Three Turnips — 35 Pounds!

Phil Johns has set a record in big turnips, so far as we know, and he couldn't have realized when he planted the turnip seed in July that they would grow to be such monsters.

Three of them, when weighed together, showed 35 pounds! One was 14 pounds; one 11 pounds and one 10 pounds.

They were non-irrigated, but due to rather unusual weather conditions this year, some are still growing.

The 14-pound turnip is on display at a food store in Lewiston.

Open House

Mr. and Mrs. James V. Muscat entertained at two Open Houses Friday — from 2:30 until 5:00 p. m., and again from 8:30 until 11:00 p. m. Guests included all the teachers and personnel, their wives and husbands of Joint School District No. 283.

Santa On Schedule

Santa arrived in Juliaetta right on schedule, distributing some 200 treats to youngsters of this area.

Other News

Mr. and Mrs. Harold Olderness entertained at a pre-Christmas dinner Sunday for their son-in-law and daughter, Mr. and Mrs. J. D. Stephenson and family of Spokane, and Mr. and Mrs. L. S. Thurber, Kendrick. Sunday dinner guests in the Ed. Groseclose home were Marion Groseclose, Mr. and Mrs. Huse Groseclose, Mr. and Mrs. Gary Eggers and sons, Mr. and Mrs. Adrian Johns and Christie Sue, and Lura Nelson, all of Juliaetta; Don Baldwin and sons of Orofino; Mr. and Mrs. John Groseclose and family and Mr. and Mrs. Virgil Groseclose and son, all of Lewiston. Other callers were Mable Westling and Carroll Groseclose, and Lawrence Wilson, the latter of Asotin, Wash.

Mrs. John Jenny and daughter Mrs. Denny Von Borgen and her baby son of Cottonwood, called on her mother, Mrs. Thea Mabbott, in the Ervin Mabbott home Thursday afternoon.

Mr. and Mrs. George Eggers of Kendrick and Mr. and Mrs. Dick Stitzel of Seattle were dinner guests last Wednesday in the home of Mr. and Mrs. H. M. Reese.

Mrs. Minnie Koepf, Cameron, visited in the Henry Brammer home last Tuesday.

Friday evening luncheon guests in the Henry Brammer home were Ted, Dorothy and Loeda Meyer, Cameron.

MARIE BROWN IS BRIDE OF ROBERT COOK, DEC. 9TH

Miss Dorothy Marie Brown, daughter of Mr. and Mrs. Wm. Floyd Brown, Juliaetta, and Robert Nels Cook, son of Asa Cook, also Juliaetta, were united in marriage on Sunday, December 9th, at 2:00 p. m. in the Juliaetta Methodist Church.

Rev. David Braun, pastor, officiated at the simple and impressive single-ring afternoon ceremony. Mrs. Gary Eggers played the wedding marches and background music.

The bride, given in marriage by her father, wore a white wool suit. Her corsage was of orchids.

Patricia Wharton was the bride's only attendant. A brother of the groom, Wm. Cook, was best man. Ushers were Robert Anderson and Larry Dillman.

Mrs. Robert Anderson and Mrs. Ed. Johnson assisted at the wedding reception, which was held in the church parlors immediately following the ceremony.

The bride attended High school in Lewiston, and the groom attended Kendrick High school.

Following a honeymoon trip the young couple are now at home to their friends in Juliaetta.

WEATHER CHILLY, KILLING FROST

Following a week-end of rather dreary weather, with patches of fog and some rain, clearing set in Sunday evening, and that night the thermometer dropped to a low of 14 above — to give us our first real killing frost of the season.

Up until that time roses were still blooming (after a fashion) and many of the harder shrubs still were holding their leaves!

Lawns were a brilliant green, and Sunday morning, under sunshine, a number of local residents were seen working in their yards, raking and pruning!

On top the hills there was a brief snow-squall Sunday afternoon, but it didn't even leave the ground white in most areas.

HEITSTUMAN

Mr. and Mrs. Gerry Heitstuman (nee Carol Weyen) are the proud parents of a baby daughter, born to them Tuesday, Dec. 18. She weighed in at 6 pounds, 3 ounces, and has been named Theresa Ann.

MANY PRETTY DECORATIONS

Perhaps later than usual in making their appearance, nevertheless, street and home decorations in and about Kendrick have never been prettier or more varied than this year.

