

## MURPHY CO. MAKING GOOD ROAD PROGRESS

The Murphy Construction Co. of Spokane, contractors on the state highway link between Kendrick and Southwick, are making splendid progress on this project. They have the preliminary cuts, and fills well underway between Cameron Junction and the top of the Wauncher Gulch grade, and Monday began the task of widening the grade itself. This latter operation will be somewhat slower than that on top of the hill, due to rock work.

Saturday evening about 7:30 they "blew" their quarry on Woodchoppers Flat, with, we understand, quite satisfactory results this time, the first blasting failing to produce the expected amount of rock. We understand that 21 tons of dynamite were used in the last explosion. The blast Saturday evening rattled windows as far away as Kendrick, and flying rock severed several telephone lines in that immediate area.

The company has taken fullest advantage of the fine Indian Summer weather to push the work. At the top of the hill traffic is now detoured past the Wilken home toward Leland, thence on the old Leland road past the Herman Meyer and Walter Crawford homes to the Cameron Junction.

Traffic is beginning to increase on Sperry Grade, as it permits avoiding completely the construction area — and should rain begin to fall — that might be a good area to miss, as a great deal of the Cameron road is now torn up.

## SHERI BEMENT BRIDE OF R. MILTONBERGER

Miss Sheri Rae Bement, daughter of Mrs. Roy Emmett, Kendrick, and Ronald C. Miltonberger of Warren, Michigan, were united in marriage on Saturday, September 22, at 10:30 a. m., in a quiet and simple ceremony in Spalding State Park.

The Rev. James W. Dougherty of the Church of God, Clarkston, performed the ceremony in the state park in a setting of all the natural beauty of colorful leaves on a fall morning. Only immediate family members were present.

Miss Bement graduated from Kendrick High School with the class of '61. Mr. Miltonberger is a graduate of Warren High School in Michigan, and has completed three years of Forestry study at Michigan Tech.

Mr. and Mrs. Miltonberger are at home to their friends in Orofino, where he is employed by the Clearwater Forest Service.

## FORTIETH WEDDING ANNIVERSARY

Mr. and Mrs. Gus Kruger were honored with a dinner Sunday, Sept. 30th at a Lewiston restaurant by their three daughters and families — the occasion being Mr. and Mrs. Kruger's 40th wedding anniversary, which is actually Oct. 4.

Those attending were Mrs. Dorothy Sinclair, Terry, Wendy, Skip and Marta, and Mrs. Bob Galloway, all of Moses Lake, Wash.; Mr. and Mrs. Ted Freeman, Mark, Linda, Bryan and Nancy, Lewiston; Mr. and Mrs. Roy Blankenship, Clarkston; Larry Blankenship and Mr. and Mrs. John Blankenship, Cameron, and the honor guests, Mr. and Mrs. Gus Kruger of Kendrick.

Following dinner the group spent the afternoon in the home of Mr. and Mrs. Ted Freeman.

## FARMERS BUSY

Most local farmers — at least those who are not on hunting expeditions — are busy these days with field work. The rains of Thursday and Friday are said to have been "just right" for fall seeding, plowing, and all the other field work that goes with farming. Some are operating tractors "round the clock" to take fullest advantage of the situation.

Previous to this rain most areas were said "a little too dry" for good field work" so many waited rather than turn up the soil in chunks.

## BUYS PIGS HERE

Tom Keene of Hooper, Wash., was in town Tuesday with a truck, coming over to purchase 68 pigs for the Keene's son, Ricky, who is a high school senior.

Ricky, who feeds and fattens the hogs during the hours when he is not in school, does very well on his business project, financially. It all began as a 4-H project, but has now reached the commercial stage.

## NEW ARRIVALS

### TARBET

Mr. and Mrs. Mike Tarbet, Kendrick are the proud parents of a son, born to them on Tuesday morning, Oct. 2, at the St. Joseph's Hospital in Lewiston. The little fellow weighed in at 8 pounds 7 1/2 ounces, and has been named Michael Wayne.

## JULIAETTA DOINGS IN PAST WEEK

MRS. ERVIN MABBOTT  
Phone 8-2794

### Among the Sick

Ben Brown's mother fell last Friday evening, and broke a hip. She had gone outside to empty a pan, and fell. She was taken to the St. Joseph's Hospital at Lewiston, where she will be a patient for several days. At last report she was doing nicely. Ernest Walsh is much improved. He suffered a set-back a week ago — but now, happily, is doing nicely.

### New Porch Being Built

Work is making steady progress on the porch and repairing of other damage to the Juliaetta Cash Store following the crash of last week.

A complete new porch, with pillars is being installed — the big logging truck having completely demolished the other one. Don St. Marie of Lewiston is the contractor.

### New Roof Being Done

The Pilgrim Holiness building is acquiring a new roof before the fall rains set in.

### Hunters To The Hills!

Hunting is the main topic of conversation these days — and locals have been going into the hills in "droves." To date, as always, some have returned, successful, some unsuccessful — with many still in the tall timber.

### Other Items

Week-end guests in the home of Mr. and Mrs. Ed. Galloway were Mr. and Mrs. Oscar Reinemer of Dishman, Wash. Mrs. Reinemer is a sister of Mrs. Galloway. Sunday of last week they joined a group in the Bovill park for a picnic.

Mr. and Mrs. Bill Walsh of Spokane were Saturday visitors in the home of his parents, Mr. and Mrs. Ernest Walsh. Mrs. John Walsh called Sunday, and Mr. and Mrs. Bill Lublow Sunday afternoon.

Mrs. Don Groseclose and family of Lewiston spent the week-end with Mrs. John Groseclose — while their husbands are away on a hunting trip.

