovill area. Bear creek was running "chocolate," and where the two converge just at the east edge of Kendrick, the contrast really was plain.

Loggers say woods roads are still far too soft for any trucking, but some woods work is being done, anyhow.

SCHOOL NOTES

Sixth Grade
The sixth grade held their class election. Results were as follows:
President, Carolyn Siffow.
Vice President, Dean Weyen
Treasurer, Roger Witt
Secretary, Gary Draper
Librarian, Janet Schmidt
Reporter, Carol Farrington.

The fifth and sixth grades are making posters for April 18, which is for "I Am An American Day." The posters will be judged for a first prize of \$3.00; second prize \$2.00, and third prize \$1.00.

Our class wrote a paper on "What Easter Means to Me." We voted for the one we wished put in the paper, and this one was chosen:

What Easter Means To Me
A day which comes between March 22 and April 25. On this day Christ arose from the tomb. The symbols are the Cross, which represents the Crucifixion of Christ; the Lights, which represent the Easter celebration, and the Eggs, which represent the new life. — Gary Draper.

We also wrote Easter poems and voted for the two best for the paper. The best poem was written by Jannine Holsington.

Easter
There was a little bunny that always dressed in pinks,
He always rode to church on his little lynx.
He learned about God and the Holy Ghost.
With lots of teachers he learned the most.
That little bunny learned what he could,
Then he went home and did what he should.
The second best poem was written by Carole Farrington:

Easter
The crucifixion of Jesus was on Good Friday,
On the hill of Calvary
They made a tomb in which they layed Him,
But he saved you and me.
In front of Jesus tomb there was placed a stone,
The tomb was guarded day and night,
But on Easter morning there was an angel sitting on the stone
And Jesus had risen and gone to heaven.

HELLO, THERE, FOLKS:

Well, perhaps spring has finally come — we hope so. But at any rate it's time to check that gasoline tank, diesel fuel tank, and your supplies of motor oil, greases and lubricants. Then give us a call at 4251. We'll be there in a flash with Union! Best!

A doctor was called to see a very testy aristocrat. "Well, sir, what's the matter?" he asked very cheerfully.

"That, sir," snapped the patient, "is for you to find out."

"I see," said the doctor, "then I'll call in a veterinarian. He is the only one who can make a diagnosis without asking questions."

Travel time is at hand. How are your tires? Come in and see the new Union Minuteman. The only

tire fine enough to carry our name. Fully guaranteed, reasonable in price. See it today. Sure, we'll trade!

"Sheriff," reported a perspiring deputy, "we've been giving that ventriloquist the third degree for over an hour. So far the stenographer, and two other deputies have confessed. Shall we go on?"

Don't continue to drive your car, pickup or truck with that winter-worn oil. Bring it in today for a complete servicing — with Union products, of course.

Bob: "But darling, haven't I always given you my pay on the first of the month?"

Jane: "Yes, but you never told me you were paid twice a month!"