Out-door Christmas trees are more numerous than usual, and porch and window decorations very attractive. This season, due to reaching a goodly size, a blue spruce in the Kendrick park is serving as the community Christmas tree.

Silvered trees, revolving light displays, "snow" and tinsel helped to make business firm windows more attractive than ever — and all this despite the fact that real snow, to build up the Christmas spirit, was lacking.

GINGER TROUT OPEN HEART SURGERY SUCCESS

Ginger Trout, 16-year-old daughter of Mrs. Frances Trout, Kendrick, underwent open heart surgery at the Sacred Heart Hospital in Spokane Friday morning, Dec. 21, at 8:00 o'clock. She was suffering with a constriction of the "Aorta," this artery having constricted to about the size of a match.

The damaged area was removed, then the ends were sewn together. The actual repair took 47 minutes, and a total of six hours for the operation, according to Dr. Christensen, who was with her. She is reported in good condition considering the long operation and its seriousness.

Her mother, Mrs. Trout, is staying in Spokane with her during her recuperation.

Her brother, Marvin, drove up to Spokane to be with family over Sunday.

At latest report Ginger was doing very well, and she is expected to be able to return home within the next ten days.

FRED ALBRIGHT DIES FRIDAY AT HOME OF BROTHER

Fred Albright, 64, of Portland, but a Juliaetta area pioneer, died at the home of his brother and sister-in-law, Mr. and Mrs. Raleigh Albright, near Arrow Junction, at about 1:00 o'clock Friday morning, Dec. 21. He had been in this area for about six months — the climate here seeming to give him better health than that of the Portland area.

Mr. Albright was born at Moscow on May 29, 1898. He attended Moscow High school and the University of Idaho. He was united in marriage to Miss Susan Giese of Juliaetta at Lewiston, January 15, 1930. They have two sons, Dr. Farrell Albright, a dentist, now in Seattle, and Gary Albright, a student of dentistry in Portland.

Mr. and Mrs. Albright operated a store in Juliaetta for several years following their marriage, later moving to Lewiston, Idaho, then to Chehalis, Wn., and finally to Portland. Until ill health forced his retirement he was engaged in sheet metal and furnace installation work.

He is survived by his wife, Susan, at the family home in Portland; two sons, Farrell and Gary, and three brothers, Raleigh Albright of Juliaetta, and Clay and Marvin, both of Lewiston, and one grandson.

Rev. Nels Carlson of Trinity Lutheran Church, Lewiston, conducted the funeral services at 11:00 o'clock Monday morning at the Brower-Wann Funeral Home in Lewiston. Committal services were held at the Moscow cemetery at 2:00 p. m. Rolland Albright of Montana, sang. Pall bearers were six nephews of Mr. Albright.

EVERGREEN CLUB HOLDS PARTY

The Evergreen Friendship Club held their annual Christmas party on Wednesday, Dec. 19 in the home of Mrs. Roy Glenn. Mrs. F. C. Schmidt and Mrs. Arthur Foster were co-hostesses.

HARRY BENCOTER KENDRICK PIONEER, DIES CHRISTMAS DAY

Harry Scott (Pete) Bencoter, prominent pioneer farmer on American ridge, died at the home of his son, Robert, in Spokane, Christmas Day at 10:40 a. m. He was 68 years of age. He had gone to Spokane on October 31st for treatment of a long illness, and had been a patient at the Veterans Hospital in that city.

Mr. Bencoter was a resident of American ridge all his life, where he farmed with his brothers, Frank and Walker, until his retirement in 1960. He was a World War I veteran, a member of Baker-Lind Post No. 2813, V. F. W. at Kendrick. He was also a member of the board of directors of the Latah County Farmers' Mutual Fire Insurance Co., with headquarters in Troy, and was very active in the Latah County Soil Conservation Service work. In addition he was a member of Lodge No. 249, B. P. O. E., at Moscow.

Harry Scott Bencoter was born on American ridge July 12, 1894, a son of Mr. and Mrs. Frank M. Bencoter, who homesteaded the ranch which is the present family home. He received his education at schools on American ridge and at Kendrick High School. He entered the service for World War I when he was 18 years of age and had just completed high school.