Mr. and Mrs. John McGinn of Spokane were week-end guests in the home of Mr. and Mrs. Harold Olderness. Mr. and Mrs. Lloyd Absalson, also of Spokane, joined the group on Sunday.

Mr. and Mrs. Bob Anderson made a trip to southern Idaho last week, after receiving word that his father was very ill.

Miss Diane Barackman of Hermiston, Oregon, and Dick Mabbott of Pendleton, Oregon, spent the week-end in the Ervin Mabbott home.

Word has been received by Mr. and Mrs. Ernest Walsh that their granddaughter, Sharon, will be home Oct. 12, on a furlough. She will return to Great Lakes, Mich., to resume her nurses' training when her furlough ends.

### SCHOOL NOTES

#### Sixth Grade

The sixth grade class has completed their Mexican children, and they are now working on maps of South and Central America.

The class is going to prepare a scrap book, into which all current events will be pasted. This project will start in a week or two.

#### Chickens for Hot Lunch

Thursday, Sept. 27 Mrs. Gerald Schmidt donated 17 chickens, ready for cooking, and some tomatoes, to the Hot Lunch program. These items are very much appreciated by the students, teachers and the cooks — as all will enjoy eating them.

All wish to thank Mrs. Schmidt for her generous gifts.

#### Substitute Teachers

Mrs. Sally Manfull is teaching the third grade this week, in the absence of Mrs. Eugene Taylor.

Mrs. Dennis Racicot taught the fourth grade Monday during the absence of Mrs. Cecil Gruell.

## BOOSTER NIGHT

Kendrick Grange Booster Night will begin with a pot-luck 6:30 dinner Saturday night, October 6, at the Fraternal Temple. Idaho products will be featured.

An interesting program will follow the dinner. All Grangers are urged to attend and bring their friends. All are welcome.

## VIEW RARE BIRDS

Nine Cub Scouts of Den 2, and their leaders, Mrs. Lawrence Heimgartner and Mrs. Dean Hollenbeck and daughter Deanna visited the home of Dr. and Mrs. Christensen Monday evening, to tour their aviary and see the many rare and beautiful birds.

## WINS SCHOLARSHIP

Lewis-Clark Normal School, Lewiston — Scholarships formally approved by the Board of Trustees include 15 from Potlatch Forests, Inc., varying from \$160.00 to \$440.00. Included was one to Linda Holt, Kendrick, Idaho.

If the mind of man can devise a new form of taxation, some legislature will be willing to try it out!

## JOINT DISTRICT P.-T. A. SPECIAL

A tentative date for "Plans" for a Special P.-T. A. meeting for Tuesday, Oct. 23, at the Kendrick High School is in the making.

The candidates for Senators and Representatives of the state are being contacted to see if they will speak at this special meeting.

The object is to let the public know how each one stands on the different school and state issues.

If they are able to speak at this time it is hoped there will be a big turn-out — so everyone may come to understand the school education program and the gambling issue.

## HUNTERS GOING OUT IN "DROVES"

Among those "taking to the tall timber" in search of their winter's meat the past week are: Elmo Eldridge and three friends from Lewiston, Dee Miller, Bob McCall and Dick McCall.

Louis Maio came down from Priest River and joined Frank Abrams, Bob Magnuson and Bill White for a hunt. Saturday the above were joined by Dean Hollenbeck and Ray Howard and Harvey Dale, the latter of Lewiston.

Don Millard, Ted Fey and Lewiston companions Jerry Harris and Wayne Harris make up another group.

Louis Wright; Don Wright of Genesee, and Arnold Zimmerman of Texas ridge composed another party. They left Thursday and returned on Monday — never reaching the hunting area, due to road conditions, and having a vehicle slide off the road.

Dave Clayton and Parker McCreary made a "quickie" hunt on the Salmon river, leaving Saturday and returning Sunday.

A report from Marion Rowden at Blewett's Market, on game brought in to date by local hunters was listed as: Elk — Orville Skaggs, Tom Mabbott, Mrs. Bob Cole and Dennis Lohman, all of Juliaetta; Walter May, Bruce May, Mrs. Ralph Reid, Jerry Bateman; one for Fred Foster and Dan Westendahl, and one for Danny Kechter and Clarence Perryman.

Deer at Blewett's were tagged by Jack Sherman, Juliaetta; Mrs. Frances Trout, Dave Clayton and Parker McCreary.

## INTERESTING DOINGS AT OUR SCHOOLS

### No School Monday and Tuesday

Monday and Tuesday, Oct. 8 and 9, Idaho District 2 of the Idaho Education Association will be meeting in Lewiston — so all schools in Districts 1 and 2, which run from the Canadian border to the Salmon river, will be closed for two days.

On the agenda will be meetings on all phases of Education — plus a number of speakers, which are expected to include legislative candidates.

### Trustees Meeting

The school trustees meeting will be held on Thursday, Oct. 11, instead of Tuesday, Oct. 9th, as was originally scheduled, due to the I. E. A. sessions at Lewiston.

### Pot-luck Dinner Enjoyed

The local I. E. A. members, board members, their husbands and wives, enjoyed a pot-luck dinner and social get-together at the High School cafeteria, Monday evening.

During the business meeting reports were given by Supt. Muscat and Clive Lindsay on "Idaho Education," which was discussed at the Leadership Training School in Moscow on Sept. 21 and 22. Educational movements in coming legislation were also discussed.

## LIONS RESUME MEETINGS WED.

The Kendrick Community Lions Club resumed meetings on Wednesday evening of last week, following the summer vacation. Attendance was rather poor, the hunting season, which opened September 29, having called many members "to the tall timber."

However, a delegation of five from the Asotin Lions Club were present and added to those beginning the fall season.

