# Gary used to fiddle awful so<sub>ur</sub></sub>

How do you persuade a reluctant youngster that music is not "for sissies"? Classroom teachers of the West, Alaska and Hawaii do so with the help of our Standard School Broadcast, which, by dramatizing music from symphony to jazz, adds a colorful dimension to learning. Gary and 2½ million other boys and girls hear this weekly radio program in their classrooms. III Has it inspired in Gary a zest for the violin? Honestly, no. But he now thinks the trombone is "swell," and plays it with vigor. His parents credit this new interest to the

classroom music. Who knows how many children have discovered an exciting new world through this public service program? It has just started its 35th

consecutive year, so we have served quite a few school generations. III Tune in some Thursday. Adults enjoy the program, too.