On April 10, 1926, he was united in marriage, at Walla Walla, Wash., to Mary Ella Lyle, who survives him at the family home, where they came following their marriage. Other survivors are two sons, Richard L. and Robert S. of Spokane, and seven grandchildren; two brothers, Frank P. and Walker P., both of Kendrick, and two sisters, Mrs. Winona Nelson of Clarkston and Mrs. Harriet Kayler of Peck, Idaho.

Harry S. (Pete) Bencoter was a man who made friends easily, and kept them. He spoke ill of no man and this added to his popularity. In addition to memberships and offices at the time of his passing, he had always taken a prominent part in community affairs, boosting for good roads and all types of community betterment. His passing leaves a spot that will never be fully filled.

Funeral services will be held at the Brower-Wann Memorial Chapel in Lewiston at 1:00 p. m. Saturday, December 29. Interment will be in the American "Ridge" Cemetery at 3:00 p. m.

The family suggests a gift to your favorite memorial or charity in lieu of flowers.

C. W. PHILLIPS, CULDESAC, DIES SAT.

Clarence W. Phillips, 75, of Culdesac, died at Bovill Saturday at 5:40 p. m. of a heart attack while watching television at the home of a friend, John Sanderson.

He had suffered from a heart condition several years. He had lived at Culdesac since 1959, moving there from Kendrick, where the family resided for a couple of years. He had spent most of his life in the Clarkia area, where he was a self-employed logger. He retired ten years ago.

Phillips was born March 5, 1887, at Bull's Gap Tenn., and came to St. Maries and Clarkia at the age of 17. He married Fannie Weeks at Bovill, July 6, 1942. She survives at the family home in Culdesac.

Other survivors include 10 unmarried children: Mary of San Francisco; Dale in the navy at Oak Harbor, Wash., and Amy, Shirley, Waiter, Bill, Paul, Jack, Nancy and Michael, all of Culdesac. The body was taken to Short's Chapel at Moscow.

KUBS POST WIN OVER TIGERS FRIDAY

The Kamiah Kub built up an eight point lead in the third quarter of the Varsity game here Friday evening, and then staved off a late Kendrick rally to record a 41 to 39 basketball victory. Kamiah led by a score of 21 to 16 at the half-way point.

The Kubs led by five points with about two minutes to play, and went into a stall, giving Kendrick a free throw and a late basket to cut the final margin down to two points. The game was slow-paced and raggedly played on both sides.

Steve Bedwell with 15 points led Kamiah and game scoring. Ross Magnuson scored 13 points to lead Tiger scoring and second place for the game.

Kamiah has a record of three wins and three losses. Kendrick has yet to win a game.

Kendrick won the Jr. Varsity tilt by a score of 51 to 36.

MEETING DATE AND PLACE CHANGED

Due to an unexpected conflict of dates, the scheduled meeting of the Pea and Lentil Growers has been changed to Thursday evening, Jan. 3rd, 1963 — and instead of the city hall it will be held at the Kendrick High School.

All pea and lentil growers are reminded of the change — and asked to please remember the date and place!

FEW FARMERS SIGN UP FOR EARLY WHEAT PROGRAM

Moscow — The deadline for the fall sign-up in the 1963 wheat stabilization plan passed Friday, Dec. 14, with 39 farms entered. Another enrollment period will be held in the spring for both winter and spring wheat producers. Also, there will be a spring sign-up period for a feed grain program, which included winter and spring barley. The date for this double sign-up will be Feb. 1 through March 22, 1963.

Elvin Lindsay, manager of the Latah County ASC office, states that the only advantage in signing early was to receive and advance payment, so the majority of farmers were advised to wait. Most farmers agreed that by late winter they would know much more clearly the definite number of wheat acres to be diverted on the farms.

The 1963 wheat plan does not permit a participant to change the number of diverted acres after the sign-up period closes. The light enrollment should not be interpreted as disinterest in the program since over 450 farmers inquired at community information meetings and at the ASCS office for details.

A wheat producer will be eligible for a support price loan in 1963 if his measured wheat acreage is equal to or less than his allotment. If he wishes to participate in the voluntary wheat program he must divert at least 20% of his allotment up to 50% to conservation land uses. When he complies with his sign up intentions he will be eligible for three things.

1. A price support loan on all the wheat produced on a reduced acreage.
2. A diverted acre payment equal to his diverted acres times his payment rate.
3. A price support payment equal to 18c times his established farm yield times his measured wheat acres.