On Friday evening four from this club, Lion President Bob Watts, W. L. Rogers, Andy Cox and W. L. McCreary, returned the Asotin visit — and were treated royally. On the Asotin menu was fresh baked steelhead — and in the relish tray huge mounds of fresh, crisp radishes — both Asotin products.

It was a most enjoyable evening.

## NEWS SCARCE

News this week is "doggone near as scarce as hen's teeth," or so it would seem.

Call after call on the phone brought almost the same reply: "No news this week. We haven't been anywhere or done anything — and no visitors."

Now and then there are weeks like this one — just no news!

## LOCAL HAPPENINGS IN CAPSULE FORM

Mr. and Mrs. Charles Easterbrook and family of Grangemont were Friday and Saturday night guests in the home of her parents, Mr. and Mrs. Roy Glenn.

## DEARY SWAMPS TIGERS 55-0 FRIDAY

Grinding out touchdown methodically at the rate of two per quarter, Deary's unbeaten Mustangs swamped the Kendrick Tigers 55 to 0 at Deary Friday night in a Second District 8-Man Conference football game.

Deary led 28 to 0 at the halftime after two scoring jaunts each by Bruce Baumgartner and Jim Eller. Baumgartner ran for 15 yards, then Eller for 13; then Baumgartner for 25; then Eller for 4.

Baumgartner and Don Johnston rolled off touchdowns runs of 50 and 60 yards, respectively, in the third period. Fourth quarter scoring came on a pass from Ted Wunderlich to Baumgartner for 15 yards, and a 35-yard run by Joe Brady.

Eller ran for four extra points and caught a pass from Wunderlich for another. Baumgartner ran one extra point.

It was Deary's fourth straight victory for this season.

## RICHARD WILSON HONORED

Richard Wilson, Kendrick, was installed as Senior Steward in the "Order of Demolay," Lewis-Clark Chapter, Sunday afternoon, Sept. 30, at the Masonic Temple in Lewiston.

Richard, a son of Mrs. Gloria Wilson, is 15, and a sophomore at Kendrick High School. Last term Richard served as Second Preceptor for the Chapter.

## OLD-HOME WEEK

Enroute home from the Adjourned Session of Annual Conference of the Methodist Church, members from this parish stayed in assigned homes at Yakima on Friday night.

Mrs. Bob Magnuson and daughter Gem were fortunate in being assigned to the home of Mr. and Mrs. Elvin Salisbury, former Leland residents. Mrs. Salisbury (nee Georgine Smith) is a daughter of Russell Smith former co-owner of the Leland store. Mr. Salisbury, formerly of Lewiston, was a teacher in the Leland school at that time.

Mrs. Magnuson remarked that it was like "old home week" as they talked of the past, and the Salisbury's asked questions about old-time friends and acquaintances.

## V. A. HOSPITALS

Spokane — Peacetime veterans, who have a service-connected disability but non-compensable (less than 10 percent) disability will have the same priority for entering V. A. hospitals as service-connected disabled wartime veterans, according to a new law signed by the president on Aug. 14th.

The only peacetime veterans previously eligible to V. A. hospitals were those whose service connected disabilities were 10 percent or greater. Leonard A. Clemens, contact representative of the V. A. hospital, Spokane, explained.

The new law applies to the relatively few peace time veterans whose service connected disabilities are not rated high enough to receive compensation.

## HOME-COMING GAME FRIDAY

The annual Kendrick Home-Coming football game will be played under the lights at 7:30 Friday evening on the home field.

A "serpentine parade" will precede the game.

At half-time the high school Queen will be crowned. Candidates for queen are: A senior, Linda Eckman; junior, Jillan Wegner; sophomore, Fonda Schoeffler; freshman, Janice Thornton.

Following the game a dance will be held in the High School gym — and alumni of the District are invited to attend.

## WEATHER SUNNY, RAINY, WARM

Weather this past week has been a hodge-podge — varying from chill and soaking rains to beautiful Indian summer.

Thursday morning rain began to fall, and the air had the chill of coming winter. This continued in its entirety through Friday with a pouring rain falling that day, but ceasing during the night, which was chill.

Saturday morning the sun broke through, and shone most of the day. Sunday was a beautiful day, with warm winds sopping up the excess moisture of the preceding two days.

Monday was another beautiful day, with the mercury column showing a reading of 74 degrees.

Tuesday was just like Monday — the temperature balmy, and with the sun shining most of the day.

Lawns are a brilliant green, and the whirr of mowers can be heard in almost every part of town.

Remember — Happiness multiplies as you divide it with others.

**GOLDEN RULE**  
 BY ALMA BETTS

Oct. 2 — The Don Hines family have completed moving to the Roy Martin ranch.  
 The Southwick Homemakers Club will hold their next meeting with Mrs. Marshall Geidi, Thursday, Oct. 11th. It would make all most happy if everyone would turn out — as it will be election of officers.  
 Teakam Evergreen Grange will hold their next meeting on Oct. 13th, with a pot-luck Idaho dinner beginning the evening. It also will be Booster Night — all are invited, and bring your friends.  
 Mrs. Albert Lawrence and children attended the Cameron Missionary meeting at the Emil Silelow home Wednesday afternoon. She visited with Alma Betts that evening.  
 Mr. and Mrs. Fred Whiting of Clarkston visited in the Emil. Beyer home Wednesday.  
 Marlene Bower and daughters of Southwick were supper guests of Mrs. Albert Lawrence and children, Tuesday evening.  
 Georgia Reece and Mrs. Claude King visited Alma Betts Wednesday, to help celebrate her birthday anniversary. Others who called and visited over the week-end to honor the day were Mrs. D. V. Kuykendall, Marlene Bowers and daughters, Mr. and Mrs. George Finke, Mr. and Mrs. George Wilken and Ada Schoeffler. The calls made it a most memorable occasion.  
 Alma Betts, Luella Taylor, Mrs. Emma Hasse and Wm. Kauder were supper guests in the Don Christensen home at Orofino, Friday, to honor Steven Christensen and Alma Betts birthday anniversaries. Steven stayed with his grandmother, Alma Betts, Saturday, while Mr. and Mrs. Christensen went to Moscow for the "Dad's Day" and attended the football game.  
 D. V. Kuykendall and Gerald joined Gene and Herman Kuykendall "in the tall mountains" on an elk hunt Sunday — reporting good luck.  
 Mr. and Mrs. Andy Marvin of Clarkston visited in the D. V. Kuykendall home Sunday.  
 Mr. and Mrs. George Finke visited in the Dick Watson home at Elk River, Sunday. They all enjoyed a visit with Dick's uncle and wife, Mr. and Mrs. Myron Watson of Cascade, Idaho.  
 Alma Betts called on Mrs. Don Cantrell Monday.

**A Meal That's Different**

Everyone will enjoy these "Shrimp Boats" by way of Stuffed Baked "Idahos," served with Sherried Sweet Spanish Onions, and piping-hot Potato Refrigerator Rolls. Idaho-grown Russet Potatoes, and large firm Sweet Spanish onions, stand-by's in everybody's meal planning are in our markets in abundance and at a price that is kind to budgets!  
**Shrimp Boats:** for 6 to 8 servings, bake the desired number of "Idahos," scrubbed but not oiled, in a 400 to 450 degree F. (hot) oven to make a crisp skin. Test for doneness with a thin skewer so as not to mar the skin. When tender, roll each in mitted hands. Cut top off, lengthwise. Or, if using large "Idahos," you may wish to cut them in half. Scoop out potato. Whip, mash, or rice. Prepare cream of shrimp soup according to directions on can of frozen soup, using half as much milk. Add, hot, to mashed potatoes, whipping until light and fluffy. Whip in more hot milk to get desired consistency. Or use light cream instead of the soup and add chopped canned shrimp as desired, saving out a few shrimp for garnishing the tops of the stuffed potatoes. Add salt as needed. Fill each potato shell with the mashed potato mixture. Brush top with melted butter; add a sprinkling of grated Parmesan cheese. Return to hot oven to heat and brown, 10 to 15 minutes. Potatoes may be stuffed in the morning and refrigerated.  
**Sherried Sweet Spanish Onions:** for 4 to 5 servings, slice without peeling 3 large Sweet Spanish onions. Remove skins, separate into rings. Cook slowly in 1/2 cup butter about 8 minutes or until onions are barely tender. Lift carefully with a fork to turn. Season during cooking with 1/2 teaspoon each salt, mono-sodium glutamate, freshly-ground black pepper. Add 1/2 cup sherry wine or cooking sherry. (Remember, the cooking sherry has salt in it.) Cover and cook quickly 2 or 3 minutes. As a change, instead of the sherry you may like to liberally douse the cooked onions with soy sauce. Omit salt in this case.

**TIMELY QUOTE FROM ABE**

"The legitimate object of government is to do for a community of people whatever they need to have done, but cannot do so well for themselves in their separate and individual capacities. In all that the people can do individually do as well for themselves, the government ought not to interfere."—Abraham Lincoln.

**U.P. GRANTS GIVEN COLLEGE OF MINES**

U. of I. — Unrestricted grants, the latest totaling \$7,500, to the University of Idaho College of Mines by the Union Pacific Railroad company have been termed a "godsend" by Dean E. F. Cook.  
 To date the total amount given by the company is \$27,500. It has been used to purchase equipment for the new College of Mines building. When the building was constructed for \$500,000 with one-half of the funds coming from state appropriations and one-half from donations from the mining industry, no money was left for new equipment. The grants have helped buy needed apparatus for teaching and research.  
 "Equipment grants are needed in some fields even more than schol-

arships," said Dean Cook. "In many areas, the top students are well taken care of with scholarships but equipment for the students to use is often hard to obtain. We certainly appreciate the far-sighted gift from Union Pacific."

William Hines of the railroad's public relations department made the presentation to President D. R. Theophilus and Dean Cook on behalf of Arthur Z. Gray, executive director of the Union Pacific Railroad foundation.

The foundation was created for the purpose of making grants in the 13 states and the many communities the company serves.

"The amount of money allocated to this foundation is, naturally, limited and great care is exercised to see that available money is divided among the most worthy causes," Hines said.

**NEW BULLETIN BY BUREAU OF MINES**

U. of I. — An information circular of interest to all persons who may seek to acquire mineral rights on state-owned land was published today by the Idaho Bureau of Mines and Geology.

Entitled "Acquisition of Mineral Rights on State-Owned Land," the circular was written by Roger Underwood, a law student at the University of Idaho from Moscow under a

grant from the Rocky Mountain Mineral Law foundation.