For example let's consider an average Latah County farm with a 1000 acre wheat allotment, yield 43, payment rate 37.66 and the operator signs up to divert 20% of his allotment. When he complies with his intentions he is eligible for:

1. A loan on the actual number of bushels produced on 80 acres of wheat land.
2. A diverted acre payment of 20 times 37.66 - 753.20.
3. A price support payment of 18c, times 80 times 43 - 619.20.

The total payment rate per acre becomes attractive, and a large number of farmers are expected to sign up in the spring. This voluntary plan enacted September 27, 1962 will give wheat farmers in 39 commercial states an opportunity to maintain their income while reducing wheat production, and thereby reducing Government storage costs. Details on the 1963 feed program which is similar to the 1962 program will be announced in January.

W. W. P. PLANS BIG FOR IMPROVEMENTS IN COMING YEAR

Spokane — The Washington Water Power Co. has budgeted \$8,648,044 for additions and improvements to its electrical and natural gas systems during 1963, according to an announcement by George M. Brunzell, company president.

A break-down of expenditures into four major classifications indicates that \$1,260,700 has been allocated to generating facilities; 1,597,600 for transmission facilities; \$2,151,998 for additions and improvements to the natural gas system.

Generating expenditures include \$617,300 to be spent at WWP's 400,000 kilowatt Noxon Rapids dam, primarily for re-balloasting of the Northern Pacific rail line that was moved when the big power project was constructed. Other generation expenditures include modification of the Nine Mile power station, rebuilding fish ladders at the Lewiston Dam and rewinding of generators at the Little Falls and Post Falls power stations.

Transmission expenditures planned for 1963 will include the second phase of construction of the 230,000 kilowatt Lolo-Wanapum transmission line for which \$865,000 has been budgeted; \$202,000 to rebuild approximately 10 miles of the Chewelah transmission line and \$128,000 to rebuild a portion of the company's intermountain transmission line that runs from Long Lake dam to Taunton.

Major expenditures for electric distribution facilities will include \$643,850 for line extensions and equipment necessary to handle increased load requirements; \$130,000 for street lighting, \$356,050 for replacement of lines, highway changes and replacement of equipment; \$111,000 for a new substation near Endicott; \$230,300 to increase capacity at the Northwest substation in Spokane and \$90,000 to enlarge two underground vaults and construct one new one in Spokane's downtown area.

Rapid growth of WWP's natural gas business is indicated by the budgeting of \$2,152,000 to this phase of the utility's operation in the coming year. \$876,620 has been allocated to installation of new natural gas lines to serve an estimated 3,300 new customers. About one half of

the new business extensions will be in the Spokane area with the remainder scheduled for the company's Lewiston, Palouse and Coeur d'Alene divisions.

\$67,000 has been allocated to improvements and additional mains on WWP's steam heat plant in downtown Spokane.

Expansion and growth of the company's domestic water systems is indicated by the budgeting of \$367,255 to this activity. The major portion of this expenditure will be for additions to water systems WWP now operates in the Spokane Valley.

ARCHIE R. HARNEY DIES DEC. 20

U. of I., Moscow — Archie R. Harney, 57, for 17 years the University of Idaho's agricultural extension editor and "the farm radio voice of the state," died of a heart attack at his home in Moscow, December 20th.

Besides interviewing extension specialists and other college of agriculture researchers, Harney injected humorous and philosophical observations about the common, every-day things happening around him. He thus gained many friends who felt they knew him well, although they might never have met him.

Besides preparing agricultural radio programs, Harney was responsible for editing the many bulletins published by the college of agriculture in its varied programs.

TOWN TEAM PLAY TO BEGIN SUNDAY

Town League basketball play opens with a game on Sunday at 2:00 p. m. at the High school gym., pitting the Kendrick V. F. W. team against P. F. I. of Lewiston.

Manager Kenny Brown asks that all basketball suits be turned in to him as soon as possible — if those having them are not turning out for league play. The suits are badly needed.

BE SURE YOU GET THE RIGHT BULB

There is more to buying light bulbs than most people realize, according to Harold Martindale, chairman of the Inland Empire Chapter of the Illuminating Engineering Society.

"Long life incandescent lamps are

not as economical and efficient as standard lamps," Martindale said, "even though many of them are purchased because of the buyer's belief that he is getting a bargain."

The IES chairman said that the general public is understandably confused by the claims of inferred lower costs of certain lamps because it lacks technical knowledge of lamp design and performance.