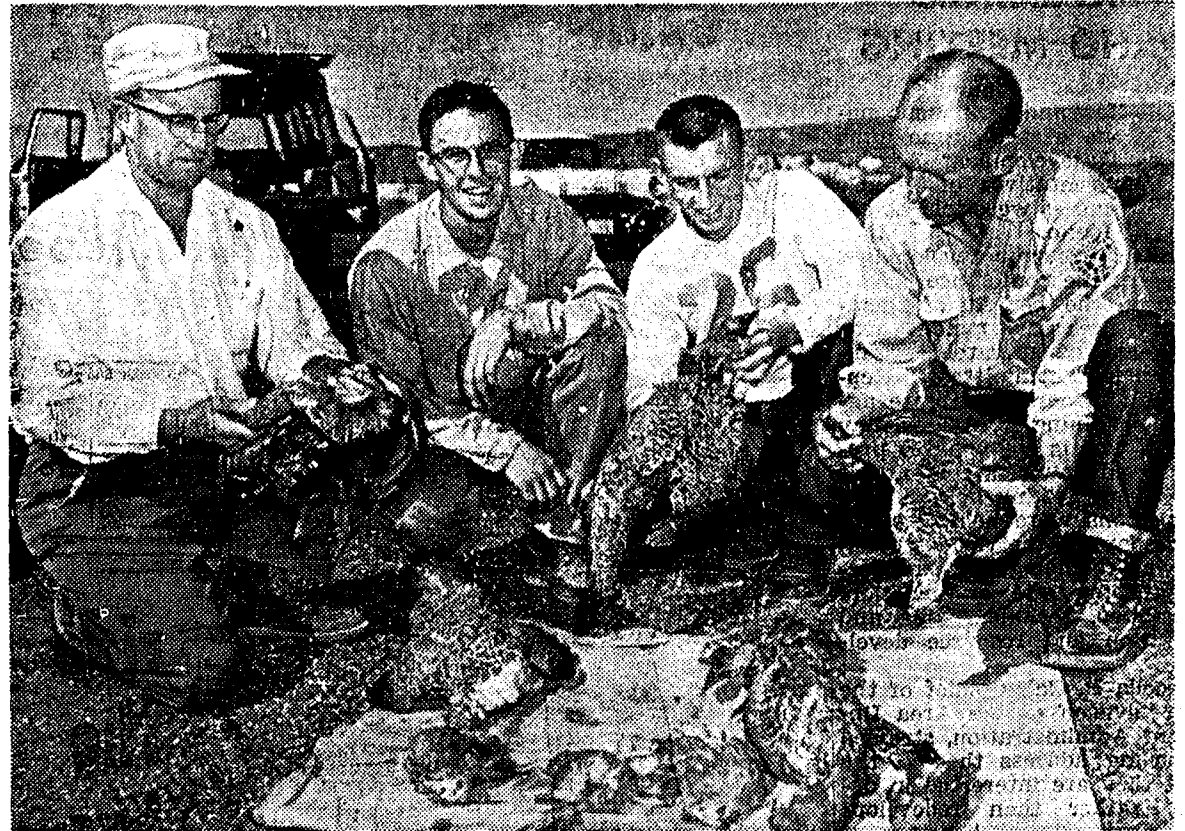

Professor Thomas Walenta of the University's College of Law describes the new publication as "an accurate and illuminating presentation of the mineral laws applicable to state-owned lands in Idaho. It should prove most valuable to the oil and mining industries."

The circular may be obtained free, on request from within Idaho, from the bureau's office in the University of Idaho Mines building, Moscow.

**INTEREST HUGE**

Prentiss, Miss., Headlight — "Do you know what the largest single item in our federal budget is, except for the defense appropriation? It is the interest on the Nation's public debt! The taxpayers of this nation are having to pay the exorbitant sum of \$17,960 every minute of the day as interest, alone, on what America owes! Use your own knowledge of arithmetic to compute the amount of interest we are paying by the hour or by the days. We are too scared to even attempt it."

**FOREIGN TOURISTS AIM OF IDAHO**

Reaching into a worthwhile wealth of travel prospects which has already proved profitable bringing foreign tourists to the United States, the Idaho Department of Commerce and Development has just released a key mailing which will cover the leading travel agents and sellers of travel services, all the way from America's west coast across the Pacific islands and continents, straight to the Bamboo Curtain.

Reaching directly into foreign centers of prospective tourists looks certain to prove profitable on the basis of the Department's successful experience in this field, Miss Shaddock points out. The Department regularly receives inquiries from abroad, about a hundred a month, and from a variety of foreign lands. In August, which is a low month for all inquiries since the summer travel season is ending, the Department nevertheless received over 80 inquiries from 15 foreign countries.

The list selected, as reported by Louise Shaddock, Secretary of the Department, includes all the strong-selling travel organizations which have featured the big national bus lines' offer of "all the travel you can use in the United States for 99 days, at only \$99." This offer which gives the purchaser for his \$99 absolutely unlimited travel by bus during the nearly one-third year life of his ticket, has proved so popular that beginning with the fall travel season of this year the two leading nationwide bus lines now are available to United States citizens too.

The mailing reaches 204 key travel sales centers and these are all important. This covers Australia, Borneo, China (free) Hong Kong, Indonesia, Japan, Singapore, New Zealand, Malaya, and numerous important islands. The big cities of the Pacific include some of the biggest and richest metropolitan areas of the world, and the names of many travel agencies are quite familiar here, such as the far-flung net work of offices operated by Thomas Cook & Son, American Express Company, Pan-American World Airways System, President Steamship Lines, F. & O. Orient Lines, and many more of both local and international distinction.

"Key mailings of this planning reach the actual traveling public, the ones headed for travel in the United States and make sure that Idaho has a representation for getting tourist business among the most profitable prospects," Miss Shaddock stated.

Many a man has found out that burning the candle at both ends makes it twice as hard to keep his wife in the dark.

### AREA EXPLAINED AT IDAHO MEETING

U. of I. — New and permanent employment is one of the prime aims of the Area Redevelopment Administration, representatives of Idaho's 10 northern counties were told at the University of Idaho.

Problems of economic development were heard at the conference set up primarily for the benefit of members of rural area development, area redevelopment and privately organized development committees. Representatives of federal and state agencies are explaining what aids may be obtained, who is equipped to provide them, and how the committees should go about getting help.

Panel sessions were held Tuesday and Wednesday for the various counties, covering financing, tourism, recreation, planning and organization, public facilities, technical aids and implementation and resource development.

Mrs. Cecelia P. Galey, chief of the Northwest division of the Area Redevelopment Administration, stressed in the opening address that in the Northwest they are interested in development rather than redevelopment.

The idea of development is not new, said Mrs. Galey, as many agencies have been charged with the responsibility to aid development. However, the ARA is the first organization specified by Congress for planning and helping. It has been given the power to make loans and grants. The Area Redevelopment Act was signed into law by President Kennedy in May of 1961.

"A year has passed and we are starting to make some progress," said Mrs. Galey.

Areas seeking aid must be eligible. The act was passed to help areas of substantial and persistent unemployment and under-employment to take effective steps in planning and financing their economic redevelopment. An area is designated when the facts show that it has a really serious unemployment or underemployment problem.

Mrs. Galey said that industrial loans can be made up to 65 per cent of the capital cost of the project. A four per cent interest rate is charged and a 25-year loan period is the maximum.

She added that public groups and municipalities may obtain loans at three-an-one-half per cent interest for a 40-year period. Technical assistance is available to make feasibility studies for businesses of the future.

"Every loan, grant or assistance must have as its prime criteria the creation of new and permanent employment," Mrs. Galey said.

In closing, she added that there is a marked similarity of the problems of various areas in the Northwest. The two biggest problems revolve around the lumber industry and the broad scope of water usage.

Representatives were on hand from Idaho, Latah, Nez Perce, Clearwater, Bonner, Boundary, Kootenai, Lewis, Benewah, and Shoshone counties and from the Nez Perce Indians.

### KERR-MILLS BILL HAS GOOD RECORD

The bitter fight over the Administration's medicare bill for providing medical benefits to everyone drawing social security payments, whether or not they needed or wanted them—obscured the solid achievements of the Kerr-Mills bill, enacted in 1960.

This bill provides for federal-state programs to aid elderly people who are actually needy so far as being able to pay for medical services is concerned. It places the administrable emphasis where it belongs—at the local level. It is designed to deal with the problem in the most effective and economical manner, and to do that in a way which will prevent bureaucratic domination of medical practice and a breakdown in the traditional doctor-patient relationship.

But the medicare supporters have given Kerr-Mills the deep-freeze treatment. So it's time to look at the record.

In the brief period of time since its enactment, 25 states and three territories have adopted the medical assistance for the aged provision it contains, and 24 of these are also using the expanded old age assistance benefits it offers. Fourteen other states, and the District of Columbia, are using old-age assistance benefits alone. Only eight of the 50 states are not yet using any provision of the law. It is obvious that the states are implementing it according to their particular needs.

No one claims that Kerr-Mills is perfect. It is ploughing new ground, and experience will tell where amendment and liberalization of its provisions are required. But it has made a start—a big start—toward the solution of a vexing problem.

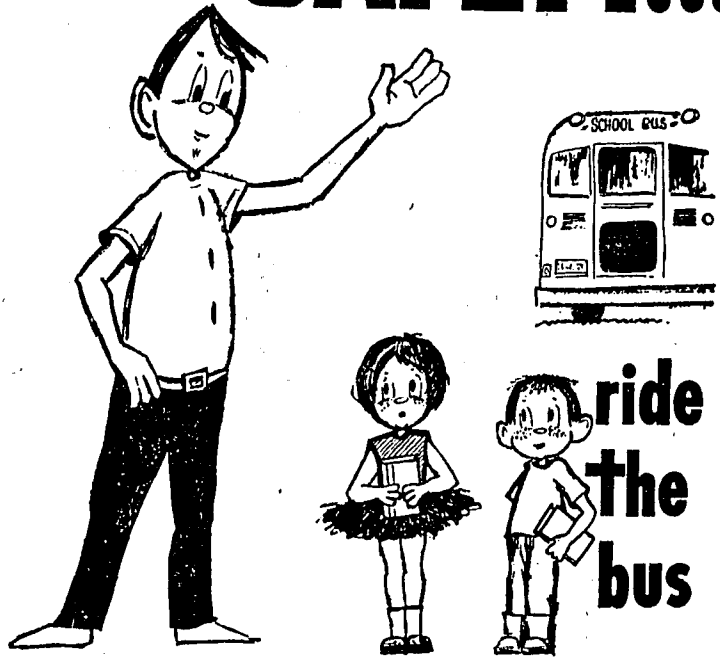

Too, happily, it is winning onceducious adherents. For instance, the Charlotte, North Carolina, News, formerly favored the social security approach for aid to the elderly. Now it says that, "Kerr-Mills may in the long run prove to be the superior approach." Kerr-Mills, at the very least, deserves a fair chance.

### PRICED OUT OF JOBS

Associated Press Labor Writer Norman Walker reports: "A rising tendency of labor union members to reject labor contract terms worked out by their own negotiators is alarming federal officials charged with maintaining the nation's industrial peace. They feel it is bound to increase labor-management distrust and lead to more and longer strikes."

This is a relatively new development. Union officials meet with representatives of management and work out agreements, often after long and hard deliberations. Then, when the agreement is offered to the union membership, it is

## GEMIE The Idaho Driver SEZ for SAFETY...

refused and the negotiators are told to get still more. Mr. Walker cites various reasons for the attitude—one being that over a period of years workers have become accustomed to demanding an receiving big payroll gains and can no longer be satisfied with modest improvement in wages and other benefits.

Reasons to one side, this is taking place at a time when the President has been pleading for wage and

price stability on the sound grounds that rising costs threaten to further weaken this country's world trade position and to undermine what is left of the dollar's value. But labor, apparently, isn't listening.

Let's hope an awakening comes soon—and that union members will realize that they can price themselves out of jobs, precisely as products can be priced out of markets.