"The purpose of a light bulb," he said, "is to produce light efficiently and economically. Therefore, light output, life and current consumed all must be considered in the design of a lamp, and careful balanced to provide maximum benefits for the consumer."

"Because the average customer believes he can eliminate frequent lamp replacement if he purchases long-life lamps, Martindale said, "he makes the purchase without thinking of the over-all lighting economies involved."

"Lamp bulb purchasers should keep in mind," Martindale said, "that neither the wattage of light bulb nor its rated life are suitable yardsticks for judging the quantity and quality of the light produced. It is possible to design a lamp for practically any life span, but it is a law of physics that as lamp life is increased, light output is decreased."

"A longer life span of a light bulb is sometimes achieved by raising the voltage of the bulb," Martindale said. "A 100 watt, 130 volt bulb might

last twice as long as a standard 100 watt, 120 volt bulb but it will take four long-life bulbs to give the same amount of light as three standard bulbs."

THERE IS A CURE FOR "SICK" ALFALFA SAYS UNIVERSITY

U of I, Moscow, "Sick" Alfalfa, sometimes called "legume sickness," has plagued areas of northern Idaho for years, but now University of Idaho agricultural scientists have proved this condition can be corrected.

Extensive studies of the problem have been conducted by R. W. Harder, agronomist; C. T. Brackney, superintendent, Sandpoint branch experiment station, and G. R. Anderson, bacteriologist. They found that application of lime alleviates the "sick" alfalfa condition. To be most beneficial, the lime must be incorporated into the soil in the fall previous to spring seeding.

Although application of lime results in better yields, the method is expensive when used with the same quantities and in the same manner as in the experiments. Current research is under way to find better, more economical application methods.

The university researchers also found in surveys of Latah, Benewah, Shoshone and Kootenai counties that "sick" alfalfa occurs most often in Santa silt-loam soil. This soil has a poor physical condition and, although not the prime factor in the "sick" alfalfa, this condition contributes strongly toward low yields.

The university studies also eliminated several suspected causes for researchers proved that microorganisms in the soil do not cause alfalfa sickness. And no experimental work done to date has shown a relationship of any micronutrient, including molybdenum, to the "sick" alfalfa problem in northern Idaho.

Other findings made during the course of the research include: Poor root and top development is associated with poor nodulation of the alfalfa roots; the addition of moderate amounts of nitrogen often results in improved plant coloration; and inadequate levels of other fertilizer elements (boron, sulphur, and in some instance phosphorus) exist in northern Idaho. All of these factors may contribute to poor alfalfa growth.

CHRISTMAS GIFTS POSE PROBLEMS

Boise — Christmas eve or morn, depending on individual and family tradition, thousands of boys and some girls found new rifles and fishing gear under their yule trees. This custom generally is approved by the rod and gun fraternity as well as other men and women who simply love the great outdoors — but have no particular bent for either the angling or shooting sports.

Much has been written on the subject of Christmas guns and youngsters. One of the best and most-quoted articles was published several years ago by the National Rifle Association of America. It examines mother's anxiety, Junior's natural desire to shoot or fish, and dad's parental responsibility for making correct decisions. All are involved — and much more.

For example, a popular myth is that just learning to fish or hunt — correctly — gives a person idealistic attitudes toward the wildlife resources and, indeed, toward all of mankind. It does not. A large proportion of anglers and nimrods are princes among men. Others are real stinkers!

Anyway — all the father can do is to teach his son (and in a few cases) daughter the proper handling of firearms and fishing equipment. The rest will be up to the youngster as he or she matures.

"SILENT NIGHT" IS BEST LOVED CAROL

Of all the songs that return to bring warmth to the Yuletide season, no carol is so universally known as "Silent Night." Certainly no other is as loved and sung as this simple German song.

For years its origin was not known except that it supposedly dated back for many centuries. Recent investigations, however, disclosed that it was written in 1818. The poem was originally written by Joseph Mohr, an assistant priest in Obendorf in south Germany. The melody was composed by a schoolmaster, Franz Gruber.

Both the poet and the composer were part of the choir that sang the now famous carol that Christmas Eve in the Obendorf church. The beloved song was first sung to the accompaniment of a guitar, for the church organ was out of order that Eve in 1818.

It has since been sung to the tune of almost every musical instrument in the world — and in the languages of many races.