### NEW SYSTEM OF LUMBER GRADES

Washington, D. C.—Detailed information concerning a new standardized system of lumber grades and sizes for frame construction has been made available by the National Lumber Manufacturers Association through an easy to understand eight-page pamphlet.

Designed to acquaint lumber manufacturers, specifiers and users with the background of the system, its need, development and provisions, the pamphlet discusses standardized grade names, uniform grade requirements, standard grade descriptions, standard lumber sizes, a new sheathing and paneling thickness, and simplified joist and rafter span tables.

In addition it provides direct answers to questions which have been raised during the development stages of the standard system.

The Grade Simplification and Standardization Program was undertaken by a special committee of the National Lumber Manufacturers Association more than two years ago to facilitate design and construction with lumber while tailoring it more closely to consumer requirements. Ultimate purpose of the system is to make lumber easy to understand and use.

Copies of the pamphlet, "A Standardized System of Lumber Grades and Sizes for Frame Construction" may be obtained by writing NLMA, 1639 Massachusetts Avenue, N.W., Washington 6, D. C.

Fresh and cured meats of all kinds are obtainable at Blewett's Market in Kendrick.

**STONY POINT ITEMS**  
 BY MRS. GLEN STEVENS  
 Phone 288-2332

Oct. 1 — Friday over-night guests of Mrs. Ernest Steigers were Mr. and Mrs. Paul Buell and family, who were enroute from Kettle Falls, Wn., to his new position in Elk City, Ida., where he will be connected with the Forest Service. Mrs. Buell is the former Helen McCutcheons, daughter of Mrs. Robert Steigers, Sr.

Mr. and Mrs. Alvin Steigers, have received word of the birth of a new son to Mr. and Mrs. Carl Steigers of Seattle, Sunday morning. The little fellow weighed in at 6 pounds, 11 1/2 ounces.

Mr. and Mrs. Elmer Heimgartner were given a surprise on the occasion of their twenty-fifth wedding anniversary, when relatives unexpectedly called at their home Saturday evening. Those attending from this community included Mr. and Mrs. Albert Heimgartner, Mr. and Mrs. Marion Stevens and family, Mr. and Mrs. Eldon Heimgartner and Larry, Mr. and Mrs. Roy Heimgartner and sons, and Mr. and Mrs. Wayne Heimgartner and sons.

Mrs. Inez Ingraham and children and Mrs. Newt. Heath visited Mrs. C. C. Belknap at Farmington, Wash., Sunday.

Miss Crystal Stevens, who is teaching this term at Mountain Home, Idaho, and Virgil Stevens, who is attending the U. of I. this year, were home over the week-end. They, and the Leslie Heimgartner family attended the wedding Saturday evening of Carl Fliger, Jr., and Mary Lou Miller, at the Lewiston Lutheran Church.

Kenneth Steigers has enrolled at the U. of I. this year, for his Master's degree in Agronomy, today in a summary. The report is based on answers to a questionnaire to county commissioners. Higgins is secretary of the Idaho Noxious Weed Control association.

Seven counties have part-time weed supervisors. "Apparently people are aware of the weed problem and are making real progress in the control effort," Higgins said. "Thirty-six counties report that farmers in general are following good weed control practices."

**MOST COUNTIES IN WEED CONTROL**

U. of I., Moscow — Thirty-seven Idaho counties have organized weed control programs and 20 have full-time weed control supervisors, Robert Higgins, University of Idaho extension agronomist, said today in a summary. The report is based on answers to a questionnaire to county commissioners. Higgins is secretary of the Idaho Noxious Weed Control association. Seven counties have part-time weed supervisors. "Apparently people are aware of the weed problem and are making real progress in the control effort," Higgins said. "Thirty-six counties report that farmers in general are following good weed control practices."

Wild morning glory is the most common noxious weed. Thirty-five counties listed it as a pest. Thirty-four listed Canada thistle. Whitetop and Russian knapweed are found in 30 counties. Quackgrass is noxious in 25. Leafy spurge is listed in 23. Perennial sow thistle and halogeton are listed in 22. Seventeen have puncture vine. Fifteen list blue lettuce and Dalmation toadflax. About 35 other weeds are declared noxious by one or more counties.

**GRADE YOURSELF AS A DRIVER**

Who wants to be average? To hit this median category in any endeavor, one must compete with those in the superior and those in the inferior group.

When a driver classifies himself as "average" he may be doing himself an injustice and at the same time unconsciously influence his driving habits downward into a category below the so-called average.

When a few cars pass you on the highway at high rates of speed, it is easy to say that everybody else is speeding when you honestly know that a vast majority of the other vehicles are traveling within the speed limits. The same can be said when comparing yourself with those who ignore signs and signals, those who cut in and hop lanes and other drivers who follow too closely.

It is easy to become part of the majority, but most important is your correct analysis of what kind of drivers make up that majority. If you sincerely believe that most drivers break the law whenever possible and not get caught, you should never be satisfied with being an average driver. Classify yourself as better than average and work hard to improve so you can maintain that status. If you are convinced the average driver obeys the law because he wants to and not because of the fear of statutory reprisals, the definition of oneself as average is alright as long as there is a desire to become better than average.

According to many who have studied and observed the habits and attitudes of drivers, many of those who consider themselves better than average are inclined to seek ways to improve themselves and are receptive to most new and workable means of increasing traffic safety.

**NEWSMEN TO BE AT STATE C. OF C. MEET**

Four newsmen, all of them authorities on politics and governmental affairs, will be featured on the program for the 36th All-Idaho Congress, annual meeting of the Idaho State Chamber of Commerce in Boise November 19, it was announced by President I. H. Harris of Burley.

They include John Corlett of the Idaho Daily Statesman, Boise; Alden Hyde, Eastern Idaho Farmer, Idaho Falls; and Ralph Hunter, Meridian News-Times, Meridian. A fourth political writer, representing a northern Idaho daily newspaper, also will be invited.

Following the November general election, several members of the 1963 Idaho Legislature will be asked to appear on the panel and field questions from the reporters, Harris said.

Moderator of the panel will be Perry A. Nelson of Pocatello, a vice president of the Idaho State Chamber.

Harris said other program features still in the planning stage, and expected to be confirmed, soon include an address by the Idaho governor-elect, annual Idaho Grassman of the Year awards, during the annual banquet and a session devoted to matters of current interest to business men and employers.

Idaho State Chamber directors, including newly-elected board members, will hold their annual meeting the afternoon of November 19. Among the business to come before the board will be election of officers for 1963, Harris said.

All sessions will be in the Hotel Boise and the public is invited, he added.

**U. TO OFFER CREDIT FOR TV COURSE**

U. of I. — The television course "Our American Economy" will be offered this fall for credit by the University of Idaho Division of Adult Education, it was announced by Dr. Raymond Kool, director.

The course will be over Columbia Broadcasting System's College of the Air. Students completing the course will receive three credits per semester for the two semester course. The class will be aired for 32 weeks, five days a week. Persons interested may register for Economics X51 (first semester), Principles of Economics. The fee is \$30 for the course plus books.

Instructor for the course work done on the campus will be Donald W. Seelye, assistant professor of labor economics and business administration.

Dr. Kool urged persons interested in taking the course for credit to register as soon as possible. Some stations will begin airing the program on September 24. He suggested persons contact their local station about their viewing time.

Stations carrying the course include KXLY, Ch. 4, Spokane; KBOI, Ch. 2, Boise; KID, Ch. 3, Idaho Falls; KSL, Ch. 5, Salt Lake City, and KWSC, Ch. 10, Pullman.

**The 10 Commandments of Safety**

- 1 Treat every gun with the respect due a loaded gun. This is the first rule of safety.
- 2 Guns carried into camp or home, or when otherwise not in use, must always be unloaded, and taken down or have actions open; guns always should be carried in cases to the shooting area.
- 3 Always be sure barrel and action are clear of obstructions, and that you have only ammunition of the proper size for the gun you are carrying. Remove oil and grease from chamber before firing.
- 4 Always carry your gun so that you can control the direction of the muzzle, even if you stumble; keep the safety on until you are ready to shoot.
- 5 Be sure of your target before you pull the trigger; know the identifying features of the game you intend to hunt.
- 6 Never point a gun at anything you do not want to shoot; avoid all horseplay while handling a gun.
- 7 Unattended guns should be unloaded; guns and ammunition should be stored separately beyond reach of children and careless adults.
- 8 Never climb a tree or fence or jump a ditch with a loaded gun; never pull a gun toward you by the muzzle.
- 9 Never shoot a bullet at a flat, hard surface of the surface of water; when at target practice be sure your backstop is adequate.
- 10 Avoid alcoholic drinks before or during shooting.

Reprinted from a leaflet supplied free in quantities to anyone interested in advancing the cause of hunting and shooting safety. Send requests to SPORTSMEN'S SERVICE BUREAU, 250 East 43rd Street, New York 17, N. Y.

Published Weekly by the Union Oil Service at Kendrick  
W. L. "Bill" Rogers, Editor

**HELLO, THERE, FOLKS:**  
Well, fall arrived with a vengeance, and it's time to call us at 4251 for that new Union Blonde Heating Oil! Clean, hot — the best. And we hurry!

Standing within the spray of Niagara Falls, the guide told the tourists: "This, ladies and gentlemen, is the greatest cataract in America; and now, if you ladies will be silent for a moment, you can hear the deafening roar of the waters!"

Hunters: Don't go out without first letting us fill that radiator with anti-freeze, and giving your vehicle a grease job and oil change — and don't forget chains. It's better to be safe than sorry!

Two grandmothers were brag-

ging about their grandchildren, and one, quite impressed, asked the other:  
"How old are your grandsons?"  
"Well," replied the other with great personal pride, "the doctor's two, and the lawyer's four."

How about mud and snow tires — are yours good? Come in and see us — we sell 'em!

At a fall fair one of the judges read out loud the names of winners, saying: "Mrs. Stewart won the ladies' rolling pin throwing contest by hurling one 75 yards" — "and Mr. Stewart won the 100-yard dash."

Fill your tanks with Union Gasoline before you go hunting. Get quick starts, fast warmups!

## NEW BOOKMOBILE

Moscow — The Latah County Library Board of Trustees voted a 1-mill levy for 1963, and on October 29 will receive bids for a suitable unit to be used as a Bookmobile.

The Idaho State Bookmobile, which Latah county has used for close to three years, is needed in other areas of the state, and will be returned to Boise as soon as the Latah county board is able to purchase a unit of its own.

The Bookmobile makes 23 stops. Circulation last year was 24,773 books. Of these 7,786 were taken out by adults; 16,987 by juveniles.

## UNUSUAL "BUREAUCRACY"

Pomona, Calif., Progress-Bulletin: "Bureaucracy" is getting to be a bad word. Thus it is always a pleasant surprise to hear of a government bureau or agency which seems to be outstanding for its efficiency, economy and ability to adapt to changing demands. Such a one is the Passport Office of the State Department. . . . The office has been carrying out a program of culling its millions upon millions of documents and index files, some for the first time in history, and modernizing its records systems. . . . The Passport Office is one of the few federal agencies which show a profit. In fiscal 1962, it operated on a budget of \$2.5 million. It sent back to the U. S. Treasury over \$6.5 million."
